

C.A.R.E.

COORDINATED AGENCY RECOVERY EFFORT

C.A.R.E. is a multi-agency public outreach program to disseminate information about recovery efforts and potential storm impacts following the August/September 2009 California wildfires.

February 10, 2010

Issued at 8:30 a.m.

EVACUATIONS LIFTED

Effective immediately, based upon continued evaluation of the weather, the flood control systems, and roadway access, the Incident Commanders have lifted all mandatory evacuations for the foothill communities of La Canada Flintridge, La Crescenta, and Acton.

Residents with valid identification only will be allowed access to these evacuated areas.

All temporary "No Parking" restrictions have also been lifted. However, officials recommend that residents continue to park in their driveways to allow heavy equipment to work in the area.

Residents of La Canada Flintridge and La Crescenta are reminded that truck activity will be constant throughout the communities as County Public Works Department crews continue to clean debris basins.

Residents of the Paradise Valley community and Ocean View Boulevard are also advised to be cautious of heavy equipment that will be working on neighborhood streets.

The complete list of evacuee addresses is available on the Coordinated Agency Recovery Effort (C.A.R.E.) website at www.dpwcare.org. The list is expected to be updated by 11:00 a.m.

Unified Command will continue to evaluate weather conditions. Resident should monitor www.dpwcare.org for further updates.
