RECOMMENDED TRAINING SCHEDULE

Standing Field Treatment Protocols

This schedule is a recommended two-day training program that allows for improved knowledge retention. In addition, such a schedule allows paramedics the opportunity to think through situations and get questions answered. Paramedics are encouraged to have a current version of the SFTPs in hand during the lectures. Length of each class depends on the number of students in a group.

DAY ONE: (2-3 hours)

I. Introduction and Utilization of SFTPs

II. Program Goals and Objectives

III. Questions & Answers

IV. Individual Review of SFTP Policies

V. Introduction to Scenarios

DAY TWO: (2-3 hours)

I. General Review

II. Questions & Answers

III. Scenarios / Discussions
