118. Narrative Report

Dormitory Hit of 518 and Complaints of Dep Katalaris:

When Commissioners walked into the 500 unit, several bags and piles were observed near the bubble surrounding 516, 518 and 519. Several incarcerated people (IPs) from unit 518 came to the door and complained that a dormitory hit had just taken place and several found their property had been taken. The IPs stated a top tier door was open and was the reason Deputy Katalaris initiated a search of the unit.

Commissioners spoke with Dep Katalaris and asked what happened in the dorm hit and he stated that a door was not properly shut and clothes lines were observed blocking bunks. Dep Katalaris then stated they "had the opportunity" to do the search, which yielded Pruno, jail made wine. Bags of liquids were observed near the bubble. He also pointed to homemade shanks that were removed and stated narcotics were also recovered. When Commissioners asked Dep Katalaris whether any hygiene kits would have been removed, he stated they would not be.

The conversation with Dep Katalaris was relayed to the IPs in 518 and the IPs said to look at trash bags placed outside to find their property, including hygiene kits in the trash. Commissioners asked Deputy Escobedo to take them outside and they observed hygiene kits with toothpaste, along with deodorants, lotions and books in the trash bags that were removed from unit 518. Deputy Escobedo indicated those items should not have been taken.

Commissioners found out that Dep Katalaris has been the recent subject of a unit-wide grievance form that was filed on October 10, 2026 detailing threats he's made to IPs to send them to the hole, pulling IPs unfairly from programming, and the retributive manner in which he runs the unit and power over the IPs. The consistent theme Commissioners heard from every IPs spoken to in the unit is Dep Katalaris wields his power and will punish anyone who speaks out or crosses him.

These issues were brought up to WC Upton at the conclusion of the visit and WC Upton assured Commissioners he would review the trash bags and handle the situation immediately.

119. Narrative Continued

Below is a list of items detailed by Commissioners from IPs who complained about their items, but this list is not exhaustive of property taken from the unit:

Pictures from girlfriend & phonebook
Razors, toothbrushes & shoes
Toiletries, deodorant, shampoo, legal paperwork
Dennis Jones
Two Colgate toothpastes
Document file
Hygiene kit, summer sausage, fish
Hygiene kit, towels & socks
Shoes
Hygiene kit, 3 deodorants, Dove soap, Next bar
Hygiene kit, deodorants, Dove soap, toothpaste, shower hoes
Shorts

120. Narrative Continued

Behavior of Deputies:
ACLU Signage:
All signs in unit 519 were observed upside down, which the IPs stated were placed that way by the Deputies. A second ACLU sign was reported to have been torn down by Deputies and the phone number on the sign was removed
Toilet Paper in 518:
Unit 518 complained that after the dorm hit, the unit had no toilet paper. When communicated to Deputy Battle, her response was that the IPs should have toilet paper, but she made no attempt to go into the unit to look and see if toilet paper was in fact available. She stated she would get to it after Commissioners pushed her. IPs stated that Dep Battle followed the lead of Dep Katalaris and was observed to be retributive and ambivalent of IPs concerns.

Medical:
Had requested a diet change from gluten free to Halal and corresponding doctor's appointment and has not been seen by a doctor in 16 months

121. Narrative Continued

515
top floor - 1 of 1 urinal doesn't flush, shower clogged, cold water is a trinkle out the sink, water is foggy and brown, mold in the shower and only paint over and the paint peel.
Only get linen change once a week, so when they men try to wash their linens in the meantime, they hang them to dry but that gets torn down because it is "tenting." Request for more frequent linen changes to avoid this.
Hot pot has no way to determine the amount of water so they have to put their fingers in to see how full and men were complaining about it being unsanitary
Complaints of frequent mail delays
Complaints of the water causing acid reflux
Visible calcium stains under the hot pot
Medical and request forms were not out but the men shared that the deputies are fairly good at providing them when requested
Request for more cleaning solution
The registration for the vending machine takes more time than they are allotted.
Day room toilets were flooded
Complaints of Deputy Katalaris from this dorm as well. 5+ people complained about Dep. Katalaris (Badge #2172) being unprofessional, snatch pillows, taunting and hostile. Some shared that the deputies will not take people out to EBI as punishment.
People are receiving disciplinary time for refusing to move from MCJ to Wayside and the time is following them.

517
4 out of 6 phones have static or are shorted
Ceiling was visibility black on the vent
Urinal overflows downstairs
2 out of 2 of the sinks overflowed
Bunk 7 - 8 has mildew smell
They typically experience 3 week delay on amil
Did not have mail collection the evening before

122. Narrative Continued

915:
Runs cold in unit and IPs don't have grievance forms to fill out

931-A
Cell A2 - Stressed because he was unable to tell his family that he was moved to disciplinary and they have not been able to hear from him in many days.
Showered Saturday, took everyone to shower again Monday but they skipped his cell with no explanation.
Complaint that water tasted like rust
PREA was up in this area
Excessive graffiti in cell A6 and 938-A
Discipline paperwork taped on door not fully filled out for A9
South discipline transferred to North when needed because they do not have discipline on site at that facility

123. Narrative Continued

Property Room in Disciplinary Unit:
- Property room filled with property from when individuals are transferred from housing unit to disciplinary unit. Ips sign pink slip, yellow slip stays with property and white copy stays with LASD.

- Commissioners observed property in stacks on the floor and bags placed in different cubbies, but with property spilling out of bags. Spoke with Deputy in charge of room who stated there are issues with the original unit not transferring property over when a person is "rolled up" from housing to discipline and has seen property gone missing. Some people don't get their property back, but Deputy ensured that because of the property trail, property should get back to IPs. Commissioners observed several dates on property slips dating back to July and August, when presumably individuals serving time for discipline would have been returned to their normal housing unit and property would return back with them.

Sanitary Issues:
-Cell 6C in Module 121 had no hot water and AC was not working. When reported, Officer Flores responded flippantly it must be inmates blocking vents and it's a central air issue, but after Commissioners insist he check on the cell, he noted the lack of hot water. A request for maintenance was requested by Commissioners to both Officer Flores and WC Moran
-Shower in 171A is very rusty and moldy. Did not look safe for showering
-Leak observed in 171B between Cell 6 & 8 from service room. Was fixed earlier in the day, but water observed all over floor

Placement & Detention:
[redacted] is charged with a misdemeanor. Per the computer reviewed by the LASD floor deputy, he last had court on 6/24. It could not be determined what happened or why he wasn't released until IRC determined that his defense counsel had placed a competency hold on him. He is sitting in jail awaiting assessment.
[redacted] has been enrolled ODR for a month, but not been taken for an evaluation and goes back to court on 9/3
[redacted] has been enrolled in ODR since May, but not taken to program since enrollment

121
When we arrived at the 121 module, the three deputies working there were watching a Patrick Swayze movie on AMC on the TV in the deputy station. They got up and left except for Officer Flores, who remained to answer our questions. When we reported the movie watching to the W/C, he was not alarmed. He told us that working in the jail is draining, and everyone is working 16-hour shifts. Sometimes deputies need to decompress.

This area was previously disciplinary housing (pre-2020), but now it's inmate worker housing. It was COVID housing during the pandemic, and LASD reportedly left it open and available during the World Cup in case they needed it for new arrests. Now, it houses low-security inmate workers.

48 single-occupant cells. 35 available (13 out of order). Many doors were open/unlocked, and low-security inmates were walking the halls. One empty cell had what appeared to be blood on the floor. The person across the hall from that room said that the room had been empty for several days.

171C
171A4 The light in the cell did not work, and the cell was very dark. Two people were housed in the cell, but a visual check of the interior was impossible without pressing one's face against the window.
