Two DMH LE Contracts for FY 2021-22 listed in Attachment I have reached their previously Board-approved 25 percent DA. The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration

Los Angeles, CA 90012

Dear Supervisors:

APPROVAL TO AMEND EXISTING LEGAL ENTITY CONTRACTS TO INCREASE THEIR MAXIMUM CONTRACT AMOUNTS TO MAXIMIZE THE USE OF FEDERAL AND STATE MEDI-CAL FUNDS
(ALL SUPERVISORIAL DISTRICT)
(3 VOTES)

SUBJECT

Request approval to amend two existing Department of Mental Health Legal Entity contracts to increase their Maximum Contract Amounts for Fiscal Year 2021-22 to maximize federal and State Medi-Cal funds pursuant to Legal Entity contract, Exhibit A - Financial Provisions; and delegate authority to allow for similar amendments to all Legal Entity contracts that are due to expire June 30, 2024, as necessary.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Approve and authorize the Director of Mental Health (Director), or designee, to prepare, sign, and execute amendments to two existing Department of Mental Health (DMH) Legal Entity (LE) contracts, to increase the Maximum Contract Amounts (MCA) to maximize federal and State Medi-Cal (MC) funds, for Fiscal Year (FY) 2021-22, as listed in Attachment I. The amendment will be effective upon Board approval for FY 2021-22. These LE contracts are still within their three-year term, with an expiration date of June 30, 2024, and have reached previously approved delegated authority (DA) for FY 2021-22. The total aggregate increase for these LE contracts for FY 2021-22 is $596,819, fully funded by federal and State revenues.

DRAFT

2. Delegate authority to the Director, or designee, to prepare, sign, and execute future amendments to all existing LE contracts that expire on June 30, 2024, to allow for final shifts, pursuant to the LE contract, Exhibit A - Financial Provisions, for the sole purpose of maximizing federal and State MC funds after submission of an Annual Cost Report. Per the Contract Financial Provisions, such amendments can be executed during the First and/or Second Automatic Renewal Period and/or after the contract has expired or terminated. These amendments will be subject to prior review and approval as to form by County Counsel, with written notice to the Board and Chief Executive Office.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS

Board approval will allow DMH to execute amendments to LE contracts that have exceeded the 25 percent DA and require funding due to the final shift for services provided and to align costs as reported on the Annual Cost Report. The LE contract, Exhibit A – Financial Provisions allows the final shift to occur after expiration or termination of the LE contract.

Board approval of Recommendation 1 will allow DMH to amend two existing LE contracts to increase their MCAs for FY 2021-22 due to the final shift of funds and cost alignment reported on the Annual Cost Report. This will allow DMH to pay for services the contractors provided during FY 2021-22, which otherwise would be uncompensated.

Board approval of Recommendation 2 will allow DMH to amend LE contracts that expire June 30, 2024, after expiration or termination of the contract, as necessary, for final shift of funds. This will allow DMH to pay for services the contractor(s) has provided within three-year contract term.

Implementation of Strategic Plan Goals

The recommended action is consistent with the County's Strategic Plan North Star 1, Make Investments that Transform Lives, specifically Focus Area Goal A - Healthy Individuals and Families, and County's Strategic Plan North Star 3, Realize Tomorrow's Government Today, specifically Focus Area Goal E – Data-Drive Decision Making.

FISCAL IMPACT/FINANCING

The cost associated with this recommended action was determined upon receipt of the post Annual Cost Report adjustment request submitted by the two LE Contractors. The total aggregate increase for these LE contracts for FY 2021-22 is $596,819, fully funded by federal and state revenues.

DRAFT

DMH has sufficient FY 2023-24 budgeted appropriation for this recommended action.

There is no net County cost impact with the recommended actions.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On June 8, 2021, your Board authorized the Director to execute 131 LE contracts, which included the two contractors listed in Attachment I, for three fiscal years effective July 1, 2021, with two automatic renewal terms, through June 30, 2024. The LE contract, Exhibit A – Financial Provisions allows DMH to shift funds during the First and/or Second Automatic Renewal periods and/or after the contract has expired or terminated to maximize the use of federal or State funds for MC services and to align Financial Summary funded program amounts to actual allowable cost. As such, DMH is seeking your Board's approval to execute amendments to these two LE contracts that have met the requirement for such shift of funds and require additional funding to be compensated for services provided during FY 2021-22. The increase of funding is in excess of the 25 percent DA approved for FY 2021-22, thus necessitating your Board's approval. The increase of funds is for the provision of Department of Children and Family Services Psychiatric Health Facility and Mental Health Services Act Alternative Crisis Services which are fully funded by federal and State revenues. The LE Contractors listed in Attachment I provided a variety of specialty mental health services in Supervisorial Districts 1, 2, and 4.

DMH is also seeking your Board's approval to amend LE contracts after expiration or termination of the three-year contract term, that expires June 30, 2024, as necessary, for final shift of funds for the sole purpose of maximizing federal and State MC funds for services provided, which otherwise would be uncompensated.

In accordance with Board Policy No. 5.120, Authority to Approve Increases to Board-approved contract amounts requirements, DMH notified your Board on December 18, 2023 (Attachment II), of its intent to request DA of more than ten percent.

Under Board Policy No. 5.100 (Sole Source Contracts and Amendments), DMH is required to notify your Board six months in advance of amendments to existing contracts when DMH does not have DA to increase the maximum amount of the current contract. On November 7, 2023, your Board adopted a Board letter exempting DMH LE contracts from Board Policy No. 5.100 as these contracts provide federal entitlement services to beneficiaries.

DRAFT

The amendment format has been approved as to form by County Counsel. Attachment I lists the LE Contractors and includes their headquarter addresses, Supervisorial District(s), Service Area(s), and the MCA.

As mandated by your Board, the performance of all contractors is evaluated by DMH on an annual basis to ensure compliance with all contract terms and performance standards.

IMPACT ON CURRENT SERVICES OR PROJECTS

Board approval of the recommended actions will allow DMH to pay for the services that contractor(s) has provided within the three-year contract term.

SUBJECT: **NOTICE OF INTENT TO REQUEST DELEGATED AUTHORITY FOR A PERCENTAGE INCREASE EXCEEDING TEN PERCENT OF THE MAXIMUM CONTRACT AMOUNT FOR DEPARTMENT OF MENTAL HEALTH LEGAL ENTITY CONTRACTS**

Draft

In accordance with the Los Angeles County Board of Supervisors' (Board) Policy No. 5.120, the Department of Mental Health (DMH) is notifying your Board of our Department's intent to request delegated authority for a percentage increase exceeding ten percent of the Maximum Contract Amount (MCA) for two existing Legal Entity (LE) Contracts: Gateways Hospital and Mental Health Center, and Star View Behavioral Health, Inc. The total aggregate increase for Fiscal Year (FY) 2021-22 is $596,819, fully funded by Federal Financial Participation (FFP) and State General Fund (SGF).

JUSTIFICATION

In January 2024, DMH will present to your Board a letter for approval to amend two existing LE Contracts that have previously reached their Board-approved 25% delegated authority for FY 2021-22; this amendment will increase their MCAs to maximize federal and State Medi-Cal funds. This action is required as a result of the Annual Cost Report process. These contracts are within the contract term and the increase is fully funded by FFP and SGF.

The authority to increase the percentage exceeding ten percent allows DMH to amend the LE Contracts in accordance with the LE Contract, Exhibit A - Financial Provisions, to pay for services the contractors provided within the contract term.

NOTIFICATION TIMELINE

Board Policy No. 5.120 requires departments to provide written notice to your Board, with a copy to the Chief Executive Officer, at least two weeks prior to the Board Meeting at which the request to exceed ten percent of the MCA will be presented. In compliance with this policy, DMH is notifying your Board of our intent to request increases that exceed the 25 percent delegated authority related to the final shift of funds of the MCA through a Board letter to be presented in January 2024.

AUTHORIZES DELEGATED AUTHORITY TO DEPT	☐ Yes ☒ No
SOLE SOURCE CONTRACT	☐ Yes ☒ No If Yes, please explain why: N/A
DEADLINES/ TIME CONSTRAINTS	On November 21, 2023, the Board of Supervisors (Board) delegated authority to the Director of Public Health, or designee, to execute, amend, and terminate agreements with various health care payors to receive reimbursement for eligible Public Health services, including laboratory services. Prompt approval by the Board of the proposed updated fee schedule will enable the Department of Public Health (Public Health) to offset additional costs of providing laboratory services to the residents of Los Angeles County and to streamline billing processes.
COST & FUNDING	Total cost: N/A Funding source: N/A TERMS (if applicable): N/A Explanation: N/A
PURPOSE OF REQUEST	Public Health is requesting approval of a revised Public Health Laboratory (PHL) Fee Schedule. If approved, Public Health will: • Adopt the Board-approved Department of Health Services (DHS) "Generally Applicable Itemized Rates" for laboratory services provided by the PHL, in lieu of Public Health's current fee schedule, which was approved by your Board on November 27, 2012. • Charge a provisional rate that is at or above the prevailing Centers for Medicare & Medicaid Services rate for any laboratory services without established DHS rates, which will remain in effect until an itemized rate for that service has been established by DHS. • Adopt future fee changes based on DHS itemized rates. Approval of the proposed rate schedule will align Public Health rates with DHS rates, enable Public Health to recoup additional costs of providing laboratory services, and support the County's strategic goal of maximizing revenue to help fund County initiatives.
BACKGROUND (include internal/external issues that may exist including any related motions)	The PHL is a federally licensed laboratory responsible for supporting disease control and environmental health activities in compliance with Title 17 of the California Code of Regulations. PHL services are offered at no-charge to individuals. However, under the Los Angeles County Code, the Director of Public Health or designee is "authorized to charge and collect fees for various products and services, laboratory testing, and clinical and non-clinical services as established and in amounts approved by the Board of Supervisors from time to time." In addition, the "Director or designee may charge a provisional rate for the cost of newly developed tests performed by the public health laboratory until such time that the Board approves an applicable rate."

	To offset testing and operational costs, Public Health seeks reimbursement for laboratory services from health care payers, healthcare facilities and clinics, other local health jurisdictions, and other non-County agencies. The fee schedule and provisional rates, which were last approved by your Board on November 27, 2012 and June 27, 2017, respectively, are not aligned with current reimbursement standards, including the current Board-approved DHS fee schedule for laboratory services. The proposed PHL fee schedule and provisional rates will standardize rates within the County, increase Public Health revenue to cover the Department's true testing costs, and streamline billing processes.
EQUITY INDEX OR LENS WAS UTILIZED	☒ Yes ☐ No If Yes, please explain how: County's Guiding Equity Principle to "Develop and implement strategies that identify, prioritize, and effectively support the most disadvantaged geographies and populations." PHL's services are key to preventing and controlling infectious disease and preventing environmental exposures. The proposed fee schedule can increase revenue to offset some of the costs of providing these services to residents across the County, including individuals who lack access to health insurance and medical care and groups that are at disproportionate risk for communicable diseases and environmental exposures. Thus, the proposed change will not negatively affect access to PHL services for partner organizations or the public.
SUPPORTS ONE OF THE NINE BOARD PRIORITIES	☒ Yes ☐ No If Yes, please state which one(s) and explain how: Board Priority #2: Health Integration/Alliance for Health Integration; aligning Public Health rates for laboratory services with the DHS Board-approved fee schedule would streamline and integrate access to high-quality services across Public Health and DHS.

Dear Supervisors:

PUBLIC HEARING ON PROPOSED BILLING RATES FOR THE DEPARTMENT OF PUBLIC HEALTH LABORATORY SERVICES (ALL SUPERVISORIAL DISTRICTS) (3 VOTES)

SUBJECT

Request approval to adopt the Public Health Laboratory fee schedule and provisional rates for laboratory services based on the Department of Health Services rates.

IT IS RECOMMENDED THAT THE BOARD AFTER THE PUBLIC HEARING:

1. Approve the Department of Public Health (Public Health) to adopt the Board-approved Department of Health Services (DHS) itemized rates for laboratory services, as set forth in Attachment I (Generally Applicable Itemized Rates), as the fee schedule for the Public Health Laboratory (PHL) for laboratory services with service dates on or after May 14, 2024, to the extent permitted by the payer.

2. Approve Public Health to use a provisional rate at or above the Medicare rate established by the Centers for Medicare & Medicaid Services (CMS) for any laboratory service provided by PHL that is not included on the DHS Board-approved "Generally Applicable Itemized Rates" schedule at the time of service, effective for laboratory services with service dates on or after May 14, 2024.

3. Delegate Authority to the Director of Public Health, or designee, to adopt future changes to the Public Health Laboratory Fee Schedule to realign rates with the DHS Board-approved "Generally Applicable Itemized Rates," subject to review and approval by County Counsel.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS

PHL is a federally licensed laboratory responsible for supporting disease control and environmental health activities in compliance with Title 17 of the California Code of Regulations. Its testing services support Public Health's efforts to prevent and control infectious disease and environmental exposures through epidemiological investigations, community disease surveillance, clinical diagnosis, environmental testing, and emergency preparedness and response efforts. Per section 2.77.095 to Title 2 – Administration, of the County Code, Public Health is authorized to charge fees for its PHL services in amounts approved by your Board.

The proposed updates to the fee schedule are necessary and reasonable and promote consistency and equity within the County. They also support the County's strategic goal of maximizing revenue to help fund County initiatives by enabling the County to recoup a larger proportion of the costs of critical laboratory services. Future updates will allow PHL to charge rates that address changing costs and conditions.

Approval of Recommendation 1 will allow Public Health to use the Board-approved DHS "Generally Applicable Itemized Rates" schedule (Attachment I) in lieu of the adopted 2012 PHL rate schedule, for laboratory services provided by the PHL, which will support increased cost recovery. This will also improve revenue operations and efficiency since DHS and Public Health will use a single Charge Description Master (CDM) to bill payers in the Online Real-Time Centralized Health Information Database (ORCHID), which is shared by DHS and Public Health. Examples of itemized rates for higher volume laboratory services, as set forth in Attachment I, are included in pages: 99, 108, 148, 159, 198, 199, 330, and 331.

Approval of Recommendation 2 will allow Public Health to replace outdated 2017 provisional rates with updated CMS rates that are aligned with current reimbursement standards, which will enable the County to recoup a higher proportion of costs and ensure sustainability of services. Provisional rates will be applied to all laboratory services that are not included in the Board-approved DHS "Generally Applicable Itemized Rates" at the time of service and remain in effect until the specified services are added to the DHS fee schedule. Since Medicare rates are established using a median of national payment data, they may not adequately cover Public Health's total costs. Thus, provisional rates will be set at or above the CMS rates that are in effect at the time of service, which approximate rates for other services that use equivalent Public Health resources. The most up-to-date CMS Clinical Laboratory Fee Schedule is available at https://www.cms.gov/medicare/payment/fee-schedules/clinical-laboratory-fee-schedule-clfs/files.

Approval of Recommendation 3 will allow Public Health to streamline future updates to the Public Health Laboratory Fee Schedule and replace the current schedule with the latest DHS fee schedule approved by your Board. This will facilitate the ongoing adoption of new and updated Board-approved laboratory services fees, which will support cost recovery, consistent rates across the County, efficiency, and streamlined billing processes.

Implementation of Strategic Plan Goals
The recommended actions support Strategy III.3, Pursue Operational Effectiveness, Fiscal Responsibility, and Accountability.

FISCAL IMPACT/FINANCING

Approval of the recommended actions will support Public Health's current and future efforts to recover costs associated with providing critical laboratory services to public and private clinics, healthcare facilities, and other non-County agencies.

There is no net County cost associated with this action.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Under Section 2.77.095 of the Los Angeles County Code, the Director of Public Health or designee is "authorized to charge and collect fees for various products and services, laboratory testing, and clinical and non-clinical services as established and in amounts approved by the Board of Supervisors from time to time." In addition, the "Director or designee may charge a provisional rate for the cost of newly developed tests performed by the public health laboratory until such time that the Board approves an applicable rate."

On November 27, 2012, your Board approved the addition of section 2.77.095 to Title 2 – Administration, of the County Code, effective January 3, 2013, which authorized the Director of Public Health to charge and collect a variety of public health service fees to allow the recovery of costs for services, including PHL services, that are provided to the public and private entities.

On October 14, 2014, your Board approved the adoption of DHS, "Generally Applicable Itemized Rates."

On June 27, 2017, your Board approved an ordinance that amended section 2.77.095 of the County Code and authorized Public Health to charge the 2017 Medicare rate schedule as a provisional rate for newly developed lab tests not included in the rate schedule initially approved on November 27, 2012.

Attachment I is a copy of the DHS "Generally Applicable Itemized Rates."

Government Code Section 66018 requires a public hearing to be held prior to adopting proposed fees or increasing any existing fees, which will be held before your Board approves these recommendations. Special notice of that public hearing, in compliance with Government Code Section 6062a, has been published by the Executive Office.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The proposed change would impact payments from health care payers, health care facilities, clinics, outside jurisdictions, and other non-County agencies using and being billed for PHL services. While the proposed changes will update the fee schedule for laboratory services, the actual reimbursement rate may vary depending on the terms established in negotiated provider agreements, if any. On November 21, 2023, your Board authorized Public Health to enter into such agreements to increase the sustainability of our services.

Public Health does not bill patients for testing services and the proposed change is not expected to impact residents' access to laboratory services available through the PHL. Furthermore, Public Health will safeguard access as the Public Health Director or designee has the authority under Section 2.77.095 of the County Code to "waive collection of, or reduce, all or part of the fees in the event that the Director or designee determines that the payment of a fee presents a significant financial hardship for the individual or such waiver or reduction is in the interest of protecting the public health."

NOTICE OF PUBLIC HEARING

DEPARTMENT OF HEALTH SERVICES: PROPOSED BILLING RATES

Notice is hereby given that a public hearing will be held by the Board of Supervisors regarding the proposal to: 1) issue new itemized rates for inpatient, outpatient, emergency and ambulatory health care services effective no earlier than November 1, 2014 at Harbor-UCLA Medical Center and health centers and later dates (based on when they are able to accomplish itemized billing) for the other health facilities operated by the County Department of Health Services; and 2) update the all-inclusive rates to be charged by the Department of Health Services for inpatient services provided at the LAC+USC Medical Center, Harbor-UCLA Medical Center, Rancho Los Amigos National Rehabilitation Center and Olive View-UCLA Medical Center. The proposed all-inclusive rates, when approved, will become effective November 1, 2014 and will be utilized at all of the facilities until such time as they are capable of billing all payers on an itemized basis. Said hearing will be held on October 14, 2014 at 9:30 a.m., in the Hearing Room of the Board of Supervisors, Room 381B, Kenneth Hahn Hall of Administration, 500 West Temple Street (corner of Temple Street and Grand Avenue), Los Angeles, California 90012.

The Board of Supervisors will consider and may adopt the proposal. Further, notice is given that the Board of Supervisors may continue this hearing from time to time.

Written comments may be sent to the Executive Office of the Board of Supervisors at the above address. If you do not understand this notice or need more information, please call the County of Los Angeles, Department of Health Services, Fiscal Programs at (213) 240-8109.
