SUBJECT: **FISCAL YEAR 2012-2013 CASH FLOW PROJECTION**

Attached is the latest cash flow projection for the General Fund and Hospital Funds. The estimated June 30, 2013 combined cash balances for the General Fund and Hospital Funds are positive $662 million. This amount remains unchanged from the previous month's estimate.

Short-Term Outlook

Our previous report estimated the May 31, 2013 cash balances at positive $652 million. The actual cash balances were positive $819 million. The difference of $167 million was associated with a wide variety of revenue sources. We will report the County's year-end cash position in next month's report.
