May 18, 2010

ADOPTED
BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

#42 MAY 18, 2010

SACHI A. HAMAI
EXECUTIVE OFFICER

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

FEDERAL HIGHWAY FUNCTIONAL RECLASSIFICATION OF ROADS IN THE ANTELOPE VALLEY AND SANTA CLARITA VALLEY WITHIN UNINCORPORATED COUNTY AREA (SUPERVISORIAL DISTRICT 5) (3 VOTES)

SUBJECT

This action is to adopt the federal highway functional reclassification of road segments in the Antelope Valley and Santa Clarita Valley within the unincorporated area of the County of Los Angeles.

IT IS RECOMMENDED THAT YOUR BOARD:

Adopt the enclosed resolution requesting the change in the functional classification from Minor Collectors and Local Roads to Major Collectors or Minor Arterials for the road segments listed in the enclosed Exhibit A - Functional Classification Change Forms, which are located in the unincorporated Antelope Valley and Santa Clarita Valley areas of the County of Los Angeles.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The Federal-Aid Highway Act of 1973 requires the use of a functional highway classification process to update and modify the Federal-aid Highway System. Functional classification is the process by which roads, streets, and highways are grouped into classes or systems according to the type of service they are intended to provide. In rural areas, minor collectors provide service to smaller communities and link them with their rural neighbors. Major collectors are used for intra-County

travel on larger corridors and link smaller communities to larger towns or to the arterial network of highways. Minor arterials provide for inter-County or interstate travel and linkage to cities. Federal transportation programs permit the use of federal funds on streets and roads provided that they are functionally classified as major collectors, minor arterials, or higher.

Several road segments in the Antelope Valley and Santa Clarita Valley areas of the County of Los Angeles (County) are currently functionally classified as minor collectors; these functional classifications are out of date. Over time, as development of the area has occurred, vehicular traffic on these roadways has increased. These segments consist of the continuation of roadways already classified as major collectors, and/or vehicle connectivity to a major collector. In addition, some roads provide access to vehicular generators such as parks, schools, and airport facilities (Agua Dulce Airport, Edwards Air Force Base, and the proposed Palmdale International Airport). These roads are currently designated as major or secondary highways in the Los Angeles County Highway Plan prepared by the County Department of Regional Planning as part of the County General Plan.

As part of the application for change in the functional classification of these roads, the Federal Highway Administration (FHWA) requires the governing board of a local agency to adopt a resolution requesting this change. The enclosed resolution has been prepared to comply with this requirement. After the resolution is adopted, the resolution and the Functional Classification Change Form will be submitted to the State of California Department of Transportation who will review and submit to FHWA for approval.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provisions of Operational Effectiveness (Goal 1) and Community and Municipal Services (Goal 3) by providing funding for future road improvements. The changes in the functional classification shown on Exhibit A road segments will allow these roads to become eligible for funding under various federal transportation grant programs.

FISCAL IMPACT/FINANCING

The change in the functional classification of these roads will have no impact on the County General Fund.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

As required by the State of California Department of Transportation, the Los Angeles County Metropolitan Transportation Authority concurred with the requested change in the functional classification on April 6, 2010.

The enclosed resolution has been reviewed and approved as to form by County Counsel.

ENVIRONMENTAL DOCUMENTATION

The adoption of the enclosed resolution and the requested change in the functional reclassification of these County roads do not constitute a project pursuant to the California Environmental Quality

Act as provided in Section 21065 of the Public Resources Code and Section 307 of the County's Environmental Document Reporting Procedures and Guidelines.

An environmental review will be conducted for any future improvement projects proposed on these roads, and the appropriate environmental finding will be submitted to the Board for adoption.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The change in the functional classification will enable access to grants from various federal transportation programs for future improvement projects on these roads.

CONCLUSION

Please return two adopted copies of this letter and two copies of the resolution to the Department of Public Works, Design Division.

Respectfully submitted,

GAIL FARBER
Director

Executive Office

RESOLUTION OF THE BOARD OF SUPERVISORS OF THE COUNTY OF LOS ANGELES, CALIFORNIA, REQUESTING THE CHANGE IN FUNCTIONAL CLASSIFICATION OF SEVERAL ROADS IN THE ANTELOPE VALLEY AND SANTA CLARITA VALLEY AS MAJOR COLLECTORS OR MINOR ARTERIALS

WHEREAS, the roads listed in the Functional Classification Change Forms (enclosed) are classified as minor collectors or local roads within the unincorporated areas of the County of Los Angeles; and

WHEREAS, the County of Los Angeles has determined that these roads meet the Federal Highway Administration Guidelines for functional classification as Major Collectors and/or Minor Arterials; and

WHEREAS, the Los Angeles County Metropolitan Transportation Agency, has concurred with the change in the functional classification of these roads to Major Collectors or Minor Arterials; and

WHEREAS, the Federal Highway Administration, which administers Federal transportation funds, through the State of California Department of Transportation, requires that a resolution be approved by the governing body of a local agency that requests the change in the functional classification;

NOW, THEREFORE, BE IT RESOLVED AND ORDERED, that the Board of Supervisors of the County of Los Angeles hereby request the change in the functional classification from Minor Collectors and Local roads to Major Collectors or Minor Arterials of the roads listed in the enclosed Functional Classification Change Forms.

The foregoing Resolution was adopted on the 18 day of May, 2010 by the Board of Supervisors of the County of Los Angeles and the ex-officio of the governing body of all special assessment and taxing districts, agencies, and authorities for which said Board so acts.
