As authorized by the Los Angeles County Fire Code and approved by your Board on January 18, 2011, public hearings were conducted by the Assistant Chief, Brush Clearance Section, County of Los Angeles Fire Department and the Deputy Director, Weed Hazard and Pest Management Bureau, Department of Agricultural Commissioner/Weights and Measures (ACWM) acting as Referees, to receive protests against the Board's year 2011 order to abate noxious or dangerous weeds, hazardous brush, dry grass, combustible growth or flammable vegetation, to include native and ornamental vegetation, on both improved and unimproved parcels in Los Angeles County. As stated in the legal notice sent to each owner of record, hearings were held at 9:30 A.M., in the offices of the ACWM, at 12300 Lower Azusa Road, Arcadia, California, on February 23, 2011; and at 335 A East Avenue K-10, Lancaster, California, on February 24, 2011.

Forty-nine property owners attended the public hearings. During the hearings the property owners received individual consultation from Fire Department and Weed Abatement Division personnel. Appropriate action was taken as necessary to address their inquiries. We are not aware of any individual that wishes to present objections to your Board at this time.

AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT YOUR BOARD:

1. Accept this hearing report.

2. Order the County of Los Angeles Fire Department and ACWM to enforce the removal of hazardous brush, dry grass, weeds, combustible growth or flammable vegetation, to include native and ornamental vegetation, on improved and unimproved parcels in Los Angeles County.

This Notice Dated: February 1, 2011

Kurt E. Floren, Agricultural Commissioner

THE DEPARTMENT

We are the Los Angeles County, Department of Agricultural Commissioner/Weights and Measures. One of our missions is to help protect the lives and property of Los Angeles County residents through a Hazard Abatement Program (Program) conducted pursuant to the California Health and Safety Code sections 13879 and 14875-14922*

ABOUT THIS NOTICE

You received this notice because you were identified as the owner of the parcel referenced by the AIN number on the front of this document. Your name and address were obtained as they appeared on the last equalized tax assessment roll.

Your parcel (property) was included in the Program for one of the following reasons:

- ✓ Weeds, brush, neglected vegetation or accumulated trash are, or could grow to be, close enough to a house, or other structure, to pose a fire hazard to the house.
- ✓ (Antelope Valley only) Large amounts of tumbleweeds are, or may be, on the property which can blow off and spread, cause traffic accidents on the highway, damage agricultural crops or build up along fences, homes, etc.**

WHAT ARE YOUR RESPONSIBILITIES

For your property

You are expected to maintain your property hazard free throughout the year. Depending on the area, dry weeds, brush or neglected vegetation within **100 feet up to 200 feet** from a home or other structure, or 10 feet of a road, are considered a hazard. If you aren't sure how much you are expected to clear, please contact us. If your vacant parcel is in the Antelope Valley and is not within 100 feet of a home or other structure, it has been included in the Program because of the potential for tumbleweeds.**

The Hearings

The front of this notice has dates, locations and times for public hearings. They are provided to give property owners the chance to discuss the Program and bring up any concerns directly with Program staff.

YOU DO NOT HAVE TO GO TO THE PUBLIC HEARING(S) however the **Weed Abatement Referee Hearings** may be good opportunities for you to:

- Find out exactly where your vacant property is located
- Learn why your property was included in the Program
- Provide us with information to help us determine if your property should be removed from the Program.

Change of Ownership

If you are no longer the owner of the property identified in this notice, please notify the L.A. County Assessor's Office, Ownership Services, at 1(888) 807-2111 (Toll Free), (213) 974-3211, or their website http://assessor.lacounty.gov immediately. If you sell or have sold the property, failure to disclose this legal notice to the new owner may make you liable for all hazard abatement charges assessed to the property.

Native Trees

In many areas of the County, certain native trees like oaks, walnuts and sycamores may be protected by County or City ordinances. Please contact our office prior to cutting or pruning any of these.

HAZARD ABATEMENT (CLEARANCE) TIMELINE

After **April 1, 2011**, the County will begin systematically inspecting parcels and if hazardous weeds, brush or trash are present, the County will abate the hazard(s).** The cost of the abatement will be assessed to the parcel appearing as a separate item (LA CO HAZ ABATE) on the annual tax bill.

IMPORTANT! Don't clear your property too early. Your property may not need to be cleared at the time of receiving this notice. April 1 is the earliest the County will begin clearance operations in some areas. It could be much later in your area. The process of County inspections and abatement can take up to several months, so if you are planning to maintain your own property and let us know by using the enclosed Response Card or online at http://acwm.lacounty.gov no later than **March 15, 2011**, you will be sent a clearance deadline specific to your area. For more information visit our website or call our office.

Regrowth of vegetation due to late rainfall may result in more than one clearance during the year.

INSPECTION FEE

The Board of Supervisors has authorized an Inspection Fee of $45.43 which will be assessed on all affected properties whether or not they are cleared by the property owners.

HOW TO CONTACT US

You may communicate with us using the enclosed Response Card, online at http://acwm.lacounty.gov or by telephone at (626) 575-5484.

* In the following cities, the Hazard Abatement Program is conducted pursuant to the California Government Code, sections 39560-39588: Arcadia, Burbank, Glendale, La Verne, Montebello, Monterey Park, Palos Verdes Estates, San Gabriel, Santa Fe Springs, and South Pasadena.

SPECIAL INFORMATION REGARDING TUMBLEWEEDS: Because of environmental factors, systematic inspections and abatement of current season's growth of tumbleweeds on parcels in the Antelope Valley will not begin until **October 1, 2011.

Telecommunication for the hearing impaired is available at: (626) 575-5520.
Para información en español, llame al (626) 575-5462.

Dear improved Property Owner:

This is not a citation or summons. This is the first notice of inspection and a reminder that the County of Los Angeles Fire Department will be conducting annual brush clearance inspections within the next few months, or fuel modification inspections throughout the year.

The County Fire Code states that parcel owners are responsible throughout the year for the maintenance of all brush, flammable vegetation (native and/or ornamental), other combustible materials situated on their property, and for compliance with any applicable fuel modification plan.

General clearing requirements are listed on the reverse side of this notice. Please review these clearing requirements and take appropriate action prior to the annual inspection date for your area. Abatement of potential or existing hazards prior to the inspection saves the Fire Department and yourself valuable money and time and insures a safer community.

Brush Clearance inspections are scheduled to begin April 1 in the Antelope Valley, June 1 in the Coastal Area, and May 1 in all other areas. If hazardous fire conditions exist on your property at the time of inspection, you will be issued an Official Inspection Report which will indicate existing violations and provide specific clearing instructions and a compliance deadline.

Failure to comply with the Official Inspection Report issued at the time of the inspection will result in the imposition of a $500 administrative fine. An additional $648 direct assessment will be added to your annual tax bill as item CO FIRE ABMT ENF to recover the County of Los Angeles Fire Department costs related to the enforcement of the Fire Code. Additionally, if your parcel is inspected or cleared by the Agricultural Commissioner, an inspection fee of $45.43 and the clearing costs will be placed on your annual tax bill as item LA CO HAZ ABATE.

In most cases, it is more cost effective to do the work yourself or to hire a vendor to do the work. A vendor list is available at your local jurisdictional fire station.

For additional information regarding specific clearing requirements, contact your local jurisdictional fire station or the Brush Clearance Unit at (626) 969-2375.

In addition, the Board of Supervisors authorized and directed the County of Los Angeles Fire Department and the Agricultural Commissioner to recover their costs related to the enforcement of the fire code. All property owners having objection to the removal of brush, dry grass, weeds, combustible growth or flammable vegetation including natives and ornamentals are hereby notified that they may attend a brush clearance referee hearing (1) in the Antelope Valley at the LOS ANGELES COUNTY ADMINISTRATIVE BLDG., 335 A EAST. ANNUAL BRUSH CLEARANCE NOTICE 2011

BRUSH CLEARANCE REQUIREMENTS

Thousands of homes are in serious danger of destruction by fire because of their proximity to brush-covered areas. Homes with wood shake roofs, wood siding, decks, patio covers or exposed eaves are particularly vulnerable to the spread of fire. Despite efforts by firefighters, wildland fires fanned by strong winds, can destroy homes. It is your legal responsibility to take the necessary action to clear vegetation around any given structures. A fire safe landscape creates a defensible space to help protect against approaching wildfires.

1. All flammable vegetation identified as a fire hazard by the inspection officer shall be mowed or cut to a stubble height of 3 inches, for 30 feet around any structure or 50 feet in high hazard areas (County of Los Angeles Fire Code 325.2.1(2), 325.2.2).

2. Thin remaining vegetation for the next 70 feet, for a total of 100 feet, around any structure by clearing, trimming, thinning, limbing up and removing flammable vegetation. For high hazard areas, this distance can be increased to a maximum of 200 feet (County of Los Angeles Fire Code 325.2.1(2), 325.2.2).

3. Specimen native trees, and shrubs are permissible, provided that they do not form a means of transmitting fire to any structure (County of Los Angeles Fire Code 325.2.1(2)). It is recommended that specimens shall be spaced a minimum of 15 feet or 3 times their diameter from other specimens, structures or surrounding native brush.

4. Access roads shall be maintained with a minimum of 10 feet of brush clearance on each side. Fire access roads shall have an unobstructed vertical clearance to the sky. Trees overhanging fire access roads shall be maintained to provide adequate vertical clearance (County of Los Angeles Fire Code 325.10, 503.1.1 through 503.6).

5. Provide a minimum of 3 feet of brush clearance around all fire hydrants (County of Los Angeles Fire Code 508.5.5).

6. It is required that all trees and shrubs shall be maintained free of dead wood and litter. Shrubs may be required to be trimmed up from the ground 1/3 of their height. Trees shall be trimmed up a minimum of 6 feet or 1/3 their height up to 40 feet, depending on surface fuels.

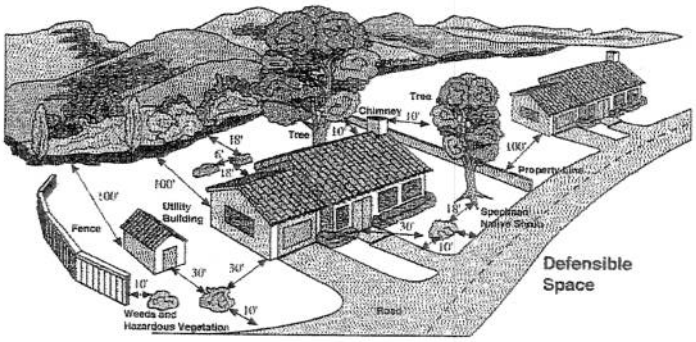
7. Trees are best trimmed during dormancy or during the winter months. Care should be taken when trimming trees during the spring as this is the nesting season for many species of birds.

All plants will burn under extreme fire weather conditions. Fire resistant plants burn at a relatively low intensity, at slow rates of spread and with short flame lengths. To best protect your home from fire, it is recommended that fire resistant plants be used when landscaping. A list of these plants can be obtained through the County of Los Angeles Fire Department, Brush Clearance Unit, telephone number (626) 969-2375.

BRUSH CLEARANCE MAINTENANCE IS A YEAR-ROUND RESPONSIBILITY

MINIMUM DISTANCES REQUIRED

EXTRA HAZARDOUS AREAS MAY REQUIRE 200 FEET OF CLEARANCE



NOTE: Small lots may make these clearance distances impossible. You are only responsible to clear up to your property lines. Clearance of property adjacent to your lot is the responsibility of the adjacent property owner.

IF YOU ARE UNCLEAR AS TO THE CLEARANCE REQUESTED, PLEASE CONTACT YOUR LOCAL FIRE STATION
