The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration

Los Angeles, California 90012

Dear Supervisors:

PUBLIC HEARING
ANNUAL SOLID WASTE GENERATION SERVICE CHARGE REPORT
FISCAL YEAR 2014-15
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES AT HEARING)

SUBJECT

This action is to approve the Annual Solid Waste Generation Service Charge Report to provide for the continued collection of the existing Solid Waste Generation Service Charge at the current rate on the tax roll for Fiscal Year 2014-15.

IT IS RECOMMENDED THAT THE BOARD AFTER THE PUBLIC HEARING:

1. Find that the adoption of the Annual Solid Waste Generation Service Charge Report, Fiscal Year 2014-15, to provide for the continued collection of the Solid Waste Generation Service Charge on the tax roll is for the purpose of meeting operating expenses and, therefore, is exempt from the California Environmental Quality Act.

2. Approve the report if there is no majority protest to the report. In the event of a majority protest, return the protested matter to the Department of Public Works.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Adoption of the enclosed Annual Solid Waste Generation Service Charge Report (Enclosure 1) provides that the existing Solid Waste Generation Service Charge (Service Charge) will continue to

be collected in unincorporated areas of the County of Los Angeles on the tax roll in Fiscal Year 2014-15. Revenues generated are used to fund the preparation, adoption, and administration of the Los Angeles County Household Hazardous Waste Element, and the preparation, adoption, and implementation of Los Angeles County's Source Reduction and Recycling Element of the Countywide Integrated Waste Management Plan. These services, provided by the County, are required by Section 40000 et seq. of the California Public Resources Code. This Section also provides for penalties up to $10,000 per day for failure to comply. Therefore, it is essential for the County to continue to provide these services as required by State law. The collection of the Service Charge on the tax roll remains the most cost-effective mechanism in the billing and accounting of these charges.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provisions of Operational Effectiveness (Goal 1) and Fiscal Sustainability (Goal 2) by providing County residents with responsive, high-quality waste reduction and recycling programs and the funding necessary to administer the programs.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund. Adoption of the enclosed report will provide for the continued collection of the existing Service Charge on the tax roll in Fiscal Year 2014-15.

Revenues received from the Service Charge are deposited in the Solid Waste Management Fund. The projected revenue of $1,270,000 is included in the recommended Fiscal Year 2014-15 Solid Waste Management Fund Budget.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

In September 1991, the Board adopted an ordinance establishing the Service Charge as authorized by California Public Resources Code Sections 41901 and 41902.

Currently, each parcel of real property within the County unincorporated areas is assessed an annual service charge based on the number of Solid Waste Generation units assigned to that parcel. The number of units is a function of the current land use of the parcel and varies from zero for a vacant parcel to 50 for auditoriums and amusement facilities. The annual Service Charge per Solid Waste Generation unit is currently $3.51 and will remain unchanged for Fiscal Year 2014-15. Based on this formula, the annual Service Charge for a single-family residence is $3.51. Revenues generated are used to implement required programs to achieve State waste reduction mandates.

Pursuant to Section 5473 of the California Health and Safety Code, the enclosed Annual Solid Waste Generation Service Charge Report, Fiscal Year 2014-15, has been prepared and filed with the Executive Officer of the Board of Supervisors. Section 5473 also provides that any adopted ordinance authorizing the collection of service charges on the tax roll shall remain in effect until repealed or until changes have been made in the rates. The report contains a description of each parcel receiving such services and the amount of the charge for each parcel for the year, computed in conformity with the charges prescribed by ordinance.

Section 5473.1 of the California Health and Safety Code requires that notice of the filing of this report and of a time and place of hearing thereon (Enclosure 2) be published once a week for two

successive weeks in a newspaper of general circulation pursuant to Section 6066 of the Government Code.

The Board will hear and consider all protests to the report. If the Board finds that protests to the report are made by the owners of a majority of parcels described in the report, the report shall not be adopted; and the matter shall be returned to the Department of Public Works.

ENVIRONMENTAL DOCUMENTATION

Adoption of the enclosed report to provide for the collection of the annual Service Charge on the tax roll is for the purpose of meeting operating expenses and, therefore, is exempt from the California Environmental Quality Act pursuant to Section 21080(b)8 of the Public Resources Code.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The collection of the Service Charge on the tax roll will provide funds necessary for the County to comply with the State waste reduction mandates and avoid imposition of penalties by the State.

CONCLUSION

Please return two adopted copies of this letter and two reports to the Department of Public Works, Environmental Programs Division. In addition, please file a copy of the report with the Auditor-Controller on or before August 8, 2014.

Respectfully submitted,

Gail Farber

Enclosure 1

COUNTY OF LOS ANGELES
DEPARTMENT OF PUBLIC WORKS
ANNUAL SOLID WASTE GENERATION SERVICE CHARGE REPORT
FISCAL YEAR 2014-15

INTRODUCTION

The California Health and Safety Code, Section 5470, et seq., requires that if existing Solid Waste Generation Service Charges (Service Charge) are to be continued and collected on the tax roll, a report shall be prepared each year and filed with the Executive Officer of the Board of Supervisors.

The Executive Officer shall file a copy of the report with the Auditor-Controller on or before August 10 of each year, with a statement that the report has been adopted by the Board of Supervisors, and the Auditor-Controller shall enter the amounts of the charges against the respective parcels of land as they appear on the current assessment roll. This report has been prepared to fulfill these requirements.

In 1989 the State of California passed the California Integrated Waste Management Act (AB 939). AB 939, as amended, mandates all cities and counties in the State to prepare a series of documents detailing programs each would implement to reduce the amount of material sent to landfills, and then to divert 50 percent of its waste from the landfills. AB 939 also allows the State to assess penalties up to $10,000 per day on jurisdictions that do not comply with AB 939's mandates.

SOLID WASTE GENERATION SERVICE CHARGE

In 1991 as a result of the enactment of AB 939, the Board of Supervisors adopted Los Angeles County Ordinance No. 91-0119 implementing the Service Charge. This Service Charge funds the preparation, adoption, and administration of the Los Angeles County Household Hazardous Waste Element, and the preparation, adoption, and implementation of Los Angeles County's Source Reduction and Recycling Element of the Countywide Integrated Waste Management Plan, including State reporting and implementation of Los Angeles County Source Reduction and Recycling Element programs such as residential recycling, business recycling, and public education outreach.

The Service Charge Ordinance is codified in the Los Angeles County Code, Title 20, Division 4, Chapter 20.89 (Exhibit A). The annual charge levied on each parcel of real property in the unincorporated County area is computed by multiplying the amount of the Service Charge (currently $3.51) by the number of Solid Waste Generation units for the current land use as shown in Table A, Section 20.89.070, of the County Code.

The current annual charge of $3.51 per Solid Waste Generation unit will remain the same for Fiscal Year 2014-15.

IDENTIFICATION OF PARCELS TO BE CHARGED

All improved parcels of real property in the unincorporated areas of the County of Los Angeles are subject to this Service Charge. The Fiscal Year 2014-15 Tax Rate Areas for the affected parcels are listed in Exhibit B.

20.89.010 Purpose of provisions. The purpose of this chapter is to establish and collect the Service Charge authorized by Sections 41901 and 41902 of the Public Resources Code in order to fund the reasonable and necessary costs incurred by the County of Los Angeles in the preparation, adoption, and administration of the Los Angeles County Household Hazardous Waste Element, and the preparation, adoption, and implementation of the Los Angeles County Source Reduction and Recycling Element of the Countywide Integrated Waste Management Plan prepared pursuant to Public Resources Code, Section 40000 et seq. The Service Charge will be levied upon each parcel of real property in the unincorporated area of the County of Los Angeles and will be collected directly by the County on the tax roll. The Service Charge will not be imposed upon or collected by any solid waste haulers providing solid waste collection for the County of Los Angeles. (Ord. 91-0119 Section 1 (part), 1991.)

NOTICE OF HEARING
ANNUAL SOLID WASTE GENERATION SERVICE CHARGE REPORT
FISCAL YEAR 2014-15

Notice is hereby given that a report prepared by the Director of Public Works has been filed with the Executive Officer of the County of Los Angeles concerning the annual Solid Waste Generation Service Charge. The report contains a description of the amount of the existing Service Charge for each parcel, which will continue to be collected in the same amount in Fiscal Year 2014-15. The Service Charge is collected on the tax roll.

Currently, each parcel of real property within the County unincorporated areas is assessed an annual service charge based on the number of Solid Waste Generation units assigned to that parcel. The number of units is a function of the current land use of the parcel and varies from zero for a vacant parcel to 50 for auditoriums and amusement facilities. The annual Service Charge per Solid Waste Generation unit is currently $3.51 and will remain unchanged for Fiscal Year 2014-15. Based on this formula, the annual Service Charge for a single-family residence is $3.51. Revenues generated are used to implement required programs to achieve State waste reduction mandates.
