Dear Mr. Jones,

My name is Brenda Light, from Color Design Concepts. I am the designer working with Equity Residential on the exterior color selection for the repaint at Oakwood Marina Del Rey.

I am submitting three new color schemes for Oakwood Marina Del Rey, to the DCB for color approval. We will be repainting all buildings on the property. They are as follows. Resident Buildings A-H, K-N, P, R, and S. Retail Buildings, Parking Garage, Pro Shop, Cleaners, Fence, and Gates.

In the end, Equity will only use one of the color schemes, for the entire complex. However, we would like to know which of these schemes would be acceptable to the DCB. Once you give us the green light, we will put the color samples up on the buildings (Mock-up) for your final approval. Hopefully, I am providing you with acceptable schemes with accent colors that complement the site, and are consistent with Marina-wide colors.

I have included original colors and an overall site plan of Oakwood Marina Del Rey.

In the package submitted to you, are 1 Original set, and 13 Copies as required....

Please let me know the next steps to this color approval process.

Best Regards,

Brenda Light
