Eye Care America- EyeCare America is a public service program of the Foundation of the American Academy of Ophthalmology. Our mission is to preserve sight by raising awareness about eye disease and providing access to medical eye care. By age 65, one in three Americans has some form of vision-limiting eye disease. To help address this growing need, EyeCare America provides eye care to US citizens and legal residents through volunteer ophthalmologists (Eye M.D.s) at no cost to those who qualify.
