REQUEST TO APPOINT IRENE RECENDEZ TO THE POSITION OF CHIEF NURSING OFFICER III AT LAC+USC HEALTH CARE NETWORK

Consistent with the Board's August 4, 1998 and December 5, 2000 actions on management appointments, the Department of Health Services (DHS) requests authority to appoint Irene Recendez to the position of Chief Nursing Officer III (CNO III) at LAC+USC Health Care Network (LAC+USC) at a salary of $11,333.33 per month or $136,000 annually. This requested salary increase is approximately 28 percent and places Ms. Recendez in the second quartile of the salary range (R-16). Sufficient funding is available within the Department's 2003-04 Adopted Budget.

The Department indicates that Ms. Recendez has served in this capacity since April 2003, where she has directed 24-hour nursing services at LAC+USC, the Department's largest Medical Center and Network, including subsidiary comprehensive Health Centers and affiliated clinics, with direct or ancillary responsibility for over 2,500 full-time equivalent subordinate positions and 745 budgeted beds. Her duties include the review of day to day nursing activities and reports of nursing support activities; coordination, justification and monitoring of budget and manpower requests for all LAC+USC nursing services; establishing and monitoring performance of overall goals, objectives, policies and standards for nursing services; administering general personnel management matters and actions, including appointment of designated unit heads or other senior nursing positions; directing the provision of appropriate continuing education for all categories of staff; and recommending appropriate action to meet existing needs and resolve specific problems.
Further, Ms. Recendez participates as a member of the LAC+USC executive management team and participates in strategic planning for the entire organization, with specific responsibility for strategic planning for the Department of Nursing. She is responsible for ensuring adherence to licensure and regulatory standards; actively participates in local and national organizations to represent the facility; confers regularly with appropriate health professionals to review current operations; directs the establishment of long- and short-term goals, objectives and priorities, and interprets and communicates organizational policies, procedures and priorities internally and to various agencies in the community.

Ms. Recendez has over 20 years of experience in diverse management and nursing management settings, including the LAC+USC Medical Center and Comprehensive Health Centers, as well as private non-profit clinics. She has experience in the implementation of Medi-Cal itemized billing for comprehensive perinatal services and drug and alcohol programs. She holds a Master of Business Administration degree, Health Care Management (MBA/HCM), a Bachelor of Science degree in Nursing, and she is a Licensed Registered Nurse Practitioner. The Department believes the requested salary is commensurate with the scope of responsibilities of the CNO III position at LAC+USC, the comparable size of the LAC+USC Network compared to other hospital clusters, and Ms. Recendez’s qualifications, experience and special knowledge, skills and expertise.

Based on the above, we concur with the Department’s request to appoint Ms. Recendez to the position of Chief Nursing Officer III, at an annual salary of $136,000.

In accordance with the policy on managerial appointments, unless we hear otherwise from your offices by March 26, 2004, we will notify Mr. Leaf that he is authorized to proceed with the appointment, effective March 29, 2004.

Please let me know if you have any questions about this appointment, or your staff may contact Sheila Shima of this office at (213) 974-1160.
