The Honorable Board of Supervisors  
County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
500 West Temple Street  
Los Angeles, CA 90012

Dear Supervisors:

**ACCEPT THE BUS STOP ENHANCEMENT PROGRAM GRANT FROM FOOTHILL  
TRANSIT FOR SOLAR LIGHT POLE INSTALLATION AT BUS STOPS  
SUPERVISORIAL DISTRICT 1  
3 VOTES**

**IT IS RECOMMENDED THAT YOUR BOARD:**

1. Find that the Foothill Transit Solar Light Poles project to install solar-powered lights and transit information kiosks at 28 existing bus stops in various unincorporated County areas is exempt from the California Environmental Quality Act.
2. Accept the Bus Stop Enhancement Program Grant, Phase IV, from Foothill Transit in the amount of \$35,000 for the installation of 28 stand-alone, solar light poles at various nonilluminated Foothill Transit bus stops.
3. Authorize the Director of Public Works, or his designee, to conduct business with Foothill Transit on any and all matters related to this grant including negotiating and executing a grant agreement substantially similar to the contract presented in Attachment A and any amendments for and on behalf of the County of Los Angeles as well as signing the requests for disbursement.

### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

The County's Grant Policy requires that your Board accept and approve this grant. We are requesting your Board to authorize the Director of Public Works, or his designee, to take any necessary actions in furtherance of the Bus Stop Enhancement Program grant including negotiating and executing the grant agreement substantially similar to the enclosed contract and any amendments for and on behalf of the County of Los Angeles as well as signing the requests for disbursement.

On November 30, 2003, under authority delegated in the Board-approved grant policy, we submitted grant applications to Foothill Transit for the Bus Stop Enhancement Program Grant, Phase IV, to enhance bus stop security and safety by installing stand-alone, solar light poles at nonilluminated bus stops within specific unincorporated areas of the County. On January 21, 2004, Foothill Transit notified the County of Los Angeles Department of Public Works that it was awarded \$35,000, the maximum application amount available under the Foothill Transit Bus Stop Enhancement Program. Acceptance of this grant will provide revenue to implement this project in the unincorporated areas of the First Supervisorial District.

We have determined that the use of solar power technology to illuminate bus stops will be more cost-effective than direct electrical power since it will eliminate the need for trenching, connection fees to existing power lines, and the regular monthly utility fees. It will also lessen our dependability on electrical energy resources.

### **Implementation of Strategic Plan Goals**

This action is consistent with the County's Strategic Plan Goals of Fiscal Responsibility and Children and Families Well-Being. Utilizing grant funding to maximize improvements to public infrastructure will strengthen the County's fiscal capacity. Children and Families Well-Being will be improved by enhancing the safety and security of pedestrian community at bus stops.

**FISCAL IMPACT/FINANCING**

The total project cost is estimated to be \$66,920. We will receive a fixed \$35,000 reimbursement through the Bus Stop Enhancement Program grant from Foothill Transit regardless of total project cost. The total project cost of \$66,920 is included in the Fiscal Year 2003-04 Proposition A Local Return Transit Enterprise Fund, which will be financed by the First Supervisorial District's share of this fund. This action will have no impact on the County General Fund.

**FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

Accepting the grant and delegating authority to the Director of Public Works, or his designee, to conduct business with Foothill Transit on issues pursuant to this grant will expedite the project delivery process. Your action will permit the Bus Stop Enhancement Program grant agreement to be executed by the Director, or his designee.

The Bus Stop Enhancement Program agreement between the County and Foothill Transit will authorize the County to accept the Bus Stop Enhancement Program grant amount of \$35,000 from Foothill Transit for the installation of 28 stand-alone, solar light poles at Foothill Transit stops in the First Supervisorial District. This agreement has been approved as to form by County Counsel.

**ENVIRONMENTAL DOCUMENTATION**

The California Environmental Quality Act requires public agency decision makers to document and consider the environmental implications of their action. The project qualifies for a categorical exemption pursuant to Section 15301(c) of the California Environmental Quality Act.

**IMPACT ON CURRENT SERVICES (OR PROJECTS)**

There will be no negative impact on current services.
