Dear Supervisors:

STREET LIGHTING DISTRICTS
ANNEXATIONS AND LEVYING OF ASSESSMENTS FOR
COUNTY LIGHTING MAINTENANCE DISTRICT 1687 AND
COUNTY LIGHTING DISTRICT LLA-1, UNINCORPORATED ZONE,
AND EXCHANGE OF PROPERTY TAX REVENUES FOR
APPROVED TENTATIVE SUBDIVISION TERRITORIES
SUPERVISORIAL DISTRICTS 2, 4, AND 5
3 VOTES

IT IS RECOMMENDED THAT YOUR BOARD:

1. Adopt the enclosed Resolution of Intention to Annex Approved Tentative Subdivision Territories to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, and Order the Levying of Assessments within Annexed Subdivision Territories, whose areas and locations are identified on the enclosed maps and listed in the enclosed Appendix A, for Fiscal Year 2005-06.

2. Set a date for a public hearing regarding the proposed annexation of approved tentative subdivision territories and levying of annual assessments based on the Fiscal Year 2004-05 Annual Engineer's Report, which establishes assessments based on land-use type for all

zones within County Lighting District LLA-1 for street lighting purposes, with a base annual assessment rate of $5 for a single-family home for the Unincorporated Zone.

3. Instruct the Executive Officer of the Board to cause notice of the public hearing by mail at least 45 days prior to the scheduled hearing date of _____. The mailed notice will include assessment ballots.

AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT YOUR BOARD:

1. Order the tabulation of assessment ballots submitted, and not withdrawn, in support of or in opposition to the proposed assessments.

2. Determine whether a majority protest against the proposed annexation or assessment exists.

3. Adopt the enclosed Resolution Ordering Annexation of Approved Tentative Subdivision Territories to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, and Levying of Assessments within the Annexed Subdivision Territories for Fiscal Year 2005-06, either as proposed or as modified by your Board; and the enclosed Joint Resolution(s) Approving and Accepting the Exchange of Property Tax Revenues resulting from annexation of territories to County Lighting Maintenance District 1687, except the annexations and the exchange of property tax revenues shall not be effective until the final subdivision maps are filed with the Registrar-Recorder/County Clerk, and the legal descriptions for the annexation areas are approved as to definiteness and certainty by the County Assessor. If there is no majority protest against the proposed annexation or assessment, the adoption of the Resolution shall constitute the levying of assessments in Fiscal Year 2005-06.

4. Find that the annexations and assessments are to meet operating expenses; purchase supplies, equipment, or materials; meet financial reserve needs and requirements; and obtain funds for capital projects, including the operation and maintenance of street lights necessary to maintain service within the proposed annexation areas.

5. Instruct the Executive Officer of the Board to file copies of the enclosed Resolutions with the County Assessor, Ownership Services Section; and Auditor-Controller, Tax Section.

6. Make a finding terminating the annexation, levy of assessments, and property tax transfer proceedings in those approved tentative subdivision territories where the proposed annexation and levying of assessments have been rejected as a result of a majority protest.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

These recommended actions are for your Board to annex the approved tentative subdivision territories into County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone; levy assessments on each lot or parcel lying within the proposed annexation territories based on land-use categories that designate usage units on the basis of benefits received; and approve the exchange of property tax revenues among those nonexempt agencies whose service area is subject to the jurisdictional change.

County ordinance requires the installation of a street lighting system by a subdivider. The proposed annexation, levy of assessments, and exchange of property tax revenues are required to provide the necessary funding for the operation and maintenance of the street lights.

Implementation of Strategic Plan Goals

This action is consistent with the County Strategic Plan Goal of Fiscal Responsibility, as this annexation, levy of assessment, and property tax transfer provides the funding necessary for the operation of new street lighting facilities within these annexed subdivision territories.

FISCAL IMPACT/FINANCING

The assessments are subject to the results of ballot tabulation for these proposed annexation areas at the conclusion of the public hearing. Failure to annex the territory, levy assessments, and collect property tax revenues will result in the inability to operate and maintain the street lights as part of a County-administered lighting district and will result in the project not being allowed to record or being issued a building permit, or result in property owner(s)/developer(s) remaining responsible for the future operation and maintenance of the street lights.

Upon annexation, the ongoing operation and maintenance costs of the street lights within these areas will be financed by the collection of ad valorem property taxes, supplemented by assessments annually approved by your Board. The annexation will result in a minimal property tax growth transfer from other County agencies, such as the County General Fund, the County Fire Department, and the County Library.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

New developments are typically required to provide street lighting in accordance with applicable subdivision, planning, and zoning ordinances as a condition of approval. The Streets and Highways Code (Sections 5821.3 and 22608.2) provides that a territory owned by a subdivider may be annexed to a lighting district if so provided by ordinance, without notice and hearing, or filing of an Engineer's Report. The posting and publishing requirements and filing of an Engineer's Report for these subdivision projects are, therefore, not required.

The enclosed Resolution of Intention must be adopted to set a date for the required public hearing. Your Board, at the close of the public hearing, may delay its determination regarding the annexation and levying of assessments until a later date, continue the public hearing to receive further testimony, or make a determination regarding the annexation and/or assessment.

Under Proposition 218 (State Constitution, Articles XIIIC and XIIID), it is necessary to follow the procedures for levying of assessments previously authorized by your Board, including the sending, receipt, and tabulation of ballots. The assessment will only be levied if the weighted majority of ballots returned are in favor of the assessment.

The Landscaping and Lighting Act of 1972 provides for the assessment of street lighting costs against the benefited properties within County Lighting District LLA-1 by any formula or method which fairly distributes the costs among all assessable lots or parcels in proportion to the estimated benefits to be received by each from the improvements. A method of distributing the street lighting costs on the basis of land use was approved by your Board on May 22, 1979, and amended on July 22, 1997, to include government-owned or leased parcels. The same distribution method was used to compute the base assessment rates shown in the Fiscal Year 2004-05 Annual Engineer's Report, on file with Public Works.

Affected agencies must approve and accept the exchange of property tax revenues pursuant to Section 99.01 of the Revenue and Taxation Code by resolution. For those agencies under the Board's jurisdiction, the Board can act on their behalf. For those agencies with their own governing boards who fail to adopt a resolution providing for the exchange of property tax revenues, your Board can approve the exchange of property tax revenue for that agency.

The Joint Resolution(s) Approving and Accepting the Exchange of Property Tax Revenues approved by nonexempt agencies are enclosed for your consideration.

Following the Board's approval of the annexation, levy of assessment, and exchange of property tax revenues, Public Works will file with the State Board of Equalization the statement of boundary changes as required by Section 54900 et seq. of the Government Code. The State Board of Equalization will approve the transfer of property tax revenue beginning in Fiscal Year 2005-06.

Copies of diagrams showing the boundaries of each proposed subdivision annexation territory are included in the Resolution of Intention.

The enclosed Resolutions have been approved as to form by County Counsel.

ENVIRONMENTAL DOCUMENTATION

This project is exempt from the California Environmental Quality Act under Section 21080(b)(8) of the Public Resources Code and Class 1(x)27 of the County's Environmental Document Reporting Procedures and Guidelines approved by your Board.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Not applicable.

CONCLUSION

At such time as these recommendations may be approved, please return one approved copy of this letter and the signed Resolutions to Public Works and one approved copy of the letter and Resolutions to the County Assessor, Ownership Services Section (Attention Soledad Osborne); and Auditor-Controller, Tax Section (Attention Kelvin Aikens).

Respectfully submitted,

DONALD L. WOLFE

WHEREAS, the Landscape and Lighting Act of 1972 (Section 22608.2 of the Streets and Highways Code) provides that in the event an ordinance requires installation of improvements by a subdivider, the territory may be annexed to an existing lighting district without notice and hearing, or filing of an Engineer's Report or both; and

NOW, THEREFORE, BE IT RESOLVED, by the Board of Supervisors of the County of Los Angeles, State of California, that:

SECTION 1. The public interest and convenience require, and it is the intention of the Board of Supervisors to authorize, the annexation of the benefited approved tentative subdivision territories listed in Appendix A to County Lighting Maintenance District 1687, pursuant to Section 5837 of the Streets and Highways Code of the State of California.

The proposed base annual assessment rates for a single-family home are shown in the Fiscal Year 2004-05 Annual Engineer's Report for each zone within County Lighting District LLA-1. The same proportional increases are proposed for all other benefited property uses in the subdivision territories.

The approved tentative subdivision territories will not be annexed, and the proposed assessment for that subdivision will be abandoned if the weighted majority of ballots submitted are opposed to the assessment.

SECTION 6. The amounts to be assessed for the expense of such operation and maintenance of the work or improvements described above shall be levied and collected in the same manner and by the same officers as taxes for County purposes.
