FROM: Donald L. Wolfe DLW
Interim Director of Public Works

STORM REPORT-JANUARY 10, 2005

The storm that began on Friday morning at 3 a.m. has produced heavy rainfall throughout the Los Angeles Basin, San Gabriel Mountains, the Santa Clarita area, the San Fernando Valley, and the Antelope Valley causing severe flooding and extensive damage to County facilities at various locations. Attached is a copy of the Public Works Situation Status report.

As of 8 a.m. today, the storm has produced total precipitation amounts of 3.56 inches in Downtown Los Angeles, 16.68 inches in the San Gabriel Mountains, 7.72 inches in the San Gabriel Valley, 9.44 inches in the Santa Clarita area, 5.95 inches in the San Fernando Valley, 6.72 inches in Malibu, and 3.00 inches in the Antelope Valley area. The season total rainfall in the Civic Center is 361 percent of normal to date. We received approximately 123 percent of the normal average rainfall for the entire year already.

The local news has reported that a vehicle drove around a road closure on Avenue N and was swept away into Littlerock Wash in Antelope Valley. The Fire Department rescued the mother and her two children, but her 2-year old child fell into the wash and drowned. It was also reported that Sheriff's deputies continued to search today for a Topanga man who apparently tried to swim across the rain-swollen Topanga Creek, in the Malibu area, but was swept downstream by powerful currents.

There are 99 reported County road closures, which are identified on the attached copy of the Road Closure Report. The Angeles Forest Highway is currently closed. On Sunday, a rockslide destroyed the electrical storage building at our Topanga Beach Pump Station. The pump station is off-line. This facility pumps water up into Topanga from the 30-inch-diameter watermain on Pacific Coast Highway. We are currently supplying Topanga from storage in the New Summit Tanks. A backup interconnection

with the City of Los Angeles Department of Water and Power, known as Girard interconnection, will be utilized to supply water to Topanga once the storage is depleted. Waterworks field crews are beginning an inspection of all facilities.

In the Antelope Valley, 50th Street West, north of Avenue N, is continuing to experience flooding. Also, mud and debris from a nearby construction site has washed onto 50th Street West in the County of Los Angeles. The cleanup efforts are ongoing and will continue throughout these storm events.

We previously reported that on Friday, December 31, 2004, mudflows impacted the Polynesian Mobile Home Park and a church in the City of Santa Clarita. The mobile home park has experienced additional damages. The City of Santa Clarita has requested assistance from Public Works. The State Department of Housing and Community Development has been notified.

To date, Public Works has expended approximately $1.5 million dollars on resources to respond to this storm. The cost of storm-related damages to County infrastructure is currently being assessed. We will update you tomorrow morning when we have new information resulting from today's storm-related damages.

Executive Office

DEPARTMENT OF PUBLIC WORKS SITUATION STATUS

EVENT: Rainstorm of January 7, 2005

STATUS AS OF 8:00 AM, January 10, 2005

The Department Operations Center was activated to LEVEL 1 activation at 3:00 PM, January 7, 2005. SITSTAT was requested to activate at 4:00 PM, January 9, 2005.

EVENT SUMMARY

Location	Amount (inches)*	Amount (inches)**
Alhambra (Fremont) HQ	7.72	26.28
L.A. River @ Wardlow - Long Beach	3.48	13.56
L.A. Civic Center	3.56	19.08
Big Rock Mesa	6.72	22.44
Mint Canyon @ Fitch	4.56	15.60
Puddingstone Diversion Dam	7.88	24.52
L.A. 96th & Central	3.86	18.04

* Report period from 3:00 AM (01/07/05) to 7:00 AM (01/10/05)
** Total year-to-date rainfall.
Total seasonal rainfall to date @ L.A. Civic Center is 19.08 inches. Normal seasonal precipitation is 5.28 inches.

DAMS
The following dams are at capacity (flow over spillway):

- Big Tujunga Dam (2,700 cfs)
- Morris Dam (14,800 cfs)
- Devil's Gate Reservoir (4,100 cfs)
- Eaton Wash Reservoir (1,000 cfs)
- Pacoima Dam (1,800 cfs)
- Puddingstone Diversion Dam (1,200 cfs)
- Santa Anita Dam (1,200 cfs)
- San Gabriel Dam (18,000 cfs)

BRIDGES

Avenue K at Little Rock Creek (City of Lancaster) is closed. Storm flows have undermined the pavement and guardrail on both approaches.

ROADS AND HIGHWAYS

Residents along and on local roads intersecting San Martinez Road, Chiquito Canyon Road/Del Valle Rd, and Hasley Canyon Road are landlocked. At the north limit, water is crossing on Hasley Canyon Road at Del Valle Road (Thomas Guide Pg 4459E5). At the south limit, Highway 126 is closed at Chiquito Canyon Road (TG Pg 4549C3).

Road Closures:
State Routes:

- State Route 1 closed at the following locations:
  - McClure Tunnel in Santa Monica due to flooding, detour available.
  - From Golden West Street to Warner Avenue in Huntington Beach due to flooding, detour available (Orange County)

- Interstate 5 closed southbound to southbound connector to Interstate 110 due to mud slide.
- Interstate 10 closed eastbound at the southbound connector to Interstate 710 due to mud slide.

Road Closures Due to Structural Damage:
Big Rock Creek Rd - 3379 S MM5.29/Valyermo
Tapia Cyn Rd - Charley Cyn/Castaic Rd
Avenue K - 50th St E/70th St E
Vasquez Cyn Rd - Bouque Cyn Rd/ Sierra Hwy
Palos Verdes Dr E @ Bridlewood Circle (drain collapse)
Arrastre Cyn Rd - Crown Valley Rd/ Detention Center
Latigo & CM 2.08 - Kanan Dume Rd /Newton Cyn (7:30PM 1/9/05) Due to culvert failure and
shoulder wash out. Site needs extensive work requiring 1-2 more days before re-opening.
Glendora Mountain Rd-East Fork/Glendora City Limit (9:45 1/8/05) Significant road damage,
road washout, lost about 40LF of wall and numerous drains plugged by slides.
Vincent View Rd - Angeles Forest Hwy / Cason Mesa Rd Road washed out at Carson Mesa
Elizabeth Lake Rd - Johnson Hil Rd/ Firtree (shoulder washout)
Santa Anita Canyon Rd - 7775 N Arno Dr / 14465 N Arno Dr Heavy slides. Unconfirmed
report of rock wall failure.

Road Closures Due to Mud Slides:
Chiquito Cyn Rd - hwy 126/San Martinez
Highridge Rd - Cloud Rest / Ramsdell
Big Dalton Cyn Rd - east of Glendora Mountain Rd. Closed by the City of Glendora.
Big Tujunga Cyn Rd - 5280 W MM1.0/Doske Rd
Chaney Tr - 450 N Loma Alta Dr/3200 N Loma Alta Dr Road closed to prevent non-residents from entering the area during the storm.
Grandview Dr - Observation Dr/Topanga Cyn Bl (1:30PM 1/8/05) Due to mudslides.
San Francisquito Cyn Rd - Spunky Cyn Rd / Elizabeth Lk Rd
San Dimas Cyn Rd - 1640 N Golden Hills Rd / 1478 N Mm 00.28
Little Tujunga Cyn Rd - Gold Creek Rd / Placerita Cyn Rd
110th St East - Avenue L / Avenue K
Avenue H - 110th Street East / 120th Street East
Malibu Cyn - Civic Center Wy/Piuma RD (7:30PM 1/9/05) Due to mud and rock slides. Crews are clearing debris but heavy rains create additional slides.
Sand Canyon Rd S/O Placerita Cyn Rd
Lake Hughes Road - Ridge Route Road / Elizabeth Lake Road
Upper Big Tujunga Canyon Rd - Angeles Forest Hy / Angeles Crest Hy (Hwy 2)
Big Tujunga Cyn Rd - Doske Rd / Angeles Forest Hy
High Ridge - Cloud Crest/Ramsdell
Stunt Rd - Mulholland Hwy to Saddle Peak Rd, T.G. 589. Large mud & rock slide covered both lanes. Road closed at 12:42 P.M., 1/9/05. Re-opening depends on rainfall today and tomorrow. May take 2-3 days to re-open.

Road Closures Due to Flooding:
60th St East - Avenue I/Avenue E
Avenue E - 30th St E/70th St E
Avenue E - Sierra Hwy / Division St
150th St E - Avenue M 08 - Avenue M
Avenue G - 40th St E/ 50th St E
Carson Mesa Rd - El Sastre Rd/ Vincent View Rd
Avenue H - 40th St/60th St
Lang Station Rd - Soledad Cyn Rd - End
Spunky Cyn Rd - San Francisquito Cyn Rd/ Bouquet Cyn Rd
Fort Tejon Rd - 240th St / Hwy 138
Palos Verdes Dr E - S/O PCH Hwy /Bridlewood Circle
Avenue O - 110th St E/145 St E
Avenue G - 50th ST E/ 60th St E
San Francisquito Cyn Rd - Copper Hill Dr/Spunky Canyon Rd

Avenue F - 50th St E/ 60th St E
Palmdale Bl- Longview Rd/165th St E
Avenue T - 165th St E/Longview RD
Avenue L4- 45th St W/La Gabriela Dr
45th St West - Avenue L4 / Avenue L2
Sierra Hwy - Center St/Davenport Rd
The Old Rd - Hillcrest Parkway /Parker Rd
The Old Rd - Calgrove Blvd/Weldon Cyn
50th St E - Avenue H/Avenue E
60th St E - Avenue H/Avenue F
Avenue L 08 - 43rd St West / 42nd St West
Avenue M - 50th St West / 35th St West
Avenue N - 55th Street West / 50th Street West
Avenue J - 90th Street East / 140th Street East
Avenue K - 90th Street East / 140th Street East
Quartz Hill Road - 35th St W / 50th Street W
Piuma Rd (Closed Due To Flooding F/Cold Cyn To Las Virgenes Mud slides through out roadway and large boulder
Avenue H - 50th Street East / 60th Street East
Avenue I - 50th Street East / 60th Street East
Bouquet Canyon Rd - Spunky Cyn Rd / Elizabeth Lk Rd
Three Points Rd - Pine Canyon Rd / Lancaster Rd
Avenue I - 90th Street East / 110th Street East
Lopez Cyn Rd - Bailey To Kagel Cyn Rd
70th St East - Palmdale Bl / Avenue N
Avenue N - 50th Street East / 70th Street East
140th Street East - Palmdale Blvd / Avenue Q
Avenue Q - 130th Street East / 145th Street East
Palmdale Bl - 70th Street East / 90th Street East
Bouquet Canyon Rd - Vasquez Canyon Rd / Spunky Canyon Rd
Mt Emma Rd - Cheseboro Rd / Fort Tejon Rd
Country Wy - Crown Valley Rd / Calmgarden Rd
Avenue K - 45th Street West / 40th Street West
Avenue L - 70th Street West / 60th Street West
Avenue N - 1320 W 50th St West / 50th St West
Avenue K - 60th Street West / 50th Street West
Avenue S - Longview Rd / 165th Street East
Avenue K Bridge over Little Rock Creek in the City of Lancaster - east bound lane undermined. Bridge to be closed shortly.
Vasquez Cyn Bridge closed due to heavy flooding.

Road Closures Due to Snow and Ice:
Big Pine Hwy - Largo Vista Rd/Hwy 2
Table Mountain Rd - Angeles Crest Hy / 6700 N Angeles Crest Hy
Glendora Ridge Road- From Glendora Mtn Rd To Mt Baldy Rd

Mt Wilson-Red Box Rd / Video Rd Angeles Crest Hy

Road Closures Due to Rock or Tree Obstruction:
Las Flores Cyn Rd - Rambla Pacifico - Hume Rd (3:50 AM 1/10/05)
Large tree (40' 24") fell across the roadway between Live Oak Meadow and Manzanita Park Ave. Mud and debris also blocking the roadway. This will take some time to clear, this is a residential road.
Stratford Rd - Chevy Chase Dr/Hampstead
Hacienda Bl - Glenmark /La Habra Hts
Piuma Rd - Schurean Rd / Cold Canyon Due To Rock Slides/Boulder
Piuma Rd Between Cold Cyn And Malibu Cyn (Tree Down)
110th St East - Avenue K / Avenue H
Angeles Forest Hy - Aliso Canyon Rd / Angeles Crest Hy Due to heavy rock slides

Road Closures-Other:
Fairway Dr @ Valley Bl (Fatal Accident)
45th Street West - Avenue M-8 / Quartz Hill Rd (Road Improvements Since 12/2/04)

Many roads are impassable and crews cannot get to the damaged areas. Road Maintenance crews are working throughout the night to maintain the roads that remain open as well as open any areas where residents may be stranded. Road Maintenance efforts are focused on major, primary routes.

Additional Activities:

(2:23 AM) Las Flores Canyon Rd between Rambla Pacifico and Manzanita Park Av - A large tree and rocks came down on. The road is blocked by large tree down and rocks, Road Crews are currently setting up the road closure. Road Crews are currently waiting for assistance from the Tree Crew to remove the tree from the roadway.

(2:17AM) 50th Street East - Ave I / Ave E closed.
Mount Disappointment closed due to large slide.

Loma Alta - Large landslides from private hillsides deposited debris onto Loma Alta at Stone Hill and Zane Grey intersections.

Malibu - Many roads in the Malibu area are down to one lane, but remain open to traffic.

Latigo Canyon Road @ CM 2.08 - Road is partially washed out and almost impassible, County forces are working to secure the road.

Topanga Skyline Road - Hillside is sliding at 1845 Topanga Skyline. County Fire Department is evacuating residents.

Santa Anita Canyon Rd (City of Sierra Madre) - Closed due to landslide. County forces working to partially clear landslide and provide a single access lane to this area.

Eastern Avenue - County forces continue to monitor a landslide area at 912 Eastern Ave.

Ave K Bridge over Little Rock Creek in City of Lancaster. Roadway approaches have been damaged and the road is closed.

Lake Los Angeles - only way out is through Avenue H to 90th St E.

Val Verde - area is landlocked because both Del Valle Rd and Chiquito Cyn Rd are closed.

Tapia Canyon Road: Two 72" pipes have been washed one quarter mile downstream but five 60" pipes are still intact;

Report of roadway loss on San Francisquito Cyn Rd, Superintendent investigating;

Crews investigating Chiquito Cyn Rd to see if it can be reopened to emergency traffic.

The Old Rd - Calgrove Bl / Weldon Cyn is closed due to flooding at 12:45 pm on 1/9, also from Hillcrest Parkway / Parker Rd.

Threepoints Rd - Pine Cyn Rd / Lancaster Rd reports pavement washed away in different locations.

FLOOD CONTROL SYSTEM

Crews at all the Flood Maintenance Yards have been running storm routines and reported the following:

Imperial Yard (South)

- L.A. River trash collection boom was released to prevent damage to the anchor system.

- Earl Street at 25th Street in Long Beach buckled, causing an existing storm drain to rise. Crew investigated and found a Pressure Manhole lid risen and separated. We maintain Project 5109 at this location. Need further investigation of the drain and possible repair of the street. The street is currently barricaded.

83rd Street Yard (South)

- Ballona Creek Trash Collection Net has been lowered until further notice and is not currently capturing any debris.

- Trancas Canyon Debris Structure - Overflow Pipes damaged, will reassess the extent of the damage when flow becomes manageable. The Structure itself is still intact.

- West Channel Road at PCH needs further investigation of the erosion at abutment. Currently, the flow is too heavy.

Longden Yard (East)

- Morris Dam increased outflow from spillway to 20,000 cfs due to San Gabriel Dam going spillway at 2:00 a.m. There is a significant amount of debris which may possibly flow over the spillway at San Gabriel Dam.

- San Gabriel River dirt invert access ramps - ramps have eroded due to large flows down San Gabriel River and will need to be replaced.

- Santa Anita Dam - the bridge and road back to the headworks and tunnel were all damaged due to heavy flows. No immediate impact but loss of access road will prevent maintenance activities.

- San Gabriel Dam bypass road is likely to have been destroyed due to significant flows over San Gabriel Dam spillway. No immediate impact but loss of access road will prevent maintenance activities.

- West Fork Road - with Cogswell Dam releasing 4400 cfs, we are estimating that there will be major damage to the road. In the past, a release of 2500 cfs caused severe damage to the

road and bridge abutments. An accurate assessment will be completed when the waters recede.

Eaton Yard (East)

- Rubio Debris Basin - water level is almost at spillway.
- Fair Oaks Debris Basin - water level reached spillway.
- Lincoln Debris Basin - the water level is 2' over spillway. Flooding occurred at 1326 Brixton Rd, Altadena. Barricades were placed at 1830 Alta Loma, Altadena.
- Kinneloa West Debris Basin - the access road to the back spillway has been blocked by a landslide. This access road is not critical and will be cleaned when it is safe to do so.

San Dimas Yard (East)

- In the area of San Dimas Spreading Grounds, there is major damage to Romola Avenue and San Dimas Canyon Road crossings. The downstream culvert under San Dimas Canyon Road is plugged but will be cleared in the morning. The MWD water main is exposed by the washout. The Power Pole on Romola Avenue is threatened. Edison Company was notified. Water Resources Division has directed 50% of the flow out of Puddingstone Diversion and into Puddingstone reservoir in order to reduce erosion to San Dimas Canyon Road. The erosion is now 20' from the property line. FMD is assisting the City to repair the erosion. Sheriffs have notified homeowners of possible evacuation. Crews will place rocks on bank in the morning. The damage to Romola Avenue and San Dimas Canyon Road is as follows:
  - Romola Avenue - the 36" CSP was unable to pass the 1400 cfs released through the spreading grounds and the road was undermined. Big trees are lying in the middle of the road, the road is impassable. Overhead Edison lines may possibly fall onto the road as well. The power equipment operator tried to remove the trees from the road, he felt the ground unstable underneath him so he backed off.
  - San Dimas Canyon Road - Our staff was unable to find plans detailing the size of the Reinforced Concrete Box that

allows flows under the street. The box was cleared and flows are being passed under the street. Evidently, the ponding water eroded a portion of the road south of the park and undermined portions of the Reinforced Concrete Box. Pictures of the damage will be provided at first daylight.

- Outflow was reduced at San Dimas Dam from 740 to 400 cfs. Puddingstone Diversion is in normal operation.

- Little Dalton Debris Basin - the top openings in the tower were boarded closed. The runoff from small canyon on right bank of dam has eroded both the upstream and downstream groin.

- Big Dalton Dam - the Fire Structure was filled to capacity with debris.

Hansen Yard (West)

- Lindero Canyon Channel in West Lake Village - concrete channel wall (one panel) collapsed. County forces are constructing temporary repairs and have placed barricades to alert public of the danger.

Pickens Yard (West)

- Retaining wall belonging to the Sheriff's Department along the property line of Pickens Yard completely collapsed under saturated conditions. Additional walls are likely to fail. The failure affected slopes within Pickens Yard's property. County forces are monitoring closely.

- A slope overlooking Blanchard Basin has suffered major erosion. A single family residence was evacuated by L.A city officials.

Santa Clara Yard (West)

- Crews and contractors responded to a mutual aid request by the City of Santa Clarita and worked non-stop since 3:00 PM on 1-8-05 to clear vegetation within Newhall Creek(City-

owned) that was threatening an apartment complex. The threat to the complex has been minimized and the work was shut down at 1000 hours on 1-9-05. City will resume work on Monday.

- Newhall Creek - Unlined westerly bank suffered significant erosion damage.

- Non-transferred DSOD Pico Canyon Debris Basin at Stevenson Ranch is at least 75% full since Thursday 01/06/05. Water is flowing over spillway at this time. County forces are monitoring this facility and shall notify Construction Division/developer to act if necessary.

- The mobile home park on Soledad Canyon Road along Santa Clara River suffered major bank erosion. One mobile home may be in danger of being washed down river. There is no DPW Flood Facility involved.

PRIVATE STRUCTURES

- On Sunday, a rockslide destroyed the electrical storage building at our Topanga Beach Pump Station. The pump station is off-line. This facility pumps water up into the community of Topanga from a 30-inch diameter water main in PCH. We are currently supplying Topanga from storage in the New Summit Tanks. A backup interconnection with L.A. Department of Water and Power, known as Girard interconnection, will be utilized to supply water to Topanga once the storage is depleted.

- Waterworks field crews are beginning an inspection of all facilities.

CONSTRUCTION

No incidents occurred on any projects.
