Dear Supervisors:

**STANDARD AGREEMENT FOR EMERGENCY MEDICAL SERVICES  
APPROPRIATION (EMSA) FOR FISCAL YEAR 2005-06  
(All Districts) (3 Votes)**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Approve and direct the Mayor of the Board of Supervisors to sign the attached EMSA Standard Agreement to accept funds in the amount of \$9.8 million for the reimbursement of uncompensated emergency services provided by non-County physicians during Fiscal Year (FY) 2005-06.
2. Delegate authority to the Director and Chief Medical Officer to approve and sign any amendments to the FY 2005-06 EMSA Standard Agreement, upon review by County Counsel, and any other required EMSA reports or documents for the EMSA Standard Agreement and any amendments thereto.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS:

Execution of the EMSA Standard Agreement will enable the County to receive EMSA funds for reimbursement of uncompensated emergency services provided by non-County emergency medical physicians during FY 2005-06. These funds were made available through the passage of AB 131 legislation intended to mitigate the crisis in emergency medicine currently being faced by emergency rooms throughout California as a result of insufficient funding to cover the cost of emergency services provided to uninsured and indigent patients. Receipt of the EMSA funds will enable the County to provide some financial relief to emergency medical physicians in Los Angeles County, thereby helping to ensure the continued availability of emergency medical services.

Delegation of the authority to approve and sign any amendments to the FY 2005-06 EMSA Standard Agreements, and any other required reports or documents will enable more efficient and timely completion of such tasks.

FISCAL IMPACT/FINANCING:

For FY 2005-06, the State allocated a total of \$9.8 million in EMSA funds to Los Angeles County. The anticipated EMSA revenue and corresponding expenditures were included in the FY 2005-06 Final Budget. There are no net County costs.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS:

On August 9, 2005, the California legislature enacted AB 131 which allocates Proposition 99 funds to non-County emergency medical physicians to help alleviate the growing crisis confronted by emergency rooms throughout the State as a result of inadequate funding to cover the cost of emergency services provided to uninsured and indigent populations. Statewide, for FY 2005-06, the bill appropriated \$24.8 million in Proposition 99 Tobacco Tax funds from the Cigarette and Tobacco Products Surtax Fund through the California Healthcare for Indigents Program (CHIP) and the Rural Health Services (RHS) Program accounts to reimburse non-County physicians for uncompensated emergency services. EMSA is separate from the other CHIP and RHS Programs.

Upon execution of the EMSA Standard Agreement, the State will release the annual allocation. The EMSA Standard Agreement covers the period July 1, 2005 through June 30, 2006.

Previous EMSA Agreements between the State and the County, which set forth requirements pursuant to State law, have remained substantially similar in their terms. The EMSA guidelines include funding conditions, reporting requirements, and time frames established by the California Department of Health Services as a condition of receiving EMSA funds.

County Counsel and the Chief Administrative Office have reviewed and approved the attached Standard Agreement for EMSA Funding for Fiscal Year 2005-06 and will be requested to review and approve all subsequent EMSA documents.

This Department requires original signatures of the Mayor of the Board of Supervisors on each of the two attached EMSA Agreements, and a Board Adopted copy of this Board letter delegating authority to the Director and Chief Medical Officer to approve and sign any amendments to the EMSA Standard Agreement, and any other required reports or documents for the FY 2005-06 program.
