August 31, 2006

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

APPROVAL TO AMEND DEPARTMENT OF MENTAL HEALTH LEGAL ENTITY AGREEMENTS TO INCLUDE LANGUAGE ALLOWING FOR THE SHIFT OF COUNTY GENERAL FUND DOLLARS BETWEEN FUNDING CATEGORIES WITHIN A CONTRACT PROVIDER'S AGREEMENT
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)

IT IS RECOMMENDED THAT YOUR BOARD:

Approve and instruct the Director of Mental Health or his designee to prepare, sign, and execute amendments to 130 of the Department of Mental Health (DMH) Legal Entity (LE) Agreements listed on Attachment I and substantially similar in format to Attachment II, allowing for the shift of County General Funds (CGF) between funding categories in order to draw down additional Federal and State matching funds or to provide additional funds for indigent care.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

On June 27, 2006, your Board instructed DMH to work with contract providers in developing a solution for the optimal use of contractually allocated CGF among the various populations served, while at the same time ensuring that the County's responsibility for providing the local match necessary to claim Federal Financial Participation (FFP) and certain State funds was met. This proposed action will achieve that desired outcome.

The proposed amendment allows contractors to shift up to 15 percent of total contracted CGF between funding categories without prior DMH approval to draw down more FFP thereby strengthening these community agencies' ability to maintain safety-net services

they provide to our consumers at risk. Any allocated funds that are restricted by the payer to specific uses (e.g., CalWORKs, AB 2034) cannot be shifted and are excluded from the proposed 15 percent shift provision. The proposed amendment also specifies that at the time of the State settlement, CGF will first be used by the contract provider for any mandated County local match to Federal and/or State funds. In addition, shifts above the 15 percent can be requested through the current DMH approval process.

Another key element of the proposed amendment is that FFP and Early and Periodic Screening, Diagnosis and Treatment (EPSDT) State General Funds (SGF) earned in excess of a contract provider's Maximum Contract Amount (MCA) will be passed through to the contract provider, subject to Board approval, which the Director agrees to seek no later than 30 days after DMH's reconciliation of the State's settlement.

Implementation of Strategic Plan Goals

The recommended Board action is consistent with the principles of the Countywide Strategic Plan Organizational Goal No. 4, "Fiscal Responsibility." Board approval of this request will enable DMH to ensure optimal use of CGF without increasing the County's financial risk for service delivery purposes and to make payments to contract providers for eligible services that otherwise would go uncompensated.

FISCAL IMPACT/FINANCING

There is no increase in net County cost associated with the proposed action. This is because the contractor will have to clearly demonstrate that any required local match dollars for Federal funds are available within the MCA. The language in the proposed amendment has been developed with input from the Auditor-Controller (A-C) and County Counsel to ensure that there is no risk of exceeding the budgeted CGF and that all State, Federal and local requirements pertaining to local match for Federal funds are met.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On June 27, 2006, on motions of Supervisors Molina, Burke and Knabe, your Board instructed the Director of Mental Health to report back within 30 days with a long-term solution to the shift of funds issue raised by contract mental health providers. This issue relates to allowing contract service providers to shift CGF dollars within their contract to either match, and draw down additional Federal and State funding, or to provide additional funds for indigent care. DMH had discussions with the Association of Community Human Services Agencies (ACHSA), and staff from County Counsel, the

A-C, and the Chief Administrative Office (CAO) to develop a consensus recommendation to your Board regarding a long-term solution.

DMH staff met on July 24, 2006 with representatives from ACHSA and its member agencies, County Counsel, the A-C, the CAO, and Board Health Deputies to develop proposed contract language reflected in the proposed amendment that would provide a mutually agreed upon resolution to the issue.

The consensus language that was developed allows up to 15 percent of total contracted CGF to be shifted from one program to another without prior DMH approval, with the specific exception of funds that are categorical (i.e., CalWORKs). The language has been crafted with input from the A-C and County Counsel to ensure that there is no risk of exceeding the budgeted CGF and that all State, Federal, and local requirements pertaining to local match for Federal funds are met. DMH believes the proposed language addresses the concerns that were raised in the report submitted by DMH to your Board on June 26, 2006, identifying the pros/cons/impacts related to partitioning funding in mental health services contracts, as requested by Supervisor Molina on June 19, 2006.

The proposed Board action will permit contract providers to shift up to 15 percent of total contracted CGF from one funding category to another without prior DMH approval. Shifts of CGF in excess of 15 percent will require a contract amendment. DMH believes that this provides contract providers with as much flexibility as possible to respond to variations in client mix while protecting the County's interest in drawing down additional Federal matching dollars for indigent care. The 15 percent limitation protects the service delivery to indigent clients that have not qualified for Medi-Cal benefits.

The provision is consistent with the State's position that local funds should be used to the maximum extent possible to permit the draw down of Federal funds whenever appropriate in order to best serve the Medi-Cal and Healthy Families beneficiary populations.

The proposed action has been reviewed and approved by the County Counsel, the CAO, and the A-C; and the amendment format has been reviewed and approved as to form by the County Counsel.

CONTRACTING PROCESS

The Department will amend Fiscal Year (FY) 2006-2007 LE Agreements to add the proposed language and it will also be included in future LE Agreement boilerplates.

IMPACT ON CURRENT SERVICES

Board approval of this action will provide contract providers with additional flexibility to better manage their service delivery systems when experiencing a change in their client mix. The Department believes there will be no impact in FY 2006-2007 on indigent care levels rendered by contract providers.

DMH is experiencing a funding squeeze because of the increasing local match requirements of benefit programs and the anemic growth in realignment funds. This action will mitigate and is a partial solution to this funding squeeze by providing more local match funds so more Federal matching funds can be received. The availability of more local match funds will draw down more Federal funds to pay for additional services.

While the proposed contract language resolves the shift of funds issue as requested by your Board, the underlying causal Federal local match requirement for the Medi-Cal, Healthy Families and Medi-Cal Administrative Activities programs and the State's requirement for the counties to provide additional CGF for EPSDT services growth are having a longer term structural impact on the Department. The growth in realignment revenues flowing to the County from the State has been insufficient to fund these increasing local match dollar requirements associated with the provision of services to Medi-Cal and Healthy Families beneficiaries.

The Department's Medi-Cal and Healthy Families programs for FY 2005-2006 generated $529.8 million as of July 2006 and may reach about $583 million after the State has adjudicated all of the FY 2005-2006 claims. The Short-Doyle/Medi-Cal (SD/MC) designated non-governmental agencies' (NGA) portion of the $529.8 million is $381.1 million or 72 percent. In FY 2006-2007, the Department has allocated $121.9 million in County General Funds to the SD/MC NGAs of which $44.3 million is targeted for indigent services and the balance of $77.6 million is to be used for State and Federally mandated local match. The Department projects that the $44.3 million in CGF designated for indigent care may be totally redirected by contractors over the next approximate six years to finance the County's local match share of the annual increase in the Medi-Cal and Healthy Families service levels and the State's requirement for the

County match for the EPSDT growth. Accordingly, the long term impact of this action may be an increase in the number of indigent clients referred by contractors to County operated clinics and possibly a reduced level of service to indigent clients. DMH will continue to explore with Board Offices various options for addressing the programmatic and growing local match obligation requirements related to this funding squeeze and how best to maintain the indigent client care service level.

CONCLUSION

The Department of Mental Health will need one (1) copy of the adopted Board's action. It is requested that the Executive Officer of the Board notifies the Department of Mental Health's Contracts Development and Administration Division at (213) 738-4684 when this document is available.

Respectfully submitted,

Marvin J. Southard, D.S.W.
Director of Mental Health

ATTACHMENT II

CONTRACT NO. _____

AMENDMENT NO. ___

THIS AMENDMENT is made and entered into this ___ day of _____, 2006, by and between the COUNTY OF LOS ANGELES (hereafter "County") and _____ (hereafter "Contractor").

WHEREAS, County and Contractor have entered into a written Agreement, dated _____, identified as County Agreement No. _____, and any subsequent amendments (hereafter collectively "Agreement"); and

WHEREAS, for Fiscal Year 2006-2007 and any subsequent fiscal years, County and Contractor intend to amend Agreement only as described hereunder; and

WHEREAS, for Fiscal Year 2006-2007 and any subsequent fiscal years, County and Contractor intend to amend the Agreement to include language which will allow Contractors more flexibility in serving consumers. Subparagraph EE. Shift of County General Funds shall be added to FINANCIAL PROVISIONS, Paragraph 4. Under this provision, Contractors will be able to shift up to 15 percent of total contracted County General Funds (CGF) between funding categories without prior Department of Mental Health (DMH) approval to draw down more Federal Financial Participation (FFP). Any allocated funds that are restricted by the payer to specific uses (e.g., CalWORKs, AB 2034) cannot be shifted and are excluded from the proposed 15 percent shift provision. Shifts above the 15 percent can be requested through the current DMH approval process; and

Whereas, the MCA shall remain the same.

NOW, THEREFORE, County and Contractor agree that Agreement shall be amended only as follows:

1. For Fiscal Year 2006-2007 and any subsequent years, Subparagraph EE (Shift of County General Funds) shall be added to Paragraph 4 (FINANCIAL PROVISIONS) of the Agreement:

"EE. Shift of CGF: County and Contractor shall enter into a good faith negotiation prior to the beginning of the fiscal year regarding the allocation of CGF for services to the uninsured and those eligible for benefits programs. Once this allocation has been negotiated, Contractor may shift up to 15 percent of the CGF in the Agreement between categories in the Financial Summary, based on actual services delivered, without the prior approval of the Department, with the provision that at settlement CGF will be first used for Match if the amount needed for Match exceeds the amount projected by Contractor, but in no event shall the amount used for Match exceed the amount shown on the Financial Summary plus 15 percent of CGF without prior approval of County. Any such shift of funds shall be in compliance with all County, State, and Federal regulations, and categorical funds given to an agency for a specific purpose (e.g., CalWORKs, MHSA) must be used for the purpose for which they have been designated. In addition, any such shift of funds shall not result in any increase to the MCA, with the exception of FFP and EPSDT-SGF generated using CGF, which shall be passed through to the Contractor after Board of Supervisor's approval based on

a Board letter to be filed by the Director no later than 30 days after the Department's reconciliation of State settlement."

2. Contractor shall provide services in accordance with the Contractor's Fiscal Year _____ Negotiation Package for this Agreement and any addenda thereto approved in writing by Director.

3. Except as provided in this Amendment, all other terms and conditions of the Agreement shall remain in full force and effect.
