The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

**CONTRACT FOR ARMED SECURITY GUARD SERVICES
(FOURTH DISTRICT)
(3 VOTES)**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Find that armed security guard services for Isadore B. Dockweiler Recreational Vehicle (RV) Campground and Burton Chace Community Park (Chace Park) can be performed more economically by North American Security, Inc. (North American) than by County employees.
2. Approve award of and instruct the Mayor to execute the attached three-year contract, plus two one-year extension options, with North American for armed security guard services at Dockweiler RV Campground and Chace Park facilities, at an aggregate annual County cost not to exceed \$186,752.25, and authorize the Director of Beaches and Harbors to increase the contract sum by a sum not exceeding 20 percent during each contract year for additional, unforeseen security services within the scope of this contract.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Approval of the contract will enable the Department to continue to obtain economical armed security guard services from a responsive and responsible contractor at designated County-owned/operated facilities. Security guard service at Dockweiler RV Campground and adjacent facilities has been provided by a private contractor since 1990. It is desirable to continue and expand the service in order to not only protect the patrons of the County's revenue-producing Dockweiler RV Campground during night hours, but also to deter vandalism and theft at Chace Park. The contract also satisfies the Department's commitment to a residents committee made during the planning of the RV Campground that the County would provide security between the hours of 10:00 p.m. and 6:00 a.m.

Implementation of Strategic Plan Goals

The security guard services provided by North American will promote and further the Board-approved Strategic Plan Goals of "Service Excellence", meeting the Departmental objective to facilitate enhanced use of County facilities, and "Fiscal Responsibility", strengthening the County's fiscal capacity by minimizing losses due to theft and vandalism, maximizing patronage due to the safety/security of the area and contracting for these services at a reduced cost rather than utilizing County employees.

FISCAL IMPACT/FINANCING

Failure to provide security service would have an adverse impact on patronage of the County's RV Campground, which generated \$727,533 last fiscal year in gross revenue. The Department, using a methodology approved by the Auditor Controller, has calculated the cost-effectiveness of contracting for these services and has determined that these services continue to be more economically performed by an independent contractor than by County employees. The annual savings from using the contractor's services rather than County staff is estimated at approximately \$125,614 as detailed in Attachment I. The contract also provides for additional services at the rate of \$18.95 per employee-hour in case of extended hours of operation and other unanticipated staffing needs, and a corresponding reduction of compensation at the same rate in case of reduced staffing requirements.

The cost of this contract is included in the Department's 2006-2007 adopted budget.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The Department is requesting award of a contract to North American, which was determined to be the most responsible, responsive proposer. The contract term is three years with two one-year extension options that may be exercised at the Director's discretion. The contract services will commence on December 1, 2006, or the date of approval by your Board, if later.

The contract is to provide three armed, trained security officers, as well as two automobiles, communication devices for the officers' use, and key-operated patrol monitoring devices. The insurance coverage, indemnification, and liability provisions included in the contract have been approved by the CAO's Risk Management Office.

The contractor will bill for the guard services at fixed hourly rates up to the annual maximum. The service will be provided every day, including weekends and holidays, between the hours of 7:00 p.m. and 6:00 a.m.

No layoffs or reductions in County workforce or other adverse impacts on employee relations will result from the award, as the work is presently contracted out.

The Department has evaluated and determined that the contractor fully complies with the requirements of the Living Wage Program (County Code Chapter 2.201) and has agreed to pay all employees providing these County services a living wage.

In addition, the contract award fully complies with the mandatory Proposition A requirements contained in County Code Section 2.121.380 for the following reasons:

- Award of the armed security guard services contract is cost-effective. It will save the County approximately \$125,614 annually (see Attachment I).
- Award of the contract will not impair the County's ability to respond to emergencies.
- No confidential information is involved in the performance of the contract. Award of the contract will not result in the unauthorized disclosure of confidential information.
- Alternative services are available in the event of a default by the contractor; therefore, services will not be interrupted.

- Award of the contract will not infringe upon the proper role of the County in its relationship to its citizens.

The contract also contains the County's standard provisions regarding contractor obligations and is in compliance with all Board, Chief Administrative Office (CAO) and County Counsel requirements.

The contract has been approved as to form by County Counsel.

CONTRACTING PROCESS

This Proposition A contract solicitation was advertised in the Los Angeles Times, the Daily Breeze, the Los Angeles Daily News, the Santa Monica Daily Press, the Lynwood Journal, the Compton Bulletin, the Eastside Sun, the Culver City News and the Los Angeles Watts Times. The opportunity was also advertised on the County's Bid Web page (Attachment II), as well as the Department's own Internet site. In addition, notices were sent out by direct mail to a list of 167 contractors.

Five firms submitted proposals. Four proposals met the Request for Proposals (RFP) minimum requirements and were evaluated. One firm did not include the required information and was rejected as non-responsive.

A three-person evaluation committee, composed of one staff member from the Department's Facilities and Property Maintenance Division, one staff member from the Department's Community and Marketing Services Division, and one member from Department of Public Works, evaluated the proposals based on a weighted evaluation of: (1) experience and organizational resources (500 points); (2) price (350 points); and (3) references (150 points). The committee determined that North American had the ability, experience and resources to provide the Department with quality security guard services as substantiated through its submitted proposal.

North American has extensive experience working with the County, including the Office of Public Safety and Department of Health Services, over the past years, providing it with a great amount of relevant experience with the actual and potential issues with which the Department is concerned, including adherence to County requirements such as management of the Living Wage Ordinance. Beyond that, North American demonstrated its ability to successfully manage several County contracts concurrently over the past ten years, thus establishing depth and ability to handle the additional workload.

The Honorable Board of Supervisors

November 2, 2006

Page 5

While another proposer, All American Security, LLC, had the lowest price bid of \$175,616.10, it scored significantly lower than all other proposers in the Experience/Organizational Resources category. The evaluation committee did not feel that its proposal presented adequate information to justify recommending it for this contract. Additionally, its cost was only approximately \$11,000 less annually than North American's bid, which North American's expertise, experience and organizational depth more than made up for.

The evaluation criteria conform to the Living Wage Ordinance Implementation Plan, which requires Departments to refer any reported labor or payroll violations by the highest-rated proposer, as reported by the State Labor Board Division of Labor Standards Enforcement, to the Labor Law/Payroll Violations Assessment Team. North American had no reported violations.

The Director has considered the committee's findings and recommends that your Board approve the contract with North American.

Attachment III details the minority and gender composition of the qualifying firms. North American is not a County-certified Community Business Enterprise. However, on final consideration of award, North American was selected without regard to gender, race, creed or color.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The award of this contract will not result in the displacement of any County employees, as these services are currently being contracted out.

There will be no impact on other County services or projects.

The Honorable Board of Supervisors

Such evaluation will include assessing Contractor's compliance with all contract terms and performance standards. Contractor deficiencies which the County determines are severe or continuing and that may place performance of the agreement in

jeopardy if not corrected will be reported to the Board of Supervisors. The report will include improvement/corrective action measures taken by the County and Contractor. If improvement does not occur consistent with the corrective action measures, County may terminate this agreement or impose other penalties as specified in this agreement.

2.9.2. Contractor's Quality Control Plan. The Contractor shall comply with Contractor's Quality Control Plan, which shall be incorporated in the Contract by reference. To the extent that provisions of Contractor's Quality Control Plan are inconsistent with any other part of the Contract, they shall be ineffective. The Contractor shall not change the Quality Control Plan without written approval of the Director.

2.9.3. County's Quality Assurance Plan

2.9.3.1 The methods and standards by which Contractor's performance shall be evaluated include, but are not limited to, those described in the Performance Requirement Summary Chart (Exhibit 7).

2.9.3.2 Contractor's compliance with the Performance Standard identified in Exhibit 7 shall be evaluated annually as provided in Section 2.9.1.

2.9.3.3 The Contractor agrees to and accepts the provisions of the Performance Standard, including, but not limited to, the sums set forth as liquidated damages for unacceptable performance.

2.9.3.4 Failure to perform the Contract in accordance with the Performance Standard is considered unacceptable. The CA may issue a Discrepancy Report (DR) to the Contractor in any incident of failure to comply with the Performance Standard or other unacceptable performance. In the case of continuing deficiencies, the CA may issue a separate DR each day the deficiency continues.

2.9.3.5 The Contractor shall immediately correct unacceptable performance and shall explain in writing within three days of the date of the DR what caused the unacceptable performance, how and when performance will be returned to acceptable levels, and how the unacceptable performance will be prevented in the future. After considering the incident, the Contractor's

statement and any history of unacceptable performance, the Director may excuse the incident, assess and collect liquidated damages in the manner and amount described in Exhibit 7 or proceed with Contract termination as provided in Section 3.16.

2.9.4 Liquidated Damages

2.9.4.1 In any case of the Contractor's failure to meet the performance requirements stated in Exhibit 7, the County may, in lieu of other remedies provided by law or the Contract, assess liquidated damages in the sums specified in Exhibit 7 and deduct them from the next regularly scheduled payment to the Contractor. However, neither the provision of a sum of liquidated damages for nonperformance or inadequate performance nor the County's acceptance of liquidated damages shall be construed to waive the County's right to reimbursement for damage to its property or indemnity against third-party claims.

2.9.4.2 The amounts of liquidated damages have been set in recognition of the following circumstances existing at the time of the formation of the Contract:

- All the time limits and acts required to be done by both parties are of the essence of the Contract;
- The parties are both experienced in performance of the Contract work;
- The Contract contains a reasonable statement of the work to be performed in order that the expectation of the parties to the Contract are realized. The expectation of the County is a savings in the cost of work previously performed by employees of the County, while the expectation of the Contractor is a realization of a profit through the ability to perform the Contract work in accordance with the terms and condition of the Contract at the Proposal price;
- The parties are not under any compulsion to Contract;
- The Contractor's acceptance of the assessment of liquidated damages against it for unsatisfactory and late performance is by agreement and willingness to be bound as

part of the consideration being offered to the County for the award of the Contract;

- Except where the County has incurred the cost of obtaining substitute performance or terminating the Contract, it would be difficult for the County to prove whether a failure to perform the Contract work for which a liquidated sum has been provided in Exhibit 7 will have resulted in a loss of its savings in the costs of the work to be performed; and
- The liquidated sums specified in Exhibit 7 represent a fair approximation of the damages incurred by the County resulting from the Contractor's failure to meet the performance standard as to each item for which an amount of liquidated damages is specified.

2.9.3.6 Insurance shall never be allowed to lapse. Proof of insurance shall comply with Contract requirements in all respects, including but not limited to state authorization of insurer, presence of each required coverage, and policy limits.

LOS ANGELES COUNTY DEPARTMENT OF BEACHES AND HARBORS
CONTRACT ARMED SECURITY GUARD SERVICES

PART THREE – STANDARD CONTRACT TERMS AND CONDITIONS

3.1 LIMITATION OF COUNTY'S OBLIGATION IN CASE OF NONAPPROPRIATION OF FUNDS

3.1.1 The County's obligation is payable only and solely from funds appropriated for the purpose of this Contract. All funds for payment after June 30th of any fiscal year are subject to County's legislative appropriation for this purpose. Payments during subsequent fiscal periods are dependent upon the same action.

3.1.2 In the event this Contract extends into succeeding fiscal year periods, and if the governing body appropriating the funds does not allocate sufficient funds for the next succeeding fiscal year's payments, then the services shall be terminated as of June 30th of the last fiscal year for which funds were appropriated.

3.2 NONDISCRIMINATION IN EMPLOYMENT

3.2.1 The Contractor shall take affirmative action to ensure that qualified applicants are employed, and that employees are treated equally during employment, without regard to their race, color, religion, sex, ancestry, age, physical disability, marital status, political affiliation, or national origin. Such action shall include, by way of example without limitation: employment; upgrading; recruitment or recruitment advertising; demotion or transfer; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.

3.2.2 The Contractor certifies and agrees that all persons employed by the Contractor, its affiliates, subsidiaries or holding companies, are and will be treated equally by the employer without regard to or because of race, color, religion, sex, ancestry, age, physical disability, marital status, political affiliation, or national origin, and in compliance with all antidiscrimination laws of the United States of America and the State of California.

3.2.3 The Contractor certifies and agrees that it will deal with its Subcontractors, bidders, or vendors without regard to their race, color, religion, sex, ancestry, age, physical disability, marital status, political affiliation, or national origin.

3.2.4 The Contractor shall allow the County access to its employment records during regular business hours to verify compliance with these provisions when requested by the County.

3.2.5 If the County finds that any of the above provisions have been violated, the same shall constitute a material breach of contract upon which the County may determine to terminate the Contract. While the County reserves the right to determine independently that the antidiscrimination provisions of the Contract have been violated, a final determination by the California Fair Employment Practices Commission or the Federal Equal Employment Opportunity Commission that the Contractor has violated state or federal antidiscrimination laws shall constitute a finding on which the County may conclusively rely that the Contractor has violated the antidiscrimination provisions of the Contract.

3.2.6 The parties agree that in the event the Contractor violates the antidiscrimination provisions of the Contract, the County shall at its option be entitled to a sum of five hundred dollars (\$500) pursuant to Section 1671 of the California Civil Code as damages in lieu of terminating the Contract.

3.3 ASSURANCE OF COMPLIANCE WITH CIVIL RIGHTS LAWS.

The Contractor hereby assures it will comply with all applicable federal and state statutes to the end that no person shall, on the grounds of race, religion, ancestry, color, sex, age, physical disability, marital status, political affiliation or national origin, be excluded from participation in, be denied the benefits of, nor be otherwise subjected to discrimination under the Contract or under any project, program, or activity supported by the Contract.

3.4 COMPLIANCE WITH FEDERAL, STATE AND LOCAL LAWS

3.4.1 The Contractor agrees to comply with all applicable federal, state, County and city laws, rules, regulations, ordinances, or codes, and all provisions required by these laws to be included in the Contract are incorporated by reference.

3.4.2 The Contractor warrants that it fully complies with all statutes and regulations regarding the employment eligibility of foreign nationals; that all persons performing the Contract work are eligible for employment in the United States; that it has secured and retained all required documentation verifying employment eligibility of its personnel; and that it shall secure and retain verification of employment eligibility from any new personnel in accordance with the applicable provisions of law.

3.4.3 The Contractor agrees to indemnify and hold the County harmless from any loss, damage or liability resulting from a violation on the part of the Contractor of such laws, rules, regulations or ordinances.

3.5 GOVERNING LAW. The Contract shall be construed in accordance with and governed by the laws of the State of California.

3.6 COVENANT AGAINST CONTINGENT FEES

3.6.1 The Contractor warrants that no person or selling agency has been employed or retained to solicit or secure the Contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies under contract with the Contractor for the purpose of securing business.

3.6.2 The County shall have the right to terminate the Contract for a breach of this warranty, and, at its sole discretion, recover from the Contractor by way of such means as may be available the full amount of any commission, percentage, brokerage or contingent fee paid.

3.7 TERMINATION FOR IMPROPER CONSIDERATION

3.7.1 The County may, by written notice to the Contractor, immediately terminate the right of

the Contractor to proceed under this Contract if it is found that consideration, in any form, was offered or given by Contractor, either directly or through an intermediary, to any County officer, employee or agent with the intent of securing the Contract or securing favorable treatment with respect to the award, amendment or extension of the Contract or the making of any determinations with respect to the Contractor's performance pursuant to the Contract. In the event of such termination, the County shall be entitled to pursue the same remedies against the Contractor as it could pursue in the event of default by the Contractor.

3.7.2 Among other items, such improper consideration may take the form of cash, discounts, services, tangible gifts or the provision of travel or entertainment.

3.7.3 The Contractor shall immediately report any attempt by a County officer, employee or agent to solicit such improper consideration. The report shall be made either to the County manager charged with the supervision of the employee or to the County Auditor-Controller's Employee Fraud Hotline at (213) 974-0914 or (800) 544-6861.

3.8 INDEMNIFICATION. The Contractor shall indemnify, defend and hold harmless the County and its Special Districts, elected and appointed officers, employees and agents ("County") from and against any and all liability, including but not limited to demands, claims, actions, fees, costs and expenses (including attorney and expert witness fees), arising from or connected with Contractor's operations or its services, which result from bodily injury, death, personal injury, or property damage (including damage to Contractor's property). Contractor shall not be obligated to indemnify for liability and expense ensuing from the active negligence of the County.

3.9 INSURANCE

Without limiting the Contractor's indemnification of the County and during the term of this Contract, the Contractor shall provide and maintain, and shall require all of its Subcontractors to maintain, the programs of insurance specified in this Contract. Such insurance shall be primary to and not contributing with any other insurance or self-

The County retains the right to require the Contractor to reduce or eliminate such deductibles or self-insured retentions as they apply to the County, or require the Contractor to provide a bond guaranteeing payment of all such retained losses and related costs, including, but not limited to, expenses or fees, or both, related to investigations, claims administrations and legal defense. Such bond shall be executed by a corporate surety licensed to transact business in the State of California.

3.9.3 Insurer Financial Rating. Insurance is to be provided by an insurance company acceptable to the County with an A.M. Best rating of not less than A:VII, unless otherwise approved by the County.

3.9.4 Failure to Maintain Coverage. Failure by the Contractor to maintain the required insurance or to provide evidence of insurance coverage acceptable to the County shall constitute a material breach of the Contract upon which the County may immediately

terminate or suspend this Contract. The County, at its sole option, may obtain damages from the Contractor resulting from said breach. Alternatively, the County may purchase such required insurance coverage and, without further notice to the Contractor, the County may deduct from sums due to the Contractor any premium costs advanced by the County for such insurance.

3.9.5 Notification of Incidents, Claims or Suits. Contractor shall report to County:

- (1) Any accident or incident related to services performed under this Contract which involves injury or property damage which may result in the filing of a claim or lawsuit against Contractor and/or County. Such report shall be made in writing within 24 hours of occurrence;
- (2) Any third party claim or lawsuit filed against Contractor arising from or related to services performed by Contractor under this Contract;
- (3) Any injury to a Contractor employee that occurs on County property. This report shall be submitted on a County "Non-employee Injury Report" to the County CA; and

3.9.6 Compensation for County Costs. In the event that Contractor fails to comply with any of the indemnification or insurance requirements of this Contract, and such failure to comply results in any costs to the County, Contractor shall pay full compensation for all costs incurred by the County.

3.9.7 Insurance Coverage Requirements for Subcontractors. Contractor shall ensure any and all Subcontractors performing services under this Contract meet insurance requirements of this Contract by either Contractor providing evidence to the CA of insurance covering the activities of Subcontractors, or Contractor providing evidence to the CA submitted by Subcontractors evidencing that Subcontractors maintain the required insurance coverage. The County retains the right to obtain copies of evidence of Subcontractor insurance coverage at any time.

3.9.8 Insurance Coverage Requirements.

The Contractor shall maintain the insurance coverages specified in this Section 3.9.8 in the amounts specified.

3.9.8.3 Workers' Compensation and Employers' Liability insurance providing Workers' Compensation benefits as required by the Labor Code of the State of California or by any other state, and for which Contractor is responsible. If Contractor's employees will be engaged in maritime employment, coverage shall provide workers compensation benefits as required by the U.S. Longshore and Harbor Workers' Compensation Act, Jones Act or any other federal law for which Contractor is responsible. 3.10 STATUS OF CONTRACTOR'S EMPLOYEES; INDEPENDENT STATUS OF CONTRACTOR

3.10.1 Contractor shall at all times be acting as an independent contractor. The Contract is not intended, and shall not be construed, to create the relationship of agent, servant, employee, partnership, joint venture or association as between the County and Contractor.

3.10.2 Contractor understands and agrees that all of Contractor's personnel who furnish services to the County under the Contract are employees solely of Contractor and not of County for purposes of Workers' Compensation liability.

3.10.3 Contractor shall bear the sole responsibility and liability for furnishing Workers' Compensation benefits to Contractor's personnel for injuries arising from or connected with the performance of the Contract.

3.11 RECORD RETENTION AND INSPECTION

3.11.1 The Contractor agrees that the County or any duly authorized representative shall have the right to examine, audit, excerpt, copy or transcribe any transaction, activity, time card, cost accounting record, financial record, proprietary data or other record pertaining to the Contract. Contractor shall keep all such material for four years after the completion or termination of the Contract, or until all audits are complete, whichever is later.

3.11.2 If any such records are located outside the County of Los Angeles, the Contractor shall pay the County for travel and per diem costs connected with any inspection or audit.

3.12 AUDIT SETTLEMENT

3.12.1 If, at any time during the term of the Contract or at any time after the expiration or termination of the Contract, authorized representatives of the County conduct an audit of the Contractor regarding performance of the Contract and if such audit finds that the County's obligation for the Contract payment is less than the payments made by the County to the Contractor, then the Contractor agrees that the difference shall be either paid forthwith by the Contractor, or at the Director's option, credited

to the County against any future Contract payments.

3.12.1.1 If such audit finds that the County's obligation for the Contract payment is more than the payments made by the County to the Contractor, then the difference shall be paid to the Contractor by the County, provided that in no event shall the County's maximum obligation under the Contract exceed the funds appropriated by the County for the purpose of the Contract.

3.13 VALIDITY. The invalidity in whole or in part of any provision of the Contract shall not void or affect the validity of any other provision.

3.14 WAIVER. No waiver of a breach of any provision of the Contract by either party shall constitute a waiver of any other breach of the provision. Failure of either party to enforce a provision of the Contract at any time, or from time to time, shall not be construed as a waiver of the provision or any other provision. The Contract remedies shall be cumulative and additional to any other remedies in law or in equity.

3.15 DISCLOSURE OF INFORMATION

3.15.1 The Contractor shall not disclose any details in connection with the Contract or any work performed under the Contract to any third party, except as may be required by law or as expressly authorized in writing by the Director.

3.15.2 However, recognizing the Contractor's need to identify its services and clients, the Contractor may publicize the Contract work, subject to the following limitations:

(1) All publicity shall be presented in a professional manner.

(2) The name of the County shall not be used in commercial advertisements, press releases, opinions or featured articles, without the prior written consent of the Director. 3.16 COUNTY'S REMEDIES FOR DEFAULT

3.16.1 If the Contractor fails to perform the Contract work in accordance with the covenants, terms and conditions of the Contract or fails to comply with any other material covenant, term or condition of the Contract, the County may, by written notice of default to the Contractor, terminate the whole or any part of the Contract. Nothing in this Section 3.16 shall prevent the County from recovering any and all damages arising from the default. The County may elect not to terminate the Contract without waiving its right to such recovery.

3.16.2 Contractor shall have ten (10) calendar days from written notification of default in which to cure the default. The County, in its sole discretion, may by written notice allow a longer or additional period for cure.

3.16.3 If the Contractor does not cure the default within the time specified by the notice of default or written extension of time, the Contract shall be terminated. In such event, all finished or unfinished documents, data and reports prepared by the Contractor under this Contract shall be transferred immediately to the County.

3.16.4 In the event the County terminates the Contract in whole or in part for the Contractor's default, the County may procure replacement services from a third party or by County's employees upon such terms and in such manner as the County deems appropriate. The Contractor shall be liable to the County for any excess costs arising from the use of replacement services. Excess costs shall consist of those costs incurred by the County in procuring replacement services, which exceed the costs the County would have been obligated to pay the Contractor for the services in question. The Contractor shall continue performance of any part of the Contract work not terminated.

3.16.5 Except with respect to defaults of Subcontractors, the Contractor shall not be liable for any excess costs if the failure to perform arises out of causes beyond the control

and without the fault or negligence of the Contractor. Such causes may include, but are not restricted to, acts of the public enemy, acts of the County in either its sovereign or contractual capacity, acts of the federal and state governments in their sovereign capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargos, and unusually severe weather. If the failure to perform is caused by the default of a Subcontractor arising from causes beyond the control of both Contractor and Subcontractor, and without the negligence of either of them, the Contractor shall not be liable for any excess costs for failure to perform unless the Contractor had sufficient time to obtain performance from another party.

3.16.6 If, after termination, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the Contract were terminated pursuant to Section 3.18 (Termination for Convenience of the County).

3.16.7 The rights and remedies of the County provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law or under the Contract.

3.17 DEFAULT FOR INSOLVENCY

3.17.1 Notwithstanding the provisions of Section 3.16, the County may cancel the Contract for default without giving the Contractor written notice of default and time to cure upon the occurrence of any of the following events:

(1) The Contractor becomes insolvent. The Contractor shall be deemed to be insolvent if it has ceased to pay its debts in the ordinary course of business or cannot pay its debts as they become due, whether it has committed an act of bankruptcy or not, whether it has filed for federal bankruptcy protection and whether it is insolvent within the meaning of the federal bankruptcy law.

(2) The filing of a voluntary petition to have the Contractor declared bankrupt.

(3) The appointment of a receiver or trustee for the Contractor.

(4) The execution of the Contractor of an assignment of the Contract for the benefit of creditors.

3.17.2 The rights and remedies of the County provided in this section shall not be exclusive and are in addition to any rights and remedies provided by law or under the Contract.

3.18 TERMINATION FOR CONVENIENCE OF THE COUNTY

3.18.1 The performance of the Contract work may be terminated in whole or in part from time to time when such action is deemed by the County to be in its best interest, subject to delivery to the Contractor of a ten (10) day advance notice of termination specifying the extent to which the Contract work is terminated, and the date upon which such termination becomes effective. After receipt of a notice of suspension of performance or termination, the Contractor shall stop the Contract work on the date and to the extent specified in the notice.

3.18.2 County may suspend performance or terminate the Contract without liability for damages if County is prevented from performing by reasons beyond its control, including but not limited to operation of laws, acts of God, and official acts of local, state, or federal authorities.

3.18.3 The County and Contractor shall negotiate an equitable amount to be paid the Contractor by reason of the total or partial termination of work pursuant to this section, which amount may include a reasonable allowance for profit on the Contract work that has been performed and has not been paid, provided that such amount shall not exceed the total obligation to pay for the Contract work performed as reduced by the amount of Contract payments otherwise made.

3.18.4 The Contractor shall make available to the County, for a period of four (4) years after Contract termination, at all reasonable times, at the office of the Contractor, all books, records, documents, or other evidence bearing on the costs and expenses of the Contractor in respect to the termination under this section of the Contract work. In the event records are located outside the County of Los Angeles, the Contractor will pay the County for traveling and per diem costs connected with the inspection or audit.

3.19 NOTICE OF DELAY. Except as otherwise provided, when either party knows of

any fact that will prevent timely performance of the Contract, that party shall give notice, including all relevant information, to the other party within five days.

3.20 NOTIFICATION. Except as otherwise provided by the Contract, notices desired or required to be given by law or under the Contract may, at the option of the party giving notice, be given by enclosing a written notice in a sealed envelope addressed to the party for whom intended and by depositing such envelope with postage prepaid in the United States mail. Any such notice shall be addressed to the Contractor at the address shown for the Contractor in the Proposal or such other place designated in writing by the Contractor. Notice to the County shall be addressed to the Director, Department of Beaches and Harbors, 13837 Fiji Way, Marina del Rey, California 90292, or such other place as the Director may designate in writing.

3.21 CONFLICT OF INTEREST

3.21.1 The Contractor represents and warrants the statements set forth in the conflict of interest certification of its Proposal are true and correct.

3.21.2 The Contractor further agrees that anyone who is an employee or former employee of the County at the time of execution of the Contract by the Board of Supervisors and who subsequently becomes affiliated with the Contractor in any capacity shall not perform the Contract work or share in the Contractor's profits for a period of one (1) year from the date of termination of the employee's employment with the County.

3.21.3 The County shall have the right to terminate the Contract for a breach by the Contractor of either its warranty or promise on the absence of the prohibited conflicts of interest.

3.22 DELEGATION AND ASSIGNMENT

3.22.1 The Contractor may not delegate its duties or assign its rights under the Contract, either in whole or in part, without the written prior consent of the Director. Any delegation of duties or assignment of rights under the Contract without the expressed written consent of the County shall be null and void and shall

constitute a breach for which the Contract may be terminated.

3.22.2 Any delegation of duties or assignment of rights (including but not limited to a merger, acquisition, asset sale and the like) shall be in the form of a subcontract or formal assignment, as applicable. The Contractor's request to the Director for approval of an assignment shall include all information that must be submitted with a request by the Contractor to the County for approval of a subcontract of the Contract work pursuant to Section 3.23.

3.23 SUBCONTRACTING

3.23.1 Performance of the Contract work may not be subcontracted without the express written consent of the Director or authorized representative. Any subcontract of the Contract work without the express written consent of the Director or authorized representative shall be null and void and shall constitute a breach for which the Contract may be terminated.

3.23.2 The Contractor's request to the Director for approval to enter into a subcontract of the Contract work shall include:

- (1) A description of the work to be performed by the Subcontractor;
- (2) Identification of the proposed Subcontractor and an explanation of why and how the proposed Subcontractor was selected, including the degree of competition in the selection process;
- (3) The proposed subcontract amount, together with the Contractor's cost or price analysis; and
- (4) A copy of the proposed subcontract.

3.23.3 In the event the Director or authorized representative should consent to a subcontract for the performance of the Contract work, the terms and conditions of the Contract shall be made expressly applicable to the work that is to be performed by the Subcontractor.

3.23.4 In the event the Director or authorized representative should consent to a subcontract, the Contractor shall provide in the approved subcontract an agreement that the work of the Subcontractor is pursuant to the terms of a prime contract with the County of Los Angeles,

and that all representations and warranties shall inure to the benefit of the County of Los Angeles.

3.23.5 Subcontracts shall be made in the name of the Contractor and shall not bind nor purport to bind the County. The making of subcontracts shall not relieve the Contractor from performing the Contract work in accordance with the terms and conditions of the Contract. Approval of any subcontract by the County shall not be construed as effecting any increase in the compensation to be paid for the Contract work.

3.23.6 Any later modification or amendment of the subcontract shall be approved in writing by the Director or authorized representative before such modification or amendment is effective.

3.24 CHANGES AND AMENDMENTS

3.24.1 Except as provided in this Section 3.24, renewals and other modifications of this Contract shall be in writing and shall be executed by the parties and approved by the Board in the same manner as the Contract.

3.24.2 A change which does not materially effect the scope of work, period of performance, compensation, method of payment, insurance or other material term or condition of the Contract shall be effective upon the Director or his authorized representative and the Contractor signing an amendment or other writing reflecting a modification of the Contract.

3.24.3 The Director or authorized representative may, in his or her sole discretion, grant the Contractor extensions of time for performance of the work where such extensions do not materially effect the work. Such extensions shall not be deemed to extend the term of the Contract.

3.25 PROPRIETARY RIGHTS. All materials, data and other information of any kind obtained from County personnel and all materials, data, reports and other information of any kind developed by the Contractor under the Contract are the property of the County, and the Contractor agrees to take all necessary measures to protect the security and confidentiality of all such materials, data, reports and information. The provisions of this paragraph shall survive the expiration or other termination of the Contract.

3.26 TIME. Except as specifically otherwise provided in the Contract, time is of the essence in the performance of the Contract work and all terms and conditions of the Contract with respect to such performance shall be construed.

3.27 AUTHORIZATION. The Contractor represents and warrants that its signatory to the Contract is fully authorized to obligate the Contractor for performance of the Contract work, and that all necessary acts to the execution of the Contract have been performed.

3.28 COMPLIANCE WITH COUNTY LOBBYING REQUIREMENTS

3.28.2 Failure on the part of the Contractor or any County lobbyist or County lobbying firm retained by the Contractor to fully comply with the County Lobbyist Ordinance shall constitute a material breach of the Contract upon which the County may immediately terminate or suspend the Contract notwithstanding the opportunity to cure otherwise made available under Section 3.16.

3.29 CONSIDERATION OF HIRING COUNTY EMPLOYEES ON A REEMPLOYMENT LIST OR TARGETED FOR LAYOFFS

Should the Contractor require additional or replacement personnel after the effective date of this Contract to perform the services set forth herein, the Contractor shall give first consideration for such employment openings to qualified permanent County employees who are targeted for layoff or qualified former County employees who are on a reemployment list during the life of this agreement.

3.30 CONSIDERATION OF GREATER AVENUES FOR INDEPENDENCE (GAIN) OR GENERAL RELIEF OPPORTUNITIES FOR WORK (GROW) PARTICIPANTS FOR EMPLOYMENT

Should the Contractor require additional or replacement personnel after the effective date of

the agreement, contractor shall give consideration for any such employment openings to participants in the County's Department of Public Social Services' Greater Avenues for Independence (GAIN) Program or General Relief Opportunities for Work (GROW) Program who meet Contractor's minimum qualifications for the open position. County will refer GAIN/GROW participants, by job category, to Contractor.

3.31 COUNTY'S CHILD SUPPORT COMPLIANCE PROGRAM

3.31.1 Contractor's Warranty of Adherence to County Child Support Compliance Program. Contractor acknowledges that County has established a goal of ensuring that all individuals who benefit financially from County through contract are in compliance with their court-ordered child, family and spousal support obligations in order to mitigate the economic burden otherwise imposed upon County and its taxpayers.

As required by the County's Child Support Compliance Program (County Code Chapter 2.200) and without limiting the Contractor's duty under this Contract to comply with all applicable provisions of law, Contractor warrants that it is now in compliance and shall during the term of this Contract maintain compliance with employment and wage reporting requirements as required by the Federal Social Security Act (41 USC Section 653a) and California Unemployment Insurance Wage and Earnings Withholding Orders or Child Support Services Department Notices of Wage and Earnings Assignment for Child or Spousal Support, pursuant to Code of Civil Procedure Section 706.031 and Family Code Section 5246(b).

3.31.2 Termination for Breach of Warranty to Maintain Compliance with County Child Support Compliance Program. Failure of Contractor to maintain compliance with the requirements set forth in the preceding Section 3.31.1 "Contractor's Warranty of Adherence to County's Child Support Compliance Program" shall constitute a default by Contractor under this Contract. Without limiting the rights and remedies available to County under any other provision of this Contract, failure to cure such default within 90 days of notice by the Los Angeles County Child Support Services Department shall be grounds upon which the

County Board of Supervisors may terminate this Contract pursuant to Section 3.16 "County's Remedies for Default."

3.31.3 Voluntary Posting of "Delinquent Parents" Poster. Contractor acknowledges that County places a high priority on the enforcement of child support laws and apprehension of child support evaders. Contractor understands that it is County's policy to encourage all County contractors to voluntarily post County's "L.A.'s Most Wanted: Delinquent Parents" poster in a prominent position at Contractor's place of business. County Child Support Services Department will supply Contractor with the poster to be used.

3.32 COMPLIANCE WITH LIVING WAGE PROGRAM

3.32.1 Living Wage Program. This Contract is subject to the provisions of the County's ordinance entitled Living Wage Program ("Program") as codified in Sections 2.201.010 through 2.201.100 of the Los Angeles County Code, a copy of which is attached hereto as Exhibit 12 and incorporated by reference into and made a part of the Contract.

3.32.2 Payment of Living Wage Rates.

3.32.2.1 Unless Contractor has demonstrated to the County's satisfaction either that Contractor is not an "Employer" as defined under the Program (Section 2.201.020 of the County Code) or that Contractor qualifies for an exception to the Program (Section 2.201.090 of the County Code), Contractor shall pay its Employees no less than the applicable hourly living wage rate, as set forth immediately below, for the Employees' services provided to the County under the Contract:

(a) Not less than \$9.46 per hour if, in addition to the per-hour wage, Contractor contributes less than \$1.14 per hour towards the provision of bona fide health care benefits for its Employees and any dependents; or

(b) Not less than \$8.32 per hour if, in addition to the per-hour wage, Contractor contributes at least \$1.14 per hour towards the provision of bona fide health care benefits for its Employees and any dependents. Contractor will be deemed to have contributed \$1.14 per hour towards the provision of bona fide health care benefits if the benefits are provided through the County Department of Health Services

Community Health Plan. If, at any time during the Contract, Contractor contributes less than \$1.14 per hour towards the provision of bona fide health care benefits, Contractor shall be required to pay its Employees the higher hourly living wage rate.

3.32.2.2 For purposes of this Section, "Contractor" includes any subcontractor engaged by Contractor to perform services for the County under the Contract. If Contractor uses any subcontractor to perform services for the County under the Contract, the subcontractor shall be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract agreement and a copy of the Program shall be attached to the agreement. "Employee" means any individual who is an employee of Contractor under the laws of California, and who is providing full-time services to Contractor, some or all of which are provided to the County under the Contract. "Full-time" means a minimum of 40 hours worked per week, or a lesser number of hours, if the lesser number is a recognized industry standard and is approved as such by the County; however, fewer than 35 hours worked per week will not, in any event, be considered full time.

3.32.2.3 If Contractor is required to pay a living wage when the Contract commences, Contractor shall continue to pay a living wage for the entire term of the Contract, including any option period.

3.32.2.4 If Contractor is not required to pay a living wage when the Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exemption status" from the living wage requirement, and Contractor shall immediately notify County if Contractor at any time either comes within the Program's definition of "Employer" or if Contractor no longer qualifies for an exception to the Program. In either event, Contractor shall immediately be required to commence paying the living wage and shall be obligated to pay the living wage for the remaining term of the Contract, including any option period. The County may also require, at any time during the Contract and at its sole discretion, that Contractor demonstrate to the County's satisfaction that Contractor either continues to remain outside of the Program's definition of "Employer" and/or that Contractor continues to qualify for an exception to the Program. Unless

Contractor satisfies this requirement within the time frame permitted by the County, Contractor shall immediately be required to pay the living wage for the remaining term of the Contract, including any option period.

3.32.3 Contractor's Submittal of Certified Monitoring Reports. Contractor shall submit to the County certified monitoring reports at a frequency instructed by the County. The certified monitoring reports shall list all of Contractor's Employees during the reporting period. The certified monitoring reports shall also verify the number of hours worked, the hourly wage rate paid, and the amount paid by Contractor for health benefits, if any, for each of its Employees. The certified monitoring reports shall also state the name and identification number of Contractor's current health care benefits plan, and Contractor's portion of the premiums paid as well as the portion paid by each Employee. All certified monitoring reports shall be submitted on forms provided by the County, or any other form approved by the County which contains the above information. The County reserves the right to request any additional information it may deem necessary. If the County requests additional information, Contractor shall promptly provide such information. Contractor, through one of its officers, shall certify under penalty of perjury that the information contained in each certified monitoring report is true and accurate.

3.32.4 Contractor's Ongoing Obligation to Report Labor Law/Payroll Violations and Claims.

During the term of the Contract, if the Contractor becomes aware of any labor law/payroll violation or any complaint, investigation or proceeding ("claim") concerning any alleged labor law/payroll violation (including but not limited to any violation or claim pertaining to wages, hours and working conditions such as minimum wage, prevailing wage, living wage, the Fair Labor Standards Act, employment of minors, or unlawful employment discrimination), the Contractor shall immediately inform the County of any pertinent facts known by the Contractor regarding same. This disclosure obligation is not limited to any labor law/payroll violation or claim arising out of the Contractor's Contract with the County, but instead applies to any labor law/payroll violation or claim arising out of any of the Contractor's operations in California.

3.32.5 County Auditing of Contractor Records. Upon a minimum of twenty-four (24) hours' written notice, the County may audit, at Contractor's place of business, any of Contractor's records pertaining to the Contract, including all documents and information relating to the certified monitoring reports. Contractor is required to maintain all such records in California until the expiration of four years from the date of final payment under the Contract. Authorized agents of the County shall have access to all such records during normal business hours for the entire period that records are to be maintained.

3.32.6 Notifications to Employees. Contractor shall place County-provided living wage posters at each of Contractor's place of business and locations where Contractor's Employees are working. Contractor shall also distribute County-provided notices to each of its Employees at least once per year. Contractor shall translate into Spanish and any other language spoken by a significant number of Employees the posters and handouts.

3.32.7 Enforcement and Remedies. If Contractor fails to comply with the requirements of this Section, the County shall have the rights and remedies described in this Section in addition to any rights and remedies provided by law or equity.

3.32.7.1 Remedies For Submission of Late or Incomplete Certified Monitoring Reports. If Contractor submits a certified monitoring report to the County after the date it is due or if the report submitted does not contain all of the required information or is inaccurate or is not properly certified, any such deficiency shall constitute a breach of the Contract. In the event of any such breach, the County may, in its sole discretion, exercise any or all of the following rights/remedies:

(a) Withholding of Payment. If Contractor fails to submit accurate, complete, timely and properly certified monitoring reports, the County may withhold from payment to Contractor up to the full amount of any invoice that would otherwise be due, until Contractor has satisfied the concerns of the County, which may include required submittal of revised certified monitoring reports or additional supporting documentation.

(b) Liquidated Damages. It is mutually understood and agreed that

Contractor's failure to submit an accurate, complete, timely and properly certified monitoring report will result in damages being sustained by the County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; that the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time; and that the liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, in the event that a certified monitoring report is deficient, including but not limited to being late, inaccurate, incomplete or uncertified, it is agreed that the County may, in its sole discretion, assess against Contractor liquidated damages in the amount of \$100 per monitoring report for each day until the County has been provided with a properly prepared, complete and certified monitoring report. The County may deduct any assessed liquidated damages from any payments otherwise due Contractor.

(c) Termination. Contractor's failure to submit an accurate, complete, timely and properly certified monitoring report may constitute a material breach of the Contract. In the event of such material breach, County may, in its sole discretion, terminate the Contract.

3.32.7.2 Remedies for Payment of Less Than the Required Living Wage. If Contractor fails to pay any Employee at least the applicable hourly living wage rate, such deficiency shall constitute a breach of the Contract. In the event of any such breach, the County may, in its sole discretion, exercise any or all of the following rights/remedies:

(a) Withholding Payment. If Contractor fails to pay one or more of its Employees at least the applicable hourly living wage rate, the County may withhold from any payment otherwise due Contractor the aggregate difference between the living wage amounts Contractor was required to pay its Employees for a given pay period and the amount actually paid to the Employees for that pay period. The County may withhold said amount until Contractor has satisfied the County that any underpayment has been cured, which may include required submittal of revised certified monitoring reports or additional supporting documentation

(b) Liquidated Damages. It is mutually understood and agreed that Contractor's failure

to pay any of its Employees at least the applicable hourly living wage rate will result in damages being sustained by the County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; that the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time; and that the liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, it is agreed that the County may, in its sole discretion, assess against Contractor liquidated damages of \$50 per Employee per day for each and every instance of an underpayment to an Employee. The County may deduct any assessed liquidated damages from any payments otherwise due Contractor.

(c) Termination. Contractor's failure to pay any of its Employees the applicable hourly living wage rate may constitute a material breach of the Contract. In the event of such material breach, County may, in its sole discretion, terminate the Contract.

3.32.8 Debarment. In the event Contractor breaches a requirement of this Section, the County may, in its sole discretion, bar Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach, not to exceed three years.

3.32.9 Use of Full-Time Employees. Contractor shall assign and use full-time employees of Contractor to provide services under the Contract unless Contractor can demonstrate to the satisfaction of the County that it is necessary to use non-full-time employees based on staffing efficiency or County requirements for the work to be performed under the Contract. It is understood and agreed that Contractor shall not, under any circumstance, use non-full-time employees for services provided under the Contract unless and until the County has provided written authorization for the use of same. Contractor submitted with its proposal a full time employee staffing plan. If Contractor changes its full time employee staffing plan, Contractor shall immediately provide a copy of the new staffing plan to the County.

3.32.10 Contractor Retaliation Prohibited. Contractor and/or its employees shall not take any adverse action which would result in the loss of any benefit of employment, any contract

benefit, or any statutory benefit for any employee, person or entity who has reported a violation of the Program to the County or to any other public or private agency, entity or person. A violation of the provisions of this paragraph may constitute a material breach of the Contract. In the event of such material breach, County may, in its sole discretion, terminate the Contract.

3.32.11 Contractor Standards. During the term of the Contract, Contractor shall maintain business stability, integrity in employee relations and the financial ability to pay a living wage to its employees. If requested to do so by the County, Contractor shall demonstrate to the satisfaction of the County that Contractor is complying with this requirement.

3.32.12 Neutrality in Labor Relations. Contractor shall not use any consideration received under the Contract to hinder, or to further, organization of, or collective bargaining activities by or on behalf of Contractor's employees, except that this restriction shall not apply to any expenditure made in the course of good faith collective bargaining, or to any expenditure pursuant to obligations incurred under a bona fide collective bargaining agreement, or which would otherwise be permitted under the provisions of the National Labor Relations Act.

3.33 CONTRACTOR'S CHARITABLE ACTIVITIES COMPLIANCE

3.33.1 The Supervision of Trustees and Fundraisers for Charitable Purposes Act regulates entities receiving or raising charitable contributions. The "Nonprofit Integrity Act of 2004" (SB 1262, Chapter 919) increased Charitable Purposes Act requirements. By requiring Contractors to complete the certification Form P-11, the County seeks to ensure that all County contractors which receive or raise charitable contributions comply with California law in order to protect the County and its taxpayers. A contractor which receives or raises charitable contributions without complying with its obligations under California law commits a material breach subjecting it to either contract termination or debarment proceedings or both. (County Code Chapter 2.202)

3.34 CONTRACTOR RESPONSIBILITY AND DEBARMENT

3.34.1 A responsible Contractor is a Contractor who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity and experience to satisfactorily perform the Contract. It is the County's policy to conduct business only with responsible Contractors.

3.34.2 The Contractor is hereby notified that, in accordance with Chapter 2.202 of the County Code, if the County acquires information concerning the performance of the Contractor on this or other contracts which indicates that the Contractor is not responsible, the County may, in addition to other remedies provided in the Contract, debar the Contractor from bidding on County contracts for a specified period of time which generally will not exceed five years, but may exceed five years or be permanent if warranted by the circumstances, and terminate any or all existing contracts the Contractor may have with the County.

3.34.3 The County may debar a contractor if the Board of Supervisors finds, in its discretion, that the Contractor has done any of the following: (1) violated any term of a contract with the County or a nonprofit corporation created by the County; (2) committed any act or omission which negatively reflects on the Contractor's quality, fitness, or capacity to perform a contract with the County or any other public entity, or a nonprofit corporation created by the County, or engaged in a pattern or practice which negatively reflects on same, (3) committed an act or offense which indicates a lack of business integrity or business honesty, or (4) made or submitted a false claim against the County or any other public entity.

3.34.4 If there is evidence that the Contractor may be subject to debarment, the Department will notify the Contractor in writing of the evidence which is the basis for the proposed debarment and will advise the Contractor of the scheduled date for a debarment hearing before the Contractor Hearing Board.

3.34.5 The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Contractor and/or the Contractor's representative shall be given an opportunity to submit evidence at that hearing. After the

hearing, the Contractor Hearing Board shall prepare a tentative proposed decision, which shall contain a recommendation regarding whether the Contractor should be debarred, and, if so, the appropriate length of time of the debarment. The Contractor and the Department shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board of Supervisors.

3.34.6 After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision and any other recommendation of the Contractor Hearing Board shall be presented to the Board of Supervisors. The Board of Supervisors shall have the right to modify, deny or adopt the proposed decision and recommendation of the Hearing Board.

3.34.7 If a Contractor has been debarred for a period longer than five years, that Contractor may, after the debarment has been in effect for at least five years, submit a written request for review of the debarment determinations to reduce the period of debarment or terminate the debarment. The County may, in its sole discretion, reduce the period of debarment or terminate the debarment if it finds that the Contractor has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership or management; (3) material evidence discovered after debarment was imposed; or (4) an other reason that is in the best interest of the County.

3.34.8 The Contractor Hearing Board will consider a request for review of debarment determination only where (1) the Contractor has been debarred for a period longer than five years; (2) the debarment has been in effect for at least five years; and (3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request the Contractor Hearing Board will provide notice of the hearing on the request. At the hearing, the Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by the Contractor Hearing Board pursuant to the same procedures as for a

debarment hearing. The Contractor Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing Board shall present its proposed decision and recommendation to the Board of Supervisors. The Board of Supervisors shall have the right to modify, deny, or adopt the processed decision and recommendation of the Contractor Hearing Board.

3.349 These terms shall also apply to Subcontractors of County Contractors.

3.35 NOTICE TO EMPLOYEES REGARDING THE FEDERAL EARNED INCOME TAX CREDIT. Contractor shall notify its employees, and shall require each Subcontractor to notify its employees, that they may be eligible for the federal Earned Income Tax Credit under the federal income tax laws. Such notice shall be provided in accordance with the requirements set forth in Internal Revenue Service Notice 1015.

3.36 CONTRACTOR TO USE RECYCLED PAPER. Consistent with the Board of Supervisors' policy to reduce the amount of solid waste deposited at the County landfills, the Contractor agrees to use recycled-content paper to the maximum extent possible on all work performed under this Contract.

3.37 COMPLIANCE WITH JURY SERVICE PROGRAM

3.37.1 Jury Service Program. This Contract is subject to the provisions of the County's ordinance entitled Contractor Employee Jury Service ("Jury Service Program") as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code.

3.37.2 Written Employee Jury Service Program.

3.37.2.1 Unless Contractor has demonstrated to the County's satisfaction either that Contractor is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of the County Code) or that the Contractor qualifies for an exception to the Jury Service Program (Section 2.203.070 of the County Code), Contractor shall have and adhere to a written policy that provides that its employees shall receive from the Contractor, on an annual basis,

no less than five days regular pay for actual jury service. The policy may provide that employees deposit any fees received for such jury service with the Contractor or that the Contractor deduct from the employee's regular pay the fees received for jury service.

3.37.2.2 For purposes of this section, "Contractor" means a person, partnership, corporation, or other entity which has a contract with the County or a subcontract with a County contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts. "Employee" means any California resident who is a full time employee of Contractor. "Full time means 40 hours or more worked per week, or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by the County, or 2) Contractor has a long-standing practice that defines the lesser number of hours as full time. Full-time employees providing short-term, temporary services of 90 days or less within a 12-month period are not considered full time for purposes of the Jury Service Program. If Contractor uses any Subcontractor to perform services for the County under this Contract, the Subcontractor shall also be subject to the provisions of this section. The provisions of this section shall be inserted into any such subcontract agreement and a copy of the Jury Service Program shall be attached to the agreement.

3.37.2.3 If Contractor is not required to comply with the Jury Service Program when the Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and Contractor shall immediately notify County if Contractor at any time either comes within the Jury Service Program's definition of "Contractor" or if Contractor no longer qualifies for an exception to the Program. In either event, Contractor shall immediately implement a written policy consistent with the Jury Service Program. The County may also require, at any time during the Contract and at its sole discretion, that Contractor demonstrate to the County's satisfaction that Contractor either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that Contractor continues to qualify for an exception to the Program.

Fill in all of the unshaded boxes. This chart will be used for a variety of purposes as follows:

- The first three columns (relating to "Standard Staffing Hours") should reflect the annual staffing hours of security services required by the Contract for security services as detailed in the Statement of Work and Description of Work (Exhibit 4) and the hours of service rendered by Other Personnel such as Supervisors and the Contractor Representative.
 - No minimum hourly requirement is given for the positions of Supervisors or Contractor Representative, but the quoted numbers will be used by the County to assist in evaluation of the adequacy of the Proposer's Staffing/Work Plan (Form P-2). The cost for providing these hours should be factored into the contractor's overhead costs.

- The next column ("Hourly Wage") should reflect actual hourly wages paid, which the County will use to judge whether the Proposer complies with the County Living Wage Program (Exhibit 12).
- The second-to-last column ("Proposed Price Per Hour For Contract Work") will be used for adjustments to monthly compensation in those instances when a change in staffing levels or extra work has been authorized by the Director. The hourly rate must equal the Annual Cost to County divided by 9,855, or the cost of one hour of security guard services.

MAJOR ACCOMPLISHMENTS

Gang Enforcement

As the chief of Police in the City of Oxnard, developed a fully coordinated and integrated method of gang enforcement which has resulted in a 22% reduction in violent gang crime in an 18-month period. Attained the Gang Violence Suppression (GVS) grant from the State that addresses gang violence in a collaborative effort through prevention, intervention and enforcement. Through the federal Weed & Seed grant, developed a Violent Crime Task Force (VCTF) which includes the FBI, INS, Oxnard Police Department, Parole and Probation, in targeting violent offenders and gang members. Assigned the Special Enforcement Unit (SEU) and the VCTF, under the command of the Special Operations Commander, which ensured unity of command and effort in gang enforcement

Mediation

As the Ombudsperson for the Los Angeles Police Department, established the Office of the Ombudsperson and developed duties and responsibilities for the newly created position. Earned mediation certificate from the nationally acclaimed CDR. Developed mission, goals, and measures of effectiveness for Ombudsperson program with the LAPD.

Community Policing

As the LAPD Commanding Officer of Hollenbeck Area, implemented area-wide concepts which presently form the Department's Community Based Policing model. The success of this departure from the traditional methods of providing police services resulted in four consecutive years of decreasing crime.

As the Chief of Police of the Oxnard Police Department, established Community Police Advisory Boards and Chief's Community Councils to provide direct citizen input into the Department. As part of the weed & seed grant, developed a number of prevention and intervention programs which include drug education for youth, and young women's and young men's symposiums, senior outreach, job skills programs, and after-school programs. As a result of these efforts, the city of Oxnard has experienced a near 25% reduction in Part I crimes from 1999 through 2001. While the overall crime rate in Oxnard has increased slightly for the first six months of 2002 (less than one percent), violent crime has continued its significant decline, dropping another 7%. In Oxnard, the ratio of sworn officers to residents (1.15 officers per 1000 residents) remains one of the lowest in the nation. Further, the declines in Oxnard have come at a time when crime in many cities throughout the United States has climbed significantly.

Traffic Operations

As the Department Traffic/Transit Coordinator for the Los Angeles Police Department, developed the mission, goals and new measures of effectiveness for the Department's traffic function.

Training

As the Commanding Officer of the Los Angeles Police Department Training Division, implemented a full spectrum approach to ensure consistency in tactics training. The program included the development of the Decentralized Tactics Training Unit, formation of the Tactics Review Committee, the revitalization of the Training Coordinators Program to disseminate tactics training, and the development of Verbal Judo training. As the Chief of Police for the Oxnard Police Department, developed a revolving training fund to create additional training opportunities for the department. Reorganized the department and created Training Coordinator position to identify critical training areas and standardize department training.

Vice, Narcotic & Gang Enforcement

As the Officer-in-Charge of the Hollywood Area Vice Unit, enhanced the quality of life in Hollywood by eradicating significant levels of prostitution, made possible through the creation of a uniformed Prostitution Enforcement Detail and the implementation of an automated tracking database of prostitutes. As the Hollenbeck Area Commanding Officer, developed the model for SAFE footbeats to eradicate the crack cocaine problem in the Pico-Aliso Housing Projects. As the Oxnard Chief of Police, developed multi-jurisdictional Violent Crime Task Force, which has been responsible for substantial reductions in gang crime.

Employee Relations

Successfully negotiated 1991-1994 Memorandum of Understanding (MOU) with the Los Angeles Police Protective League. Developed the strategy to deal with two work stoppages which were associated with the negotiation of the 1994-1997 MOU. As the Chief of Police of the Oxnard Police Department, established a partnership with the Peace Officer Association which has enabled the agency to have high moral and low turnover.

Unusual Occurrence Management

Field Commander of the Watts Area during the 1992 Los Angeles Riots. While at Operations-South Bureau, following the riots, directed the development and implementation of the decentralized method of

handling major unusual occurrences. Responsive and responsible methods were developed with the understanding and support of formal and informal community leaders.

Vice-President and half owner of company

Together, Art Lopez and I have grown the company from 1.8 million annually in security contracts to over 3.4 million in less than one-year. When we purchased this company last year we employed approximately 70 full-time personnel. Today, we employ over 121 full-time and several part time employees. Our projected growth for the company in the next five-years is 10 million annually.

CITY OF LOS ANGELES
Los Angeles, California
September 1975 to February 1, 2005

Police Captain
Los Angeles Police Department
Pacific Patrol Division
January 2002 to present

The Los Angeles Police Department is one of the largest law enforcement agencies in the world. The Department provides police service to an area encompassing 467 square miles and 18 community areas, representing 3.4 million residents. The LAPD is divided into eight bureaus and over 50 divisions, groups, units or sections. The Department employs approximately 9,000 personnel and has a combined annual operating budget of approximately \$1.3 billion.

I reported to the Deputy Chief/Commanding Officer, Operations-West Bureau. In this role, I served as the Commanding Officer, Pacific Patrol Division and oversaw an operation that included 300 sworn and 35 civilian personnel, with an annual operating budget of \$30 million. I was also responsible for a separate overtime budget of \$5 million at the Los Angeles International Airport, deploying 50 sworn personnel per day, 365 days a year. The Airport sub-station has now become a separate division within the Police Department and is now commanded by a police captain. My division was number one in the City in violent crime reduction over the past two years (-10.8% YTD 2002 and -5 % YTD 2003); gang crime reduction (-32 percent); Property Crime reduction (-4.4% YTD 2002 and -7% YTD 2003); officer initiated activities (+8 percent), I used non-traditional methods of law enforcement management which resulted in the greatest decrease in Sick and Injury On Duty usage, which has decreased by -49 percent and -5 percent, respectively, under his leadership.

I also facilitated relationships with law enforcement agencies outside of the LAPD, meeting monthly with a group of South Bay commanders to share crime information and to discuss strategies for addressing possible terrorist targets. The departments that participated in these meetings included the California Highway Patrol, Los Angeles County Sheriff's, Hawthorne, El Segundo, Culver City, Beverly Hills and Santa Monica Police Departments.

Police Lieutenant/League Director
Los Angeles Police Protective League
December 1999 to January 2002

I was elected to represent 9,000 sworn personnel in contract negotiations involving wages, benefits and working conditions. In this role, he reported to the Commanding Officer, Personnel Division, I assisted in the negotiations of the previous Memorandum of Understanding (MOU) between the Department and the Los Angeles Police Protective League. In this role, was responsible for an operating budget of approximately \$9 million per year and managed a staff of approximately 30 personnel.

Police Lieutenant, Detective Officer-in-Charge
Central Detectives
June 1998 to December 1999

I was responsible for managing a detective operation that included 54 sworn and 8

civilian personnel, with an annual operating budget of \$6 million. I developed an outstanding partnership with Los Angeles County Probation Department and State Parole. In addition, I staged several joint agency task forces that led to a 40 percent reduction in violent crime and homicides.

In addition, I was the Department expert in homeless and career criminals. While in this role, I authored the Department's "Single Purpose Strategies on the Enforcement of Public Nuisance Crimes;" and co-authored with former City Council member Michael Feuer, the "Community Courts Grant for the Downtown Los Angeles and Van Nuys Courts."

Police Lieutenant, Officer-in-Charge
Transit Group
Operations-Headquarters Bureau

Transit Group was activated on November 23, 1997. It was a newly formed entity created through a contract with the Metropolitan Transportation Authority (MTA) to provide policing services for the bus lines within the City of Los Angeles and the Metro Red Line subway system.

In this role, I reported to the Chief of the Los Angeles Police Department and Deputy Chief and was responsible for managing the Los Angeles Police Department's merger team, which consisted of 15 sworn and five civilian personnel, with a \$2 million per year operating budget. Over a three-year period, my team negotiated the merger of the Metropolitan Transportation Authority (MTA) Police Department into the Los Angeles Police Department (LAPD). The resulting 5-year contract was valued at \$150 million to the City of Los Angeles.

The MTA/LAPD merger included the assimilation of 185 sworn and 25 civilian personnel into the LAPD. I also had the responsibility for orchestrating the lobbying effort for this proposal, including public debates and media coverage.

Police Lieutenant, Watch Commander

Staffing and Work Plan

1. Reserve Force – it is the company policy to maintain a Reserve Work Force (OnCall) of trained and approved personnel for each contract in the amount of 10% of the Contract Workforce, rounded up to the next whole number. The purpose of the force is to be available to cover all opening caused by sickness, scheduled vacations and emergencies.
2. Part-Time Employees – It is our policy to maintain a Part-time workforce equal to approximately 25% of the required Labor Force. This gives us the immediately ability to respond to unexpected personnel loses, disciplinary actions, emergencies, etc. through the simple action of holding personnel over, while we make other arrangements or bring additional workforce it. We have found that this flexibility allows us to respond to situations in a much smoother and professional manner.
3. Operational Work Plan – It is our intent, given the normal peak facility demand that will occur on Weekends and Monday Holidays to treat our primary week as being from Friday through Tuesday, and the less sensitive or slow periods are assumed to be Wednesday and Thursday. Therefore our Full Time Officers, for both areas 1 & 2 will be on Friday through Tuesday, with the Part-timers covering Wednesday and Thursday. We will also use Part-timers to cover the additional three hours on Friday through Tuesday. The personnel covering Area 2 on Wednesday and Thursday will be on duty for the full 11 Hour Shift. Our Field Supervisor will be on site at each Area, for not less than 1 hour each shift, and more often if the need arises or if our Quality Control Inspections show us that a higher level of Supervision is needed.
4. Methods - We will be using only experienced Security Officers, and the first priority for employment will be given to current employees working on the contract, subject to their meeting the contract requirements, history of performance on the contract, and their meeting our corporate requirements. The Senior Management of this company are both experienced Law Enforcement Professionals, with over 65 years of hands on Law Enforcement experience with the LAPD. They are very cognizant of the need for top quality performance, and they will monitor this contract closely, as they do all of their contracts. We provide our personnel with the best possible training and equipment, and we demand top performance. We pay our personnel a good wage, and will not accept any sub-standard performance from any employee at any time.

QUALITY CONTROL PLAN

Provide a detailed description of how you will ensure that your employees provide the Contract service in accordance with the Performance Requirements Summary and other Contract provisions. Attach or describe your Quality Control Plan, explaining the following:

- a. Who will supervise and review the work done under Security Guard Services Contract?
Ken Hillman, Vice President - Operations, is the person responsible for all Quality Control on Security Contracts. He performs all Unannounced Inspections, and receives all Scheduled Inspection Reports.
- b. What steps will you take to correct deficiencies reported by the Department or discovered by your reviewer?
We will initiate immediate steps to correct all discrepancies, either through counseling, disciplinary actions, or revised training courses and OJT.
- c. If the Department complains that work has not been adequately performed and requests immediate correction, how soon will your firm be able to respond?
All discrepancies or complaints will be acted upon immediately. A report of action being taken will be provided by Noon of the next business day.
- d. How will you cover unexpected absences?
By covering the post with our Field Supervisor, while we bring in someone from of Reserve Force of Trained and Approved personnel. We utilize Part Time Personnel to cover these situations, by being able to hold over when required, last resort is to bring in Reserve Force.
- e. If you have a written quality control plan, inspection plan or written procedures for your staff, please attach them.

If you believe the Jury Service Program does not apply to your business, check the appropriate box in Part I (attach documentation to support your claim); or, complete Part II to certify compliance with the Program. Whether you complete Part I or Part II, please sign and date this form below.

Part I: Jury Service Program is Not Applicable to My Business

- My business does not meet the definition of "contractor," as defined in the Program, as it has not received an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts (this exception is not available if the contract itself will exceed \$50,000). I understand that the exception will be lost and I must comply with the Program if my revenues from the County exceed an aggregate sum of \$50,000 in any 12-month period.
- My business is a small business as defined in the Program. It 1) has ten or fewer employees; and, 2) has annual gross revenues in the preceding twelve months which, if added to the annual amount of this contract, are \$500,000 or less; and, 3) is not an affiliate or subsidiary of a business dominant in its field of operation, as defined below. I understand that the exception will be lost and I must comply with the Program if the number of employees in my business and my gross annual revenues exceed the above limits.

"Dominant in its field of operation" means having more than ten employees, including full-time and part-time employees, and annual gross revenues in the preceding twelve months, which, if added to the annual amount of the contract awarded, exceed \$500,000.

"Affiliate or subsidiary of a business dominant in its field of operation" means a business which is at least 20 percent owned by a business dominant in its field of operation, or by partners, officers, directors, majority stockholders, or their equivalent, of a business dominant in that field of operation.

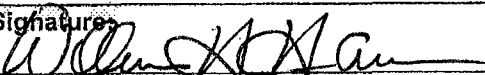

- My business is subject to a Collective Bargaining Agreement (attach agreement) that expressly provides that it supersedes all provisions of the Program.

OR

Part II: Certification of Compliance

- My business has and adheres to a written policy that provides, on an annual basis, no less than five days of regular pay for actual jury service for full-time employees of the business who are also California residents, or my company will have and adhere to such a policy prior to award of the contract.

North American Security, Inc.

Corporate Capability

North American Security, Inc. was established in 1994, as a professionally managed full-service security company predominately serving corporate America and governmental agencies. Our goal is centered on the concept of providing quality service and a superior product to the customer. We believe that, "giving the customer what they need in order to accomplish their objectives not only serves the customer well, but it is the very instrument that enables us to meet our own objectives." With this basic philosophy, North American Security, Inc. expects dynamic growth as we enter the 2000's. North American Security, Inc. is capable of providing its customers with the widest range of physical security, investigative and consulting services available in the industry today. The North American Security, Inc. organization can solve virtually any loss prevention or asset protection problem imaginable.

MANAGEMENT PHILOSOPHY

North American Security's management philosophy goes beyond settling for the adequate and pursues excellence. We are sure that this is the only way to meet the ever-increasing needs and demands of business and industry. We are setting standards today that our competitors will try to emulate tomorrow. Our commitment to service remains at the heart of our operation.

At North American Security, we firmly believe that there are three essential factors that determine the quality of service rendered by any supplier in the contract security service industry; they are:

- Employee Selection and Screening**
- Training and Supervision**
- Management Response**

All potential suppliers of security guard service have essentially the same labor resources available to them and, given sufficient time, most agencies can tap such resources and staff your facility. Because of differences resulting from screening and selection procedures employed by various security contractors, the abilities of individuals initially assigned to your facility could be significantly different based on the contractor selected. Secondly, the quality and degree of day-to-day supervision is a prime factor in rendering quality service. All North American Security supervisory candidates must undergo extensive screening to determine if they possess strong supervisory traits. Once selected, all supervisors are given special training in the areas of management appropriate for their various supervisory levels. Specific operational site supervision should and will be tailored to your specific requirements.

Another critical service ingredient is management response, which can only exist if there is significant involvement of all levels of management in the solicitation, start-up and daily operation of the contract. Our philosophy and belief is that problems cannot be effectively solved by individuals otherwise uninvolved in the contract. Conversely, strong involvement of top management and effective communication with middle and lower management will prevent

many potential problems from developing and offer a better basis to effectively deal with those that do.

This discussion can really be summarized in a single word, **PROFESSIONALISM**. This combined with 65 years of management experience in Law Enforcement and the security industry, enables North American Security, Inc. to offer a service policy that we believe is among the most professional and comprehensive in the contract security industry.

AUXILIARY CAPABILITIES

As a full service company, North American Security, Inc. is capable of providing our clients with a comprehensive and diversified line of security services. In addition to furnishing uniformed security guards, our expertise and resources enable us to offer a wide range of related services.

North American Security's objective with regard to auxiliary services is to provide our customers with a cost-effective solution to their loss prevention needs whether they be simple or complex.

The following services are obtainable through our organization:

- Undercover operations**
- Surveillance**
- Background verification**
- Patent and trademark infringement**
- Legal investigative services**
- Substance abuse**
- White-collar and blue-collar crime**
- Security surveys**

QUALITY ASSURANCE

Quality Assurance at North American Security, Inc. means diligent attention to the client and a demonstrated ability to fulfill our commitments. We know that our customers have many choices and to remain a leader we must perform.

Establishing quality at the beginning of a contract and maintaining or improving that quality of service during the contract are of primary importance to North American Security, Inc. when providing an efficient, cost-effective security program. We recognize that, in order to successfully realize consistency of quality, a number of factors require special attention. These are:

- A.** Staffing the program at all levels, with professionals who have a commitment to quality and a conscious desire to continually excel in the performance of their duties.
- B.** Providing management and operational support to the security program from all levels of North American Security, Inc. management through an ongoing program of quality control, inspection, and field/administrative support.
- C.** Establishing, at once, compliance with security policies and procedures mandated by the customer and maintaining that compliance at all times.

- D. Continually working, in a team spirit and effort, with concerned client personnel toward the goal of improving security through cost effective means.

THE QUALITY ASSURANCE PROGRAM:

In addition to a conscious effort by all levels of management to maintain our commitment to quality, North American Security, Inc. has gone a step further and designed a program that is both pro-active and re-active.

Pro-Active Approach:

Once each month the designated client representative is called by one of our executive staff members in an effort to evaluate the service you are receiving. If a client is experiencing problems, the executive management representative works as a liaison between the client and local supervision to resolve the problem. Once executive management begins working with a client, there is continued contact until the problems are resolved. Even when the client and local supervision agree that the solution is working, executive management will continue to follow up to ensure that the problem does not return.

Re-Active Approach:

When executive management receives confirmation from local supervision or a client that problems have arisen which diminish the quality of security services they are receiving from North American Security, Inc., our Quality Assurance Intervention Program begins by getting as much information regarding the situation from the client, local supervision and any other parties involved. Our executive management team will discuss the situation and develop workable solutions. The client is kept abreast of the progress and the proposed solutions. Once the problem is resolved, executive management continues to check to make sure the problem does not reoccur.

Our commitment starts the first day and continues each day service is performed. We guarantee it.

North American Security, Inc. utilizes the following resources in an effort to recruit qualified personnel:

- C. After each interview, a background investigation is conducted by checking employment and personal references; criminal history and verifying the information on the application.

INSTRUCTIONS AND TRAINING

North American Security, Inc. has made a commitment to training as an integral part of our overall security service. Training is accomplished through a combination of classroom lecture, practical exercises and on-the-job training. North American Security's management will be responsible for training after consultation and discussion with your designated facility representative(s).

The training program includes general subjects as well as specialized subjects that relate to a particular industry or type of facility. The program is designed to maintain the employee's interest, as well as to provide them with information that will assist in protecting them and your facility. Classroom instruction and various hands on exercises are utilized to illustrate the various areas covered. They include but are not limited to the following:

- A. Introduction - General orientation covering Company philosophy stressing our concern for delivering a quality service to our clients, our organizational structure, career opportunities within North American Security, Inc., and various incentive programs offered by the Company.
- B. Duties and Functions of a Security Guard - This section describes what a security guard is, what is expected of him/her, and how he/she is viewed by the public and the client. It also reinforces North American Security, Inc. rules and regulations.
- C. Fire Prevention - This section aids the guard in identifying what constitutes potential hazards. It outlines procedures to follow under several sets of circumstances and how to report the situation. Fire prevention and fighting and control measures are emphasized in this area. The guard learns the types of fires and how to extinguish fires using proper extinguishers.
- D. Report Writing - The guard learns to be observant through several exercises testing this skill. The relationship to observing and accurately reporting is emphasized. What to include in the report is discussed by using the basic elements of a report, i.e. Who, What, When, Where, Why, and How. The incident report is used as a tool to practice their skill.
- E. Authority and Arrest - This is a discussion about the actual authority of a security guard including but not limited to the following:
 - 1. Police Powers vs Private Guards
 - 2. What Constitutes an Arrest
 - 3. Power to Arrest
 - 4. Problems of Arrest

F. Public Relations - This section discusses communication skills, appearance and attitude. Emphasis is placed on how these elements affect the projection of authority and professionalism.

G.. Emergency Procedures - Types of emergencies and disturbances are discussed such as:

1. Injuries
2. Bomb Threats
3. Fires
4. Intrusions
5. Disturbances

Methods of responding to these and other types of emergencies are offered. Familiarization with post orders at a facility and the emergency telephone numbers is essential and highly stressed since the guard will have to react quickly in these circumstances.

North American Security's Training staff is comprised of personnel with a strong background in both Training and Law Enforcement.

ON-THE-JOB TRAINING;

All security guards assigned to your facility will be trained at the job site until they are able to assume their prescribed duties without direct supervision.

All guards will have a general familiarization with your facility prior to their actual arrival for on-the-job training. We believe that the guard should know what is expected of him so that he does not undertake responsibilities beyond his interest or capabilities. This procedure has been an important factor in reducing turnover.

The Post Orders, which are prepared for your business or facility, are an important part of the training process. The guard must be fully familiar with the procedures and job duties at your facility. In addition, the guard will receive supervised training of the actual duties he is to perform. Only when the training supervisor feels that the guard can fully perform his job will he be given the security responsibility.

After the initial on-the-job training, a supervisor will follow up to ensure that all guard(s) assigned are competent in performing their duties. Regular inspections are conducted to maintain a consistent high level of service.

POST ORDERS/JOB DESCRIPTION MANUAL

In order to efficiently and effectively provide the services at your facility, a comprehensive set of post orders, as previously mentioned, will be developed and maintained by North American Security, Inc. These post orders will contain complete duty instructions for all posts.

Although any topical list for post instructions is endless, a limited sample of specific site orders is offered below:

1. **General Information**
2. **Communications Equipment**
3. **Computer Room Security Procedures**

There obviously will be additional topics, which will be spotlighted through our discussion with your contract administrators. All guard instructions will be incorporated in the Post Orders. These Post Orders will be reviewed and updated as necessary.

SUPERVISORY TRAINING:

The position of Supervisor is very critical to the North American Security, Inc. operational structure. For this reason, we put special effort into selecting and training the individuals chosen for the supervisory function.

In *addition* to security training the supervisor is expected to:

- A.** Be completely knowledgeable of the Post Orders; the physical facility, routine and emergency procedures, special instructions, and all post duties at the facility.
- B.** Be responsible for seeing that security force members on location are familiar and understand new, changed or special instructions.
- C.** Inspect security guards for appearance and uniform standards. Discuss substandard items with them and see that corrections are made.
- D.** Review all reports and logs to see that they are clear, complete, informative and legible before forwarding them to the designated client representative.
- E.** Work with newly assigned security guards to verify proper training and instruction was and is conducted in all aspects of their duties.
- F.** Make recommendations to the North American Security Office on guards who are worthy of promotion, should be singled out for commendation, or who are substandard in appearance, performance, or who are in other ways not satisfactory for duty.
- G.** Maintain discipline with respect to familiarity of the security force with employees or other personnel on the location. Identify potential attitude or personal problems that may interfere with proper and professional discharge of security duties.
- H.** Investigate any apparent security work deficiencies such as missed key stations, failure to discharge certain duties or assignment at the prescribed time, sloppy or incomplete work, and suspicious activities.
- I.** Notify the proper authorities promptly in unusual or emergency situations according to the prescribed directions in the Post Orders.
- J.** Make final decisions in all cases where a dispute or difference arises between security guards or between a security guard and himself. Take charge and direction in unusual or emergency situations requiring immediate action and deviation from prescribed duties and notify proper persons as quickly as the situation permits.
- K.** Be responsible for proper use, maintenance and accounting of all equipment such as radios, foul weather gear, vehicles, clocks, etc.; that are used by the security force.

- L. Be responsible for exercising leadership and maintaining high morale. Report all situations adversely affecting morale to the North American Security Manager for action or directions.
- M. Be responsible to see that the security personnel are relieved at each post, with oncoming personnel at the change of a shift. Pass on reports, information, instructions, special orders, etc. to the relief supervisor.
- N. Maintain accurate sign in and out records of security force members.
- O. Contact replacement or site assigned relief personnel, for any absentees or emergency situations requiring additional security coverage. Maintain complete coverage of all posts.

UNIFORMS

Uniforms are an important part of a security program. North American Security, Inc. does all that is possible to encourage guards to look their best at all times. Not only do we issue an adequate amount of uniforms, but we actually encourage the guards to maintain a professional appearance. This is done in two ways:

- A. We reimburse the guards for professional cleaning costs and
- B. We encourage guards to exchange uniforms showing unsightly wear or stains - again, there is no charge to the guard.

These measures demonstrate the North American Security, Inc. commitment to providing a professional security service. Very often the guard is the first person a visitor sees at your facility. Their professional appearance reflects on you, your company, the guard and North American Security, Inc. Proper wearing of uniforms presents an image of authority while aiding in public relations and creates a sense of pride in the guard's position.

A well-maintained uniform on a North American Security, Inc. guard demonstrates that he/she is ready, willing and able to perform the duties and undertake the responsibilities at your facility.

INSURANCE

North American Security, Inc. maintains all risk combined single limit commercial general liability insurance in the minimum amount of \$1,000,000.00; and worker's compensation in accordance with statutory requirements.

A properly executed certificate of insurance indicating the limits of coverage will be forwarded to you at the commencement of service.

STAFFING PLAN

The Attached Quote and the final award will determine the level of staffing that is to be provided.

SUPERVISION

One of the most important elements of an effective contract security program is the supervision of the security guards.

North American Security, Inc. will dedicate a supervisor to the security operation at your facility. This establishes a point of contact at site level, as well as identifies the individual in charge who will direct the activity of all security guards assigned to your site. This individual is responsible for reporting all needs, deficiencies, problems, and security incidents in accordance with the policies and procedures as defined by you and North American Security, Inc.

In addition to dedicated supervision, North American Security, Inc. employs Field Inspectors who make random inspections at client facilities, at anytime, twenty-four hours a day, seven days a week. Visits are unannounced, unless responding to emergency situations, or assisting in on-the-job training. The Field Inspector will report back, in writing, to the Area Office, on the appearance, job knowledge and attitude of all security guards who are seen during the visit.

It is our belief that the supervisory function is an integral part of a security program. For this reason, a great deal of effort is put forth to hire and train supervisory personnel.

TRANSITION

Upon selecting North American Security, Inc. to provide contract security service, the following will be accomplished to ensure a smooth, positive, and successful service transition:

- A. Make a preliminary, but thorough, on-site security assessment analysis with each client security supervisor.
- B. Jointly establish meeting dates with designated management personnel to review, in part, the following:
 - 1. All facets of the proposal and contract
 - 2. Any prior problems or concerns
 - 3. Special security duties or procedures
 - 4. Training guidelines
 - 5. Lines of communication and management control
 - 6. Security assessment analysis recommendations
 - 7. Schedule of working hours
 - 8. Safety and fire protection
- C. Initiate recruiting process by conducting interviews and pre-employment screening.
- D. Develop a draft of the Post Orders.
- E. Uniform all personnel.
- F. Classroom and on-site training.
- G. Commence service
- H. Service evaluation by Client and our management personnel.

North American Security's management staff actively supports our security personnel, to include taking an active part in setting up procedures. Throughout the term of the contract, these same people will be available to respond as emergencies or procedural improvements warrant assistance.

Normally, two weeks are required for a smooth, logical and orderly transition from your present security system.

Please know that, should circumstances dictate, we can start most service within a one-week period and virtually any service within a two week period.

COST PROPOSAL

Impact of Guard Pay Rates on Contract Performance

On any given contract, the performance expectations of a client must be completely understood in order to properly determine the quality level of employee necessary to achieve the desired objectives. Once this has been determined, a pay and benefit structure must be implemented that will not only attract the right caliber of applicants, but will also be effective in retaining them.

In establishing wage rates for our proposed contract, consideration is given to your specific requirements in terms of your stated objectives.

The above factors, coupled with the most recent manpower availability statistics for your area, is the basis for our wage and benefit recommendation that will enable us to provide the desired quality of personnel and thus, the desired quality of service.

- A. Pay Rate: This is quoted in our attached Quote, as an all inclusive Price per Hour for service.
- B. Holidays: All personnel assigned to your facility who are required to work on any of the Company/Client observed holidays will receive premium holiday pay.
- C. Vacation: All full-time personnel will receive one week of paid vacation after one full year of uninterrupted full-time service.
- D. Uniforms and Equipment: All personnel will be provided with uniforms and equipment needed to perform the security functions as prescribed by the client.
- E. Cleaning of Uniforms: North American Security will, on a monthly basis, reimburse the security guards a reasonable amount of dry cleaning to assure a professional appearance.
- F. Worker's Compensation Insurance: All personnel are covered as required by State Law, by worker's compensation insurance.

SUMMARY

North American Security appreciates this opportunity to present our proposal. We would welcome the opportunity to meet and discuss any items that were not clearly presented, or to work out some agreeable solution to both parties where there may be a difference of ideas or concepts.

We have attempted, throughout this proposal, to demonstrate that North American Security is a competent, qualified and sincerely interested supplier. You, as the customer, must make the determination as to whether or not you feel we are uniquely qualified to provide you with the best combination of management expertise, price, back-up capabilities, and just plain "on the job performance" than any of our competitors.

It is the North American Security philosophy that close contact with our client, immediate response to a problem, good supervision and an efficient, knowledgeable management team that can assist the client in determining how best to counter a security problem, are the basic criteria for the establishment of a well organized and efficient guard force.

We want you to know that our price is secondary and that your satisfaction is our primary goal. If selected, we can assure you that no effort will be spared to give you the best possible service, as honestly as we know how.

1.3. REQUIREMENTS OF A SECURITY OFFICER

1.3.1. WHAT IS EXPECTED OF A SECURITY OFFICER

1. ABILITY:

To be able to handle any normal situation which a Security Officer may encounter and know how and where to get help if it is needed.

2. ALERTNESS:

To be alert at all times while on duty, to be always on the watch for activities, conditions or hazards which could result in injury or damage to property and equipment.

3. ATTITUDE:

The Security Officer is frequently the first contact a visitor has with the client. The way in which the visitor is greeted and the visitor's questions are answered will play a significant part on the visitor's appraisal of the client's company. Human and employee relations depend a great deal upon the Security Officer's attitude.

4. COURTESY:

Security Officers must be courteous at all times. An Officer need not be belligerent to be firm. An Officer can be courteous and well-mannered and still be effective.

5. DISCIPLINE:

Personal likes and dislikes should not swerve a Security Officer from his or her duty. Prompt obedience and proper execution of all orders given by superiors is expected from all Security Officers. Discipline does not mean punishment. True discipline is indicated by proper conduct under all conditions by individuals away from the presence of their Supervisors.

6. EXEMPLARY CONDUCT:

To conduct ourselves at all times in a manner which will reflect credit to ourselves and the Company.

7. IMAGINATION:

Security Officers should develop the ability to imagine what might happen under a given set of circumstances and to determine the correct action to be taken if a given emergency should arise.

10. TACT:

A Security Officer should act without haste or undue emotion. Do not argue with people, and avoid force unless absolutely necessary. Present a calm dignified bearing.

REMEMBER:

COURTESY - EARNS RESPECT.

KNOWLEDGE - GETS RESULTS.

PATIENCE - RECEIVES COOPERATION.

SERVICE - INCREASES GOOD WILL.

THE APPLICATION OF ALL THE ABOVE GETS THE JOB DONE.

To properly enforce client rules, a Security Officer must, at all times, abide by these rules as well as abide by our Company's regulation. This is of the utmost importance. Authority is easily abused and nothing creates resentment so quickly as its misapplication. Keep in mind, each person is an individual very similar to yourself and should be treated as such. Seeking revenge for an offense against you lowers you to the level of the offender.

Patience and tact are needed under all circumstances.

An Officer will be given special instructions before being assigned to duty where a strike is in progress.

2.9. LEGAL ASPECTS OF INDUSTRIAL SECURITY AND PLANT PROTECTION:

2.9.1. GENERAL INFORMATION

A Security Officer is not engaged in law enforcement as such. Therefore, an Industrial Security Officer is not a Law Enforcement Officer or Sheriff.

Security Officers endeavor to protect the production of goods and services and the client management made rules and regulations regarding the conduct of persons engaged in production. The result is a smooth flow of production, not law enforcement.

Most rules and regulations do not have the force of law. An employee cannot be deprived of his or her freedom because he or she has broken a rule or regulation to help production. The most that can be done is dismissal of the employee.

Violation of law by someone working on the Client's premises presents the same situation as someone breaking the law elsewhere. The case is under the jurisdiction of law enforcement agencies: local, state, or federal.

Work performed by a Security Officer is not related to police work. Execution of the job and training are different. Leave law enforcement to the responsible agencies.

2.9.2 DUTIES OF INDUSTRIAL SECURITY OFFICERS

To endeavor to prevent unlawful entry.

To endeavor to prevent death.

To endeavor to prevent violation of client rules and regulations.

To endeavor to prevent violations of local, state, and federal laws.

To immediately call your Supervisor if you receive an order from a recognized client or government official, inform the Supervisor of the instructions received, and request official orders.

2.9.3. MAKING ARRESTS

A Security Officer has no greater authority than a private citizen. As a general rule, a Security Officer or any private citizen may arrest an offender without a warrant when the offense is committed in his or her presence, within his or her view, if the offense is a felony or an offense against public peace. However, arrest laws vary from state to state and this rule does not apply in every state. A felony is ordinarily any offense punishable by death or confinement in a penitentiary for a period of more than one year. Arrests should be made only with the consent of a superior and only on client or company property, except in an emergency situation. False arrests and searches can result in civil and criminal lawsuits.

Before making an arrest the Security Officer should know:

That the violation committed is a crime.

That he or she has information in his or her possession to prove, beyond a reasonable doubt, that the suspect committed the crime.

No person may be arrested on a charge of suspicion. No arrest is legal until after the actual violation of the law.

Arrest is made by restraint of the suspect or by the Security Officer saying, "YOU ARE UNDER ARREST".

Actual touching of a person is unnecessary, it is enough if the person submits to your custody.

No person is to be transported off the client's premises.

Notify the local law enforcement agency and turn the prisoner over to the police on the client's premises.

2.10. DISCIPLINARY ACTION

Violations of any rules and regulations may result in disciplinary action to include:

Oral reprimand: When unintentional carelessness may result in a problem. The employee will be counseled regarding the problem and proper action to correct the problem.

Written reprimand: When a second reprimand is necessary for the same offense which originally carried an oral reprimand. The written reprimand is to be entered into the employee's personnel file.

Suspension: A temporary disciplinary layoff for serious misconduct or repeated offenses. The employee doesn't lose his or her job or seniority rights but loses his or her pay for the designated period of suspension.

Dismissal: A result of serious breach of a rule, standard practice, policy or procedure. Additionally, dismissal may result from repeated disciplinary problems of a less serious nature.

2.10.1. GROUNDS FOR IMMEDIATE DISMISSAL

The disciplinary process referenced above will be followed in most instances of employee noncompliance, with the exception of the following violations of prescribed standards which will result in immediate dismissal:

Carrying an unauthorized weapon on assignment.
