IN REPLY PLEASE
REFER TO FILE: **C-1**

December 19, 2006

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

**AWARD OF PUBLIC WORKS CONSTRUCTION CONTRACT
SUPERVISORIAL DISTRICT 3
3 VOTES**

IT IS RECOMMENDED THAT YOUR BOARD:

Award and authorize the Director of Public Works, or his designee, to prepare the maintenance services contract in the form previously approved by County Counsel, execute the contract, and establish the effective dates following receipt of approved Faithful Performance and Labor and Material bonds filed by the contractor for the following:

Project ID No. RMD3346005 - Roadside Tree Trimming, Topanga, et al., MD 3, FY 2006-07, vicinities of Fernwood and Topanga (3), to United Pacific Services, Inc., in amount of \$343,934.00.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

We are recommending that your Board award this maintenance services contract and authorize the Director of Public Works, or his designee, to execute the contract and establish the effective contract dates following receipt of approved bonds and insurance filed by the contractor for this project.

The enclosure for this project includes the project description, the call for bids and bid opening dates, a tabulation of bids, and financial information. The certified record of receipt of bids and the original bid proposals for this project are also enclosed.

The recommended maintenance services contract is necessary to execute Board-directed and approved Public Works projects in support of operational missions. Your Board's approval of the recommended contract award and our subsequent execution of the contract will ensure the timely completion of the project.

Implementation of Strategic Plan Goals

The award of this maintenance services contract is consistent with the County Strategic Plan Goal of Service Excellence since this contract will provide improved infrastructure to better serve the public.

FISCAL IMPACT/FINANCING

The enclosure for this project includes the amount of the recommended contract as compared with the engineer's estimate and the other bids received.

This project is included in the 2006-07 Department of Public Works Budget. The enclosure for this project includes more detailed fiscal and financial information.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The recommended contract awards are to the lowest responsible bidder in accordance with the California Public Contract Code and your Board's directives.

On October 27, 1981, your Board adopted a program for the use of small Minority and Women-owned Businesses (MWBES) on Federal- and State-funded highway construction contracts. Companies meeting these requirements are certified by the State as Disadvantaged Business Enterprises (DBEs). An overall goal for subcontracting portions of the work to DBEs is established for each project. Contracts are recommended for award to the lowest responsible bidder who meets the goal or documents a good faith effort to do so in conformance with the program.

We have also developed an outreach program to encourage all qualified contractors to participate in the bidding and contracting process on our projects. Under this program, we place notices of upcoming bids in local and minority newspapers throughout the County. These notices indicate that copies of plans and specifications are available at specified libraries and the Public Works Headquarters building. This allows interested contractors to view the plans and specifications at convenient locations. We also provide telephone numbers (including one for Spanish-speaking contractors) to obtain further information on bidding and subcontracting opportunities.

To further increase contractor awareness of contracting opportunities with Public Works, this project was listed on the County website for upcoming bids.

The State Labor Code requires contractors to pay prevailing wage rates to all persons employed on public works construction contracts. These rates are determined by the Department of Industrial Relations and include contributions for fringe benefits such as vacations, pension funds, training, and health plans for each employee.

As required by your Board, language has been incorporated into the project specifications stating that the contractor shall notify its employees, and shall require each subcontractor to notify its employees, that they may be eligible for the Federal Earned Income Credit under the Federal income tax laws.

The contract will be in the form previously approved by County Counsel. We will also review and approve the faithful performance and payment bonds filed by the contractor.

ENVIRONMENTAL DOCUMENTATION

This project was found to be categorically exempt from the provisions of the California Environmental Quality Act at the time your Board called for bids. The specifics of these findings are included in the enclosure for this project.

CONTRACTING PROCESS

The contract was solicited on an open competitive basis in accordance with the provisions of the Public Contract Code.

The project specifications contain provisions requiring the contractor to report solicitations of improper consideration by County employees and allowing the County to terminate the contract if it is found that the contractor offered or gave improper consideration to County employees.

Public Works has confirmed that the contractor is in compliance with the County's Child Support Compliance Program and the requirements of the Contractor Employee Jury Service Program. In addition, the contract will include language requiring compliance with the Newborn Abandonment Law (Safely Surrendered Baby Law).

The project specifications also contain a provision that, should the contractor require additional or replacement personnel to fill employment openings, consideration shall be given to hiring qualified participants in the County's Greater Avenues for Independence or General Relief Opportunities for Work Programs.

To ensure that the contracts are awarded to responsible contractors with satisfactory performance histories, bidders are required to report False Claims Act violations, labor law/payroll violations, debarments, their civil litigation history, and information regarding prior criminal convictions. The information reported by the contractor was considered before making this recommendation to approve execution of the contract.

The Honorable Board of Supervisors

IMPACT ON CURRENT SERVICES (OR PROJECTS)

This maintenance services contract will result in improved public works infrastructure in the communities where the work is scheduled. Where appropriate, local residents and businesses will be informed that traffic and local access may be mildly disrupted during the construction. The proposed schedule for construction is included in the enclosure for this project.

CONCLUSION

Please return one adopted copy of this letter to Public Works.

Respectfully submitted,

DONALD L. WOLFE
Director of Public Works
