The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

STREET SWEEPING SERVICES
SUPERVISORIAL DISTRICTS 1, 2, AND 4
3 VOTES

IT IS RECOMMENDED THAT YOUR BOARD:

1. Find that the contract work is exempt from the provisions of the California Environmental Quality Act (CEQA).

2. Find that these services can be more economically performed by an independent contractor than by County employees.

3. Award four contracts (Enclosure A) for Street Sweeping Services to the contractors and for the areas and amounts listed below, and direct the Chair to execute these contracts. These contracts will be for a period of two years (one year for South Whittier) commencing on July 1, 2007, or upon Board approval, whichever occurs last, and may be extended in increments of one year, not to exceed a total contract period of four years. Funds are available in Public Works' 2007-08 Road Fund for the South Whittier, Valinda/Hacienda Heights, and West Whittier areas; and available in Public Works' 2007-08 Road Fund and Internal Service Fund for the Marina Del Rey area.

Contractor	Supervisorial District	Area	Amount for Base Term	Annual Amount for Renewal Options
Joe's Sweeping Inc., dba Nationwide Environmental Services, Inc.	1 & 4	South Whittier	$414,715.53 for a One-Year Contract Term	$414,715.53
R.F. Dickson Co., Inc.	1 & 4	Valinda/Hacienda Heights	$919,980.88 for a Two-Year Contract Term	$459,990.44
Joe's Sweeping Inc., dba Nationwide Environmental Services, Inc.	1 & 4	West Whittier	$310,106.36 for a Two-Year Contract Term	$155,053.18
Joe's Sweeping Inc., dba Nationwide Environmental Services, Inc.	2 & 4	Marina Del Rey	$251,408 for a Two-Year Contract Term	$125,704

4. Delegate authority to the Director to expend up to an additional 25 percent of the contract sum for unforeseen, additional work within the scope of the contract, if required, and for fuel adjustments in accordance with the contract.

5. Delegate authority to the Director of Public Works to renew these contracts for each additional renewal option if, in the opinion of the Director, the contractor has successfully performed the previous contract period and the services are still required; to approve contractors' entity change in accordance with the Board's policy on contractor mergers/acquisition; to approve and execute amendments to incorporate necessary changes within the scope of work; and to suspend them if, in the opinion of the Director, it is in the best interest of the County to do so.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

These contracts are for street sweeping services to maintain approximately 53 curb, paved alley, and street and highway miles in Marina Del Rey; approximately 271.32 curb, paved alley, and street and highway miles in South Whittier; approximately 114.57 curb, paved alley, and street and highway miles in West Whittier; and approximately 361.06 curb, paved alley, and street and highway miles in Valinda/Hacienda Heights. Public Works has contracted for these services since 1994. The purpose of this action is to continue contracting for these services.

Implementation of Strategic Plan Goals

The award of these contracts is consistent with the County Strategic Plan Goals of Service Excellence, Organizational Effectiveness, and Fiscal Responsibility as the contractor has the specialized expertise to provide these services in a timely, responsive, and cost-effective manner.

FISCAL IMPACT/FINANCING

There will be no impact on net County cost. These contracts are for the areas and amounts listed below with additional 25 percent for unforeseen, additional work within the scope of work of the contract and for fuel adjustments in accordance with the contract. These amounts are based on Public Works' estimated annual requirements for these services at the annual prices quoted by the contractor. These contracts will commence on July 1, 2007, or upon Board approval, whichever occurs last, for a period of two years (one year for South Whittier) and may be extended for increments of one year, not to exceed a total contract period of four years.

Financing for the services for the South Whittier, Valinda/Hacienda Heights, and West Whittier areas is included in Public Works' 2007-08 Road Fund. Financing for the services for the Marina Del Rey area is included in Public Works' 2007-08 Road Fund and Internal Service Fund. Funds to finance the contract's renewal years will be included through Public Works' budget process.

Using methodology approved by the Auditor-Controller, Public Works has calculated the cost-effectiveness of contracting for this service. Based on the cost calculations, Public Works has determined that these services can be more economically performed by independent contractors than by County employees.

These Proposition A contracts do not allow for cost-of-living adjustments for the option-years. However, these contracts do contain a provision for fuel adjustments on a semiannual basis.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The enclosed contracts have been executed by the contractors and approved as to form by County Counsel.

This work is being contracted in accordance with procedures authorized under County Charter Section 44.7, Part 3, and Chapter 2.121 (Contracting with Private Business) of

the Los Angeles County Code. The mandatory requirements for contracting set forth in County Code Section 2.121.380 have been met.

Since these are Proposition A contracts, Public Works has determined that these contractors comply with the requirements of the Living Wage Program (Los Angeles County Code Chapter 2.201) and agree to pay their full-time employees providing County services a Living Wage rate of $11.84 per hour without health benefits.

Public Works has accessed available resources to review and assess the proposed contractors' past performance, history of Labor Law violations, and prior performance on County contracts.

ENVIRONMENTAL DOCUMENTATION

These services are categorically exempt from CEQA pursuant to Section 15301 of the State CEQA Guidelines.

CONTRACTING PROCESS

On January 30, 2007, Public Works solicited proposals from 60 independent contractors and community business enterprises to accomplish this work. Also, notice of the Request for Proposals (RFP) was placed on the County's bid website (Enclosure B), and an advertisement was placed in the *Los Angeles Times*.

Pursuant to the applicable memorandum of understanding, the RFP for these contracted services was submitted on January 29, 2007, to the appropriate union for review before being released to the public. The union has not asked to meet with Public Works.

On February 26, 2007, three proposals were received for each of the four areas. The proposals were first reviewed to ensure they met the mandatory requirements outlined in the RFP. The proposals having met these requirements were then evaluated by an evaluation committee consisting of Public Works staff. Each area was evaluated independently. The committee's evaluation was based on criteria described in the RFP, which included the price, experience, work plan, financial resources, references, and demonstrated controls over labor/payroll record keeping. Based on these evaluations, it is recommended that four contracts be awarded to the highest-rated, responsive, and responsible proposers, Joe's Sweeping Inc., dba Nationwide Environmental Services, Inc., for South Whittier, West Whittier, and Marina Del Rey areas; and R.F. Dickson Co., Inc., for Valinda/Hacienda Heights area.

Enclosure C reflects the contractors' minority participation. These contractors were selected upon final analysis and consideration without regard to race, creed, gender, or color. These contractors are also certified by Office of Affirmative Action Compliance as a Local Small Business Enterprise.

These contracts contain terms and conditions supporting Board-sponsored policies, such as contractor responsibility and debarment (revised), jury service requirements, the Safely Surrendered Baby Law, and charitable activities compliance.

Proof of the required Comprehensive General and Automobile Liability insurance policies, naming the County as additional insured, and evidence of Workers' Compensation insurance will be obtained from the contractors before any work is assigned.

As requested by your Board, the contractors have submitted a safety record that reflects their past activities have been conducted according to reasonable standards of safety.

In accordance with the Chief Administrative Officer's June 15, 2001, instructions, this is Public Works' assurance that these contractors will not be requested to perform services which will exceed the contracts' approved amount, scope of work, terms and conditions and/or duration.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The award of these contracts will not result in the displacement of any County employees, as these services are presently contracted with the private sector.

CONCLUSION

Enclosed are three copies of each contract. Upon approval, please return the Contractor Execute and Department Conform copies to this office. The original Board Execute copy should be retained for your files.

One adopted copy of this letter is requested.

Respectfully submitted,

DONALD L. WOLFE
Director of Public Works

At the discretion of the COUNTY, this Contract may be extended in increments of one year, not to exceed a total contract period of four years. EIGHTH: The CONTRACTOR understands and agrees that only the designated Public Works Contract Manager is authorized to request or order work under this Contract. The CONTRACTOR acknowledges that the designated Contract Manager is not authorized to request or order any work that would result in the CONTRACTOR earning an aggregate compensation in excess of this Contract's Maximum Contract Sum.

NINTH: The CONTRACTOR shall not perform or accept work requests from the Contract Manager or any other person that will cause the Maximum Contract Sum of this Contract to be exceeded. CONTRACTOR shall monitor the balance of this Contract's Maximum Contract Sum. When the total of the CONTRACTOR'S paid invoices, invoices pending payment, invoices yet to be submitted, and ordered services reaches 75 percent of the Maximum Contract Sum, the CONTRACTOR shall immediately notify the Contract Manager in writing. However, when the percentage increase or decrease in the fuel price is less than 5 percent, no fuel adjustment

will be granted. In the event the fuel adjustment is granted, the fuel adjustment (increase or decrease) will be added to or subtracted from, as applicable, the hourly rate of compensation to establish the adjusted hourly rate of compensation. A sample calculation is included in Exhibit G. Public Works shall be permitted to audit the Contractor's fuel usage, fuel costs, and fuel procurement methods for the vehicles used in providing these services and the Contractor shall provide records pertaining to its fuel costs upon the County's request.

TWELFTH: In the event that terms and conditions, which may be listed in the CONTRACTOR'S Proposal, conflict with the COUNTY'S specifications, requirements, and terms and conditions as reflected in this AGREEMENT, including, but not limited to, Exhibits A through G, inclusive, the COUNTY'S provisions shall control and be binding.

THIRTEENTH: The CONTRACTOR agrees in strict accordance with the Contract specifications and conditions to meet the COUNTY'S requirements.

The Contract Manager is the only person authorized by Public Works to request work of Contractor. From time to time, Public Works may change Contract Manager. Contractor will be notified in writing when there is a change in Contract Manager.

B. Work Location

Exhibits E.1 through E.4, Project Location/Vicinity Maps, provide a more detailed outline of each street sweeping area's limits.

C. Work Description

Contractor shall sweep and/or clean once a week all public streets, paved alleys, and curbed medians within the Project limits as shown in Exhibits E.1 through E.4, Project Location/Vicinity Maps. The word "sweeping" shall define an operation, and the method shall not be limited to the use of a power broom street sweeper. Unless otherwise stated, work shall be measured in either Curb Miles or Paved Alley Miles. A Curb Mile is defined as a swept path not less than 5 feet wide for a total length of 5,280 feet. A Paved Alley Mile is defined as a swept path not less than 20 feet wide for a total length of 5,280 feet.

Sweeping a street shall normally consist of a single pass at a maximum speed of not more than 6 miles per hour (8 miles per hour in South and West Whittier) on each side of the street adjacent and parallel to the curb face and shall include

curb returns and cross gutters at intersecting streets. Where there is a raised median, sweeping shall also consist of a single swept path on each side of the median adjacent and parallel to the median curb face.

Sweeping an alley shall normally consist of single swept path on each side to the alley adjacent and to the right of the flow line or centerline of the alley at a maximum speed of not more than 6 miles per hour (8 miles per hour in South and West Whittier.

Water shall be used while sweeping to minimize dust, if a power broom sweeper is used. In the event that the results of a sweeping operation are considered unsatisfactory by the Contract Manager, in accordance with this Exhibit's paragraph E, Standard of Performance, below, Contractor shall sweep or clean the unsatisfactory area again, at no cost to the County, within two calendar days without interruption of the regular sweeping schedule.

Curbed areas that cannot be swept with power sweeping equipment, such as, but not limited to, narrow cul-de-sacs, median noses, and portions of left-turn pockets shall be hand cleaned to comply with this Exhibit's paragraph E, Standard of Performance, below.

Contractor shall inform the Contract Manager of any problems or conditions which may be a public hazard or interfere with normal sweeping operations. These problems or conditions shall include, but not be limited to, fallen trees, obstructed roadways or alleys, low overhanging branches, abandoned vehicles, and large potholes. These problems or conditions shall be reported by Contractor to the Contract Manager as soon as the condition is identified. Dead animals shall be reported to Animal Control at (310) 523-9566.

D. Parking Lot Sweeping – Marina del Rey Area Only

In addition to sweeping of streets, curbed medians, paved alleys and other incidental work, the Contractor shall also sweep public parking lots operated by the County of Los Angeles Department of Beaches and Harbors in Marina del Rey designated as Parking Lots 1 through 19.

Sweeping a parking lot shall normally consist of a single swept path adjacent and parallel to the perimeter of the parking lot and adjacent and parallel to any raised medians within the boundaries of the parking lot at a maximum speed of not more than 6 miles per hour.

Notwithstanding any provision of this Contract requiring the Contractor to conduct all of its activities and operations within the confines of public roadways, the Contractor shall enter upon and provide services within the specified public parking lots.

E. Standard of Performance

The primary objective of street sweeping is to remove all leaves, paper, dirt, rocks, glass, bottles, cans, and other debris to ensure the free flow of water in the gutter and to maintain streets in a state of cleanliness. The Contract Manager will make the final determination as to whether the work has been satisfactorily completed. If the work has not been satisfactorily completed, the Contract Manager may direct Contractor to resweep the unsatisfactorily swept area(s) not swept at all, if the area(s) can be reswept during the same business day. If the area(s) cannot be reswept during the same business day by Contractor, the Contract Manager may deduct payment to Contractor in accordance with this Exhibit's paragraph O, Inspection and Acceptance of the Work.

F. Disposal of Refuse and Debris

All debris and refuse collected from these operations shall become the property of Contractor. Contractor shall dispose of all refuse and debris collected during sweeping operations, at no additional cost to the County, by hauling to a legally established area for the disposal of solid waste. When storage of refuse and debris is necessary prior to disposal, Contractor shall locate and arrange for use of a temporary storage site off the road rights of way. Contractor will not be allowed to use the rights of way or Public Works facilities as temporary storage sites.

G. Key Control – Marina del Rey Area Only

The County of Los Angeles Department of Beaches and Harbors, 13837 Fiji Way, Marina del Rey, CA 90292, will provide the Contractor with all keys and gate cards that the Contractor will need in order to perform the Contract work. The Contractor shall report all lost and stolen keys and gate cards to the Department of Beaches and Harbors within 24 hours of discovery of their loss and shall reimburse the Department of Beaches and Harbors for the cost of changing locks and keys. Upon termination of this Contract, all keys and gate cards shall be returned to the Department of Beaches and Harbors within 5 days. The Contractor shall not duplicate any keys and gate cards without the Department of Beaches and Harbors' prior written consent. Duplication of keys and gate cards without such consent is a misdemeanor (California Penal Code Section 469) and a breach of contract.

H. Storage Facilities

The County will not provide storage facilities for Contractor.

I. Water

Contractor shall furnish all water necessary for sweeping operations in accordance with this Exhibit's paragraph C, Work Description.

J. Rights of Way

Contractor shall conduct all of its activities and operations within the confines of public roadways. Contractor shall not allow its employees to use private property for any reason or to use water from such property without written permission from the owner. If, for any reason, Contractor elects to encroach upon other lands, Contractor shall first obtain written permission from the owner and provide evidence of such permission in writing to the Contract Manager prior to entering upon such lands. In performing any work or doing any activity on lands outside of public rights of way, Contractor shall comply with all applicable Federal, State, and local laws, ordinances, and regulations.

Contractor shall indemnify and hold the County harmless from all claims for damages occasioned by such work or activity, whether done in compliance with this Exhibit and with permission or in violation of this Exhibit, without permission.

K. Authority of Board and Contract Manager

The Board has the final authority in all matters affecting the work. Within the scope of this Contract, the Contract Manager has the authority to enforce compliance with the Plans and Specifications. Contractor shall promptly comply with instructions from the Contract Manager or an authorized representative.

On all questions relating to quantities; the acceptability of equipment or work; the execution, progress, or sequence of work; and the interpretation of the Specifications or the Plans, the decision of the Contract Manager will be final and binding and shall be precedent to any payment under this Contract unless otherwise ordered by the Board.

L. Best Management Practices

Best Management Practices (BMPs) shall be defined as any program, technology, process, sitting criteria, operating method, measure, or device which controls, prevents, removes, or reduces pollution. Contractor shall obtain and refer to the California Storm Water Best Management Practice Handbooks, Volume 3 Construction BMP Handbook and the County of Los Angeles Department of Public Works Best Management Practices Handbook for Construction Activities. These publications are available from:

County of Los Angeles Department of Public Works
Cashier Office
900 South Fremont Avenue
Alhambra, CA 91803
Telephone (626) 458-6959

Contractor shall have a readily accessible copy of each publication in the service area at all times. As a minimum, Contractor shall implement the following BMPs in conjunction with all its sweeping activities:

NO.	MATERIAL MANAGEMENT
CD10 (2)	Material Delivery and Storage
CD11 (2)	Material Use
CD12 (2)	Spill Prevention and Control
NO.	**WASTE MANAGEMENT**
CD13 (2)	Solid Waste Management
CD14 (2)	Hazardous Waste Management
CD15 (2)	Contaminated Soil Management
CD16 (2)	Concrete Waste Management
NO.	**VEHICLE AND EQUIPMENT MANAGEMENT**
CD18(2)	Vehicle and Equipment Cleaning
CD19(2)	Vehicle and Equipment Fueling
CD20(2)	Vehicle and Equipment Maintenance
NO.	**TRAINING**
CD40	Employee/Subcontractor Training
NO.	**PHYSICAL STABILIZATION**
CD26A(2)	Soil Stabilizer/Dust Control

Additional BMPs may be required as a result of a change in the actual field conditions, Contractor activities, or construction operations. When more than one BMP is listed under each specific BMP category, Contractor shall select the appropriate and necessary number of BMPs within each category in order to achieve the BMP objective.

BMP for Contractor activities shall be continually implemented throughout the year. BMP for erosion control and sedimentation shall be implemented during the period from October 15 to April 15 and whenever the National Weather Service predicts rain within 24 hours. BMP for erosion control and sedimentation shall also be implemented prior to the commencement of any contractor activity

or operation which may produce runoff and whenever runoff from other sources may occur.

The County, as a permittee, is subject to enforcement actions by the State Water Resources Control Board, Environmental Protection Agency, and private citizens. Full compensation for the implementation of BMPs shall be considered as included in the Total Annual Proposed Price shown in Form PW-2, Schedule of Prices. Should Contractor fail to comply with any BMP, the County will suffer damages, including, but not limited to, having to bear the risk of delay and disruption of its street sweeping program. The amount of such damages is and will continue to be extremely difficult and impracticable to ascertain. Execution of this Contract shall constitute agreement by the County and Contractor that $1,000 per day is the minimum value of the cost and actual damage caused by Contractor's failure to fully implement any BMP, that such sum is liquidated damages and shall not be construed as a penalty and that such sums may be deducted from payments due to Contractor if such failure occurs. However, such liquidated damages do not include losses resulting from the imposition of fines and penalties and other enforcement actions by administrative agencies. The County may assess Contractor, as liquidated damages, $1,000 for each calendar day that Contractor has not fully implemented one or more of the BMPs specified for this Contract and/or is otherwise in noncompliance with these provisions. In addition, Contractor shall defend, indemnify, and hold harmless the County and its officers, employees, and agents from any fine, penalty, or enforcement action (including attorney fees, legal costs, and staff costs) imposed or brought by any person or entity on account of Contractor's alleged lack of compliance with these provisions or nonimplementation of the specified BMPs. The County may deduct, from the payment due to Contractor, amounts necessary to cover such fines and costs.

M. Work Schedule

A complete schedule of weekly sweeping shall be submitted to the Contract Manager for approval prior to any work being done under this Contract. The schedule shall include the Curb Miles and Paved Alley Miles of streets, alleys, and medians to be swept daily as well as the daily starting time.

Also, a route map shall be submitted as part of the schedule, showing streets, alleys, and medians to be swept each day by the Contractor. Contractor shall indicate the daily sweeping route on the maps in an appropriate and understandable manner that is acceptable to the Contract Manager. Changes in the schedule for the convenience of Contractor will require approval by the Contract Manager prior to being included in the weekly work.

The County reserves the right to require Contractor to sweep specific areas on specified days and at specified times of the day and to change any portions of an existing and established sweeping schedule at any time during the duration of this contract. The following guidelines shall be applicable:

1. Sweeping of streets that have posted parking restrictions specified for street sweeping shall only be swept during the posted days and hours.

2. Areas shall not be swept on the same day trash pickup is scheduled. Whenever feasible, sweeping shall be scheduled the day after trash pickup (one to two days after trash pickup for Valinda/Hacienda Heights only). Contractor shall be responsible for determining when trash pickups are scheduled.

3. Streets adjacent to schools and commercial developments shall be swept prior to 7 a.m. or such time as daily public activities start.

4. Streets adjacent to apartments, condominiums, or other areas where all night on street parking is prevalent shall be swept after 8 a.m.

5. Major highways shall not be swept during peak traffic hours.

6. Residential areas shall not be swept prior to 7 a.m. or after 3:30 p.m.

7. Street sweeping shall be scheduled such that both sides of a street are not swept in the same day, unless the Contract Manager directs otherwise.

Alternate Day Sweeping Schedule – Valinda/Hacienda Heights, Azusa/Covina/Claremont, and West Whittier only

Streets on this contract shall be swept on an "alternate day" sweeping schedule.

An alternate day schedule requires the Contractor to sweep the 2 sides of a street on 2 separate and consecutive days. For example, a curbed street may have one side swept on Mondays and the other side swept on Tuesdays. If one side of a street is swept on Fridays, the other side shall be swept on Mondays.

After receiving notification that the Contractor has been awarded this contract, said Contractor shall have 30 days to provide a finalized and working alternate day sweeping schedule to the Contract Manager.

N. Prosecution of Work

To minimize public inconvenience, Contractor shall diligently prosecute the work in the manner and at the times specified in this Exhibit A, Scope of Work, and shall at all times comply with the approved sweeping schedule. If, as determined

by the Contract Manager, Contractor fails to prosecute the work to the extent that the public may be inconvenienced, Contractor shall, upon orders from the Contract Manager, immediately resume diligent prosecution of the work. All cost of prosecuting the work as described herein shall be included in Contractor's Total Annual Proposed Price.

Should Contractor continue to fail to prosecute the work diligently after orders of the Contract Manager to do so, the Contract Manager may suspend the work in whole or in part until such time as the Contract Manager, in his or her sole discretion, determines that Contractor will resume diligent prosecution of the work. All expenses and losses incurred by Contractor as a result of such suspensions shall be borne by Contractor.

O. Inspection and Acceptance of the Work

Contractor shall implement a Contract Quality Control Plan as required under this Exhibit's paragraph W, Quality Control. Contractor shall routinely inspect the work to ensure compliance with the Plans and Specifications, approved schedules, and Contractor quality standards.

The Contract Manager may inspect the work to assure that the quality of street sweeping services is in compliance with Terms and Conditions of this Contract. The Contract Manager may inspect by sampling the quality of the work at up to 20 random locations immediately after they are scheduled to be swept.

A "location" is generally defined as an alley and/or side of any street between two adjacent streets, a cul-de-sac, and/or a dead-end street. A 5 percent deduction of payment for that day's sweeping mileage shall be assessed for each and every location that is not swept in accordance with these Specifications and Plans. Photos and documentation for all deficient locations will be provided to Contractor on the working day following the inspection for all deficient locations.

The Contract Manager will use the following general guidelines to determine if the street was swept properly:

1. No debris shall be in or on the street or gutter within 8 feet of the curb face. Debris includes, but is not limited to, trash, grass, leaves, soil, bottles, broken glass, rocks, and other refuse.

2. A trail of debris shall not be left along the street or gutter.

3. An inordinate amount of debris, which would indicate that the location had not been swept properly.

P. Suspension of Work

The work may be suspended in whole or in part when determined by the Contract Manager that the suspension is necessary in the interest of the County. Contractor shall comply immediately with any written order of the Contract Manager suspending work. Such suspension shall be without liability to Contractor on the part of the County except as otherwise specified in this Exhibit's paragraph Y, Additional Sweeping.

Q. Noncompliance with Plans and Specifications

Failure of Contractor to comply with any requirement of these Specifications and Plans, and to immediately remedy any such noncompliance upon notice from the Contract Manager, may result in suspension of this Contract's monthly payments. Any monthly payments so suspended shall remain in suspension until Contractor's operations are brought into compliance to the satisfaction of the Contract Manager. No additional compensation will be allowed as a result of suspension of the monthly payments due to noncompliance with these Specifications and Plans.

R. Contractor's Equipment Compliance with Laws and Regulations

1. Contractor shall fully comply with all applicable laws and regulations, including, but not limited to, all Air Quality Management District (AQMD) regulations. In particular, Contractor's equipment shall, at all times, be in full compliance with AQMD Rules 1186 and 1186.1 pertaining to street sweepers.

2. The street sweepers specified on the equipment list provided to Public Works and no others shall be used in the Contract work unless notice is given to Public Works and the substitution is approved by Public Works. The Contract Manager or a designee may inspect Contractor's vehicles employed in the Contract work at any time without notice.

3. In the event of mechanical breakdown of an alternate-fuel street sweeper, Contractor shall comply with AQMD Rule 430 in a timely fashion and shall make a timely application for an emergency permit under Rule 430 in order to ensure uninterrupted performance of this Contract. Contractor shall immediately provide to Public Works notice of any telephonic report and a copy of any written report or action plan presented to AQMD pursuant to Rule 430.

4. Contractor shall furnish and maintain in good and safe condition all equipment required for the proper execution of this Contract. The Contract Manager may reject any vehicle or piece of equipment not meeting these safety, maintenance, or regulatory requirements. For the

sweeping of curbed highways and streets, Contractor's equipment shall clean the streets as specified in this Exhibit's paragraph E, Standard of Performance.

5. Contractor shall provide sweeping equipment and disposal trucks, which shall be properly maintained both mechanically and in appearance. Contractor shall provide backup sweeping equipment adequate to ensure completion of scheduled work in the event of equipment breakdown, an area requires resweeping, or to provide any additional resweeping directed by the Contract Manager. All equipment shall be clearly marked with Contractor's name and vehicle number. Contractor's telephone number shall be prominently displayed on all equipment for purposes of identification.

6. The sweeper operator shall be furnished with a cellular phone or equivalent communication device that will allow the Contract Manager to make contact with the sweeper operator during sweeping operations. Contractor shall provide the Contract Manager with the information necessary to maintain contact with the sweeper operator during sweeping operations. The communication device shall be on and operating during sweeping operations.

S. Global Positioning System

1. Primary and backup sweepers shall be equipped with a Global Positioning System (GPS) capable of reporting real time data.

2. The GPS shall be Internet based (direct internet connection) or require additional software to access the GPS provider's data. If Internet based, Contractor shall provide Public Works with two accounts to access the GPS provider's Internet site. If additional software is required, Contractor shall provide software for installation on two Public Works computers.

3. The accounts shall be set up so that only Public Works and Contractor can view Public Works data.

4. Contractor shall pay for all costs related to the GPS, including hardware, software, activation fees, technical support, and monthly service charge fees. There is no separate bid item for the GPS.

5. The GPS shall be capable of gathering the following real time data: speed, direction, location (address), distance traveled, ignition on/off, brooms up/down, and water sprayer on/off.

6. The GPS shall be capable of tracking a sweeper's path with lines or dots superimposed on a map.

7. The minimum locate schedule (frequency of occurrence that GPS data is received from the sweeper) shall be every one minute when brooms are down.

8. The minimum locate schedule shall be every 15 minutes when brooms are up.

9. The GPS shall generate an e-mail alert when the following events occur:

   a. Sweeper exceeds 6 mph (8 mph for South and West Whittier) and brooms are down.

   b. One hour or more of nonmovement during weekdays, 6 a.m. to 4 p.m.

10. The GPS shall be capable of generating daily reports of sweeper activity that includes the following information: date, time, address, speed, direction, location (address), distance traveled, ignition on/off, brooms up/down, and water on/off.

11. Authorized Public Works employees can generate and print reports at any time.

12. All reports shall have the capability to be downloaded in other formats such as Microsoft Excel or Word.

13. Data shall be available for immediate downloading for a minimum of three months. After three months, data shall be backed up and be made available at Public Work's request.

T. Reports

In addition to other data filed with the County by Contractor, Contractor shall, on the second working day of each week, file a report with the Contract Manager enumerating the following information for the previous week:

1. Curb Miles and Paved Alley Miles swept each day.

2. Scheduled Curb Miles and Paved Alley Miles swept and areas missed.

3. When missed areas were swept.

4. Number of complaints received each day.

5. Reasons scheduled sweeping was not performed or completed as scheduled.

6. Waste tonnage summary and copies of waste disposal receipts.

U. Measurement

The basis of measurement and payment shall be by the Curb Mile for curbed streets and the Paved Alley Mile for paved alleys. On streets and highways, Curb Miles shall be measured toward the center of the rights of way from and parallel to the curb face. Measurement of medians will be continual and no deduction will be made for left-turn pockets or intersecting streets.

Additional sweeping of streets, as defined in this Exhibit's paragraph Y, Additional Sweeping, that require the total width of the street to be swept shall be measured on the basis of the width of street in feet divided by five to determine the Curb Miles per mile of length.

The following applies to Valinda/Hacienda Heights, Azusa/Covina/Claremont, and West Whittier only.

The Contractor is required to design an approved weekly "alternate day" sweeping schedule. There is no separate bid item for creating this schedule.

V. Contractor's Representative

Before starting the work, Contractor shall designate, in writing, a representative who shall have complete authority to act for it. An alternate representative may be designated. Any order or communication given to this representative shall be deemed delivered to Contractor. A joint venture or partnership shall designate only one representative and alternate. In the absence of Contractor or its designated representative, necessary or desirable directions or instruction may be given by the Contract Manager to the superintendent or person having charge of the specific work to which the order applies. Such order shall be complied with promptly and referred to Contractor or its representative.

In order to communicate with the County, Contractor's representative, superintendent, or person having charge of specific work shall be able to speak, read, and write the English language.

W. Quality Control

Contractor shall be responsible for implementing procedures for ensuring that street sweeping services are provided in strict compliance with the Plans, Specifications, and approved schedule of services.

Contractor shall designate in writing a Quality Control representative and an alternate Quality Control representative who are responsible for implementing, monitoring, controlling, and reporting on the quality of work.

It is recommended that Contractor's Quality Control representatives be separate and distinct from Contractor's project manager or general superintendent, and the Contractor's Quality Control procedures establish a separate system for recording, reporting, and resolving quality control issues.

Within ten days of contract award, Contractor shall submit to the County a Contract Quality Control Plan for review and approval by the Contract Manager. This plan will include, as a minimum, the names and telephone numbers of Contractor's Quality Control representatives; a description of the roles and responsibilities for quality control; the system for monitoring, reporting on, resolving quality control issues; and checklists or other documentation in support of Contractor's Quality Control function.

X. Plans and Specifications

Included as part of this Contract are Plan sheets (Exhibits E.1 through E.4) showing the locations of streets and alleys included in this service area.

The Plans, these Specifications, and other contract documents shall govern the work. These Contract documents are intended to be complementary and cooperative and to describe and provide for a complete service. Anything in the Specifications and not on the Plans, or on the Plans and not in the Specifications, shall be as though shown or mentioned in both.

While it is believed that much of the information pertaining to conditions, which may affect the cost of the work, will be shown on the Plans or indicated in the Specifications, the County does not warrant the completeness or accuracy of such information. Contractor shall ascertain the existence of any conditions affecting the cost of the work, which would have been disclosed by reasonable examination of the site. Contractor shall, upon discovering any error or omission in the Plans or Specifications, immediately call it to the attention of the Contract Manager.

Y. Additional Sweeping

Contractor shall provide additional sweeping of any street(s) and alley(s) within the area shown on the Plans at any time when ordered by the Contract Manager.

Contractor will be compensated for each additional sweeping at the Contract's Unit Price per Curb Mile or Paved Alley Mile, as appropriate. The method of payment will be determined by the Contract Manager.

The need for additional sweeping may be because of storm, fire, flood, parade, public gathering, riot, or other natural or unanticipated occurrence affecting the cleanliness of the streets. The additional sweeping may be in lieu of or in addition to the regularly scheduled sweeping as ordered by the Contract Manager.

Additional sweeping will normally be confined to sweeping the curb lane. However, if additional sweeping requires the total width of the street(s) to be swept, then compensation will be at the Contract's Unit Price per Curb Mile as defined in this Exhibit's paragraph U, Measurement. All sweeping shall be done with sufficient passes to achieve the results described in this Exhibit's paragraph E, Standard of Performance.

Compensation for extra sweeping will be for a minimum of 16 Curb Miles with no allowance for travel time under one of the following circumstances: a) the sweeper shall return to the area after having left when regular sweeping was completed; b) the extra sweeping is on a day when no regular sweeping is scheduled; or c) an additional sweeper must be brought to the area.

Notwithstanding the above, the County has the option on additional sweeps to compensate Contractor on an hourly basis where it is difficult to determine Curb Miles swept in a nonroutine manner. In these cases, the hourly rate paid by the County to Contractor shall be equal to four times the Contract's Unit Price per Curb Mile. Minimum payment will be equivalent to payment for 16 Curb Miles.

Z. Changes Resulting from Schedule Disruption

During this Contract period, Contractor shall sweep the designated public streets and alleys at least once each week, including all curbed medians, in accordance with a schedule to be approved by the Contract Manager. When, in the opinion of the Contract Manager, inclement weather prevents adherence to the regular sweeping schedule for two days or less in a given week, the Contract Manager may require the sweeping areas so affected to be swept prior to the next sweeping schedule.

Any such required sweeping made necessary by inclement weather shall meet the requirements of this Exhibit's paragraph E, Standard of Performance, and shall be performed by Contractor at the Contract's Unit Price per Curb Mile and will not be considered additional sweeping as defined in this Exhibit's paragraph Y, Additional Sweeping.

When any holiday or observance as specified in the Government Code of the State of California occurs on a regular scheduled sweeping day, and said

sweeping area is not swept in observance of said holiday, the subject sweeping area shall when ordered by the Contract Manager be swept within two working days of the regularly scheduled sweeping day without interruption of the regular sweeping schedule. Any such requested sweeping shall meet the requirements of this Exhibit's paragraph E, Standard of Performance, and shall be performed by Contractor at the Contract Unit Price per Curb Mile and shall not be considered additional sweeping.

In the event Contractor is prevented from completing the sweeping as provided in the approved schedule because of reasons other than inclement weather or holidays, Contractor shall be required to complete the deferred sweeping services within two calendar days without interruption in the regular sweeping schedule.

AA. Changes Resulting from Added or Deleted Streets

It is the intent of this Contract to provide for the weekly sweeping of all curbed streets (including curbed medians) and paved alleys within the unincorporated area shown on the Plans (Exhibits E.1 through E.4). As streets and alleys are improved, they will be added to the weekly sweeping schedule. Compensation to Contractor will be based on the Curb Miles added multiplied by the Contract's appropriate Unit Price.

Streets and alleys initially included in the schedule that are vacated by order of the Board will be deleted from the weekly schedule and the affected Curb Mileage deducted from this Contract's quantities.

Additions and/or deletions of Curb Mileage may affect the approved schedule and appropriate adjustments will be allowed subject to approval by the Contract Manager.

BB. City Incorporation

In the event any areas to be swept under this Contract attain incorporation as a City, Contractor shall continue to sweep the streets and alleys shown on the contract plans at the Contract's Unit Price per Curb Mile until the termination date of this Contract or as directed by the County. The County may direct Contractor to delete streets within the incorporated area from its weekly sweeping schedule prior to the expiration date of this Contract. The Curb Mileage of the streets and alleys within the incorporated area that are deleted from Contractor's weekly sweeping schedule will be deducted from the Contract quantities. The County may, at the request of Contractor, review this Contract if the incorporation severely affects Contractor's weekly sweeping schedule.

CC. Changed Conditions

Contractor shall notify the Contract Manager in writing of any changed conditions promptly upon their discovery. The Contract Manager will promptly investigate conditions which appear to be changed conditions. If the Contract Manager determines that the conditions are changed conditions and they will materially increase or decrease the costs of any portion of the work, a Change Order will be issued adjusting the compensation for such portion of the work. The compensation will be based on the appropriate Unit Price reflected in Form PW-2, Schedule of Prices.

If the Contract Manager determines that the conditions of which it has been notified by Contractor do not justify an adjustment in compensation, Contractor will be notified in writing.

DD. Communications and Public Relations

Contractor shall provide a telephone answering service, toll free to residents of the area to be swept under this Contract and the County Road Maintenance Division District office responsible for the area, from 7:30 a.m. to 4:30 p.m., Monday through Friday, except on legal holidays. The answering service shall have the capability of contacting sweepers by radio or paging equipment for the purpose of relaying instructions from the Contract Manager and to receive citizen complaints.

The telephone number shall be listed in the telephone directory for the area and shall be listed by Contractor's commonly known name. All public complaints concerning street sweeping shall be investigated by Contractor. Complaints brought to Contractor's attention prior to 3 p.m. shall be investigated that day. Those brought to Contractor's attention after 3 p.m. shall be investigated before noon of the following day.

A complaint form shall be filled out for each complaint referred to or received by Contractor. The form, which must be approved by the Contract Manager, shall be filed with the County on the first working day following the day the complaint was received. Contractor shall report what actions were necessary to resolve each complaint.

EE. Special Safety Requirements

All Contractor operators shall be expected to observe all applicable Cal/OSHA and Public Works safety requirements while performing this requested work. Suitable clothing, gloves, and shoes that meet Cal/OSHA requirements are required.

FF. Project Site Safety

Contractor shall be solely responsible for ensuring that all work performed under this Contract is performed in strict compliance with all applicable Federal, State, and local occupational safety regulations. Contractor shall provide at its expense all safeguards, safety devices, and protective equipment shall take any and all actions appropriate to providing a safe service area.

GG. Project Safety Official

Contractor shall designate in writing a Project Safety Official who shall be thoroughly familiar with Contractor's Injury and Illness Prevention Program and Code of Safe Practices. Contractor's Project Safety Official shall be available at all times to abate any potential safety hazards and shall have the authority and responsibility to shut down an operation, if necessary. Failure by Contractor to provide the required Project Safety Official shall be grounds for the County to direct the cessation of all work activities and operations at no cost to the County until such time as Contractor is in compliance.

The Contractor shall retain all such documentation for all covered employees for the period prescribed by law. The Contractor shall indemnify, defend, and hold harmless, the County, its agents, officers, and employees from employer sanctions and any other liability which may be assessed against the Contractor or the County or both in connection with any alleged violation of Federal statutes or regulations pertaining to the eligibility for employment of persons performing services under this Contract.

Q. No Payment for Services Following Expiration or Termination of Contract

The Contractor shall have no claim against the County for payment of any money or reimbursement of any kind whatsoever for any service provided by the Contractor after the expiration or other termination of this Contract. Should the Contractor receive any such payment, it shall immediately notify the County and shall immediately repay all such funds to the County. Payment by the County for services rendered after expiration or other termination of this Contract shall not constitute a waiver of the County's right to recover such payment from the

Contractor. This provision shall survive the expiration or other termination of this Contract.

R. Limitation of the County's Obligation Due to Non-appropriation of Funds

1. The County's obligation is payable only and solely from funds appropriated for the purpose of this Contract.

2. All funds for payments after June 30 of the current fiscal year are subject to the County's legislative appropriation for this purpose. Payments during subsequent fiscal periods are dependent upon the same action.

3. In the event this Contract extends into succeeding fiscal year periods, and if the governing body appropriating the funds does not allocate sufficient funds for the next succeeding fiscal year's payments, then the affected equipment and/or work shall be terminated as of June 30 of the then current fiscal year. The County shall notify the Contractor in writing of such nonallocation at the earliest possible date.

S. Gratuitous Work

The Contractor agrees that should work be performed outside the Scope of Work indicated and without Public Works' prior written approval in accordance with Exhibit B, Section 2.CC, Changes and Amendments of Terms, such work shall be deemed to be a gratuitous effort by the Contractor, and the Contractor shall have no claim, therefore, against the County.

T. Assignment by Contractor

1. Contractor shall not assign its rights or delegate its duties under this Contract, or both, whether in whole or in part, without the prior written consent of the County, in its discretion, and any attempted assignment or delegation without such consent shall be null and void. For purposes of this paragraph, County consent shall require a written amendment to this Contract, which is formally approved and executed by the parties. Any payments by County to any approved delegate or assignee on any claim under this Contract shall be deductible, at County's sole discretion, against the claims which the Contractor may have against the County.

2. Shareholders, partners, members, or other equity holders of the Contractor may transfer, sell, exchange, assign, or divest themselves of any interest they may have therein. However, in the event any such sale, transfer, exchange, assignment, or divestment is effected in such a way as to give majority control of the Contractor to any person(s), corporation, partnership, or legal entity other than the majority controlling interest therein at the time of execution of this Contract, such disposition is an assignment requiring the prior written consent of the County in accordance with applicable provisions of this Contract.

3. Any assumption, assignment, delegation, or takeover of any of the Contractor's duties, responsibilities, obligations, or performance of same by any entity other than the Contractor, whether through assignment, subcontract, delegation, merger, buyout, or any other mechanism, with or without consideration for any reason whatsoever without the County's express prior written approval, shall be a material breach of this Contract, which may result in the termination of this Contract. In the event of such termination, County shall be entitled to pursue the same remedies against the Contractor as it could pursue in the event of default of the Contractor.

U. Subcontracting

1. No performance of this Contract or any portion thereof may be subcontracted by the Contractor without the express written consent of the Director, at the Director's sole and absolute discretion. Any attempt by the Contractor to subcontract any performance of the terms of this Contract without the express written consent of the County shall be null and void and shall constitute a breach of the terms of this Contract. In the event of such a breach, this Contract may be terminated forthwith.

2. In the event the County should consent to subcontracting, each and all of the provisions of this Contract and any amendment thereto shall extend to and be binding upon and inure to the benefit of the successors or administrators of the respective parties.

3. In the event the County should consent to subcontracting, the Contractor shall include in all subcontracts the following provision: "This Agreement is a subcontract under the terms of a prime contract with the County of Los Angeles. All representations and warranties shall inure to the benefit of the County of Los Angeles."

4. Any third-party delegate(s) appointed by the Contractor shall be specified in writing to the Director for advance concurrence.

5. No subcontractor shall be recognized or dealt with by the Board or any of the persons chargeable with the enforcement of this Contract. The Contractor shall, at all times, be personally responsible for the performance of this Contract.

V. Governing Laws

This Contract shall be construed in accordance with and governed by the laws of the State of California.

W. Notice of Delay

Except as otherwise provided under this Contract, when either party has knowledge that any actual or potential situation is delaying or threatens to delay

the timely performance of this Contract, that party shall, within one day, give notice thereof, including all relevant information with respect thereto, to the other party.

X. Record Retention and Inspection/Audit Settlement

The Contractor shall maintain accurate and complete financial records of its activities and operations relating to this Contract in accordance with generally accepted accounting principles. The Contractor shall also maintain accurate and complete employment and other records relating to its performance of this Contract. The Contractor agrees that the County, or its authorized representatives, shall have access to and the right to examine, audit, excerpt, copy, or transcribe any pertinent transaction, activity, or record relating to this Contract. All such material, including, but not limited to, all financial records, bank statements, cancelled checks, other proof of payment, timecards, sign-in/sign-out sheets, other time and employment records, and proprietary data and information, shall be kept and maintained by the Contractor and shall be made available to the County during the term of this Contract and for a period of five years thereafter unless the County's written permission is given to dispose of any such material prior to such time. All such material shall be maintained by the Contractor at a location in the County, provided that if any such material is located outside the County, then, at the County's option, the Contractor shall pay the County for travel, per diem, and other costs incurred by the County to examine, audit, excerpt, copy, or transcribe such material at such other location.

1. In the event that an audit of the Contractor is conducted specifically regarding this Contract by any Federal or State auditor, or by any auditor or accountant employed by the Contractor or otherwise, then the Contractor shall file a copy of such audit report with the County's Auditor-Controller within 30 days of the Contractor's receipt thereof, unless otherwise provided by applicable Federal or State law or under this Contract. The County shall make a reasonable effort to maintain the confidentiality of such audit report(s).

2. Failure on the part of the Contractor to comply with any of the provisions of this paragraph X shall constitute a material breach of this Contract upon which the County may terminate or suspend this Contract.

3. If, at any time during the term of this Contract or within five years after the expiration or termination of this Contract, representatives of the County conduct an audit of the Contractor regarding the work performed under this Contract, and if such audit finds that the County's dollar liability for any such work is less than payments made by the County to the Contractor, then the difference shall be either: a) repaid by the Contractor to the County by cash payment upon demand or b) at the sole option of the County's Auditor-Controller, deducted from any amounts due to the Contractor from the County, whether under this Contract or otherwise. If such audit finds

that the County's dollar liability for such work is more than the payments made by the County to the Contractor, then the difference shall be paid to the Contractor by the County by cash payment, provided that in no event shall the County's maximum obligation for this Contract exceed the funds appropriated by the County for the purpose of this Contract.

4. In addition to the above, the Contractor agrees, should the County or its authorized representatives determine, in its sole discretion, that it is necessary or appropriate to review a broader scope of the Contractor's records (including, certain records related to non-County contracts) to enable the County to evaluate the Contractor's compliance with the County's Living Wage Program, that the Contractor shall promptly and without delay provide to the County, upon the written request of the County or its authorized representatives, access to and the right to examine, audit, excerpt, copy, or transcribe any and all transactions, activities, or records relating to any of its employees who have provided services to the County under this Contract, including without limitation, records relating to work performed by said employees on the Contractor's non-County contracts. The Contractor further acknowledges that the foregoing requirement in this subsection X.4 relative to Contractor's employees who have provided services to the County under this Contract is for the purpose of enabling the County in its discretion to verify the Contractor's full compliance with and adherence to California labor laws and the County's Living Wage Program. All such materials and information, including, but not limited to, all financial records, bank statements, cancelled checks or other proof of payment, timecards, sign-in/sign-out sheets, other time and employment records, and proprietary data and information shall be kept and maintained by the Contractor and shall be made available to the County during the term of this Contract and for a period of five years thereafter unless the County's written permission is given to dispose of any such materials and information prior to such time. All such materials and information shall be maintained by the Contractor at a location in the County, provided that if any such materials and information is located outside the County, then, at the County's option, the Contractor shall pay the County for travel, per diem, and other costs incurred by the County to examine, audit, excerpt, copy, or transcribe such materials and information at such other location.

Y. Validity

If any portion, provision, or part of this Contract is held, determined or adjudicated to be invalid, unenforceable, or void for any reason whatsoever, each such portion, provision, or part shall be severed from the remaining portions, provisions, or parts of this Contract, and (to the extent allowed by law) shall not affect the validity or enforceability of such remaining portions, provisions, or parts.

Z. Waiver

No waiver by the County of any breach of any provision of this Contract shall constitute a waiver of any other breach of such provision. Failure of the County to enforce at anytime, or from time to time, any provision of this Contract shall not be construed as a waiver thereof. The rights and remedies set forth in this paragraph shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

AA. Default and Termination

1. Default

a. The County may, subject to the provisions of subsection c (pertaining to defaults of subcontractors) below, by written notice of default to the Contractor, terminate the whole or any part of this Contract in any one of the following circumstances:

i. If the Contractor has materially breached this Contract; or

ii. If the Contractor fails to perform the work within the time specified herein or any extension thereof; or

iii. If the Contractor fails to perform any of the other provisions of this Contract or so fails to make progress as to endanger performance of this Contract in accordance with its terms, and in either of these two circumstances does not cure such failure within a period of five working days (or such longer period as the County may authorize in writing) after receipt of notice from the County specifying such failure.

b. In the event the County terminates this Contract in whole or in part pursuant to this subsection, the County may procure, upon such terms and in such manner as the County may deem appropriate, goods and services similar to those so terminated, and the Contractor shall be liable to the County for any excess costs for such similar goods and services, provided that the Contractor shall continue the performance of this Contract to the extent not terminated under the provisions of this clause.

c. Except with respect to defaults of subcontractors, the Contractor shall not be liable for any excess costs if the failure to perform this Contract arises out of causes beyond the control and without the fault or negligence of the Contractor. Such causes may include, but are not restricted to, acts of God or of the public enemy, acts of the County in either its sovereign or contractual capacity, acts of the Federal or State government in its sovereign capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight

embargoes, and unusually severe weather; but in every case, the failure to perform must be beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a subcontractor, and if such default arises out of causes beyond the control of both the Contractor and subcontractor, and without the negligence of either of them, the Contractor shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery schedule.

d. If, after Notice of Termination of this Contract under the provisions of this clause, it is determined for any reason that the Contractor was not in default under the provisions of this clause or the default was excusable under the provisions of this clause, the rights and obligations of the parties shall be the same as if the Notice of Termination had been issued pursuant to this Exhibit's Section 2.AA.3, Termination for Convenience.

e. The rights and remedies of the County provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

f. As used herein, the terms "subcontractor" and "subcontractors" mean persons, companies, corporations, or other organizations furnishings supplies, services of any nature, equipment, or materials to Contractor, at any tier, under oral or written agreement.

2. Default for Insolvency

The County may terminated this Contract forthwith for default in the event of the occurrence of any of the following:

a. Insolvency of the Contractor. The Contractor shall be deemed to be insolvent if it has ceased to pay its debts in the ordinary course of business or cannot pay its debts as they become due, whether it has committed an act of bankruptcy or not, and whether insolvent within the meaning of the Federal Bankruptcy Law or not.

b. The filing of a voluntary petition to have the Contractor declared bankrupt.

c. The appointment of a Receiver or Trustee for the Contractor.

d. The execution by the Contractor of an assignment for the benefits of creditors.

e. The rights and remedies of the County provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

3. Termination for Convenience

It is not the intent of the County to terminate this Contract before the completion of all items except for sound business reasons of which the County shall be the sole judge; however, and notwithstanding:

a. The County may at any time terminate this Contract, or any portion thereof, without liability (except as hereinafter provided) by delivering to the Contractor written notice specifying the desired termination date at least 30 days in advance thereof.

b. If this Contract is terminated, the Contractor shall, within 30 days of the Notice of Termination, complete those items of work which are in various stages of completion, which the Director determines are necessary to bring the work to a timely, logical, and orderly end. Reports, samples, and other materials prepared by the Contractor under this Contract shall be delivered to the County upon request and shall become the property of the County.

4. Termination for Breach of Warranty to Maintain Compliance with County's Child Support Requirements

Failure of the Contractor to maintain compliance with the requirements set forth in this Exhibit's Section 2.F, "Contractor's Warranty of Adherence to County's Child Support Compliance Program" shall constitute a default by the Contractor under this Contract. Without limiting the rights and remedies available to the County under any other provision of this Contract, failure to cure such default within 90 calendar days of notice by the Los Angeles County Child Support Services Department shall be grounds upon which the Board may terminate this Contract pursuant to Paragraph AA.1 "Default," of this Section 2, and debar the Contractor pursuant to County Code Chapter 2.202.

BB. Notification

Notices desired or required to be given under these Specifications, Conditions, or Terms herein or any law now or hereafter in effect may, at the option of the party giving the same, be given by enclosing the same in a sealed envelope addressed to the party for whom intended and by depositing such envelope with postage prepaid in the United States Post Office or any substation thereof, or any public box, and any such notice and the envelope containing the same shall be addressed to the Contractor at its place of business, or such other place as may be hereinafter designated in writing by the Contractor. The notices and envelopes containing the same to the County shall be addressed to:

Chief Deputy Director
County of Los Angeles Department of Public Works
P.O. Box 1460
Alhambra, CA 91802-1460

In the event of suspension or termination of this Contract, notices may also be given upon personal delivery to any person whose actual knowledge of such suspension or termination would be sufficient notice to the Contractor. Actual knowledge of such suspension or termination by an individual Contractor or by a copartner, if the Contractor is a partnership; or by the president, vice president, secretary, or general manager, if the Contractor is a corporation; or by the managing agent regularly in charge of the work on behalf of said Contractor shall in any case be sufficient notice.

CC. Changes and Amendments of Terms

The County reserves the right to change any portion of the work required under this Contract, or amend such terms and conditions which may become necessary. Any such revisions shall be accomplished in the following manner:

1. For any change which does not materially affect the scope of work, period of performance, payments, or any material term or condition included in this Contract, a Change Notice shall be prepared and signed by the Director and Contractor.

2. For any revision which materially affects the Scope of Work, period of performance, payments, or any material term or condition included in this Contract, a negotiated modification to this Contract shall be executed by the Board and the Contractor or if delegated by the Board, the Director and the Contractor.

3. To the extent that extensions of time for Contractor performance do not impact either scope or cost of this Contract, Public Works may, at its sole discretion, grant the Contractor extensions of time provided; however, the aggregate of all such extensions during the life of this Contract shall not exceed 60 days.

4. The Board or the County's Chief Administrative Officer may require the addition and/or change of certain contract terms and conditions during the term of this Contract. The County reserves the right to add and/or change such provisions as required by the Board or the Chief Administrative Officer. To implement such changes, an amendment or change order will be prepared by Public Works for execution by the Contractor and the Director.

DD. Confidentiality

The Contractor shall maintain the confidentiality of all its records relating to this Contract, according to all applicable Federal, State, and County laws, regulations, ordinances, and directives relating to confidentiality. The Contractor shall inform all of its officers, employees, and agents providing services hereunder of the confidentiality provisions of this Contract.

EE. Contractor's Charitable Activities Compliance

The Supervision of Trustees and Fundraisers for Charitable Purposes Act regulates entities receiving or raising charitable contributions. The "Nonprofit Integrity Act of 2004" (SB 1262, Chapter 919) increased Charitable Purposes Act requirements. By requiring Contractors to complete the Charitable Contributions Certification (Form PW-12), the County seeks to ensure that all County contractors which receive or raise charitable contributions comply with California law in order to protect the County and its taxpayers. A Contractor which receives or raises charitable contributions without complying with its obligations under California law commits a material breach subjecting it to either contract termination or debarment proceedings or both. (County Code Chapter 2.202)

FF. Budget Reduction

The County reserves the right to renegotiate the terms of this Contract to reduce the Contractor's compensation in the event such reduction is necessary, in the sole discretion of the County, to achieve County budget reductions. Nothing in this paragraph is intended to diminish the County's right to terminate this Contract as provided herein.

2. Failure by the Contractor to comply with provisions of this clause will be grounds for immediate cancellation of this Contract.

SECTION 4

INDEMNIFICATION AND INSURANCE REQUIREMENTS

A. Independent Contractor Status

This Contract is by and between the County and the Contractor and is not intended, and shall not be construed, to create the relationship of agent, servant, employee, partnership, joint venture, or association between the County and the Contractor.

The Contractor understands and agrees that all persons furnishing services to the County pursuant to this Contract are, for all purposes, including, but not limited to, Workers' Compensation liability, employees solely of the Contractor and not of the County.

The obligation to defend, indemnify the County, and hold harmless includes all investigations and

proceedings associated with purported violations of Section 336.10 of Title 8 of the California Code of Regulations pertaining to multiemployer worksites. The Contractor shall not be obligated to indemnify for liability and expenses arising from the active negligence of the County. The County may deduct from any payment otherwise due the Contractor any costs incurred or anticipated to be incurred by the County, including legal fees and staff costs, associated with any investigation or enforcement proceeding brought by Cal/OSHA arising out of the work being performed by the Contractor under this Contract.

B. The Contractor is hereby notified that, in accordance with Chapter 2.202 of the County Code, if the County acquires information concerning the performance of the Contractor on this or other contracts which indicates that the Contractor is not responsible, the County may, in addition to other remedies provided in the Contract, debar the Contractor from bidding or proposing on, or being awarded, and/or performing work on County contracts for a specified period of time, which generally will not exceed five years but may exceed five years or be permanent if warranted by the circumstances, and terminate any or all existing contracts the Contractor may have with the County.

C. The County may debar a contractor if the Board finds, in its discretion, that the Contractor has done any of the following: (1) violated any term of a contract with the County or a nonprofit corporation created by the County; (2) committed any act or omission which negatively reflects on the Contractor's quality, fitness, or capacity to perform a contract with the County, any other public entity, or a nonprofit corporation created by the County, or engaged in a pattern or practice which negatively reflects on same; (3) committed an act or offense which indicates a lack of business integrity or business honesty; or (4) made or submitted a false claim against the County or any other public entity.

D. If there is evidence that the Contractor may be subject to debarment, Public Works will notify the Contractor in writing of the evidence, which is the basis for the proposed debarment and will advise the Contractor of the scheduled date for a debarment hearing before the Contractor Hearing Board.

E. The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Contractor and/or the Contractor's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, the Contractor Hearing Board will prepare a proposed decision, which shall contain a recommendation regarding whether the Contractor should be debarred, and, if so, the appropriate length of time of the debarment. The Contractor and Public Works shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board.

F. After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision, and any other recommendation of the Contractor Hearing Board shall be presented to the Board. The Board shall have

the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.

G. If a contractor has been debarred for a period longer than five years, that contractor may, after the debarment has been in effect for at least five years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. The County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that the contractor has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership or management; (3) material evidence discovered after debarment was imposed; or (4) any other reason that is in the best interests of the County.

H. The Contractor Hearing Board will consider a request for review of a debarment determination only where (1) the Contractor has been debarred for a period longer than five years; (2) the debarment has been in effect for at least five years; and (3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, the Contractor Hearing Board will provide notice of the hearing on the request. At the hearing, the Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by the Contractor Hearing Board pursuant to the same procedure as for a debarment hearing.

The Contractor Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing Board shall present its proposed decision and recommendation to the Board. The Board shall have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.

I. These terms shall also apply to subcontractors of the Contractor.

SECTION 6

CONTRACTOR EMPLOYEE JURY SERVICE PROGRAM

A. Contract Subject to Jury Service Program

This Contract is subject to the provisions of the County's ordinance entitled Contractor Employee Jury Service (Jury Service Program) as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code.

B. Written Employee Jury Service Policy

1. Unless the Contractor has demonstrated to the County's satisfaction either that the Contractor is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of the County Code) or that the Contractor qualifies for an exception to the Jury Service Program (Section 2.203.070 of the County Code), the Contractor shall have and adhere to a written policy that provides that its employees shall receive from the Contractor, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that employee deposit any fees received for such jury service with the Contractor or that the Contractor deducts from the employee's regular pay the fees received for jury service.

2. For purposes of this Section, "Contractor" means a person, partnership, corporation, or other entity, which has a contract with the County or a subcontract with a County contractor and has received or will receive an aggregate sum of $50,000 or more in any 12-month period under one or more County contracts or subcontracts. "Employee" means any California resident who is a full-time employee of the Contractor. "Full-time" means 40 hours or more worked per week, or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by the County, or 2) Contractor has a long-standing practice that defines the lesser number of hours as full-time. Full-time employees providing short-term, temporary services of 90 days or less within a 12-month period are not considered full-time for purposes of the Jury Service Program. If the Contractor uses any subcontractor to perform services for the County under this Contract, the subcontractor shall also be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract agreement and a copy of the Jury Service Program shall be attached to the agreement.

3. If the Contractor is not required to comply with the Jury Service Program when this Contract commences, the Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and the Contractor shall immediately notify the County if the Contractor at any time either comes within the Jury Service Program's definition of "Contractor" or if the Contractor no longer qualifies for an

exception to the Program. In either event, the Contractor shall immediately implement a written policy consistent with the Jury Service Program. The County may also require, at any time during this Contract and at its sole discretion, that the Contractor demonstrate to the County's satisfaction that the Contractor either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that the Contractor continues to qualify for an exception to the Program.

4. The Contractor's violation of this Section of the Contract may constitute a material breach of the Contract. In the event of such material breach, the County may, in its sole discretion, terminate this Contract and/or bar the Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach.

SECTION 7

LOCAL SMALL BUSINESS ENTERPRISE PREFERENCE PROGRAM

A. This Contract is subject to the provisions of the County's ordinance entitled Local Small Business Enterprise Preference Program, as codified in Chapter 2.204 of the Los Angeles County Code.

B. The Contractor shall not knowingly and with the intent to defraud, fraudulently obtain, retain, attempt to obtain or retain, or aid another in fraudulently obtaining or retaining or attempting to obtain or retain certification as a Local Small Business Enterprise.

C. The Contractor shall not willfully and knowingly make a false statement with the intent to defraud, whether by affidavit, report, or other representation, to a County official or employee for the purpose of influencing the certification or denial of certification of any entity as a Local Small Business Enterprise.

D. If the Contractor has obtained County certification as a Local Small Business Enterprise by reason of having furnished incorrect supporting information or by reason of having withheld information, and which knew, or should have known, the information furnished was incorrect or the information withheld was relevant to its request for certification, and which by reason of such certification has been awarded this Contract to which it would not otherwise have been entitled, shall:

1. Pay to the County any difference between the contract amount and what the County's costs would have been if the contract had been properly awarded;

2. In addition to the amount described in subdivision (1), be assessed a penalty in an amount of not more than 10 percent of the amount of the contract; and

3. Be subject to the provisions of Chapter 2.202 of the Los Angeles County Code (Determinations of Contractor Nonresponsibility and Contractor Debarment).

E. The above penalties shall also apply if the Contractor is no longer eligible for certification as a result of a change of its status and the Contractor failed to notify the State and the County's Office of Affirmative Action Compliance of this information.

SECTION 8

SAFELY SURRENDERED BABY LAW PROGRAM

A. Notice to Employees Regarding the Safely Surrendered Baby Law

The Contractor shall notify and provide to its employees, and shall require each subcontractor to notify and provide to its employees, a fact sheet regarding the Safely Surrendered Baby Law, its implementation in Los Angeles County, and how to safely surrender a baby. The fact sheet is set forth in Exhibit D of this Contract and is also available on the Internet at www.babysafela.org for printing purposes.

B. Contractor's Acknowledgment of County's Commitment to the Safely Surrendered Baby Law

The Contractor acknowledges that the County places a high priority on the implementation of the Safely Surrendered Baby Law. The Contractor understands that it is the County's policy to encourage all County contractors to voluntarily post the County's "Safely Surrendered Baby Law" poster in a prominent position at the Contractor's place of business. The Contractor will also encourage its subcontractors, if any, to post this poster in a prominent position in the subcontractor's place of business. The County's Department of Children and Family Services will supply the Contractor with the poster to be used.

SECTION 9

COMPLIANCE WITH LIVING WAGE PROGRAM

A. Living Wage Program

This Contract is subject to the provisions of the County's ordinance entitled Living Wage Program as codified in Sections 2.201.010 through 2.201.100 of the Los Angeles County Code, a copy of which is attached hereto as Form LW-1 and incorporated by reference into and made a part of this Contract.

B. Payment of Living Wage Rates

1. Unless Contractor has demonstrated to the County's satisfaction either that Contractor is not an "employer" as defined under the Program (Section 2.201.020 of the County Code) or that Contractor qualifies for an exception to the Living Wage Program (Section 2.201.090 of the County Code), Contractor shall pay its employees no less than the applicable hourly living wage rate, as set forth immediately below, for the employees' services provided to the County, including, without limitation, "travel time" as defined below in subsection 5 of this Section 9.B under this Contract:

   a. Not less than $11.84 per hour if, in addition to the per-hour wage, Contractor contributes less than $2.20 per hour towards the provision of bona fide health care benefits for its employees and any dependents; or

   b. Not less than $9.64 per hour if, in addition to the per-hour wage, Contractor contributes at least $2.20 per hour towards the provision of bona fide health care benefits for its employees and any dependents. Contractor will be deemed to have contributed $2.20 per hour towards the provision of bona fide health care benefits if the benefits are provided through the County Department of Health Services Community Health Plan. If, at any time during this Contract, Contractor contributes less than $2.20 per hour towards the provision of bona fide health care benefits, Contractor shall be required to pay its employees the higher hourly living wage rate.

2. For purposes of this Section, "Contractor" includes any subcontractor engaged by Contractor to perform services for the County under this Contract. If Contractor uses any subcontractor to perform services for the County under this Contract, the subcontractor shall be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract agreement and a copy of the Living Wage Program shall be attached to the agreement. "Employee" means any individual who is an employee of Contractor under the laws of California, and who is providing full-time services to Contractor, some or all of which

are provided to the County under this Contract. "Full-time" means a minimum of 40 hours worked per week, or a lesser number of hours, if the lesser number is a recognized industry standard and is approved as such by the County; however, fewer than 35 hours worked per week will not, in any event, be considered full-time.

3. If Contractor is required to pay a living wage when this Contract commences, Contractor shall continue to pay a living wage for the entire term of this Contract, including any option period.

4. If Contractor is not required to pay a living wage when this Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exemption status" from the living wage requirement. Contractor shall immediately notify County if Contractor at any time either comes within the Living Wage Program's definition of "employer", or if Contractor no longer qualifies for an exception to the Living Wage Program. In either event, Contractor shall immediately be required to commence paying the living wage and shall be obligated to pay the living wage for the remaining term of this Contract, including any option period. The County may also require, at any time during this Contract and at its sole discretion, that Contractor demonstrate to the County's satisfaction that Contractor either continues to remain outside of the Living Wage Program's definition of "employer" and/or that Contractor continues to qualify for an exception to the Living Wage Program. Unless Contractor satisfies this requirement within the time frame permitted by the County, Contractor shall immediately be required to pay the living wage for the remaining term of this Contract, including any option period.

5. For purposes of the Contractor's obligation to pay its employees the applicable hourly living wage rate under this Contract, "travel time" shall have the following two meanings, as applicable: 1) with respect to travel by an employee that is undertaken in connection with this Contract, travel time shall mean any period during which an employee physically travels to or from a County facility if the Contractor pays the employee any amount for that time or if California law requires the Contractor to pay the employee any amount for that time; and 2) with respect to travel by an employee between County facilities that are subject to two different contracts between the Contractor and the County (of which both contracts are subject to the Living Wage Program), travel time shall mean any period during which an employee physically travels to or from, or between such County facilities if the Contractor pays the employee any amount for that time or if California law requires the Contractor to pay the employee any amount for that time.

C. Contractor's Submittal of Certified Monitoring Reports

1. Contractor shall submit to the County certified monitoring reports at a frequency instructed by the County. The certified monitoring reports shall list

all of Contractor's employees during the reporting period. The certified monitoring reports shall also verify the number of hours worked, the hourly wage rate paid, and the amount paid by Contractor for health benefits, if any, for each of its employees. The certified monitoring reports shall also state the name and identification number of Contractor's current health care benefits plan, and Contractor's portion of the premiums paid as well as the portion paid by each employee. All certified monitoring reports shall be submitted on forms provided by the County, or any other form approved by the County which contains the above information. The County reserves the right to request any additional information it may deem necessary. If the County requests additional information, Contractor shall promptly provide such information. Contractor, through one of its officers, shall certify under penalty of perjury that the information contained in each certified monitoring report is true and accurate.

D. Contractor's Ongoing Obligation to Report Labor Law/Payroll Violations and Claims

During the term of this Contract, if the Contractor becomes aware of any labor law/payroll violations or any complaint, investigation, or proceeding ("claim") concerning any alleged labor law/payroll violation (including, but not limited to, any violation or claim pertaining to wages, hours, and working conditions such as minimum wage, prevailing wage, living wage, the Fair Labor Standards Act, employment of minors, or unlawful employment discrimination), the Contractor shall immediately inform the County of any pertinent facts known by the Contractor regarding the same. This disclosure obligation is not limited to any labor law/payroll violation or claim arising out of the Contractor's contract with the County, but instead applies to any labor law/payroll violation or claim arising out of any of the Contractor's operation in California.

E. County Auditing of Contractor Records

1. Upon a minimum of 24 hours' written notice, the County may audit, at Contractor's place of business, any of Contractor's records pertaining to this Contract, including all documents and information relating to the certified monitoring reports.

2. Contractor is required to maintain all such records in California until the expiration of four years from the date of final payment under this Contract. Authorized agents of the County shall have access to all such records during normal business hours for the entire period that records are to be maintained.

F. Notifications to Employees

Contractor shall place County-provided living wage posters at each of Contractor's place of business and locations where Contractor's employees are working. Contractor shall also distribute County-provided notices to each of its employees at

least once per year. Contractor shall translate into Spanish and any other language spoken by a significant number of employees the posters and handouts.

G. Enforcement and Remedies

1. If Contractor fails to comply with the requirements of this Section, the County shall have the rights and remedies described in this Section in addition to any rights and remedies provided by law or equity.

2. Remedies For Submission of Late or Incomplete Certified Monitoring Reports: If Contractor submits a certified monitoring report to the County after the date it is due, or if the report submitted does not contain all of the required information, is inaccurate, or is not properly certified, any such deficiency shall constitute a breach of this Contract. In the event of any such breach, the County may, in its sole discretion, exercise any or all of the following rights/remedies:

   a. Withholding of Payment: If Contractor fails to submit accurate, complete, timely, and properly certified monitoring reports, the County may withhold from payment to Contractor up to the full amount of any invoice that would otherwise be due, until Contractor has satisfied the concerns of the County, which may include required submittal of revised certified monitoring reports or additional supporting documentation.

   b. Liquidated Damages: It is mutually understood and agreed that Contractor's failure to submit an accurate, complete, timely, and properly certified monitoring report will result in damages being sustained by the County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time. The liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, in the event that a certified monitoring report is deficient, including, but not limited to, being late, inaccurate, incomplete, or uncertified, it is agreed that the County may, in its sole discretion, assess against Contractor liquidated damages in the amount of $100 per monitoring report for each day until the County has been provided with a properly prepared, complete, and certified monitoring report. The County may deduct any assessed liquidated damages from any payments otherwise due to Contractor.

   c. Termination: Contractor's failure to submit an accurate, complete, timely, and properly certified monitoring report may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.

3. Remedies for Payment of Less Than the Required Living Wage: If Contractor fails to pay any employee at least the applicable hourly living wage rate, such deficiency shall constitute a breach of this Contract. In the event of any such breach, the County may, in its sole discretion, exercise any or all of the following rights/remedies:

   a. Withholding Payment: If Contractor fails to pay one or more of its employees at least the applicable hourly living wage rate, the County may withhold from any payment otherwise due to Contractor the aggregate difference between the living wage amounts Contractor was required to pay its employees for a given pay period and the amount actually paid to the employees for that pay period. The County may withhold said amount until Contractor has satisfied the County that any underpayment has been cured, which may include required submittal of revised certified monitoring reports or additional supporting documentation.

   b. Liquidated Damages: It is mutually understood and agreed that Contractor's failure to pay any of its employees at least the applicable hourly living wage rate will result in damages being sustained by the County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time. The liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, it is agreed that the County may, in its sole discretion, assess against Contractor liquidated damages of $50 per employee per day for each and every instance of an underpayment to an employee. The County may deduct any assessed liquidated damages from any payments otherwise due to Contractor.

   c. Termination: Contractor's failure to pay any of its employees the applicable hourly living wage rate may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.

4. Debarment: In the event Contractor breaches a requirement of this Section, the County may, in its sole discretion, bar Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach, not to exceed three years.

H. Use of Full-Time Employees

Contractor shall assign and use full-time employees of Contractor to provide services under this Contract unless Contractor can demonstrate to the satisfaction of the County that it is necessary to use non-full-time employees based on staffing

efficiency or County requirements for the work to be performed under this Contract. It is understood and agreed that Contractor shall not, under any circumstance, use non-full-time employees for services provided under this Contract unless and until the County has provided written authorization for the use of same. Contractor submitted with its proposal a full-time-employee staffing plan. If Contractor changes its full-time-employee staffing plan, Contractor shall immediately provide a copy of the new staffing plan to the County.

I. Contractor Retaliation Prohibited

Contractor and/or its employees shall not take any adverse action which would result in the loss of any benefit of employment, any contract benefit, or any statutory benefit for any employee, person, or entity who has reported a violation of the Living Wage Program to the County or to any other public or private agency, entity, or person. A violation of the provisions of this paragraph may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.

J. Contractor Standards

During the term of the Contract, Contractor shall maintain business stability, integrity in employee relations, and the financial ability to pay a living wage to its employees. If requested to do so by the County, Contractor shall demonstrate to the satisfaction of the County that Contractor is complying with this requirement.

K. Neutrality in Labor Relations

Contractor shall not use any consideration received under this Contract to hinder or to further the organization of, collective bargaining activities by or on behalf of Contractor's employees, except that this restriction shall not apply to any expenditure made in the course of good faith collective bargaining, to any expenditure pursuant to obligations incurred under a bona fide collective bargaining agreement, or which would otherwise be permitted under the provisions of the National Labor Relations Act.

Department of the Treasury
Internal Revenue Service
Notice 1015

(Rev. December 2005)

Have You Told Your Employees About the Earned Income Credit (EIC)?

What Is the EIC?

The EIC is a refundable tax credit for certain workers.

Which Employees Must I Notify About the EIC?

You must notify each employee who worked for you at any time during the year and from whom you did not withhold income tax. However, you do not have to notify any employee who claimed exemption from withholding on Form W-4, Employee's Withholding Allowance Certificate.
Note: *You are encouraged to notify each employee whose wages for 2005 are less than $37,263 that he or she may be eligible for the EIC.*

How and When Must I Notify My Employees?

You must give the employee one of the following:

- The IRS Form W-2, Wage and Tax Statement, which has the required information about the EIC on the back of Copy B.
- A substitute Form W-2 with the same EIC information on the back of the employee's copy that is on Copy B of the IRS Form W-2.
- Notice 797, Possible Federal Tax Refund Due to the Earned Income Credit (EIC).
- Your written statement with the same wording as Notice 797.

If you are required to give Form W-2 and do so on time, no further notice is necessary if the Form W-2 has the required information about the EIC on the back of the employee's copy. If a substitute Form W-2 is given on time but does not have the required information, you must notify the employee within 1 week of the date the substitute Form W-2 is given. If Form W-2 is required but is not given on time, you must give the employee Notice 797 or your written statement by the date Form W-2 is required to be given. If Form W-2 is not required, you must notify the employee by February 7, 2006.

You must hand the notice directly to the employee or send it by First-Class Mail to the employee's last known address. You will not meet the notification requirements by posting Notice 797 on an employee bulletin board or sending it through office mail. However, you may want to post the notice to help inform all employees of the EIC. You can get copies of the notice by calling 1-800-829-3676, or from the IRS website at **www.irs.gov**.

How Will My Employees Know If They Can Claim the EIC?

The basic requirements are covered in Notice 797. For more detailed information, the employee needs to see the 2005 instructions for Form 1040, 1040A, 1040EZ, or Pub. 596, Earned Income Credit (EIC).

How Do My Employees Claim the EIC?

Eligible employees claim the EIC on their 2005 tax return. Even employees who have no tax withheld from their pay or owe no tax can claim the EIC and get a refund, but they must file a tax return to do so. For example, if an employee has no tax withheld in 2005 and owes no tax but is eligible for a credit of $799, he or she must file a 2005 tax return to get the $799 refund.

How Do My Employees Get Advance EIC Payments?

Eligible employees who expect to have a qualifying child for 2006 can get part of the credit with their pay during the year by giving you a completed Form W-5, Earned Income Credit Advance Payment Certificate. You must include advance EIC payments with wages paid to these employees, but the payments are not wages and are not subject to payroll taxes. Generally, the payments are made from withheld income, social security, and Medicare taxes. For details, see Pub. 15 (Circular E), Employer's Tax Guide.

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents to give up their baby confidentially. As long as the baby has not been abused or neglected, parents may give up their newborn without fear of arrest or prosecution.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially and safely give up a baby within three days of birth. The baby must be handed to an employee at a Los Angeles County emergency room or fire station. As long as the child shows no signs of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, workers will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their newborns within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

In most cases, a parent will bring in the baby. The law allows other people to bring in the baby if they have legal custody.

Does the parent have to call before bringing in the baby?

No. A parent can bring in a baby anytime, 24 hours a day, 7 days a week so long as the parent gives the baby to someone who works at the hospital or fire station.

Does a parent have to tell anything to the people taking the baby?

No. However, hospital personnel will ask the parent to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the child. Although encouraged, filling out the questionnaire is not required.

What happens to the baby?

The baby will be examined and given medical treatment if needed. Then the baby will be placed in a pre-adoptive home.

What happens to the parent?

Once the parent(s) has safely turned over the baby, they are free to go.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned by their parents and potentially being hurt or killed. You may have heard tragic stories of babies left in dumpsters or public bathrooms. The parents who committed these acts may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had nowhere to turn for help, they abandoned their infants. Abandoning a baby puts the child in extreme danger. It is also illegal. Too often, it results in the baby's death. Because of the Safely Surrendered Baby Law, this tragedy doesn't ever have to happen in California again.

A baby's story

At 8:30 a.m. on Thursday, July 25, 2002, a healthy newborn baby was brought to St. Bernardine Medical Center in San Bernardino under the provisions of the California Safely Surrendered Baby Law. As the law states, the baby's mother did not have to identify herself. When the baby was brought to the emergency room, he was examined by a pediatrician, who determined that the baby was healthy and doing fine. He was placed with a loving family while the adoption process was started.

Every baby deserves a chance for a healthy life. If someone you know is considering abandoning a newborn, let her know there are other options.

It is best that women seek help to receive proper medical care and counseling while they are pregnant. But at the same time, we want to assure parents who choose not to keep their baby that they will not go to jail if they deliver their babies to safe hands in any Los Angeles County hospital ER or fire station.

¿Qué es la Ley de Entrega de Bebés Sin Peligro?

La Ley de Entrega de Bebés Sin Peligro de California permite a los padres entregar a su recién nacido confidencialmente. Siempre que el bebé no haya sufrido abuso ni negligencia, padres pueden entregar a su recién nacido sin temor a ser arrestados o procesados.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura, dentro de los tres días del nacimiento. El bebé debe ser entregado a un empleado de una sala de emergencias o de un cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazalete y el padre/madre recibirá un brazalete igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden empezar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles, al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

En la mayoría de los casos, los padres son los que llevan al bebé. La ley permite que otras personas lleven al bebé si tienen la custodia legal del menor.

¿Los padres deben llamar antes de llevar al bebé?

No. El padre/madre puede llevar a su bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, mientras que entregue a su bebé a un empleado del hospital o de un cuartel de bomberos.

¿Es necesario que el padre/madre diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital le pedirá que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para los cuidados que recibirá el bebé. Es recomendado llenar este cuestionario, pero no es obligatorio hacerlo.

¿Qué ocurrirá con el bebé?

El bebé será examinado y, de ser necesario, recibirá tratamiento médico. Luego el bebé se entregará a un hogar preadoptivo.

¿Qué pasará con el padre/madre?

Una vez que los padres hayan entregado a su bebé en forma segura, serán libres de irse.

¿Por qué California hace esto?

La finalidad de la Ley de Entrega de Bebés Sin Peligro es proteger a los bebés del abandono por parte de sus padres y de la posibilidad de que mueran o sufran daños. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Es posible que los padres que cometieron estos actos hayan estado atravesando dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus recién nacidos porque tenían miedo y no tenían adonde recurrir para obtener ayuda. El abandono de un recién nacido lo pone en una situación de peligro extremo. Además es ilegal. Muy a menudo el abandono provoca la muerte del bebé. Ahora, gracias a la Ley de Entrega de Bebés Sin Peligro, esta tragedia ya no debe suceder nunca más en California.

Historia de un bebé

A las 8:30 a.m. del jueves 25 de julio de 2002, se entregó un bebé recién nacido saludable en el St. Bernardine Medical Center en San Bernardino, en virtud de las disposiciones de la Ley de Entrega de Bebés Sin Peligro. Como lo establece la ley, la madre del bebé no se tuvo que identificar. Cuando el bebé llegó a la sala de emergencias, un pediatra lo revisó y determinó que el bebé estaba saludable y no tenía problemas. El bebé fue ubicado con una buena familia, mientras se iniciaban los trámites de adopción.

Cada recién nacido merece una oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele qué otras opciones tiene.

Es mejor que las mujeres busquen ayuda para recibir atención médica y asesoramiento adecuado durante el embarazo. Pero al mismo tiempo, queremos asegurarles a los padres que optan por no quedarse con su bebé que no irán a la cárcel si dejan a sus bebés en buenas manos en cualquier sala de emergencia de un hospital o en un cuartel de bomberos del Condado de Los Angeles.

FUEL PRICE ADJUSTMENTS

IF CONTRACTOR PURCHASES FUEL AT MARKET PRICES AT TIME OF PROPOSAL:

The Director may adjust 12 percent of the unit rate of compensation set forth in Form PW-2, Schedule of Prices based on the increase or decrease in the fuel price published in the Official Energy Statistics from the United States Department of Energy website at <http://tonto.eia.doe.gov/dnav/pet/pet_pri_gnd_dcus_sca_m.htm> for Gasoline - All Grades (Regular) for California, and at <http://tonto.eia.doe.gov/dnav/pet/pet_pri_prop_dcu_r50_m.htm> for Propane (LPG) using West Coast (PADD 5) "Sales For Resale," as appropriate to the vehicle used, beginning on the month of this Contract's start date and thereafter at each successive six month interval (interval may differ), which shall be the effective date for any such fuel adjustment. The percentage change in the fuel price shall be obtained using the fuel prices published three months preceding the proposal submission date and the fuel price published three months preceding each effective date of the adjustment.

However, when the percentage increase or decrease in the fuel price is less than 5 percent, no fuel adjustment will be granted. In the event the fuel adjustment is granted, the fuel adjustment (increase or decrease) will be added to or subtracted from, as applicable, the unit rate of compensation to establish the adjusted unit rate of compensation. A sample calculation is included in Exhibit G.

Public Works shall be permitted to audit the Contractor's fuel usage, fuel costs, and fuel procurement methods for the vehicles used in providing these services and the Contractor shall provide records pertaining to its fuel costs upon the County's request.

IF THE CONTRACTOR HAS A LONG TERM AGREEMENT TO PURCHASE FUEL AT A FIXED PRICE FOR A MULTI-YEAR PERIOD AT TIME OF PROPOSAL:

The Director may adjust 12 percent of the unit rate of compensation set forth in Form PW-2, Schedule of Prices based on the increase or decrease in the negotiated fuel price during the term of this Contract, whenever there is a renegotiation of the Contractor's fuel prices with the fuel suppliers. The Contractor agrees to provide Public Works with a copy of its current long-term fuel purchasing agreements and each new fuel agreement, whenever the(se) agreement(s) is/are renegotiated during the term of this Contract. Such copies, when marked "Confidential" by the Contractor, shall be treated by the County as confidential in accordance with the California Public Records Act. The percentage change in the fuel price shall be obtained using the fuel prices listed in the long-term agreement on the proposal submission date and whenever there is a change in the long-term fuel price.

FUEL PRICE ADJUSTMENTS

However, when the percentage increase or decrease in the fuel price is less than 5 percent, no fuel adjustment will be granted. In the event the fuel adjustment is granted, the fuel adjustment (increase of decrease) will be added to or subtracted from, as applicable, the unit rate of compensation to establish the adjusted unit rate of compensation. A sample calculation is included in Exhibit G.

Public Works shall be permitted to audit the Contractor's fuel usage, fuel costs, and fuel procurement methods for the vehicles used in revenue service and the Contractor shall provide records pertaining to its fuel costs upon the County's request.

SAMPLE CALCULATION OF THE FUEL ADJUSTMENT

Purchasing Fuel at Market Prices

Following sample data will be used to calculate sample calculation of fuel adjustment
Unit Rate from PW-2, Schedule of Prices: $15.00
Proposal due date: February 2007
Contract start date: July 2007

Fuel Adjustment (FA) Component for Propane price:

Propane (On-Highway) - May 2007	245.02 cents per gallon
Propane (On-Highway) - April 2007	293.23 cents per gallon
Percent change in Propane (On-Highway)	19.7% increase

Adjusted Unit Rate (FA component):
= (12% of unit rate)* x (Percent change in Propane Price)
= [(12%) x ($15.00)] x (19.7%)
= ($1.80) x (19.7%)
= $0.35 Fuel Adjustment (increase)

Adjusted Unit Rate for July 2007
$15.00 + $0.35 = $15.35

Purchasing Fuel Under Long-Term Fuel Supply Agreement

Following sample data will be used to calculate sample calculation of fuel adjustment
Unit Rate from PW-2, Schedule of Prices: $15.00
Proposal due date: February 2007 (Long-Term Fuel Price: $2.00 per gallon)
Contract start date: July 2007
Renegotiation of Fuel Price: September 2007 (renegotiated price is $2.25 per gallon)

Fuel Adjustment (FA) Component for Contract price:

February 2007	200.00 cents per gallon
Renegotiated Price in September 2007	225.00 cents per gallon
Percent change in Diesel (long-term price)	12.5% increase

Adjusted Unit Rate (FA component):
= (12% of unit rate) x (Percent change in price)
= [(12%) x ($15.00)] x (12.5%)
= ($1.80) x (12.5%)
= $0.23 Fuel Adjustment (increase)

Adjusted Unit Rate for September 2007
$15.00 + $0.23 = $15.23

COMPANY BACKGROUND

Nationwide Environmental Services (NES), a division of Joe's Sweeping, Inc., was founded in 1968 by Joe Samuelian to provide parking lot sweeping services. Joe's mission statement at the time was "To provide quality sweeping services utilizing the latest state-of-the-art equipment and creating the highest level of customer service available." From a single sweeper company to a fleet of more than 70 sweeping and cleaning vehicles, serving over 40 municipalities, that mission statement is as true today as it was over 35 years ago.

Our extensive fleet of sweeping and cleaning vehicles continues to maintain municipalities, residential communities (HOA), business parks, parking facilities, construction sites, and various unified school districts. Our current contracts cover street sweeping services within the greater Los Angeles area, and the surrounding areas of Orange County, Ventura, San Bernardino, and Riverside with populations ranging from 10,000 to 200,000.

Our high level of customer service along with our reputation of providing quality services has been acknowledged by WorldSweeper.com who has featured NES as the 'Contractor of the Month' for December 2006. NES was selected from over 5,000 U.S. sweeping contractors. In addition, NES was one of the first sweeping companies to attain the status of Certified Sweeping Contractor in the nation through the north american Power Sweeping association (naPSa). (See Additional Information)

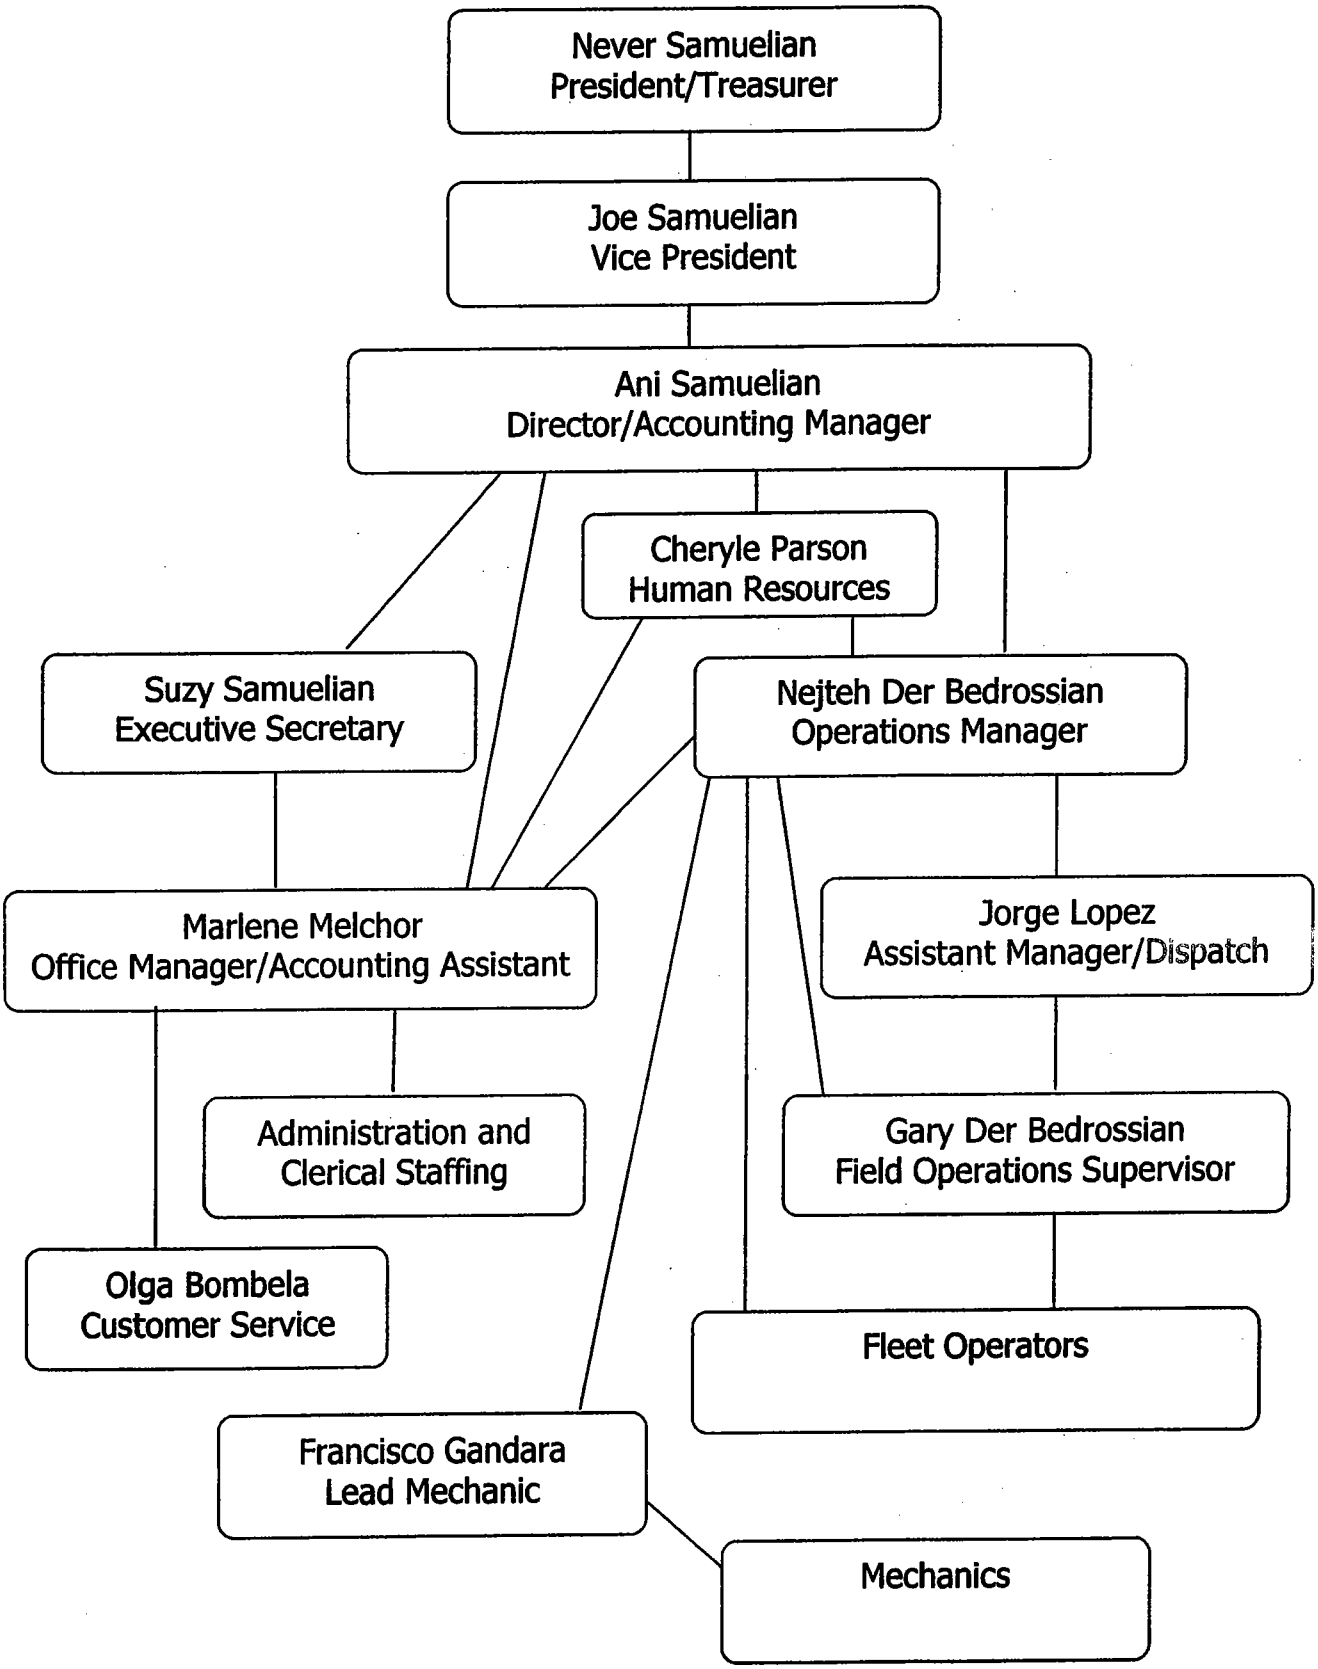
Our clean, efficient street sweeping services enhance a community's appearance. NES provides consistent and thorough sweeping services, thereby, ensuring a cleaner environment in which to reside and work. This type of environment promotes community pride and helps increase property values.

At NES we realize the importance of a clean and dependable fleet. Our vehicles are routinely cleaned and inspected which allows us to consistently present a positive image. Our truck mechanics are highly qualified and every driver is a trained professional. Everyone at NES is dedicated to keeping our fleet on the road and on time. Our motto is "Service First," which ensures, you the client, when a NES truck is in your community it is serious about keeping your community clean.

Our dedicated staff is committed to serving the community in the most environmental, safe, and efficient manner possible. We take great pride in our fleet and we make certain our customers and residents are satisfied with our sweeping performance.

Nationwide Environmental Services
Division of Joe's Sweeping, Inc.

ORGANIZATIONAL CHART



EXPERIENCE

NES is currently under contract with over 40 municipalities in which six are street sweeping contracts with the County of Los Angeles. Furthermore, NES is the current street sweeping contractor for South Whittier, West Whittier, Marina Del Rey and Valinda/Hacienda Heights; therefore, NES is well aware of the scope of services in these areas.

NES employs a state-of-the-art 24 hours-a-day dispatch service should the need for re-sweeping or emergency requests arise. Moreover, NES has a fleet of over 70 sweeping and cleaning vehicles which are in excellent condition and maintained on a daily basis.

NES employs a staff of over 60 street sweeper operators which are experienced and dedicated in keeping the environment clean and free of debris. Our employees wear company issued uniforms, which we believe is just one step to preventing possible injury due to loose or unacceptable clothing attire. It is our company's policy to provide our employees with proper safety training, therefore, all employees attend regularly scheduled company safety meetings to ensure proper safety standards are being met for a safe work place. To assist NES in employee communication, all employees are equipped with digital two-way radios which allows NES the capability of communicating with its employees at any given time, thus, allowing NES to respond promptly to events and possible emergencies. NES meets all the regulatory requirements of all Federal, State and Local laws.

All company managers and supervisors have been employed with NES for over 15 years. They understand the importance of quality work and they make sure each and every employee is well trained to provide excellent services to our customers. Moreover, we schedule group and individual meetings on a regular basis to evaluate our employees' performances and discuss any issues that need to be addressed.

PERSONNEL

NES maintains a drug-free workplace and employs a staff of over 60 sweeper operators including back-up personnel. This method of employing back-up sweeper operators allows NES to manage personnel changes without sacrificing the quality of service to any one of our customers.

At NES, employees are trained and competent to assure quick response along with professional services. Nonetheless, employees are knowledgeable about correct sweeping practices; therefore, they sweep each route according to the contract specifications and provide high quality services, *a basic standard of NES.*

NES provides 24/7 on-call street sweeping dispatch services, thus allowing us to respond immediately to emergencies or requests for service. Our customer service representatives offer immediate action to requests and complaints with follow-up responses within minutes. Employees are equipped with digital two-way radios which allows NES the capability of communicating with its employees.

NES has been known for its remarkable quality of service and stands above all others in the industry by providing excellent customer service. Ani Samuelian/Director and Nejteh Der Bedrossian/Operations Manager will manage and supervise the street sweeping contracts with the County of Los Angeles. Both individuals are highly trained and experienced in maintaining the highest level of customer service by focusing on guaranteed satisfaction. This experience is enhanced by their many years and excellent skills in the fields of marketing and customer service. Together their goal is to provide immediate response to service requests, billing or contract issues. Currently, both individuals oversee and administer over 40 street sweeping contracts in the Southern California area.

Work Description

Nationwide Environmental Services (NES) general work plan to meet street sweeping requirements for Azusa/Covina/Claremont, South Whittier, West Whittier, Marina Del Rey, and Valinda/Hacienda Heights incorporates a well-managed administration and operational structure supported by interdepartmental team work. NES' operations manager will meet with County representatives to examine and evaluate the sweeping schedule according to contract specifications and schedules.

NES will sweep all public streets, paved alleys and curbed medians within the Project limits as indicated in Exhibits E.1 through E.4. Our primary objective is to remove all leaves, paper, dirt, rocks, glass, bottles, cans and other debris to ensure free flow of water in the gutter and to maintain streets in a state of cleanliness. NES provides consistent and thorough sweeping services, thereby, ensuring not only a cleaner environment in which to reside and work, but additionally, assists communities in diverting debris from storm drain systems. The diversion of debris is an important step in meeting NPDES (National Pollutant Discharge Elimination System) mandates.

Furthermore, employees are experienced, trained and expected to make a "Clean Sweep" (i.e., passes required to eliminate debris from all areas) of all streets. Employees fully understand their responsibilities and debris not picked up by the street sweeper will be hand swept by the driver before leaving the area. Employees will be driving at speeds of not more than six miles per hour in Azusa/Covina/Claremont, Valinda/Hacienda Heights, Marina Del Rey and not more than eight miles per hour in South and West Whittier.

All debris and refuse collected from street sweeping will be hauled to a legally established disposal facility at no additional cost to the County. NES will furnish all water necessary for sweeping operations to minimize dust.

Parking Lot Sweeping – Marina Del Rey

In addition to sweeping streets, curbed medians and paved alleys, NES will also sweep public parking lots operated by the County of Los Angeles Department of Beaches and Harbors in Marina Del Rey (designated as parking lots 1 through 19). Sweeping speed in the parking lots will not exceed six miles per hour.

Work Schedule

Upon award, NES will prepare a complete sweeping schedule for all locations and will submit the schedule to the contract manager for approval. The schedule will include the curb miles, paved alley miles, alleys and the medians to be swept as well as the daily starting time. In addition, NES will submit a route map showing streets, alleys and medians to be swept each day and will adhere to the following guidelines:

1. Streets that have parking restrictions will be swept only during the posted day and hour.
2. Streets will not be swept on the same day as trash pick-up. Whenever feasible, sweeping will be performed the day after trash pick-up, except one to days after trash pick-up for Valinda/Hacienda Heights.
3. Streets adjacent to schools and commercial developments will be swept prior to 7:00 a.m. or such time as daily public activities start.
4. Streets adjacent to apartments, condominiums or other areas where all night street parking is prevalent will be swept after 8:00 a.m.
5. Major highways will not be swept during peak traffic hours.
6. Residential areas will not be swept prior to 7:00 a.m. or after 3:30 p.m.
7. Street sweeping will be scheduled so that both sides of a street are not swept in the same day, unless the Contract Manager directs us to do so.

Alternate Day Sweeping

Streets in Valinda/Hacienda Heights, Azusa/Covina/Claremont and West Whittier will be swept on an alternate day sweeping schedule. NES will sweep 2 sides of a street on 2 separate and consecutive days.

Within 30 days after notification of award, NES will provide a finalized and working alternate day sweeping schedule at no additional cost to the County.

Inspection/Quality Control

Upon award, NES will designate a primary and alternative Quality Control Representative to implement a quality control plan. The representative will routinely inspect and monitor the work to ensure compliance with the plans, specifications and approved sweeping schedules.

Employees are required to complete detailed daily logs which are reviewed by management. Moreover, supervisors are in the field everyday to monitor and inspect the sweeping performance of each vehicle and driver. Weekly management meetings are scheduled with the executive staff to ensure optimum coordination and address and resolve any concerns.

Equipment Compliance, Laws and Regulations

NES is in compliance with all applicable laws and regulations, including, but not limited to all Air Quality Management District (AQMD) regulations. All equipment utilized for sweeping services are compliant with AQMD Rules 1186 and 1186.1. In the event of a mechanical breakdown of an alternate-fuel street sweeper, NES will comply with AQMD Rule 430.

Street sweepers are maintained daily, both mechanically and in appearance. All street sweepers will be clearly marked with our company name, phone number and vehicle number. Sweeper operators will be equipped with two-way radios and cellular phones.

In addition, all street sweepers will be equipped with GPS tracking systems (Teletrac) which will be capable of reporting real time data.

Reports

NES will submit reports to the Contract Manager on the second working day of each week for the previous week, indicating the following for each location:

1. Curb miles and paved alley miles swept each day.
2. Scheduled curb miles and paved alley miles swept and areas missed.
3. When missed areas were swept.
4. Number of complaints received each day.
5. Reasons scheduled sweeping was not performed or completed as scheduled.
6. Waste tonnage summary reports and copies of receipts.

Contractor's Representative

Before starting work, NES will designate, in writing, a representative and alternate representative who will have authority to act on behalf of the company. All company representatives will be able to speak, read and write the English language.

Additional Sweeping/Inclement Weather/Holidays

NES will provide additional sweeping of any street and alley within the areas shown on the plans at any time when ordered by the Contract Manager. The additional sweeping will be invoiced at the price per curb mile or paved alley mile, as appropriate. The method of payment may be determined by the Contract Manager.

If inclement weather prevents adherence to the regular sweeping schedule for two days or less in a given week, NES will sweep the affected areas prior to the next sweeping schedule, if ordered by the Contract Manager.

When a holiday or observance as specified in the Government Code of the State of California occurs on a regular scheduled sweeping day and the subject sweeping area is not swept, upon approval from the Contract Manager, NES will sweep the affected areas within two working days of the regular scheduled sweeping day without interruption of the regular sweeping schedule.

City Incorporation

In the event any areas to be swept under this contract attain incorporation as a City, NES will continue to sweep the streets and alleys shown on the contract plans at the contract's unit price per curb mile until the termination date of the contract or as directed by the County.

Communication and Complaints

NES will provide the County with a telephone answering service and a toll free telephone number, from 7:30 a.m. to 4:30 p.m., Monday through Friday, except legal holidays.

Complaints brought to our attention prior to 3:00 p.m. will be investigated and resolved that same day and complaints brought to our attention after 3:00 p.m. will be investigated and resolved before noon on the following day. In addition, sweeper operators are trained to contact the office at the end of their shift to determine if any complaints were logged; if so, the employee would immediately rectify the issue before returning to NES. Complaint forms will be filled out for each complaint including the steps taken to resolve the complaint.

Safety Requirements

NES will observe all applicable Cal/OSHA and Public Works safety requirements. In addition, NES will comply with all Federal, State, and local occupational safety regulations. NES will provide all safeguards, safety devices and protective equipment to provide a safe service area. A Project Safety Official who is familiar with NES' Injury and Illness Prevention Program and Code of Safe Practices will be assigned to the projects.

SUBCONTRACTORS

There will be no subcontractors used.

COUNTY OF LOS ANGELES CONTRACTOR EMPLOYEE JURY SERVICE PROGRAM
APPLICATION FOR EXCEPTION AND CERTIFICATION FORM

This contract is subject to the County of Los Angeles Contractor Employee Jury Service Program (Program) (Los Angeles County Code, Chapter 2.203). All contractors and subcontractors must complete this form to either (1) request an exception from the Program requirements or (2) certify compliance. Upon review of the submitted form, the County department will determine, in its sole discretion, whether the bidder or proposer is excepted from the Program.

Company Name: Nationwide Environmental Services a division of Joe's Sweeping, Inc.		
Company Address: 11914 Front Street		
City: Norwalk	State: CA	Zip Code: 90650
Telephone Number: (562) 860-0604		
(Type of Goods or Services): Sweeping Services		

If you believe the Jury Service Program does not apply to your business, check the appropriate box in Part I (you must attach documentation to support your claim). If the Jury Service Program applies to your business, complete Part II to certify compliance with the Program. Whether you complete Part I or Part II, sign and date this form.

Part I: Jury Service Program Is Not Applicable to My Business

☐ My business does not meet the definition of "contractor," as defined in the Program as it has not received an aggregate sum of $50,000 or more in any 12-month period under one or more County contracts or subcontracts (this exception is not available if the contract/purchase order itself will exceed $50,000). I understand that the exception will be lost and I must comply with the Program if my revenues from the County exceed an aggregate sum of $50,000 in any 12-month period.

☐ My business is a small business as defined in the Program. It 1) has ten or fewer employees; and, 2) has annual gross revenues in the preceding twelve months which, if added to the annual amount of this contract, are $500,000 or less; and, 3) is not an affiliate or subsidiary of a business dominant in its field of operation, as defined below. I understand that the exemption will be lost and I must comply with the Program if the number of employees in my business and my gross annual revenues exceed the above limits.

"Dominant in its field of operation" means having more than ten employees, including full-time and part-time employees, and annual gross revenues in the preceding twelve months, which, if added to the annual amount of the contract awarded, exceed $500,000.

"Affiliate or subsidiary of a business dominant in its field of operation" means a business which is at least 20 percent owned by a business dominant in its field of operation, or by partners, officers, directors, majority stockholders, or their equivalent, of a business dominant in that field of operation.

☐ My business is subject to a Collective Bargaining Agreement that expressly provides that it supersedes all provisions of the Program. **ATTACH THE AGREEMENT.**

Part II: Certification of Compliance

☒ My business has and adheres to a written policy that provides, on an annual basis, no less than five days of regular pay for actual jury service for full-time employees of the business who are also California residents, or my company will have and adhere to such a policy prior to award of the contract.

I declare under penalty of perjury under the laws of the State of California that the information stated above is true and correct.

A sample calculation is included in Exhibit G. B. Work Location

Exhibits E.1 through E.4, Project Location/Vicinity Maps, provide a more detailed outline of each street sweeping area's limits.

C. Work Description

Contractor shall sweep and/or clean once a week all public streets, paved alleys, and curbed medians within the Project limits as shown in Exhibits E.1 through E.4, Project Location/Vicinity Maps. The word "sweeping" shall define an operation, and the method shall not be limited to the use of a power broom street sweeper. Unless otherwise stated, work shall be measured in either Curb Miles or Paved Alley Miles. A Curb Mile is defined as a swept path not less than 5 feet wide for a total length of 5,280 feet. A Paved Alley Mile is defined as a swept path not less than 20 feet wide for a total length of 5,280 feet.

Sweeping a street shall normally consist of a single pass at a maximum speed of not more than 6 miles per hour (8 miles per hour in South and West Whittier) on each side of the street adjacent and parallel to the curb face and shall include

curb returns and cross gutters at intersecting streets. Where there is a raised median, sweeping shall also consist of a single swept path on each side of the median adjacent and parallel to the median curb face.

Sweeping an alley shall normally consist of single swept path on each side to the alley adjacent and to the right of the flow line or centerline of the alley at a maximum speed of not more than 6 miles per hour (8 miles per hour in South and West Whittier.

Water shall be used while sweeping to minimize dust, if a power broom sweeper is used. In the event that the results of a sweeping operation are considered unsatisfactory by the Contract Manager, in accordance with this Exhibit's paragraph E, Standard of Performance, below, Contractor shall sweep or clean the unsatisfactory area again, at no cost to the County, within two calendar days without interruption of the regular sweeping schedule.

Curbed areas that cannot be swept with power sweeping equipment, such as, but not limited to, narrow cul-de-sacs, median noses, and portions of left-turn pockets shall be hand cleaned to comply with this Exhibit's paragraph E, Standard of Performance, below.

Contractor shall inform the Contract Manager of any problems or conditions which may be a public hazard or interfere with normal sweeping operations. These problems or conditions shall include, but not be limited to, fallen trees, obstructed roadways or alleys, low overhanging branches, abandoned vehicles, and large potholes. These problems or conditions shall be reported by Contractor to the Contract Manager as soon as the condition is identified. Dead animals shall be reported to Animal Control at (310) 523-9566.

D. Parking Lot Sweeping – Marina del Rey Area Only

In addition to sweeping of streets, curbed medians, paved alleys and other incidental work, the Contractor shall also sweep public parking lots operated by the County of Los Angeles Department of Beaches and Harbors in Marina del Rey designated as Parking Lots 1 through 19.

Sweeping a parking lot shall normally consist of a single swept path adjacent and parallel to the perimeter of the parking lot and adjacent and parallel to any raised medians within the boundaries of the parking lot at a maximum speed of not more than 6 miles per hour.

Notwithstanding any provision of this Contract requiring the Contractor to conduct all of its activities and operations within the confines of public roadways, the Contractor shall enter upon and provide services within the specified public parking lots.

E. Standard of Performance

The primary objective of street sweeping is to remove all leaves, paper, dirt, rocks, glass, bottles, cans, and other debris to ensure the free flow of water in the gutter and to maintain streets in a state of cleanliness. The Contract Manager will make the final determination as to whether the work has been satisfactorily completed. If the work has not been satisfactorily completed, the Contract Manager may direct Contractor to resweep the unsatisfactorily swept area(s) not swept at all, if the area(s) can be reswept during the same business day. If the area(s) cannot be reswept during the same business day by Contractor, the Contract Manager may deduct payment to Contractor in accordance with this Exhibit's paragraph O, Inspection and Acceptance of the Work.

F. Disposal of Refuse and Debris

All debris and refuse collected from these operations shall become the property of Contractor. Contractor shall dispose of all refuse and debris collected during sweeping operations, at no additional cost to the County, by hauling to a legally established area for the disposal of solid waste. When storage of refuse and debris is necessary prior to disposal, Contractor shall locate and arrange for use of a temporary storage site off the road rights of way. Contractor will not be allowed to use the rights of way or Public Works facilities as temporary storage sites.

In performing any work or doing any activity on lands outside of public rights of way, Contractor shall comply with all applicable Federal, State, and local laws, ordinances, and regulations.

Contractor shall indemnify and hold the County harmless from all claims for damages occasioned by such work or activity, whether done in compliance with this Exhibit and with permission or in violation of this Exhibit, without permission.

K. Authority of Board and Contract Manager

The Board has the final authority in all matters affecting the work. Within the scope of this Contract, the Contract Manager has the authority to enforce compliance with the Plans and Specifications. Contractor shall promptly comply with instructions from the Contract Manager or an authorized representative.

On all questions relating to quantities; the acceptability of equipment or work; the execution, progress, or sequence of work; and the interpretation of the Specifications or the Plans, the decision of the Contract Manager will be final and binding and shall be precedent to any payment under this Contract unless otherwise ordered by the Board.

L. Best Management Practices

Best Management Practices (BMPs) shall be defined as any program, technology, process, sitting criteria, operating method, measure, or device which controls, prevents, removes, or reduces pollution. Contractor shall obtain and refer to the California Storm Water Best Management Practice Handbooks, Volume 3 Construction BMP Handbook and the County of Los Angeles Department of Public Works Best Management Practices Handbook for Construction Activities. These publications are available from:

County of Los Angeles Department of Public Works
Cashier Office
900 South Fremont Avenue
Alhambra, CA 91803
Telephone (626) 458-6959

Contractor shall have a readily accessible copy of each publication in the service area at all times. As a minimum, Contractor shall implement the following BMPs in conjunction with all its sweeping activities:

NO.	MATERIAL MANAGEMENT
CD10 (2)	Material Delivery and Storage
CD11 (2)	Material Use
CD12 (2)	Spill Prevention and Control

NO.	WASTE MANAGEMENT
CD13 (2)	Solid Waste Management
CD14 (2)	Hazardous Waste Management
CD15 (2)	Contaminated Soil Management
CD16 (2)	Concrete Waste Management

NO.	VEHICLE AND EQUIPMENT MANAGEMENT
CD18(2)	Vehicle and Equipment Cleaning
CD19(2)	Vehicle and Equipment Fueling
CD20(2)	Vehicle and Equipment Maintenance

NO.	TRAINING
CD40	Employee/Subcontractor Training

NO.	PHYSICAL STABILIZATION
CD26A(2)	Soil Stabilizer/Dust Control

Additional BMPs may be required as a result of a change in the actual field conditions, Contractor activities, or construction operations. When more than one BMP is listed under each specific BMP category, Contractor shall select the appropriate and necessary number of BMPs within each category in order to achieve the BMP objective.

BMP for Contractor activities shall be continually implemented throughout the year. BMP for erosion control and sedimentation shall be implemented during the period from October 15 to April 15 and whenever the National Weather Service predicts rain within 24 hours. BMP for erosion control and sedimentation shall also be implemented prior to the commencement of any contractor activity

or operation which may produce runoff and whenever runoff from other sources may occur.

The County, as a permittee, is subject to enforcement actions by the State Water Resources Control Board, Environmental Protection Agency, and private citizens. Full compensation for the implementation of BMPs shall be considered as included in the Total Annual Proposed Price shown in Form PW-2, Schedule of Prices. Should Contractor fail to comply with any BMP, the County will suffer damages, including, but not limited to, having to bear the risk of delay and disruption of its street sweeping program. The amount of such damages is and will continue to be extremely difficult and impracticable to ascertain. Execution of this Contract shall constitute agreement by the County and Contractor that $1,000 per day is the minimum value of the cost and actual damage caused by Contractor's failure to fully implement any BMP, that such sum is liquidated damages and shall not be construed as a penalty and that such sums may be deducted from payments due to Contractor if such failure occurs. However, such liquidated damages do not include losses resulting from the imposition of fines and penalties and other enforcement actions by administrative agencies. The County may assess Contractor, as liquidated damages, $1,000 for each calendar day that Contractor has not fully implemented one or more of the BMPs specified for this Contract and/or is otherwise in noncompliance with these provisions. In addition, Contractor shall defend, indemnify, and hold harmless the County and its officers, employees, and agents from any fine, penalty, or enforcement action (including attorney fees, legal costs, and staff costs) imposed or brought by any person or entity on account of Contractor's alleged lack of compliance with these provisions or nonimplementation of the specified BMPs. The County may deduct, from the payment due to Contractor, amounts necessary to cover such fines and costs.

M. Work Schedule

A complete schedule of weekly sweeping shall be submitted to the Contract Manager for approval prior to any work being done under this Contract. The schedule shall include the Curb Miles and Paved Alley Miles of streets, alleys, and medians to be swept daily as well as the daily starting time.

Also, a route map shall be submitted as part of the schedule, showing streets, alleys, and medians to be swept each day by the Contractor. Contractor shall indicate the daily sweeping route on the maps in an appropriate and understandable manner that is acceptable to the Contract Manager. Changes in the schedule for the convenience of Contractor will require approval by the Contract Manager prior to being included in the weekly work.

The County reserves the right to require Contractor to sweep specific areas on specified days and at specified times of the day and to change any portions of an existing and established sweeping schedule at any time during the duration of this contract. The following guidelines shall be applicable:

1. Sweeping of streets that have posted parking restrictions specified for street sweeping shall only be swept during the posted days and hours.

2. Areas shall not be swept on the same day trash pickup is scheduled. Whenever feasible, sweeping shall be scheduled the day after trash pickup (one to two days after trash pickup for Valinda/Hacienda Heights only). Contractor shall be responsible for determining when trash pickups are scheduled.

3. Streets adjacent to schools and commercial developments shall be swept prior to 7 a.m. or such time as daily public activities start.

4. Streets adjacent to apartments, condominiums, or other areas where all night on street parking is prevalent shall be swept after 8 a.m.

5. Major highways shall not be swept during peak traffic hours.

6. Residential areas shall not be swept prior to 7 a.m. or after 3:30 p.m.

7. Street sweeping shall be scheduled such that both sides of a street are not swept in the same day, unless the Contract Manager directs otherwise.

Alternate Day Sweeping Schedule – Valinda/Hacienda Heights, Azusa/Covina/Claremont, and West Whittier only

Streets on this contract shall be swept on an "alternate day" sweeping schedule.

An alternate day schedule requires the Contractor to sweep the 2 sides of a street on 2 separate and consecutive days. For example, a curbed street may have one side swept on Mondays and the other side swept on Tuesdays. If one side of a street is swept on Fridays, the other side shall be swept on Mondays.

After receiving notification that the Contractor has been awarded this contract, said Contractor shall have 30 days to provide a finalized and working alternate day sweeping schedule to the Contract Manager.

N. Prosecution of Work

To minimize public inconvenience, Contractor shall diligently prosecute the work in the manner and at the times specified in this Exhibit A, Scope of Work, and shall at all times comply with the approved sweeping schedule. If, as determined

by the Contract Manager, Contractor fails to prosecute the work to the extent that the public may be inconvenienced, Contractor shall, upon orders from the Contract Manager, immediately resume diligent prosecution of the work. All cost of prosecuting the work as described herein shall be included in Contractor's Total Annual Proposed Price.

Should Contractor continue to fail to prosecute the work diligently after orders of the Contract Manager to do so, the Contract Manager may suspend the work in whole or in part until such time as the Contract Manager, in his or her sole discretion, determines that Contractor will resume diligent prosecution of the work. All expenses and losses incurred by Contractor as a result of such suspensions shall be borne by Contractor.

O. Inspection and Acceptance of the Work

Contractor shall implement a Contract Quality Control Plan as required under this Exhibit's paragraph W, Quality Control. Contractor shall routinely inspect the work to ensure compliance with the Plans and Specifications, approved schedules, and Contractor quality standards.

The Contract Manager may inspect the work to assure that the quality of street sweeping services is in compliance with Terms and Conditions of this Contract. The Contract Manager may inspect by sampling the quality of the work at up to 20 random locations immediately after they are scheduled to be swept.

A "location" is generally defined as an alley and/or side of any street between two adjacent streets, a cul-de-sac, and/or a dead-end street. A 5 percent deduction of payment for that day's sweeping mileage shall be assessed for each and every location that is not swept in accordance with these Specifications and Plans. Photos and documentation for all deficient locations will be provided to Contractor on the working day following the inspection for all deficient locations.

The Contract Manager will use the following general guidelines to determine if the street was swept properly:

1. No debris shall be in or on the street or gutter within 8 feet of the curb face. Debris includes, but is not limited to, trash, grass, leaves, soil, bottles, broken glass, rocks, and other refuse.

2. A trail of debris shall not be left along the street or gutter.

3. An inordinate amount of debris, which would indicate that the location had not been swept properly.

P. Suspension of Work

The work may be suspended in whole or in part when determined by the Contract Manager that the suspension is necessary in the interest of the County. Contractor shall comply immediately with any written order of the Contract Manager suspending work. Such suspension shall be without liability to Contractor on the part of the County except as otherwise specified in this Exhibit's paragraph Y, Additional Sweeping.

Q. Noncompliance with Plans and Specifications

Failure of Contractor to comply with any requirement of these Specifications and Plans, and to immediately remedy any such noncompliance upon notice from the Contract Manager, may result in suspension of this Contract's monthly payments. Any monthly payments so suspended shall remain in suspension until Contractor's operations are brought into compliance to the satisfaction of the Contract Manager. No additional compensation will be allowed as a result of suspension of the monthly payments due to noncompliance with these Specifications and Plans.

R. Contractor's Equipment Compliance with Laws and Regulations

1. Contractor shall fully comply with all applicable laws and regulations, including, but not limited to, all Air Quality Management District (AQMD) regulations. In particular, Contractor's equipment shall, at all times, be in full compliance with AQMD Rules 1186 and 1186.1 pertaining to street sweepers.

2. The street sweepers specified on the equipment list provided to Public Works and no others shall be used in the Contract work unless notice is given to Public Works and the substitution is approved by Public Works. The Contract Manager or a designee may inspect Contractor's vehicles employed in the Contract work at any time without notice.

3. In the event of mechanical breakdown of an alternate-fuel street sweeper, Contractor shall comply with AQMD Rule 430 in a timely fashion and shall make a timely application for an emergency permit under Rule 430 in order to ensure uninterrupted performance of this Contract. Contractor shall immediately provide to Public Works notice of any telephonic report and a copy of any written report or action plan presented to AQMD pursuant to Rule 430.

4. Contractor shall furnish and maintain in good and safe condition all equipment required for the proper execution of this Contract. The Contract Manager may reject any vehicle or piece of equipment not meeting these safety, maintenance, or regulatory requirements. For the

sweeping of curbed highways and streets, Contractor's equipment shall clean the streets as specified in this Exhibit's paragraph E, Standard of Performance.

5. Contractor shall provide sweeping equipment and disposal trucks, which shall be properly maintained both mechanically and in appearance. Contractor shall provide backup sweeping equipment adequate to ensure completion of scheduled work in the event of equipment breakdown, an area requires resweeping, or to provide any additional resweeping directed by the Contract Manager. All equipment shall be clearly marked with Contractor's name and vehicle number. Contractor's telephone number shall be prominently displayed on all equipment for purposes of identification.

6. The sweeper operator shall be furnished with a cellular phone or equivalent communication device that will allow the Contract Manager to make contact with the sweeper operator during sweeping operations. Contractor shall provide the Contract Manager with the information necessary to maintain contact with the sweeper operator during sweeping operations. The communication device shall be on and operating during sweeping operations.

S. Global Positioning System

1. Primary and backup sweepers shall be equipped with a Global Positioning System (GPS) capable of reporting real time data.

2. The GPS shall be Internet based (direct internet connection) or require additional software to access the GPS provider's data. If Internet based, Contractor shall provide Public Works with two accounts to access the GPS provider's Internet site. If additional software is required, Contractor shall provide software for installation on two Public Works computers.

3. The accounts shall be set up so that only Public Works and Contractor can view Public Works data.

4. Contractor shall pay for all costs related to the GPS, including hardware, software, activation fees, technical support, and monthly service charge fees. There is no separate bid item for the GPS.

5. The GPS shall be capable of gathering the following real time data: speed, direction, location (address), distance traveled, ignition on/off, brooms up/down, and water sprayer on/off.

6. The GPS shall be capable of tracking a sweeper's path with lines or dots superimposed on a map.

7. The minimum locate schedule (frequency of occurrence that GPS data is received from the sweeper) shall be every one minute when brooms are down.

8. The minimum locate schedule shall be every 15 minutes when brooms are up.

9. The GPS shall generate an e-mail alert when the following events occur:

   a. Sweeper exceeds 6 mph (8 mph for South and West Whittier) and brooms are down.

   b. One hour or more of nonmovement during weekdays, 6 a.m. to 4 p.m.

10. The GPS shall be capable of generating daily reports of sweeper activity that includes the following information: date, time, address, speed, direction, location (address), distance traveled, ignition on/off, brooms up/down, and water on/off.

11. Authorized Public Works employees can generate and print reports at any time.

12. All reports shall have the capability to be downloaded in other formats such as Microsoft Excel or Word.

13. Data shall be available for immediate downloading for a minimum of three months. After three months, data shall be backed up and be made available at Public Work's request.

T. Reports

In addition to other data filed with the County by Contractor, Contractor shall, on the second working day of each week, file a report with the Contract Manager enumerating the following information for the previous week:

1. Curb Miles and Paved Alley Miles swept each day.

2. Scheduled Curb Miles and Paved Alley Miles swept and areas missed.

3. When missed areas were swept.

4. Number of complaints received each day.

5. Reasons scheduled sweeping was not performed or completed as scheduled.

6. Waste tonnage summary and copies of waste disposal receipts.

U. Measurement

The basis of measurement and payment shall be by the Curb Mile for curbed streets and the Paved Alley Mile for paved alleys. On streets and highways, Curb Miles shall be measured toward the center of the rights of way from and parallel to the curb face. Measurement of medians will be continual and no deduction will be made for left-turn pockets or intersecting streets.

Additional sweeping of streets, as defined in this Exhibit's paragraph Y, Additional Sweeping, that require the total width of the street to be swept shall be measured on the basis of the width of street in feet divided by five to determine the Curb Miles per mile of length.

The following applies to Valinda/Hacienda Heights, Azusa/Covina/Claremont, and West Whittier only.

The Contractor is required to design an approved weekly "alternate day" sweeping schedule. There is no separate bid item for creating this schedule.

V. Contractor's Representative

Before starting the work, Contractor shall designate, in writing, a representative who shall have complete authority to act for it. An alternate representative may be designated. Any order or communication given to this representative shall be deemed delivered to Contractor. A joint venture or partnership shall designate only one representative and alternate. In the absence of Contractor or its designated representative, necessary or desirable directions or instruction may be given by the Contract Manager to the superintendent or person having charge of the specific work to which the order applies. Such order shall be complied with promptly and referred to Contractor or its representative.

In order to communicate with the County, Contractor's representative, superintendent, or person having charge of specific work shall be able to speak, read, and write the English language.

W. Quality Control

Contractor shall be responsible for implementing procedures for ensuring that street sweeping services are provided in strict compliance with the Plans, Specifications, and approved schedule of services.

Contractor shall designate in writing a Quality Control representative and an alternate Quality Control representative who are responsible for implementing, monitoring, controlling, and reporting on the quality of work.

It is recommended that Contractor's Quality Control representatives be separate and distinct from Contractor's project manager or general superintendent, and the Contractor's Quality Control procedures establish a separate system for recording, reporting, and resolving quality control issues.

Within ten days of contract award, Contractor shall submit to the County a Contract Quality Control Plan for review and approval by the Contract Manager. This plan will include, as a minimum, the names and telephone numbers of Contractor's Quality Control representatives; a description of the roles and responsibilities for quality control; the system for monitoring, reporting on, resolving quality control issues; and checklists or other documentation in support of Contractor's Quality Control function.

X. Plans and Specifications

Included as part of this Contract are Plan sheets (Exhibits E.1 through E.4) showing the locations of streets and alleys included in this service area.

The Plans, these Specifications, and other contract documents shall govern the work. These Contract documents are intended to be complementary and cooperative and to describe and provide for a complete service. Anything in the Specifications and not on the Plans, or on the Plans and not in the Specifications, shall be as though shown or mentioned in both.

While it is believed that much of the information pertaining to conditions, which may affect the cost of the work, will be shown on the Plans or indicated in the Specifications, the County does not warrant the completeness or accuracy of such information. Contractor shall ascertain the existence of any conditions affecting the cost of the work, which would have been disclosed by reasonable examination of the site. Contractor shall, upon discovering any error or omission in the Plans or Specifications, immediately call it to the attention of the Contract Manager.

Y. Additional Sweeping

Contractor shall provide additional sweeping of any street(s) and alley(s) within the area shown on the Plans at any time when ordered by the Contract Manager.

Contractor will be compensated for each additional sweeping at the Contract's Unit Price per Curb Mile or Paved Alley Mile, as appropriate. The method of payment will be determined by the Contract Manager.

The need for additional sweeping may be because of storm, fire, flood, parade, public gathering, riot, or other natural or unanticipated occurrence affecting the cleanliness of the streets. The additional sweeping may be in lieu of or in addition to the regularly scheduled sweeping as ordered by the Contract Manager.

Additional sweeping will normally be confined to sweeping the curb lane. However, if additional sweeping requires the total width of the street(s) to be swept, then compensation will be at the Contract's Unit Price per Curb Mile as defined in this Exhibit's paragraph U, Measurement. All sweeping shall be done with sufficient passes to achieve the results described in this Exhibit's paragraph E, Standard of Performance.

Compensation for extra sweeping will be for a minimum of 16 Curb Miles with no allowance for travel time under one of the following circumstances: a) the sweeper shall return to the area after having left when regular sweeping was completed; b) the extra sweeping is on a day when no regular sweeping is scheduled; or c) an additional sweeper must be brought to the area.

Notwithstanding the above, the County has the option on additional sweeps to compensate Contractor on an hourly basis where it is difficult to determine Curb Miles swept in a nonroutine manner. In these cases, the hourly rate paid by the County to Contractor shall be equal to four times the Contract's Unit Price per Curb Mile. Minimum payment will be equivalent to payment for 16 Curb Miles.

Z. Changes Resulting from Schedule Disruption

During this Contract period, Contractor shall sweep the designated public streets and alleys at least once each week, including all curbed medians, in accordance with a schedule to be approved by the Contract Manager. When, in the opinion of the Contract Manager, inclement weather prevents adherence to the regular sweeping schedule for two days or less in a given week, the Contract Manager may require the sweeping areas so affected to be swept prior to the next sweeping schedule.

Any such required sweeping made necessary by inclement weather shall meet the requirements of this Exhibit's paragraph E, Standard of Performance, and shall be performed by Contractor at the Contract's Unit Price per Curb Mile and will not be considered additional sweeping as defined in this Exhibit's paragraph Y, Additional Sweeping.

When any holiday or observance as specified in the Government Code of the State of California occurs on a regular scheduled sweeping day, and said

sweeping area is not swept in observance of said holiday, the subject sweeping area shall when ordered by the Contract Manager be swept within two working days of the regularly scheduled sweeping day without interruption of the regular sweeping schedule. Any such requested sweeping shall meet the requirements of this Exhibit's paragraph E, Standard of Performance, and shall be performed by Contractor at the Contract Unit Price per Curb Mile and shall not be considered additional sweeping.

In the event Contractor is prevented from completing the sweeping as provided in the approved schedule because of reasons other than inclement weather or holidays, Contractor shall be required to complete the deferred sweeping services within two calendar days without interruption in the regular sweeping schedule.

AA. Changes Resulting from Added or Deleted Streets

It is the intent of this Contract to provide for the weekly sweeping of all curbed streets (including curbed medians) and paved alleys within the unincorporated area shown on the Plans (Exhibits E.1 through E.4). As streets and alleys are improved, they will be added to the weekly sweeping schedule. Compensation to Contractor will be based on the Curb Miles added multiplied by the Contract's appropriate Unit Price.

Streets and alleys initially included in the schedule that are vacated by order of the Board will be deleted from the weekly schedule and the affected Curb Mileage deducted from this Contract's quantities.

Additions and/or deletions of Curb Mileage may affect the approved schedule and appropriate adjustments will be allowed subject to approval by the Contract Manager.

BB. City Incorporation

In the event any areas to be swept under this Contract attain incorporation as a City, Contractor shall continue to sweep the streets and alleys shown on the contract plans at the Contract's Unit Price per Curb Mile until the termination date of this Contract or as directed by the County. The County may direct Contractor to delete streets within the incorporated area from its weekly sweeping schedule prior to the expiration date of this Contract. The Curb Mileage of the streets and alleys within the incorporated area that are deleted from Contractor's weekly sweeping schedule will be deducted from the Contract quantities. The County may, at the request of Contractor, review this Contract if the incorporation severely affects Contractor's weekly sweeping schedule.

CC. Changed Conditions

Contractor shall notify the Contract Manager in writing of any changed conditions promptly upon their discovery. The Contract Manager will promptly investigate conditions which appear to be changed conditions. If the Contract Manager determines that the conditions are changed conditions and they will materially increase or decrease the costs of any portion of the work, a Change Order will be issued adjusting the compensation for such portion of the work. The compensation will be based on the appropriate Unit Price reflected in Form PW-2, Schedule of Prices.

If the Contract Manager determines that the conditions of which it has been notified by Contractor do not justify an adjustment in compensation, Contractor will be notified in writing.

DD. Communications and Public Relations

Contractor shall provide a telephone answering service, toll free to residents of the area to be swept under this Contract and the County Road Maintenance Division District office responsible for the area, from 7:30 a.m. to 4:30 p.m., Monday through Friday, except on legal holidays. The answering service shall have the capability of contacting sweepers by radio or paging equipment for the purpose of relaying instructions from the Contract Manager and to receive citizen complaints.

The telephone number shall be listed in the telephone directory for the area and shall be listed by Contractor's commonly known name. All public complaints concerning street sweeping shall be investigated by Contractor. Complaints brought to Contractor's attention prior to 3 p.m. shall be investigated that day. Those brought to Contractor's attention after 3 p.m. shall be investigated before noon of the following day.

A complaint form shall be filled out for each complaint referred to or received by Contractor. The form, which must be approved by the Contract Manager, shall be filed with the County on the first working day following the day the complaint was received. Contractor shall report what actions were necessary to resolve each complaint.

EE. Special Safety Requirements

All Contractor operators shall be expected to observe all applicable Cal/OSHA and Public Works safety requirements while performing this requested work. Suitable clothing, gloves, and shoes that meet Cal/OSHA requirements are required.

FF. Project Site Safety

Contractor shall be solely responsible for ensuring that all work performed under this Contract is performed in strict compliance with all applicable Federal, State, and local occupational safety regulations. Contractor shall provide at its expense all safeguards, safety devices, and protective equipment shall take any and all actions appropriate to providing a safe service area.

GG. Project Safety Official

Contractor shall designate in writing a Project Safety Official who shall be thoroughly familiar with Contractor's Injury and Illness Prevention Program and Code of Safe Practices. Contractor's Project Safety Official shall be available at all times to abate any potential safety hazards and shall have the authority and responsibility to shut down an operation, if necessary. Failure by Contractor to provide the required Project Safety Official shall be grounds for the County to direct the cessation of all work activities and operations at no cost to the County until such time as Contractor is in compliance.

U. Subcontracting

1. No performance of this Contract or any portion thereof may be subcontracted by the Contractor without the express written consent of the Director, at the Director's sole and absolute discretion. X. Record Retention and Inspection/Audit Settlement

The Contractor shall maintain accurate and complete financial records of its activities and operations relating to this Contract in accordance with generally accepted accounting principles. The Contractor shall also maintain accurate and complete employment and other records relating to its performance of this Contract. The Contractor agrees that the County, or its authorized representatives, shall have access to and the right to examine, audit, excerpt, copy, or transcribe any pertinent transaction, activity, or record relating to this Contract. All such material, including, but not limited to, all financial records, bank statements, cancelled checks, other proof of payment, timecards, sign-in/sign-out sheets, other time and employment records, and proprietary data and information, shall be kept and maintained by the Contractor and shall be made available to the County during the term of this Contract and for a period of five years thereafter unless the County's written permission is given to dispose of any such material prior to such time. All such material shall be maintained by the Contractor at a location in the County, provided that if any such material is located outside the County, then, at the County's option, the Contractor shall pay the County for travel, per diem, and other costs incurred by the County to examine, audit, excerpt, copy, or transcribe such material at such other location.

1. In the event that an audit of the Contractor is conducted specifically regarding this Contract by any Federal or State auditor, or by any auditor or accountant employed by the Contractor or otherwise, then the Contractor shall file a copy of such audit report with the County's Auditor-Controller within 30 days of the Contractor's receipt thereof, unless otherwise provided by applicable Federal or State law or under this Contract. The County shall make a reasonable effort to maintain the confidentiality of such audit report(s).

2. Failure on the part of the Contractor to comply with any of the provisions of this paragraph X shall constitute a material breach of this Contract upon which the County may terminate or suspend this Contract.

3. If, at any time during the term of this Contract or within five years after the expiration or termination of this Contract, representatives of the County conduct an audit of the Contractor regarding the work performed under this Contract, and if such audit finds that the County's dollar liability for any such work is less than payments made by the County to the Contractor, then the difference shall be either: a) repaid by the Contractor to the County by cash payment upon demand or b) at the sole option of the County's Auditor-Controller, deducted from any amounts due to the Contractor from the County, whether under this Contract or otherwise. If such audit finds

that the County's dollar liability for such work is more than the payments made by the County to the Contractor, then the difference shall be paid to the Contractor by the County by cash payment, provided that in no event shall the County's maximum obligation for this Contract exceed the funds appropriated by the County for the purpose of this Contract.

4. In addition to the above, the Contractor agrees, should the County or its authorized representatives determine, in its sole discretion, that it is necessary or appropriate to review a broader scope of the Contractor's records (including, certain records related to non-County contracts) to enable the County to evaluate the Contractor's compliance with the County's Living Wage Program, that the Contractor shall promptly and without delay provide to the County, upon the written request of the County or its authorized representatives, access to and the right to examine, audit, excerpt, copy, or transcribe any and all transactions, activities, or records relating to any of its employees who have provided services to the County under this Contract, including without limitation, records relating to work performed by said employees on the Contractor's non-County contracts. The Contractor further acknowledges that the foregoing requirement in this subsection X.4 relative to Contractor's employees who have provided services to the County under this Contract is for the purpose of enabling the County in its discretion to verify the Contractor's full compliance with and adherence to California labor laws and the County's Living Wage Program. All such materials and information, including, but not limited to, all financial records, bank statements, cancelled checks or other proof of payment, timecards, sign-in/sign-out sheets, other time and employment records, and proprietary data and information shall be kept and maintained by the Contractor and shall be made available to the County during the term of this Contract and for a period of five years thereafter unless the County's written permission is given to dispose of any such materials and information prior to such time. All such materials and information shall be maintained by the Contractor at a location in the County, provided that if any such materials and information is located outside the County, then, at the County's option, the Contractor shall pay the County for travel, per diem, and other costs incurred by the County to examine, audit, excerpt, copy, or transcribe such materials and information at such other location.

Y. Validity

If any portion, provision, or part of this Contract is held, determined or adjudicated to be invalid, unenforceable, or void for any reason whatsoever, each such portion, provision, or part shall be severed from the remaining portions, provisions, or parts of this Contract, and (to the extent allowed by law) shall not affect the validity or enforceability of such remaining portions, provisions, or parts.

Z. Waiver

No waiver by the County of any breach of any provision of this Contract shall constitute a waiver of any other breach of such provision. Failure of the County to enforce at anytime, or from time to time, any provision of this Contract shall not be construed as a waiver thereof. The rights and remedies set forth in this paragraph shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

AA. Default and Termination

1. Default

a. The County may, subject to the provisions of subsection c (pertaining to defaults of subcontractors) below, by written notice of default to the Contractor, terminate the whole or any part of this Contract in any one of the following circumstances:

i. If the Contractor has materially breached this Contract; or

ii. If the Contractor fails to perform the work within the time specified herein or any extension thereof; or

iii. If the Contractor fails to perform any of the other provisions of this Contract or so fails to make progress as to endanger performance of this Contract in accordance with its terms, and in either of these two circumstances does not cure such failure within a period of five working days (or such longer period as the County may authorize in writing) after receipt of notice from the County specifying such failure.

b. In the event the County terminates this Contract in whole or in part pursuant to this subsection, the County may procure, upon such terms and in such manner as the County may deem appropriate, goods and services similar to those so terminated, and the Contractor shall be liable to the County for any excess costs for such similar goods and services, provided that the Contractor shall continue the performance of this Contract to the extent not terminated under the provisions of this clause.

c. Except with respect to defaults of subcontractors, the Contractor shall not be liable for any excess costs if the failure to perform this Contract arises out of causes beyond the control and without the fault or negligence of the Contractor. Such causes may include, but are not restricted to, acts of God or of the public enemy, acts of the County in either its sovereign or contractual capacity, acts of the Federal or State government in its sovereign capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight

embargoes, and unusually severe weather; but in every case, the failure to perform must be beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a subcontractor, and if such default arises out of causes beyond the control of both the Contractor and subcontractor, and without the negligence of either of them, the Contractor shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery schedule.

d. If, after Notice of Termination of this Contract under the provisions of this clause, it is determined for any reason that the Contractor was not in default under the provisions of this clause or the default was excusable under the provisions of this clause, the rights and obligations of the parties shall be the same as if the Notice of Termination had been issued pursuant to this Exhibit's Section 2.AA.3, Termination for Convenience.

e. The rights and remedies of the County provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

f. As used herein, the terms "subcontractor" and "subcontractors" mean persons, companies, corporations, or other organizations furnishings supplies, services of any nature, equipment, or materials to Contractor, at any tier, under oral or written agreement.

a. The County may at any time terminate this Contract, or any portion thereof, without liability (except as hereinafter provided) by delivering to the Contractor written notice specifying the desired termination date at least 30 days in advance thereof.

b. If this Contract is terminated, the Contractor shall, within 30 days of the Notice of Termination, complete those items of work which are in various stages of completion, which the Director determines are necessary to bring the work to a timely, logical, and orderly end. Reports, samples, and other materials prepared by the Contractor under this Contract shall be delivered to the County upon request and shall become the property of the County.

4. Termination for Breach of Warranty to Maintain Compliance with County's Child Support Requirements

Failure of the Contractor to maintain compliance with the requirements set forth in this Exhibit's Section 2.F, "Contractor's Warranty of Adherence to County's Child Support Compliance Program" shall constitute a default by the Contractor under this Contract. Without limiting the rights and remedies available to the County under any other provision of this Contract, failure to cure such default within 90 calendar days of notice by the Los Angeles County Child Support Services Department shall be grounds upon which the Board may terminate this Contract pursuant to Paragraph AA.1 "Default," of this Section 2, and debar the Contractor pursuant to County Code Chapter 2.202.

Notices desired or required to be given under these Specifications, Conditions, or Terms herein or any law now or hereafter in effect may, at the option of the party giving the same, be given by enclosing the same in a sealed envelope addressed to the party for whom intended and by depositing such envelope with postage prepaid in the United States Post Office or any substation thereof, or any public box, and any such notice and the envelope containing the same shall be addressed to the Contractor at its place of business, or such other place as may be hereinafter designated in writing by the Contractor. P.O. Box 1460
Alhambra, CA 91802-1460

In the event of suspension or termination of this Contract, notices may also be given upon personal delivery to any person whose actual knowledge of such suspension or termination would be sufficient notice to the Contractor. Actual knowledge of such suspension or termination by an individual Contractor or by a copartner, if the Contractor is a partnership; or by the president, vice president, secretary, or general manager, if the Contractor is a corporation; or by the managing agent regularly in charge of the work on behalf of said Contractor shall in any case be sufficient notice.

CC. Changes and Amendments of Terms

The County reserves the right to change any portion of the work required under this Contract, or amend such terms and conditions which may become necessary. Any such revisions shall be accomplished in the following manner:

1. For any change which does not materially affect the scope of work, period of performance, payments, or any material term or condition included in this Contract, a Change Notice shall be prepared and signed by the Director and Contractor.

3. To the extent that extensions of time for Contractor performance do not impact either scope or cost of this Contract, Public Works may, at its sole discretion, grant the Contractor extensions of time provided; however, the aggregate of all such extensions during the life of this Contract shall not exceed 60 days.

4. The Board or the County's Chief Administrative Officer may require the addition and/or change of certain contract terms and conditions during the term of this Contract. The County reserves the right to add and/or change such provisions as required by the Board or the Chief Administrative Officer. To implement such changes, an amendment or change order will be prepared by Public Works for execution by the Contractor and the Director.

(County Code Chapter 2.202)

FF. Budget Reduction

The County reserves the right to renegotiate the terms of this Contract to reduce the Contractor's compensation in the event such reduction is necessary, in the sole discretion of the County, to achieve County budget reductions. In addition to and without limiting the indemnification required by Section 4, Paragraph B (above), and to the extent allowed by law, the Contractor agrees to defend, indemnify and hold harmless the County, its Special Districts, officers, employees, and agents from and against any and all investigations, complaints, citations, liability, expense (including defense costs and legal fees), claims, and/or causes of action for damages of any nature whatsoever, including, but not limited to, injury or death to employees of the Contractor, its subcontractors or the County, attributable to any alleged act or omission of the Contractor and/or its subcontractors which is in violation of any Cal/OSHA regulation. The obligation to defend, indemnify the County, and hold harmless includes all investigations and

proceedings associated with purported violations of Section 336.10 of Title 8 of the California Code of Regulations pertaining to multiemployer worksites. The Contractor shall not be obligated to indemnify for liability and expenses arising from the active negligence of the County. The County may deduct from any payment otherwise due the Contractor any costs incurred or anticipated to be incurred by the County, including legal fees and staff costs, associated with any investigation or enforcement proceeding brought by Cal/OSHA arising out of the work being performed by the Contractor under this Contract.

D. General Insurance Requirements

1. Without limiting the Contractor's indemnification of the County and during the term of this Contract, the Contractor shall provide and maintain, and shall require all of its subcontractors to maintain, the following programs of insurance specified in this Contract. Such insurance shall be primary to and not contributing with any other insurance or self-insurance programs maintained by the County, and such coverage shall be provided and maintained at the Contractor's own expense.

2. Evidence of Insurance - Certificate(s) or other evidence of coverage satisfactory to the County shall be delivered to Administrative Services Division, P.O. Box 1460, Alhambra, California 91802-1460, prior to commencing work under this Contract. Such certificates or other evidence shall:

   e. Identify any deductibles or self-insured retentions for the County's approval. The County retains the right to require the Contractor to reduce or eliminate such deductibles or self-insurance retentions as they apply to the County or require the Contractor to provide a bond guaranteeing payment of all such retained losses and related costs, including, but not limited to, expenses or fees, or both, related to investigations, claims administrations, and legal defense. Such bond shall be executed by a corporate surety licensed to transact business in the State of California.

3. Insurer Financial Rating - Insurance is to be provided by an insurance company acceptable to the County with an A. M. Best rating of not less than A:VII, unless otherwise approved by the County.

4. Failure to Maintain Coverage - Failure by the Contractor to maintain the required insurance, or to provide evidence of insurance coverage acceptable to the County, shall constitute a material breach of contract upon which the County may immediately terminate or suspend the Contract. The County, at its sole option, may obtain damages from the Contractor resulting from said breach. Alternatively, the County may purchase such required insurance coverage, and without further notice to the Contractor, the County may deduct from sums due to the Contractor any premium costs advanced by the County for such insurance.

5. Notification of Incidents, Claims, or Suits - The Contractor shall report to the County's Contract Manager:

   a. Any accident or incident relating to work performed under the Contract which involves injury or property damage which may result in the filing of a claim or lawsuit against the Contractor and/or the County. Such report shall be made in writing within 24 hours of occurrence.

   b. Any third-party claim or lawsuit filed against the Contractor arising from or related to work performed by the Contractor under this Contract.

   c. Any injury to a Contractor's employee which occurs on County property. This report shall be submitted on a County "Non-employee Injury Report."

   d. Any loss, disappearance, destruction, misuse, or theft of any kind whatsoever of County property, monies, or securities entrusted to the Contractor under the terms of this Contract.

E. Compensation for County Costs

In the event that the Contractor fails to comply with any of the indemnification or insurance requirements of this Contract, and such failure to comply results in any costs to the County, the Contractor shall pay full compensation for all costs incurred by the County.

F. Insurance Coverage Requirements for Subcontractors

The Contractor shall ensure any and all subcontractors performing services under this Contract meet the insurance requirements of this Contract by either:

1. Contractor providing evidence of insurance covering the activities of subcontractor; or

2. Contractor providing evidence submitted by subcontractors evidencing that subcontractors maintain the required insurance coverage. The County retains the right to obtain copies of evidence of subcontractor insurance coverage at any time.

G. Insurance Coverage Requirements

1. General Liability insurance (written on ISO policy form CG 00 01 or its equivalent) with limits of not less than the following (can be met by a combination of primary and excess insurance coverage):

a.	General Aggregate:	$2 million
b.	Products/Completed Operations Aggregate:	$1 million
c.	Personal and Advertising Injury:	$1 million
d.	Each Occurrence:	$1 million

2. Automobile Liability insurance (written on ISO policy form CA 00 01 or its equivalent) with a limit of liability of not less than $1 million for each accident. Such insurance shall include coverage for all "owned," "nonowned," and "hired" vehicles, or coverage for "any auto." (Can be met by a combination of primary and excess insurance coverage).

3. Workers' Compensation and Employers' Liability insurance providing Workers' Compensation benefits, as required by the Labor Code of the State of California, or by any other State for which the Contractor is responsible. If the Contractor's employees will be engaged in maritime employment, coverage shall provide Workers' Compensation benefits as required by the U.S. Longshore and Harbor Workers' Compensation Act, Jones Act, or any other Federal law for which the Contractor is responsible.

4. In all cases, the above insurance also shall include Employers' Liability coverage with limits of not less than the following:

a.	Each Accident:	$1 million
b.	Disease - policy limit:	$1 million
c.	Disease - each employee:	$1 million

5. As a condition precedent to its performance pursuant to this Contract, the Contractor, by and through its execution of this Contract, certifies that it is aware of, and understands, the provisions of Section 3700 of the

Labor Code, which requires every employer to be insured against liability of Workers' Compensation or to undertake self-insurance in accordance with those provisions before commencing the performance of work under this Contract, and agrees to fully comply with said provisions.

SECTION 5

CONTRACTOR RESPONSIBILITY AND DEBARMENT

A. A responsible Contractor is a Contractor who has demonstrated the attribute of trustworthiness as well as quality, fitness, capacity, and experience to satisfactorily perform the contract. It is the County's policy to conduct business only with responsible contractors.

B. The Contractor is hereby notified that, in accordance with Chapter 2.202 of the County Code, if the County acquires information concerning the performance of the Contractor on this or other contracts which indicates that the Contractor is not responsible, the County may, in addition to other remedies provided in the Contract, debar the Contractor from bidding or proposing on, or being awarded, and/or performing work on County contracts for a specified period of time, which generally will not exceed five years but may exceed five years or be permanent if warranted by the circumstances, and terminate any or all existing contracts the Contractor may have with the County.

C. The County may debar a contractor if the Board finds, in its discretion, that the Contractor has done any of the following: (1) violated any term of a contract with the County or a nonprofit corporation created by the County; (2) committed any act or omission which negatively reflects on the Contractor's quality, fitness, or capacity to perform a contract with the County, any other public entity, or a nonprofit corporation created by the County, or engaged in a pattern or practice which negatively reflects on same; (3) committed an act or offense which indicates a lack of business integrity or business honesty; or (4) made or submitted a false claim against the County or any other public entity.

D. If there is evidence that the Contractor may be subject to debarment, Public Works will notify the Contractor in writing of the evidence, which is the basis for the proposed debarment and will advise the Contractor of the scheduled date for a debarment hearing before the Contractor Hearing Board.

E. The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Contractor and/or the Contractor's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, the Contractor Hearing Board will prepare a proposed decision, which shall contain a recommendation regarding whether the Contractor should be debarred, and, if so, the appropriate length of time of the debarment. The Contractor and Public Works shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board.

F. After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision, and any other recommendation of the Contractor Hearing Board shall be presented to the Board. The Board shall have

the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.

G. If a contractor has been debarred for a period longer than five years, that contractor may, after the debarment has been in effect for at least five years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. The County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that the contractor has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership or management; (3) material evidence discovered after debarment was imposed; or (4) any other reason that is in the best interests of the County.

H. The Contractor Hearing Board will consider a request for review of a debarment determination only where (1) the Contractor has been debarred for a period longer than five years; (2) the debarment has been in effect for at least five years; and (3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, the Contractor Hearing Board will provide notice of the hearing on the request. At the hearing, the Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by the Contractor Hearing Board pursuant to the same procedure as for a debarment hearing.

The Contractor Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing Board shall present its proposed decision and recommendation to the Board. The Board shall have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.

I. These terms shall also apply to subcontractors of the Contractor.

SECTION 6

CONTRACTOR EMPLOYEE JURY SERVICE PROGRAM

A. Contract Subject to Jury Service Program

This Contract is subject to the provisions of the County's ordinance entitled Contractor Employee Jury Service (Jury Service Program) as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code.

B. Written Employee Jury Service Policy

1. Unless the Contractor has demonstrated to the County's satisfaction either that the Contractor is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of the County Code) or that the Contractor qualifies for an exception to the Jury Service Program (Section 2.203.070 of the County Code), the Contractor shall have and adhere to a written policy that provides that its employees shall receive from the Contractor, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that employee deposit any fees received for such jury service with the Contractor or that the Contractor deducts from the employee's regular pay the fees received for jury service.

2. For purposes of this Section, "Contractor" means a person, partnership, corporation, or other entity, which has a contract with the County or a subcontract with a County contractor and has received or will receive an aggregate sum of $50,000 or more in any 12-month period under one or more County contracts or subcontracts. "Employee" means any California resident who is a full-time employee of the Contractor. "Full-time" means 40 hours or more worked per week, or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by the County, or 2) Contractor has a long-standing practice that defines the lesser number of hours as full-time. Full-time employees providing short-term, temporary services of 90 days or less within a 12-month period are not considered full-time for purposes of the Jury Service Program. If the Contractor uses any subcontractor to perform services for the County under this Contract, the subcontractor shall also be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract agreement and a copy of the Jury Service Program shall be attached to the agreement.

3. If the Contractor is not required to comply with the Jury Service Program when this Contract commences, the Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and the Contractor shall immediately notify the County if the Contractor at any time either comes within the Jury Service Program's definition of "Contractor" or if the Contractor no longer qualifies for an

exception to the Program. In either event, the Contractor shall immediately implement a written policy consistent with the Jury Service Program. The County may also require, at any time during this Contract and at its sole discretion, that the Contractor demonstrate to the County's satisfaction that the Contractor either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that the Contractor continues to qualify for an exception to the Program.

4. The Contractor's violation of this Section of the Contract may constitute a material breach of the Contract. In the event of such material breach, the County may, in its sole discretion, terminate this Contract and/or bar the Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach.

SECTION 7

LOCAL SMALL BUSINESS ENTERPRISE PREFERENCE PROGRAM

A. This Contract is subject to the provisions of the County's ordinance entitled Local Small Business Enterprise Preference Program, as codified in Chapter 2.204 of the Los Angeles County Code.

B. The Contractor shall not knowingly and with the intent to defraud, fraudulently obtain, retain, attempt to obtain or retain, or aid another in fraudulently obtaining or retaining or attempting to obtain or retain certification as a Local Small Business Enterprise.

C. The Contractor shall not willfully and knowingly make a false statement with the intent to defraud, whether by affidavit, report, or other representation, to a County official or employee for the purpose of influencing the certification or denial of certification of any entity as a Local Small Business Enterprise.

D. If the Contractor has obtained County certification as a Local Small Business Enterprise by reason of having furnished incorrect supporting information or by reason of having withheld information, and which knew, or should have known, the information furnished was incorrect or the information withheld was relevant to its request for certification, and which by reason of such certification has been awarded this Contract to which it would not otherwise have been entitled, shall:

1. Pay to the County any difference between the contract amount and what the County's costs would have been if the contract had been properly awarded;

2. In addition to the amount described in subdivision (1), be assessed a penalty in an amount of not more than 10 percent of the amount of the contract; and

3. Be subject to the provisions of Chapter 2.202 of the Los Angeles County Code (Determinations of Contractor Nonresponsibility and Contractor Debarment).

E. The above penalties shall also apply if the Contractor is no longer eligible for certification as a result of a change of its status and the Contractor failed to notify the State and the County's Office of Affirmative Action Compliance of this information.

SECTION 8

SAFELY SURRENDERED BABY LAW PROGRAM

A. Notice to Employees Regarding the Safely Surrendered Baby Law

The Contractor shall notify and provide to its employees, and shall require each subcontractor to notify and provide to its employees, a fact sheet regarding the Safely Surrendered Baby Law, its implementation in Los Angeles County, and how to safely surrender a baby. The fact sheet is set forth in Exhibit D of this Contract and is also available on the Internet at www.babysafela.org for printing purposes.

B. Contractor's Acknowledgment of County's Commitment to the Safely Surrendered Baby Law

The Contractor acknowledges that the County places a high priority on the implementation of the Safely Surrendered Baby Law. The Contractor understands that it is the County's policy to encourage all County contractors to voluntarily post the County's "Safely Surrendered Baby Law" poster in a prominent position at the Contractor's place of business. The Contractor will also encourage its subcontractors, if any, to post this poster in a prominent position in the subcontractor's place of business. The County's Department of Children and Family Services will supply the Contractor with the poster to be used.

SECTION 9

COMPLIANCE WITH LIVING WAGE PROGRAM

A. Living Wage Program

This Contract is subject to the provisions of the County's ordinance entitled Living Wage Program as codified in Sections 2.201.010 through 2.201.100 of the Los Angeles County Code, a copy of which is attached hereto as Form LW-1 and incorporated by reference into and made a part of this Contract.

B. Payment of Living Wage Rates

1. Unless Contractor has demonstrated to the County's satisfaction either that Contractor is not an "employer" as defined under the Program (Section 2.201.020 of the County Code) or that Contractor qualifies for an exception to the Living Wage Program (Section 2.201.090 of the County Code), Contractor shall pay its employees no less than the applicable hourly living wage rate, as set forth immediately below, for the employees' services provided to the County, including, without limitation, "travel time" as defined below in subsection 5 of this Section 9.B under this Contract:

   a. Not less than $11.84 per hour if, in addition to the per-hour wage, Contractor contributes less than $2.20 per hour towards the provision of bona fide health care benefits for its employees and any dependents; or

   b. Not less than $9.64 per hour if, in addition to the per-hour wage, Contractor contributes at least $2.20 per hour towards the provision of bona fide health care benefits for its employees and any dependents. Contractor will be deemed to have contributed $2.20 per hour towards the provision of bona fide health care benefits if the benefits are provided through the County Department of Health Services Community Health Plan. If, at any time during this Contract, Contractor contributes less than $2.20 per hour towards the provision of bona fide health care benefits, Contractor shall be required to pay its employees the higher hourly living wage rate.

2. For purposes of this Section, "Contractor" includes any subcontractor engaged by Contractor to perform services for the County under this Contract. If Contractor uses any subcontractor to perform services for the County under this Contract, the subcontractor shall be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract agreement and a copy of the Living Wage Program shall be attached to the agreement. "Employee" means any individual who is an employee of Contractor under the laws of California, and who is providing full-time services to Contractor, some or all of which

are provided to the County under this Contract. "Full-time" means a minimum of 40 hours worked per week, or a lesser number of hours, if the lesser number is a recognized industry standard and is approved as such by the County; however, fewer than 35 hours worked per week will not, in any event, be considered full-time.

3. If Contractor is required to pay a living wage when this Contract commences, Contractor shall continue to pay a living wage for the entire term of this Contract, including any option period.

4. If Contractor is not required to pay a living wage when this Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exemption status" from the living wage requirement. Contractor shall immediately notify County if Contractor at any time either comes within the Living Wage Program's definition of "employer", or if Contractor no longer qualifies for an exception to the Living Wage Program. In either event, Contractor shall immediately be required to commence paying the living wage and shall be obligated to pay the living wage for the remaining term of this Contract, including any option period. The County may also require, at any time during this Contract and at its sole discretion, that Contractor demonstrate to the County's satisfaction that Contractor either continues to remain outside of the Living Wage Program's definition of "employer" and/or that Contractor continues to qualify for an exception to the Living Wage Program. Unless Contractor satisfies this requirement within the time frame permitted by the County, Contractor shall immediately be required to pay the living wage for the remaining term of this Contract, including any option period.

5. For purposes of the Contractor's obligation to pay its employees the applicable hourly living wage rate under this Contract, "travel time" shall have the following two meanings, as applicable: 1) with respect to travel by an employee that is undertaken in connection with this Contract, travel time shall mean any period during which an employee physically travels to or from a County facility if the Contractor pays the employee any amount for that time or if California law requires the Contractor to pay the employee any amount for that time; and 2) with respect to travel by an employee between County facilities that are subject to two different contracts between the Contractor and the County (of which both contracts are subject to the Living Wage Program), travel time shall mean any period during which an employee physically travels to or from, or between such County facilities if the Contractor pays the employee any amount for that time or if California law requires the Contractor to pay the employee any amount for that time.

C. Contractor's Submittal of Certified Monitoring Reports

1. Contractor shall submit to the County certified monitoring reports at a frequency instructed by the County. The certified monitoring reports shall list

all of Contractor's employees during the reporting period. The certified monitoring reports shall also verify the number of hours worked, the hourly wage rate paid, and the amount paid by Contractor for health benefits, if any, for each of its employees. The certified monitoring reports shall also state the name and identification number of Contractor's current health care benefits plan, and Contractor's portion of the premiums paid as well as the portion paid by each employee. All certified monitoring reports shall be submitted on forms provided by the County, or any other form approved by the County which contains the above information. The County reserves the right to request any additional information it may deem necessary. If the County requests additional information, Contractor shall promptly provide such information. Contractor, through one of its officers, shall certify under penalty of perjury that the information contained in each certified monitoring report is true and accurate.

D. Contractor's Ongoing Obligation to Report Labor Law/Payroll Violations and Claims

During the term of this Contract, if the Contractor becomes aware of any labor law/payroll violations or any complaint, investigation, or proceeding ("claim") concerning any alleged labor law/payroll violation (including, but not limited to, any violation or claim pertaining to wages, hours, and working conditions such as minimum wage, prevailing wage, living wage, the Fair Labor Standards Act, employment of minors, or unlawful employment discrimination), the Contractor shall immediately inform the County of any pertinent facts known by the Contractor regarding the same. This disclosure obligation is not limited to any labor law/payroll violation or claim arising out of the Contractor's contract with the County, but instead applies to any labor law/payroll violation or claim arising out of any of the Contractor's operation in California.

E. County Auditing of Contractor Records

1. Upon a minimum of 24 hours' written notice, the County may audit, at Contractor's place of business, any of Contractor's records pertaining to this Contract, including all documents and information relating to the certified monitoring reports.

2. Contractor is required to maintain all such records in California until the expiration of four years from the date of final payment under this Contract. Authorized agents of the County shall have access to all such records during normal business hours for the entire period that records are to be maintained.

F. Notifications to Employees

Contractor shall place County-provided living wage posters at each of Contractor's place of business and locations where Contractor's employees are working. Contractor shall also distribute County-provided notices to each of its employees at

least once per year. Contractor shall translate into Spanish and any other language spoken by a significant number of employees the posters and handouts.

G. Enforcement and Remedies

1. If Contractor fails to comply with the requirements of this Section, the County shall have the rights and remedies described in this Section in addition to any rights and remedies provided by law or equity.

2. Remedies For Submission of Late or Incomplete Certified Monitoring Reports: If Contractor submits a certified monitoring report to the County after the date it is due, or if the report submitted does not contain all of the required information, is inaccurate, or is not properly certified, any such deficiency shall constitute a breach of this Contract. In the event of any such breach, the County may, in its sole discretion, exercise any or all of the following rights/remedies:

   a. Withholding of Payment: If Contractor fails to submit accurate, complete, timely, and properly certified monitoring reports, the County may withhold from payment to Contractor up to the full amount of any invoice that would otherwise be due, until Contractor has satisfied the concerns of the County, which may include required submittal of revised certified monitoring reports or additional supporting documentation.

   b. Liquidated Damages: It is mutually understood and agreed that Contractor's failure to submit an accurate, complete, timely, and properly certified monitoring report will result in damages being sustained by the County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time. The liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, in the event that a certified monitoring report is deficient, including, but not limited to, being late, inaccurate, incomplete, or uncertified, it is agreed that the County may, in its sole discretion, assess against Contractor liquidated damages in the amount of $100 per monitoring report for each day until the County has been provided with a properly prepared, complete, and certified monitoring report. The County may deduct any assessed liquidated damages from any payments otherwise due to Contractor.

   c. Termination: Contractor's failure to submit an accurate, complete, timely, and properly certified monitoring report may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.

3. Remedies for Payment of Less Than the Required Living Wage: If Contractor fails to pay any employee at least the applicable hourly living wage rate, such deficiency shall constitute a breach of this Contract. In the event of any such breach, the County may, in its sole discretion, exercise any or all of the following rights/remedies:

   a. Withholding Payment: If Contractor fails to pay one or more of its employees at least the applicable hourly living wage rate, the County may withhold from any payment otherwise due to Contractor the aggregate difference between the living wage amounts Contractor was required to pay its employees for a given pay period and the amount actually paid to the employees for that pay period. The County may withhold said amount until Contractor has satisfied the County that any underpayment has been cured, which may include required submittal of revised certified monitoring reports or additional supporting documentation.

   b. Liquidated Damages: It is mutually understood and agreed that Contractor's failure to pay any of its employees at least the applicable hourly living wage rate will result in damages being sustained by the County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time. The liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, it is agreed that the County may, in its sole discretion, assess against Contractor liquidated damages of $50 per employee per day for each and every instance of an underpayment to an employee. The County may deduct any assessed liquidated damages from any payments otherwise due to Contractor.

   c. Termination: Contractor's failure to pay any of its employees the applicable hourly living wage rate may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.

4. Debarment: In the event Contractor breaches a requirement of this Section, the County may, in its sole discretion, bar Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach, not to exceed three years.

H. Use of Full-Time Employees

Contractor shall assign and use full-time employees of Contractor to provide services under this Contract unless Contractor can demonstrate to the satisfaction of the County that it is necessary to use non-full-time employees based on staffing

efficiency or County requirements for the work to be performed under this Contract. It is understood and agreed that Contractor shall not, under any circumstance, use non-full-time employees for services provided under this Contract unless and until the County has provided written authorization for the use of same. Contractor submitted with its proposal a full-time-employee staffing plan. If Contractor changes its full-time-employee staffing plan, Contractor shall immediately provide a copy of the new staffing plan to the County.

I. Contractor Retaliation Prohibited

Contractor and/or its employees shall not take any adverse action which would result in the loss of any benefit of employment, any contract benefit, or any statutory benefit for any employee, person, or entity who has reported a violation of the Living Wage Program to the County or to any other public or private agency, entity, or person. A violation of the provisions of this paragraph may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.

J. Contractor Standards

During the term of the Contract, Contractor shall maintain business stability, integrity in employee relations, and the financial ability to pay a living wage to its employees. If requested to do so by the County, Contractor shall demonstrate to the satisfaction of the County that Contractor is complying with this requirement.

K. Neutrality in Labor Relations

Contractor shall not use any consideration received under this Contract to hinder or to further the organization of, collective bargaining activities by or on behalf of Contractor's employees, except that this restriction shall not apply to any expenditure made in the course of good faith collective bargaining, to any expenditure pursuant to obligations incurred under a bona fide collective bargaining agreement, or which would otherwise be permitted under the provisions of the National Labor Relations Act.

EXHIBIT C

Department of the Treasury
Internal Revenue Service
Notice 1015

(Rev. December 2005)

Have You Told Your Employees About the Earned Income Credit (EIC)?

What Is the EIC?

The EIC is a refundable tax credit for certain workers.

Which Employees Must I Notify About the EIC?

You must notify each employee who worked for you at any time during the year and from whom you did not withhold income tax. However, you do not have to notify any employee who claimed exemption from withholding on Form W-4, Employee's Withholding Allowance Certificate.

Note: *You are encouraged to notify each employee whose wages for 2005 are less than $37,263 that he or she may be eligible for the EIC.*

How and When Must I Notify My Employees?

You must give the employee one of the following:

- The IRS Form W-2, Wage and Tax Statement, which has the required information about the EIC on the back of Copy B.
- A substitute Form W-2 with the same EIC information on the back of the employee's copy that is on Copy B of the IRS Form W-2.
- Notice 797, Possible Federal Tax Refund Due to the Earned Income Credit (EIC).
- Your written statement with the same wording as Notice 797.

If you are required to give Form W-2 and do so on time, no further notice is necessary if the Form W-2 has the required information about the EIC on the back of the employee's copy. If a substitute Form W-2 is given on time but does not have the required information, you must notify the employee within 1 week of the date the substitute Form W-2 is given. If Form W-2 is required but is not given on time, you must give the employee Notice 797 or your written statement by the date Form W-2 is required to be given. If Form W-2 is not required, you must notify the employee by February 7, 2006.

You must hand the notice directly to the employee or send it by First-Class Mail to the employee's last known address. You will not meet the notification requirements by posting Notice 797 on an employee bulletin board or sending it through office mail. However, you may want to post the notice to help inform all employees of the EIC. You can get copies of the notice by calling 1-800-829-3676, or from the IRS website at **www.irs.gov**.

How Will My Employees Know If They Can Claim the EIC?

The basic requirements are covered in Notice 797. For more detailed information, the employee needs to see the 2005 instructions for Form 1040, 1040A, 1040EZ, or Pub. 596, Earned Income Credit (EIC).

How Do My Employees Claim the EIC?

Eligible employees claim the EIC on their 2005 tax return. Even employees who have no tax withheld from their pay or owe no tax can claim the EIC and get a refund, but they must file a tax return to do so. For example, if an employee has no tax withheld in 2005 and owes no tax but is eligible for a credit of $799, he or she must file a 2005 tax return to get the $799 refund.

How Do My Employees Get Advance EIC Payments?

Eligible employees who expect to have a qualifying child for 2006 can get part of the credit with their pay during the year by giving you a completed Form W-5, Earned Income Credit Advance Payment Certificate. You must include advance EIC payments with wages paid to these employees, but the payments are not wages and are not subject to payroll taxes. Generally, the payments are made from withheld income, social security, and Medicare taxes. For details, see Pub. 15 (Circular E), Employer's Tax Guide.

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents to give up their baby confidentially. As long as the baby has not been abused or neglected, parents may give up their newborn without fear of arrest or prosecution.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially and safely give up a baby within three days of birth. The baby must be handed to an employee at a Los Angeles County emergency room or fire station. As long as the child shows no signs of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, workers will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their newborns within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

In most cases, a parent will bring in the baby. The law allows other people to bring in the baby if they have legal custody.

Does the parent have to call before bringing in the baby?

No. A parent can bring in a baby anytime, 24 hours a day, 7 days a week so long as the parent gives the baby to someone who works at the hospital or fire station.

Does a parent have to tell anything to the people taking the baby?

No. However, hospital personnel will ask the parent to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the child. Although encouraged, filling out the questionnaire is not required.

What happens to the baby?

The baby will be examined and given medical treatment, if needed. Then the baby will be placed in a pre-adoptive home.

What happens to the parent?

Once the parent(s) has safely turned over the baby, they are free to go.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned by their parents and potentially being hurt or killed. You may have heard tragic stories of babies left in dumpsters or public bathrooms. The parents who committed these acts may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had nowhere to turn for help, they abandoned their infants. Abandoning a baby puts the child in extreme danger. It is also illegal. Too often, it results in the baby's death. Because of the Safely Surrendered Baby Law, this tragedy doesn't ever have to happen in California again.

A baby's story

At 8:30 a.m. on Thursday, July 25, 2002, a healthy newborn baby was brought to St. Bernardine Medical Center in San Bernardino under the provisions of the California Safely Surrendered Baby Law. As the law states, the baby's mother did not have to identify herself. When the baby was brought to the emergency room, he was examined by a pediatrician, who determined that the baby was healthy and doing fine. He was placed with a loving family while the adoption process was started.

Every baby deserves a chance for a healthy life. If someone you know is considering abandoning a newborn, let her know there are other options.

It is best that women seek help to receive proper medical care and counseling while they are pregnant. But at the same time, we want to assure parents who choose not to keep their baby that they will not go to jail if they deliver their babies to safe hands in any Los Angeles County hospital ER or fire station.

¿Qué es la Ley de Entrega de Bebés Sin Peligro?

La Ley de Entrega de Bebés Sin Peligro de California permite a los padres entregar a su recién nacido confidencialmente. Siempre que el bebé no haya sufrido abuso ni negligencia, padres pueden entregar a su recién nacido sin temor a ser arrestados o procesados.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura, dentro de los tres días del nacimiento. El bebé debe ser entregado a un empleado de una sala de emergencias o de un cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazalete y el padre/madre recibirá un brazalete igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden empezar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles, al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

En la mayoría de los casos, los padres son los que llevan al bebé. La ley permite que otras personas lleven al bebé si tienen la custodia legal del menor.

¿Los padres deben llamar antes de llevar al bebé?

No. El padre/madre puede llevar a su bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, mientras que entregue a su bebé a un empleado del hospital o de un cuartel de bomberos.

¿Es necesario que el padre/madre diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital le pedirá que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para los cuidados que recibirá el bebé. Es recomendado llenar este cuestionario, pero no es obligatorio hacerlo.

¿Qué ocurrirá con el bebé?

El bebé será examinado y, de ser necesario, recibirá tratamiento médico. Luego el bebé se entregará a un hogar preadoptivo.

¿Qué pasará con el padre/madre?

Una vez que los padres hayan entregado a su bebé en forma segura, serán libres de irse.

¿Por qué California hace esto?

La finalidad de la Ley de Entrega de Bebés Sin Peligro es proteger a los bebés del abandono por parte de sus padres y de la posibilidad de que mueran o sufran daños. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Es posible que los padres que cometieron estos actos hayan estado atravesando dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus recién nacidos porque tenían miedo y no tenían adonde recurrir para obtener ayuda. El abandono de un recién nacido lo pone en una situación de peligro extremo. Además es ilegal. Muy a menudo el abandono provoca la muerte del bebé. Ahora, gracias a la Ley de Entrega de Bebés Sin Peligro, esta tragedia ya no debe suceder nunca más en California.

Historia de un bebé

A las 8:30 a.m. del jueves 25 de julio de 2002, se entregó un bebé recién nacido saludable en el St. Bernardine Medical Center en San Bernardino, en virtud de las disposiciones de la Ley de Entrega de Bebés Sin Peligro. Como lo establece la ley, la madre del bebé no se tuvo que identificar. Cuando el bebé llegó a la sala de emergencias, un pediatra lo revisó y determinó que el bebé estaba saludable y no tenía problemas. El bebé fue ubicado con una buena familia, mientras se iniciaban los trámites de adopción.

Cada recién nacido merece una oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele qué otras opciones tiene.

Es mejor que las mujeres busquen ayuda para recibir atención médica y asesoramiento adecuado durante el embarazo. Pero al mismo tiempo, queremos asegurarles a los padres que optan por no quedarse con su bebé que no irán a la cárcel si dejan a sus bebés en buenas manos en cualquier sala de emergencia de un hospital o en un cuartel de bomberos del Condado de Los Angeles.

FUEL PRICE ADJUSTMENTS

IF CONTRACTOR PURCHASES FUEL AT MARKET PRICES AT TIME OF PROPOSAL:

The Director may adjust 12 percent of the unit rate of compensation set forth in Form PW-2, Schedule of Prices based on the increase or decrease in the fuel price published in the Official Energy Statistics from the United States Department of Energy website at <http://tonto.eia.doe.gov/dnav/pet/pet_pri_gnd_dcus_sca_m.htm> for Gasoline - All Grades (Regular) for California, and at <http://tonto.eia.doe.gov/dnav/pet/pet_pri_prop_dcu_r50_m.htm> for Propane (LPG) using West Coast (PADD 5) "Sales For Resale," as appropriate to the vehicle used, beginning on the month of this Contract's start date and thereafter at each successive six month interval (interval may differ), which shall be the effective date for any such fuel adjustment. The percentage change in the fuel price shall be obtained using the fuel prices published three months preceding the proposal submission date and the fuel price published three months preceding each effective date of the adjustment.

However, when the percentage increase or decrease in the fuel price is less than 5 percent, no fuel adjustment will be granted. In the event the fuel adjustment is granted, the fuel adjustment (increase or decrease) will be added to or subtracted from, as applicable, the unit rate of compensation to establish the adjusted unit rate of compensation. A sample calculation is included in Exhibit G.

Public Works shall be permitted to audit the Contractor's fuel usage, fuel costs, and fuel procurement methods for the vehicles used in providing these services and the Contractor shall provide records pertaining to its fuel costs upon the County's request.

IF THE CONTRACTOR HAS A LONG TERM AGREEMENT TO PURCHASE FUEL AT A FIXED PRICE FOR A MULTI-YEAR PERIOD AT TIME OF PROPOSAL:

The Director may adjust 12 percent of the unit rate of compensation set forth in Form PW-2, Schedule of Prices based on the increase or decrease in the negotiated fuel price during the term of this Contract, whenever there is a renegotiation of the Contractor's fuel prices with the fuel suppliers. The Contractor agrees to provide Public Works with a copy of its current long-term fuel purchasing agreements and each new fuel agreement, whenever the(se) agreement(s) is/are renegotiated during the term of this Contract. Such copies, when marked "Confidential" by the Contractor, shall be treated by the County as confidential in accordance with the California Public Records Act. The percentage change in the fuel price shall be obtained using the fuel prices listed in the long-term agreement on the proposal submission date and whenever there is a change in the long-term fuel price.

FUEL PRICE ADJUSTMENTS

However, when the percentage increase or decrease in the fuel price is less than 5 percent, no fuel adjustment will be granted. In the event the fuel adjustment is granted, the fuel adjustment (increase of decrease) will be added to or subtracted from, as applicable, the unit rate of compensation to establish the adjusted unit rate of compensation. A sample calculation is included in Exhibit G.

Public Works shall be permitted to audit the Contractor's fuel usage, fuel costs, and fuel procurement methods for the vehicles used in revenue service and the Contractor shall provide records pertaining to its fuel costs upon the County's request.

SAMPLE CALCULATION OF THE FUEL ADJUSTMENT

Purchasing Fuel at Market Prices

Following sample data will be used to calculate sample calculation of fuel adjustment
Unit Rate from PW-2, Schedule of Prices: $15.00
Proposal due date: February 2007
Contract start date: July 2007

Fuel Adjustment (FA) Component for Propane price:

Propane (On-Highway) - May 2007	245.02 cents per gallon
Propane (On-Highway) - April 2007	293.23 cents per gallon
Percent change in Propane (On-Highway)	19.7% increase

Adjusted Unit Rate (FA component):
= (12% of unit rate)* x (Percent change in Propane Price)
= [(12%) x ($15.00)] x (19.7%)
= ($1.80) x (19.7%)
= $0.35 Fuel Adjustment (increase)

Adjusted Unit Rate for July 2007
$15.00 + $0.35 = $15.35

Purchasing Fuel Under Long-Term Fuel Supply Agreement

Following sample data will be used to calculate sample calculation of fuel adjustment
Unit Rate from PW-2, Schedule of Prices: $15.00
Proposal due date: February 2007 (Long-Term Fuel Price: $2.00 per gallon)
Contract start date: July 2007
Renegotiation of Fuel Price: September 2007 (renegotiated price is $2.25 per gallon)

Fuel Adjustment (FA) Component for Contract price:

February 2007	200.00 cents per gallon
Renegotiated Price in September 2007	225.00 cents per gallon
Percent change in Diesel (long-term price)	12.5% increase

Adjusted Unit Rate (FA component):
= (12% of unit rate) x (Percent change in price)
= [(12%) x ($15.00)] x (12.5%)
= ($1.80) x (12.5%)
= $0.23 Fuel Adjustment (increase)

Adjusted Unit Rate for September 2007
$15.00 + $0.23 = $15.23

Re: 2007-PA006 Street Sweeping Services

Dear Mr. Wolfe,

Respectfully we would like to bring to your and your staff's attention, the equipment requirements that are required to fulfill the agreement that is currently being solicited.

Looking at each of the qualified contractors, not one, including ourselves is able to meet all the equipment required to fulfill all the contracts that are included in this 2007-PA006 solicitation.

We would like to suggest, that the County look at each contractors equipment inventory that is AQMD 1186.1 certified and is currently available and not in use or assigned to another city that requires it by AQMD mandate, and what new equipment that already has been ordered and will arrive prior to the July 1, 2007 proposed start date for these new contracts.

When looking at the "COST METHODLOGY FOR CONTRACT", your staff will be able to determine how many sweeper operators each contractor is going to use on each area, and then look at the verified AQMD 1186.1 complaisant and available sweeper inventory, to see if they can meet the requirements.

Our company, out of our current 13 AQMD 1186.1 complaisant street sweepers, has 5 AQMD complaint sweepers available today, and 3 more new CNG Tymco 600 compliant sweepers on order, and is expecting delivery prior to the July 1, 2007 for these contracts.

Our company is the leader in the street sweeping industry with over 57 years of experience. We have worked directly with the sweeper manufacturers, designing and developing the latest in sweeping equipment.
In 1958, we received the first street sweeping contract to take over city services in California, and since have operated throughout the state, currently supplying service to 26 public agencies.

In 1980, the State of Arizona granted the largest contract in the state for sweeping to our company. This contract was with the Arizona Department of Transportation (ADOT). We have also owned and operated a heavy equipment company throughout the State of Texas for many years.
Beginning in 1999, we started to develop our first CNG regional fueling station to be used by our company and other public and private fleets. We now operate one of the newest fleet of street sweepers in California. Our diesel fleet is currently being replaced as required, to comply with the new AQMD "1186 and 1186.1" Clean Air Fleet Rules. Currently, you will see on our "List of Equipment," that we have thirteen AQMD compliant CNG TYMCO street sweepers, and are looking to add an additional 10 more CNG sweepers to our fleet shortly.

1) The R.F. Dickson Company has been involved since the beginning of Rule 1186.1, attending workshops, and working with AQMD's Dr. Julia Lester, the actual author of the 1186 rule. We have been invited to speak on occasions at the AQMD's meetings as the experts in the field of both alternative fuel powered street sweepers and the street sweeping industry.

2) We will meet Air Quality Management District requirements; we understand that the County of Los Angeles requires that all sweepers used for arterial and residential sweeping are powered by alternative fuel.

3) All of our equipment is equipped with 2 way radios that allow them to maintain contact with our office for any communications necessary. In most cases the All Managers, and Sweeper Operators have cell phones.

Sweeper Operators

Pre Employment requirements for all operator trainee:

- **Valid California Driver License**
- **Clean driving record verified by the Department of Motor Vehicles**
- **Strong reference and work history.**

1) Our sweeper operators are highly trained in the operations of their equipment. They will be familiar with the County of Los Angeles's sweeping requirements and are able to clearly read all routing maps supplied with this contract.

2) Our operators are given Drug tests and Physicals before being hired and are also tested again in the event of an accident or injury caused during the performance of this contract.

3) All of our sweeper operators are proficient in English and can communicate clearly with all residents and City staff. In many cases our drivers are also bilingual.

4) The majority of our drivers are long-term employees; we prefer and make every attempt to keep the same drivers on the same routes. This will increase our ability to meet the time requirements on specific streets, and increase our quality and know where all the hot spots are within the scheduled area. Our drivers are supplied with company shirts for identification.

Work Plan

1) We will adhere to a regular schedule for sweeping of arterial highways, raised medians, and residential streets. This will be based on the routing maps that we will develop and will be approved by the County of Los Angeles.

2) We will maintain the gutter flow lines free of debris on a regular schedule for free flow of water.

3) We will maintain a state of cleanliness, as the schedule requires, for road and pedestrian safety acceptable to the County.

4) Our sweeper operators are trained to make as many passes as necessary, to accomplish the stated quality of service goals our company has established.

5) Our sweeper operators are taught the importance of punctuality and quality and take pride in their work to achieve a sense of satisfaction that will stay with them and eventually be taught to new operators over the years.

6) If inclement weather prevents adherence to the regular sweeping schedule for two days or less in a certain week, R. F. Dickson Co., Inc. will sweep the affected area prior to the next sweeping schedule once approved by the County.

7) When a holiday occurs on a regular scheduled sweep day and the subject sweeping area is not swept, with approval of the contract manager areas will be swept within two days of the regular sweeping schedule.

Complaints and Concerns

Complaints brought to our attention prior to 3:00 PM. will be investigated and resolved the same day if possible, Our staff will make every effort to resolve and follow up all complaints within a 24 hour period. All sweeper operators are trained to contact the office before leaving the area to determine whether they have any complaints or concerns logged for that workday. If so they will immediately rectify the issues before returning to the Dickson yard.

All complaints are logged and brought to the attention of Manager in charge. The sweeper operators are notified immediately by radio or cell phone to rectify the problem, when the issue has been rectified and the proper steps have been taken, the complaint form is then e-mailed to the contract manager or office in charge.

COUNTY OF LOS ANGELES CONTRACTOR EMPLOYEE JURY SERVICE PROGRAM
APPLICATION FOR EXCEPTION AND CERTIFICATION FORM

This contract is subject to the County of Los Angeles Contractor Employee Jury Service Program (Program) (Los Angeles County Code, Chapter 2.203). All contractors and subcontractors must complete this form to either (1) request an exception from the Program requirements or (2) certify compliance. Upon review of the submitted form, the County department will determine, in its sole discretion, whether the bidder or proposer is excepted from the Program.

Company Name:	R.F. Dickson Co., Inc.
Company Address:	12524 Clark Ave.
City:	Downey State: CA Zip Code: 90242
Telephone Number:	(562) 923-5441
(Type of Goods or Services):	Contract Street Sweeping

If you believe the Jury Service Program does not apply to your business, check the appropriate box in Part I (you must attach documentation to support your claim). If the Jury Service Program applies to your business, complete Part II to certify compliance with the Program. Whether you complete Part I or Part II, sign and date this form.

Part I: Jury Service Program Is Not Applicable to My Business

☐ My business does not meet the definition of "contractor," as defined in the Program as it has not received an aggregate sum of $50,000 or more in any 12-month period under one or more County contracts or subcontracts (this exception is not available if the contract/purchase order itself will exceed $50,000). I understand that the exception will be lost and I must comply with the Program if my revenues from the County exceed an aggregate sum of $50,000 in any 12-month period.

☐ My business is a small business as defined in the Program. It 1) has ten or fewer employees; and, 2) has annual gross revenues in the preceding twelve months which, if added to the annual amount of this contract, are $500,000 or less; and, 3) is not an affiliate or subsidiary of a business dominant in its field of operation, as defined below. I understand that the exemption will be lost and I must comply with the Program if the number of employees in my business and my gross annual revenues exceed the above limits.

"Dominant in its field of operation" means having more than ten employees, including full-time and part-time employees, and annual gross revenues in the preceding twelve months, which, if added to the annual amount of the contract awarded, exceed $500,000.

"Affiliate or subsidiary of a business dominant in its field of operation" means a business which is at least 20 percent owned by a business dominant in its field of operation, or by partners, officers, directors, majority stockholders, or their equivalent, of a business dominant in that field of operation.

☐ My business is subject to a Collective Bargaining Agreement that expressly provides that it supersedes all provisions of the Program. **ATTACH THE AGREEMENT.**

Part II: Certification of Compliance

☒ My business has and adheres to a written policy that provides, on an annual basis, no less than five days of regular pay for actual jury service for full-time employees of the business who are also California residents, or my company will have and adhere to such a policy prior to award of the contract.

I declare under penalty of perjury under the laws of the State of California that the information stated above is true and correct.

FORM LW-1.1 (REVISED)

LOS ANGELES COUNTY CODE

Title 2 ADMINISTRATION

Chapter 2.201 Living Wage Program

2.201.010 Findings.

The board of supervisors finds that the county of Los Angeles is the principal provider of social and health services within the county, especially to persons who are compelled to turn to the county for such services. Employers' failure to pay a living wage to their employees causes them to use such services thereby placing an additional burden on the county of Los Angeles.

2.201.20 Definitions.

The general definitions contained in Chapter 2.02 shall be applicable to this chapter unless inconsistent with the following definitions:

A. "County" includes the county of Los Angeles, any county officer or body, any county department head, and any county employee authorized to enter into a Proposition A contract or a cafeteria services contract with an employer.

B. "Employee" means any individual who is an employee of an employer under the laws of California, and who is providing full time services to an employer, some or all of which are provided to the county of Los Angeles under a Proposition A contract, or under a cafeteria services contract at a county of Los Angeles owned or leased facility.

C. "Employer" means:

1. An individual or entity who has a contract with the county:

   a. For services which is required to be more economical or feasible under Section 44.7 of the Charter of the county of Los Angeles, and is not listed as an excluded contract in Section 2.121.250 B of the Los Angeles County Code, referred to in this chapter as a "Proposition A contract," or

   b. For cafeteria services, referred to in this chapter as a "cafeteria services contract," and

   c. Who has received or will receive an aggregate sum of $25,000.00 or more in any 12 month period under one or more Proposition A contracts and/or one or more cafeteria services contracts; or

2. An individual or entity that enters into a subcontract with an employer, as defined in subsection C1 and who employs employees to provide services under the employer's contract with the county.

D. "Full time" means a minimum 40 hours worked per week, or a lesser number of hours, if the lesser number is a recognized industry standard and is approved as such by the chief administrative officer, but in no event less than 35 hours worked per week.

E. "Proposition A contract" means a contract governed by Title 2, Section 2.121.250 et. Seq. of this code, entitled Contracting with Private Business.

2.201.30 **Prospective effect.**

This chapter shall be applicable to Proposition A contracts and cafeteria services contracts and their amendments the terms of which commence three months or more after the effective date of this chapter.* It shall not be applicable to Proposition A contracts or cafeteria services contracts or their amendments in effect before this chapter becomes applicable.

*Editor's note: Effective three months after the effective date of the Ordinance approval.

2.201.040 **Payment of living wage.**

A. Employers shall pay employees a living wage for their services provided to the county of no less than the hourly rates set under this chapter. The rates shall be $9.64 per hour with health benefits, or $11.84 per hour without health benefits.

B. To qualify for the living wage rate with health benefits, an employer shall pay at least $2.20 per hour towards the provision of bona fide health care benefits for each employee and any dependents during the term of a Proposition A contract or a cafeteria services contract. Proof of the provision of such benefits must be submitted to the county for evaluation during the procurement process to qualify for the lower living wage rate in subsection A of this section. Employers who provide health care benefits to employees through the county department of health services community health plan are deemed to have qualified for the lower living wage rate in subsection A of this section.

C. The board of supervisors may, from time to time, adjust the amounts specified in subsections A and B of this section above for future contracts. Any adjustments to the living wage rate specified in subsection A and B that are adopted by the board of supervisors shall be applicable to Proposition A contracts and cafeteria services contracts and their amendments which become effective three months or more after the effective date of the ordinance that adjusts the living wage rate.

2.201.050 **Other provisions.**

A. Full Time Employees. An employer shall assign and use full time employees to provide services under a Proposition A contract or a cafeteria services contract, unless the employer can demonstrate to the county the necessity to use non-full time employees based on staffing efficiency or the county requirements of an individual job.

B. Neutrality In Labor Relations. An employer shall not use any consideration received under a Proposition A contract or a cafeteria services contract to hinder, or to further, organization of, or collective bargaining activities by or on behalf of an employer's employees, except that this restriction shall not apply to any expenditure made in the course of good faith collective bargaining, or to any expenditure pursuant to obligations incurred under a bona fide collective bargaining agreement, or which would otherwise be permitted under the provisions of the National Labor Relations Act.

C. Administration. The chief administrative officer shall be responsible for the administration of this chapter. The chief administrative officer may, with the advice of

county counsel, issue interpretations of the provisions of this chapter. The chief administrative officer in conjunction with the affirmative action compliance officer shall issue written instructions on the implementation and on-going administration of this Chapter. Such instructions may provide for the delegation of functions to other county departments.

D. Compliance Certification. An employer shall, during the term of a Proposition A contract, or a cafeteria services contract, report for each employee and certify the hours worked, wages paid, and amounts the employer paid for health benefits, and provide other information deemed relevant to the enforcement of this chapter by the county. Such reports shall be made at the times and in the manner set forth in instructions issued by the chief administrative officer in conjunction with the affirmative action compliance officer. The affirmative action compliance officer in conjunction with the chief administrative officer shall report annually to the board of supervisors on contractor compliance with the provisions of this chapter.

E. Contractor Standards. An employer shall demonstrate during the procurement process and for the duration of a Proposition A contract or a cafeteria services contract a history of business stability, integrity in employee relations, and the financial ability to pay a living wage. (Ordinance No. 99-0048 § 1 (part), 1999.)

2.201.60 Employer retaliation prohibited.

No employer shall take an adverse action causing a loss of any benefit of employment, of any contract benefit, or any statutory benefit to any employee, person, or other entity, who has reported a violation of this chapter to the board of supervisors or to one or more of their offices, to the county chief administrative officer, or to the county auditor/controller, or to the county department administering the Proposition A contract or cafeteria services contract. (Ordinance No. 99-0048 § 1 (part), 1999.)

2.201.70 Employee retention rights.

In the event that any Proposition A contract or cafeteria service contract is terminated by the county prior to its expiration, any new contract with a subsequent employer for such services shall provide for the employment of the predecessor employer's employees as provided in this section.

A. A "retention employee" is an employee of a predecessor employer:

1. Who is not an exempt employee under the minimum wage and maximum hour exemptions defined in the federal Fair Labor Standards Act;

2. Who has been employed by an employer under a predecessor Proposition A contract or a predecessor cafeteria services contract for at least six months prior to the date of a new contact; and

3. Who is or will be terminated from his or her employment as a result of the county entering into a new contract.

B. Subsequent employers shall offer employment to all retention employees who are qualified for such jobs.

C. A subsequent employer is not required to hire a retention employee who:

1. Has been convicted of a crime related to the job or his or her job performance; or

2. Fails to meet any other county requirement for employees of a contractor.

D. A subsequent employer may not terminate a retention employee for the first 90 days of employment under a new contract, except for cause. Thereafter a subsequent employer may retain a retention employee on the same terms and conditions as the subsequent employer's other employees. (Ordinance No. 99-0048 § 1 (part), 1999.)

2.201.80 Enforcement and Remedies.

For violation of any of the provisions of this chapter:

A. An employee may bring an action in the courts of the state of California for damages caused by an employer's violation of this chapter.

B. The county department head responsible for administering a Proposition A contract or a cafeteria services contract may do one or more of the following in accordance with such instructions as may be issued by the chief administrative officer:

1. Assess liquidated damages as provided in the contract; and/or

2. Recommend to the board of supervisors the termination of the contract; and/or

3. Recommend to the board of supervisors that an Employer be barred from award of future county contracts for a period of time consistent with the seriousness of the employer's violation of this chapter, in accordance with Section 2.202.040 of this code.

2.201.090 Exceptions.

A. Other Laws. This chapter shall not be interpreted or applied to any employer or to any employee in a manner inconsistent with United States or California laws.

B. Collective Bargaining Agreements. Any provision of this chapter shall be superseded by a collective bargaining agreement that expressly so provides.

C. This chapter shall not be applied to any employer which is a nonprofit corporation qualified under Section 501(c)(3) of the Internal Revenue Code.

D. Small Businesses. This chapter shall not be applied to any employer which is a business entity organized for profit, including but not limited to any individual, partnership, corporation, joint venture, association or cooperative, which entity:

B. Work Location

Exhibits E.1 through E.4, Project Location/Vicinity Maps, provide a more detailed outline of each street sweeping area's limits.

C. Work Description

Contractor shall sweep and/or clean once a week all public streets, paved alleys, and curbed medians within the Project limits as shown in Exhibits E.1 through E.4, Project Location/Vicinity Maps. The word "sweeping" shall define an operation, and the method shall not be limited to the use of a power broom street sweeper. Unless otherwise stated, work shall be measured in either Curb Miles or Paved Alley Miles. A Curb Mile is defined as a swept path not less than 5 feet wide for a total length of 5,280 feet. A Paved Alley Mile is defined as a swept path not less than 20 feet wide for a total length of 5,280 feet.

Sweeping a street shall normally consist of a single pass at a maximum speed of not more than 6 miles per hour (8 miles per hour in South and West Whittier) on each side of the street adjacent and parallel to the curb face and shall include

curb returns and cross gutters at intersecting streets. Where there is a raised median, sweeping shall also consist of a single swept path on each side of the median adjacent and parallel to the median curb face.

Sweeping an alley shall normally consist of single swept path on each side to the alley adjacent and to the right of the flow line or centerline of the alley at a maximum speed of not more than 6 miles per hour (8 miles per hour in South and West Whittier.

Water shall be used while sweeping to minimize dust, if a power broom sweeper is used. Curbed areas that cannot be swept with power sweeping equipment, such as, but not limited to, narrow cul-de-sacs, median noses, and portions of left-turn pockets shall be hand cleaned to comply with this Exhibit's paragraph E, Standard of Performance, below.

Contractor shall inform the Contract Manager of any problems or conditions which may be a public hazard or interfere with normal sweeping operations. These problems or conditions shall include, but not be limited to, fallen trees, obstructed roadways or alleys, low overhanging branches, abandoned vehicles, and large potholes. These problems or conditions shall be reported by Contractor to the Contract Manager as soon as the condition is identified. Dead animals shall be reported to Animal Control at (310) 523-9566.

D. Parking Lot Sweeping – Marina del Rey Area Only

In addition to sweeping of streets, curbed medians, paved alleys and other incidental work, the Contractor shall also sweep public parking lots operated by the County of Los Angeles Department of Beaches and Harbors in Marina del Rey designated as Parking Lots 1 through 19.

Sweeping a parking lot shall normally consist of a single swept path adjacent and parallel to the perimeter of the parking lot and adjacent and parallel to any raised medians within the boundaries of the parking lot at a maximum speed of not more than 6 miles per hour.

Notwithstanding any provision of this Contract requiring the Contractor to conduct all of its activities and operations within the confines of public roadways, the Contractor shall enter upon and provide services within the specified public parking lots.

E. Standard of Performance

The primary objective of street sweeping is to remove all leaves, paper, dirt, rocks, glass, bottles, cans, and other debris to ensure the free flow of water in the gutter and to maintain streets in a state of cleanliness. The Contract Manager will make the final determination as to whether the work has been satisfactorily completed. If the work has not been satisfactorily completed, the Contract Manager may direct Contractor to resweep the unsatisfactorily swept area(s) not swept at all, if the area(s) can be reswept during the same business day. If the area(s) cannot be reswept during the same business day by Contractor, the Contract Manager may deduct payment to Contractor in accordance with this Exhibit's paragraph O, Inspection and Acceptance of the Work.

F. Disposal of Refuse and Debris

All debris and refuse collected from these operations shall become the property of Contractor. The Board has the final authority in all matters affecting the work. Within the scope of this Contract, the Contract Manager has the authority to enforce compliance with the Plans and Specifications. Contractor shall promptly comply with instructions from the Contract Manager or an authorized representative.

On all questions relating to quantities; the acceptability of equipment or work; the execution, progress, or sequence of work; and the interpretation of the Specifications or the Plans, the decision of the Contract Manager will be final and binding and shall be precedent to any payment under this Contract unless otherwise ordered by the Board.

L. Best Management Practices

Best Management Practices (BMPs) shall be defined as any program, technology, process, sitting criteria, operating method, measure, or device which controls, prevents, removes, or reduces pollution. Contractor shall obtain and refer to the California Storm Water Best Management Practice Handbooks, Volume 3 Construction BMP Handbook and the County of Los Angeles Department of Public Works Best Management Practices Handbook for Construction Activities. These publications are available from:

County of Los Angeles Department of Public Works
Cashier Office
900 South Fremont Avenue
Alhambra, CA 91803
Telephone (626) 458-6959

Contractor shall have a readily accessible copy of each publication in the service area at all times. As a minimum, Contractor shall implement the following BMPs in conjunction with all its sweeping activities:

NO.	MATERIAL MANAGEMENT
CD10 (2)	Material Delivery and Storage
CD11 (2)	Material Use
CD12 (2)	Spill Prevention and Control

NO.	WASTE MANAGEMENT
CD13 (2)	Solid Waste Management
CD14 (2)	Hazardous Waste Management
CD15 (2)	Contaminated Soil Management
CD16 (2)	Concrete Waste Management

NO.	VEHICLE AND EQUIPMENT MANAGEMENT
CD18(2)	Vehicle and Equipment Cleaning
CD19(2)	Vehicle and Equipment Fueling
CD20(2)	Vehicle and Equipment Maintenance

NO.	TRAINING
CD40	Employee/Subcontractor Training

NO.	PHYSICAL STABILIZATION
CD26A(2)	Soil Stabilizer/Dust Control

Additional BMPs may be required as a result of a change in the actual field conditions, Contractor activities, or construction operations. When more than one BMP is listed under each specific BMP category, Contractor shall select the appropriate and necessary number of BMPs within each category in order to achieve the BMP objective.

BMP for Contractor activities shall be continually implemented throughout the year. BMP for erosion control and sedimentation shall be implemented during the period from October 15 to April 15 and whenever the National Weather Service predicts rain within 24 hours. BMP for erosion control and sedimentation shall also be implemented prior to the commencement of any contractor activity

or operation which may produce runoff and whenever runoff from other sources may occur.

The County, as a permittee, is subject to enforcement actions by the State Water Resources Control Board, Environmental Protection Agency, and private citizens. Full compensation for the implementation of BMPs shall be considered as included in the Total Annual Proposed Price shown in Form PW-2, Schedule of Prices. Should Contractor fail to comply with any BMP, the County will suffer damages, including, but not limited to, having to bear the risk of delay and disruption of its street sweeping program. The amount of such damages is and will continue to be extremely difficult and impracticable to ascertain. Execution of this Contract shall constitute agreement by the County and Contractor that $1,000 per day is the minimum value of the cost and actual damage caused by Contractor's failure to fully implement any BMP, that such sum is liquidated damages and shall not be construed as a penalty and that such sums may be deducted from payments due to Contractor if such failure occurs. However, such liquidated damages do not include losses resulting from the imposition of fines and penalties and other enforcement actions by administrative agencies. The County may assess Contractor, as liquidated damages, $1,000 for each calendar day that Contractor has not fully implemented one or more of the BMPs specified for this Contract and/or is otherwise in noncompliance with these provisions. In addition, Contractor shall defend, indemnify, and hold harmless the County and its officers, employees, and agents from any fine, penalty, or enforcement action (including attorney fees, legal costs, and staff costs) imposed or brought by any person or entity on account of Contractor's alleged lack of compliance with these provisions or nonimplementation of the specified BMPs. The County may deduct, from the payment due to Contractor, amounts necessary to cover such fines and costs.

M. Work Schedule

A complete schedule of weekly sweeping shall be submitted to the Contract Manager for approval prior to any work being done under this Contract. The schedule shall include the Curb Miles and Paved Alley Miles of streets, alleys, and medians to be swept daily as well as the daily starting time.

Also, a route map shall be submitted as part of the schedule, showing streets, alleys, and medians to be swept each day by the Contractor. Contractor shall indicate the daily sweeping route on the maps in an appropriate and understandable manner that is acceptable to the Contract Manager. Changes in the schedule for the convenience of Contractor will require approval by the Contract Manager prior to being included in the weekly work.

The County reserves the right to require Contractor to sweep specific areas on specified days and at specified times of the day and to change any portions of an existing and established sweeping schedule at any time during the duration of this contract. The following guidelines shall be applicable:

1. Sweeping of streets that have posted parking restrictions specified for street sweeping shall only be swept during the posted days and hours.

2. Areas shall not be swept on the same day trash pickup is scheduled. Whenever feasible, sweeping shall be scheduled the day after trash pickup (one to two days after trash pickup for Valinda/Hacienda Heights only). Contractor shall be responsible for determining when trash pickups are scheduled.

3. Streets adjacent to schools and commercial developments shall be swept prior to 7 a.m. or such time as daily public activities start.

4. Streets adjacent to apartments, condominiums, or other areas where all night on street parking is prevalent shall be swept after 8 a.m.

5. Major highways shall not be swept during peak traffic hours.

6. Residential areas shall not be swept prior to 7 a.m. or after 3:30 p.m.

7. Street sweeping shall be scheduled such that both sides of a street are not swept in the same day, unless the Contract Manager directs otherwise.

Alternate Day Sweeping Schedule – Valinda/Hacienda Heights, Azusa/Covina/Claremont, and West Whittier only

Streets on this contract shall be swept on an "alternate day" sweeping schedule.

An alternate day schedule requires the Contractor to sweep the 2 sides of a street on 2 separate and consecutive days. For example, a curbed street may have one side swept on Mondays and the other side swept on Tuesdays. If one side of a street is swept on Fridays, the other side shall be swept on Mondays.

After receiving notification that the Contractor has been awarded this contract, said Contractor shall have 30 days to provide a finalized and working alternate day sweeping schedule to the Contract Manager.

N. Prosecution of Work

To minimize public inconvenience, Contractor shall diligently prosecute the work in the manner and at the times specified in this Exhibit A, Scope of Work, and shall at all times comply with the approved sweeping schedule. If, as determined

by the Contract Manager, Contractor fails to prosecute the work to the extent that the public may be inconvenienced, Contractor shall, upon orders from the Contract Manager, immediately resume diligent prosecution of the work. All cost of prosecuting the work as described herein shall be included in Contractor's Total Annual Proposed Price.

Should Contractor continue to fail to prosecute the work diligently after orders of the Contract Manager to do so, the Contract Manager may suspend the work in whole or in part until such time as the Contract Manager, in his or her sole discretion, determines that Contractor will resume diligent prosecution of the work. All expenses and losses incurred by Contractor as a result of such suspensions shall be borne by Contractor.

O. Inspection and Acceptance of the Work

Contractor shall implement a Contract Quality Control Plan as required under this Exhibit's paragraph W, Quality Control. Contractor shall routinely inspect the work to ensure compliance with the Plans and Specifications, approved schedules, and Contractor quality standards.

The Contract Manager may inspect the work to assure that the quality of street sweeping services is in compliance with Terms and Conditions of this Contract. The Contract Manager may inspect by sampling the quality of the work at up to 20 random locations immediately after they are scheduled to be swept.

A "location" is generally defined as an alley and/or side of any street between two adjacent streets, a cul-de-sac, and/or a dead-end street. A 5 percent deduction of payment for that day's sweeping mileage shall be assessed for each and every location that is not swept in accordance with these Specifications and Plans. Photos and documentation for all deficient locations will be provided to Contractor on the working day following the inspection for all deficient locations.

The Contract Manager will use the following general guidelines to determine if the street was swept properly:

1. No debris shall be in or on the street or gutter within 8 feet of the curb face. Debris includes, but is not limited to, trash, grass, leaves, soil, bottles, broken glass, rocks, and other refuse.

2. A trail of debris shall not be left along the street or gutter.

3. An inordinate amount of debris, which would indicate that the location had not been swept properly.

P. Suspension of Work

The work may be suspended in whole or in part when determined by the Contract Manager that the suspension is necessary in the interest of the County. Contractor shall comply immediately with any written order of the Contract Manager suspending work. Such suspension shall be without liability to Contractor on the part of the County except as otherwise specified in this Exhibit's paragraph Y, Additional Sweeping.

Q. Noncompliance with Plans and Specifications

Failure of Contractor to comply with any requirement of these Specifications and Plans, and to immediately remedy any such noncompliance upon notice from the Contract Manager, may result in suspension of this Contract's monthly payments. Any monthly payments so suspended shall remain in suspension until Contractor's operations are brought into compliance to the satisfaction of the Contract Manager. No additional compensation will be allowed as a result of suspension of the monthly payments due to noncompliance with these Specifications and Plans.

R. Contractor's Equipment Compliance with Laws and Regulations

1. Contractor shall fully comply with all applicable laws and regulations, including, but not limited to, all Air Quality Management District (AQMD) regulations. In particular, Contractor's equipment shall, at all times, be in full compliance with AQMD Rules 1186 and 1186.1 pertaining to street sweepers.

2. The street sweepers specified on the equipment list provided to Public Works and no others shall be used in the Contract work unless notice is given to Public Works and the substitution is approved by Public Works. The Contract Manager or a designee may inspect Contractor's vehicles employed in the Contract work at any time without notice.

3. In the event of mechanical breakdown of an alternate-fuel street sweeper, Contractor shall comply with AQMD Rule 430 in a timely fashion and shall make a timely application for an emergency permit under Rule 430 in order to ensure uninterrupted performance of this Contract. Contractor shall immediately provide to Public Works notice of any telephonic report and a copy of any written report or action plan presented to AQMD pursuant to Rule 430.

4. Contractor shall furnish and maintain in good and safe condition all equipment required for the proper execution of this Contract. The Contract Manager may reject any vehicle or piece of equipment not meeting these safety, maintenance, or regulatory requirements. For the

sweeping of curbed highways and streets, Contractor's equipment shall clean the streets as specified in this Exhibit's paragraph E, Standard of Performance.

5. Contractor shall provide sweeping equipment and disposal trucks, which shall be properly maintained both mechanically and in appearance. Contractor shall provide backup sweeping equipment adequate to ensure completion of scheduled work in the event of equipment breakdown, an area requires resweeping, or to provide any additional resweeping directed by the Contract Manager. All equipment shall be clearly marked with Contractor's name and vehicle number. Contractor's telephone number shall be prominently displayed on all equipment for purposes of identification.

6. The sweeper operator shall be furnished with a cellular phone or equivalent communication device that will allow the Contract Manager to make contact with the sweeper operator during sweeping operations. Contractor shall provide the Contract Manager with the information necessary to maintain contact with the sweeper operator during sweeping operations. The communication device shall be on and operating during sweeping operations.

S. Global Positioning System

1. Primary and backup sweepers shall be equipped with a Global Positioning System (GPS) capable of reporting real time data.

2. The GPS shall be Internet based (direct internet connection) or require additional software to access the GPS provider's data. If Internet based, Contractor shall provide Public Works with two accounts to access the GPS provider's Internet site. If additional software is required, Contractor shall provide software for installation on two Public Works computers.

3. The accounts shall be set up so that only Public Works and Contractor can view Public Works data.

4. Contractor shall pay for all costs related to the GPS, including hardware, software, activation fees, technical support, and monthly service charge fees. There is no separate bid item for the GPS.

5. The GPS shall be capable of gathering the following real time data: speed, direction, location (address), distance traveled, ignition on/off, brooms up/down, and water sprayer on/off.

6. The GPS shall be capable of tracking a sweeper's path with lines or dots superimposed on a map.

7. The minimum locate schedule (frequency of occurrence that GPS data is received from the sweeper) shall be every one minute when brooms are down.

8. The minimum locate schedule shall be every 15 minutes when brooms are up.

9. The GPS shall generate an e-mail alert when the following events occur:

   a. Sweeper exceeds 6 mph (8 mph for South and West Whittier) and brooms are down.

   b. One hour or more of nonmovement during weekdays, 6 a.m. to 4 p.m.

10. The GPS shall be capable of generating daily reports of sweeper activity that includes the following information: date, time, address, speed, direction, location (address), distance traveled, ignition on/off, brooms up/down, and water on/off.

11. Authorized Public Works employees can generate and print reports at any time.

12. All reports shall have the capability to be downloaded in other formats such as Microsoft Excel or Word.

13. Data shall be available for immediate downloading for a minimum of three months. After three months, data shall be backed up and be made available at Public Work's request.

T. Reports

In addition to other data filed with the County by Contractor, Contractor shall, on the second working day of each week, file a report with the Contract Manager enumerating the following information for the previous week:

1. Curb Miles and Paved Alley Miles swept each day.

2. Scheduled Curb Miles and Paved Alley Miles swept and areas missed.

3. When missed areas were swept.

4. Number of complaints received each day.

5. Reasons scheduled sweeping was not performed or completed as scheduled.

6. Waste tonnage summary and copies of waste disposal receipts.

U. Measurement

The basis of measurement and payment shall be by the Curb Mile for curbed streets and the Paved Alley Mile for paved alleys. On streets and highways, Curb Miles shall be measured toward the center of the rights of way from and parallel to the curb face. Measurement of medians will be continual and no deduction will be made for left-turn pockets or intersecting streets.

Additional sweeping of streets, as defined in this Exhibit's paragraph Y, Additional Sweeping, that require the total width of the street to be swept shall be measured on the basis of the width of street in feet divided by five to determine the Curb Miles per mile of length.

The following applies to Valinda/Hacienda Heights, Azusa/Covina/Claremont, and West Whittier only.

The Contractor is required to design an approved weekly "alternate day" sweeping schedule. There is no separate bid item for creating this schedule.

V. Contractor's Representative

Before starting the work, Contractor shall designate, in writing, a representative who shall have complete authority to act for it. An alternate representative may be designated. Any order or communication given to this representative shall be deemed delivered to Contractor. A joint venture or partnership shall designate only one representative and alternate. In the absence of Contractor or its designated representative, necessary or desirable directions or instruction may be given by the Contract Manager to the superintendent or person having charge of the specific work to which the order applies. Such order shall be complied with promptly and referred to Contractor or its representative.

In order to communicate with the County, Contractor's representative, superintendent, or person having charge of specific work shall be able to speak, read, and write the English language.

W. Quality Control

Contractor shall be responsible for implementing procedures for ensuring that street sweeping services are provided in strict compliance with the Plans, Specifications, and approved schedule of services.

Contractor shall designate in writing a Quality Control representative and an alternate Quality Control representative who are responsible for implementing, monitoring, controlling, and reporting on the quality of work.

It is recommended that Contractor's Quality Control representatives be separate and distinct from Contractor's project manager or general superintendent, and the Contractor's Quality Control procedures establish a separate system for recording, reporting, and resolving quality control issues.

Within ten days of contract award, Contractor shall submit to the County a Contract Quality Control Plan for review and approval by the Contract Manager. This plan will include, as a minimum, the names and telephone numbers of Contractor's Quality Control representatives; a description of the roles and responsibilities for quality control; the system for monitoring, reporting on, resolving quality control issues; and checklists or other documentation in support of Contractor's Quality Control function.

X. Plans and Specifications

Included as part of this Contract are Plan sheets (Exhibits E.1 through E.4) showing the locations of streets and alleys included in this service area.

The Plans, these Specifications, and other contract documents shall govern the work. These Contract documents are intended to be complementary and cooperative and to describe and provide for a complete service. Anything in the Specifications and not on the Plans, or on the Plans and not in the Specifications, shall be as though shown or mentioned in both.

While it is believed that much of the information pertaining to conditions, which may affect the cost of the work, will be shown on the Plans or indicated in the Specifications, the County does not warrant the completeness or accuracy of such information. Contractor shall ascertain the existence of any conditions affecting the cost of the work, which would have been disclosed by reasonable examination of the site. Contractor shall, upon discovering any error or omission in the Plans or Specifications, immediately call it to the attention of the Contract Manager.

Y. Additional Sweeping

Contractor shall provide additional sweeping of any street(s) and alley(s) within the area shown on the Plans at any time when ordered by the Contract Manager.

Contractor will be compensated for each additional sweeping at the Contract's Unit Price per Curb Mile or Paved Alley Mile, as appropriate. The method of payment will be determined by the Contract Manager.

The need for additional sweeping may be because of storm, fire, flood, parade, public gathering, riot, or other natural or unanticipated occurrence affecting the cleanliness of the streets. The additional sweeping may be in lieu of or in addition to the regularly scheduled sweeping as ordered by the Contract Manager.

Additional sweeping will normally be confined to sweeping the curb lane. However, if additional sweeping requires the total width of the street(s) to be swept, then compensation will be at the Contract's Unit Price per Curb Mile as defined in this Exhibit's paragraph U, Measurement. All sweeping shall be done with sufficient passes to achieve the results described in this Exhibit's paragraph E, Standard of Performance.

Compensation for extra sweeping will be for a minimum of 16 Curb Miles with no allowance for travel time under one of the following circumstances: a) the sweeper shall return to the area after having left when regular sweeping was completed; b) the extra sweeping is on a day when no regular sweeping is scheduled; or c) an additional sweeper must be brought to the area.

Notwithstanding the above, the County has the option on additional sweeps to compensate Contractor on an hourly basis where it is difficult to determine Curb Miles swept in a nonroutine manner. In these cases, the hourly rate paid by the County to Contractor shall be equal to four times the Contract's Unit Price per Curb Mile. Minimum payment will be equivalent to payment for 16 Curb Miles.

Z. Changes Resulting from Schedule Disruption

During this Contract period, Contractor shall sweep the designated public streets and alleys at least once each week, including all curbed medians, in accordance with a schedule to be approved by the Contract Manager. When, in the opinion of the Contract Manager, inclement weather prevents adherence to the regular sweeping schedule for two days or less in a given week, the Contract Manager may require the sweeping areas so affected to be swept prior to the next sweeping schedule.

Any such required sweeping made necessary by inclement weather shall meet the requirements of this Exhibit's paragraph E, Standard of Performance, and shall be performed by Contractor at the Contract's Unit Price per Curb Mile and will not be considered additional sweeping as defined in this Exhibit's paragraph Y, Additional Sweeping.

When any holiday or observance as specified in the Government Code of the State of California occurs on a regular scheduled sweeping day, and said

sweeping area is not swept in observance of said holiday, the subject sweeping area shall when ordered by the Contract Manager be swept within two working days of the regularly scheduled sweeping day without interruption of the regular sweeping schedule. Any such requested sweeping shall meet the requirements of this Exhibit's paragraph E, Standard of Performance, and shall be performed by Contractor at the Contract Unit Price per Curb Mile and shall not be considered additional sweeping.

In the event Contractor is prevented from completing the sweeping as provided in the approved schedule because of reasons other than inclement weather or holidays, Contractor shall be required to complete the deferred sweeping services within two calendar days without interruption in the regular sweeping schedule.

AA. Changes Resulting from Added or Deleted Streets

It is the intent of this Contract to provide for the weekly sweeping of all curbed streets (including curbed medians) and paved alleys within the unincorporated area shown on the Plans (Exhibits E.1 through E.4). As streets and alleys are improved, they will be added to the weekly sweeping schedule. Compensation to Contractor will be based on the Curb Miles added multiplied by the Contract's appropriate Unit Price.

Streets and alleys initially included in the schedule that are vacated by order of the Board will be deleted from the weekly schedule and the affected Curb Mileage deducted from this Contract's quantities.

Additions and/or deletions of Curb Mileage may affect the approved schedule and appropriate adjustments will be allowed subject to approval by the Contract Manager.

BB. City Incorporation

In the event any areas to be swept under this Contract attain incorporation as a City, Contractor shall continue to sweep the streets and alleys shown on the contract plans at the Contract's Unit Price per Curb Mile until the termination date of this Contract or as directed by the County. The County may direct Contractor to delete streets within the incorporated area from its weekly sweeping schedule prior to the expiration date of this Contract. The Curb Mileage of the streets and alleys within the incorporated area that are deleted from Contractor's weekly sweeping schedule will be deducted from the Contract quantities. The County may, at the request of Contractor, review this Contract if the incorporation severely affects Contractor's weekly sweeping schedule.

CC. Changed Conditions

Contractor shall notify the Contract Manager in writing of any changed conditions promptly upon their discovery. The Contract Manager will promptly investigate conditions which appear to be changed conditions. If the Contract Manager determines that the conditions are changed conditions and they will materially increase or decrease the costs of any portion of the work, a Change Order will be issued adjusting the compensation for such portion of the work. The compensation will be based on the appropriate Unit Price reflected in Form PW-2, Schedule of Prices.

If the Contract Manager determines that the conditions of which it has been notified by Contractor do not justify an adjustment in compensation, Contractor will be notified in writing.

DD. Communications and Public Relations

Contractor shall provide a telephone answering service, toll free to residents of the area to be swept under this Contract and the County Road Maintenance Division District office responsible for the area, from 7:30 a.m. to 4:30 p.m., Monday through Friday, except on legal holidays. The answering service shall have the capability of contacting sweepers by radio or paging equipment for the purpose of relaying instructions from the Contract Manager and to receive citizen complaints.

The telephone number shall be listed in the telephone directory for the area and shall be listed by Contractor's commonly known name. All public complaints concerning street sweeping shall be investigated by Contractor. Complaints brought to Contractor's attention prior to 3 p.m. shall be investigated that day. Those brought to Contractor's attention after 3 p.m. shall be investigated before noon of the following day.

A complaint form shall be filled out for each complaint referred to or received by Contractor. The form, which must be approved by the Contract Manager, shall be filed with the County on the first working day following the day the complaint was received. Contractor shall report what actions were necessary to resolve each complaint.

EE. Special Safety Requirements

All Contractor operators shall be expected to observe all applicable Cal/OSHA and Public Works safety requirements while performing this requested work. Suitable clothing, gloves, and shoes that meet Cal/OSHA requirements are required.

FF. Project Site Safety

Contractor shall be solely responsible for ensuring that all work performed under this Contract is performed in strict compliance with all applicable Federal, State, and local occupational safety regulations. Contractor shall provide at its expense all safeguards, safety devices, and protective equipment shall take any and all actions appropriate to providing a safe service area.

GG. Project Safety Official

Contractor shall designate in writing a Project Safety Official who shall be thoroughly familiar with Contractor's Injury and Illness Prevention Program and Code of Safe Practices. Contractor's Project Safety Official shall be available at all times to abate any potential safety hazards and shall have the authority and responsibility to shut down an operation, if necessary. Failure by Contractor to provide the required Project Safety Official shall be grounds for the County to direct the cessation of all work activities and operations at no cost to the County until such time as Contractor is in compliance.

In the event of such termination, County shall be entitled to pursue the same remedies against the Contractor as it could pursue in the event of default of the Contractor.

U. Subcontracting

1. No performance of this Contract or any portion thereof may be subcontracted by the Contractor without the express written consent of the Director, at the Director's sole and absolute discretion. X. Record Retention and Inspection/Audit Settlement

The Contractor shall maintain accurate and complete financial records of its activities and operations relating to this Contract in accordance with generally accepted accounting principles. The Contractor shall also maintain accurate and complete employment and other records relating to its performance of this Contract. The Contractor agrees that the County, or its authorized representatives, shall have access to and the right to examine, audit, excerpt, copy, or transcribe any pertinent transaction, activity, or record relating to this Contract. All such material, including, but not limited to, all financial records, bank statements, cancelled checks, other proof of payment, timecards, sign-in/sign-out sheets, other time and employment records, and proprietary data and information, shall be kept and maintained by the Contractor and shall be made available to the County during the term of this Contract and for a period of five years thereafter unless the County's written permission is given to dispose of any such material prior to such time. All such material shall be maintained by the Contractor at a location in the County, provided that if any such material is located outside the County, then, at the County's option, the Contractor shall pay the County for travel, per diem, and other costs incurred by the County to examine, audit, excerpt, copy, or transcribe such material at such other location.

1. In the event that an audit of the Contractor is conducted specifically regarding this Contract by any Federal or State auditor, or by any auditor or accountant employed by the Contractor or otherwise, then the Contractor shall file a copy of such audit report with the County's Auditor-Controller within 30 days of the Contractor's receipt thereof, unless otherwise provided by applicable Federal or State law or under this Contract. The County shall make a reasonable effort to maintain the confidentiality of such audit report(s).

2. Failure on the part of the Contractor to comply with any of the provisions of this paragraph X shall constitute a material breach of this Contract upon which the County may terminate or suspend this Contract.

3. If, at any time during the term of this Contract or within five years after the expiration or termination of this Contract, representatives of the County conduct an audit of the Contractor regarding the work performed under this Contract, and if such audit finds that the County's dollar liability for any such work is less than payments made by the County to the Contractor, then the difference shall be either: a) repaid by the Contractor to the County by cash payment upon demand or b) at the sole option of the County's Auditor-Controller, deducted from any amounts due to the Contractor from the County, whether under this Contract or otherwise. If such audit finds

that the County's dollar liability for such work is more than the payments made by the County to the Contractor, then the difference shall be paid to the Contractor by the County by cash payment, provided that in no event shall the County's maximum obligation for this Contract exceed the funds appropriated by the County for the purpose of this Contract.

4. In addition to the above, the Contractor agrees, should the County or its authorized representatives determine, in its sole discretion, that it is necessary or appropriate to review a broader scope of the Contractor's records (including, certain records related to non-County contracts) to enable the County to evaluate the Contractor's compliance with the County's Living Wage Program, that the Contractor shall promptly and without delay provide to the County, upon the written request of the County or its authorized representatives, access to and the right to examine, audit, excerpt, copy, or transcribe any and all transactions, activities, or records relating to any of its employees who have provided services to the County under this Contract, including without limitation, records relating to work performed by said employees on the Contractor's non-County contracts. The Contractor further acknowledges that the foregoing requirement in this subsection X.4 relative to Contractor's employees who have provided services to the County under this Contract is for the purpose of enabling the County in its discretion to verify the Contractor's full compliance with and adherence to California labor laws and the County's Living Wage Program. All such materials and information, including, but not limited to, all financial records, bank statements, cancelled checks or other proof of payment, timecards, sign-in/sign-out sheets, other time and employment records, and proprietary data and information shall be kept and maintained by the Contractor and shall be made available to the County during the term of this Contract and for a period of five years thereafter unless the County's written permission is given to dispose of any such materials and information prior to such time. All such materials and information shall be maintained by the Contractor at a location in the County, provided that if any such materials and information is located outside the County, then, at the County's option, the Contractor shall pay the County for travel, per diem, and other costs incurred by the County to examine, audit, excerpt, copy, or transcribe such materials and information at such other location.

Y. Validity

If any portion, provision, or part of this Contract is held, determined or adjudicated to be invalid, unenforceable, or void for any reason whatsoever, each such portion, provision, or part shall be severed from the remaining portions, provisions, or parts of this Contract, and (to the extent allowed by law) shall not affect the validity or enforceability of such remaining portions, provisions, or parts.

Z. Waiver

No waiver by the County of any breach of any provision of this Contract shall constitute a waiver of any other breach of such provision. Failure of the County to enforce at anytime, or from time to time, any provision of this Contract shall not be construed as a waiver thereof. The rights and remedies set forth in this paragraph shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

AA. Default and Termination

1. Default

a. The County may, subject to the provisions of subsection c (pertaining to defaults of subcontractors) below, by written notice of default to the Contractor, terminate the whole or any part of this Contract in any one of the following circumstances:

i. If the Contractor has materially breached this Contract; or

ii. If the Contractor fails to perform the work within the time specified herein or any extension thereof; or

iii. If the Contractor fails to perform any of the other provisions of this Contract or so fails to make progress as to endanger performance of this Contract in accordance with its terms, and in either of these two circumstances does not cure such failure within a period of five working days (or such longer period as the County may authorize in writing) after receipt of notice from the County specifying such failure.

b. In the event the County terminates this Contract in whole or in part pursuant to this subsection, the County may procure, upon such terms and in such manner as the County may deem appropriate, goods and services similar to those so terminated, and the Contractor shall be liable to the County for any excess costs for such similar goods and services, provided that the Contractor shall continue the performance of this Contract to the extent not terminated under the provisions of this clause.

c. Except with respect to defaults of subcontractors, the Contractor shall not be liable for any excess costs if the failure to perform this Contract arises out of causes beyond the control and without the fault or negligence of the Contractor. Such causes may include, but are not restricted to, acts of God or of the public enemy, acts of the County in either its sovereign or contractual capacity, acts of the Federal or State government in its sovereign capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight

embargoes, and unusually severe weather; but in every case, the failure to perform must be beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a subcontractor, and if such default arises out of causes beyond the control of both the Contractor and subcontractor, and without the negligence of either of them, the Contractor shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery schedule.

d. If, after Notice of Termination of this Contract under the provisions of this clause, it is determined for any reason that the Contractor was not in default under the provisions of this clause or the default was excusable under the provisions of this clause, the rights and obligations of the parties shall be the same as if the Notice of Termination had been issued pursuant to this Exhibit's Section 2.AA.3, Termination for Convenience.

e. The rights and remedies of the County provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

f. As used herein, the terms "subcontractor" and "subcontractors" mean persons, companies, corporations, or other organizations furnishings supplies, services of any nature, equipment, or materials to Contractor, at any tier, under oral or written agreement.

b. The filing of a voluntary petition to have the Contractor declared bankrupt.

c. The appointment of a Receiver or Trustee for the Contractor.

3. Termination for Convenience

It is not the intent of the County to terminate this Contract before the completion of all items except for sound business reasons of which the County shall be the sole judge; however, and notwithstanding:

a. The County may at any time terminate this Contract, or any portion thereof, without liability (except as hereinafter provided) by delivering to the Contractor written notice specifying the desired termination date at least 30 days in advance thereof.

b. If this Contract is terminated, the Contractor shall, within 30 days of the Notice of Termination, complete those items of work which are in various stages of completion, which the Director determines are necessary to bring the work to a timely, logical, and orderly end. Reports, samples, and other materials prepared by the Contractor under this Contract shall be delivered to the County upon request and shall become the property of the County.

4. Termination for Breach of Warranty to Maintain Compliance with County's Child Support Requirements

Failure of the Contractor to maintain compliance with the requirements set forth in this Exhibit's Section 2.F, "Contractor's Warranty of Adherence to County's Child Support Compliance Program" shall constitute a default by the Contractor under this Contract. Without limiting the rights and remedies available to the County under any other provision of this Contract, failure to cure such default within 90 calendar days of notice by the Los Angeles County Child Support Services Department shall be grounds upon which the Board may terminate this Contract pursuant to Paragraph AA.1 "Default," of this Section 2, and debar the Contractor pursuant to County Code Chapter 2.202.

P.O. Box 1460
Alhambra, CA 91802-1460

In the event of suspension or termination of this Contract, notices may also be given upon personal delivery to any person whose actual knowledge of such suspension or termination would be sufficient notice to the Contractor. Actual knowledge of such suspension or termination by an individual Contractor or by a copartner, if the Contractor is a partnership; or by the president, vice president, secretary, or general manager, if the Contractor is a corporation; or by the managing agent regularly in charge of the work on behalf of said Contractor shall in any case be sufficient notice.

CC. Changes and Amendments of Terms

The County reserves the right to change any portion of the work required under this Contract, or amend such terms and conditions which may become necessary. Any such revisions shall be accomplished in the following manner:

1. For any change which does not materially affect the scope of work, period of performance, payments, or any material term or condition included in this Contract, a Change Notice shall be prepared and signed by the Director and Contractor.

3. To the extent that extensions of time for Contractor performance do not impact either scope or cost of this Contract, Public Works may, at its sole discretion, grant the Contractor extensions of time provided; however, the aggregate of all such extensions during the life of this Contract shall not exceed 60 days.

4. The Board or the County's Chief Administrative Officer may require the addition and/or change of certain contract terms and conditions during the term of this Contract. The County reserves the right to add and/or change such provisions as required by the Board or the Chief Administrative Officer. To implement such changes, an amendment or change order will be prepared by Public Works for execution by the Contractor and the Director.

(County Code Chapter 2.202)

FF. Budget Reduction

The County reserves the right to renegotiate the terms of this Contract to reduce the Contractor's compensation in the event such reduction is necessary, in the sole discretion of the County, to achieve County budget reductions. D. General Insurance Requirements

1. Without limiting the Contractor's indemnification of the County and during the term of this Contract, the Contractor shall provide and maintain, and shall require all of its subcontractors to maintain, the following programs of insurance specified in this Contract. Such insurance shall be primary to and not contributing with any other insurance or self-insurance programs maintained by the County, and such coverage shall be provided and maintained at the Contractor's own expense.

2. Evidence of Insurance - Certificate(s) or other evidence of coverage satisfactory to the County shall be delivered to Administrative Services Division, P.O. Box 1460, Alhambra, California 91802-1460, prior to commencing work under this Contract. Such certificates or other evidence shall:

   d. Include copies of the additional insured endorsement to the commercial general liability and automobile policies, adding the County, its Special Districts, officials, officers, and employees as insureds for all activities arising from this Contract.

   e. Identify any deductibles or self-insured retentions for the County's approval. The County retains the right to require the Contractor to reduce or eliminate such deductibles or self-insurance retentions as they apply to the County or require the Contractor to provide a bond guaranteeing payment of all such retained losses and related costs, including, but not limited to, expenses or fees, or both, related to investigations, claims administrations, and legal defense. Such bond shall be executed by a corporate surety licensed to transact business in the State of California.

3. Insurer Financial Rating - Insurance is to be provided by an insurance company acceptable to the County with an A. M. Best rating of not less than A:VII, unless otherwise approved by the County.

4. Failure to Maintain Coverage - Failure by the Contractor to maintain the required insurance, or to provide evidence of insurance coverage acceptable to the County, shall constitute a material breach of contract upon which the County may immediately terminate or suspend the Contract. The County, at its sole option, may obtain damages from the Contractor resulting from said breach. Alternatively, the County may purchase such required insurance coverage, and without further notice to the Contractor, the County may deduct from sums due to the Contractor any premium costs advanced by the County for such insurance.

5. Notification of Incidents, Claims, or Suits - The Contractor shall report to the County's Contract Manager:

   a. Any accident or incident relating to work performed under the Contract which involves injury or property damage which may result in the filing of a claim or lawsuit against the Contractor and/or the County. Such report shall be made in writing within 24 hours of occurrence.

   b. Any third-party claim or lawsuit filed against the Contractor arising from or related to work performed by the Contractor under this Contract.

   c. Any injury to a Contractor's employee which occurs on County property. This report shall be submitted on a County "Non-employee Injury Report."

   d. Any loss, disappearance, destruction, misuse, or theft of any kind whatsoever of County property, monies, or securities entrusted to the Contractor under the terms of this Contract.

E. Compensation for County Costs

In the event that the Contractor fails to comply with any of the indemnification or insurance requirements of this Contract, and such failure to comply results in any costs to the County, the Contractor shall pay full compensation for all costs incurred by the County.

F. Insurance Coverage Requirements for Subcontractors

The Contractor shall ensure any and all subcontractors performing services under this Contract meet the insurance requirements of this Contract by either:

1. Contractor providing evidence of insurance covering the activities of subcontractor; or

2. Contractor providing evidence submitted by subcontractors evidencing that subcontractors maintain the required insurance coverage. The County retains the right to obtain copies of evidence of subcontractor insurance coverage at any time.

G. Insurance Coverage Requirements

1. General Liability insurance (written on ISO policy form CG 00 01 or its equivalent) with limits of not less than the following (can be met by a combination of primary and excess insurance coverage):

a.	General Aggregate:	$2 million
b.	Products/Completed Operations Aggregate:	$1 million
c.	Personal and Advertising Injury:	$1 million
d.	Each Occurrence:	$1 million

2. Automobile Liability insurance (written on ISO policy form CA 00 01 or its equivalent) with a limit of liability of not less than $1 million for each accident. Such insurance shall include coverage for all "owned," "nonowned," and "hired" vehicles, or coverage for "any auto." (Can be met by a combination of primary and excess insurance coverage).

3. Workers' Compensation and Employers' Liability insurance providing Workers' Compensation benefits, as required by the Labor Code of the State of California, or by any other State for which the Contractor is responsible. If the Contractor's employees will be engaged in maritime employment, coverage shall provide Workers' Compensation benefits as required by the U.S. Longshore and Harbor Workers' Compensation Act, Jones Act, or any other Federal law for which the Contractor is responsible.

4. In all cases, the above insurance also shall include Employers' Liability coverage with limits of not less than the following:

a.	Each Accident:	$1 million
b.	Disease - policy limit:	$1 million
c.	Disease - each employee:	$1 million

5. As a condition precedent to its performance pursuant to this Contract, the Contractor, by and through its execution of this Contract, certifies that it is aware of, and understands, the provisions of Section 3700 of the

Labor Code, which requires every employer to be insured against liability of Workers' Compensation or to undertake self-insurance in accordance with those provisions before commencing the performance of work under this Contract, and agrees to fully comply with said provisions.

SECTION 5

CONTRACTOR RESPONSIBILITY AND DEBARMENT

A. A responsible Contractor is a Contractor who has demonstrated the attribute of trustworthiness as well as quality, fitness, capacity, and experience to satisfactorily perform the contract. It is the County's policy to conduct business only with responsible contractors.

B. The Contractor is hereby notified that, in accordance with Chapter 2.202 of the County Code, if the County acquires information concerning the performance of the Contractor on this or other contracts which indicates that the Contractor is not responsible, the County may, in addition to other remedies provided in the Contract, debar the Contractor from bidding or proposing on, or being awarded, and/or performing work on County contracts for a specified period of time, which generally will not exceed five years but may exceed five years or be permanent if warranted by the circumstances, and terminate any or all existing contracts the Contractor may have with the County.

C. The County may debar a contractor if the Board finds, in its discretion, that the Contractor has done any of the following: (1) violated any term of a contract with the County or a nonprofit corporation created by the County; (2) committed any act or omission which negatively reflects on the Contractor's quality, fitness, or capacity to perform a contract with the County, any other public entity, or a nonprofit corporation created by the County, or engaged in a pattern or practice which negatively reflects on same; (3) committed an act or offense which indicates a lack of business integrity or business honesty; or (4) made or submitted a false claim against the County or any other public entity.

D. If there is evidence that the Contractor may be subject to debarment, Public Works will notify the Contractor in writing of the evidence, which is the basis for the proposed debarment and will advise the Contractor of the scheduled date for a debarment hearing before the Contractor Hearing Board.

E. The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Contractor and/or the Contractor's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, the Contractor Hearing Board will prepare a proposed decision, which shall contain a recommendation regarding whether the Contractor should be debarred, and, if so, the appropriate length of time of the debarment. The Contractor and Public Works shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board.

F. After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision, and any other recommendation of the Contractor Hearing Board shall be presented to the Board. The Board shall have

the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.

G. If a contractor has been debarred for a period longer than five years, that contractor may, after the debarment has been in effect for at least five years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. The County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that the contractor has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership or management; (3) material evidence discovered after debarment was imposed; or (4) any other reason that is in the best interests of the County.

H. The Contractor Hearing Board will consider a request for review of a debarment determination only where (1) the Contractor has been debarred for a period longer than five years; (2) the debarment has been in effect for at least five years; and (3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, the Contractor Hearing Board will provide notice of the hearing on the request. At the hearing, the Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by the Contractor Hearing Board pursuant to the same procedure as for a debarment hearing.

The Contractor Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing Board shall present its proposed decision and recommendation to the Board. The Board shall have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.

I. These terms shall also apply to subcontractors of the Contractor.

SECTION 6

CONTRACTOR EMPLOYEE JURY SERVICE PROGRAM

A. Contract Subject to Jury Service Program

This Contract is subject to the provisions of the County's ordinance entitled Contractor Employee Jury Service (Jury Service Program) as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code.

B. Written Employee Jury Service Policy

1. Unless the Contractor has demonstrated to the County's satisfaction either that the Contractor is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of the County Code) or that the Contractor qualifies for an exception to the Jury Service Program (Section 2.203.070 of the County Code), the Contractor shall have and adhere to a written policy that provides that its employees shall receive from the Contractor, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that employee deposit any fees received for such jury service with the Contractor or that the Contractor deducts from the employee's regular pay the fees received for jury service.

2. For purposes of this Section, "Contractor" means a person, partnership, corporation, or other entity, which has a contract with the County or a subcontract with a County contractor and has received or will receive an aggregate sum of $50,000 or more in any 12-month period under one or more County contracts or subcontracts. "Employee" means any California resident who is a full-time employee of the Contractor. "Full-time" means 40 hours or more worked per week, or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by the County, or 2) Contractor has a long-standing practice that defines the lesser number of hours as full-time. Full-time employees providing short-term, temporary services of 90 days or less within a 12-month period are not considered full-time for purposes of the Jury Service Program. If the Contractor uses any subcontractor to perform services for the County under this Contract, the subcontractor shall also be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract agreement and a copy of the Jury Service Program shall be attached to the agreement.

3. If the Contractor is not required to comply with the Jury Service Program when this Contract commences, the Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and the Contractor shall immediately notify the County if the Contractor at any time either comes within the Jury Service Program's definition of "Contractor" or if the Contractor no longer qualifies for an

exception to the Program. In either event, the Contractor shall immediately implement a written policy consistent with the Jury Service Program. The County may also require, at any time during this Contract and at its sole discretion, that the Contractor demonstrate to the County's satisfaction that the Contractor either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that the Contractor continues to qualify for an exception to the Program.

4. The Contractor's violation of this Section of the Contract may constitute a material breach of the Contract. In the event of such material breach, the County may, in its sole discretion, terminate this Contract and/or bar the Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach.

SECTION 7

LOCAL SMALL BUSINESS ENTERPRISE PREFERENCE PROGRAM

A. This Contract is subject to the provisions of the County's ordinance entitled Local Small Business Enterprise Preference Program, as codified in Chapter 2.204 of the Los Angeles County Code.

B. The Contractor shall not knowingly and with the intent to defraud, fraudulently obtain, retain, attempt to obtain or retain, or aid another in fraudulently obtaining or retaining or attempting to obtain or retain certification as a Local Small Business Enterprise.

C. The Contractor shall not willfully and knowingly make a false statement with the intent to defraud, whether by affidavit, report, or other representation, to a County official or employee for the purpose of influencing the certification or denial of certification of any entity as a Local Small Business Enterprise.

D. If the Contractor has obtained County certification as a Local Small Business Enterprise by reason of having furnished incorrect supporting information or by reason of having withheld information, and which knew, or should have known, the information furnished was incorrect or the information withheld was relevant to its request for certification, and which by reason of such certification has been awarded this Contract to which it would not otherwise have been entitled, shall:

1. Pay to the County any difference between the contract amount and what the County's costs would have been if the contract had been properly awarded;

2. In addition to the amount described in subdivision (1), be assessed a penalty in an amount of not more than 10 percent of the amount of the contract; and

3. Be subject to the provisions of Chapter 2.202 of the Los Angeles County Code (Determinations of Contractor Nonresponsibility and Contractor Debarment).

E. The above penalties shall also apply if the Contractor is no longer eligible for certification as a result of a change of its status and the Contractor failed to notify the State and the County's Office of Affirmative Action Compliance of this information.

SECTION 8

SAFELY SURRENDERED BABY LAW PROGRAM

A. Notice to Employees Regarding the Safely Surrendered Baby Law

The Contractor shall notify and provide to its employees, and shall require each subcontractor to notify and provide to its employees, a fact sheet regarding the Safely Surrendered Baby Law, its implementation in Los Angeles County, and how to safely surrender a baby. The fact sheet is set forth in Exhibit D of this Contract and is also available on the Internet at www.babysafela.org for printing purposes.

B. Contractor's Acknowledgment of County's Commitment to the Safely Surrendered Baby Law

The Contractor acknowledges that the County places a high priority on the implementation of the Safely Surrendered Baby Law. The Contractor understands that it is the County's policy to encourage all County contractors to voluntarily post the County's "Safely Surrendered Baby Law" poster in a prominent position at the Contractor's place of business. The Contractor will also encourage its subcontractors, if any, to post this poster in a prominent position in the subcontractor's place of business. The County's Department of Children and Family Services will supply the Contractor with the poster to be used.

SECTION 9

COMPLIANCE WITH LIVING WAGE PROGRAM

A. Living Wage Program

This Contract is subject to the provisions of the County's ordinance entitled Living Wage Program as codified in Sections 2.201.010 through 2.201.100 of the Los Angeles County Code, a copy of which is attached hereto as Form LW-1 and incorporated by reference into and made a part of this Contract.

B. Payment of Living Wage Rates

1. Unless Contractor has demonstrated to the County's satisfaction either that Contractor is not an "employer" as defined under the Program (Section 2.201.020 of the County Code) or that Contractor qualifies for an exception to the Living Wage Program (Section 2.201.090 of the County Code), Contractor shall pay its employees no less than the applicable hourly living wage rate, as set forth immediately below, for the employees' services provided to the County, including, without limitation, "travel time" as defined below in subsection 5 of this Section 9.B under this Contract:

   a. Not less than $11.84 per hour if, in addition to the per-hour wage, Contractor contributes less than $2.20 per hour towards the provision of bona fide health care benefits for its employees and any dependents; or

   b. Not less than $9.64 per hour if, in addition to the per-hour wage, Contractor contributes at least $2.20 per hour towards the provision of bona fide health care benefits for its employees and any dependents. Contractor will be deemed to have contributed $2.20 per hour towards the provision of bona fide health care benefits if the benefits are provided through the County Department of Health Services Community Health Plan. If, at any time during this Contract, Contractor contributes less than $2.20 per hour towards the provision of bona fide health care benefits, Contractor shall be required to pay its employees the higher hourly living wage rate.

2. For purposes of this Section, "Contractor" includes any subcontractor engaged by Contractor to perform services for the County under this Contract. If Contractor uses any subcontractor to perform services for the County under this Contract, the subcontractor shall be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract agreement and a copy of the Living Wage Program shall be attached to the agreement. "Employee" means any individual who is an employee of Contractor under the laws of California, and who is providing full-time services to Contractor, some or all of which

are provided to the County under this Contract. "Full-time" means a minimum of 40 hours worked per week, or a lesser number of hours, if the lesser number is a recognized industry standard and is approved as such by the County; however, fewer than 35 hours worked per week will not, in any event, be considered full-time.

3. If Contractor is required to pay a living wage when this Contract commences, Contractor shall continue to pay a living wage for the entire term of this Contract, including any option period.

4. If Contractor is not required to pay a living wage when this Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exemption status" from the living wage requirement. Contractor shall immediately notify County if Contractor at any time either comes within the Living Wage Program's definition of "employer", or if Contractor no longer qualifies for an exception to the Living Wage Program. In either event, Contractor shall immediately be required to commence paying the living wage and shall be obligated to pay the living wage for the remaining term of this Contract, including any option period. The County may also require, at any time during this Contract and at its sole discretion, that Contractor demonstrate to the County's satisfaction that Contractor either continues to remain outside of the Living Wage Program's definition of "employer" and/or that Contractor continues to qualify for an exception to the Living Wage Program. Unless Contractor satisfies this requirement within the time frame permitted by the County, Contractor shall immediately be required to pay the living wage for the remaining term of this Contract, including any option period.

5. For purposes of the Contractor's obligation to pay its employees the applicable hourly living wage rate under this Contract, "travel time" shall have the following two meanings, as applicable: 1) with respect to travel by an employee that is undertaken in connection with this Contract, travel time shall mean any period during which an employee physically travels to or from a County facility if the Contractor pays the employee any amount for that time or if California law requires the Contractor to pay the employee any amount for that time; and 2) with respect to travel by an employee between County facilities that are subject to two different contracts between the Contractor and the County (of which both contracts are subject to the Living Wage Program), travel time shall mean any period during which an employee physically travels to or from, or between such County facilities if the Contractor pays the employee any amount for that time or if California law requires the Contractor to pay the employee any amount for that time.

C. Contractor's Submittal of Certified Monitoring Reports

1. Contractor shall submit to the County certified monitoring reports at a frequency instructed by the County. The certified monitoring reports shall list

all of Contractor's employees during the reporting period. The certified monitoring reports shall also verify the number of hours worked, the hourly wage rate paid, and the amount paid by Contractor for health benefits, if any, for each of its employees. The certified monitoring reports shall also state the name and identification number of Contractor's current health care benefits plan, and Contractor's portion of the premiums paid as well as the portion paid by each employee. All certified monitoring reports shall be submitted on forms provided by the County, or any other form approved by the County which contains the above information. The County reserves the right to request any additional information it may deem necessary. If the County requests additional information, Contractor shall promptly provide such information. Contractor, through one of its officers, shall certify under penalty of perjury that the information contained in each certified monitoring report is true and accurate.

D. Contractor's Ongoing Obligation to Report Labor Law/Payroll Violations and Claims

During the term of this Contract, if the Contractor becomes aware of any labor law/payroll violations or any complaint, investigation, or proceeding ("claim") concerning any alleged labor law/payroll violation (including, but not limited to, any violation or claim pertaining to wages, hours, and working conditions such as minimum wage, prevailing wage, living wage, the Fair Labor Standards Act, employment of minors, or unlawful employment discrimination), the Contractor shall immediately inform the County of any pertinent facts known by the Contractor regarding the same. This disclosure obligation is not limited to any labor law/payroll violation or claim arising out of the Contractor's contract with the County, but instead applies to any labor law/payroll violation or claim arising out of any of the Contractor's operation in California.

E. County Auditing of Contractor Records

1. Upon a minimum of 24 hours' written notice, the County may audit, at Contractor's place of business, any of Contractor's records pertaining to this Contract, including all documents and information relating to the certified monitoring reports.

2. Contractor is required to maintain all such records in California until the expiration of four years from the date of final payment under this Contract. Authorized agents of the County shall have access to all such records during normal business hours for the entire period that records are to be maintained.

F. Notifications to Employees

Contractor shall place County-provided living wage posters at each of Contractor's place of business and locations where Contractor's employees are working. Contractor shall also distribute County-provided notices to each of its employees at

least once per year. Contractor shall translate into Spanish and any other language spoken by a significant number of employees the posters and handouts.

G. Enforcement and Remedies

1. If Contractor fails to comply with the requirements of this Section, the County shall have the rights and remedies described in this Section in addition to any rights and remedies provided by law or equity.

2. Remedies For Submission of Late or Incomplete Certified Monitoring Reports: If Contractor submits a certified monitoring report to the County after the date it is due, or if the report submitted does not contain all of the required information, is inaccurate, or is not properly certified, any such deficiency shall constitute a breach of this Contract. In the event of any such breach, the County may, in its sole discretion, exercise any or all of the following rights/remedies:

   a. Withholding of Payment: If Contractor fails to submit accurate, complete, timely, and properly certified monitoring reports, the County may withhold from payment to Contractor up to the full amount of any invoice that would otherwise be due, until Contractor has satisfied the concerns of the County, which may include required submittal of revised certified monitoring reports or additional supporting documentation.

   b. Liquidated Damages: It is mutually understood and agreed that Contractor's failure to submit an accurate, complete, timely, and properly certified monitoring report will result in damages being sustained by the County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time. The liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, in the event that a certified monitoring report is deficient, including, but not limited to, being late, inaccurate, incomplete, or uncertified, it is agreed that the County may, in its sole discretion, assess against Contractor liquidated damages in the amount of $100 per monitoring report for each day until the County has been provided with a properly prepared, complete, and certified monitoring report. The County may deduct any assessed liquidated damages from any payments otherwise due to Contractor.

   c. Termination: Contractor's failure to submit an accurate, complete, timely, and properly certified monitoring report may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.

3. Remedies for Payment of Less Than the Required Living Wage: If Contractor fails to pay any employee at least the applicable hourly living wage rate, such deficiency shall constitute a breach of this Contract. In the event of any such breach, the County may, in its sole discretion, exercise any or all of the following rights/remedies:

   a. Withholding Payment: If Contractor fails to pay one or more of its employees at least the applicable hourly living wage rate, the County may withhold from any payment otherwise due to Contractor the aggregate difference between the living wage amounts Contractor was required to pay its employees for a given pay period and the amount actually paid to the employees for that pay period. The County may withhold said amount until Contractor has satisfied the County that any underpayment has been cured, which may include required submittal of revised certified monitoring reports or additional supporting documentation.

   b. Liquidated Damages: It is mutually understood and agreed that Contractor's failure to pay any of its employees at least the applicable hourly living wage rate will result in damages being sustained by the County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time. The liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, it is agreed that the County may, in its sole discretion, assess against Contractor liquidated damages of $50 per employee per day for each and every instance of an underpayment to an employee. The County may deduct any assessed liquidated damages from any payments otherwise due to Contractor.

   c. Termination: Contractor's failure to pay any of its employees the applicable hourly living wage rate may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.

4. Debarment: In the event Contractor breaches a requirement of this Section, the County may, in its sole discretion, bar Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach, not to exceed three years.

H. Use of Full-Time Employees

Contractor shall assign and use full-time employees of Contractor to provide services under this Contract unless Contractor can demonstrate to the satisfaction of the County that it is necessary to use non-full-time employees based on staffing

efficiency or County requirements for the work to be performed under this Contract. It is understood and agreed that Contractor shall not, under any circumstance, use non-full-time employees for services provided under this Contract unless and until the County has provided written authorization for the use of same. Contractor submitted with its proposal a full-time-employee staffing plan. If Contractor changes its full-time-employee staffing plan, Contractor shall immediately provide a copy of the new staffing plan to the County.

I. Contractor Retaliation Prohibited

Contractor and/or its employees shall not take any adverse action which would result in the loss of any benefit of employment, any contract benefit, or any statutory benefit for any employee, person, or entity who has reported a violation of the Living Wage Program to the County or to any other public or private agency, entity, or person. A violation of the provisions of this paragraph may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.

J. Contractor Standards

During the term of the Contract, Contractor shall maintain business stability, integrity in employee relations, and the financial ability to pay a living wage to its employees. If requested to do so by the County, Contractor shall demonstrate to the satisfaction of the County that Contractor is complying with this requirement.

K. Neutrality in Labor Relations

Contractor shall not use any consideration received under this Contract to hinder or to further the organization of, collective bargaining activities by or on behalf of Contractor's employees, except that this restriction shall not apply to any expenditure made in the course of good faith collective bargaining, to any expenditure pursuant to obligations incurred under a bona fide collective bargaining agreement, or which would otherwise be permitted under the provisions of the National Labor Relations Act.

EXHIBIT C

Department of the Treasury
Internal Revenue Service
Notice 1015

(Rev. December 2005)

Have You Told Your Employees About the Earned Income Credit (EIC)?

What Is the EIC?
The EIC is a refundable tax credit for certain workers.

Which Employees Must I Notify About the EIC?
You must notify each employee who worked for you at any time during the year and from whom you did not withhold income tax. However, you do not have to notify any employee who claimed exemption from withholding on Form W-4, Employee's Withholding Allowance Certificate.
Note: *You are encouraged to notify each employee whose wages for 2005 are less than $37,263 that he or she may be eligible for the EIC.*

How and When Must I Notify My Employees?
You must give the employee one of the following:
- The IRS Form W-2, Wage and Tax Statement, which has the required information about the EIC on the back of Copy B.
- A substitute Form W-2 with the same EIC information on the back of the employee's copy that is on Copy B of the IRS Form W-2.
- Notice 797, Possible Federal Tax Refund Due to the Earned Income Credit (EIC).
- Your written statement with the same wording as Notice 797.

If you are required to give Form W-2 and do so on time, no further notice is necessary if the Form W-2 has the required information about the EIC on the back of the employee's copy. If a substitute Form W-2 is given on time but does not have the required information, you must notify the employee within 1 week of the date the substitute Form W-2 is given. If Form W-2 is required but is not given on time, you must give the employee Notice 797 or your written statement by the date Form W-2 is required to be given. If Form W-2 is not required, you must notify the employee by February 7, 2006.

You must hand the notice directly to the employee or send it by First-Class Mail to the employee's last known address. You will not meet the notification requirements by posting Notice 797 on an employee bulletin board or sending it through office mail. However, you may want to post the notice to help inform all employees of the EIC. You can get copies of the notice by calling 1-800-829-3676, or from the IRS website at www.irs.gov.

How Will My Employees Know If They Can Claim the EIC?
The basic requirements are covered in Notice 797. For more detailed information, the employee needs to see the 2005 instructions for Form 1040, 1040A, 1040EZ, or Pub. 596, Earned Income Credit (EIC).

How Do My Employees Claim the EIC?
Eligible employees claim the EIC on their 2005 tax return. Even employees who have no tax withheld from their pay or owe no tax can claim the EIC and get a refund, but they must file a tax return to do so. For example, if an employee has no tax withheld in 2005 and owes no tax but is eligible for a credit of $799, he or she must file a 2005 tax return to get the $799 refund.

How Do My Employees Get Advance EIC Payments?
Eligible employees who expect to have a qualifying child for 2006 can get part of the credit with their pay during the year by giving you a completed Form W-5, Earned Income Credit Advance Payment Certificate. You must include advance EIC payments with wages paid to these employees, but the payments are not wages and are not subject to payroll taxes. Generally, the payments are made from withheld income, social security, and Medicare taxes. For details, see Pub. 15 (Circular E), Employer's Tax Guide.

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents to give up their baby confidentially. As long as the baby has not been abused or neglected, parents may give up their newborn without fear of arrest or prosecution.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially and safely give up a baby within three days of birth. The baby must be handed to an employee at a Los Angeles County emergency room or fire station. As long as the child shows no signs of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, workers will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their newborns within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

In most cases, a parent will bring in the baby. The law allows other people to bring in the baby if they have legal custody.

Does the parent have to call before bringing in the baby?

No. A parent can bring in a baby anytime, 24 hours a day, 7 days a week so long as the parent gives the baby to someone who works at the hospital or fire station.

Does a parent have to tell anything to the people taking the baby?

No. However, hospital personnel will ask the parent to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the child. Although encouraged, filling out the questionnaire is not required.

What happens to the baby?

The baby will be examined and given medical treatment, if needed. Then the baby will be placed in a pre-adoptive home.

What happens to the parent?

Once the parent(s) has safely turned over the baby, they are free to go.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned by their parents and potentially being hurt or killed. You may have heard tragic stories of babies left in dumpsters or public bathrooms. The parents who committed these acts may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had nowhere to turn for help, they abandoned their infants. Abandoning a baby puts the child in extreme danger. It is also illegal. Too often, it results in the baby's death. Because of the Safely Surrendered Baby Law, this tragedy doesn't ever have to happen in California again.

A baby's story

At 8:30 a.m. on Thursday, July 25, 2002, a healthy newborn baby was brought to St. Bernardine Medical Center in San Bernardino under the provisions of the California Safely Surrendered Baby Law. As the law states, the baby's mother did not have to identify herself. When the baby was brought to the emergency room, he was examined by a pediatrician, who determined that the baby was healthy and doing fine. He was placed with a loving family while the adoption process was started.

Every baby deserves a chance for a healthy life. If someone you know is considering abandoning a newborn, let her know there are other options.

It is best that women seek help to receive proper medical care and counseling while they are pregnant. But at the same time, we want to assure parents who choose not to keep their baby that they will not go to jail if they deliver their babies to safe hands in any Los Angeles County hospital ER or fire station.

¿Qué es la Ley de Entrega de Bebés Sin Peligro?

La Ley de Entrega de Bebés Sin Peligro de California permite a los padres entregar a su recién nacido confidencialmente. Siempre que el bebé no haya sufrido abuso ni negligencia, padres pueden entregar a su recién nacido sin temor a ser arrestados o procesados.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura, dentro de los tres días del nacimiento. El bebé debe ser entregado a un empleado de una sala de emergencias o de un cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazalete y el padre/madre recibirá un brazalete igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden empezar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles, al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

En la mayoría de los casos, los padres son los que llevan al bebé. La ley permite que otras personas lleven al bebé si tienen la custodia legal del menor.

¿Los padres deben llamar antes de llevar al bebé?

No. El padre/madre puede llevar a su bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, mientras que entregue a su bebé a un empleado del hospital o de un cuartel de bomberos.

¿Es necesario que el padre/madre diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital le pedirá que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para los cuidados que recibirá el bebé. Es recomendado llenar este cuestionario, pero no es obligatorio hacerlo.

¿Qué ocurrirá con el bebé?

El bebé será examinado y, de ser necesario, recibirá tratamiento médico. Luego el bebé se entregará a un hogar preadoptivo.

¿Qué pasará con el padre/madre?

Una vez que los padres hayan entregado a su bebé en forma segura, serán libres de irse.

¿Por qué California hace esto?

La finalidad de la Ley de Entrega de Bebés Sin Peligro es proteger a los bebés del abandono por parte de sus padres y de la posibilidad de que mueran o sufran daños. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Es posible que los padres que cometieron estos actos hayan estado atravesando dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus recién nacidos porque tenían miedo y no tenían adonde recurrir para obtener ayuda. El abandono de un recién nacido lo pone en una situación de peligro extremo. Además es ilegal. Muy a menudo el abandono provoca la muerte del bebé. Ahora, gracias a la Ley de Entrega de Bebés Sin Peligro, esta tragedia ya no debe suceder nunca más en California.

Historia de un bebé

A las 8:30 a.m. del jueves 25 de julio de 2002, se entregó un bebé recién nacido saludable en el St. Bernardine Medical Center en San Bernardino, en virtud de las disposiciones de la Ley de Entrega de Bebés Sin Peligro. Como lo establece la ley, la madre del bebé no se tuvo que identificar. Cuando el bebé llegó a la sala de emergencias, un pediatra lo revisó y determinó que el bebé estaba saludable y no tenía problemas. El bebé fue ubicado con una buena familia, mientras se iniciaban los trámites de adopción.

Cada recién nacido merece una oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele qué otras opciones tiene.

Es mejor que las mujeres busquen ayuda para recibir atención médica y asesoramiento adecuado durante el embarazo. Pero al mismo tiempo, queremos asegurarles a los padres que optan por no quedarse con su bebé que no irán a la cárcel si dejan a sus bebés en buenas manos en cualquier sala de emergencia de un hospital o en un cuartel de bomberos del Condado de Los Angeles.

FUEL PRICE ADJUSTMENTS

IF CONTRACTOR PURCHASES FUEL AT MARKET PRICES AT TIME OF PROPOSAL:

The Director may adjust 12 percent of the unit rate of compensation set forth in Form PW-2, Schedule of Prices based on the increase or decrease in the fuel price published in the Official Energy Statistics from the United States Department of Energy website at <http://tonto.eia.doe.gov/dnav/pet/pet_pri_gnd_dcus_sca_m.htm> for Gasoline - All Grades (Regular) for California, and at <http://tonto.eia.doe.gov/dnav/pet/pet_pri_prop_dcu_r50_m.htm> for Propane (LPG) using West Coast (PADD 5) "Sales For Resale," as appropriate to the vehicle used, beginning on the month of this Contract's start date and thereafter at each successive six month interval (interval may differ), which shall be the effective date for any such fuel adjustment. The percentage change in the fuel price shall be obtained using the fuel prices published three months preceding the proposal submission date and the fuel price published three months preceding each effective date of the adjustment.

However, when the percentage increase or decrease in the fuel price is less than 5 percent, no fuel adjustment will be granted. In the event the fuel adjustment is granted, the fuel adjustment (increase or decrease) will be added to or subtracted from, as applicable, the unit rate of compensation to establish the adjusted unit rate of compensation. A sample calculation is included in Exhibit G.

Public Works shall be permitted to audit the Contractor's fuel usage, fuel costs, and fuel procurement methods for the vehicles used in providing these services and the Contractor shall provide records pertaining to its fuel costs upon the County's request.

IF THE CONTRACTOR HAS A LONG TERM AGREEMENT TO PURCHASE FUEL AT A FIXED PRICE FOR A MULTI-YEAR PERIOD AT TIME OF PROPOSAL:

The Director may adjust 12 percent of the unit rate of compensation set forth in Form PW-2, Schedule of Prices based on the increase or decrease in the negotiated fuel price during the term of this Contract, whenever there is a renegotiation of the Contractor's fuel prices with the fuel suppliers. The Contractor agrees to provide Public Works with a copy of its current long-term fuel purchasing agreements and each new fuel agreement, whenever the(se) agreement(s) is/are renegotiated during the term of this Contract. Such copies, when marked "Confidential" by the Contractor, shall be treated by the County as confidential in accordance with the California Public Records Act. The percentage change in the fuel price shall be obtained using the fuel prices listed in the long-term agreement on the proposal submission date and whenever there is a change in the long-term fuel price.

FUEL PRICE ADJUSTMENTS

However, when the percentage increase or decrease in the fuel price is less than 5 percent, no fuel adjustment will be granted. In the event the fuel adjustment is granted, the fuel adjustment (increase of decrease) will be added to or subtracted from, as applicable, the unit rate of compensation to establish the adjusted unit rate of compensation. A sample calculation is included in Exhibit G.

Public Works shall be permitted to audit the Contractor's fuel usage, fuel costs, and fuel procurement methods for the vehicles used in revenue service and the Contractor shall provide records pertaining to its fuel costs upon the County's request.

SAMPLE CALCULATION OF THE FUEL ADJUSTMENT

Purchasing Fuel at Market Prices

Following sample data will be used to calculate sample calculation of fuel adjustment
Unit Rate from PW-2, Schedule of Prices: $15.00
Proposal due date: February 2007
Contract start date: July 2007

Fuel Adjustment (FA) Component for Propane price:

Propane (On-Highway) - May 2007	245.02 cents per gallon
Propane (On-Highway) - April 2007	293.23 cents per gallon
Percent change in Propane (On-Highway)	19.7% increase

Adjusted Unit Rate (FA component):
= (12% of unit rate)* x (Percent change in Propane Price)
= [(12%) x ($15.00)] x (19.7%)
= ($1.80) x (19.7%)
= $0.35 Fuel Adjustment (increase)

Adjusted Unit Rate for July 2007
$15.00 + $0.35 = $15.35

Purchasing Fuel Under Long-Term Fuel Supply Agreement

Following sample data will be used to calculate sample calculation of fuel adjustment
Unit Rate from PW-2, Schedule of Prices: $15.00
Proposal due date: February 2007 (Long-Term Fuel Price: $2.00 per gallon)
Contract start date: July 2007
Renegotiation of Fuel Price: September 2007 (renegotiated price is $2.25 per gallon)

Fuel Adjustment (FA) Component for Contract price:

February 2007	200.00 cents per gallon
Renegotiated Price in September 2007	225.00 cents per gallon
Percent change in Diesel (long-term price)	12.5% increase

Adjusted Unit Rate (FA component):
= (12% of unit rate) x (Percent change in price)
= [(12%) x ($15.00)] x (12.5%)
= ($1.80) x (12.5%)
= $0.23 Fuel Adjustment (increase)

Adjusted Unit Rate for September 2007
$15.00 + $0.23 = $15.23

COMPANY BACKGROUND

Nationwide Environmental Services (NES), a division of Joe's Sweeping, Inc., was founded in 1968 by Joe Samuelian to provide parking lot sweeping services. Joe's mission statement at the time was "To provide quality sweeping services utilizing the latest state-of-the-art equipment and creating the highest level of customer service available." From a single sweeper company to a fleet of more than 70 sweeping and cleaning vehicles, serving over 40 municipalities, that mission statement is as true today as it was over 35 years ago.

Our extensive fleet of sweeping and cleaning vehicles continues to maintain municipalities, residential communities (HOA), business parks, parking facilities, construction sites, and various unified school districts. Our current contracts cover street sweeping services within the greater Los Angeles area, and the surrounding areas of Orange County, Ventura, San Bernardino, and Riverside with populations ranging from 10,000 to 200,000.

Our high level of customer service along with our reputation of providing quality services has been acknowledged by WorldSweeper.com who has featured NES as the 'Contractor of the Month' for December 2006. NES was selected from over 5,000 U.S. sweeping contractors. In addition, NES was one of the first sweeping companies to attain the status of Certified Sweeping Contractor in the nation through the north american Power Sweeping association (naPSa). Work Description

Nationwide Environmental Services (NES) general work plan to meet street sweeping requirements for Azusa/Covina/Claremont, South Whittier, West Whittier, Marina Del Rey, and Valinda/Hacienda Heights incorporates a well-managed administration and operational structure supported by interdepartmental team work. NES' operations manager will meet with County representatives to examine and evaluate the sweeping schedule according to contract specifications and schedules.

NES will sweep all public streets, paved alleys and curbed medians within the Project limits as indicated in Exhibits E.1 through E.4. Our primary objective is to remove all leaves, paper, dirt, rocks, glass, bottles, cans and other debris to ensure free flow of water in the gutter and to maintain streets in a state of cleanliness. NES provides consistent and thorough sweeping services, thereby, ensuring not only a cleaner environment in which to reside and work, but additionally, assists communities in diverting debris from storm drain systems. The diversion of debris is an important step in meeting NPDES (National Pollutant Discharge Elimination System) mandates.

Furthermore, employees are experienced, trained and expected to make a "Clean Sweep" (i.e., passes required to eliminate debris from all areas) of all streets. Employees fully understand their responsibilities and debris not picked up by the street sweeper will be hand swept by the driver before leaving the area. Employees will be driving at speeds of not more than six miles per hour in Azusa/Covina/Claremont, Valinda/Hacienda Heights, Marina Del Rey and not more than eight miles per hour in South and West Whittier.

All debris and refuse collected from street sweeping will be hauled to a legally established disposal facility at no additional cost to the County. NES will furnish all water necessary for sweeping operations to minimize dust.

Parking Lot Sweeping – Marina Del Rey

In addition to sweeping streets, curbed medians and paved alleys, NES will also sweep public parking lots operated by the County of Los Angeles Department of Beaches and Harbors in Marina Del Rey (designated as parking lots 1 through 19). Sweeping speed in the parking lots will not exceed six miles per hour.

Work Schedule

Upon award, NES will prepare a complete sweeping schedule for all locations and will submit the schedule to the contract manager for approval. The schedule will include the curb miles, paved alley miles, alleys and the medians to be swept as well as the daily starting time. In addition, NES will submit a route map showing streets, alleys and medians to be swept each day and will adhere to the following guidelines:

1. Streets that have parking restrictions will be swept only during the posted day and hour.
2. Streets will not be swept on the same day as trash pick-up. Whenever feasible, sweeping will be performed the day after trash pick-up, except one to days after trash pick-up for Valinda/Hacienda Heights.
3. Streets adjacent to schools and commercial developments will be swept prior to 7:00 a.m. or such time as daily public activities start.
4. Streets adjacent to apartments, condominiums or other areas where all night street parking is prevalent will be swept after 8:00 a.m.
5. Major highways will not be swept during peak traffic hours.
6. Residential areas will not be swept prior to 7:00 a.m. or after 3:30 p.m.
7. Street sweeping will be scheduled so that both sides of a street are not swept in the same day, unless the Contract Manager directs us to do so.

Alternate Day Sweeping

Streets in Valinda/Hacienda Heights, Azusa/Covina/Claremont and West Whittier will be swept on an alternate day sweeping schedule. NES will sweep 2 sides of a street on 2 separate and consecutive days.

Within 30 days after notification of award, NES will provide a finalized and working alternate day sweeping schedule at no additional cost to the County.

Inspection/Quality Control

Upon award, NES will designate a primary and alternative Quality Control Representative to implement a quality control plan. The representative will routinely inspect and monitor the work to ensure compliance with the plans, specifications and approved sweeping schedules.

Employees are required to complete detailed daily logs which are reviewed by management. Moreover, supervisors are in the field everyday to monitor and inspect the sweeping performance of each vehicle and driver. Weekly management meetings are scheduled with the executive staff to ensure optimum coordination and address and resolve any concerns.

Equipment Compliance, Laws and Regulations

NES is in compliance with all applicable laws and regulations, including, but not limited to all Air Quality Management District (AQMD) regulations. All equipment utilized for sweeping services are compliant with AQMD Rules 1186 and 1186.1. In the event of a mechanical breakdown of an alternate-fuel street sweeper, NES will comply with AQMD Rule 430.

Street sweepers are maintained daily, both mechanically and in appearance. All street sweepers will be clearly marked with our company name, phone number and vehicle number. Sweeper operators will be equipped with two-way radios and cellular phones.

In addition, all street sweepers will be equipped with GPS tracking systems (Teletrac) which will be capable of reporting real time data.

Reports

NES will submit reports to the Contract Manager on the second working day of each week for the previous week, indicating the following for each location:

1. Curb miles and paved alley miles swept each day.
2. Scheduled curb miles and paved alley miles swept and areas missed.
3. When missed areas were swept.
4. Number of complaints received each day.
5. Reasons scheduled sweeping was not performed or completed as scheduled.
6. Waste tonnage summary reports and copies of receipts.

Contractor's Representative

Before starting work, NES will designate, in writing, a representative and alternate representative who will have authority to act on behalf of the company. All company representatives will be able to speak, read and write the English language.

Additional Sweeping/Inclement Weather/Holidays

NES will provide additional sweeping of any street and alley within the areas shown on the plans at any time when ordered by the Contract Manager. The additional sweeping will be invoiced at the price per curb mile or paved alley mile, as appropriate. The method of payment may be determined by the Contract Manager.

If inclement weather prevents adherence to the regular sweeping schedule for two days or less in a given week, NES will sweep the affected areas prior to the next sweeping schedule, if ordered by the Contract Manager.

When a holiday or observance as specified in the Government Code of the State of California occurs on a regular scheduled sweeping day and the subject sweeping area is not swept, upon approval from the Contract Manager, NES will sweep the affected areas within two working days of the regular scheduled sweeping day without interruption of the regular sweeping schedule.

City Incorporation

In the event any areas to be swept under this contract attain incorporation as a City, NES will continue to sweep the streets and alleys shown on the contract plans at the contract's unit price per curb mile until the termination date of the contract or as directed by the County.

Communication and Complaints

NES will provide the County with a telephone answering service and a toll free telephone number, from 7:30 a.m. to 4:30 p.m., Monday through Friday, except legal holidays.

Complaints brought to our attention prior to 3:00 p.m. will be investigated and resolved that same day and complaints brought to our attention after 3:00 p.m. will be investigated and resolved before noon on the following day. In addition, sweeper operators are trained to contact the office at the end of their shift to determine if any complaints were logged; if so, the employee would immediately rectify the issue before returning to NES. Complaint forms will be filled out for each complaint including the steps taken to resolve the complaint.

Safety Requirements

NES will observe all applicable Cal/OSHA and Public Works safety requirements. In addition, NES will comply with all Federal, State, and local occupational safety regulations. NES will provide all safeguards, safety devices and protective equipment to provide a safe service area. A Project Safety Official who is familiar with NES' Injury and Illness Prevention Program and Code of Safe Practices will be assigned to the projects.

SUBCONTRACTORS

There will be no subcontractors used.

FORM PW-3

COUNTY OF LOS ANGELES CONTRACTOR EMPLOYEE JURY SERVICE PROGRAM
APPLICATION FOR EXCEPTION AND CERTIFICATION FORM

This contract is subject to the County of Los Angeles Contractor Employee Jury Service Program (Program) (Los Angeles County Code, Chapter 2.203). All contractors and subcontractors must complete this form to either (1) request an exception from the Program requirements or (2) certify compliance. Upon review of the submitted form, the County department will determine, in its sole discretion, whether the bidder or proposer is excepted from the Program.

Company Name: Nationwide Environmental Services a division of Joe's Sweeping, Inc.		
Company Address: 11914 Front Street		
City: Norwalk	State: CA	Zip Code: 90650
Telephone Number: (562) 860-0604		
(Type of Goods or Services): Sweeping Services		

If you believe the Jury Service Program does not apply to your business, check the appropriate box in Part I (you must attach documentation to support your claim). If the Jury Service Program applies to your business, complete Part II to certify compliance with the Program. Whether you complete Part I or Part II, sign and date this form.

Part I: Jury Service Program Is Not Applicable to My Business

☐ My business does not meet the definition of "contractor," as defined in the Program as it has not received an aggregate sum of $50,000 or more in any 12-month period under one or more County contracts or subcontracts (this exception is not available if the contract/purchase order itself will exceed $50,000). I understand that the exception will be lost and I must comply with the Program if my revenues from the County exceed an aggregate sum of $50,000 in any 12-month period.

☐ My business is a small business as defined in the Program. It 1) has ten or fewer employees; and, 2) has annual gross revenues in the preceding twelve months which, if added to the annual amount of this contract, are $500,000 or less; and, 3) is not an affiliate or subsidiary of a business dominant in its field of operation, as defined below. I understand that the exemption will be lost and I must comply with the Program if the number of employees in my business and my gross annual revenues exceed the above limits.

"Dominant in its field of operation" means having more than ten employees, including full-time and part-time employees, and annual gross revenues in the preceding twelve months, which, if added to the annual amount of the contract awarded, exceed $500,000.

"Affiliate or subsidiary of a business dominant in its field of operation" means a business which is at least 20 percent owned by a business dominant in its field of operation, or by partners, officers, directors, majority stockholders, or their equivalent, of a business dominant in that field of operation.

☐ My business is subject to a Collective Bargaining Agreement that expressly provides that it supersedes all provisions of the Program. **ATTACH THE AGREEMENT.**

Part II: Certification of Compliance

☒ My business has and adheres to a written policy that provides, on an annual basis, no less than five days of regular pay for actual jury service for full-time employees of the business who are also California residents, or my company will have and adhere to such a policy prior to award of the contract.

I declare under penalty of perjury under the laws of the State of California that the information stated above is true and correct.

Notwithstanding any provision of this Contract requiring the Contractor to conduct all of its activities and operations within the confines of public roadways, the Contractor shall enter upon and provide services within the specified public parking lots.

E. Standard of Performance

The primary objective of street sweeping is to remove all leaves, paper, dirt, rocks, glass, bottles, cans, and other debris to ensure the free flow of water in the gutter and to maintain streets in a state of cleanliness. The Contract Manager will make the final determination as to whether the work has been satisfactorily completed. If the work has not been satisfactorily completed, the Contract Manager may direct Contractor to resweep the unsatisfactorily swept area(s) not swept at all, if the area(s) can be reswept during the same business day. If the area(s) cannot be reswept during the same business day by Contractor, the Contract Manager may deduct payment to Contractor in accordance with this Exhibit's paragraph O, Inspection and Acceptance of the Work.

F. Disposal of Refuse and Debris

All debris and refuse collected from these operations shall become the property of Contractor. Contractor shall dispose of all refuse and debris collected during sweeping operations, at no additional cost to the County, by hauling to a legally established area for the disposal of solid waste. When storage of refuse and debris is necessary prior to disposal, Contractor shall locate and arrange for use of a temporary storage site off the road rights of way. Contractor will not be allowed to use the rights of way or Public Works facilities as temporary storage sites.

G. Key Control – Marina del Rey Area Only

The County of Los Angeles Department of Beaches and Harbors, 13837 Fiji Way, Marina del Rey, CA 90292, will provide the Contractor with all keys and gate cards that the Contractor will need in order to perform the Contract work. The Contractor shall report all lost and stolen keys and gate cards to the Department of Beaches and Harbors within 24 hours of discovery of their loss and shall reimburse the Department of Beaches and Harbors for the cost of changing locks and keys. Upon termination of this Contract, all keys and gate cards shall be returned to the Department of Beaches and Harbors within 5 days. The Contractor shall not duplicate any keys and gate cards without the Department of Beaches and Harbors' prior written consent. Duplication of keys and gate cards without such consent is a misdemeanor (California Penal Code Section 469) and a breach of contract.

H. Storage Facilities

The County will not provide storage facilities for Contractor.

I. Water

Contractor shall furnish all water necessary for sweeping operations in accordance with this Exhibit's paragraph C, Work Description.

J. Rights of Way

Contractor shall conduct all of its activities and operations within the confines of public roadways. Contractor shall not allow its employees to use private property for any reason or to use water from such property without written permission from the owner. If, for any reason, Contractor elects to encroach upon other lands, Contractor shall first obtain written permission from the owner and provide evidence of such permission in writing to the Contract Manager prior to entering upon such lands. In performing any work or doing any activity on lands outside of public rights of way, Contractor shall comply with all applicable Federal, State, and local laws, ordinances, and regulations.

Contractor shall indemnify and hold the County harmless from all claims for damages occasioned by such work or activity, whether done in compliance with this Exhibit and with permission or in violation of this Exhibit, without permission.

K. Authority of Board and Contract Manager

The Board has the final authority in all matters affecting the work. Within the scope of this Contract, the Contract Manager has the authority to enforce compliance with the Plans and Specifications. Contractor shall promptly comply with instructions from the Contract Manager or an authorized representative.

On all questions relating to quantities; the acceptability of equipment or work; the execution, progress, or sequence of work; and the interpretation of the Specifications or the Plans, the decision of the Contract Manager will be final and binding and shall be precedent to any payment under this Contract unless otherwise ordered by the Board.

L. Best Management Practices

Best Management Practices (BMPs) shall be defined as any program, technology, process, sitting criteria, operating method, measure, or device which controls, prevents, removes, or reduces pollution. Contractor shall obtain and refer to the California Storm Water Best Management Practice Handbooks, Volume 3 Construction BMP Handbook and the County of Los Angeles Department of Public Works Best Management Practices Handbook for Construction Activities. These publications are available from:

County of Los Angeles Department of Public Works
Cashier Office
900 South Fremont Avenue
Alhambra, CA 91803
Telephone (626) 458-6959

Contractor shall have a readily accessible copy of each publication in the service area at all times. As a minimum, Contractor shall implement the following BMPs in conjunction with all its sweeping activities:

NO.	MATERIAL MANAGEMENT
CD10 (2)	Material Delivery and Storage
CD11 (2)	Material Use
CD12 (2)	Spill Prevention and Control

NO.	WASTE MANAGEMENT
CD13 (2)	Solid Waste Management
CD14 (2)	Hazardous Waste Management
CD15 (2)	Contaminated Soil Management
CD16 (2)	Concrete Waste Management

NO.	VEHICLE AND EQUIPMENT MANAGEMENT
CD18(2)	Vehicle and Equipment Cleaning
CD19(2)	Vehicle and Equipment Fueling
CD20(2)	Vehicle and Equipment Maintenance

NO.	TRAINING
CD40	Employee/Subcontractor Training

NO.	PHYSICAL STABILIZATION
CD26A(2)	Soil Stabilizer/Dust Control

Additional BMPs may be required as a result of a change in the actual field conditions, Contractor activities, or construction operations. When more than one BMP is listed under each specific BMP category, Contractor shall select the appropriate and necessary number of BMPs within each category in order to achieve the BMP objective.

BMP for Contractor activities shall be continually implemented throughout the year. BMP for erosion control and sedimentation shall be implemented during the period from October 15 to April 15 and whenever the National Weather Service predicts rain within 24 hours. BMP for erosion control and sedimentation shall also be implemented prior to the commencement of any contractor activity

or operation which may produce runoff and whenever runoff from other sources may occur.

The County, as a permittee, is subject to enforcement actions by the State Water Resources Control Board, Environmental Protection Agency, and private citizens. Full compensation for the implementation of BMPs shall be considered as included in the Total Annual Proposed Price shown in Form PW-2, Schedule of Prices. Should Contractor fail to comply with any BMP, the County will suffer damages, including, but not limited to, having to bear the risk of delay and disruption of its street sweeping program. The amount of such damages is and will continue to be extremely difficult and impracticable to ascertain. Execution of this Contract shall constitute agreement by the County and Contractor that $1,000 per day is the minimum value of the cost and actual damage caused by Contractor's failure to fully implement any BMP, that such sum is liquidated damages and shall not be construed as a penalty and that such sums may be deducted from payments due to Contractor if such failure occurs. However, such liquidated damages do not include losses resulting from the imposition of fines and penalties and other enforcement actions by administrative agencies. The County may assess Contractor, as liquidated damages, $1,000 for each calendar day that Contractor has not fully implemented one or more of the BMPs specified for this Contract and/or is otherwise in noncompliance with these provisions. In addition, Contractor shall defend, indemnify, and hold harmless the County and its officers, employees, and agents from any fine, penalty, or enforcement action (including attorney fees, legal costs, and staff costs) imposed or brought by any person or entity on account of Contractor's alleged lack of compliance with these provisions or nonimplementation of the specified BMPs. The County may deduct, from the payment due to Contractor, amounts necessary to cover such fines and costs.

M. Work Schedule

A complete schedule of weekly sweeping shall be submitted to the Contract Manager for approval prior to any work being done under this Contract. The schedule shall include the Curb Miles and Paved Alley Miles of streets, alleys, and medians to be swept daily as well as the daily starting time.

Also, a route map shall be submitted as part of the schedule, showing streets, alleys, and medians to be swept each day by the Contractor. Contractor shall indicate the daily sweeping route on the maps in an appropriate and understandable manner that is acceptable to the Contract Manager. Changes in the schedule for the convenience of Contractor will require approval by the Contract Manager prior to being included in the weekly work.

The County reserves the right to require Contractor to sweep specific areas on specified days and at specified times of the day and to change any portions of an existing and established sweeping schedule at any time during the duration of this contract. The following guidelines shall be applicable:

1. Sweeping of streets that have posted parking restrictions specified for street sweeping shall only be swept during the posted days and hours.

2. Areas shall not be swept on the same day trash pickup is scheduled. Whenever feasible, sweeping shall be scheduled the day after trash pickup (one to two days after trash pickup for Valinda/Hacienda Heights only). Contractor shall be responsible for determining when trash pickups are scheduled.

3. Streets adjacent to schools and commercial developments shall be swept prior to 7 a.m. or such time as daily public activities start.

4. Streets adjacent to apartments, condominiums, or other areas where all night on street parking is prevalent shall be swept after 8 a.m.

5. Major highways shall not be swept during peak traffic hours.

6. Residential areas shall not be swept prior to 7 a.m. or after 3:30 p.m.

7. Street sweeping shall be scheduled such that both sides of a street are not swept in the same day, unless the Contract Manager directs otherwise.

Alternate Day Sweeping Schedule – Valinda/Hacienda Heights, Azusa/Covina/Claremont, and West Whittier only

Streets on this contract shall be swept on an "alternate day" sweeping schedule.

An alternate day schedule requires the Contractor to sweep the 2 sides of a street on 2 separate and consecutive days. For example, a curbed street may have one side swept on Mondays and the other side swept on Tuesdays. If one side of a street is swept on Fridays, the other side shall be swept on Mondays.

After receiving notification that the Contractor has been awarded this contract, said Contractor shall have 30 days to provide a finalized and working alternate day sweeping schedule to the Contract Manager.

N. Prosecution of Work

To minimize public inconvenience, Contractor shall diligently prosecute the work in the manner and at the times specified in this Exhibit A, Scope of Work, and shall at all times comply with the approved sweeping schedule. If, as determined

by the Contract Manager, Contractor fails to prosecute the work to the extent that the public may be inconvenienced, Contractor shall, upon orders from the Contract Manager, immediately resume diligent prosecution of the work. All cost of prosecuting the work as described herein shall be included in Contractor's Total Annual Proposed Price.

Should Contractor continue to fail to prosecute the work diligently after orders of the Contract Manager to do so, the Contract Manager may suspend the work in whole or in part until such time as the Contract Manager, in his or her sole discretion, determines that Contractor will resume diligent prosecution of the work. All expenses and losses incurred by Contractor as a result of such suspensions shall be borne by Contractor.

O. Inspection and Acceptance of the Work

Contractor shall implement a Contract Quality Control Plan as required under this Exhibit's paragraph W, Quality Control. Contractor shall routinely inspect the work to ensure compliance with the Plans and Specifications, approved schedules, and Contractor quality standards.

The Contract Manager may inspect the work to assure that the quality of street sweeping services is in compliance with Terms and Conditions of this Contract. The Contract Manager may inspect by sampling the quality of the work at up to 20 random locations immediately after they are scheduled to be swept.

A "location" is generally defined as an alley and/or side of any street between two adjacent streets, a cul-de-sac, and/or a dead-end street. A 5 percent deduction of payment for that day's sweeping mileage shall be assessed for each and every location that is not swept in accordance with these Specifications and Plans. Photos and documentation for all deficient locations will be provided to Contractor on the working day following the inspection for all deficient locations.

The Contract Manager will use the following general guidelines to determine if the street was swept properly:

1. No debris shall be in or on the street or gutter within 8 feet of the curb face. Debris includes, but is not limited to, trash, grass, leaves, soil, bottles, broken glass, rocks, and other refuse.

2. A trail of debris shall not be left along the street or gutter.

3. An inordinate amount of debris, which would indicate that the location had not been swept properly.

P. Suspension of Work

The work may be suspended in whole or in part when determined by the Contract Manager that the suspension is necessary in the interest of the County. Contractor shall comply immediately with any written order of the Contract Manager suspending work. Such suspension shall be without liability to Contractor on the part of the County except as otherwise specified in this Exhibit's paragraph Y, Additional Sweeping.

Q. Noncompliance with Plans and Specifications

Failure of Contractor to comply with any requirement of these Specifications and Plans, and to immediately remedy any such noncompliance upon notice from the Contract Manager, may result in suspension of this Contract's monthly payments. Any monthly payments so suspended shall remain in suspension until Contractor's operations are brought into compliance to the satisfaction of the Contract Manager. No additional compensation will be allowed as a result of suspension of the monthly payments due to noncompliance with these Specifications and Plans.

R. Contractor's Equipment Compliance with Laws and Regulations

1. Contractor shall fully comply with all applicable laws and regulations, including, but not limited to, all Air Quality Management District (AQMD) regulations. In particular, Contractor's equipment shall, at all times, be in full compliance with AQMD Rules 1186 and 1186.1 pertaining to street sweepers.

2. The street sweepers specified on the equipment list provided to Public Works and no others shall be used in the Contract work unless notice is given to Public Works and the substitution is approved by Public Works. The Contract Manager or a designee may inspect Contractor's vehicles employed in the Contract work at any time without notice.

3. In the event of mechanical breakdown of an alternate-fuel street sweeper, Contractor shall comply with AQMD Rule 430 in a timely fashion and shall make a timely application for an emergency permit under Rule 430 in order to ensure uninterrupted performance of this Contract. Contractor shall immediately provide to Public Works notice of any telephonic report and a copy of any written report or action plan presented to AQMD pursuant to Rule 430.

4. Contractor shall furnish and maintain in good and safe condition all equipment required for the proper execution of this Contract. The Contract Manager may reject any vehicle or piece of equipment not meeting these safety, maintenance, or regulatory requirements. For the

sweeping of curbed highways and streets, Contractor's equipment shall clean the streets as specified in this Exhibit's paragraph E, Standard of Performance.

5. Contractor shall provide sweeping equipment and disposal trucks, which shall be properly maintained both mechanically and in appearance. Contractor shall provide backup sweeping equipment adequate to ensure completion of scheduled work in the event of equipment breakdown, an area requires resweeping, or to provide any additional resweeping directed by the Contract Manager. All equipment shall be clearly marked with Contractor's name and vehicle number. Contractor's telephone number shall be prominently displayed on all equipment for purposes of identification.

6. The sweeper operator shall be furnished with a cellular phone or equivalent communication device that will allow the Contract Manager to make contact with the sweeper operator during sweeping operations. Contractor shall provide the Contract Manager with the information necessary to maintain contact with the sweeper operator during sweeping operations. The communication device shall be on and operating during sweeping operations.

S. Global Positioning System

1. Primary and backup sweepers shall be equipped with a Global Positioning System (GPS) capable of reporting real time data.

2. The GPS shall be Internet based (direct internet connection) or require additional software to access the GPS provider's data. If Internet based, Contractor shall provide Public Works with two accounts to access the GPS provider's Internet site. If additional software is required, Contractor shall provide software for installation on two Public Works computers.

3. The accounts shall be set up so that only Public Works and Contractor can view Public Works data.

4. Contractor shall pay for all costs related to the GPS, including hardware, software, activation fees, technical support, and monthly service charge fees. There is no separate bid item for the GPS.

5. The GPS shall be capable of gathering the following real time data: speed, direction, location (address), distance traveled, ignition on/off, brooms up/down, and water sprayer on/off.

6. The GPS shall be capable of tracking a sweeper's path with lines or dots superimposed on a map.

7. The minimum locate schedule (frequency of occurrence that GPS data is received from the sweeper) shall be every one minute when brooms are down.

8. The minimum locate schedule shall be every 15 minutes when brooms are up.

9. The GPS shall generate an e-mail alert when the following events occur:

   a. Sweeper exceeds 6 mph (8 mph for South and West Whittier) and brooms are down.

   b. One hour or more of nonmovement during weekdays, 6 a.m. to 4 p.m.

10. The GPS shall be capable of generating daily reports of sweeper activity that includes the following information: date, time, address, speed, direction, location (address), distance traveled, ignition on/off, brooms up/down, and water on/off.

11. Authorized Public Works employees can generate and print reports at any time.

12. All reports shall have the capability to be downloaded in other formats such as Microsoft Excel or Word.

13. Data shall be available for immediate downloading for a minimum of three months. After three months, data shall be backed up and be made available at Public Work's request.

T. Reports

In addition to other data filed with the County by Contractor, Contractor shall, on the second working day of each week, file a report with the Contract Manager enumerating the following information for the previous week:

1. Curb Miles and Paved Alley Miles swept each day.

2. Scheduled Curb Miles and Paved Alley Miles swept and areas missed.

3. When missed areas were swept.

4. Number of complaints received each day.

5. Reasons scheduled sweeping was not performed or completed as scheduled.

6. Waste tonnage summary and copies of waste disposal receipts.

U. Measurement

The basis of measurement and payment shall be by the Curb Mile for curbed streets and the Paved Alley Mile for paved alleys. On streets and highways, Curb Miles shall be measured toward the center of the rights of way from and parallel to the curb face. Measurement of medians will be continual and no deduction will be made for left-turn pockets or intersecting streets.

Additional sweeping of streets, as defined in this Exhibit's paragraph Y, Additional Sweeping, that require the total width of the street to be swept shall be measured on the basis of the width of street in feet divided by five to determine the Curb Miles per mile of length.

The following applies to Valinda/Hacienda Heights, Azusa/Covina/Claremont, and West Whittier only.

The Contractor is required to design an approved weekly "alternate day" sweeping schedule. There is no separate bid item for creating this schedule.

V. Contractor's Representative

Before starting the work, Contractor shall designate, in writing, a representative who shall have complete authority to act for it. An alternate representative may be designated. Any order or communication given to this representative shall be deemed delivered to Contractor. A joint venture or partnership shall designate only one representative and alternate. In the absence of Contractor or its designated representative, necessary or desirable directions or instruction may be given by the Contract Manager to the superintendent or person having charge of the specific work to which the order applies. Such order shall be complied with promptly and referred to Contractor or its representative.

In order to communicate with the County, Contractor's representative, superintendent, or person having charge of specific work shall be able to speak, read, and write the English language.

W. Quality Control

Contractor shall be responsible for implementing procedures for ensuring that street sweeping services are provided in strict compliance with the Plans, Specifications, and approved schedule of services.

Contractor shall designate in writing a Quality Control representative and an alternate Quality Control representative who are responsible for implementing, monitoring, controlling, and reporting on the quality of work.

It is recommended that Contractor's Quality Control representatives be separate and distinct from Contractor's project manager or general superintendent, and the Contractor's Quality Control procedures establish a separate system for recording, reporting, and resolving quality control issues.

Within ten days of contract award, Contractor shall submit to the County a Contract Quality Control Plan for review and approval by the Contract Manager. This plan will include, as a minimum, the names and telephone numbers of Contractor's Quality Control representatives; a description of the roles and responsibilities for quality control; the system for monitoring, reporting on, resolving quality control issues; and checklists or other documentation in support of Contractor's Quality Control function.

X. Plans and Specifications

Included as part of this Contract are Plan sheets (Exhibits E.1 through E.4) showing the locations of streets and alleys included in this service area.

The Plans, these Specifications, and other contract documents shall govern the work. These Contract documents are intended to be complementary and cooperative and to describe and provide for a complete service. Anything in the Specifications and not on the Plans, or on the Plans and not in the Specifications, shall be as though shown or mentioned in both.

While it is believed that much of the information pertaining to conditions, which may affect the cost of the work, will be shown on the Plans or indicated in the Specifications, the County does not warrant the completeness or accuracy of such information. Contractor shall ascertain the existence of any conditions affecting the cost of the work, which would have been disclosed by reasonable examination of the site. Contractor shall, upon discovering any error or omission in the Plans or Specifications, immediately call it to the attention of the Contract Manager.

Y. Additional Sweeping

Contractor shall provide additional sweeping of any street(s) and alley(s) within the area shown on the Plans at any time when ordered by the Contract Manager.

Contractor will be compensated for each additional sweeping at the Contract's Unit Price per Curb Mile or Paved Alley Mile, as appropriate. The method of payment will be determined by the Contract Manager.

The need for additional sweeping may be because of storm, fire, flood, parade, public gathering, riot, or other natural or unanticipated occurrence affecting the cleanliness of the streets. The additional sweeping may be in lieu of or in addition to the regularly scheduled sweeping as ordered by the Contract Manager.

Additional sweeping will normally be confined to sweeping the curb lane. However, if additional sweeping requires the total width of the street(s) to be swept, then compensation will be at the Contract's Unit Price per Curb Mile as defined in this Exhibit's paragraph U, Measurement. All sweeping shall be done with sufficient passes to achieve the results described in this Exhibit's paragraph E, Standard of Performance.

Compensation for extra sweeping will be for a minimum of 16 Curb Miles with no allowance for travel time under one of the following circumstances: a) the sweeper shall return to the area after having left when regular sweeping was completed; b) the extra sweeping is on a day when no regular sweeping is scheduled; or c) an additional sweeper must be brought to the area.

Notwithstanding the above, the County has the option on additional sweeps to compensate Contractor on an hourly basis where it is difficult to determine Curb Miles swept in a nonroutine manner. In these cases, the hourly rate paid by the County to Contractor shall be equal to four times the Contract's Unit Price per Curb Mile. Minimum payment will be equivalent to payment for 16 Curb Miles.

Z. Changes Resulting from Schedule Disruption

During this Contract period, Contractor shall sweep the designated public streets and alleys at least once each week, including all curbed medians, in accordance with a schedule to be approved by the Contract Manager. When, in the opinion of the Contract Manager, inclement weather prevents adherence to the regular sweeping schedule for two days or less in a given week, the Contract Manager may require the sweeping areas so affected to be swept prior to the next sweeping schedule.

Any such required sweeping made necessary by inclement weather shall meet the requirements of this Exhibit's paragraph E, Standard of Performance, and shall be performed by Contractor at the Contract's Unit Price per Curb Mile and will not be considered additional sweeping as defined in this Exhibit's paragraph Y, Additional Sweeping.

When any holiday or observance as specified in the Government Code of the State of California occurs on a regular scheduled sweeping day, and said

sweeping area is not swept in observance of said holiday, the subject sweeping area shall when ordered by the Contract Manager be swept within two working days of the regularly scheduled sweeping day without interruption of the regular sweeping schedule. Any such requested sweeping shall meet the requirements of this Exhibit's paragraph E, Standard of Performance, and shall be performed by Contractor at the Contract Unit Price per Curb Mile and shall not be considered additional sweeping.

In the event Contractor is prevented from completing the sweeping as provided in the approved schedule because of reasons other than inclement weather or holidays, Contractor shall be required to complete the deferred sweeping services within two calendar days without interruption in the regular sweeping schedule.

AA. Changes Resulting from Added or Deleted Streets

It is the intent of this Contract to provide for the weekly sweeping of all curbed streets (including curbed medians) and paved alleys within the unincorporated area shown on the Plans (Exhibits E.1 through E.4). As streets and alleys are improved, they will be added to the weekly sweeping schedule. Compensation to Contractor will be based on the Curb Miles added multiplied by the Contract's appropriate Unit Price.

Streets and alleys initially included in the schedule that are vacated by order of the Board will be deleted from the weekly schedule and the affected Curb Mileage deducted from this Contract's quantities.

Additions and/or deletions of Curb Mileage may affect the approved schedule and appropriate adjustments will be allowed subject to approval by the Contract Manager.

BB. City Incorporation

In the event any areas to be swept under this Contract attain incorporation as a City, Contractor shall continue to sweep the streets and alleys shown on the contract plans at the Contract's Unit Price per Curb Mile until the termination date of this Contract or as directed by the County. The County may direct Contractor to delete streets within the incorporated area from its weekly sweeping schedule prior to the expiration date of this Contract. The Curb Mileage of the streets and alleys within the incorporated area that are deleted from Contractor's weekly sweeping schedule will be deducted from the Contract quantities. The County may, at the request of Contractor, review this Contract if the incorporation severely affects Contractor's weekly sweeping schedule.

CC. Changed Conditions

Contractor shall notify the Contract Manager in writing of any changed conditions promptly upon their discovery. The Contract Manager will promptly investigate conditions which appear to be changed conditions. If the Contract Manager determines that the conditions are changed conditions and they will materially increase or decrease the costs of any portion of the work, a Change Order will be issued adjusting the compensation for such portion of the work. The compensation will be based on the appropriate Unit Price reflected in Form PW-2, Schedule of Prices.

If the Contract Manager determines that the conditions of which it has been notified by Contractor do not justify an adjustment in compensation, Contractor will be notified in writing.

DD. Communications and Public Relations

Contractor shall provide a telephone answering service, toll free to residents of the area to be swept under this Contract and the County Road Maintenance Division District office responsible for the area, from 7:30 a.m. to 4:30 p.m., Monday through Friday, except on legal holidays. The answering service shall have the capability of contacting sweepers by radio or paging equipment for the purpose of relaying instructions from the Contract Manager and to receive citizen complaints.

The telephone number shall be listed in the telephone directory for the area and shall be listed by Contractor's commonly known name. All public complaints concerning street sweeping shall be investigated by Contractor. Complaints brought to Contractor's attention prior to 3 p.m. shall be investigated that day. Those brought to Contractor's attention after 3 p.m. shall be investigated before noon of the following day.

A complaint form shall be filled out for each complaint referred to or received by Contractor. The form, which must be approved by the Contract Manager, shall be filed with the County on the first working day following the day the complaint was received. Contractor shall report what actions were necessary to resolve each complaint.

EE. Special Safety Requirements

All Contractor operators shall be expected to observe all applicable Cal/OSHA and Public Works safety requirements while performing this requested work. Suitable clothing, gloves, and shoes that meet Cal/OSHA requirements are required.

FF. Project Site Safety

Contractor shall be solely responsible for ensuring that all work performed under this Contract is performed in strict compliance with all applicable Federal, State, and local occupational safety regulations. Contractor shall provide at its expense all safeguards, safety devices, and protective equipment shall take any and all actions appropriate to providing a safe service area.

GG. Project Safety Official

Contractor shall designate in writing a Project Safety Official who shall be thoroughly familiar with Contractor's Injury and Illness Prevention Program and Code of Safe Practices. Contractor's Project Safety Official shall be available at all times to abate any potential safety hazards and shall have the authority and responsibility to shut down an operation, if necessary. Failure by Contractor to provide the required Project Safety Official shall be grounds for the County to direct the cessation of all work activities and operations at no cost to the County until such time as Contractor is in compliance.

All such material shall be maintained by the Contractor at a location in the County, provided that if any such material is located outside the County, then, at the County's option, the Contractor shall pay the County for travel, per diem, and other costs incurred by the County to examine, audit, excerpt, copy, or transcribe such material at such other location.

1. In the event that an audit of the Contractor is conducted specifically regarding this Contract by any Federal or State auditor, or by any auditor or accountant employed by the Contractor or otherwise, then the Contractor shall file a copy of such audit report with the County's Auditor-Controller within 30 days of the Contractor's receipt thereof, unless otherwise provided by applicable Federal or State law or under this Contract. The County shall make a reasonable effort to maintain the confidentiality of such audit report(s).

2. Failure on the part of the Contractor to comply with any of the provisions of this paragraph X shall constitute a material breach of this Contract upon which the County may terminate or suspend this Contract.

3. If, at any time during the term of this Contract or within five years after the expiration or termination of this Contract, representatives of the County conduct an audit of the Contractor regarding the work performed under this Contract, and if such audit finds that the County's dollar liability for any such work is less than payments made by the County to the Contractor, then the difference shall be either: a) repaid by the Contractor to the County by cash payment upon demand or b) at the sole option of the County's Auditor-Controller, deducted from any amounts due to the Contractor from the County, whether under this Contract or otherwise. If such audit finds

4. In addition to the above, the Contractor agrees, should the County or its authorized representatives determine, in its sole discretion, that it is necessary or appropriate to review a broader scope of the Contractor's records (including, certain records related to non-County contracts) to enable the County to evaluate the Contractor's compliance with the County's Living Wage Program, that the Contractor shall promptly and without delay provide to the County, upon the written request of the County or its authorized representatives, access to and the right to examine, audit, excerpt, copy, or transcribe any and all transactions, activities, or records relating to any of its employees who have provided services to the County under this Contract, including without limitation, records relating to work performed by said employees on the Contractor's non-County contracts. The Contractor further acknowledges that the foregoing requirement in this subsection X.4 relative to Contractor's employees who have provided services to the County under this Contract is for the purpose of enabling the County in its discretion to verify the Contractor's full compliance with and adherence to California labor laws and the County's Living Wage Program. All such materials and information, including, but not limited to, all financial records, bank statements, cancelled checks or other proof of payment, timecards, sign-in/sign-out sheets, other time and employment records, and proprietary data and information shall be kept and maintained by the Contractor and shall be made available to the County during the term of this Contract and for a period of five years thereafter unless the County's written permission is given to dispose of any such materials and information prior to such time. All such materials and information shall be maintained by the Contractor at a location in the County, provided that if any such materials and information is located outside the County, then, at the County's option, the Contractor shall pay the County for travel, per diem, and other costs incurred by the County to examine, audit, excerpt, copy, or transcribe such materials and information at such other location.

Y. Validity

If any portion, provision, or part of this Contract is held, determined or adjudicated to be invalid, unenforceable, or void for any reason whatsoever, each such portion, provision, or part shall be severed from the remaining portions, provisions, or parts of this Contract, and (to the extent allowed by law) shall not affect the validity or enforceability of such remaining portions, provisions, or parts.

Z. Waiver

No waiver by the County of any breach of any provision of this Contract shall constitute a waiver of any other breach of such provision. Failure of the County to enforce at anytime, or from time to time, any provision of this Contract shall not be construed as a waiver thereof. The rights and remedies set forth in this paragraph shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

AA. Default and Termination

1. Default

a. The County may, subject to the provisions of subsection c (pertaining to defaults of subcontractors) below, by written notice of default to the Contractor, terminate the whole or any part of this Contract in any one of the following circumstances:

ii. If the Contractor fails to perform the work within the time specified herein or any extension thereof; or

iii. If the Contractor fails to perform any of the other provisions of this Contract or so fails to make progress as to endanger performance of this Contract in accordance with its terms, and in either of these two circumstances does not cure such failure within a period of five working days (or such longer period as the County may authorize in writing) after receipt of notice from the County specifying such failure.

b. In the event the County terminates this Contract in whole or in part pursuant to this subsection, the County may procure, upon such terms and in such manner as the County may deem appropriate, goods and services similar to those so terminated, and the Contractor shall be liable to the County for any excess costs for such similar goods and services, provided that the Contractor shall continue the performance of this Contract to the extent not terminated under the provisions of this clause.

c. Except with respect to defaults of subcontractors, the Contractor shall not be liable for any excess costs if the failure to perform this Contract arises out of causes beyond the control and without the fault or negligence of the Contractor. Such causes may include, but are not restricted to, acts of God or of the public enemy, acts of the County in either its sovereign or contractual capacity, acts of the Federal or State government in its sovereign capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight

embargoes, and unusually severe weather; but in every case, the failure to perform must be beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a subcontractor, and if such default arises out of causes beyond the control of both the Contractor and subcontractor, and without the negligence of either of them, the Contractor shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery schedule.

d. If, after Notice of Termination of this Contract under the provisions of this clause, it is determined for any reason that the Contractor was not in default under the provisions of this clause or the default was excusable under the provisions of this clause, the rights and obligations of the parties shall be the same as if the Notice of Termination had been issued pursuant to this Exhibit's Section 2.AA.3, Termination for Convenience.

e. The rights and remedies of the County provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

Reports, samples, and other materials prepared by the Contractor under this Contract shall be delivered to the County upon request and shall become the property of the County.

4. Termination for Breach of Warranty to Maintain Compliance with County's Child Support Requirements

Failure of the Contractor to maintain compliance with the requirements set forth in this Exhibit's Section 2.F, "Contractor's Warranty of Adherence to County's Child Support Compliance Program" shall constitute a default by the Contractor under this Contract. Without limiting the rights and remedies available to the County under any other provision of this Contract, failure to cure such default within 90 calendar days of notice by the Los Angeles County Child Support Services Department shall be grounds upon which the Board may terminate this Contract pursuant to Paragraph AA.1 "Default," of this Section 2, and debar the Contractor pursuant to County Code Chapter 2.202.

4. The Board or the County's Chief Administrative Officer may require the addition and/or change of certain contract terms and conditions during the term of this Contract. d. Should the County discover that any products, goods, supplies, or other personal property sold or supplied by the Contractor to the County are produced in violation of any international child labor conventions, the Contractor shall immediately provide an alternative, compliant source of supply.

2. Failure by the Contractor to comply with provisions of this clause will be grounds for immediate cancellation of this Contract.

SECTION 4

INDEMNIFICATION AND INSURANCE REQUIREMENTS

A. Independent Contractor Status

This Contract is by and between the County and the Contractor and is not intended, and shall not be construed, to create the relationship of agent, servant, employee, partnership, joint venture, or association between the County and the Contractor.

The Contractor understands and agrees that all persons furnishing services to the County pursuant to this Contract are, for all purposes, including, but not limited to, Workers' Compensation liability, employees solely of the Contractor and not of the County.

The Contractor shall bear the sole responsibility and liability for furnishing Workers' Compensation and all other benefits required by law to any person for injuries arising from or connected with services performed on behalf of the Contractor pursuant to this Contract.

B. Indemnification

The Contractor shall indemnify, defend, and hold harmless the County, its Special Districts, elected and appointed officers, employees, and agents from and against any and all liability, including, but not limited to, demands, claims, actions, fees, costs, and expenses of any nature whatsoever (including attorney and expert witness fees), arising from or connected with the Contractor's acts and/or omissions arising from and/or relating to this Contract, including, but not limited to, claims or damages for property damage, personal injury, death, claims, or damages under the Comprehensive Environmental Response, Compensation, and Liability Act, the California Health & Safety Code or pursuant to any Federal, State, or local environmental law, regulation or mandate, administrative or judicial. The Contractor shall not be obligated to indemnify the County for the active negligence of the County.

C. Workplace Safety Indemnification

In addition to and without limiting the indemnification required by Section 4, Paragraph B (above), and to the extent allowed by law, the Contractor agrees to defend, indemnify and hold harmless the County, its Special Districts, officers, employees, and agents from and against any and all investigations, complaints, citations, liability, expense (including defense costs and legal fees), claims, and/or causes of action for damages of any nature whatsoever, including, but not limited to, injury or death to employees of the Contractor, its subcontractors or the County, attributable to any alleged act or omission of the Contractor and/or its subcontractors which is in violation of any Cal/OSHA regulation. The obligation to defend, indemnify the County, and hold harmless includes all investigations and

proceedings associated with purported violations of Section 336.10 of Title 8 of the California Code of Regulations pertaining to multiemployer worksites. The Contractor shall not be obligated to indemnify for liability and expenses arising from the active negligence of the County. The County may deduct from any payment otherwise due the Contractor any costs incurred or anticipated to be incurred by the County, including legal fees and staff costs, associated with any investigation or enforcement proceeding brought by Cal/OSHA arising out of the work being performed by the Contractor under this Contract.

D. General Insurance Requirements

Without limiting the Contractor's indemnification of the County and during the term of this Contract, the Contractor shall provide and maintain, and shall require all of its subcontractors to maintain, the following programs of insurance specified in this Contract. Such insurance shall be primary to and not contributing with any other insurance or self-insurance programs maintained by the County, and such coverage shall be provided and maintained at the Contractor's own expense.

2. Evidence of Insurance - Certificate(s) or other evidence of coverage satisfactory to the County shall be delivered to Administrative Services Division, P.O. Box 1460, Alhambra, California 91802-1460, prior to commencing work under this Contract. Such certificates or other evidence shall:

   e. Identify any deductibles or self-insured retentions for the County's approval. The County retains the right to require the Contractor to reduce or eliminate such deductibles or self-insurance retentions as they apply to the County or require the Contractor to provide a bond guaranteeing payment of all such retained losses and related costs, including, but not limited to, expenses or fees, or both, related to investigations, claims administrations, and legal defense. Such bond shall be executed by a corporate surety licensed to transact business in the State of California.

3. Insurer Financial Rating - Insurance is to be provided by an insurance company acceptable to the County with an A. M. Best rating of not less than A:VII, unless otherwise approved by the County.

4. Failure to Maintain Coverage - Failure by the Contractor to maintain the required insurance, or to provide evidence of insurance coverage acceptable to the County, shall constitute a material breach of contract upon which the County may immediately terminate or suspend the Contract. The County, at its sole option, may obtain damages from the Contractor resulting from said breach. Alternatively, the County may purchase such required insurance coverage, and without further notice to the Contractor, the County may deduct from sums due to the Contractor any premium costs advanced by the County for such insurance.

5. Notification of Incidents, Claims, or Suits - The Contractor shall report to the County's Contract Manager:

   a. Any accident or incident relating to work performed under the Contract which involves injury or property damage which may result in the filing of a claim or lawsuit against the Contractor and/or the County. Such report shall be made in writing within 24 hours of occurrence.

   b. Any third-party claim or lawsuit filed against the Contractor arising from or related to work performed by the Contractor under this Contract.

F. Insurance Coverage Requirements for Subcontractors

The Contractor shall ensure any and all subcontractors performing services under this Contract meet the insurance requirements of this Contract by either:

1. Contractor providing evidence of insurance covering the activities of subcontractor; or

2. Contractor providing evidence submitted by subcontractors evidencing that subcontractors maintain the required insurance coverage. The County retains the right to obtain copies of evidence of subcontractor insurance coverage at any time.

G. Insurance Coverage Requirements

SECTION 5

CONTRACTOR RESPONSIBILITY AND DEBARMENT

A. A responsible Contractor is a Contractor who has demonstrated the attribute of trustworthiness as well as quality, fitness, capacity, and experience to satisfactorily perform the contract. It is the County's policy to conduct business only with responsible contractors.

B. The Contractor is hereby notified that, in accordance with Chapter 2.202 of the County Code, if the County acquires information concerning the performance of the Contractor on this or other contracts which indicates that the Contractor is not responsible, the County may, in addition to other remedies provided in the Contract, debar the Contractor from bidding or proposing on, or being awarded, and/or performing work on County contracts for a specified period of time, which generally will not exceed five years but may exceed five years or be permanent if warranted by the circumstances, and terminate any or all existing contracts the Contractor may have with the County.

C. The County may debar a contractor if the Board finds, in its discretion, that the Contractor has done any of the following: (1) violated any term of a contract with the County or a nonprofit corporation created by the County; (2) committed any act or omission which negatively reflects on the Contractor's quality, fitness, or capacity to perform a contract with the County, any other public entity, or a nonprofit corporation created by the County, or engaged in a pattern or practice which negatively reflects on same; (3) committed an act or offense which indicates a lack of business integrity or business honesty; or (4) made or submitted a false claim against the County or any other public entity.

D. If there is evidence that the Contractor may be subject to debarment, Public Works will notify the Contractor in writing of the evidence, which is the basis for the proposed debarment and will advise the Contractor of the scheduled date for a debarment hearing before the Contractor Hearing Board.

E. The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Contractor and/or the Contractor's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, the Contractor Hearing Board will prepare a proposed decision, which shall contain a recommendation regarding whether the Contractor should be debarred, and, if so, the appropriate length of time of the debarment. The Contractor and Public Works shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board.

F. After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision, and any other recommendation of the Contractor Hearing Board shall be presented to the Board. The Board shall have

the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.

G. If a contractor has been debarred for a period longer than five years, that contractor may, after the debarment has been in effect for at least five years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. The County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that the contractor has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership or management; (3) material evidence discovered after debarment was imposed; or (4) any other reason that is in the best interests of the County.

H. The Contractor Hearing Board will consider a request for review of a debarment determination only where (1) the Contractor has been debarred for a period longer than five years; (2) the debarment has been in effect for at least five years; and (3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, the Contractor Hearing Board will provide notice of the hearing on the request. At the hearing, the Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by the Contractor Hearing Board pursuant to the same procedure as for a debarment hearing.

The Contractor Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing Board shall present its proposed decision and recommendation to the Board. The Board shall have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.

I. These terms shall also apply to subcontractors of the Contractor.

SECTION 6

CONTRACTOR EMPLOYEE JURY SERVICE PROGRAM

A. Contract Subject to Jury Service Program

This Contract is subject to the provisions of the County's ordinance entitled Contractor Employee Jury Service (Jury Service Program) as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code.

B. Written Employee Jury Service Policy

1. Unless the Contractor has demonstrated to the County's satisfaction either that the Contractor is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of the County Code) or that the Contractor qualifies for an exception to the Jury Service Program (Section 2.203.070 of the County Code), the Contractor shall have and adhere to a written policy that provides that its employees shall receive from the Contractor, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that employee deposit any fees received for such jury service with the Contractor or that the Contractor deducts from the employee's regular pay the fees received for jury service.

2. For purposes of this Section, "Contractor" means a person, partnership, corporation, or other entity, which has a contract with the County or a subcontract with a County contractor and has received or will receive an aggregate sum of $50,000 or more in any 12-month period under one or more County contracts or subcontracts. "Employee" means any California resident who is a full-time employee of the Contractor. "Full-time" means 40 hours or more worked per week, or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by the County, or 2) Contractor has a long-standing practice that defines the lesser number of hours as full-time. Full-time employees providing short-term, temporary services of 90 days or less within a 12-month period are not considered full-time for purposes of the Jury Service Program. If the Contractor uses any subcontractor to perform services for the County under this Contract, the subcontractor shall also be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract agreement and a copy of the Jury Service Program shall be attached to the agreement.

3. If the Contractor is not required to comply with the Jury Service Program when this Contract commences, the Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and the Contractor shall immediately notify the County if the Contractor at any time either comes within the Jury Service Program's definition of "Contractor" or if the Contractor no longer qualifies for an

exception to the Program. In either event, the Contractor shall immediately implement a written policy consistent with the Jury Service Program. The County may also require, at any time during this Contract and at its sole discretion, that the Contractor demonstrate to the County's satisfaction that the Contractor either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that the Contractor continues to qualify for an exception to the Program.

4. The Contractor's violation of this Section of the Contract may constitute a material breach of the Contract. In the event of such material breach, the County may, in its sole discretion, terminate this Contract and/or bar the Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach.

SECTION 7

LOCAL SMALL BUSINESS ENTERPRISE PREFERENCE PROGRAM

A. This Contract is subject to the provisions of the County's ordinance entitled Local Small Business Enterprise Preference Program, as codified in Chapter 2.204 of the Los Angeles County Code.

B. The Contractor shall not knowingly and with the intent to defraud, fraudulently obtain, retain, attempt to obtain or retain, or aid another in fraudulently obtaining or retaining or attempting to obtain or retain certification as a Local Small Business Enterprise.

C. The Contractor shall not willfully and knowingly make a false statement with the intent to defraud, whether by affidavit, report, or other representation, to a County official or employee for the purpose of influencing the certification or denial of certification of any entity as a Local Small Business Enterprise.

D. If the Contractor has obtained County certification as a Local Small Business Enterprise by reason of having furnished incorrect supporting information or by reason of having withheld information, and which knew, or should have known, the information furnished was incorrect or the information withheld was relevant to its request for certification, and which by reason of such certification has been awarded this Contract to which it would not otherwise have been entitled, shall:

1. Pay to the County any difference between the contract amount and what the County's costs would have been if the contract had been properly awarded;

2. In addition to the amount described in subdivision (1), be assessed a penalty in an amount of not more than 10 percent of the amount of the contract; and

3. Be subject to the provisions of Chapter 2.202 of the Los Angeles County Code (Determinations of Contractor Nonresponsibility and Contractor Debarment).

E. The above penalties shall also apply if the Contractor is no longer eligible for certification as a result of a change of its status and the Contractor failed to notify the State and the County's Office of Affirmative Action Compliance of this information.

SECTION 8

SAFELY SURRENDERED BABY LAW PROGRAM

A. Notice to Employees Regarding the Safely Surrendered Baby Law

The Contractor shall notify and provide to its employees, and shall require each subcontractor to notify and provide to its employees, a fact sheet regarding the Safely Surrendered Baby Law, its implementation in Los Angeles County, and how to safely surrender a baby. The fact sheet is set forth in Exhibit D of this Contract and is also available on the Internet at www.babysafela.org for printing purposes.

B. Contractor's Acknowledgment of County's Commitment to the Safely Surrendered Baby Law

The Contractor acknowledges that the County places a high priority on the implementation of the Safely Surrendered Baby Law. The Contractor understands that it is the County's policy to encourage all County contractors to voluntarily post the County's "Safely Surrendered Baby Law" poster in a prominent position at the Contractor's place of business. The Contractor will also encourage its subcontractors, if any, to post this poster in a prominent position in the subcontractor's place of business. The County's Department of Children and Family Services will supply the Contractor with the poster to be used.

SECTION 9

COMPLIANCE WITH LIVING WAGE PROGRAM

A. Living Wage Program

This Contract is subject to the provisions of the County's ordinance entitled Living Wage Program as codified in Sections 2.201.010 through 2.201.100 of the Los Angeles County Code, a copy of which is attached hereto as Form LW-1 and incorporated by reference into and made a part of this Contract.

B. Payment of Living Wage Rates

1. Unless Contractor has demonstrated to the County's satisfaction either that Contractor is not an "employer" as defined under the Program (Section 2.201.020 of the County Code) or that Contractor qualifies for an exception to the Living Wage Program (Section 2.201.090 of the County Code), Contractor shall pay its employees no less than the applicable hourly living wage rate, as set forth immediately below, for the employees' services provided to the County, including, without limitation, "travel time" as defined below in subsection 5 of this Section 9.B under this Contract:

   a. Not less than $11.84 per hour if, in addition to the per-hour wage, Contractor contributes less than $2.20 per hour towards the provision of bona fide health care benefits for its employees and any dependents; or

   b. Not less than $9.64 per hour if, in addition to the per-hour wage, Contractor contributes at least $2.20 per hour towards the provision of bona fide health care benefits for its employees and any dependents. Contractor will be deemed to have contributed $2.20 per hour towards the provision of bona fide health care benefits if the benefits are provided through the County Department of Health Services Community Health Plan. If, at any time during this Contract, Contractor contributes less than $2.20 per hour towards the provision of bona fide health care benefits, Contractor shall be required to pay its employees the higher hourly living wage rate.

2. For purposes of this Section, "Contractor" includes any subcontractor engaged by Contractor to perform services for the County under this Contract. If Contractor uses any subcontractor to perform services for the County under this Contract, the subcontractor shall be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract agreement and a copy of the Living Wage Program shall be attached to the agreement. "Employee" means any individual who is an employee of Contractor under the laws of California, and who is providing full-time services to Contractor, some or all of which

are provided to the County under this Contract. "Full-time" means a minimum of 40 hours worked per week, or a lesser number of hours, if the lesser number is a recognized industry standard and is approved as such by the County; however, fewer than 35 hours worked per week will not, in any event, be considered full-time.

3. If Contractor is required to pay a living wage when this Contract commences, Contractor shall continue to pay a living wage for the entire term of this Contract, including any option period.

4. If Contractor is not required to pay a living wage when this Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exemption status" from the living wage requirement. Contractor shall immediately notify County if Contractor at any time either comes within the Living Wage Program's definition of "employer", or if Contractor no longer qualifies for an exception to the Living Wage Program. In either event, Contractor shall immediately be required to commence paying the living wage and shall be obligated to pay the living wage for the remaining term of this Contract, including any option period. The County may also require, at any time during this Contract and at its sole discretion, that Contractor demonstrate to the County's satisfaction that Contractor either continues to remain outside of the Living Wage Program's definition of "employer" and/or that Contractor continues to qualify for an exception to the Living Wage Program. Unless Contractor satisfies this requirement within the time frame permitted by the County, Contractor shall immediately be required to pay the living wage for the remaining term of this Contract, including any option period.

5. For purposes of the Contractor's obligation to pay its employees the applicable hourly living wage rate under this Contract, "travel time" shall have the following two meanings, as applicable: 1) with respect to travel by an employee that is undertaken in connection with this Contract, travel time shall mean any period during which an employee physically travels to or from a County facility if the Contractor pays the employee any amount for that time or if California law requires the Contractor to pay the employee any amount for that time; and 2) with respect to travel by an employee between County facilities that are subject to two different contracts between the Contractor and the County (of which both contracts are subject to the Living Wage Program), travel time shall mean any period during which an employee physically travels to or from, or between such County facilities if the Contractor pays the employee any amount for that time or if California law requires the Contractor to pay the employee any amount for that time.

C. Contractor's Submittal of Certified Monitoring Reports

1. Contractor shall submit to the County certified monitoring reports at a frequency instructed by the County. The certified monitoring reports shall list

all of Contractor's employees during the reporting period. The certified monitoring reports shall also verify the number of hours worked, the hourly wage rate paid, and the amount paid by Contractor for health benefits, if any, for each of its employees. The certified monitoring reports shall also state the name and identification number of Contractor's current health care benefits plan, and Contractor's portion of the premiums paid as well as the portion paid by each employee. All certified monitoring reports shall be submitted on forms provided by the County, or any other form approved by the County which contains the above information. The County reserves the right to request any additional information it may deem necessary. If the County requests additional information, Contractor shall promptly provide such information. Contractor, through one of its officers, shall certify under penalty of perjury that the information contained in each certified monitoring report is true and accurate.

D. Contractor's Ongoing Obligation to Report Labor Law/Payroll Violations and Claims

During the term of this Contract, if the Contractor becomes aware of any labor law/payroll violations or any complaint, investigation, or proceeding ("claim") concerning any alleged labor law/payroll violation (including, but not limited to, any violation or claim pertaining to wages, hours, and working conditions such as minimum wage, prevailing wage, living wage, the Fair Labor Standards Act, employment of minors, or unlawful employment discrimination), the Contractor shall immediately inform the County of any pertinent facts known by the Contractor regarding the same. This disclosure obligation is not limited to any labor law/payroll violation or claim arising out of the Contractor's contract with the County, but instead applies to any labor law/payroll violation or claim arising out of any of the Contractor's operation in California.

E. County Auditing of Contractor Records

1. Upon a minimum of 24 hours' written notice, the County may audit, at Contractor's place of business, any of Contractor's records pertaining to this Contract, including all documents and information relating to the certified monitoring reports.

2. Contractor is required to maintain all such records in California until the expiration of four years from the date of final payment under this Contract. Authorized agents of the County shall have access to all such records during normal business hours for the entire period that records are to be maintained.

F. Notifications to Employees

Contractor shall place County-provided living wage posters at each of Contractor's place of business and locations where Contractor's employees are working. Contractor shall also distribute County-provided notices to each of its employees at

least once per year. Contractor shall translate into Spanish and any other language spoken by a significant number of employees the posters and handouts.

G. Enforcement and Remedies

1. If Contractor fails to comply with the requirements of this Section, the County shall have the rights and remedies described in this Section in addition to any rights and remedies provided by law or equity.

2. Remedies For Submission of Late or Incomplete Certified Monitoring Reports: If Contractor submits a certified monitoring report to the County after the date it is due, or if the report submitted does not contain all of the required information, is inaccurate, or is not properly certified, any such deficiency shall constitute a breach of this Contract. In the event of any such breach, the County may, in its sole discretion, exercise any or all of the following rights/remedies:

   a. Withholding of Payment: If Contractor fails to submit accurate, complete, timely, and properly certified monitoring reports, the County may withhold from payment to Contractor up to the full amount of any invoice that would otherwise be due, until Contractor has satisfied the concerns of the County, which may include required submittal of revised certified monitoring reports or additional supporting documentation.

   b. Liquidated Damages: It is mutually understood and agreed that Contractor's failure to submit an accurate, complete, timely, and properly certified monitoring report will result in damages being sustained by the County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time. The liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, in the event that a certified monitoring report is deficient, including, but not limited to, being late, inaccurate, incomplete, or uncertified, it is agreed that the County may, in its sole discretion, assess against Contractor liquidated damages in the amount of $100 per monitoring report for each day until the County has been provided with a properly prepared, complete, and certified monitoring report. The County may deduct any assessed liquidated damages from any payments otherwise due to Contractor.

   c. Termination: Contractor's failure to submit an accurate, complete, timely, and properly certified monitoring report may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.

3. Remedies for Payment of Less Than the Required Living Wage: If Contractor fails to pay any employee at least the applicable hourly living wage rate, such deficiency shall constitute a breach of this Contract. In the event of any such breach, the County may, in its sole discretion, exercise any or all of the following rights/remedies:

   a. Withholding Payment: If Contractor fails to pay one or more of its employees at least the applicable hourly living wage rate, the County may withhold from any payment otherwise due to Contractor the aggregate difference between the living wage amounts Contractor was required to pay its employees for a given pay period and the amount actually paid to the employees for that pay period. The County may withhold said amount until Contractor has satisfied the County that any underpayment has been cured, which may include required submittal of revised certified monitoring reports or additional supporting documentation.

   b. Liquidated Damages: It is mutually understood and agreed that Contractor's failure to pay any of its employees at least the applicable hourly living wage rate will result in damages being sustained by the County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time. The liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, it is agreed that the County may, in its sole discretion, assess against Contractor liquidated damages of $50 per employee per day for each and every instance of an underpayment to an employee. The County may deduct any assessed liquidated damages from any payments otherwise due to Contractor.

   c. Termination: Contractor's failure to pay any of its employees the applicable hourly living wage rate may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.

4. Debarment: In the event Contractor breaches a requirement of this Section, the County may, in its sole discretion, bar Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach, not to exceed three years.

H. Use of Full-Time Employees

Contractor shall assign and use full-time employees of Contractor to provide services under this Contract unless Contractor can demonstrate to the satisfaction of the County that it is necessary to use non-full-time employees based on staffing

efficiency or County requirements for the work to be performed under this Contract. It is understood and agreed that Contractor shall not, under any circumstance, use non-full-time employees for services provided under this Contract unless and until the County has provided written authorization for the use of same. Contractor submitted with its proposal a full-time-employee staffing plan. If Contractor changes its full-time-employee staffing plan, Contractor shall immediately provide a copy of the new staffing plan to the County.

I. Contractor Retaliation Prohibited

Contractor and/or its employees shall not take any adverse action which would result in the loss of any benefit of employment, any contract benefit, or any statutory benefit for any employee, person, or entity who has reported a violation of the Living Wage Program to the County or to any other public or private agency, entity, or person. A violation of the provisions of this paragraph may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.

J. Contractor Standards

During the term of the Contract, Contractor shall maintain business stability, integrity in employee relations, and the financial ability to pay a living wage to its employees. If requested to do so by the County, Contractor shall demonstrate to the satisfaction of the County that Contractor is complying with this requirement.

K. Neutrality in Labor Relations

Contractor shall not use any consideration received under this Contract to hinder or to further the organization of, collective bargaining activities by or on behalf of Contractor's employees, except that this restriction shall not apply to any expenditure made in the course of good faith collective bargaining, to any expenditure pursuant to obligations incurred under a bona fide collective bargaining agreement, or which would otherwise be permitted under the provisions of the National Labor Relations Act.

- Notice 797, Possible Federal Tax Refund Due to the Earned Income Credit (EIC).
- Your written statement with the same wording as Notice 797.

If you are required to give Form W-2 and do so on time, no further notice is necessary if the Form W-2 has the required information about the EIC on the back of the employee's copy. If a substitute Form W-2 is given on time but does not have the required information, you must notify the employee within 1 week of the date the substitute Form W-2 is given. If Form W-2 is required but is not given on time, you must give the employee Notice 797 or your written statement by the date Form W-2 is required to be given. If Form W-2 is not required, you must notify the employee by February 7, 2006.

You must hand the notice directly to the employee or send it by First-Class Mail to the employee's last known address. You will not meet the notification requirements by posting Notice 797 on an employee bulletin board or sending it through office mail. However, you may want to post the notice to help inform all employees of the EIC. You can get copies of the notice by calling 1-800-829-3676, or from the IRS website at www.irs.gov.

How Will My Employees Know If They Can Claim the EIC?
The basic requirements are covered in Notice 797. For more detailed information, the employee needs to see the 2005 instructions for Form 1040, 1040A, 1040EZ, or Pub. 596, Earned Income Credit (EIC).

How Do My Employees Claim the EIC?
Eligible employees claim the EIC on their 2005 tax return. Even employees who have no tax withheld from their pay or owe no tax can claim the EIC and get a refund, but they must file a tax return to do so. For example, if an employee has no tax withheld in 2005 and owes no tax but is eligible for a credit of $799, he or she must file a 2005 tax return to get the $799 refund.

How Do My Employees Get Advance EIC Payments?
Eligible employees who expect to have a qualifying child for 2006 can get part of the credit with their pay during the year by giving you a completed Form W-5, Earned Income Credit Advance Payment Certificate. You must include advance EIC payments with wages paid to these employees, but the payments are not wages and are not subject to payroll taxes. Generally, the payments are made from withheld income, social security, and Medicare taxes. For details, see Pub. 15 (Circular E), Employer's Tax Guide.

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents to give up their baby confidentially. As long as the baby has not been abused or neglected, parents may give up their newborn without fear of arrest or prosecution.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially and safely give up a baby within three days of birth. The baby must be handed to an employee at a Los Angeles County emergency room or fire station. As long as the child shows no signs of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, workers will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their newborns within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

In most cases, a parent will bring in the baby. The law allows other people to bring in the baby if they have legal custody.

Does the parent have to call before bringing in the baby?

No. A parent can bring in a baby anytime, 24 hours a day, 7 days a week so long as the parent gives the baby to someone who works at the hospital or fire station.

Does a parent have to tell anything to the people taking the baby?

No. However, hospital personnel will ask the parent to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the child. Although encouraged, filling out the questionnaire is not required.

What happens to the baby?

The baby will be examined and given medical treatment, if needed. Then the baby will be placed in a pre-adoptive home.

What happens to the parent?

Once the parent(s) has safely turned over the baby, they are free to go.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned by their parents and potentially being hurt or killed. You may have heard tragic stories of babies left in dumpsters or public bathrooms. The parents who committed these acts may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had nowhere to turn for help, they abandoned their infants. Abandoning a baby puts the child in extreme danger. It is also illegal. Too often, it results in the baby's death. Because of the Safely Surrendered Baby Law, this tragedy doesn't ever have to happen in California again.

A baby's story

At 8:30 a.m. on Thursday, July 25, 2002, a healthy newborn baby was brought to St. Bernardine Medical Center in San Bernardino under the provisions of the California Safely Surrendered Baby Law. As the law states, the baby's mother did not have to identify herself. When the baby was brought to the emergency room, he was examined by a pediatrician, who determined that the baby was healthy and doing fine. He was placed with a loving family while the adoption process was started.

Every baby deserves a chance for a healthy life. If someone you know is considering abandoning a newborn, let her know there are other options.

It is best that women seek help to receive proper medical care and counseling while they are pregnant. But at the same time, we want to assure parents who choose not to keep their baby that they will not go to jail if they deliver their babies to safe hands in any Los Angeles County hospital ER or fire station.

¿Qué es la Ley de Entrega de Bebés Sin Peligro?

La Ley de Entrega de Bebés Sin Peligro de California permite a los padres entregar a su recién nacido confidencialmente. Siempre que el bebé no haya sufrido abuso ni negligencia, padres pueden entregar a su recién nacido sin temor a ser arrestados o procesados.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura, dentro de los tres días del nacimiento. El bebé debe ser entregado a un empleado de una sala de emergencias o de un cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazalete y el padre/madre recibirá un brazalete igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden empezar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles, al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

En la mayoría de los casos, los padres son los que llevan al bebé. La ley permite que otras personas lleven al bebé si tienen la custodia legal del menor.

¿Los padres deben llamar antes de llevar al bebé?

No. El padre/madre puede llevar a su bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, mientras que entregue a su bebé a un empleado del hospital o de un cuartel de bomberos.

¿Es necesario que el padre/madre diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital le pedirá que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para los cuidados que recibirá el bebé. Es recomendado llenar este cuestionario, pero no es obligatorio hacerlo.

¿Qué ocurrirá con el bebé?

El bebé será examinado y, de ser necesario, recibirá tratamiento médico. Luego el bebé se entregará a un hogar preadoptivo.

¿Qué pasará con el padre/madre?

Una vez que los padres hayan entregado a su bebé en forma segura, serán libres de irse.

¿Por qué California hace esto?

La finalidad de la Ley de Entrega de Bebés Sin Peligro es proteger a los bebés del abandono por parte de sus padres y de la posibilidad de que mueran o sufran daños. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Es posible que los padres que cometieron estos actos hayan estado atravesando dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus recién nacidos porque tenían miedo y no tenían adonde recurrir para obtener ayuda. El abandono de un recién nacido lo pone en una situación de peligro extremo. Además es ilegal. Muy a menudo el abandono provoca la muerte del bebé. Ahora, gracias a la Ley de Entrega de Bebés Sin Peligro, esta tragedia ya no debe suceder nunca más en California.

Historia de un bebé

A las 8:30 a.m. del jueves 25 de julio de 2002, se entregó un bebé recién nacido saludable en el St. Bernardine Medical Center en San Bernardino, en virtud de las disposiciones de la Ley de Entrega de Bebés Sin Peligro. Como lo establece la ley, la madre del bebé no se tuvo que identificar. Cuando el bebé llegó a la sala de emergencias, un pediatra lo revisó y determinó que el bebé estaba saludable y no tenía problemas. El bebé fue ubicado con una buena familia, mientras se iniciaban los trámites de adopción.

Cada recién nacido merece una oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele qué otras opciones tiene.

Es mejor que las mujeres busquen ayuda para recibir atención médica y asesoramiento adecuado durante el embarazo. Pero al mismo tiempo, queremos asegurarles a los padres que optan por no quedarse con su bebé que no irán a la cárcel si dejan a sus bebés en buenas manos en cualquier sala de emergencia de un hospital o en un cuartel de bomberos del Condado de Los Angeles.

FUEL PRICE ADJUSTMENTS

IF CONTRACTOR PURCHASES FUEL AT MARKET PRICES AT TIME OF PROPOSAL:

The Director may adjust 12 percent of the unit rate of compensation set forth in Form PW-2, Schedule of Prices based on the increase or decrease in the fuel price published in the Official Energy Statistics from the United States Department of Energy website at <http://tonto.eia.doe.gov/dnav/pet/pet_pri_gnd_dcus_sca_m.htm> for Gasoline - All Grades (Regular) for California, and at <http://tonto.eia.doe.gov/dnav/pet/pet_pri_prop_dcu_r50_m.htm> for Propane (LPG) using West Coast (PADD 5) "Sales For Resale," as appropriate to the vehicle used, beginning on the month of this Contract's start date and thereafter at each successive six month interval (interval may differ), which shall be the effective date for any such fuel adjustment. The percentage change in the fuel price shall be obtained using the fuel prices published three months preceding the proposal submission date and the fuel price published three months preceding each effective date of the adjustment.

However, when the percentage increase or decrease in the fuel price is less than 5 percent, no fuel adjustment will be granted. In the event the fuel adjustment is granted, the fuel adjustment (increase or decrease) will be added to or subtracted from, as applicable, the unit rate of compensation to establish the adjusted unit rate of compensation. A sample calculation is included in Exhibit G.

Public Works shall be permitted to audit the Contractor's fuel usage, fuel costs, and fuel procurement methods for the vehicles used in providing these services and the Contractor shall provide records pertaining to its fuel costs upon the County's request.

IF THE CONTRACTOR HAS A LONG TERM AGREEMENT TO PURCHASE FUEL AT A FIXED PRICE FOR A MULTI-YEAR PERIOD AT TIME OF PROPOSAL:

The Director may adjust 12 percent of the unit rate of compensation set forth in Form PW-2, Schedule of Prices based on the increase or decrease in the negotiated fuel price during the term of this Contract, whenever there is a renegotiation of the Contractor's fuel prices with the fuel suppliers. The Contractor agrees to provide Public Works with a copy of its current long-term fuel purchasing agreements and each new fuel agreement, whenever the(se) agreement(s) is/are renegotiated during the term of this Contract. Such copies, when marked "Confidential" by the Contractor, shall be treated by the County as confidential in accordance with the California Public Records Act. The percentage change in the fuel price shall be obtained using the fuel prices listed in the long-term agreement on the proposal submission date and whenever there is a change in the long-term fuel price.

FUEL PRICE ADJUSTMENTS

However, when the percentage increase or decrease in the fuel price is less than 5 percent, no fuel adjustment will be granted. In the event the fuel adjustment is granted, the fuel adjustment (increase of decrease) will be added to or subtracted from, as applicable, the unit rate of compensation to establish the adjusted unit rate of compensation. A sample calculation is included in Exhibit G.

Public Works shall be permitted to audit the Contractor's fuel usage, fuel costs, and fuel procurement methods for the vehicles used in revenue service and the Contractor shall provide records pertaining to its fuel costs upon the County's request.

SAMPLE CALCULATION OF THE FUEL ADJUSTMENT

Purchasing Fuel at Market Prices

Following sample data will be used to calculate sample calculation of fuel adjustment
Unit Rate from PW-2, Schedule of Prices: $15.00
Proposal due date: February 2007
Contract start date: July 2007

Fuel Adjustment (FA) Component for Propane price:

Propane (On-Highway) - May 2007	245.02 cents per gallon
Propane (On-Highway) - April 2007	293.23 cents per gallon
Percent change in Propane (On-Highway)	19.7% increase

Adjusted Unit Rate (FA component):
= (12% of unit rate)* x (Percent change in Propane Price)
= [(12%) x ($15.00)] x (19.7%)
= ($1.80) x (19.7%)
= $0.35 Fuel Adjustment (increase)

Adjusted Unit Rate for July 2007
$15.00 + $0.35 = $15.35

Purchasing Fuel Under Long-Term Fuel Supply Agreement

Unit Rate from PW-2, Schedule of Prices: $15.00
Proposal due date: February 2007 (Long-Term Fuel Price: $2.00 per gallon)
Contract start date: July 2007
Renegotiation of Fuel Price: September 2007 (renegotiated price is $2.25 per gallon)

Fuel Adjustment (FA) Component for Contract price:

February 2007	200.00 cents per gallon
Renegotiated Price in September 2007	225.00 cents per gallon
Percent change in Diesel (long-term price)	12.5% increase

Adjusted Unit Rate (FA component):
= (12% of unit rate) x (Percent change in price)
= [(12%) x ($15.00)] x (12.5%)
= ($1.80) x (12.5%)
= $0.23 Fuel Adjustment (increase)

Adjusted Unit Rate for September 2007

COMPANY BACKGROUND

Nationwide Environmental Services (NES), a division of Joe's Sweeping, Inc., was founded in 1968 by Joe Samuelian to provide parking lot sweeping services. Joe's mission statement at the time was "To provide quality sweeping services utilizing the latest state-of-the-art equipment and creating the highest level of customer service available." From a single sweeper company to a fleet of more than 70 sweeping and cleaning vehicles, serving over 40 municipalities, that mission statement is as true today as it was over 35 years ago.

Our extensive fleet of sweeping and cleaning vehicles continues to maintain municipalities, residential communities (HOA), business parks, parking facilities, construction sites, and various unified school districts. Our current contracts cover street sweeping services within the greater Los Angeles area, and the surrounding areas of Orange County, Ventura, San Bernardino, and Riverside with populations ranging from 10,000 to 200,000.

Our high level of customer service along with our reputation of providing quality services has been acknowledged by WorldSweeper.com who has featured NES as the 'Contractor of the Month' for December 2006. NES was selected from over 5,000 U.S. sweeping contractors. In addition, NES was one of the first sweeping companies to attain the status of Certified Sweeping Contractor in the nation through the north american Power Sweeping association (naPSa). (See Additional Information)

Our clean, efficient street sweeping services enhance a community's appearance. NES provides consistent and thorough sweeping services, thereby, ensuring a cleaner environment in which to reside and work. This type of environment promotes community pride and helps increase property values.

At NES we realize the importance of a clean and dependable fleet. Our vehicles are routinely cleaned and inspected which allows us to consistently present a positive image. Our truck mechanics are highly qualified and every driver is a trained professional. Everyone at NES is dedicated to keeping our fleet on the road and on time. Our motto is "Service First," which ensures, you the client, when a NES truck is in your community it is serious about keeping your community clean.

Our dedicated staff is committed to serving the community in the most environmental, safe, and efficient manner possible. We take great pride in our fleet and we make certain our customers and residents are satisfied with our sweeping performance.

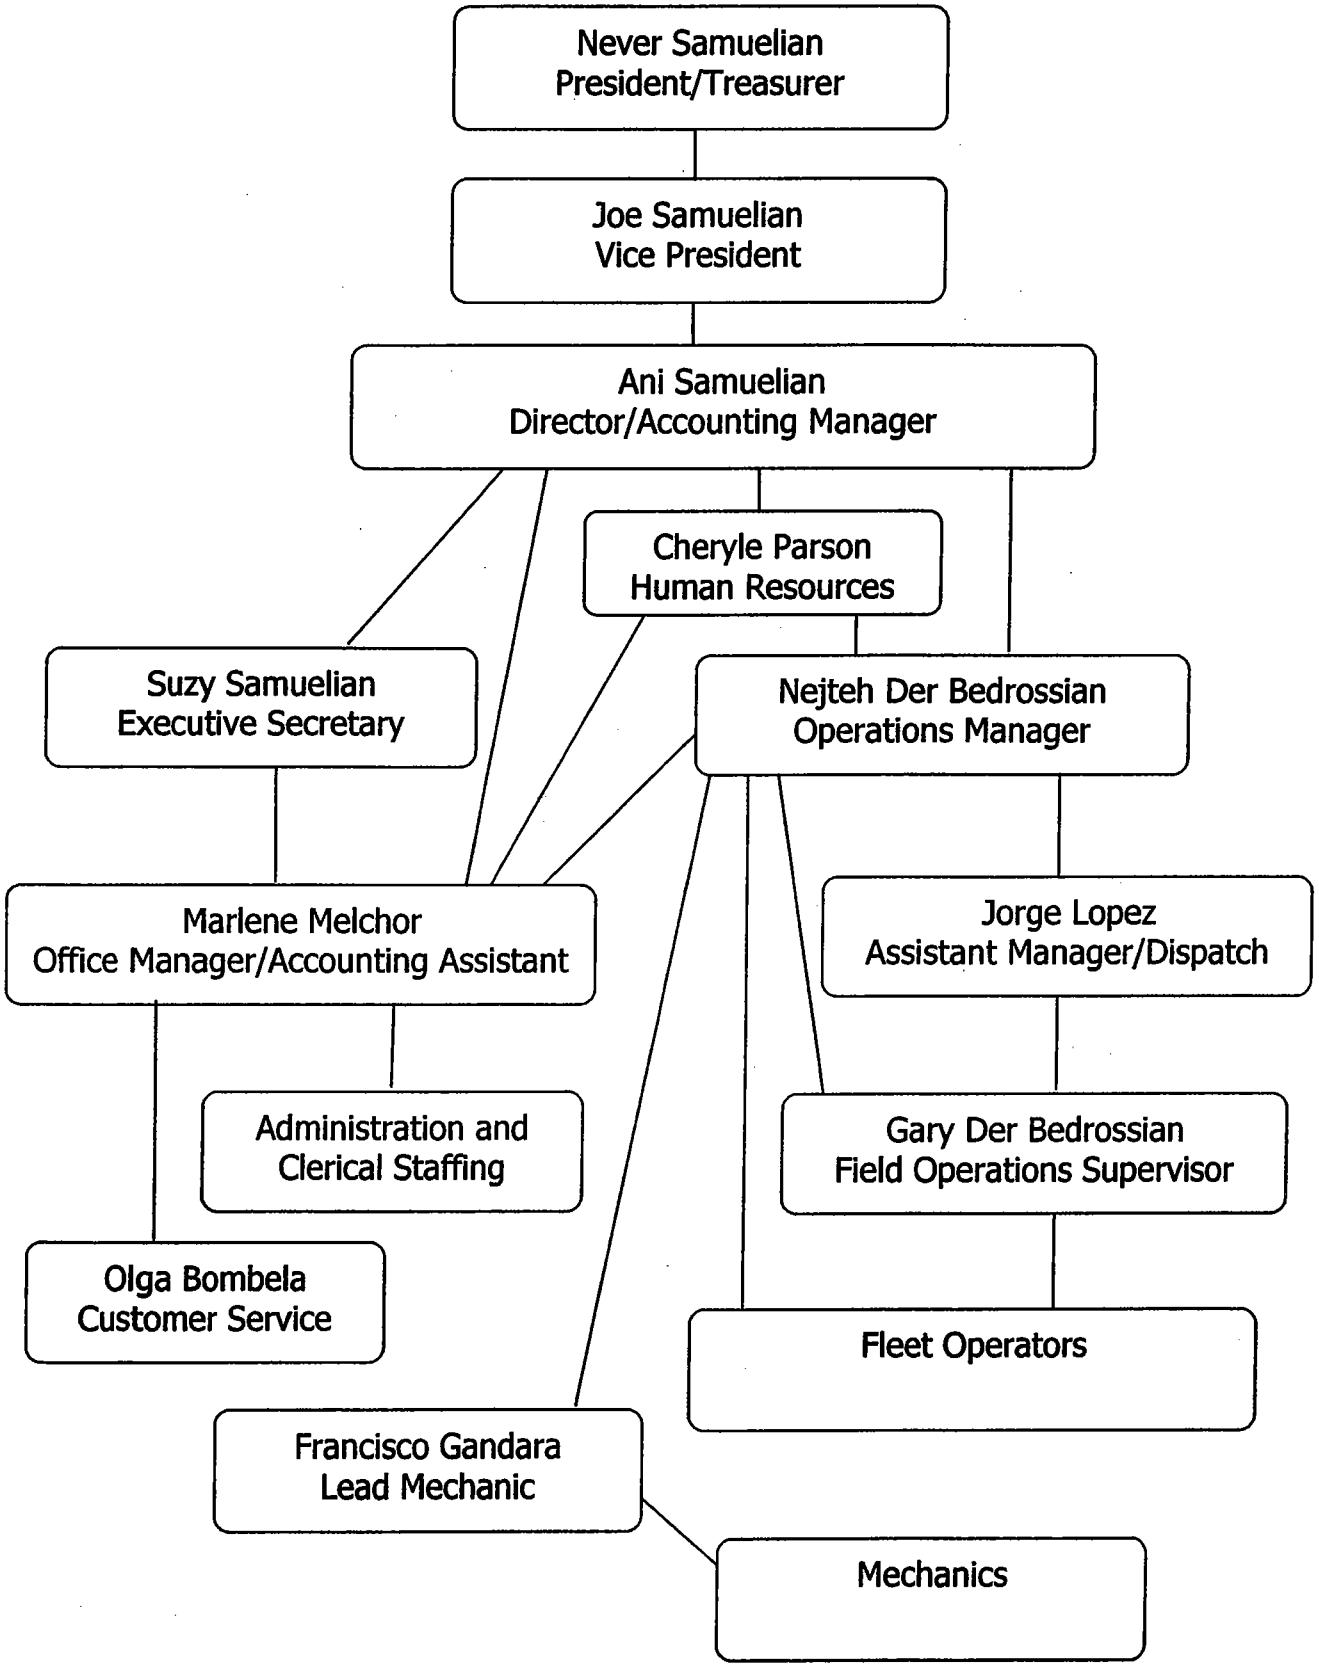
ORGANIZATIONAL CHART



EXPERIENCE

NES is currently under contract with over 40 municipalities in which six are street sweeping contracts with the County of Los Angeles. Furthermore, NES is the current street sweeping contractor for South Whittier, West Whittier, Marina Del Rey and Valinda/Hacienda Heights; therefore, NES is well aware of the scope of services in these areas.

NES employs a state-of-the-art 24 hours-a-day dispatch service should the need for re-sweeping or emergency requests arise. Moreover, NES has a fleet of over 70 sweeping and cleaning vehicles which are in excellent condition and maintained on a daily basis.

NES employs a staff of over 60 street sweeper operators which are experienced and dedicated in keeping the environment clean and free of debris. Our employees wear company issued uniforms, which we believe is just one step to preventing possible injury due to loose or unacceptable clothing attire. It is our company's policy to provide our employees with proper safety training, therefore, all employees attend regularly scheduled company safety meetings to ensure proper safety standards are being met for a safe work place. To assist NES in employee communication, all employees are equipped with digital two-way radios which allows NES the capability of communicating with its employees at any given time, thus, allowing NES to respond promptly to events and possible emergencies. NES meets all the regulatory requirements of all Federal, State and Local laws.

All company managers and supervisors have been employed with NES for over 15 years. They understand the importance of quality work and they make sure each and every employee is well trained to provide excellent services to our customers. Moreover, we schedule group and individual meetings on a regular basis to evaluate our employees' performances and discuss any issues that need to be addressed.

PERSONNEL

NES maintains a drug-free workplace and employs a staff of over 60 sweeper operators including back-up personnel. This method of employing back-up sweeper operators allows NES to manage personnel changes without sacrificing the quality of service to any one of our customers.

At NES, employees are trained and competent to assure quick response along with professional services. Nonetheless, employees are knowledgeable about correct sweeping practices; therefore, they sweep each route according to the contract specifications and provide high quality services, *a basic standard of NES.*

NES provides 24/7 on-call street sweeping dispatch services, thus allowing us to respond immediately to emergencies or requests for service. Our customer service representatives offer immediate action to requests and complaints with follow-up responses within minutes. Employees are equipped with digital two-way radios which allows NES the capability of communicating with its employees.

Work Description

Nationwide Environmental Services (NES) general work plan to meet street sweeping requirements for Azusa/Covina/Claremont, South Whittier, West Whittier, Marina Del Rey, and Valinda/Hacienda Heights incorporates a well-managed administration and operational structure supported by interdepartmental team work. NES' operations manager will meet with County representatives to examine and evaluate the sweeping schedule according to contract specifications and schedules.

NES will sweep all public streets, paved alleys and curbed medians within the Project limits as indicated in Exhibits E.1 through E.4. Our primary objective is to remove all leaves, paper, dirt, rocks, glass, bottles, cans and other debris to ensure free flow of water in the gutter and to maintain streets in a state of cleanliness. NES provides consistent and thorough sweeping services, thereby, ensuring not only a cleaner environment in which to reside and work, but additionally, assists communities in diverting debris from storm drain systems. The diversion of debris is an important step in meeting NPDES (National Pollutant Discharge Elimination System) mandates.

Furthermore, employees are experienced, trained and expected to make a "Clean Sweep" (i.e., passes required to eliminate debris from all areas) of all streets. Employees fully understand their responsibilities and debris not picked up by the street sweeper will be hand swept by the driver before leaving the area. Employees will be driving at speeds of not more than six miles per hour in Azusa/Covina/Claremont, Valinda/Hacienda Heights, Marina Del Rey and not more than eight miles per hour in South and West Whittier.

All debris and refuse collected from street sweeping will be hauled to a legally established disposal facility at no additional cost to the County. NES will furnish all water necessary for sweeping operations to minimize dust.

Parking Lot Sweeping – Marina Del Rey

In addition to sweeping streets, curbed medians and paved alleys, NES will also sweep public parking lots operated by the County of Los Angeles Department of Beaches and Harbors in Marina Del Rey (designated as parking lots 1 through 19). Sweeping speed in the parking lots will not exceed six miles per hour.

Work Schedule

Upon award, NES will prepare a complete sweeping schedule for all locations and will submit the schedule to the contract manager for approval. The schedule will include the curb miles, paved alley miles, alleys and the medians to be swept as well as the daily starting time. In addition, NES will submit a route map showing streets, alleys and medians to be swept each day and will adhere to the following guidelines:

1. Streets that have parking restrictions will be swept only during the posted day and hour.
2. Streets will not be swept on the same day as trash pick-up. Whenever feasible, sweeping will be performed the day after trash pick-up, except one to days after trash pick-up for Valinda/Hacienda Heights.
3. Streets adjacent to schools and commercial developments will be swept prior to 7:00 a.m. or such time as daily public activities start.
4. Streets adjacent to apartments, condominiums or other areas where all night street parking is prevalent will be swept after 8:00 a.m.
5. Major highways will not be swept during peak traffic hours.
6. Residential areas will not be swept prior to 7:00 a.m. or after 3:30 p.m.
7. Street sweeping will be scheduled so that both sides of a street are not swept in the same day, unless the Contract Manager directs us to do so.

Alternate Day Sweeping

Streets in Valinda/Hacienda Heights, Azusa/Covina/Claremont and West Whittier will be swept on an alternate day sweeping schedule. NES will sweep 2 sides of a street on 2 separate and consecutive days.

Within 30 days after notification of award, NES will provide a finalized and working alternate day sweeping schedule at no additional cost to the County.

Inspection/Quality Control

Upon award, NES will designate a primary and alternative Quality Control Representative to implement a quality control plan. The representative will routinely inspect and monitor the work to ensure compliance with the plans, specifications and approved sweeping schedules.

Employees are required to complete detailed daily logs which are reviewed by management. Moreover, supervisors are in the field everyday to monitor and inspect the sweeping performance of each vehicle and driver. Weekly management meetings are scheduled with the executive staff to ensure optimum coordination and address and resolve any concerns.

Equipment Compliance, Laws and Regulations

NES is in compliance with all applicable laws and regulations, including, but not limited to all Air Quality Management District (AQMD) regulations. All equipment utilized for sweeping services are compliant with AQMD Rules 1186 and 1186.1. In the event of a mechanical breakdown of an alternate-fuel street sweeper, NES will comply with AQMD Rule 430.

Street sweepers are maintained daily, both mechanically and in appearance. All street sweepers will be clearly marked with our company name, phone number and vehicle number. Sweeper operators will be equipped with two-way radios and cellular phones.

In addition, all street sweepers will be equipped with GPS tracking systems (Teletrac) which will be capable of reporting real time data.

Reports

NES will submit reports to the Contract Manager on the second working day of each week for the previous week, indicating the following for each location:

1. Curb miles and paved alley miles swept each day.
2. Scheduled curb miles and paved alley miles swept and areas missed.
3. When missed areas were swept.
4. Number of complaints received each day.
5. Reasons scheduled sweeping was not performed or completed as scheduled.
6. Waste tonnage summary reports and copies of receipts.

Contractor's Representative

Before starting work, NES will designate, in writing, a representative and alternate representative who will have authority to act on behalf of the company. All company representatives will be able to speak, read and write the English language.

Additional Sweeping/Inclement Weather/Holidays

NES will provide additional sweeping of any street and alley within the areas shown on the plans at any time when ordered by the Contract Manager. The additional sweeping will be invoiced at the price per curb mile or paved alley mile, as appropriate. The method of payment may be determined by the Contract Manager.

If inclement weather prevents adherence to the regular sweeping schedule for two days or less in a given week, NES will sweep the affected areas prior to the next sweeping schedule, if ordered by the Contract Manager.

When a holiday or observance as specified in the Government Code of the State of California occurs on a regular scheduled sweeping day and the subject sweeping area is not swept, upon approval from the Contract Manager, NES will sweep the affected areas within two working days of the regular scheduled sweeping day without interruption of the regular sweeping schedule.

City Incorporation

In the event any areas to be swept under this contract attain incorporation as a City, NES will continue to sweep the streets and alleys shown on the contract plans at the contract's unit price per curb mile until the termination date of the contract or as directed by the County.

Communication and Complaints

NES will provide the County with a telephone answering service and a toll free telephone number, from 7:30 a.m. to 4:30 p.m., Monday through Friday, except legal holidays.

Complaints brought to our attention prior to 3:00 p.m. will be investigated and resolved that same day and complaints brought to our attention after 3:00 p.m. will be investigated and resolved before noon on the following day. In addition, sweeper operators are trained to contact the office at the end of their shift to determine if any complaints were logged; if so, the employee would immediately rectify the issue before returning to NES. Complaint forms will be filled out for each complaint including the steps taken to resolve the complaint.

Safety Requirements

NES will observe all applicable Cal/OSHA and Public Works safety requirements. In addition, NES will comply with all Federal, State, and local occupational safety regulations. NES will provide all safeguards, safety devices and protective equipment to provide a safe service area. A Project Safety Official who is familiar with NES' Injury and Illness Prevention Program and Code of Safe Practices will be assigned to the project.

SUBCONTRACTORS

There will be no subcontractors used.

If you believe the Jury Service Program does not apply to your business, check the appropriate box in Part I (you must attach documentation to support your claim). If the Jury Service Program applies to your business, complete Part II to certify compliance with the Program. Whether you complete Part I or Part II, sign and date this form.

Part I: Jury Service Program Is Not Applicable to My Business

☐ My business does not meet the definition of "contractor," as defined in the Program as it has not received an aggregate sum of $50,000 or more in any 12-month period under one or more County contracts or subcontracts (this exception is not available if the contract/purchase order itself will exceed $50,000). I understand that the exception will be lost and I must comply with the Program if my revenues from the County exceed an aggregate sum of $50,000 in any 12-month period.

☐ My business is a small business as defined in the Program. It 1) has ten or fewer employees; and, 2) has annual gross revenues in the preceding twelve months which, if added to the annual amount of this contract, are $500,000 or less; and, 3) is not an affiliate or subsidiary of a business dominant in its field of operation, as defined below. I understand that the exemption will be lost and I must comply with the Program if the number of employees in my business and my gross annual revenues exceed the above limits.

"Dominant in its field of operation" means having more than ten employees, including full-time and part-time employees, and annual gross revenues in the preceding twelve months, which, if added to the annual amount of the contract awarded, exceed $500,000.

"Affiliate or subsidiary of a business dominant in its field of operation" means a business which is at least 20 percent owned by a business dominant in its field of operation, or by partners, officers, directors, majority stockholders, or their equivalent, of a business dominant in that field of operation.

☐ My business is subject to a Collective Bargaining Agreement that expressly provides that it supersedes all provisions of the Program. **ATTACH THE AGREEMENT.**

Part II: Certification of Compliance

☒ My business has and adheres to a written policy that provides, on an annual basis, no less than five days of regular pay for actual jury service for full-time employees of the business who are also California residents, or my company will have and adhere to such a policy prior to award of the contract.

I declare under penalty of perjury under the laws of the State of California that the information stated above is true and correct.

** Minimum cost for health insurance is $2.20/hour if hourly wage rate is between $9.64 and $11.84, unless exemption from Living Wage requirements has been granted by the County.

This cost methodology is to show, in detail, how the Proposer arrived at the proposed contract price. This methodology is to reflect employee classifications to be used (e.g., landscape maintenance laborer, working supervisor, etc.); hours to be worked daily, weekly, and annually by each classification; hourly and annual wages to be paid to each classification; estimated annual payroll taxes; estimated annual allowances for vacation, sick, holiday, health and welfare, and pension. Proposer's costs for insurance, supplies, equipment, overhead, and any other miscellaneous costs are to be shown as requested. These costs, plus the gross labor costs and projected profit, should total to the Proposer's annual price as quoted in Form PW-2, Schedule of Prices.
