Subject: Los Angeles County Token Program for the Indigent

Mr. Bookhammer:

Just as an FYI: Shortly after 3 pm today, I received another update from DPSS on the funding scenario for FY 2007-08. DPSS staff has informed me that the costs of the Los Angeles County Token Program for the Indigent Program will be offset by funds from the Food Stamp Employment and Training program and net County costs. They had previously indicated that it would be fully from net County Costs.
