## SACRAMENTO UPDATE

### Governor's Final Actions of the Regular Legislative Session

On Sunday, October 14, 2007, Governor Arnold Schwarzenegger completed work on the balance of bills that had been sent to his desk for consideration. The Governor vetoed approximately 22 percent of the 965 bills sent to him this year. The final disposition of County-advocacy legislation acted upon over the weekend is reported below.

### Status of County-Advocacy Legislation

**County-opposed AB 81 (Torrico)**, which would have raised the age at which an infant can be safely surrendered from 72 hours to seven days, was vetoed by the Governor on October 13, 2007. The Governor's veto message stated concerns raised by the County and Supervisor Knabe that current law already works and expanding the timeframe would cause greater risks to infants by keeping them in an unsafe environment.

**County-supported AB 98 (Niello)**, which will require the State to pay 50 percent of the wages for CalWORKs participants engaged in subsidized employment, was signed by the Governor on October 13, 2007 and becomes effective January 1, 2008.

**County-supported AB 298 (Maze)**, which facilitates permanency for children placed under legal guardianship with a relative caregiver, was signed by the Governor on October 12, 2007 and becomes effective January 1, 2008.

**County-supported AB 335 (de León)**, which will allow victims of domestic violence requesting CalWORKs Homeless Assistance to provide a sworn statement in lieu of a third-party documentation to verify that their homelessness is directly related to domestic violence, was signed by the Governor on October 14, 2007 and becomes effective January 1, 2008.

**County-opposed AB 739 (Laird)**, which will establish criteria by which the State Water Resources Control Board and the Department of Water Resources awards grants for stormwater management projects funded by a portion of the proceeds of Proposition 1E flood bonds and Proposition 84 resources bonds, was signed by the Governor on October 13, 2007 and becomes effective January 1, 2008.

**County-supported AB 1010 (Hernandez)**, which will extend the sunset date of the San Gabriel Basin Water Quality Authority from July 1, 2010 to July 1, 2017, was signed by the Governor on October 10, 2007 and becomes effective January 1, 2008.

**County-supported AB 1324 (De La Torre)**, which clarifies that a health maintenance organization or health insurer that authorizes treatment by a provider is prohibited from rescinding or modifying the authorization after the provider renders treatment for any reason, including subsequent cancellation or modification of the patient's contract, or upon determination that the patient's eligibility was not assessed accurately, was signed by the Governor on October 14, 2007 and becomes effective January 1, 2008.

**County-supported AB 1382 (Leno)**, which would eliminate the fingerprint imaging requirement for Food Stamp-only applicants and maintain it for the CalWORKs and food stamp with General Relief applicants, was vetoed by the Governor on October 14, 2007. In his veto message, the Governor indicated that "the bill provides for increased fraud and abuse without guaranteeing increased participation in the program as intended by the legislation."

**County-supported AB 1470 (Huffman)**, which will enact the Solar Water Heating and Efficiency Act of 2007 establishing a new gas utility surcharge to fund a 10-year, \$250 million program to subsidize the installation of solar hot water heaters to offset the need for natural gas, was signed by the Governor on October 12, 2007 and becomes effective January 1, 2008.

**County-supported AB 1481 (De La Torre and Krekorian)**, which will require the State Water Resources Control Board (WRCB), on or before July 31, 2009, to establish general discharge permits for landscape irrigation projects utilizing recycled water for which the State Department of Public Health has set recycling criteria, and will authorize the WRCB to establish a reasonable schedule of fees to reimburse the WRCB for the costs it incurs in adopting and administering the general permit, was signed by the Governor on October 12, 2007 and becomes effective January 1, 2008.

**County-supported SB 120 (Padilla)**, which would have required that all chain restaurants in the State with 15 or more outlets provide nutritional information that included the total number of calories, grams of saturated and trans fats, and milligrams of sodium for each item on standard menus, was vetoed by the Governor on October 14, 2007. The Governor's veto message stated that while he supports providing consumers with information to make healthy food choices, SB 120 would have placed burdens and costs upon some restaurant owners, but not on all of them.

**County-supported SB 184 (Alquist and Correa)**, which will revise the way a local entity may be reimbursed by the State for advance expenditures on a transportation project contained in the State Transportation Improvement Program (STIP) by: 1) limiting the reimbursement to projects programmed in the current year of the STIP; 2) requiring the local or regional entity to request an allocation from the California Transportation Commission (CTC) within 12 months of its first expenditure of local funds on a qualified project; 3) requiring the CTC to approve the project for future allocation should there be insufficient funds in the State Highway Account to allocate to a project; and 4) prohibiting the CTC from establishing a timeframe limiting reimbursement to a local or regional agency, was signed by the Governor on October 11, 2007 and becomes effective January 1, 2008.

**County-supported SB 220 (Corbett)**, which enhances the regulatory process administered by the California Department of Public Health (CDPH) governing water dispensed from water vending machines and the labeling requirements for bottled water, was signed by the Governor on October 13, 2007 and becomes effective January 1, 2008.

**County-opposed SB 275 (Cedillo)**, which would have prohibited specified hospitals from transporting a patient to a location other than the patient's residence with their informed consent, except when a patient is lawfully transferred to another health facility, was vetoed by Governor on October 14, 2007. The Governor's veto message stated that while he opposes patient dumping and believes that hospitals which engage in this behavior should be held accountable, current Federal and State laws already sanction

hospitals with the potential loss of funding and licensure for violating licensing or certification requirements.

**County-supported SB 776 (Vincent)**, which allows county child welfare agencies to exchange criminal record clearances when a child in foster care moves with a relative or non-relative extended family caretaker from one county to another, was signed by the Governor on October 13, 2007 and becomes effective January 1, 2008.

**County-supported SB 990 (Kuehl)**, which will require as a condition for any sale, lease, or sublease, or transfer of any land presently or formerly occupied by the Santa Susana Field Laboratory, also known as Rocketdyne, that the Director of Toxic Substances Control certify that the land has undergone complete remediation pursuant to specified protective standards, and would authorize the Department of Toxic Substance Control to compel a responsible party or parties to take or pay for appropriate removal or remediation action necessary to protect public health and safety and the environment at the Susana Field Laboratory site in Ventura County, was signed by the Governor on October 12, 2007 and becomes effective January 1, 2008.

**County-opposed SB 1001 (Perata)**, which would reduce the membership of regional water quality control boards from nine to seven at-large Governor-appointed members and completely restructure the composition of those boards, eliminating the members representing county and municipal government, was vetoed by the Governor on October 14, 2007. In his veto message the Governor indicated that "current law requires Regional Water Board seats to be filled by local government officials and citizens with expertise in the fields of water conservation, fish and wildlife, agriculture, and industrial water use. This bill eliminates that expertise in favor of a broad set of qualifications for Regional Water Board members. In the absence of a broader analysis of the operations and interaction between the Regional and State water boards, it is unclear how this change improves the implementation of California's water quality laws or ensures balance on Regional Water Boards."

**County-supported SB 1002 (Perata)**, which would appropriate a total of \$610.9 million in funding from Proposition 1E (2006), Proposition 84 (2006) and Proposition 50 (2002) to the Department of Water Resources and the State Department of Public Health for a variety of water projects, particularly related to the Sacramento-San Joaquin Delta, was vetoed by the Governor on October 14, 2007. In his veto message the Governor indicated that "this bill would fund many worthy programs and I would sign it as part of a comprehensive plan to address California's growing water crisis. However, other critical elements were not addressed in this bill, such as storage and conveyance, and without them this bill represents the same piecemeal approach that led us to the current crisis."

AB 13	Brownley, Leno	Oppose (State Update: 7/6/07)	Would require hospitals to adopt a plan or procedure for determining the staffing of professional and technical classifications. The failure to maintain, review annually, or to comply with a plan or procedure would be deemed by the California Department of Health Services to constitute staffing that has the potential to harm patients.	Senate Inactive File
AB 29	Hancock	Support if Amended (State Update: 4/20/07)	Would require the Department of Housing and Community Development to use funds allocated from Proposition 1C to make infrastructure grants for construction or acquisition of capital assets to qualifying local jurisdictions. This bill addresses: 1) the legislative conditions and criteria for receiving funds from the Regional Planning, Housing, and Infill Incentive Account; 2) project qualification requirements; 3) application review; and 4) the time-limit to complete projects for the \$850 million set aside in Proposition 1C for infill development related activities. AB 70	Jones	No Position	NOW: Was recently amended to narrow the circumstances which would subject local governments to joint liability with the State with respect to failed flood control projects.	Chapter 367 of 2007
		Oppose (State Update: 4/20/07)	PREVIOUSLY: Still did the same but was limited to apply only to flood control projects within the Sacramento and San Joaquin watersheds.	
		Oppose (State Update: 4/11/07)	INITIALLY: Would have subjected a local public entity to joint liability and the State's right of compensation to the extent that the local public entity increased the amount of property damage sustained in a flood by approving new development in a previously undeveloped area, defined as open space land or land devoted to agricultural use.	

<u>BILL</u>	<u>AUTHOR</u>	<u>POSITION</u>	<u>SUBJECT</u>	<u>STATUS</u>
AB 81	Torrice	Oppose (State Update: 9/7/07)	NOW: Was recently amended to change the time to safely surrender a newborn from 21 days of age to 7 days.	Vetoed

		Oppose (State Update: 6/6/07)	PREVIOUSLY: Still did the same but was amended to delete the \$5 million appropriation to conduct a statewide campaign to publicize the existence of safe surrender sites.	
		Oppose Unless Amended to delete language that increases the safe surrender time frame from 72 hours to 30 days (State Update: 3/6/07)	INITIALLY: Would have: 1) extended the timeframe to safely surrender a newborn from 72-hours to 30 days; 2) allowed cities to designate fire departments as safe surrender sites as long as they have consulted with county boards of supervisors and child welfare agencies; and 3) provided \$5 million to the California Department of Social Services to conduct a statewide awareness campaign to publicize the safe surrender program and establish a toll-free telephone number to provide information regarding safe surrender sites.	
AB 97	Mendoza	Support (State Update: 4/17/07)	Would limit the use of trans fat by retail food facilities. It would require every food facility except a public school cafeteria to maintain on their premises the labeling information for any food or additive used that includes any fat, oil, or shortening. Effective January 1, 2010, it would prohibit the storage, distribution, serving, or use of any oil, shortening or margarine that contains artificial trans fat, except for the deep frying of yeast dough and cake batter. Beginning January 1, 2011, the use of artificial trans fat for deep frying yeast dough and cake batter also would be prohibited. These restrictions would not apply to food in public school cafeterias or sold in a manufacturer's original, sealed package. This bill would not prohibit a local governing body from adopting a local ordinance that is more stringent than these requirements. This is a two-year bill.	Senate Floor

AB 213	Fuentes	Oppose (State Update: 7/31/07)	Would eliminate the employer's right to object to the venue for the filing of an application for adjudication of claims with the Workers' Compensation Appeals Board. AB 298	Maze	Support (State Update: 4/27/07)	Would facilitate permanency for children placed under legal guardianship with a relative caregiver by: 1) specifying that a relative caregiver's preference for legal guardianship over adoption may not constitute a basis for removing the child from relative caretaker for an adoptive placement; 2) making placement with a relative caregiver as the legal guardian the second option in the order of preference for courts considering child placement; and 3) requiring courts, prior to termination of a legal guardianship, to order the child welfare agency to evaluate whether the child can safely remain or be returned to the guardian's home and if appropriate, offer reunification or family maintenance services to maintain the legal guardianship. 		Oppose (State Update: 7/6/07)	INITIALLY: Would have enhanced temporary disability benefits for sworn and non-sworn government employees. Under current law, temporary disability payments are limited to 104 weekly payments over a two-year period. In addition, certain safety officers are eligible to take up to one-year leave of absence without loss of pay subsequent to a job-related injury.	
AB 340	Hancock	Support (State Update: 3/23/07)	Would establish the Unified Resources Families Assessment Pilot Project in five volunteer counties selected by the California Department of Social Services (CDSS). The pilot project would merge multiple, duplicative processes for licensing and approving relatives, foster families and adoptive parents who care for abused and neglected children. AB 644	Dymally	Oppose (State Update: 4/20/07)	NOW: Was amended to place limits on a physician conducting an evaluation of the treatment of services requested for a client injured during work related activities by requiring the reviewing physician to hold an identical type of license to that of the prescribing doctor.	Assembly Insurance
		Oppose (State Update: 3/21/07)	PREVIOUSLY: Would have amended the Labor Code to require that physicians performing utilization review of the medical treatment on a workers' compensation case have an "intimate knowledge" of the issues presented for review. Further, it would have required the reviewing physician to look at the treatment requested by the treating physician and not the specialty of practice.	
AB 671	Beall	Support (State Update: 5/4/07)	Would require the State Personnel Board to establish an Emancipated Foster Youth Program to provide state employment opportunities for qualified foster youth or former foster youth.	Senate Appropriations Suspense File
AB 713	Maze, Bass	County-sponsored	Would cite legislative intent to provide enhanced services and financial support to assist youth between the ages of 18 and 21 years to successfully emancipate from foster care. This is a two-year bill.	Assembly Desk

Assembly Appropriations Suspense File
AB 822	Levine	Support (State Update: 6/11/07)	Would require the State Department of Forestry and Fire Protection in consultation with the California Urban Forestry Council, to award the \$90 million from Proposition 84 for grants to public and non-profit organizations for urban greening. The State Department of Forestry and Fire Protection, in consultation with the California Urban Forestry Council, would oversee urban greening planning, set priorities and policy direction, and provide technical assistance, program evaluation and funding.	Assembly Environmental Safety and Toxic Materials
AB 832	Bass	Support (State Update: 6/11/07)	Would specify the purposes for expending \$90 million in Proposition 84 funds for an urban greening program. Projects that address workforce infrastructure needs within low-income communities and municipal infrastructure improvements would be eligible. Priority would be given to projects that address workforce infrastructure needs in low-income communities and collaborative proposals that result in energy and water savings. AB 845	Bass	Support (State Update: 4/27/07)	Would appropriate \$10.525 million in FY 2006-07 to fully fund the Transitional Housing Program Plus (THP-Plus) in FY 2006-07, which would provide services for approximately 500 more former foster youth statewide. The Human Services Budget Trailer Bill, SB 84 which was signed by the Governor on August 24, 2007, appropriates \$35.7 million for THP-Plus of which \$10.525 million may be used to cover costs incurred in FY 2006-07.	Failed Passage on the Senate Floor
AB 904	Feuer	Support (Board Action: 6/5/07)	Would phase out the use of food packaging that cannot be recycled or composted in communities where it is distributed.	Assembly Inactive File

<u>BILL</u>	<u>AUTHOR</u>	<u>POSITION</u>	<u>SUBJECT</u>	<u>STATUS</u>
AB 1010	Hernandez	Support (State Update: 6/15/07)	Would extend the sunset date of the San Gabriel Basin Water Quality Authority from July 1, 2010 to July 1, 2017. AB 1010 would also require: 1) the Authority to provide quarterly updates on its website on the management and remediation plan beginning on April 1, 2008; 2) the Authority to submit status reports every six months beginning March 31, 2008 on plan activities to the State Water Resources Control Board (WRCB) and the Los Angeles Regional Water Quality Control Board; and 3) the WRCB, in consultation with the regional board, to provide a report on the Authority's progress.	Chapter 404 of 2007
AB 1053	Nuñez	No Position	NOW: Was recently amended to delete all appropriations and add to the definition of "eligible applicant" a city, county, city and county, public housing authority, or redevelopment agency that applies for funding jointly with an owners' association for a business or property improvement district that includes a qualifying infill area. Appropriations for Proposition 1C were included in the Housing Trailer Bill (SB 86).	Chapter 692 of 2007
		Support and Amend (State Update: 7/9/07)	PREVIOUSLY: Was amended to expand the definition of a qualifying infill project to include census-designated places with a population density of at least 2,500 residents per square mile. In addition, a dollar for dollar grant match provision was eliminated in favor of a requirement that the relevant legislative body make a finding that the funds are necessary for the economic viability and feasibility of the project and the improvements are of general community benefit.	
		Oppose Unless Amended (State Update: 6/28/07)	INITIALLY: Would have provided for the allocation of \$850 million Affordable Housing Initiative Fund contained in the Housing and Emergency Shelter Trust Fund Act of 2006 (Proposition 1C). However, the \$450 million in funding to be transferred to HCD would have been available to qualifying cities and counties and would have narrowly limited a "qualifying infill project" to those located within an incorporated city. Thus, the bill would have precluded an unincorporated community from qualifying for the competitive grant program.	
AB 1062	Ma	County-sponsored	Would enhance the CalWORKs Homeless and Housing Assistance Program by creating a time-limited rental subsidy for certain qualified CalWORKs families. This is a two-year bill.	Senate Appropriations Suspend File

AB 1073	Nava	No Position	NOW: Was recently amended to expand the limit on post surgical and rehabilitative services to persons injured in the course of his or her employment and would focus this expansion to post-surgical rehabilitative services.	Chapter 621 of 2007
		Oppose (State Update: 3/21/07)	PREVIOUSLY: Would have amended the Labor Code to expand the number of chiropractic, occupational therapy and physical therapy treatment sessions available to workers for industrial injuries. It would also have limited the reviews of treatment utilization to physicians licensed in California.	
AB 1114	Eng	Support (State Update: 6/15/07)	Would create the San Gabriel Basin Restoration Fund in the State Treasury. Upon appropriation to the California Environmental Protection Agency (CalEPA), funding is deposited for allocation to the San Gabriel Basin Water Quality Authority for projects that address groundwater contamination in the basin. The Secretary for CalEPA would serve as the Fund custodian and funds allocated to the Authority would be available without regard to fiscal years for projects located within the boundaries of the Authority.	Assembly Appropriations Suspense File
AB 1207	Smyth	Oppose (Board Action: 4/10/07)	Would: 1) require the California Integrated Waste Management Board (CIWMB) to develop regulations for the land application of biosolids by July 1, 2009; 2) require the standards to be uniform statewide; 3) prohibit a local governmental entity from enacting any ordinance or regulation that is contrary or inconsistent to the CIWMB's regulations on the land application of biosolids; and 4) void any existing or future local ordinance or regulation that contradicts the CIWMB's regulations regarding the composting and disposal of biosolids.	Assembly Natural Resources
AB 1231	Garcia	Support if Amended (State Update: 4/20/07)	Would require the Department of Housing and Community Development to use funds allocated from Proposition 1C to make infrastructure grants for construction or acquisition of capital assets to qualifying local jurisdictions. This bill addresses: 1) the legislative conditions and criteria for receiving funds from the Regional Planning, Housing, and Infill Incentive Account; 2) project qualification requirements; 3) application review; and 4) the time-limit to complete projects for the \$850 million set aside in Proposition 1C for infill development related activities.	Assembly Housing and Community Development

<u>BILL</u>	<u>AUTHOR</u>	<u>POSITION</u>	<u>SUBJECT</u>	<u>STATUS</u>
AB 1233	Galgiani	Support (State Update: 4/24/07)	Would require the State Librarian to establish and maintain an online homework assistance program through State Public Libraries. It would also mandate that the online homework assistance program be offered free of charge to all students in the State, and subject to appropriation of funds in the Budget Act, would grant \$3 million annually to the State library for program implementation.	Assembly Appropriations
AB 1252	Caballero	No Position	Now: Would rename the Urban Park Act of 2006 to the Statewide Park Development and Community Revitalization Act of 2007. Would declare Legislative intent to make \$400 million available, upon appropriation, to the State Department of Parks and Recreation to award competitive grants to the most park needy communities statewide. Would authorize local entities and non-profit organizations to apply for local assistance program grants for both neighborhood parks and regional parks and trails.
