

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Your Board approved the current three-year Agreement on December 6, 2005 (No. 75458) to authorize the County, through the Fire District, to provide fire protection services to over 487,636 acres of State Responsibility Area (SRA) in the County from July 1, 2005 through June 30, 2008, and to receive compensation for such services in the amount of \$43,075,125. Approval of this Amendment would increase the State's authorization to pay an additional \$5,919,343, for a total not to exceed \$48,994,468 through June 30, 2008.

The State allocated additional funds for staffing because of the extended wildland fire season during the winter months and for the purpose of fuel mitigation project(s) and inspections.

Implementation of Strategic Plan Goals

Approval of the recommended actions is consistent with the County Strategic Plan Goal No. 1, "Service Excellence," of the County Strategic Plan which guides us to "Implement programs to improve the efficiency, quality, and responsiveness of County services to all residents."

FISCAL IMPACT/FINANCING

The Amendment would increase the State's spending authorization by \$5,919,343, for a total not to exceed \$48,994,468 through June 30, 2008. This amount will be passed through to the Fire District as the service provider.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Pursuant to the provisions of the Public Resources Code, the State has elected to contract with the County for its legally required financial share of fire protection responsibility in the designated area. The original three-year Agreement was executed between the County and the State by your Board on December 6, 2005 which provides for payment to the County for fire protection services rendered to SRA.

Pursuant to County Code section 2.20.080, the Fire District will provide the fire protection services and receive compensation. Approval of the recommended actions will enable the Fire District to continue to provide fire protection services and receive up to \$5,919,343 in additional compensation over the existing Agreement, for a total not to exceed \$48,994,468.

County Counsel has approved this Agreement as to form.

IMPACT ON CURRENT SERVICES OR PROJECTS

No impact. This Amendment allows the Fire District to continue to provide and receive compensation for fire protection services for SRA.

ENVIRONMENTAL REVIEW

This Amendment is exempt from the CEQA pursuant to Section 15061 (b)(3) of the CEQA Guidelines because it can be seen with certainty that this activity will not have a significant effect on the environment. A Notice of Exemption is attached.

CONCLUSION

Upon execution by your Honorable Board, please instruct the Executive Officer, Clerk of the Board to return adopted copies of this letter to the following offices:

5. Authorize the Fire Chief of the District, to review and update the Operating Plan on an annual basis.
6. Assume responsibility for fire protection services to the State Responsibility Areas covering the period from July 1, 2005 through June 30, 2008, and to receive compensation for such services in the amount of \$43,075,125 under the above Agreement.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

In conformance with provisions of the Public Resources Code, Section 4125, et seq., your Board is requested to approve the attached Agreement with the California Department of Forestry and the County. The Agreement will allow the District through the County to be compensated for the prevention and suppression of fires on a total of approximately 487,536 acres of State Responsibility Areas. This acreage includes privately owned watershed lands and portions of the unincorporated land area of the County that is protected by the District. There is a shared wildland/fire protection responsibility for this acreage pursuant to the County Charter and the Public Resources Code provisions which govern State Responsibility Areas.

This three-year Agreement provides fire protection services to over .5 million State Responsibility Area acres in the County for which the District will be compensated \$43,075,125. This renewed Agreement allows the State to pay the County for fire services rendered by the District from July 1, 2005 through June 30, 2008.

Due to continued negotiations and recent State approval of certain terms and conditions, a new contract remains to be executed; however, in the interim, the existing contract is automatically extended on the same terms and conditions. Renewal agreements are retroactive to the end of the term of the present Agreement until a new contract is executed. Payment will be received for services rendered following the original contract agreement date of June 30, 2005.

Under County Policy/Procedures – Timely Submission of Contracts for Board Approval (Item No. 65, Agenda of September 12, 2000) proposed contracts which include a retroactive effective date are exempt when the County is receiving funds from a higher level of government such as the State. This Agreement has been approved as to form by County Counsel.

FISCAL IMPACT/FINANCING

The State of California will pay the County of Los Angeles the sum of \$12,115,773 for Fiscal Year 2005-2006, \$14,454,078 for Fiscal Year 2006-2007 and \$14,454,078 for Fiscal Year 2007-2008 for fire protection and fire prevention services. These amounts will be passed through to the District as the service provider. There is a \$2,051,196 contingency for future increases. Contractual compensation to the County is based upon what the State would spend if it were providing protection directly. Therefore, the two succeeding years' reimbursement is dependent upon the State's budget and legislative action for budget reduction and/or additional augmentation funding.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Pursuant to the provisions of the Public Resources Code, the State has elected to contract with the County for its legally required financial share of fire protection responsibility in this designated area. Based on the County's fire protection capability, efficiency and qualifications, an agreement is executed between the County and the State of California which provides for payment to the County for fire protection services rendered in State Responsibility Areas. This three-year Agreement provides for State reimbursement totaling \$43,075,125, including \$12,115,773 for Fiscal Year 2005-2006. Actual reimbursement rates will be adjusted annually through the Gray Book (Exhibit F to the Agreement) based upon the level of funds appropriated by the State for this purpose. Pursuant to County Code Section 2.20.080, the District will provide the fire protection services and receive compensation.

As specified by the Agreement, an Operating Plan is required and is attached as part of the Agreement (Exhibit G). The Operating Plan specifies the officers and employees of the District and the guidelines and information necessary to properly implement the terms and conditions of the Agreement.

In addition to Los Angeles County, the Counties of Kern, Marin, Orange, Santa Barbara and Ventura have entered into similar agreements and are commonly known as the "Contract Counties." These Counties provide direct protection to approximately 3.4 million acres of State Responsibility Area.

The Honorable Board of Supervisors
December 6, 2005

CONCLUSION

Please have your Executive Office return seven copies of the executed Agreement to this office for further processing and transmittal to the California Department of Forestry for execution by the State.
