October 30, 2020

TO: Each Supervisor 

FROM: Gary Jones, Director

SUBJECT: **MARINERS VILLAGE (PARCEL 113 MARINA DEL REY) –  
QUARTERLY STATUS REPORT**

### **SUMMARY**

On October 30, 2018, your Board approved an Option for Amended and Restated Lease to Facilitate Redevelopment of Mariners Village (Parcel 113, Marina del Rey). In connection with that approval, your Board instructed the Department of Beaches and Harbors (DBH) to report back on a quarterly basis on the items enumerated below until construction of the project is completed.

### **STATUS**

1. Work in partnership with the Community Development Commission and the Lessee along with the tenants and housing advocates to develop the affordable housing plan for Mariners Village.

**Update:** Lessee submitted a proposed affordable housing program to the Community Development Commission (CDC now known as LACDA) in early December 2018. LACDA has engaged the Lessee and housing advocacy groups Legal Aid Foundation and POWER, in discussions regarding the affordable housing plan. With Lessee's having agreed to reduce its number of market-rate view units by 10 units, LACDA prepared the terms of the affordable housing program and provided comprehensive comments to Lessee's affordable housing package. As of April 30, 2020, the County and Lessee finalized and executed all the documents relating to the affordable housing program that will be instituted on Parcel 113 upon implementation of the renovation and lease extension.

**ITEM COMPLETE.**

2. Work in partnership with the Community Development Commission and the Lessee to ensure that no current tenants shall be forced to vacate their homes during the renovation process.

**Update:** The lease prohibits tenant displacement from the Mariners Village property during the renovation process (although temporary relocation to another unit on the property may be required). The affordable housing program referenced in Item 1 above provides additional language to protect the tenants.

**ITEM COMPLETE.**

3. Work in partnership with the Lessee, tenants and knowledgeable environmental groups to address any issues related to the trees and the Heron Habitat that arise during the development period.

**Update:** Lessee appeared before the Regional Planning Commission (RPC) on November 13, 2019. The RPC approved the after the fact Coastal Development Permit (CDP) for the removal of nests that previously occurred. On December 20, 2019, the Regional Planning Commission's approval of the CDP was appealed to the Coastal Commission. DBH staff has agreed with Coastal Commission staff on potential mitigation for the removal of the nests. We expect the CDP to be heard by the Coastal Commission early next year. In addition, the Small Craft Harbor Commission has requested that DBH provide an update on the status of these and other issues concerning this project at its next meeting. This will afford the residents and other community members with an opportunity to provide input.

4. Work in partnership with the Lessee and tenants to address any design and operational issues for the Waterfront Promenade during the development period.

**Update:** Design and operational issues regarding the Waterfront Promenade will be addressed with all the other design issues once Lessee has resolved the outstanding issues relating to tree trimming, as referenced in Item 3 above.

5. Any changes to the affordable housing mix (196 very low-income units) will be made as part of the affordable housing program referenced in Items 1 and 2 above.

Please feel free to contact me with any questions or concerns.
