Interim Director

SUBJECT: **GRADUATE MEDICAL EDUCATION QUARTERLY REPORT
SECOND CALENDAR QUARTER (APR-JUN) 2009**

The Graduate Medical Education (GME) Quarterly Report for the second calendar quarter of 2009 is attached. Information contained in this report is compiled and reviewed by the Department of Health Services (DHS), Office of Clinical Affairs and Affiliations for all Los Angeles County sponsored residency training programs as follows:

John F. Schunhoff, Ph.D.
Interim Director

Robert G. Splawn, M.D.
Interim Chief Medical Officer

I. Training Program Accreditation Status and Housestaff Totals (Attachment I)

| | | |
|--------------------------|--------------|---------------------------|
| <u>Total Housestaff:</u> | <u>1,472</u> | (Academic Year 2008-2009) |
| LAC+USC | 890 | |
| Harbor-UCLA | 495 | |
| Olive View | 87 | |

On May 21, 2008, the Accreditation Council for Graduate Medical Education (ACGME) notified the Program Director of Cardiology at LAC+USC Medical Center of its decision to withdraw accreditation of the Cardiovascular Medicine Fellowship Program, the Interventional Cardiology Fellowship Program, and the Cardiac Electrophysiology Fellowship Program effective June 30, 2009.

The Graduate Medical Education Committee (GMEC) at LAC+USC Medical Center elected to immediately restructure its cardiology programs and apply for "new program status" to become effective February 2009. The ACGME will grant "Provisional Accreditation" for a new program if the program passes the required site survey.

On October 24, 2008, the ACGME conducted a site visit to evaluate the cardiology programs at LAC+USC. On January 29, 2009, the ACGME notified the cardiology programs of its decision to render a favorable decision of "Accredited" which became effective on July 1, 2009.

II. Medical Specialty/Subspecialty Board Certification Results (Attachment II)

Medical specialty/subspecialty board certification results for 1,450 housestaff who completed County training programs from 2006 through 2008 are presented in this attachment. The next verification of board certification status will occur in October 2009, which will provide updated results for years 2007 through 2008 with new results for 2009. Drew University voluntarily withdrew from its role as primary institutional sponsor at Martin Luther King-Harbor (MLK-H) Hospital effective July 1, 2007, however, board certification reporting for MLK-H will continue until the 2007 candidates are deleted from the three-year running totals.

III. Facility Compliance with Resident Supervision Guidelines (Attachment III)

Fourth Quarter of Calendar Year 2008 Summary

System-wide audit results for seventeen (17) resident supervision indicators met or exceeded the eighty percent (80%) compliance threshold. Aggregate totals for three (3) indicators failed to meet the compliance threshold; therefore, opportunities for improvement continue to exist. Corrective action plans, addressing noncompliance, are required to be submitted to the facility governing body for review. Facilities demonstrating the best performance and/or a greater than fifteen percent (15%) improvement receive annual cash awards for the purchase of equipment for patient care.

The 2008 awards have been distributed as follows:

Harbor-UCLA Medical Center - \$50,000

LAC+USC Medical Center - \$100,000

Olive View-UCLA Medical Center - \$90,000

Accredited by the American College of Radiology (ACR)

Accredited by the American Dental Association (ADA)

Accredited by the American Electroencephalogram Society (AEEGS)

Accredited by the Consortium for the Accreditation of Sonographic Education (CASE)

Accredited by the Council on Resident Education in OB&GYN (CREOG)

All others:

Accredited by the Accreditation Council for Graduate Medical Education (ACGME)

Glossary of Program Accreditation Status

Accredited

Subspecialties only - A Review Committee confers the status of "Accredited" when the dependent subspecialty program has demonstrated substantial compliance with program requirements.

Accreditation with Warning

Subspecialties only - A Review Committee may grant "Accreditation with Warning" when the dependent subspecialty has been found to have one or more area of non-compliance with program requirements that are of sufficient substance to require prompt correction.

Continued Full Accreditation

"Continued Full Accreditation" status is conferred when a Review Committee determines that a program continues to demonstrate substantial compliance with program requirements.

Favorable

"Favorable" status is conferred when a Review Committee determines that the institution is in substantial compliance with the essential components of Graduate Medical Education.

Full Accreditation

A Review Committee grants "Full Accreditation" when a program holding provisional accreditation or probationary accreditation demonstrates substantial improvement and/or compliance with program requirements.

Initial Accreditation

"Initial Accreditation" is conferred when a Review Committee determines that a proposal for a new program substantially complies with all program requirements.

Probationary Accreditation

"Probationary Accreditation" is conferred when the Review Committee determines that a program has failed to demonstrate substantial compliance with program requirements.

Provisional Accreditation

New programs go through a period of "Provisional Accreditation" which implies that a program is in the developmental stage. Provisional Accreditation can be conferred when a program's accreditation was withdrawn and the program has applied to become newly accredited.

Medical Specialty/Subspecialty Board Certification for Los Angeles County Department of Health Services Residents and Fellows

The Office of Clinical Affairs and Affiliations (OCAA) verifies the medical specialty board certification status of County-trained physicians with the American Board of Medical Specialties (ABMS) for the provision of updated results presented to your Board bi-annually.

Reporting Medical Specialty Board Certification

Fifteen of the 24 ABMS medical specialty member boards require two examinations, the written qualifying exam and the oral certifying exam. Nine medical specialty boards require one written certifying exam. Only eight of the 24 boards impose time limitations for initial testing upon completion of residency training. The majority of physician candidates have unlimited time to apply. Data in this report are the results of the certifying examination presented by facility, in three-year running totals. At the end of each academic year, new physician candidates are added while the earliest candidates are re-verified for a final result then deleted from the three-year total.

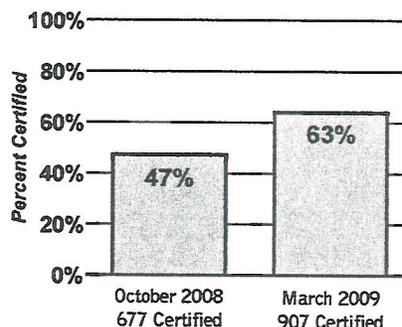

Illustrated below is a comparison of October, 2008 with March, 2009 certification verification and certification totals by facility:

2006-2008 Medical Specialty/Subspecialty Board Certification Achievement

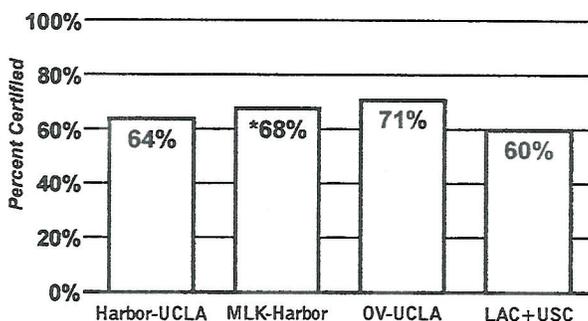

October 2008 compared with March 2009 Aggregate Totals

Candidate Total = 1,450
Candidates completing residency training/
fellowships from 2006 through 2008

| | |
|--------------------------------|-----|
| LAC+USC Medical Center | 812 |
| Harbor-UCLA Medical Center | 419 |
| King/Harbor Medical Center | 136 |
| Olive View-UCLA Medical Center | 83 |

Certification Totals by Facility

*NOTE: Totals for MLK-Harbor are for years 2006 and 2007

The following pages provide detailed facility-specific certification results. The next verification of board certification status will occur in October 2009, and will provide updated results for years 2007 and 2008 with new results for 2009.

- Obstetrics and Gynecology** candidates, after passing the qualifying written exam, must provide unsupervised patient care for at least 12 months prior to admission to the certifying oral exam. Certification results reflect little or no change due to the additional time requirement.
- Orthopedic Surgery** candidates must first qualify by passing the written exam. There are two certifying exams. The candidate must pass the oral exam prior to admission to the clinical on-site exam. There are little or no changes in the verification results due to a 22-month in-practice requirement.
- Surgical Pathology** is not yet an ACGME-recognized fellowship nor is it an American Board of Pathology subspecialty. Surgical Pathology programs, sanctioned by the ACGME began under the auspices of Selective Pathology. In order to practice Surgical Pathology, the fellow must pass the Anatomic Pathology portion of the primary certifying exam.
- Urology** candidates have two qualifying requirements. After passing the written exam, candidates must engage in a minimum of 18 months of urological patient care before qualifying to sit for the certifying oral exam. Certification results reflect little or no change due to the additional time requirement.

Los Angeles County Department of Health Services Audit of Compliance with Resident Supervision Guidelines DHS Policy Number 310.2

Calendar Year 2008, Fourth Quarter Summary

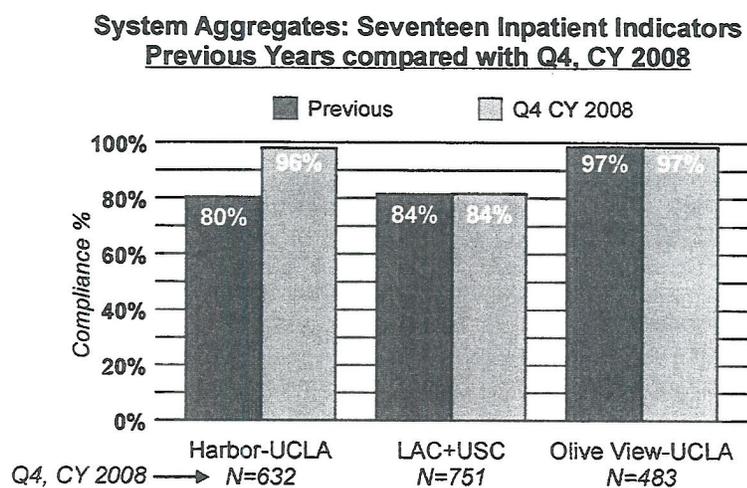

In the fourth quarter of calendar year 2008, nurses from the Department of Health Services' Quality Improvement Patient Safety Program (DHSQIPS) audited each teaching facility abstracting compliance information for seventeen inpatient indicators. The indicators, based on resident supervision guidelines, included eight surgical indicators, three ward/discharge indicators, three ICU indicators and three invasive procedure indicators.

Data was collected from a sampling of hospital discharges with focus on the following services:

| FACILITY | SERVICES |
|-----------------|--------------------------------------|
| Harbor-UCLA | GI/Oncology, Gynecology, Head & Neck |
| LAC+USC | General Surgery, Colorectal, Foregut |
| Olive View-UCLA | Gynecology |

Findings

System aggregates demonstrated significant improvement from previous years. Each facility aggregate exceeded the expected 80% compliance threshold for the fourth quarter of calendar year 2008 as follows:

NOTE:

Sample sizes are based on the projected number of annual discharges per service

Findings (continued)

Although the overall findings reflected continued improvement, opportunities for improvement continued to exist. The 80% threshold was not met for three indicators as follows:

• Non-compliance with 80% Compliance Threshold

| INDICATOR | LAC+USC |
|-----------------------------------------------------------------|---------|
| WARD: Daily documentation | 52% |
| WARD: Attending concurs with discharge | 79% |
| SURGERY: Record was signed by Attending for emergency procedure | 50% |

Each service failing to meet the 80% compliance threshold will continue to submit, to its facility governing body, corrective action plans addressing each deficiency.

• Best Performers for Calendar Year 2008

| CATEGORY | FACILITY | AWARD |
|--------------------------|-----------------|----------|
| 2008 Surgical Indicators | Olive View-UCLA | \$20,000 |
| 2008 Ward Indicators | Olive View-UCLA | \$20,000 |
| 2008 ICU Indicators | Olive View-UCLA | \$20,000 |
| 2008 Facility Totals | Olive View-UCLA | \$30,000 |

| SERVICE SPECIFIC | FACILITY | AWARD |
|------------------|------------------------|----------|
| Gynecology | Harbor-UCLA | \$30,000 |
| Neonatology | LAC+USC | \$20,000 |
| Neuro-medicine | LAC+USC | \$20,000 |
| Neurosurgery | LAC+USC | \$20,000 |
| Ophthalmology | Harbor-UCLA | \$20,000 |
| Orthopedics | LAC+USC | \$20,000 |
| Pediatrics | LAC+USC | \$20,000 |
| Renal | Did not meet threshold | |

| 2008 Award Summary | |
|--------------------|-----------|
| Harbor-UCLA | \$50,000 |
| LAC+USC | \$100,000 |
| Olive View-UCLA | \$90,000 |

Next Report

The next report will present resident supervision audit results for the first quarter of calendar year 2009.
