The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

ADOPT RESOLUTION DECLARING THE COUNTY'S INTENTION FOR THE ANNUAL LEVY AND COLLECTION OF ASSESSMENTS FOR ZONES WITHIN LOS ANGELES COUNTY'S LANDSCAPING AND LIGHTING ACT DISTRICT NUMBERS 1, 2, AND 4; INCREASE EXISTING ASSESSMENT RATES FOR THE LANDSCAPING AND LIGHTING ACT DISTRICT NUMBER 2 - ZONE 37 (CASTAIC HILLCREST) AND ZONE 43 (ROWLAND HEIGHTS); PRELIMINARILY APPROVE THE ENGINEER'S REPORT IN CONNECTION WITH THE LEVY OF ANNUAL ASSESSMENTS WITHIN SUCH ASSESSMENT DISTRICTS AND ZONES; AND SET A DATE, TIME, AND PLACE FOR THE HEARING PROTESTS (SUPERVISORIAL DISTRICTS 1, 3, 4, AND 5) (3 VOTES)

SUBJECT

Adoption of the Resolution of Intention to levy annual assessments for the Landscaping and Lighting Act District Numbers 1, 2, and 4, and Zones therein, increasing the existing assessment rate for the Landscaping and Lighting Act District Number 2, Zone 37 (Castaic Hillcrest) and Zone 43 (Rowland Heights); preliminary approval and filing of the Engineer's Report for the levy; and setting a date, time, and place for hearing protests thereon.

IT IS RECOMMENDED THAT THE BOARD:

1. Find the proposed actions categorically exempt from the California Environmental Quality Act because the actions involve information collection, and formation of and annexations to the Landscaping and Lighting Act Districts for the reasons stated herein and the reasons reflected in the record of the project.
2. Adopt Resolution of Intention, declaring the Board of Supervisor's intent to levy and collect assessments for the Los Angeles County Landscaping and Lighting Act District Numbers 1, 2, and 4, and Zones therein, for Fiscal Year 2014-15; and increase the existing assessment rate for the Los

Angeles County Landscaping and Lighting Act District Number 2, Zone 37 (Castaic Hillcrest) and Zone 43 (Rowland Heights), pursuant to the provisions of the Landscaping and Lighting Act of 1972, Section 22500 et. seq. of the California Streets and Highways Code, and as provided by Article XIID of the California Constitution.

3. Approve and file the Engineer's Reports prepared in accordance with Section 22623 of the Landscaping and Lighting Act of 1972 for the levy and collection of assessments for the Landscaping and Lighting Act District Numbers 1, 2, and 4, and Zones, therein for Fiscal Year 2014-15; and increase the existing assessment rate for the Landscaping and Lighting Act District Number 2, Zone 37 (Castaic Hillcrest) and Zone 43 (Rowland Heights).

4. Set the public hearing (protest hearing) date for the levying and collection of assessments for the Landscaping and Lighting Act District Numbers 1, 2, and 4, and Zones therein, for Fiscal Year 2014-15; and increasing the existing assessment rate for Los Angeles County Landscaping and Lighting Act District Number 2, Zone 37 (Castaic Hillcrest) and Zone 43 (Rowland Heights) pursuant to Section 22625 of the Streets and Highway Code for the State of California.

5. Instruct the Executive Officer of the Board of Supervisors to give notice and provide the assessment ballot, via mail, of the public hearing (protest hearing) prior to the scheduled public hearing (protest hearing) date of June 24, 2014, as required by Section 22626 et al., of the Streets and Highways Code assessment ballots.

IT IS FURTHER RECOMMENDED THAT, AT THE CONCLUSION OF THE PUBLIC HEARING (PROTEST HEARING), THE BOARD:

1. Find the proposed actions categorically exempt from the California Environmental Quality Act in accordance with Section 15301(c) of the California Environmental Quality Act Guidelines because the actions involve formation of and annexations to the Landscaping and Lighting Act Districts.

2. Instruct the Executive Officer to manage the tabulation of ballots submitted and not withdrawn, in support of or in opposition to the proposed increase of the existing rate for the Landscaping and Lighting Act District Number 2, Zone 37 (Castaic Hillcrest) and Zone 43 (Rowland Heights), and determine whether the ballots submitted in favor of the increase exceed those submitted in opposition.

3. Adopt the "Resolution Ordering the Increase of the Assessment Rate" for the Landscaping and Lighting Act District Number 2, Zone 37 (Castaic Hillcrest) and Zone 43 (Rowland Heights), if the ballots submitted in favor of the increase exceed those in opposition.

4. Order changes in any of the matters provided in the Engineer's Report, including changes in the improvements, proposed diagrams, or proposed assessments, as described in the attached Engineer's Report, if needed.

5. Adopt the Resolution Ordering the Levy and Collection of Annual Assessments within Los Angeles County Landscaping and Lighting Act District Numbers 1, 2, and 4, and Zones therein, for Fiscal Year 2014-15, either as originally proposed or changed by the Board; and order the maintenance and operational work to be done for each of the Landscaping and Lighting Act Districts and Zones therein.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Intention to levy and collect assessments for the Landscaping Lighting Act District Numbers. 1, 2, and 4 and Zones therein

On July 12, 1979, August 10, 1995, and July 22, 1997, your Board approved the formation of the Landscaping and Lighting Act (LLA) District Numbers 1, 2, and 4 (LLA Districts), and Zones therein, respectively, for the purpose of providing landscaping in County-administered LLA Districts and Zones therein pursuant to provisions of the Landscaping and Lighting Act of 1972 (Act). As the governing body, the Board of Supervisors (Board) is responsible for levying the annual assessment for landscaping and park maintenance purposes.

On June 12, 1979, your Board approved the method of distributing maintenance costs on the basis of land use and/or benefit, and this same method will be used to calculate Fiscal Year (FY) 2014-15 assessments. This method and the proposed assessments, including Consumer Price Index (CPI) adjustments on the various lots or parcels, are shown in detail in the Engineer's Report.

Intention to increase the existing assessment rate

The purpose of the recommended actions is to increase the existing annual assessment rate for LLA District Number 2, Zone 37 (Castaic Hillcrest) and Zone 43 (Rowland Heights); set a date for a public hearing (protest hearing) for the increases in the existing rate in LLA District Number 2, pursuant to the requirements of Article XIID of the California Constitution; and approve and file the Engineer's Report. These actions are pursuant to the LLA and Article XIID of the California Constitution, and provide funding for the operation of the aforementioned County-administered District Zones.

In accordance with Proposition 13, assessments shall not be based on property values. Each District and Zone therein is obligated to establish a benefit formula by which assessments are set according to the benefit received from the service or improvement. Under Proposition 218, which amended Articles XIIC and XIID, of the California Constitution, the local government (the Board) is required to give the affected property owners a written notice, an assessment voting ballot, and hold a public hearing (Protest Hearing). A majority vote is required to approve a rate increase. If a majority vote is not received, the increase cannot be applied.

LLA District Number 2, Zone 37 (Castaic Hillcrest)

The Director of Parks and Recreation (Director) is requesting ballots to increase the existing rate for the LLA District Number 2, Zone 37 (Castaic Hillcrest), located west of Interstate 5 in the unincorporated area of the Santa Clarita Valley known as the Castaic Community. A financial analysis of the current budget for the above Zone has indicated the necessity to increase the existing rate in order to keep pace with the increasing costs of utilities, labor, and materials used in providing continued landscaping and maintenance services.

On February 19, 2014, a meeting was held with the Castaic Community to discuss the landscape maintenance requirements and funding needed to adequately provide for services that are consistent with industry standards. The recommended increase of the existing assessment rate for the subject Zone will improve its long term financial viability and fund regular operational and maintenance improvements. It was explained that in the event that the proposed assessment increase is not approved, there would be a reduction of the landscaped areas maintained by the LLA District to include only the center medians and parkway panels on Hillcrest Drive within the subject Zone.

LLA District Number 2, Zone 43 (Rowland Heights)

The Director is requesting ballots to increase the existing rate for the LLA District Number 2, Zone 43 (Rowland Heights), located in the unincorporated area of San Gabriel Valley known as the Rowland Heights Community. A financial analysis of the current budget for the above Zone has indicated the necessity to increase the existing rate in order to keep pace with the increasing costs of utilities, labor, and materials used in providing continued landscaping and maintenance services.

On March 10, 2014, a meeting was held with the Rowland Heights Community to discuss the landscape maintenance requirements and funding needed to adequately provide for services that are consistent with industry standards. The recommended increase of the existing assessment rate for the subject Zone will improve its long term financial viability and fund regular operational and maintenance improvements. It was explained that in the event that the proposed assessment increase is not approved, there would be a reduction of the landscaped areas maintained by the LLA District to include only the irrigated landscaped slopes within the subject Zone.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provision of Operational Effectiveness (Goal 1) by providing the continuation of services to maintain the landscaped areas and appurtenant improvements that will benefit those who live within these Zones; Fiscal Sustainability (Goal 2) because landscape services will be maintained by the establishment of the assessments to provide the funding necessary for the operation and maintenance of the landscaping and appurtenant improvements within LLA Districts and Zones therein; and Integrated Services Delivery (Goal 3) since landscaping services operated and managed by the Districts are leveraged through the LLA Districts and homeowners through continuous integration of community and public safety services.

FISCAL IMPACT/FINANCING

All services administered by the Department of Parks and Recreation (Department) Special Districts Section, and provided in the LLA Districts and Zones therein, are funded by the assessments established by the Board. The proposed assessments will generate approximately \$21 million in total revenue in LLA District Numbers 1, 2, and 4, and Zones therein, for FY 2014-15. There may be a projected increase in the total revenue over FY 2013-14 based on the future action of the Board. There is no fiscal impact to the General Fund, other than possible assessments for parcels owned by the County.

OPERATING BUDGET IMPACT

The recommended actions will have no impact on the Department's operating budget.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The Act sets forth procedures that must be followed for any fiscal year during which assessments levied in a prior fiscal year are to be continued. The Act, Government Code Section 53753, and the California Constitution established procedures that must be followed for the levy of any new or increased assessments. As part of these proceedings, the Act requires that your Board adopt a Resolution Initiating Proceedings each fiscal year that generally describe any proposed improvements or substantial changes in existing improvements, and calls for the Engineer's Report to be prepared. On April 29, 2014, the Board adopted a Resolution Initiating Proceedings for FY

2014-15.

The Engineer's Report has been prepared, and is submitted herewith (Attachment I) to the Board, outlining the proposed costs of providing landscape and park maintenance services for the upcoming fiscal year beginning on July 1, 2014 and ending June 30, 2015, and the method of funding the assessment district with direct assessments collected via the consolidated tax bill to fund the landscape and park maintenance costs benefiting properties within the LLA Districts.

The passage of Proposition 218 in November 1996 added Articles XIIC and XIID to the California Constitution. Article XIID contains additional requirements to those found in the Act that must be followed for the levying of new or increased assessments and the filing of the Engineer's Report. The LLA District Number 2, Zone 37 (Castaic Hillcrest) and Zone 43 (Rowland Heights) require assessment ballots to approve the increase to the assessment rate for FY 2014-15.

Your Board is required to conduct a public hearing upon the proposed assessments and adjustments not less than 45 days after mailing notices to the property owners. In compliance with Article XIID of the California constitution, a notice and ballot will be mailed to each property owner within LLA District No. 2, Zone 37 (Castaic Hillcrest) and Zone 43 (Rowland Heights), who would be affected by the increase of the assessment rate.

Any new or additional assessment that is subject to the notice and hearing provisions of Article XIID of the California Constitution is not subject to the notice and hearing requirements of Government Code Section 54954.6.

County Counsel has approved the attached Resolution as to form.

ENVIRONMENTAL DOCUMENTATION

The project is categorically exempt from the California Environmental Quality Act (CEQA). The project, which consists of initiation of proceedings for the levying of annual assessments for landscape and park maintenance purposes as well as increases in the annual assessment rate, including a CPI adjustment, is within certain classes of projects that have been determined not to have a significant effect on the environment in that it meets the criteria set forth in Sections 15301(c) and 15306 of the State CEQA Guidelines, and Classes 1(x)(27) and 6 of the Environmental Document Reporting Procedures and Guidelines, Appendix G, because the project involves information collection, and formation of and annexations to the LLA Districts.

The proposed project includes no expansion of an existing use, and will not involve the removal of healthy, mature trees. Additionally, the proposed project will not cause a substantial adverse change in the significance of a historic resource; is not in a sensitive environment; and there are no cumulative impacts, unusual circumstances, or other limiting factors that would make the exemption inapplicable based on the proposed project records.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Approval of these recommendations will cause no impact on current services or programs and will benefit the communities within the LLA Districts and Zones therein, by providing funds for the continued beautification, maintenance and servicing of landscaped slopes, medians, park areas, and appurtenant improvements.

CONCLUSION

Please instruct the Executive Officer-Clerk of the Board to forward two adopted copies of this action to the Department of Parks and Recreation. Should you have any questions, please contact Michael Kriste at (661) 294-3524 or mkriste@parks.lacounty.gov, Kandy Hays at (626) 821-4600 or khays@parks.lacounty.gov, Kasey Dizon at (213) 738-2986 or kdizon@parks.lacounty.gov, or Kaye Michelson at (213) 738-2955 or kmichelson@parks.lacounty.gov.

WHEREAS, the Board of Supervisors of the County of Los Angeles previously approved the formation of Los Angeles County Landscaping and Lighting Act (LLA) District Numbers 1, 2, and 4 respectively, for the purpose of providing funds for the operation of the LLA Districts and Zones therein within the County of Los Angeles pursuant to the provisions of the Landscaping and Lighting Act of 1972 Section 22500 et. seq. of the California Streets and Highways Code (Act); and

WHEREAS, the Board of Supervisors, on April 29, 2014, adopted a resolution initiating proceedings for the levying of assessments for landscape maintenance purposes for the 2014-2015 Fiscal Year as required by law; and

WHEREAS, the Director of the Department of Parks and Recreation has prepared and filed a preliminary Engineer's Report with the Board of Supervisors as required by law.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Supervisors of the County of Los Angeles, State of California:

SECTION 1. That the public interest and convenience require, and that it is the intention of said Board of Supervisors to order, the expenses necessary for the installation, maintenance, repairs, replacement, utilities, care, supervision and all other items necessary for proper maintenance and operation of Los Angeles County LLA District Numbers 1, 2, and 4 and zones therein; and said expenses shall be assessed upon each lot or parcel of land lying within the LLA Districts in proportion to the estimated benefits received from the landscape improvements. The preliminary Engineer's Report on file with the Executive Officer-Clerk of the Board of Supervisors describes the boundaries of the zones within each LLA District, the locations and improvements within the zones, and the proposed assessment on each lot or parcel of land included therein.

SECTION 2. That none of the assessments are proposed to be increased above the amounts previously authorized by said Board of Supervisors. The preliminary Engineer's Report describes the proposed assessments that have been adjusted for the cost of living, based on the Consumer Price Index, for All Urban Consumers for the Los Angeles – Riverside – Orange County Area (CPI), provided by the U.S. Department of Labor, in accordance with Article XIII D of the California Constitution. The Engineer's Report also describes the proposed assessments to which credits have been applied due to a surplus in improvement funds in accordance with the Act.

SECTION 3. That the amounts to be assessed for the expense of such installation, maintenance, and operation of the work or improvements above described shall be levied and collected in the same manner and by the same officers as taxes for County purposes are levied and collected and shall be disbursed and expended for installation, maintenance, operation and service of the LLA Districts, all as described in the Engineer's Report and Section 1 of this Resolution.

SECTION 4. That the Board of Supervisors based on the above findings, preliminary approves the Engineer's Report on file with the Executive Officer-Clerk of the Board of Supervisors, and it shall be available for public inspection.

SECTION 5. That the proceedings for the levying of assessments shall be taken under and in accordance with the Act as heretofore defined.

SECTION 6. That on the _____ day of _____ 2014 at the hour of 9:30 a.m. of said day, is the day and hour and the Chambers of the Board of Supervisors, Room 381, Kenneth Hahn Hall of Administration, 500 West Temple Street (corner of Temple Street and Grand Avenue), Los Angeles, California 90012, is the place fixed by said Board of Supervisors for the public hearing; and is the time and place any and all persons may hear and be heard on these matters.

SECTION 7. That the Executive Officer-Clerk of the Board of Supervisors shall cause notice of hearing, in the form and manner specified in Section 6061 of the Government Code to be published in a newspaper of general circulation, not less than ten days prior to the date of said hearing as stated above in this Resolution.

DISTRICT NUMBER 2, ZONE 37 (CASTAIC HILLCREST)
FOR THE 2014-2015 FISCAL YEAR**

WHEREAS, the Board of Supervisors of the County of Los Angeles previously approved the formation of Los Angeles County Landscaping and Lighting Act ("LLA") District Number 2, Zone 37 (Castaic Hillcrest) for the purpose of providing funds for the operation of said Zone pursuant to the provisions of the Landscaping and Lighting Act of 1972 (the "Landscaping and Lighting Act"), Section 22500 et seq. of the California Streets and Highways Code ("Streets and Highways Code"); and

WHEREAS, the Board of Supervisors on _____, adopted a Resolution of Intention to increase the assessment rate for LLA District Number 2, Zone 37 (Castaic Hillcrest), pursuant to provisions of the Landscaping and Lighting Act of 1972; and

WHEREAS, the Director of Parks and Recreation prepared and filed the Engineer's Report with the Board of Supervisors as required by Law; and

WHEREAS, the Board caused notice of the time and place for a public hearing on the proposed increase of the assessment rate for LLA District Number 2, Zone 37 (Castaic Hillcrest), in the manner required by law; and

WHEREAS, ballots and public hearing notices were mailed to property owners of identified parcels within LLA District Number 2, Zone 37 (Castaic Hillcrest), pursuant to provisions of the Landscaping and Lighting Act to determine support or opposition on the matter of the assessment increase; and

WHEREAS, said Board heard all testimony and evidence and tabulated all returned ballots for the proposed assessment rate increase for LLA District Number 2, Zone 37 (Castaic Hillcrest), and found that no majority protest exists.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Supervisors of the County of Los Angeles, State of California:

SECTION 1. The Board of Supervisors of the County of Los Angeles hereby finds that the public interest and convenience requires the continued maintenance of the landscape improvements of LLA District Number 2, Zone 37 (Castaic Hillcrest).

SECTION 2. It is just and equitable, and in the public interest, that the expenses for park and landscape maintenance within LLA District Number 2, Zone 37 (Castaic Hillcrest), be paid for by said District and Zone for the 2014-2015 Fiscal Year.

SECTION 3. The diagrams and assessments as set forth in said Engineer's Report, or as modified, are hereby approved, confirmed, and adopted by this Board.

SECTION 4. The Board of Supervisors hereby orders the increase in the

assessment rate for LLA District Number 2, Zone 37 (Castaic Hillcrest).

NOW, THEREFORE, BE IT RESOLVED, by the Board of Supervisors of the County of Los Angeles, State of California:

SECTION 1. The Board of Supervisors of the County of Los Angeles hereby finds that the public interest and convenience requires the continued maintenance of the landscape improvements of LLA District Number 2, Zone 43 (Rowland Heights).

SECTION 2. It is just and equitable, and in the public interest, that the expenses for park and landscape maintenance within LLA District Number 2, Zone 43 (Rowland Heights), be paid for by said District and Zone for the 2014-2015 Fiscal Year.

SECTION 3. The diagrams and assessments as set forth in said Engineer's Report, or as modified, are hereby approved, confirmed, and adopted by this Board.

SECTION 4. The Board of Supervisors hereby orders the increase in the

assessment rate for LLA District Number 2, Zone 43 (Rowland Heights).

SECTION 5. That in subsequent fiscal years the Board of Supervisors may thereafter impose the assessment at any rate or amount that is less than or equal to the amount authorized for the 2014-2015 Fiscal Year.

SECTION 6. That the proceedings for the levying of assessments shall be taken under and in accordance with the Act as heretofore defined and in accordance with Section 53753 of the California Government Code and Article XIID of the California Constitution.

SECTION 7. The Clerk of the Board is hereby ordered and directed to file a certified copy of this resolution upon its adoption with the County Auditor-Controller. The foregoing resolution was on the _____ day of _____, 2014, adopted by the Board of Supervisors of the County of Los Angeles and ex-officio the governing body of all other special assessment and taxing districts, agencies and authorities for which said Board so acts.

I. OVERVIEW

A. INTRODUCTION

The County of Los Angeles (“County”) Special Districts Section, annually levies and collects special assessments in order to maintain landscape improvements within unincorporated and incorporated County areas. These improvements are located within three (3) Districts established pursuant to the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code* (the “1972 Act”).

This Engineer’s Combined Annual Levy Report (the “Report”) describes the Landscaping and Lighting Act (LLA) Districts, the Zones therein, annexations, or changes to the Districts, and the proposed assessments for fiscal year 2014/2015. The proposed assessments presented in this Report are based on the historical and estimated costs to maintain the improvements that provide special benefits to properties within the Districts. The costs of improvements and the annual levy include the expenditures, deficits, surpluses, revenues, and reserves associated with those improvements. Each parcel is assessed proportionately for only those improvements provided and for which the parcel receives benefits.

The County may initiate proceedings for changes to the Districts and Zones for the continued maintenance and servicing of landscaping improvements by passing a Resolution. The initial resolution generally describes the territory within the Districts and Zones and any substantial changes in the Districts or Zones and orders an engineer to prepare and file a detailed report.

This Engineer’s Report for the Los Angeles County Landscaping and Lighting Act Districts (hereafter referred to as “Districts”) has been prepared pursuant to Sections 22622, in accordance with Article 4 (commencing with Section 22565) of Chapter 1 of 1972 Act. The Report and the proposed assessments contained herein have been prepared in accordance with said requirements and the provisions of the California Constitution Article XIII D.

This Report, prepared by a licensed engineer, details the Districts and Zones and includes: plans and specifications of the improvements; an estimate of the costs of the improvements, including maintenance and servicing; a diagram, i.e., maps of the Districts and Zones showing the boundary of the Districts and Zones, the parcels or lots which benefit, and an estimate of costs of the improvements, maintenance and servicing. Once the Report is completed, it is presented to the Los Angeles County Board of Supervisors (the legislative body for the Districts, hereafter referred to as the “Board of Supervisors”) for its review. The Board of Supervisors may approve the Report as presented or may order amendments to the Report and approve the Report as modified.

After the Report is approved, the Board of Supervisors shall adopt the Resolution of Intention which declares its intent to levy and collect assessments within the Districts and Zones, which includes a description of the improvements, the maintenance and servicing of those improvements, refers to the assessment Districts and Zones by their distinctive designations, may refer to the Report for the details of the Districts and

Zones, and sets the time and place for a public hearing on the levy of the proposed annual assessments.

At the public hearing, the Board of Supervisors will consider any public testimony in favor and/or opposing the assessments to fund the continued maintenance and servicing of the improvements. In conjunction with this hearing, any new or increased assessments will require confirmation of the assessments through a property owner protest ballot proceeding pursuant to the provisions of the California Constitution Article XIII D.

Following consideration of public comments and protests at the noticed public hearing and review of the Engineer’s Combined Annual Levy Report, the Board of Supervisors may order amendments to the Report or confirm the Report as submitted. Following final approval of the Report and confirmation of the assessments, the Board of Supervisors may order the levy and collection of assessments for fiscal year 2014/2015 pursuant to the 1972 Act. In such case, the assessment information will be submitted to the County Auditor/Controller, and included on the property tax roll for each benefiting parcel for fiscal year 2014/2015.

For the purposes of this Report, the word “parcel” refers to an individual property assigned its own Assessment Number by the County of Los Angeles Assessor’s Office. The County of Los Angeles Auditor/Controller uses Assessment Numbers and specific Fund Numbers to identify properties on the tax roll assessed for special District benefit assessments.

B. HISTORICAL BACKGROUND

LLA District No. 1

On July 12, 1979, the Board of Supervisors approved the formation of County Valencia Area-Wide Landscaping and Lighting Act (LLA) District No. 1 to provide for the maintenance and servicing of landscape improvements located in the medians throughout the District. On November 18, 1997, a joint resolution with the City of Santa Clarita was adopted for the transfer of jurisdiction (responsibility) for portions of this District. The Department of Parks and Recreation (the “Department”) currently administers the remaining portions of Los Angeles County LLA District No. 1 that was not transferred to the City of Santa Clarita, and is responsible for contracted landscape maintenance services for medians along Stevenson Ranch Parkway, Pico Canyon Road, Copper Hill Drive, and Whites Canyon Road.

LLA District No. 1 includes the following three (3) assessment Zone designations:

LLA District No. 1	
1	LLA District No. 1, Stevenson Ranch Parkway / Pico Canyon Road, annexed on July 1, 2002 (Los Angeles County Valencia Area-Wide LLA District No. 1)
1A	Annexation A - Copperhill Drive (Los Angeles County Valencia Area-Wide LLA District No. 1A), annexed on August 27, 2002

LLA District No. 1	
1B	Annexation B - Plum/Whites Canyon (Los Angeles County Valencia Area-Wide LLA District No. 1B), annexed on June 29, 2003

LLA District No. 2

On August 10, 1995, the Board of Supervisors adopted a Resolution approving the consolidation of twenty-six (26) individual County-administered LLA Districts into Zones within a single District, which was designated as Los Angeles County LLA District No. 2.

The Department currently administers Los Angeles County LLA District No. 2 and its subsequent Zones located within unincorporated and incorporated areas of Los Angeles County.

Currently, LLA District No. 2 includes the following seventeen (17) Zone designations:

LLA District No. 2			
2-19	Sagewood Valencia	2-37	Castaic Hillcrest
2-21	Sunset Pointe	2-38	Sloan Canyon
2-25	Stevenson Ranch	2-40	Castaic Shadow Lake
2-26	Emerald Crest	2-43	Rowland Heights
2-28	Vista Grande	2-45	Lake Los Angeles
2-32	Lost Hills Commercial	2-55	Castaic North Bluff
2-34	Hacienda	2-56	Commerce Center Area Wide
2-35	Montebello	2-58	Rancho El Dorado
2-36	Mountain Valley		

On June 27, 2000, the Board of Supervisors detached Zone 59 – Hasley Hills.

On June 26, 2001, the Board of Supervisors approved the increase of assessments in Zone 28 - Vista Grande by an additional \$366.80 per parcel, and added a Consumer Price Index (CPI) adjustment to begin in fiscal year 2002/03.

On June 26, 2001, the Board of Supervisors approved the detachment of Lot 1 of Tract 33158 from Zone 20 – El Dorado Village. This parcel was an apartment building and the owners maintain the landscaping with their own forces.

On June 25, 2002, pursuant to the provisions of the California Constitution Article XIII D Section 4, the Board of Supervisors increased the assessment for Phases I and II within Zone 25 (Stevenson Ranch) by \$197 per parcel (from \$300 to \$497 per parcel). Phase III was also converted from a one-Parcel equals one-Equivalent Benefit Unit system to a multi-tiered Equivalent Benefit Unit methodology (see Section IV.D for details.) In addition, as part of the proceedings for the assessment increase in Phase I and II and the modification to the method of apportionment and assessments for Phase III, the Board of Supervisors adopted a CPI adjustment for the annual assessments.

On July 23, 2002, the Board of Supervisors detached Zone 57 – Valencia Commerce Center - Local. The Valencia Commerce Center Business Association maintains the landscaping.

On July 24, 2002, the Lake Los Angeles Park property was deeded to the County of Los Angeles. A Memorandum of Understanding between the Lake Los Angeles Park Board and the County of Los Angeles identifies priorities for use of the assessments for Zone 45 - Lake Los Angeles.

On November 23, 2004, the Board of Supervisors approved an amendment to the rate and method of apportionment for LLA District No. 2 Zone 26 – Emerald Crest. The methodology was amended from a per parcel calculation to an Equivalent Benefit Unit (EBU) methodology which equated different types of land uses to a single-family residential parcel, thereby allowing a uniform method of assessment. Assessment rate was set at \$125.00 per EBU. Beginning in fiscal year 2006/2007 the maximum assessment will increase annually for inflation based on the Consumer Price Index, All Urban Consumers for Los Angeles-Riverside-Orange County Area as determined by the United States Department of Labor, Bureau of Labor Statistics, or its successor.

On February 20, 2007, the Board of Supervisors approved the transfer of jurisdiction over LLA District No. 2, Zone No. 52 – Mountain View East to the City of Santa Clarita.

On July 3, 2007, the Board of Supervisors approved the transfer of jurisdiction over LLA District No. 2, Zone No. 47 – North Park to the City of Santa Clarita.

On July 1, 2008, the Board of Supervisors approved an amendment to the rate and method of apportionment for LLA District No. 2, Zone 21 – Sunset Pointe. The fiscal year 2008/2009 assessment rate was amended from a per parcel calculation to an Equivalent Benefit Unit (“EBU”) methodology and was set at a rate of \$750.00 per EBU.

LLA District No. 4

On July 22, 1997, the Board of Supervisors adopted a Resolution approving the formation of Los Angeles County LLA District No. 4 with the developments known as “The Enclave” (Zone 63) and “Double C Ranch” (Zone 64) being established as the first two Zones within this District. The Department currently administers Los Angeles County LLA District No. 4 and its subsequent Zones that were annexed to the District, located within unincorporated and incorporated areas of Los Angeles County.

Currently, LLA District No. 4 includes the following fourteen (14) Zone designations:

LLA District No. 4			
4-63	The Enclave	4-75	Westridge Area wide
4-64	Double C Ranch	4-76	Tesoro Adobe Park
4-66	Valencia Marketplace	4-77	West Creek Park
4-68	West Creek Copperhill Village	4-78	The Old Road Area-Wide
4-69	West Creek Canyon Estates	4-79	The Old Road Local
4-70	Lakeview	4-80	Entrada

LLA District No. 4			
4-73	Westridge		

On July 10, 2001, the Board of Supervisors approved the annexation of Zone 73 – Westridge, Zone 74 – Tesoro del Valle, and Zone 75 – County Valencia Westridge Area Wide into LLA District No. 4.

In May 2004, the improvements within Zone 73 and Zone 74 were modified as follows:

The maintenance of the slopes around Stevenson Ranch High School was added to the list of improvements for Zone 73; however the assessment rate was not affected by the additional improvements.

The maintenance area to be maintained within Zone 74 was reduced by 1,151,934 square feet (105 acres to 79 acres). However, the maintenance associated with the Cherry Tree Mitigation area was added to the list of improvements for Zone 74, and the assessment rate will not be affected by these changes.

On August 27, 2002, the Board of Supervisors approved the formation of Zone 65A for Phase II and Phase III of Fair Oaks Ranch.

On June 24, 2003, the Board of Supervisors approved the annexation of Zone 76 – Tesoro Adobe Park into LLA District No. 4.

On June 22, 2004, the Board of Supervisors approved annexations of Zone 65B annexation 2 – Fair Oaks Park into LLA District No. 4. For the fiscal year 2004/2005 the assessment rate was based on an Equivalent Benefit Unit methodology and was set at \$164.00 per EBU which may be increased annually for inflation based on the Consumer Price Index, All Urban Consumers for the Los Angeles-Riverside-Orange County Area (CPI) as determined by the United States Department of Labor, Bureau of Labor Statistics, or its successor.

On June 22, 2004 the Board of Supervisors also approved an amendment to the rate and method of apportionment for LLA District No. 4, Zone 68 – West Creek Copperhill Village and Zone 69 – West Creek Canyon Estates. The assessment rates were amended from a per parcel calculation to an Equivalent Benefit Unit methodology and were set at \$174.80 per EBU for Zone 68 and \$882.00 per EBU for Zone 69. The assessments may be increased annually for inflation based on the Consumer Price Index, All Urban Consumers for Los Angeles-Riverside-Orange County Area as determined by the United States Department of Labor, Bureau of Labor Statistics, or its successor.

On May 30, 2006, the Board of Supervisors approved annexations of Zone 77 – West Creek Park into LLA District No. 4. For fiscal year 2006/2007 the assessment rate was based on an Equivalent Benefit Unit Methodology and was set at \$69.97 per EBU.

On July 31, 2007, the Board of Supervisors approved the increase of assessment rate in LLA District No. 4, Zone No. 68 – West Creek Copperhill Village, Zone 69 – West Creek Canyon Estates, and Zone 77 – West Creek Park. For Zone 68, the maximum assessment rate was set at \$97.92 per Residential EBU and \$111.58 per Commercial EBU. For Zone 69, the maximum assessment rate was set at \$972.79 per Residential

EBU and \$1,012.37 per Commercial EBU. For Zone 77, the maximum assessment rate was set at \$268.38 per EBU. Commencing with fiscal year 2007/2008, the maximum assessments for Zone 68 and Zone 69 may increase annually for inflation based on the Consumer Price Index, All Urban Consumers for Los Angeles-Riverside-Orange County Area as determined by the United States Department of Labor, Bureau of Labor Statistics, or its successor.

In May 2008, the Special Districts Section in collaboration with the Tesoro Del Valle Home Owners Association approved a 3-year landscape infrastructure improvement and beautification project in LLA District No. 4, Zone 74 (Tesoro Del Valle). The project will be undertaken utilizing reserve funds from assessments collected in the Zone.

On July 1, 2008, the Board of Supervisors approved the addition of a Consumer Price Index (CPI) as an adjustment component for LLA District No. 4, Zone 77 – West Creek Park. Beginning in fiscal year 2008/2009, the assessment may be increased annually for inflation based on the Consumer Price Index, All Urban Consumers for Los Angeles-Riverside-Orange County Area as determined by the United States Department of Labor, Bureau of Labor Statistics, or its successor.

In December 2010, LLA District No. 4 Zone 69 Metropolitan Water District (MWD) Repair/Replacement (Zone 69 MWD R/R) fund was created in addition to the already existed LLA District No. 4 Zone 69 (Zone 69) fund. The new Zone 69 MWD R/R fund was created based on the latest (March 2008) version of the Engineer's Report for Zone 69, which specifies assessments for the two main purposes: the operation and maintenance costs and the repair/replacement costs for the landscaping located within the MWD's property due to either future installation of a new MWD pipeline or future repairs to the existing MWD pipeline. The new Zone 69 MWD R/R fund was created to hold the portion of assessments for the repair/replacement costs of the MWD pipeline.

In December 2010, LLA District No. 4 Zone 77 Metropolitan Water District (MWD) Repair/Replacement (Zone 77 MWD R/R) fund was created in addition to the already existed LLA District No. 4 Zone 77 (Zone 77) fund. The new Zone 77 MWD R/R fund was created based on the latest (March 2008) version of the Engineer's Report for Zone 77, which specifies assessments for the two main purposes: the operation and maintenance costs and the repair/replacement costs for the portion of the park located within the MWD's property due to either future installation of a new MWD pipeline or future repairs to the existing MWD pipeline. The new Zone 77 MWD R/R fund was created to hold the portion of assessments for the repair/replacement costs of the MWD pipeline.

During fiscal year 2010/2011, \$11,000 was transferred from Zone 69's fund to Zone 69 MWD R/R's fund and \$34,000 was transferred from Zone 77's fund to Zone 77 MWD R/R's fund to pay for Zones 69 and 77 MWD R/R funds' portions of the fiscal year 2010/2011 services and supplies expenses including administrative cost.

During fiscal year 2011/2012, one time transactions were completed to relocate \$59,827.52 from Zone 69's fund to Zone 69 MWD R/R's fund and \$106,190.33 from Zone 77's fund to Zone 77 MWD R/R's fund, for the portions of assessments accumulated in Zone 69's fund and Zone 77's fund for the MWD repair/replacement during the prior three fiscal years (2007/2008 – 2009/2010), prior to the creation of the new Zone 69 MWD R/R's fund and Zone 77 MWD R/R's fund in December 2010.

On June 22, 2010, the Board of Supervisors approved the annexations of Zone 78 (The Old Road Area-Wide) and Zone 79 (The Old Road Local) into LLA District No. 4. Assessment rates were set at \$650.22 per Equivalent Benefit Unit (EBU) for Zone 78 and \$896.74 per EBU for Zone 79. Commencing with fiscal year 2011/12, assessment rates for these two Zones may be increased annually for inflation based on the Consumer Price Index, All Urban Consumers for Los Angeles-Riverside-Orange County Area as determined by the United States Department of Labor, Bureau of Labor Statistics, or its successor.

On June 26, 2012, the Board of Supervisors approved the annexation of Zone 80 – Entrada into LLA District No. 4. Assessment rates were set at \$10,171.62 per Equivalent Benefit Unit (EBU). Commencing with fiscal year 2012/13, assessment rates for these two Zones may be increased annually for inflation based on the Consumer Price Index, All Urban Consumers for Los Angeles-Riverside-Orange County Area as determined by the United States Department of Labor, Bureau of Labor Statistics, or its successor.

In fiscal year 2012/2013 LAFCO (Local Agency Formation Commission) approved the following annexations into the City of Santa Clarita from the unincorporated Los Angeles County areas. The names of the areas and LAFCO annexation approval dates are as follows:

- Copperstone - June 14, 2012
- Vista Canyon/Fair Oaks/Jakes Way/Sand Canyon - September 11, 2012
- North Copperhill - November 28, 2012

Included in the LAFCO annexations were twelve zones within LLA District No. 2 and LLA District No. 4I: 20, 33, 44, 48, 51, 62, 65, 65A, 65B, 67, 71 and 72.

On October 16, 2012, the Board of Supervisors approved the transfer of jurisdictions over LLA District No. 2 Zone 51 – Valencia High School and LLAD District No. 4 Zone 65B – Fair Oaks Park to the City of Santa Clarita.

On November 20, 2012, the Board of Supervisors approved the transfer of jurisdictions over LLA District No. 2 Zone 33 – Canyon Park, LLAD District No. 4 Zones 65 – Fair Oaks Ranch Phase I and 65A – Fair Oaks Ranch Phase II and III to the City of Santa Clarita.

On April 16, 2013, the Board of Supervisors approved the transfer of jurisdictions over LLA District No. 2 Zones 20 – El Dorado Village, 44 – Bouquet Canyon, 48 – Shadow Hills, 62 – Canyon Heights and LLAD District No. 4 Zones 67– Miramontes, 71 – Haskell Canyon Ranch, 72 – Copper Hill Twenty-two to the City of Santa Clarita.

On June 25, 2013, the Board of Supervisors approved the detachment of LLD District No. 4 Zone 74, Tesoro Del Valle, from the Districts. Effective April 30, 2014 Zone 74 will no longer be levied.

C. EFFECTS OF THE RIGHT TO VOTE ON TAXES ACT (PROPOSITION 218)

In November 1996, the California voters approved Proposition 218 by a margin of 56.5% to 43.5%. The provisions of the Proposition, now California Constitutional Articles XIII C and XIII D established certain requirements and procedures for all local taxes, assessments, fees, and charges. Specifically, Article XIII D addressed the substantive and procedural requirements for assessments. Article XIII D affects all assessments upon real property for a special benefit conferred on the property. Assessments imposed under the Landscaping and Lighting Act of 1972 are considered benefit assessments.

Each and every parcel included in the original District formations and each subsequent annexation was conditioned to install landscape improvements before the development could proceed. In order to preserve the investment in the landscape improvements, the developer formed a District or annexed to an existing District to ensure the ongoing maintenance and operation of the landscape improvements associated with the development. Each developer, who did own all of the parcels subject to the assessment, agreed to the formation or annexation and the assessments being imposed. Subsequent owners of parcels were also made aware through title reports and Department of Real Estate "White Paper" reports that the parcels were in the District and were subjected to the assessments and therefore, purchase of the parcel(s) was also an agreement to be subject to the assessments. As such, the assessments for all the Districts and Zones described in this Report that were established prior to the passage of Proposition 218 are exempt from the provisions of Article XIII D. All subsequent formations or annexations that required the establishment of new assessments as well as any subsequent increases to existing assessments (including any inflationary adjustments or changes in the method of apportionment, if any) have been established and approved pursuant to the procedure and approval process of Section 4 of Article XIII D. It is the Assessment Engineer's understanding that the assessments established for each District and the Zones therein were originally imposed to fund a degree of maintenance, which can fluctuate from year to year, but as long as the maximum assessment for any prior year is not exceeded in future years, assessment balloting is not required.

LLA District No. 1

The annual assessment for LLA District No. 1, Zone 1 is not impacted by any additional requirements of Proposition 218 as it falls within the specified exemption of the Proposition. Assessments for LLA District No. 1 Annexation A - Copperhill Drive (Zone 1A) and Annexation B - Plum/Whites Canyon (Zone 1B) were approved pursuant to Article XIII D in fiscal year 2003/2004.

LLA District No. 2

All of the Zones within LLA District No. 2 addressed in this Engineer's Report except Zone Nos. 32, 38, 45, 51, 55, and 58 are exempt from Article XIII D of the California Constitution. Assessments for Zone Nos. 32, 45, 55, and 58 were approved pursuant to Article XIII D in fiscal year 1997/1998. Assessments for Zone Nos. 38 and 51 were approved pursuant to Article XIII D in fiscal year 1998/1999.

LLA District No. 4

Assessments for Zone Nos. 63 and 64 of LLA District No. 4 were approved pursuant to Article XIII D in fiscal year 1997/98 when the District was formed. Assessments for Zone Nos. 65, 66, and 67 were approved pursuant to Article XIII D in fiscal year 1998/1999. Assessments for Zone Nos. 68, 69, 70, and 71 were approved pursuant to Article XIII D in fiscal year 1999/2000.

Assessments for Zone No. 72 were approved pursuant to Article XIII D in fiscal year 2000/2001. Assessments for Zone Nos. 73, 74, and 75 were approved pursuant to Article XIII D, in fiscal year 2001/2002 (July 10, 2001).

Assessments for Zone No. 76 were approved pursuant to Article XIII D commencing fiscal year 2003/2004 (June 24, 2003).

Assessments for Zone No. 77 were approved pursuant to Article XIII D in fiscal year 2005/06 (May 30, 2006). Zone No. 77 was first assessed in fiscal year 2006/2007.

Assessments for Zone Nos. 68, 69 and 77 were amended and approved pursuant to Article XIII D in fiscal year 2007/08 (July 31, 2007).

Assessments for Zone No. 21 were amended and approved pursuant to Article XIII D in fiscal year 2008/09 (July 1, 2008).

Assessments for Zones Nos. 78 and 79 were approved pursuant to Article XIII D commencing fiscal year 2010/11 (June 22, 2010).

Assessments for Zones No. 80 were approved pursuant to Article XIII D commencing fiscal year 2012/13 (June 26, 2012).

D. ZONES WITH CONSUMER PRICE INDEX ALLOWANCES

As part of the assessment approval process, property owners for the following Zones authorized an annual increase in the assessments in an amount not to exceed the change in the Consumer Price Index, of All Urban Consumers, for the Los Angeles-Riverside-Orange County Area ("CPI"), from February of the prior year to February of the current calendar year. This increase enables the District to keep current with increases in the cost of labor and materials. The CPI increase was 0.54% from February 2013 to February 2014.

II. DESCRIPTION OF THE DISTRICTS/ZONES

A. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to this proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting and mailing of notices;

- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

B. DESCRIPTION OF THE DISTRICTS/ZONES AND SERVICES

The Districts and subsequent Zones and annexations provide and ensure the continued maintenance, servicing, administration, and operation of various landscape improvements and associated appurtenant landscape structures located within the public rights-of-way and dedicated landscape easements associated with the various tracts and on individual parcels located within the Districts. Each tract or parcel is identified within a designated Zone with differing costs and benefits to the parcels within that Zone. The spreading of the improvement costs is based upon the total cost of the improvements within each Zone and is proportionately spread among all benefiting properties within the Zone based on either acreage or number of parcels. Each property is assessed only for the cost of the improvements from which benefit is received.

The services necessary for the Districts include, but are not limited to, and may be generally described as follows:

The operation, maintenance and servicing of landscaping, including trees, shrubs, grass, and other ornamental vegetation, and related appurtenant landscape structures or facilities, including but not limited to irrigation systems and drainage devices located in public places within the boundaries of the Districts.

Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of the landscaping and related appurtenant landscape structures or facilities, including repair, removal, or replacement of all or part

of any of the landscaping or appurtenant landscape facilities; providing for the life, growth, health and beauty of the landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, and treating for disease or injury; the removal of trimmings, rubbish, debris, other solid waste; and pest control.

Servicing means the furnishing of electricity for the operation of any related appurtenant landscape structures or facilities, and water for the irrigation and control of the landscaping and the maintenance of any of the landscaping and related appurtenant landscape structures or facilities.

Plans and Specifications for the improvements for each of the Zones are voluminous and are not bound in this Report. The plans and specifications for the improvements are on file at the Los Angeles County Department of Parks and Recreation, Special Districts Section and by reference are incorporated and made part of this Report.

Note: In LLA District No. 4, Zone 70 there is no brushing in the Zone, there are no easements for the brushing areas and brushing is not shown on the turnover sheets, plans or exhibits.

Commencing in fiscal year 2011/2012 and terminating in fiscal year 2014/2015, a portion of Zone 74's (Tesoro Del Valle) accumulated reserve funds will be further utilized to undertake various additional landscape infrastructure improvements and planting projects, only in the common areas within Zone 74's boundaries.

During fiscal year 2010/2011, \$11,000 were transferred from Zone 69's fund to Zone 69 MWD R/R's fund and \$34,000 were transferred from Zone 77's fund to Zone 77 MWD R/R's fund to pay for Zones 69 and 77 MWD R/R funds' portions of the fiscal year 2010/2011 services and supplies expenses including administrative cost.

During fiscal year 2011/2012, one time transactions were completed to relocate \$59,827.52 from Zone 69's fund to Zone 69 MWD R/R's fund and \$106,190.33 from Zone 77's fund to Zone 77 MWD R/R's fund, for the portions of assessments accumulated in Zone 69's fund and Zone 77's fund for the MWD repair/replacement during the prior three fiscal years (2007/2008 – 2009/2010), prior to the creation of the new Zone 69 MWD R/R's fund and Zone 77 MWD R/R's fund in December 2010.

For fiscal year 2013/2014, a portion of Zone 74's (Tesoro Del Valle) accumulated reserve funds will be utilized to undertake various landscape infrastructure improvements and planting projects that include but are not limited to the following: 1) Addition of split rail fencing, block walls and wrought iron fencing; 2) Construction of new corner monuments, a rose garden and a dog park; 3) Upgrading irrigation systems to implement a water conservation program; 4) Installation of additional landscaping and placement of trees along selective slope areas; 5) Provide shade coverage for playground areas, upgrade tennis /volleyball courts; hardscape and facilities at clubhouse. Assessments for parcels in the Zone are also reduced by 75% using credits from the reserve.

Effective April 30, 2014 Zone 74 is detached from the Districts and will no longer be levied.

C. BENEFIT ZONES DIAGRAM

Appendix B shows the exterior boundaries of each of the Zones within LLA District Nos. 1, 2, and 4. The diagram for Zone No. 25 has been amended to include 5.61 acres that were erroneously omitted from the diagram approved on June 29, 1999. This acreage does not include any assessable parcels and does not increase the assessment. In addition, the diagram for Zone No. 38 has been amended to include 4.53 acres. This acreage does not include any assessable parcels and does not increase the assessment. The diagram for LLA District No.1 has been amended to show only Zone 25 as the boundaries. In addition to the current medians within District 1 the amended map will show the location of additional maintenance areas along Pico Canyon (91,340 square feet) and 680 additional square feet of medians along Stevenson Ranch Parkway. The lines and dimensions of each existing parcel within each Zone for the 2014/2015 Assessment are shown on the Assessor's maps maintained by the County of Los Angeles, Office of the Assessor. Each existing parcel is identified by a distinctive number (Assessor Parcel Number) which is shown on the Assessor's maps. Said maps are incorporated herein by reference.

D. SUMMARY OF PARCELS/EBUS BY DISTRICT

The table below provides a listing of the estimated number of assessable parcels or applicable EBUs for each of the Districts and Zones for fiscal year 2014/2015.

(1) At built-out, Zone 68 will comprise of 1,128 Residential and approximately 8.62 Commercial EBUs.

(2) At built-out, Zone 69 will comprise of 873 Residential and 7.85 Commercial EBUs.

III. DISTRICT BUDGET

A. ESTIMATED COST OF IMPROVEMENTS

The 1972 Act provides that the estimated costs of the landscape improvements for the fiscal year shall include the total cost of constructing or installing all proposed improvements, the total cost of maintaining and servicing all existing and proposed improvements, and incidental expenses. Incidental expenses may include reserves to fund the maintenance and servicing of the Zones until December 10 of the fiscal year or whenever the Department begins to receive revenue from assessments collected by the County Auditor-Controller.

The 1972 Act also provides that the amount of any surplus, deficit, or contribution be included in the estimated cost of improvements. The net amount to be assessed on the parcels within each LLA District and Zone is the total cost of installation, maintenance and servicing with adjustments either positive or negative for reserves, surpluses, deficits, and/or contributions.

Over the next fiscal year, reserve funds for Zones 25 and 73 will be used for various Capital Improvement Projects. Descriptions for these projects will be available at the office of the Los Angeles County Department of Parks and Recreations, Special Districts Section.

The specific estimated costs of improvements for each of the Zones are extensive and are not bound in this Report but are incorporated herein by reference. The estimated costs are on file in the office of the Los Angeles County Department of Parks and Recreation, Special Districts Section, where they are available for public inspection.

B. ZONE BUDGETS

The Zone Budgets for fiscal year 2014/2015 has been included as Appendix A of this Report. Please refer to that section for details.

IV. METHOD OF APPORTIONMENT

A. BENEFIT

The 1972 Act provides that assessments may be apportioned upon all assessable lots or parcels of land within an assessment District in proportion to the estimated benefits to be received by each lot or parcel from the improvements. In addition, Proposition 218 requires that a parcel's assessment may not exceed the reasonable cost of the proportional special benefit conferred on that parcel. The Proposition provides that only special benefits are assessable, and the County must separate the general benefits from the special benefits conferred on a parcel. A special benefit is a particular and distinct benefit over and above general benefits conferred on the public at large, including real property within the District. The general enhancement of property value does not constitute a special benefit.

B. SPECIAL BENEFIT

In a landscape maintenance District or Zone the developers of the land typically install the landscape improvements for the benefit of properties within the development, and the continued maintenance is guaranteed through the establishment of a landscape maintenance District. If the installation of the improvements and the guaranteed maintenance did not occur, the lots would not have been established and could not have been sold to any distinct and separate owner. The establishment of each District or Zone and separate lot is a special benefit, which permits the construction of a building or structure on the property and the ownership and sale of the distinct lot in perpetuity.

All the lots are established at the same time once the conditions regarding the improvements and the continued maintenance are guaranteed. As a result, each lot within a Zone receives a special and distinct benefit from the improvements and to the same degree.

The improvements continue to confer a particular and distinct special benefit upon parcels within the Zones because of the nature of the improvements. The proper maintenance of landscaping and landscape appurtenant facilities specially benefit parcels within the Zones by moderating temperatures, and providing oxygenation thereby enhancing the environmental quality of the parcels and making them more desirable. The spraying and treating of landscaping for disease reduces the likelihood of insect infestation and other diseases spreading to landscaping located throughout the properties within the Zones. The proper maintenance of the landscaping, landscape ornamental structures, and landscape appurtenant facilities reduces property-related crimes (especially vandalism) against properties in the Zones. The landscaping helps to

visually join the various segments of the community, which enhance property. Finally, the proper maintenance of landscaping and landscape ornamental structures improves the attractiveness of the properties within the Zones and provides a positive visual experience each and every time a trip is made to or from the property.

C. GENERAL BENEFIT

In addition to the special benefits received by the parcels within each of the various Districts or Zones, the maintenance, operation, and servicing of landscaping may indirectly benefit surrounding properties or the public at large. However, it has been determined that in most cases, the benefits conferred on other properties or to the public at large is more general in nature and are not consider special benefits. For example, the proper maintenance of landscaping and landscape appurtenant facilities within the Districts or Zones control dust from blowing onto properties within the Zones, but may also indirectly control dust from blowing onto properties outside of the Zones. The spraying and treating of landscaping for disease reduces the likelihood of insect infestation and other diseases spreading to landscaping throughout Zones, but also reduces the likelihood that other properties within the County would be affected. In addition, the proper maintenance of landscaping and landscape ornamental structures provides a positive visual experience to persons passing by the Zones. Although these examples could be considered benefits, they are clearly incidental benefits conferred by the proper maintenance of the improvements and not a direct and special benefit to any properties other than those for which the improvements are maintained. Therefore, it has been determined that all improvements provided by the Districts are considered only special benefits for assessment purposes unless otherwise noted. Any portion of the improvements and the costs associated with those improvements determined to be a quantifiable general benefit will be funded from other revenue sources and will be excluded from the special benefit assessments.

LLA District No. 1

Parcel assessments and benefits for the original parcels in LLA District No. 1 were addressed in the 1997/98 Engineer's Report. The majority of the improvement maintenance within this District was transferred to the City of Santa Clarita in November 1997 with the remaining maintenance for LLA District No. 1 being associated with improvements in the area known as Stevenson Ranch, the boundaries of which are coterminous with the boundaries of Zone 25 of LLA District No. 2. This transfer of a portion of the improvements to the City of Santa Clarita did not change the benefit findings established in the 1997/1998 Engineer's Report, as the remaining improvements are associated specifically with the properties in Stevenson Ranch. Similar to LLA District No. 1, the improvements associated with Annexation LLA District No. 1A - Copperhill Drive and Annexation LLA District No. 1B - Plum/Whites Canyon, are specifically within the boundaries of those annexation areas and provide a special benefit to only parcels within those respective areas. The general and special benefits for Annexation LLA District No. 1A - Copperhill Drive and Annexation LLA District No. 1B - Plum/Whites Canyon were addressed in the 2002/2003 and 2003/2004 Engineer's Reports respectively.

The primary benefits derived from the maintenance of the specific landscape improvements associated with each of these distinctive areas of LLA District No. 1 are the beautification of the roadways system associated with those properties and which is traveled by the residents within each of these respective communities. In view of the fact that the benefits derived apply equally to all residents and parcels, within each respective area, it has been determined that only the taxable parcels within each respective area of LLA District No. 1 (Stevenson Ranch, Annexation 1A and Annexation 1B) receive benefit from the improvements associated with their respective development and community and the net amount to be assessed in each respective area shall be apportioned to only those parcels that benefit in those respective areas.

LLA District No. 2

For Zone Nos. 19, 21, 25, 26, 28, 32, 45, 55, and 58, the determination of general and special benefits were addressed in the 1997/1998 Engineer's Reports. For Zone Nos. 38 and 51, the determination of general and special benefits was addressed in the 1998/1999 Engineer's Report. For Zone No. 25, the determination of general and special benefits was addressed in the 2002/2003 Engineer's Report. Said benefits are summarized as follows:

Zone Nos. 32, 38, 55, and 58 (Lost Hills Commercial, Sloan Canyon, Vallencia High School, Castaic North Bluff and Rancho El Dorado)

All of the lots or parcels within each of the Zones receive all of the unique, special benefits equally from the maintenance of the improvements. Since all of the benefits are special, there are no general benefits to the lots or parcels within the Zones. No parcels outside the Zones benefit from the maintenance of the improvements; therefore, there are no benefits of a general nature to the public at large.

Zone No. 45 (Lake Los Angeles)

Lake Los Angeles Park also known as (a.k.a.) Stephen Sorenson Park is available for the use and enjoyment of residents, customers, clients, employees, and visitors of those parcels located within the benefit Zone, as well as residents, customers, clients, employees, and visitors of those parcels located outside of the benefit Zone. For Lake Los Angeles Park, the potential for use of the park facilities by residents, customers, clients, employees, and visitors of those parcels located within the benefit Zone is the portion of the benefit allocable to special benefit. The potential for use of the park facilities by residents, customers, clients, employees, and visitors of those parcels located outside the benefit Zone is the portion of the benefit allocable to general benefit.

Using a combination of the number of developed parcels outside the benefit Zone and a limited survey of park use, it was determined that the general benefit was 2% and the special benefit was 98%.

The primary benefits derived from the maintenance and improvements for Lake Los Angeles Zone No. 45 are the beautification of a community park, the creation of an open space, and the development of recreational areas that are available to be used and/or enjoyed by all of the property owners within the Zone. In view of the fact that the benefits derived apply equally to all parcels, it has been determined that all assessable parcels would receive the same net assessment.

Zone No. 25 (Stevenson Ranch)

For Zone 25 the area within the road rights-of-ways, and surrounding the development are landscaped easements, which are owned in common by all the owners within the development. These are the landscaping improvements that are maintained by the Zone. Since these improvements are for the benefit of the owners and they also benefit from the maintenance of these improvements, only the owners of property within the Zone are assessed for this benefit and its costs. The portion of the total landscape maintenance costs that are associated with general benefits will not be assessed to the parcels in the Zone, but will be paid from County's General Fund.

The following Zones were transferred to the City of Santa Clarita for maintenance and are no longer levied by the District: Zone 20 (El Dorado Village), Zone 33 (Canyon Park), Zone 44 (Bouquet Canyon), Zone 47 (Northpark), Zone 48 (Shadow Hills), Zone 51 (Valencia High School), Zone 52 (Mountain View East) and Zone 62 (Canyon Heights).

LLA District No. 4

For Zone Nos. 63, 64, 66, 68, 69, 70, 73, 75, 76, 77, 78, 79 and 80, the determination of general and special benefits was established in prior Engineer's Reports and is summarized as follows:

The grading and the landscaped slopes were a necessary condition for the establishment of the separate lots or parcels within the Zones. Since each lot or parcel required the improvements to exist, each lot receives an equal and special benefit from the improvements. No one lot received any more benefit from the improvements than any other lot. Since no lots outside the Zones receive this benefit, it is a unique and special benefit to only these lots of parcels in the Zones. Since all of the benefits are special, there are no general benefits to the lots of parcels within the Zones. No parcel outside the Zones benefits from the maintenance of the improvements; therefore, there are not benefits of a general nature to the public at large.

In a single-family residential Zone, all of the parcels in the Zone receive the same special benefit from the improvements, due to their similarity in size and use and their similar proximity to the improvements. Therefore, as the benefits derived apply equally to all parcels, it has been determined that all taxable parcels would receive the same net assessment.

The same general and special benefits, except for Zone No. 66, 76, 77, 78, 79 and 80, apply for LLA District No. 4.

Zone No. 66 (Valencia Marketplace)

Zone No. 66 includes a landscaped street median. Maintenance of street median landscaping is a special benefit to those parcels within the Zone. Individuals that do not reside within the Zone but travel to or through the Zone could receive temporary benefit, but said benefits are minimal and very difficult to quantify. There is no reliable method available to identify, which individuals travel to or through the Zone. Even if the individuals could be identified, there is no mechanism available for collecting assessments. However, in keeping with the intent of Article XIII D of the California Constitution, it is assumed the general benefit is 2%.

Zone No. 76 (Tesoro Adobe Park)

The area within and surrounding the adobe park consists of landscape easements and other improvements including the preservation of historic structures. All the parcels are established at the same time once the conditions regarding the improvements and the continued maintenance are guaranteed. As a result, each parcel within this Zone receives a special and distinct benefit from the improvements and to the same degree. Individuals that do not reside within the Zone but travel to or through the Zone receive temporary benefit. The percentage of general benefit for maintenance of the improvements is as follows: Landscaping - 2%, Parking - 1%, Amphitheater – 1%, Historic Structures – 1% and the Park in general – 1%.

Zone No. 77 (West Creek Park)

It has been determined that, even though the parcels within this Zone receive all of the unique, special benefits from the maintenance of the West Creek Park improvements, existing projects outside of this Zone also benefit from the maintenance of the park, such as two projects to the south, three projects to the east, and one existing project to the north. It has been determined that the percent General Benefit attributable to these projects is 59%. Therefore, 59% of the maintenance of the park would not be funded by this Zone, but by the County's General Fund. As such, only 41% of the park's usage would be attributable to Zone No. 77 and shall be funded by Zone No. 77.

Zone No. 78 (The Old Road Area-Wide)

The improvements maintained and funded by the assessments include the landscaping and related amenities of the street median islands along Magic Mountain Parkway and The Old Road within the boundaries of Zone No. 78. It has been determined that the Special Benefit derived from maintenance of the improvements is 100% attributable to the properties within Zone No. 78.

Zone No. 79 (The Old Road Local)

The improvements maintained and funded by the assessments include the landscaping and related amenities in the public landscaped parkways along Magic Mountain Parkway and The Old Road within the boundaries of Zone No. 79. It has been determined that the Special Benefit derived from maintenance of the improvements is 100% attributable to the properties within Zone No. 79.

Zone No. 80 (Entrada)

The improvements maintained and funded by the assessments include the landscaping and related amenities of the slopes and parkways within the boundaries of Zone 80. The specific plans and specifications for the improvements are on file in the office of the Los Angeles County Department of Parks and Recreation, Special Districts Section, where they are available for public inspection.

The following Zones were transferred to the City of Santa Clarita for maintenance and are no longer levied by the District: Zone 65 (Fair Oaks Ranch, Phase I), Zone 65A (Fair Oaks Ranch, Phase II and III), Zone 65B (Fair Oaks Park), Zone 67 (Miramontes), Zone 71 (Haskell Canyon Ranch) and Zone 72 (Copperhill Twenty-two).

D. METHODOLOGY

For all Districts and Zones, in determining the total cost per Zone for each fiscal year, the total estimated cost of the landscape improvements (installation, construction, annual maintenance and servicing expenses, and operating reserves) less the surplus from previous fiscal year and the interest earned on said surplus, were used to determine the amount to be assessed. In addition to any prior year surpluses, for certain Zones, a self-maintenance credit is applied to reduce the amount to be assessed based on maintenance to the authorized improvements that is paid for from other sources. In view of the fact that the benefits derived apply equally to all parcels, it has been determined that all assessable parcels would receive the same net assessment. The cost to be assessed on each parcel is determined by dividing the total amount to be assessed by the number of assessable parcels within the Zone.

Exceptions to the above-mentioned methodology are for improvements and services associated with specific annexations or Zones where it has been determined that a variation in benefit exist between parcels within that Zone or annexation area and a more appropriate allocation of benefit is based on Equivalent Benefit Units rather than a per parcel method of apportionment. An Equivalent Benefit Unit (EBU) method of apportionment is currently applied to calculate each parcel's proportional benefit and assessment in the following Zones or District Designations:

- Zone 1A (Annexation 1A - Copperhill Drive) of LLA District No. 1
- Zone 1B (Annexation 1B - Plum/Whites Canyon) of LLA District No. 1
- Zone 21 (Sunset Pointe) of LLA District No. 2
- Zone 25 (Stevenson Ranch) of LLA District No. 2
- Zone 26 (Emerald Crest) of LLA District No. 2
- Zone 68 (West Creek Copper Village) of LLA District No. 4
- Zone 69 (West Creek Canyon Estates) of LLA District No. 4
- Zone 76 (Tesoro Adobe Park) of LLA District No. 4
- Zone 77 (West Creek Park) of LLA District No. 4
- Zone 78 (The Old Road Area-Wide) of LLA District No. 4
- Zone 79 (The Old Road Local) of LLA District No. 4
- Zone 80 (Entrada) of LLA District No. 4

Accordingly, the methodologies used for the Districts and Zones in the LLA Districts No. 1, No. 2 and No. 4 are as follows:

All Zones (except Zone 1A (Annexation A - Copperhill Drive); Zone 1B (Annexation B - Plum/Whites Canyon) within LLA District No. 1; Zones 21, 25 and 26 within LLA District No. 2; Zones 68, 69, 76, 77, 78, 79 and 80 within LLA District No. 4).

E. ASSESSMENT

The Assessment Roll stating the net amount to be assessed upon assessable lands within the Districts and Zones for fiscal year 2014/2015 is on file at the County and is hereby made a part of this Report by reference as “Appendix C”. The information included therein was obtained from the latest Secured Roll (July 30, 2013) from the County of Los Angeles, Office of the Assessor.

V. BONDS OR NOTES

There are no bonds or notes to be issued in conjunction with the fiscal year 2014/2015 assessments for those Zones within LLA District Nos. 1, 2, or 4.

APPENDIX A FISCAL YEAR 2014/2015 DISTRICT BUDGET

The following Budget summarizes the estimated costs of the landscape improvements for the fiscal year and includes the total cost of constructing or installing all proposed landscape improvements, the total cost of maintaining and servicing all existing and proposed landscape improvements, and incidental expenses.

The specific estimated costs of landscape improvements for each of the Zones are extensive and are not bound in this Report but are incorporated herein by reference. The estimated costs are on file in the office of the Los Angeles County Special Districts Section, where they are available for public inspection.

APPENDIX B DISTRICT DIAGRAMS

The District Assessment Diagrams reflect the boundaries of the District Zones. Specific Assessment Diagrams identifying the improvements maintained for each District are extensive and are not bound in this Report but are incorporated herein by reference and are on file in the office of the Los Angeles County Special Districts Section, where they are available for public inspection.

Notes:

Zone 25's diagram was amended to include 5.61 acres that were incorrectly omitted from this diagram as approved in June of 1999. This portion does not include any assessable parcels and does not increase the assessment. Zone 38's diagram had been amended to include 4.53 acres. This portion does not include any assessable parcels and does not increase the assessment.

LLA District 1 diagram was amended to show the Zone 25 boundaries only. Further, this diagram shows the 91,340 square feet of additional maintenance along Pico Canyon Road and 680 additional square feet of medians along Stevenson Ranch Parkway.

APPENDIX C FISCAL YEAR 2014/2015 ASSESSMENT ROLL

Each lot or parcel listed on the Assessment Roll is shown and illustrated on the latest County Assessor records and these records are, by reference made part of this Report. These records shall govern for all details concerning the description of the lots or parcels.

Following consideration of public comments and protests at a public hearing and review of the Engineer's Combined Annual Levy Report, the Board of Supervisors may order amendments to the Report or confirm the Report as submitted. Following final approval of the Report and confirmation of the assessments, the Board may order the levy and collection of assessments for fiscal year 2014/2015 pursuant to the 1972 Act. In such case, the assessment information will be submitted to the County Auditor-Controller, and included on the property tax roll for each benefiting parcel for fiscal year 2014/2015.

ENGINEER'S REPORT AFFIDAVIT

Balloting for New/Increased Assessments

Landscape Maintenance District No. 2 Zone No. 37 — Castaic Hillcrest

County of Los Angeles State of California

This Report outlines the new (increased) assessments proposed to be levied and collected on properties within Zone 37 (Castaic Hillcrest) of the Los Angeles County Landscape Maintenance District No. 2, commencing in Fiscal Year 2014/2015. This Report specifically address only Zone 37 of Landscape Maintenance District No. 2, the improvements associated with Zone, the estimated annual costs to maintain and service those improvements (budget), the method of apportioning those budgeted costs, and the resulting assessments proposed to be levied on the parcels therein as they existed at the time this Report was prepared pursuant to a Resolution of the Los Angeles County Board of Supervisors. The proposed new or increased assessments as described herein are deemed necessary to provide and adequately maintain the improvements determined to be of special benefit to the properties within Zone 37 of Landscape Maintenance District No. 2. Because these assessments are considered to be new or increased, the proposed assessments shall be submitted to the property owners of record within Zone 37 as part of a protest ballot proceeding pursuant to the provisions of the California Constitution Article XIID before such assessments may be adopted and imposed by the Board of Supervisors. Reference is hereby made to the Los Angeles County Assessor's maps for a detailed description of the lines and dimensions of parcels within the Zone 37 of Landscape Maintenance District No. 2. The undersigned respectfully submits the enclosed Report as directed by the County Board of Supervisors.

Dated this 23rd day of April, 2014.

INTRODUCTION

This Engineer's Report ("Report") has been prepared in accordance with Article 4, Chapter 1, of the Landscaping and Lighting Act of 1972, being Part 2, Division 15 of the California Streets and Highways Code, *commencing with Section 22500* ("1972 Act") and in compliance with the substantive and procedural requirements of the *California State Constitution, Articles XIID* ("California Constitution"). The Los Angeles County ("County") Board of Supervisors ("Board of Supervisors"), has by resolution initiated proceedings in connection with the proposed establishment of new or increased assessments within the County's Landscape Maintenance Districts No. 2 (hereafter referred to as "District" or "LLA No. 2"), Zone No. 37 ("Zone 37") for the purpose of continuing and providing for the ongoing operation, maintenance and servicing of local landscape improvements currently maintained by the County's Department of Parks and Recreation on behalf of and for the special benefit of properties within Zone 37.

The County Department of Parks and Recreation has evaluated the landscape improvements associated with Zone 37 and has determined that the annual expenses necessary to adequately operate, maintain and services those improvements on an ongoing basis is greater than what can be provided and supported by the existing Zone assessments that are levied and collected annually on the County tax rolls. Originally when Zone 37 was established, there was no provision for an adjustment in the assessments to account for inflation. Over time, the annual costs to operate and maintain the improvements for Zone 37 has continued to rise, but the revenues to support those improvement costs has not changed. As a result, Zone 37 has been operating on a marginal budget (reduced service level) for several years. Therefore the County Department of Parks and Recreation has determined that it is necessary to establish new/or increased assessments for this Zone in order to provide the funding necessary to service and maintain the landscaping and related improvements and this Report has been prepared in connection with the proceedings required for the establishment of new/or increased assessments for Zone 37 commencing in Fiscal Year 2014/2015.

This Report describes the improvements, and proposed assessments to be levied on properties within Zone 37 in connection with the benefits the properties receive from the maintenance and servicing of Zone 37 improvements. The assessments described herein will provide an annual funding source to adequately support the ongoing maintenance, servicing and operation, of the landscaping and related amenities that provide special benefits to the properties within Zone 37 including funding to support future renovations as well as associated incidental expenses.

Pursuant to the provisions of Article XIID, Section 4 of the California Constitution, the County Board of Supervisors shall conduct a property owner protest ballot proceeding (referred to as "Ballot Proceeding") for the proposed levy of new or increased assessments as described in this Report. In conjunction with this Ballot Proceeding, the County Board of Supervisors will conduct a noticed public hearing to consider public testimonies, comments and written protests regarding the proposed new or increased assessments. Upon conclusion of the public hearing, property owner protest ballots received will be opened and tabulated to determine whether majority protest exists:

"A majority protest exists if, upon the conclusion of the hearing, ballots submitted in opposition to the assessment exceed the ballots submitted in favor of the assessment. In tabulating the ballots, the ballots shall be weighted according to the proportional financial obligation of the affected property."

After completion of the ballot tabulation, the County Board of Supervisors will confirm the results of the balloting. If majority protest exists for the proposed new or increased assessments, further proceedings to levy the new/increased assessments shall be abandoned for Fiscal Year 2014/2015. However the County may continue to annually levy and collect assessments for Zone 37 based on the assessment rate and method of apportionment previously approved and adopted by the County Board of Supervisors as described in the Engineer's Annual Report for the LLA No. 2 or may in separate actions dissolve Zone 37 and/or abandon the levy and collection of future assessments. If tabulation of the ballots indicate that majority protest does not exist for the proposed new/increased assessments presented and described herein, the County Board of Supervisors may approve this Report including the assessment diagram (as submitted or amended), and confirm the assessments as outlined in the Report and so approved. In such case, the assessments as approved shall by reference be made part of and incorporated as an amendment to the Fiscal Year 2014/2015 Engineer's Annual Report for Landscape Maintenance District No. 2 and together with the assessments for other zones and properties within LLA No. 2, the assessments for Zone 37 as approved shall be submitted to the Los Angeles County Auditor/Controller for inclusion on the property tax roll for each affected parcel.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number (APN) by the Los Angeles County Assessor's Office. The Los Angeles County Auditor/Controller uses Assessor's Parcel Numbers and specific Fund Numbers to identify properties to be assessed on the tax roll for special benefit assessments.

This Report consists of five (5) parts:

Part I

Plans and Specifications: This section of the Report outlines an overall description of Zone 37 (general location of the Zone and the parcel(s) therein) and a general description of the improvements and services that provide a particular and distinct benefit to those properties as authorized by the 1972 Act and in compliance with the provisions of the California Constitution. A diagram showing the exterior boundaries of the Zone and the parcels therein is attached and incorporated herein under Part IV — Boundary Diagram.

Part II

Method of Apportionment: This section of the Report includes a discussion of the benefits (general and special) associated with the improvements to be provided and the method of calculating each property's proportional special benefit and annual assessment amount.

Part III

District Budget: Provides an estimate of the annual funding necessary to fund an appropriate level of service for the annual maintenance and operation of the landscape improvements and related amenities within Zone 37 and the resulting maximum assessment rate (Rate per Equivalent Benefit Unit) for the parcels within the Zone, which are proposed to be levied and collected commencing in Fiscal Year 2014/2015. This budget includes an estimate of direct annual operational costs (regular landscape maintenance, utilities and related costs); collection of funds for anticipated future repair and rehabilitation of the improvement and amenities; and incidental expenses authorized by the 1972 Act including, but not limited to administration expenses, county and professional service fees and collection of appropriate fund balances. The proposed maximum assessment (Rate per Equivalent Benefit Unit) identified in the budget establishes the proposed maximum assessment rate for the Zone commencing in Fiscal Year 2014/2015 (maximum assessment rate). This maximum assessment rate, the assessment amount for the parcel and the total amount balloted will be presented to the property owners of record for approval as part of the protest ballot proceedings.

Part IV

Boundary Diagram: A diagram showing the exterior boundaries of Zone 37 which includes all parcels determined to receive special benefits from the improvements. Parcel identification, the lines and dimensions of each lot, parcel and subdivision of land within the Zone are inclusive of all parcels as shown on the Los Angeles County Assessor's Parcel Maps as they existed at the time this Report was prepared and shall include all subsequent subdivisions, lot-line adjustments or parcel changes therein. Reference is hereby made to the Los Angeles County Assessor's maps for a detailed description of the lines and dimensions of each lot and parcel of land within the District. The Boundary Diagram together with the Assessment Roll contained in Part V of this Report comprise the Assessment Diagram for Zone 37.

Part V

Assessment Roll: Presents a listing of the parcels within Zone 37 and each parcel's corresponding proportional special benefit obligation as determined by the method of apportionment and budget, including each parcel's proportional Equivalent Benefit Units (EBU), maximum assessment amount being balloted along with the assessment amount proposed to be levied and collected on the County Tax Rolls for Fiscal Year 2014/2015.

PART I — PLANS AND SPECIFICATIONS

The boundaries of Zone 37 and a brief description of the improvements are provided in this section of the Report. The allocation of special benefit and general benefit from the improvements are summarized in Part II (Method of Apportionment) section of this Report

Description of the District

For purposes of these proceedings to ballot for new or increased assessments, the proposed boundaries and territory of Zone 37 will not be changed from the boundaries and territory previously established by Board of Supervisor for Landscape Maintenance District No. 2, Zone 37 (Castaic Hillcrest).

Zone 37 is comprised primarily of residential developments in the unincorporated area of the County generally located north and south of Hillcrest Parkway, west of The Old Road and Interstate 5 and east of Barcelona Road. Specifically, the territory within Zone 37 currently includes, but is not limited to two school site properties adjacent to Hillcrest Parkway (identified as Assessor Parcel Numbers 2865-019-901 and 2865-019-905); an undeveloped property (vacant land) identified as Assessor Parcel Number 2865-019-008; and all of the lots and parcels of land within the residential subdivisions identified as:

Tract No. 43750-01	Tract No. 44373	Tract No. 44373-01	Tract No. 44373-02
Tract No. 44373-03	Tract No. 44373-04	Tract No. 44373-05	Tract No. 44373-06
Tract No. 45333	Tract No. 45334	Tract No. 45335	Tract No. 45336
Tract No. 45337	Tract No. 45338	Tract No. 49408	Tract No. 49408
Tract No. 51105	Tract No. 51106	Tract No. 51324	Tract No. 51325
Tract No. 51326	Tract No. 51327	Tract No. 51460	Tract No. 51774
Tract No. 51792			

The overall boundaries of the Zone includes the lots and parcels of land currently identified on the Los Angeles County Assessor's Parcel Number (APN) Maps as Book 2856 Pages 56 through 70; 72 through 74; 77 through 83; and 92 as well as Book 2856 Page 19 Parcels 008, 901 and 905.

Improvements and Services

Improvements and Services Authorized by the 1972 Act

As generally defined by the Landscaping and Lighting Act of 1972 and may be applicable to this District and specifically Zone No. 81, the improvements, services and expenses to be funded by the District assessments may include one or more of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.

- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, the furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement including but not limited to:
 - Repair, removal, or replacement of all or any part of any improvements;
 - Grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities;
 - Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury;
 - The removal of trimmings, rubbish, debris, and other solid waste;
 - The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti;
 - Water for the irrigation of any landscaping, the operation of any fountains, or the maintenance of any other improvements.
- The collection and accumulation of funds as reserves for the purpose of ensuing appropriate cash flow for operational activities and long-term maintenance expenses.
- Incidental expenses associated with the improvements above including, but not limited to:
 - The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
 - The costs of printing, advertising, and the publishing, posting and mailing of notices;
 - Agency expenses for administration and operation of the Zone including but not limited to personnel salaries and benefits, office materials and District equipment;
 - Compensation payable to the County for collection of assessments;
 - Compensation of any engineer or attorney employed to render services;
 - Any expenses incidental to the issuance of bonds or notes;
 - Costs associated with the proceedings held for the approval of a new or increased assessment;
 - Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements.
- Where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, the 1972 Act permits an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:
 - Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
 - Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.

- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

Zone Specific Improvements

The purpose of the Zone assessments is to provide funding for the continued maintenance, operation and servicing of the local landscape improvements and related amenities that provide a particular and distinct special benefit to the properties and developments within LLA No. 2 Zone 37. These improvements may include various trees, turf, plants, shrubs, ground covers (including vegetation, mulch and decomposed granite), irrigation and drainage systems, and other amenities that may include, but are not limited to concrete surfaces, retaining walls and ornamental amenities such as entry monuments and signage. Specific plans, specifications and detailed drawings for these improvements are incorporated in the various tract and subdivision maps associated with the development of properties within Zone 37. These plans and specifications for the various developments, subdivisions and tracts are voluminous and are not bound in this report but by this reference are incorporated and made a part of this report. The plans and specifications are on file with the Los Angeles County Park and Recreation, Special Districts. Together these improvements are summarized by the following, including, but are not limited to:

- Approximately 17,425 square feet of irrigated turf area (0.40 acres);
- Approximately 1,611,730 square feet of planted and irrigated slopes (37.00 acres);
- Approximately 200,375 square feet of non-irrigated fuel modification buffer area (4.60 acres);

While the County of Los Angeles, Department of Parks and Recreation has continued providing for the maintenance of the improvements associated with the Zone as efficiently as possible, over the years the cost of maintenance, utilities and supplies have continued to increase creating a growing gap between the full cost of providing the improvements and the assessment revenues available to adequately fund such improvements and services. In response to this increasing funding gap, the Department of Parks and Recreation has been forced over the years to reduce the landscape maintenance services and repairs to levels aligned with the available assessment funding, resulting in maintenance adjustments that may have included:

- Reductions in the frequency that turf areas are mowed;
- Reductions in the frequency of trimming and pruning plants and trees;
- Reduced fertilization cycles and spraying for weeds and insects;
- The removal of dead vegetation (shrubs, plants and trees) being restricted to just during pruning cycle instead of upon discovery;

In addition to these reductions in annual maintenance service levels, repair and replacement of the irrigation equipment has been reduced to only those services and activities necessary to sustain the landscaping or ensure safety. Replacement and renovation of the vegetation, trees and other improvements has been virtually eliminated.

The Zone budget and assessments outlined in this Report are being proposed to provide a revenue source deemed necessary to adequately fund the ongoing maintenance, operation and servicing of the landscaping and related facilities within the public right-of-ways and easements dedicated to the County for maintenance that provide special benefits to the properties within the Zone and directly impact and reflect the overall presentation of those properties. The proposed assessments, if approved, will support in whole or in part activities that may include but are not limited to:

- Regular mowing of turf areas;
- Regular tree trimming cycles to promote healthy growth and minimize root damage;
- Regular pruning and trimming of plant material;
- Regular brush clearing and weed control of fuel modification areas;
- Seasonal fertilizing of turf, vegetation and trees;
- Removal of dead or deceased plants;
- Regular weed and litter removal;
- Irrigation system monitoring, maintenance and repair.
- Repair and/or replacement as needed of vegetation and amenities damaged by weather or vandalism.
- Regular monitoring and maintenance of monuments and signage within the landscape easements.

In addition to funding the regular annual operation and maintenance of the improvements, as authorized by the 1972 Act, the proposed assessments are also intended to provide funding for related incidental expenses including, but not limited to administrative costs, performance of periodic and/or planned repairs or renovations, collection of operational reserves, and funding to be collected in installments to fund in part future capital expenditures that may be needed for rehabilitation of the landscaped areas.

PART II — METHOD OF APPORTIONMENT

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the acquisition, construction, maintenance, and servicing of landscaping and appurtenant facilities. Section 22573 of the 1972 Act requires that the cost of these improvements be levied according to benefit rather than assessed value. This section states:

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments, notably:

Article XIID Section 2d defines District as follows:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service”;

Article XIID Section 2i defines Special Benefit as follows:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIID Section 4a defines proportional special benefit assessments as follows:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and an agency shall separate the general benefits from the special benefits conferred on a parcel.”

Benefit Analysis

The method of apportionment described in this Report for allocation of special benefit assessments utilizes commonly accepted engineering practices and have been established pursuant to the provisions of the 1972 Act and California Constitution. The formulas used for the calculation of the assessments reflect the composition of parcels within Zone 37 and the improvements and activities to be provided, and have been established to fairly apportion the costs of providing those improvements based on a determination of the proportional special benefits to each parcel. The improvements to be provided and for which properties will be assessed have been identified as necessary, desired or required as essential components for

the orderly development of properties within Zone 37 to their fullest potential and use, and these improvements were installed in connection with the collective development of the properties within the Zone and were an integral part of developing those properties, consistent with the property development plans and applicable portions of the County's General Plan and development approval process. Furthermore, these improvements were not required nor necessarily desired by any properties or developments outside the Zone boundaries, but were installed as an enhancement to the development of the properties within the Zone. In fact, in an analysis of adjacent or similar development areas in close proximity to Zone 37, many of those developments and areas have similar local landscape amenities for which they are assessed or are privately maintained through an association or individual property owners.

Based on the above facts and an analysis of the location and extent of the Zone improvements; the proximity and association of each development and parcel to those improvements; and the maintenance and operating costs required to provide and sustain those improvements; it has been determined that these improvements and the annual costs of ensuring the proper maintenance and operation of the improvements are considered to be essential components to the overall development and use of such properties and are a direct and particular benefit (special benefit) to those properties. Furthermore, these parcels are uniquely benefited by, and receive a direct advantage from, and are conferred a special benefit over and above general benefits by said public improvements in a way that is particular and distinct from their effect on other parcels and that real property in general and the public at large do not share.

Clearly the improvements for Zone 37 incorporate local landscape amenities not found in all areas of the County and the properties to be assessed are part of a specific development area that created the need for the improvements and these local improvements would otherwise not be necessary or required without the development or potential development of those properties. Moreover, the ongoing operation and maintenance of these local improvements and certainly the level of service necessary to ensure the health, growth and appearance of these improvements have a direct and particular impact on only those properties and are in addition to any improvements, services and activities the County would otherwise be obligated to construct or provide. Ultimately, the proper maintenance and operation of these improvements provide enhanced aesthetics, and serve as a shared extension and representation of the individual properties into the public areas in close proximity to those properties that are not provided or shared by other properties outside the Zone or by the public at large. In addition as previously noted, similar local landscape improvements throughout the County are funded either by local assessments, property associations or privately by individual properties and the properties within Zone 37 derive no more benefit from those localized improvements than those developments benefit from the improvements within Zone 37.

The fact that these improvements are located within public right-of-ways or easements and are maintained by the County thorough an assessment district rather than privately through an association does not make these improvements less of a direct and special benefit to the properties within the Zone nor does it suggest that because these improvements may be termed as "public improvements" such improvements must have a direct benefit to the County or to the public at large even though recent court rulings on assessments have suggested that there is intuitively some general benefit derived from public improvements. Clearly in cases where the public improvements serve a broader community function and/or benefit to the general public such as traffic signals or arterial street lighting, which enhance general traffic circulation or parks which may serve and are commonly used by the general public, general benefit is more

apparent and can be more readily measured or quantified. However, such general benefits are less apparent for more localized improvements such as those associated with Zone 37.

Although the Zone improvements include landscaped areas and amenities that are visible to the public at large or to nearby properties as they travel through the Zone, it is evident that the improvements were only necessary for the development of the properties within the Zone and were neither required nor necessarily desired by any other properties or developments, and the visibility such improvements may afford to other properties or to the public at large is considered incidental (neither a general or special benefit) and certainly not quantifiable. However, recognizing that the purpose of the assessments is to fund in whole or in part the services and activities necessary to properly maintain those improvements it is reasonable to conclude that there are some in-direct or incidental general benefits conferred to properties and the general public through the performance of such services and activities. The proper maintenance of landscaping and appurtenant facilities within the Zone will inevitably minimize dust and debris from blowing onto properties within the Zone and potentially onto properties outside of the Zone. Abatement activities (spraying and treating for disease and pests) reduces the likelihood of plant or tree diseases and rodent and insect infestation spreading to private properties both within the Zone and potentially throughout the County. As such, it has been determined that the performance of these specific activities and services confer some benefits to properties in general (both parcels within and outside the Zone) and potentially to the public and at large and the cost of providing these particular services are considered in part to be of general benefit. Therefore, a portion of these particular services and activities shall be funded by the County from other available non-assessment funding sources or in-kind services, and those costs shall not be included as part of the special benefit assessments.

In light of the preceding discussion and the provisions of the 1972 Act and the California Constitution, the method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property within the Zone receives comparable special benefits from the maintenance and operation of the landscape improvements to be funded by the assessments, and the assessment obligation for each parcel reflects that parcel's proportional special benefit of the entirety of the maintenance and operation expenses minus those costs identified as general benefit.

Method of Assessment

Equivalent Benefit Units

To assess benefits equitably it is necessary to consider the entire scope of the improvements provided and to calculate each property's relative share of the special benefits conferred by the funded improvements and service. Thus the benefit rationale (proportional special benefit) and calculation of assessments for most maintenance districts, particularly those formed under the provisions of the 1972 Act, utilize a method of apportionment commonly referred to as an "Equivalent Benefit Unit (EBU)" method of apportionment. This method of apportioning special benefits and assessments establishes a basic unit (base value) of benefit and then calculates the benefit derived by each assessed parcel as a multiple (or a fraction) of the basic unit to establish proportional assessments utilizing a shared measure of proportional benefit based on each property's specific characteristics and relationship to the improvements compared to that of the base value.

For the purposes of this Engineer's Report, an EBU is the quantum of benefit derived from the funded Zone improvements, programs by a single-family residential parcel. The single family residential parcel has been selected as the basic unit "benchmark" for calculation of assessments since it represents over 99% of the parcels in the Zone and each single-family residential parcel within the Zone is considered to receive proportionately equal special benefits from the improvements. Thus, the "benchmark" property (the single family residential parcel) derives one EBU of benefit and is assigned 1.00 Equivalent Benefit Unit. All other land uses are proportionately weighted (assigned an EBU) based on an assessment formula that equates the property's specific use and development to this benchmark property. This proportional weighting may be based on several factors (characteristics) including, but not limited to the: type and use of the property (land use); size of the property (units or acreage), development status (developed versus undeveloped) as well as related development factors such as approved development plans or development restrictions, typical or average development densities, and like or in-kind benefit contributions. Generally for most assessment districts the calculation of each parcel's proportional special benefit can be reasonably determined by applying one or more of these factors.

Land Use Classifications

Every parcel within the Zone is assigned a land use classification based on available parcel information obtained from the County Assessor's Office. The following provides a discussion and summary of the EBU calculation and determination of proportional special benefit applicable to the various properties and land uses in Zone 37. Because not all parcels within the Zone have been fully developed at the time this Report was prepared, the listing of land uses that follow may include one or more property types that are not applicable to parcels currently found within the Zone, but may be applicable when all parcels are fully developed.

Single-family Residential Property:

This classification may include, but is not limited to: all subdivided residential tract lots (with or without structures); condominiums; or other single-family residential units on a single parcel. As previously noted, the single family residential parcel has been selected as the basic unit for calculation of assessments and each is assigned 1.00 Equivalent Benefit Unit.

Multi-Family Residential Parcels:

This land use classification is defined as a fully subdivided residential parcel that has more than one residential unit developed on the parcel. (This land use includes apartments, duplexes, triplexes, etc.). This land use designation may also include properties identified by the County Assessor's Office as mixed use property for which there is more than one residential unit (known number of residential units) associated with the property and for which the parcel's primary use is residential, but may also include a non-residential (commercial) component or unit associated with that property.

Although multi-family residential properties receive similar special benefits to that of single-family residential property and an appropriate and comparative calculation of proportional special benefits is reasonably reflected by the parcel's total number of residential units, it would not be reasonable to conclude that on a per unit basis, the benefits are equal. Studies have consistently shown that multi-family units impact public infrastructure at reduced levels compared to a single-family residence, which is reflective of their reduced structure size and

need for various public improvements. Furthermore, as the density increases (number of units per parcel increases); the number of vehicular trips generated per unit tends to decline because the population density per unit tends to decrease (generally because of reduced unit sizes). (Sources: Institute of Transportation Engineers Informational Report Trip Generation, Fifth Edition, 1991; Metcalf and Eddy, Wastewater Engineering Treatment, Disposal, Reuse, Third Edition, 1991).

Based on these factors, it is reasonable to conclude that the proportional special benefit these properties receive from the Zone improvements funded by the assessments per unit is less than that of a single-family residential parcel and as the overall number of units increase the proportional benefit per unit decreases. Therefore it has been determined that appropriate weighting of the proportional special benefit per unit for multi-family residential properties as compared to a single-family residential is best represented by the following sliding scale: 0.750 EBU per unit for the first 5 units; plus 0.625 EBU per unit for units 6 through 25; plus 0.500 EBU per unit for units 26 through 50; plus 0.375 EBU per unit for units 51 through 100; plus 0.250 EBU per unit for units 101 or above.

Non-Residential Parcels:

This classification includes any improved privately owned or publicly owned property that is not otherwise identified or classified as a residential property or other land use classification identified and described herein. This land use classification includes, but is not limited to:

- Various commercial enterprises including commercial retail; food services; banks; shopping centers; recreational facilities; office buildings, professional buildings, hotels, motels, parking lots and parking structures;
- Various industrial properties including service centers; warehousing, storage facilities, manufacturing and processing centers;
- Various institutional properties such as churches, private schools, hospitals and convalescent homes; and,
- Government owned properties that have similar uses to those identified above.

The term "Improved" includes, but is not limited to properties with one or more structure (buildings), whether the structure(s) are occupied or not; paved parking lots; and/or lots or parcels of land that are otherwise improved and together with an adjacent parcel are part of a developed property. This land use classification also includes any parcel that may incorporate a single residential unit, but is also used in whole or in part for commercial purposes.

Utilizing vehicular trip generation data outlined by the Institute of Transportation Engineers Informational Report, Seventh Edition; developed non-residential properties generate on average approximately three (3) to seven (7) times the daily vehicular trips per acre than the trips typically generated by a single-family residential property. While the actual daily trips generated by a particular developed non-residential property may be greater or less than this average range, it does provide a reasonable indicator of the proportionality to that of a single-family residential parcel. In addition, an analysis of residential development densities throughout the County indicates that on average, residential developments yield approximately 4 to 8 residential units per acre, the average being six units per acre (an average of 0.17 acres per residential unit). However within this Zone the residential developments yield only approximately three (3) residential units per acre (an average of 0.3265 acres per residential parcel). Based on

these various considerations it is therefore reasonable to conclude that an appropriate weighting of the proportional special benefit for developed non-residential properties as compared to a single-family residential is best represented by multiplying the acreage on each non-residential parcel by a factor of four or 4.00 EBU per acre.

As noted above this land use classification includes most government owned properties and facilities that have similar uses to private non-residential properties, such as fire and police stations; government offices; libraries; community centers; federal, state or county court facilities; US postal service facilities; public utility facilities or offices; or other similar developed public properties. These properties are considered to be and shall be proportionately assessed as Non-Residential Parcels. While these properties receive proportional special benefits from the improvements, it must be noted that the County Tax Collector's Office typically identifies these properties as "Non-Taxable" and does not generate tax bills for these properties and as a matter of practical application, the calculated special benefit and proposed assessment obligation for such properties may not be collected through the tax roll as other assessments. Therefore, in addition to those costs determined to be of general benefit, the County shall contribute to the Zone additional funding to cover the proportional assessment obligation and revenue that would otherwise be applied to such properties.

Undeveloped (Vacant) Parcels:

This land use classification includes undeveloped property (vacant land) with no specific or approved development plan, but will be developed or has the potential to be developed in the future. Although it is recognized that the Zone improvements provided were primarily constructed and installed as the result of existing property development, it is also recognized that the overall infrastructure and amenities (roads, street lights, utilities, storm drainage, landscaping, etc.) within the Zone were constructed to support development of all properties within the Zone to their full and best use including future development. While it is clear that even undeveloped properties have a vested interest and benefit in the existence and continued maintenance of the Zone improvements, it is also recognized that the special benefits to these properties is less simply because they are not yet developed to their full and best use.

Although undeveloped properties certainly derive special benefits from such improvements, these special benefits are limited to the land (lot) itself. Based upon the opinions of professional appraisers who appraise market property values for real estate in Southern California, the land value portion of a property typically ranges from 20 to 30 percent of the total value of developed property. Additionally, the utilization of vacant property is significantly less than improved property. Consequently, vacant property shall be assigned EBU's at the rate of 25 percent of improved property. Therefore based on the 4.00 EBU per acre established above for developed non-residential properties, the proportional special benefit for vacant properties as compared to a single-family residential or other developed property is best represented by 1.00 EBU per acre (4.0 EBU/Acre for non-residential properties x 25%).

Landscaped Public Parcels (Schools):

This land use is narrowly defined as developed public or government owned property used for public related services or activities that include landscaped areas or amenities similar to what is funded by the Zone assessments including, but not limited to parks, open spaces, public schools; landscape easements or other similar public properties. Because these properties generally include or provide amenities and/or public services that are similar or substantially

similar to the Zone improvements and services (namely public landscaping) it has been determined that whatever benefit such parcels might derive from the Zone improvements, is more than off-set by in-kind amenities and services to properties in the Zone. Therefore these properties shall be assigned 0.00 EBU.

Exempt Parcels or Properties:

Excepted from the Zone assessments are areas within the Zone that include:

- Lots or parcels of land identified as public streets and other roadways (typically not assigned an APN by the County).
- Dedicated public easements including utility right-of-ways, greenbelts, parkways, or other publicly-owned or utility-owned land that serves the community or the public and are not considered or classified as developed non-residential properties. This may include the parcels of land that incorporate the Zone improvements or similar landscape amenities.
- Parcels of land that are privately owned, but cannot be developed independently from an adjacent property or is part of a shared interest with other properties, such as common areas, sliver parcels, bifurcated lots or properties with very restrictive development potential or use.

The parcels identified as Exempt Property shall not be assessed and are assigned 0.00 EBU. However, these properties shall be reviewed annually by the assessment engineer to confirm the parcel's use and/or development has not changed.

Special Case Parcels:

For many assessment districts where multiple land use classifications may be involved, there may be one or more properties that the standard land use classifications do not accurately identify the use and special benefits received from the improvements. Properties that are typically classified as Special Case properties usually involve some type of development or land restrictions whether those restrictions are temporary or permanent. Examples of such restrictions may include but are not limited to situations where, only a small percentage of the parcel's total acreage can actually be developed. In such cases, the net acreage rather than the gross acreage of the parcel may be used to calculate the parcel's proportional special benefit.

The Equivalent Benefit Units assigned to Special Case properties will vary depending on the circumstances and reasons for treating each particular property as a Special Case. The Equivalent Benefit Unit assigned to each such parcel may be based on adjusted acreage, units or a combination of those factors. The assessment engineer tasked with the administration of the District's assessments shall annually review each parcel designated as a Special Case to ensure the reasons for applying any such special case adjustments are still valid and warranted.

The following is a summary of property land use classifications and the Equivalent Benefit Unit assignments described in the preceding discussion of Equivalent Benefit Units.

Land Use	Equivalent Benefit Unit Formulas	
Single-Family Residential	1.000	EBU per Unit
Multi-Family Residential (Units 2-5)	0.750	EBU per Unit (3.75 EBU Maximum)
Multi-Family Residential (Units 6-20)	0.625	EBU per Unit plus previous 3.75 EBU
Multi-Family Residential (Units 21-50)	0.500	EBU per Unit plus previous 13.125 EBU
Multi-Family Residential (Units 51-100)	0.375	EBU per Unit plus previous 28.125 EBU
Multi-Family Residential (Units 101 or Greater)	0.250	EBU per Unit plus previous 46.875 EBU
Non-Residential (Developed)	4.000	EBU per Acre
Landscaped Public Parcels (Schools)	0.000	EBU per Acre
Undeveloped (Vacant)	1.000	EBU per Acre
Exempt	0.000	EBU per Acre
Special Case	EBU Varies for each Parcel	

Summary of Current Zone Land Uses

The following is a summary of the land use classifications, acreages, units and the Equivalent Benefit Units of the parcels currently within Zone 37.

Land Use	Parcels	Applied Acreage	Applied Units	EBUs
Single-Family Residential	897	-	897	897.0000
Landscaped Public Parcels (Schools)	2	46.310	-	-

Exempt	3	2.171	-	-
Totals	903	88.251	897	936.7700

Assessment Formulas:

The specific land use, development status and size of each parcel shall be based on information obtained from the County Assessor's latest secured roll, maps or GIS data or from information otherwise known to the Special Districts division of the Los Angeles County Park and Recreation Department.

The benefit formula applied to parcels within the Zone 37 is based on the preceding discussion. Each parcel's EBU correlates to the parcel's proportional special benefit received as compared to the other parcels benefiting from the Zone improvements.

An assessment amount per EBU ("Rate") for the improvements is established by taking the total net cost of the improvements budgeted and dividing that amount by the total number of EBUs for parcels benefiting from such improvements.

$$\text{Total Balance to Levy} / \text{Total EBUs} = \text{Levy per EBU ("Rate")}$$

This rate (Levy per EBU) is then applied back to each parcel's individual EBU to establish each parcel's proportional special benefit and annual assessment obligation.

$$\text{Rate} \times \text{Parcel EBU} = \text{Parcel Levy Amount}$$

The total assessment amount for each parcel in the Zone will be collected on the County tax rolls, but the amount collected each fiscal year cannot exceed the amount that may be levied at the Maximum Assessment Rate for that fiscal year.

PART III — ESTIMATED COST OF THE IMPROVEMENTS

Proposed Budget

The following budget for Landscape Maintenance Districts No. 2, Zone No. 37 is based on an estimate of the annual expenses and related funding deemed necessary to properly provide, maintain and service the Zone improvements identified in Part I of this Report and establishes the Maximum Assessment per EBU (Maximum Rate) being proposed for Fiscal Year 2014/2015.

Estimated Fund Balances

Prior to the establishment of the assessments described in this Report, the previous Zone assessments have been insufficient to sustain and properly maintain the Zone improvements and over the last several years, the County has reduced the level of service and has utilized all previous operational reserve funds to offset the actual cost of maintaining those improvements considered to be of special benefit. In addition, the previous assessments did not include any funding for rehabilitation, repair and/or replacement of the landscape improvements. The preceding proposed budget and assessments include the collection of Operational Reserves as well as the collection of funds for anticipated periodic and long term repair, rehabilitation and replacement of the improvements and facilities as authorized by the 1972 Act. The amount collected each year for “Operational Reserves” and “Landscape & Facility Rehabilitation Funding” shall be accumulated and held in a fund specifically for Zone 37 and shall be expended as needed to ensure the proper maintenance and operation of the improvements within the Zone.

Reserve & Rehabilitation Fund Balances

Beginning Fund Balance	\$	-
Landscape & Facility Rehabilitation Funding		15,100
Operational Reserves		16,000
Estimated Ending Fund Balance	\$	31,100

Assessment Range Formula

The proposed new/increased assessments for Zone 37 to fund the operation, maintenance and servicing of the improvements to be submitted to the property owners in the Ballot Proceeding will not include an annual inflationary adjustment (generally referred to as an Assessment Range Formula). Generally, establishing an Assessment Range Formula provides for reasonable and inevitable increases in cost to provide the improvements and services over time due to inflation and the inclusion of an Assessment Range Formula as part of the balloted assessment is authorized by Section 53750(2) (A) of the Government Code (also known as the “Proposition 218 Omnibus Implementation Act”). However, recognizing that the proposed new/increased assessment rate for Zone 37 represents a substantial increase to the previously approved maximum assessment rate (from \$240.00 to \$585.00), the proposed assessment rate and the amount of the assessments to be presented to the property owners of record as part of the balloting process does not include an inflationary adjustment at this time.

PART IV — BOUNDARY DIAGRAM

The following is a diagram (boundary map) showing the boundaries of Landscape Maintenance District No. 2, Zone No. 37 (Castaic Hillcrest). The dimensions of all lots, parcels and subdivisions of land within the boundaries of the Zone and depicted in this diagram, are the same as the lines and dimensions of the parcels shown on the Los Angeles County Assessor's Parcel Maps (APN Maps) and by reference these Maps are made part of this Report and Assessment Diagram as they existed at the time this Report was prepared and filed with the County Clerk. The Assessment Roll contained in Part V of this Report, lists each of the parcels and lots depicted on this diagram and are identified by an Assessor's Parcel Number (APN) which corresponds to the assessor's parcel numbers assigned by the Los Angeles County Assessor's Office and shown on the Assessor's Parcel Maps. The combination of this diagram and the Assessment Roll constitutes the Assessment Diagram for Zone 37.

PART V — ASSESSMENT ROLL

Parcel identification for each lot or parcel within Landscape Maintenance Districts No. 2, Zone No. 37 is based on available parcel maps and property data from the Los Angeles County Assessor's Office. A listing of the Assessor's Parcel Numbers (APNs) to be assessed within Zone 37, along with the corresponding Maximum Assessment Amount and Assessment Amount proposed to be levied for Fiscal Year 2014/2015 is provided in the following. If any APN submitted for collection of the assessments is identified by the County Auditor/Controller of the County of Los Angeles to be an invalid parcel number for any fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment, as described in this Report and approved by the County Board of Supervisors.

ENGINEER'S REPORT AFFIDAVIT

Balloting for New/Increased Assessments

Landscape Maintenance District No. 2 Zone No. 43 — Rowland Heights

County of Los Angeles State of California

This Report outlines the new (increased) assessments proposed to be levied and collected on properties within Zone 43 (Rowland Heights) of the Los Angeles County Landscape Maintenance District No. 2, commencing in Fiscal Year 2014/2015. This Report specifically address only Zone 43 of Landscape Maintenance District No. 2, the improvements associated with Zone, the estimated annual costs to maintain and service those improvements (budget), the method of apportioning those budgeted costs, and the resulting assessments proposed to be levied on the parcels therein as they existed at the time this Report was prepared pursuant to a Resolution of the Los Angeles County Board of Supervisors. The proposed new or increased assessments as described herein are deemed necessary to provide and adequately maintain the improvements determined to be of special benefit to the properties within Zone 43 of Landscape Maintenance District No. 2. Because these assessments are considered to be new or increased, the proposed assessments shall be submitted to the property owners of record within Zone 43 as part of a protest ballot proceeding pursuant to the provisions of the California Constitution Article XIID before such assessments may be adopted and imposed by the Board of Supervisors. Reference is hereby made to the Los Angeles County Assessor's maps for a detailed description of the lines and dimensions of parcels within the Zone 43 of Landscape Maintenance District No. 2. The undersigned respectfully submits the enclosed Report as directed by the County Board of Supervisors.

Dated this 23rd day of April, 2014.

INTRODUCTION

This Engineer's Report ("Report") has been prepared in accordance with Article 4, Chapter 1, of the Landscaping and Lighting Act of 1972, being Part 2, Division 15 of the California Streets and Highways Code, *commencing with Section 22500* ("1972 Act") and in compliance with the substantive and procedural requirements of the *California State Constitution, Articles XIID* ("California Constitution"). The Los Angeles County ("County") Board of Supervisors ("Board of Supervisors"), has by resolution initiated proceedings in connection with the proposed establishment of new or increased assessments within the County's Landscape Maintenance Districts No. 2 (hereafter referred to as "District" or "LLA No. 2"), Zone No. 43 ("Zone 43") for the purpose of continuing and providing for the ongoing operation, maintenance and servicing of local landscape improvements currently maintained by the County's Department of Parks and Recreation on behalf of and for the special benefit of properties within Zone 43.

The County Department of Parks and Recreation has evaluated the landscape improvements associated with Zone 43 and has determined that the annual expenses necessary to adequately operate, maintain and services those improvements on an ongoing basis is greater than what can be provided and supported by the existing Zone assessments that are levied and collected annually on the County tax rolls. Originally when Zone 43 was established, there was no provision for an adjustment in the assessments to account for inflation. Over time, the annual costs to operate and maintain the improvements for Zone 43 has continued to rise, but the revenues to support those improvement costs has not changed. As a result, Zone 43 has been operating on a marginal budget (reduced service level) for several years. Therefore the County Department of Parks and Recreation has determined that it is necessary to establish new/or increased assessments for this Zone in order to provide the funding necessary to service and maintain the landscaping and related improvements and this Report has been prepared in connection with the proceedings required for the establishment of new/or increased assessments for Zone 43 commencing in Fiscal Year 2014/2015.

This Report describes the improvements, and proposed assessments to be levied on properties within Zone 43 in connection with the benefits the properties receive from the maintenance and servicing of Zone 43 improvements. The assessments described herein will provide an annual funding source to adequately support the ongoing maintenance, servicing and operation, of the landscaping and related amenities that provide special benefits to the properties within Zone 43 including funding to support future renovations as well as associated incidental expenses.

Pursuant to the provisions of Article XIID, Section 4 of the California Constitution, the County Board of Supervisors shall conduct a property owner protest ballot proceeding (referred to as "Ballot Proceeding") for the proposed levy of new or increased assessments as described in this Report. In conjunction with this Ballot Proceeding, the County Board of Supervisors will conduct a noticed public hearing to consider public testimonies, comments and written protests regarding the proposed new or increased assessments. Upon conclusion of the public hearing, property owner protest ballots received will be opened and tabulated to determine whether majority protest exists:

"A majority protest exists if, upon the conclusion of the hearing, ballots submitted in opposition to the assessment exceed the ballots submitted in favor of the assessment. In tabulating the ballots, the ballots shall be weighted according to the proportional financial obligation of the affected property."

After completion of the ballot tabulation, the County Board of Supervisors will confirm the results of the balloting. If majority protest exists for the proposed new or increased assessments, further proceedings to levy the new/increased assessments shall be abandoned for Fiscal Year 2014/2015. However the County may continue to annually levy and collect assessments for Zone 43 based on the assessment rate and method of apportionment previously approved and adopted by the County Board of Supervisors as described in the Engineer's Annual Report for the LLA No. 2 or may in separate actions dissolve Zone 43 and/or abandon the levy and collection of future assessments. If tabulation of the ballots indicate that majority protest does not exist for the proposed new/increased assessments presented and described herein, the County Board of Supervisors may approve this Report including the assessment diagram (as submitted or amended), and confirm the assessments as outlined in the Report and so approved. In such case, the assessments as approved shall by reference be made part of and incorporated as an amendment to the Fiscal Year 2014/2015 Engineer's Annual Report for Landscape Maintenance District No. 2 and together with the assessments for other zones and properties within LLA No. 2, the assessments for Zone 43 as approved shall be submitted to the Los Angeles County Auditor/Controller for inclusion on the property tax roll for each affected parcel.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number (APN) by the Los Angeles County Assessor's Office. The Los Angeles County Auditor/Controller uses Assessor's Parcel Numbers and specific Fund Numbers to identify properties to be assessed on the tax roll for special benefit assessments.

This Report consists of five (5) parts:

Part I

Plans and Specifications: This section of the Report outlines an overall description of Zone 43 (general location of the Zone and the parcel(s) therein) and a general description of the improvements and services that provide a particular and distinct benefit to those properties as authorized by the 1972 Act and in compliance with the provisions of the California Constitution. A diagram showing the exterior boundaries of the Zone and the parcels therein is attached and incorporated herein under Part IV — Boundary Diagram.

Part II

Method of Apportionment: This section of the Report includes a discussion of the benefits (general and special) associated with the improvements to be provided and the method of calculating each property's proportional special benefit and annual assessment amount.

Part III

District Budget: Provides an estimate of the annual funding necessary to fund an appropriate level of service for the annual maintenance and operation of the landscape improvements and related amenities within Zone 43 and the resulting maximum assessment rate (Rate per Equivalent Benefit Unit) for the parcels within the Zone, which are proposed to be levied and collected commencing in Fiscal Year 2014/2015. This budget includes an estimate of direct annual operational costs (regular landscape maintenance, utilities and related costs); collection of funds for anticipated future repair and rehabilitation of the improvement and amenities; and incidental expenses authorized by the 1972 Act including, but not limited to administration expenses, county and professional service fees and collection of appropriate fund balances. The proposed maximum assessment (Rate per Equivalent Benefit Unit) identified in the budget establishes the proposed maximum assessment rate for the Zone commencing in Fiscal Year 2014/2015 (maximum assessment rate). This maximum assessment rate, the assessment amount for the parcel and the total amount balloted will be presented to the property owners of record for approval as part of the protest ballot proceedings.

Part IV

Boundary Diagram: A diagram showing the exterior boundaries of Zone 43 which includes all parcels determined to receive special benefits from the improvements. Parcel identification, the lines and dimensions of each lot, parcel and subdivision of land within the Zone are inclusive of all parcels as shown on the Los Angeles County Assessor's Parcel Maps as they existed at the time this Report was prepared and shall include all subsequent subdivisions, lot-line adjustments or parcel changes therein. Reference is hereby made to the Los Angeles County Assessor's maps for a detailed description of the lines and dimensions of each lot and parcel of land within the District. The Boundary Diagram together with the Assessment Roll contained in Part V of this Report comprise the Assessment Diagram for Zone 43.

Part V

Assessment Roll: Presents a listing of the parcels within Zone 43 and each parcel's corresponding proportional special benefit obligation as determined by the method of apportionment and budget, including each parcel's proportional Equivalent Benefit Units (EBU), maximum assessment amount being balloted along with the assessment amount proposed to be levied and collected on the County Tax Rolls for Fiscal Year 2014/2015.

PART I — PLANS AND SPECIFICATIONS

The boundaries of Zone 43 and a brief description of the improvements are provided in this section of the Report. The allocation of special benefit and general benefit from the improvements are summarized in Part II (Method of Apportionment) section of this Report

Description of the District

For purposes of these proceedings to ballot for new or increased assessments, the proposed boundaries and territory of Zone 43 will not be changed from the boundaries and territory previously established by Board of Supervisor for Landscape Maintenance District No. 2, Zone 43 (Rowland Heights).

Zone 43 is comprised of residential properties in the unincorporated area of the County located north and south of Pathfinder Road, generally west of Portside Drive and Hillrise Drive and east of Windrose Drive. Specifically, the territory within Zone 43 currently includes the lots and parcels of land within the residential subdivisions identified as:

Tract No. 34146 Tract No. 36336 Tract No. 43544 Tract No. 43711
Parcel Map 202-60-63

The overall boundaries of the Zone includes lots and parcels of land currently identified on the Los Angeles County Assessor's Parcel Number (APN) Maps as Book 8269 Pages 51 through 58; Book 8269 Page 08 Parcel 007, and Book 8269 Page 50 Parcel 026.

Improvements and Services

Improvements and Services Authorized by the 1972 Act

As generally defined by the Landscaping and Lighting Act of 1972 and may be applicable to this District and specifically Zone No. 81, the improvements, services and expenses to be funded by the District assessments may include one or more of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, the furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement including but not limited to:
 - Repair, removal, or replacement of all or any part of any improvements;
 - Grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities;
 - Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury;
 - The removal of trimmings, rubbish, debris, and other solid waste;

- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti;
- Water for the irrigation of any landscaping, the operation of any fountains, or the maintenance of any other improvements.
- The collection and accumulation of funds as reserves for the purpose of ensuing appropriate cash flow for operational activities and long-term maintenance expenses.
- Incidental expenses associated with the improvements above including, but not limited to:
 - The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
 - The costs of printing, advertising, and the publishing, posting and mailing of notices;
 - Agency expenses for administration and operation of the Zone including but not limited to personnel salaries and benefits, office materials and District equipment;
 - Compensation payable to the County for collection of assessments;
 - Compensation of any engineer or attorney employed to render services;
 - Any expenses incidental to the issuance of bonds or notes;
 - Costs associated with the proceedings held for the approval of a new or increased assessment;
 - Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements.
- Where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, the 1972 Act permits an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:
 - Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
 - Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.
 - Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

Zone Specific Improvements

The purpose of the Zone assessments is to provide funding for the continued maintenance, operation and servicing of the local landscape improvements and related amenities that provide a particular and distinct special benefit to the properties and developments within LLA No. 2 Zone 43. These improvements may include various trees, turf, plants, shrubs, ground covers (including vegetation, mulch and decomposed granite), irrigation and drainage systems, and other amenities that may include, but are not limited to concrete surfaces, retaining walls and

ornamental amenities such as entry monuments and signage. Specific plans, specifications and detailed drawings for these improvements are incorporated in the various tract and subdivision maps associated with the development of properties within Zone 43. These plans and specifications for the various developments, subdivisions and tracts are voluminous and are not bound in this report but by this reference are incorporated and made a part of this report. The plans and specifications are on file with the Los Angeles County Park and Recreation, Special Districts. Together these improvements are summarized by the following, including, but are not limited to:

- Approximately 434,730 square feet of planted and irrigated slopes (9.98 acres);
- Approximately 2,501,215 square feet of natural non-irrigated open space (57.42 acres);
- Approximately 481,340 square feet of non-irrigated fuel modification buffer area (11.05 acres);

While the County of Los Angeles, Department of Parks and Recreation has continued providing for the maintenance of the improvements associated with the Zone as efficiently as possible, over the years the cost of maintenance, utilities and supplies have continued to increase creating a growing gap between the full cost of providing the improvements and the assessment revenues available to adequately fund such improvements and services. In response to this increasing funding gap, the Department of Parks and Recreation has been forced over the years to reduce the landscape maintenance services and repairs to levels aligned with the available assessment funding, resulting in maintenance adjustments that may have included:

- Reductions in the frequency of trimming and pruning plants and trees;
- Reduced fertilization cycles and spraying for weeds and insects;
- The removal of dead vegetation (shrubs, plants and trees) being restricted to just during pruning cycle instead of upon discovery;

In addition to these reductions in annual maintenance service levels, repair and replacement of the irrigation equipment has been reduced to only those services and activities necessary to sustain the landscaping or ensure safety. Replacement and renovation of the vegetation, trees and other improvements has been virtually eliminated.

The Zone budget and assessments outlined in this Report are being proposed to provide a revenue source deemed necessary to adequately fund the ongoing maintenance, operation and servicing of the landscaping and related facilities within the public right-of-ways and easements dedicated to the County for maintenance that provide special benefits to the properties within the Zone and directly impact and reflect the overall presentation of those properties. The proposed assessments, if approved, will support in whole or in part activities that may include but are not limited to:

- Regular tree trimming cycles to promote healthy growth and minimize root damage;
- Regular pruning and trimming of plant material;
- Regular brush clearing and weed control of fuel modification areas;
- Seasonal fertilizing of turf, vegetation and trees;
- Removal of dead or deceased plants;
- Regular weed and litter removal;

- Irrigation system monitoring, maintenance and repair.
- Repair and/or replacement as needed of vegetation and amenities damaged by weather or vandalism.
- Regular monitoring and maintenance of monuments and signage within the landscape easements.

In addition to funding the regular annual operation and maintenance of the improvements, as authorized by the 1972 Act, the proposed assessments are also intended to provided funding for related incidental expenses including, but not limited to administrative costs, performance of periodic and/or planned repairs or renovations, collection of operational reserves, and funding to be collected in installments to fund in part future capital expenditures that may be needed for rehabilitation of the landscaped areas.

PART II — METHOD OF APPORTIONMENT

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the acquisition, construction, maintenance, and servicing of landscaping and appurtenant facilities. Section 22573 of the 1972 Act requires that the cost of these improvements be levied according to benefit rather than assessed value. This section states:

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments, notably:

Article XIID Section 2d defines District as follows:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service”;

Article XIID Section 2i defines Special Benefit as follows:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIID Section 4a defines proportional special benefit assessments as follows:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and an agency shall separate the general benefits from the special benefits conferred on a parcel.”

Benefit Analysis

The method of apportionment described in this Report for allocation of special benefit assessments utilizes commonly accepted engineering practices and have been established pursuant to the provisions of the 1972 Act and California Constitution. The formulas used for the calculation of the assessments reflect the composition of parcels within Zone 43 and the improvements and activities to be provided, and have been established to fairly apportion the costs of providing those improvements based on a determination of the proportional special benefits to each parcel. The improvements to be provided and for which properties will be assessed have been identified as necessary, desired or required as essential components for

the orderly development of properties within Zone 43 to their fullest potential and use, and these improvements were installed in connection with the collective development of the properties within the Zone and were an integral part of developing those properties, consistent with the property development plans and applicable portions of the County's General Plan and development approval process. Furthermore, these improvements were not required nor necessarily desired by any properties or developments outside the Zone boundaries, but were installed as an enhancement to the development of the properties within the Zone. In fact, in an analysis of adjacent or similar development areas in close proximity to Zone 43, many of those developments and areas have similar local landscape amenities for which they are assessed or are privately maintained through an association or individual property owners.

Based on the above facts and an analysis of the location and extent of the Zone improvements; the proximity and association of each development and parcel to those improvements; and the maintenance and operating costs required to provide and sustain those improvements; it has been determined that these improvements and the annual costs of ensuring the proper maintenance and operation of the improvements are considered to be essential components to the overall development and use of such properties and are a direct and particular benefit (special benefit) to those properties. Furthermore, these parcels are uniquely benefited by, and receive a direct advantage from, and are conferred a special benefit over and above general benefits by said public improvements in a way that is particular and distinct from their effect on other parcels and that real property in general and the public at large do not share.

Clearly the improvements for Zone 43 incorporate local landscape amenities not found in all areas of the County and the properties to be assessed are part of a specific development area that created the need for the improvements and these local improvements would otherwise not be necessary or required without the development or potential development of those properties. Moreover, the ongoing operation and maintenance of these local improvements and certainly the level of service necessary to ensure the health, growth and appearance of these improvements have a direct and particular impact on only those properties and are in addition to any improvements, services and activities the County would otherwise be obligated to construct or provide. Ultimately, the proper maintenance and operation of these improvements provide enhanced aesthetics, and serve as a shared extension and representation of the individual properties into the public areas in close proximity to those properties that are not provided or shared by other properties outside the Zone or by the public at large. In addition as previously noted, similar local landscape improvements throughout the County are funded either by local assessments, property associations or privately by individual properties and the properties within Zone 43 derive no more benefit from those localized improvements than those developments benefit from the improvements within Zone 43.

The fact that these improvements are located within public right-of-ways or easements and are maintained by the County through an assessment district rather than privately through an association does not make these improvements less of a direct and special benefit to the properties within the Zone nor does it suggest that because these improvements may be termed as "public improvements" such improvements must have a direct benefit to the County or to the public at large even though recent court rulings on assessments have suggested that there is intuitively some general benefit derived from public improvements. Clearly in cases where the public improvements serve a broader community function and/or benefit to the general public such as traffic signals or arterial street lighting, which enhance general traffic circulation or parks which may serve and are commonly used by the general public, general benefit is more

apparent and can be more readily measured or quantified. However, such general benefits are less apparent for more localized improvements such as those associated with Zone 43.

Although the Zone improvements include landscaped areas and amenities that are visible to the public at large or to nearby properties as they travel through the Zone, it is evident that the improvements were only necessary for the development of the properties within the Zone and were neither required nor necessarily desired by any other properties or developments, and the visibility such improvements may afford to other properties or to the public at large is considered incidental (neither a general or special benefit) and certainly not quantifiable. However, recognizing that the purpose of the assessments is to fund in whole or in part the services and activities necessary to properly maintain those improvements it is reasonable to conclude that there are some in-direct or incidental general benefits conferred to properties and the general public through the performance of such services and activities. The proper maintenance of landscaping and appurtenant facilities within the Zone will inevitably minimize dust and debris from blowing onto properties within the Zone and potentially onto properties outside of the Zone. Abatement activities (spraying and treating for disease and pests) reduces the likelihood of plant or tree diseases and rodent and insect infestation spreading to private properties both within the Zone and potentially throughout the County. As such, it has been determined that the performance of these specific activities and services confer some benefits to properties in general (both parcels within and outside the Zone) and potentially to the public and at large and the cost of providing these particular services are considered in part to be of general benefit. Therefore, a portion of these particular services and activities shall be funded by the County from other available non-assessment funding sources or in-kind services, and those costs shall not be included as part of the special benefit assessments.

In light of the preceding discussion and the provisions of the 1972 Act and the California Constitution, the method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property within the Zone receives comparable special benefits from the maintenance and operation of the landscape improvements to be funded by the assessments, and the assessment obligation for each parcel reflects that parcel's proportional special benefit of the entirety of the maintenance and operation expenses minus those costs identified as general benefit.

Method of Assessment

Equivalent Benefit Units

To assess benefits equitably it is necessary to consider the entire scope of the improvements provided and to calculate each property's relative share of the special benefits conferred by the funded improvements and service. Thus the benefit rationale (proportional special benefit) and calculation of assessments for most maintenance districts, particularly those formed under the provisions of the 1972 Act, utilize a method of apportionment commonly referred to as an "Equivalent Benefit Unit (EBU)" method of apportionment. This method of apportioning special benefits and assessments establishes a basic unit (base value) of benefit and then calculates the benefit derived by each assessed parcel as a multiple (or a fraction) of the basic unit to establish proportional assessments utilizing a shared measure of proportional benefit based on each property's specific characteristics and relationship to the improvements compared to that of the base value.

For the purposes of this Engineer's Report, an EBU is the quantum of benefit derived from the funded Zone improvements, programs by a single-family residential parcel. The single family residential parcel has been selected as the basic unit "benchmark" for calculation of assessments since it represents over 97% of the parcels in the Zone and each single-family residential parcel within the Zone is considered to receive proportionately equal special benefits from the improvements. Thus, the "benchmark" property (the single family residential parcel) derives one EBU of benefit and is assigned 1.00 Equivalent Benefit Unit. All other land uses are proportionately weighted (assigned an EBU) based on an assessment formula that equates the property's specific use and development to this benchmark property. This proportional weighting may be based on several factors (characteristics) including, but not limited to the: type and use of the property (land use); size of the property (units or acreage), development status (developed versus undeveloped) as well as related development factors such as approved development plans or development restrictions, typical or average development densities, and like or in-kind benefit contributions. Generally for most assessment districts the calculation of each parcel's proportional special benefit can be reasonably determined by applying one or more of these factors.

Land Use Classifications

Every parcel within the Zone is assigned a land use classification based on available parcel information obtained from the County Assessor's Office. The following provides a discussion and summary of the EBU calculation and determination of proportional special benefit applicable to the various properties and land uses in Zone 43. The listing of land uses that follow may include one or more property types that are not applicable to parcels currently found within the Zone, but are provided for reference purposes.

Single-family Residential Property:

This classification may include, but is not limited to: all subdivided residential tract lots (with or without structures); condominiums; or other single-family residential units on a single parcel. As previously noted, the single family residential parcel has been selected as the basic unit for calculation of assessments and each is assigned 1.00 Equivalent Benefit Unit.

Multi-Family Residential Parcels:

This land use classification is defined as a fully subdivided residential parcel that has more than one residential unit developed on the parcel. (This land use includes apartments, duplexes, triplexes, etc.). This land use designation may also include properties identified by the County Assessor's Office as mixed use property for which there is more than one residential unit (known number of residential units) associated with the property and for which the parcel's primary use is residential, but may also include a non-residential (commercial) component or unit associated with that property.

Although multi-family residential properties receive similar special benefits to that of single-family residential property and an appropriate and comparative calculation of proportional special benefits is reasonably reflected by the parcel's total number of residential units, it would not be reasonable to conclude that on a per unit basis, the benefits are equal. Studies have consistently shown that multi-family units impact public infrastructure at reduced levels compared to a single-family residence, which is reflective of their reduced structure size and need for various public improvements. Furthermore, as the density increases (number of units

per parcel increases), the number of vehicular trips generated per unit tends to decline because the population density per unit tends to decrease (generally because of reduced unit sizes). (Sources: Institute of Transportation Engineers Informational Report Trip Generation, Fifth Edition, 1991; Metcalf and Eddy, Wastewater Engineering Treatment, Disposal, Reuse, Third Edition, 1991).

Based on these factors, it is reasonable to conclude that the proportional special benefit these properties receive from the Zone improvements funded by the assessments per unit is less than that of a single-family residential parcel and as the overall number of units increase the proportional benefit per unit decreases. Therefore it has been determined that appropriate weighting of the proportional special benefit per unit for multi-family residential properties as compared to a single-family residential is best represented by the following sliding scale: 0.750 EBU per unit for the first 5 units; plus 0.625 EBU per unit for units 6 through 25; plus 0.500 EBU per unit for units 26 through 50; plus 0.375 EBU per unit for units 51 through 100; plus 0.250 EBU per unit for units 101 or above.

Exempt Parcels or Properties:

Excepted from the Zone assessments are areas within the Zone that include:

- Lots or parcels of land identified as public streets and other roadways (typically not assigned an APN by the County).
- Dedicated public easements including utility right-of-ways, greenbelts, parkways, or other publicly-owned or utility-owned land that serves the community or the public and are not considered or classified as developed non-residential properties. This may include the parcels of land that incorporate the Zone improvements or similar landscape amenities.
- Parcels of land that are privately owned, but cannot be developed independently from an adjacent property or is part of a shared interest with other properties, such as common areas, sliver parcels, bifurcated lots or properties with very restrictive development potential or use.

The parcels identified as Exempt Property shall not be assessed and are assigned 0.00 EBU. However, these properties shall be reviewed annually by the assessment engineer to confirm the parcel's use and/or development has not changed.

Special Case Parcels:

For many assessment districts where multiple land use classifications may be involved, there may be one or more properties that the standard land use classifications do not accurately identify the use and special benefits received from the improvements. Properties that are typically classified as Special Case properties usually involve some type of development or land restrictions whether those restrictions are temporary or permanent. Examples of such restrictions may include but are not limited to situations where, only a small percentage of the parcel's total acreage can actually be developed. In such cases, the net acreage rather than the gross acreage of the parcel may be used to calculate the parcel's proportional special benefit.

The Equivalent Benefit Units assigned to Special Case properties will vary depending on the circumstances and reasons for treating each particular property as a Special Case. The Equivalent Benefit Unit assigned to each such parcel may be based on adjusted acreage, units or a combination of those factors. The assessment engineer tasked with the administration of

the District's assessments shall annually review each parcel designated as a Special Case to ensure the reasons for applying any such special case adjustments are still valid and warranted.

The following is a summary of property land use classifications and the Equivalent Benefit Unit assignments described in the preceding discussion of Equivalent Benefit Units.

Land Use	Equivalent Benefit Unit Formulas
Single-Family Residential	1.000 EBU per Unit
Multi-Family Residential (Units 2-5)	0.750 EBU per Unit (3.75 EBU Maximum)
Multi-Family Residential (Units 6-20)	0.625 EBU per Unit plus previous 3.75 EBU
Multi-Family Residential (Units 21-50)	0.500 EBU per Unit plus previous 13.125 EBU
Multi-Family Residential (Units 51-100)	0.375 EBU per Unit plus previous 28.125 EBU
Multi-Family Residential (Units 101 or Greater)	0.250 EBU per Unit plus previous 46.875 EBU
Exempt	0.000 EBU per Acre
Special Case	EBU Varies for each Parcel

Summary of Current Zone Land Uses

The following is a summary of the land use classifications, acreages, units and the Equivalent Benefit Units of the parcels currently within Zone 43.

Land Use	Parcels	Applied Acreage	Applied Units	EBUs
Single-Family Residential	207	-	207	207.0000
Multi-Family Residential (Units 2-5)	1	-	2	1.5000
Exempt	4	50.559	-	-
Totals	212	50.559	209	208.5000

Assessment Formulas:

The specific land use, development status and size of each parcel shall be based on information obtained from the County Assessor's latest secured roll, maps or GIS data or from information otherwise known to the Special Districts division of the Los Angeles County Park and Recreation Department.

The benefit formula applied to parcels within the Zone 43 is based on the preceding discussion. Each parcel's EBU correlates to the parcel's proportional special benefit received as compared to the other parcels benefiting from the Zone improvements.

An assessment amount per EBU ("Rate") for the improvements is established by taking the total net cost of the improvements budgeted and dividing that amount by the total number of EBUs for parcels benefiting from such improvements.

$$\text{Total Balance to Levy} / \text{Total EBUs} = \text{Levy per EBU ("Rate")}$$

This rate (Levy per EBU) is then applied back to each parcel's individual EBU to establish each parcel's proportional special benefit and annual assessment obligation.

$$\text{Rate} \times \text{Parcel EBU} = \text{Parcel Levy Amount}$$

The total assessment amount for each parcel in the Zone will be collected on the County tax rolls, but the amount collected each fiscal year cannot exceed the amount that may be levied at the Maximum Assessment Rate for that fiscal year.

PART III — ESTIMATED COST OF THE IMPROVEMENTS

Proposed Budget

The following budget for Landscape Maintenance Districts No. 2, Zone No. 43 is based on an estimate of the annual expenses and related funding deemed necessary to properly provide, maintain and service the Zone improvements identified in Part I of this Report and establishes the Maximum Assessment per EBU (Maximum Rate) being proposed for Fiscal Year 2014/2015.

BUDGET ITEMS	Total Budget	General Benefit	Special Benefit Zone 43

Proposed Maximum Assessment Rate per EBU (Balloted Rate)			\$ 525.00
Current Maximum Assessment Rate per EBU			\$300.00

Estimated Fund Balances

Prior to the establishment of the assessments described in this Report, the previous Zone assessments have been insufficient to sustain and properly maintain the Zone improvements and over the last several years, the County has reduced the level of service and has utilized all previous operational reserve funds to offset the actual cost of maintaining those improvements considered to be of special benefit. In addition, the previous assessments did not include any funding for rehabilitation, repair and/or replacement of the landscape improvements. The preceding proposed budget and assessments include the collection of Operational Reserves as well as the collection of funds for anticipated periodic and long term repair, rehabilitation and replacement of the improvements and facilities as authorized by the 1972 Act. The amount collected each year for “Operational Reserves” and “Landscape & Facility Rehabilitation Funding” shall be accumulated and held in a fund specifically for Zone 43 and shall be expended as needed to ensure the proper maintenance and operation of the improvements within the Zone.

Reserve & Rehabilitation Fund Balances

Beginning Fund Balance	\$ -
Landscape & Facility Rehabilitation Funding	3,515
Operational Reserves	4,434
Estimated Ending Fund Balance	\$ 7,949

Assessment Range Formula

The proposed new/increased assessments for Zone 43 to fund the operation, maintenance and servicing of the improvements to be submitted to the property owners in the Ballot Proceeding will not include an annual inflationary adjustment (generally referred to as an Assessment Range Formula). Generally, establishing an Assessment Range Formula provides for reasonable and inevitable increases in cost to provide the improvements and services over time due to inflation and the inclusion of an Assessment Range Formula as part of the balloted assessment is authorized by Section 53750(2) (A) of the Government Code (also known as the “Proposition 218 Omnibus Implementation Act”). However, recognizing that the proposed new/increased assessment rate for Zone 43 represents a substantial increase to the previously approved maximum assessment rate (from \$300.00 to \$525.00), the proposed assessment rate and the amount of the assessments to be presented to the property owners of record as part of the balloting process does not include an inflationary adjustment at this time.

PART IV — BOUNDARY DIAGRAM

The following is a diagram (boundary map) showing the boundaries of Landscape Maintenance District No. 2, Zone No. 43 (Rowland Heights). The dimensions of all lots, parcels and subdivisions of land within the boundaries of the Zone and depicted in this diagram, are the same as the lines and dimensions of the parcels shown on the Los Angeles County Assessor's Parcel Maps (APN Maps) and by reference these Maps are made part of this Report and Assessment Diagram as they existed at the time this Report was prepared and filed with the County Clerk. The Assessment Roll contained in Part V of this Report, lists each of the parcels and lots depicted on this diagram and are identified by an Assessor's Parcel Number (APN) which corresponds to the assessor's parcel numbers assigned by the Los Angeles County Assessor's Office and shown on the Assessor's Parcel Maps. The combination of this diagram and the Assessment Roll constitutes the Assessment Diagram for Zone 43.

PART V — ASSESSMENT ROLL

Parcel identification for each lot or parcel within Landscape Maintenance Districts No. 2, Zone No. 43 is based on available parcel maps and property data from the Los Angeles County Assessor's Office. A listing of the Assessor's Parcel Numbers (APNs) to be assessed within Zone 43, along with the corresponding Maximum Assessment Amount and Assessment Amount proposed to be levied for Fiscal Year 2014/2015 is provided in the following. If any APN submitted for collection of the assessments is identified by the County Auditor/Controller of the County of Los Angeles to be an invalid parcel number for any fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment, as described in this Report and approved by the County Board of Supervisors.
