31. Recommendation: Acting as the Governing Body of the County and of the County Flood Control District, as responsible agencies for the proposed San Gabriel Trench Project within the Cities of Alhambra, Rosemead, and San Gabriel, and the unincorporated County area (1 and 5), consider the Final Environmental Impact Report prepared and certified by the Alameda Corridor-East Construction Authority as lead agency for the project; certify that the Board has independently considered and reached its own conclusions regarding the environmental effects of the project as shown in the Final Environmental Impact Report; and: (Department of Public Works)

Adopt the Mitigation Monitoring and Reporting Program, finding that the Mitigation Monitoring and Reporting Program is adequately designed to ensure compliance with the mitigation measures during project implementation;

Find that there are no further feasible alternatives or feasible mitigation...
measures within the Board’s power that would substantially lessen or avoid any significant effect the project would have on the environment;

Determine that the significant adverse effects of the project have either been reduced to an acceptable level or are outweighed by the specific considerations of the project, as outlined in the Environmental Findings of Fact and Statement of Overriding Considerations, which findings and statement are incorporated herein by reference; and

Approve the project and authorize the Director of Public Works to negotiate and enter into a Preliminary Engineering Reimbursement Agreement and any amendments between the County, the District, and the Alameda Corridor-East Construction Authority for the review of the San Gabriel Trench Project, with all review costs, estimated to be $500,000, to be financed by the Alameda Corridor-East Construction Authority on a reimbursement basis.
