5. Recommendation as submitted by Supervisor Ridley-Thomas: Consider the Negative Declaration (ND) together with the fact that no comments were received during the public review process, find on the basis of the whole record that the leasing of 8,000 sq ft of office space in an existing building to be used by the Department of Mental Health as an AMI-ABLE Full Service Partnership Program and Wellness Center will not have a significant effect on the environment and no adverse effect on wildlife resources, adopt and find that the ND reflects the independent judgment of the Board to approve the ND and authorize the Chief Executive Officer to complete and file a Certificate of Fee Exemption for the project; and take the following additional actions:

Authorize and direct the Chief Executive Officer to execute an amendment to the lease and any other ancillary documentation with Hong Kong Garden, Inc., (Landlord) necessary to effectuate the amendment to the lease, which will incorporate an additional 3,888 sq ft of office space on the second floor for a total of approximately 7,399 sq ft of office space at 21732 S. Vermont Ave., in Torrance, provide a reimbursable Tenant Improvement Allowance of $900,000, payable via lump sum or construction progress payments and amend the lease with a provision permitting reimbursement to the Landlord or its approved assigned vendor, for work or services requested by the County;

Authorize the Landlord and/or the Director of Internal Services, at the discretion of the Chief Executive Officer, to acquire telephone systems at a cost not to exceed $300,000, with all of the telephone, data and low-voltage systems to be financed over five years by the Telecommunications Equipment and Services Master Agreement or paid in a lump sum; and
Authorize the Chief Executive Officer, the Acting Director of Mental Health and the Director of Internal Services to take actions necessary and appropriate to implement the project, effective upon Board approval, but the term and rent will commence upon completion of the Tenant Improvements by the Landlord or Landlord's County-approved vendor, and final acceptance by the County. Recommendation as submitted by Supervisors Kuehl and Antonovich: Instruct the Director of the Health Agency, in collaboration with the Chief Executive Officer and the Los Angeles Homeless Services Authority, to report back to the Board on a quarterly basis for one year on the following: (Relates to Agenda No. P-1)

Descriptions of health, mental health, substance abuse treatment, housing-related and/or social service programs targeted to people experiencing homelessness, or who have experienced homelessness in the past, for which the County is drawing down Medi-Cal support, including a list of all funding sources used to fund these programs and the percentages of costs allocated to each source, the number of individuals or households experiencing homelessness that utilize these services, any plans for increasing Medi-Cal reimbursement for these services and any plans for expanding services in the future;

A plan for increasing access to mental health and substance abuse treatment services for people experiencing homelessness, including how the County can remove barriers to participation in treatment services, such as requiring people experiencing homelessness to seek treatment through clinics, requiring people experiencing homelessness to be assessed at a clinic before receiving treatment, denying treatment due to a co-occurring disorder, charging any sort of fees for service, rigid eligibility criteria that limits access to services based on age, geography, or other demographic factors and requiring abstinence or treatment compliance before accepting the individual into treatment services;

Opportunities to seek Medi-Cal reimbursement for outreach, bridge housing, housing-related activities and rapid re-housing services included in the Homeless Initiative strategies, as well as opportunities to expand case management and integrated services available to homeless and formerly homeless individuals, with a focus to be placed on designing procedures for Medi-Cal reimbursement that allow the County to expand services to more people and ensure that services are designed to utilize a “no-wrong door” approach to minimize barriers to access and ongoing service utilization; and

An analysis of successful models in other States for drawing down Medicaid reimbursement to fund services, bridge housing or other programs for people experiencing homelessness; also
Instruct the Executive Director of the Community Development Commission to work with the Director of the Health Agency to create an inventory of all planned permanent supportive housing developments, including developments currently in the pipeline, identifying onsite services that are planned to be included in these developments, gaps in onsite services and strategies for reducing these service gaps to ensure that every resident of permanent supportive housing funded by the County receives an appropriate level of case management, health care, mental health treatment and substance abuse treatment.

VIII. MISCELLANEOUS

47. Additions to the agenda which were posted more than 72 hours in advance of the meeting, as indicated on the supplemental agenda.
(12-9995)

47-A. Recommendation as submitted by Supervisor Ridley-Thomas: Approve the Chief Executive Officer’s February 9, 2016 Homeless Initiative recommendations with the following amendments: (Relates to Agenda No. P-1)

1. Direct the Chief Executive Officer and all other Departments and agencies responsible for allocation and oversight of the resources identified for this initiative (see Recommended Strategies to Combat Homelessness report and related addenda) to allocate and expend all funding based on geographic need per Service Planning Area as determined by the latest Homeless Count results for the Los Angeles, Glendale, Pasadena and Long Beach continua of care;

2. Direct the Chief Executive Officer to report back to the Board in 30 days with a written plan that details how the nearly 50 adopted Homeless Initiative recommendations will be implemented in a manner that is cohesive and avoids duplication of effort, including details on how the Chief Executive Officer will coordinate and integrate these strategies and activities across Departments and with other related initiatives, such as the Office of Diversion and Reentry and the Affordable Housing Trust Fund; periodic updates on the trajectory of the collective strategies, taken as a whole, should be communicated to the Board through the Chief Executive Officer’s quarterly reports;

3. Direct the Chief Executive Officer to work with the Director of Health Services Housing for Health Division and report back to the Board in writing in 60 days on recommendations to help faith-based organizations repurpose existing residential and/or surplus properties for use as interim and/or permanent housing for homeless persons, including a process to develop and structure these partnerships, and recommendations on the most effective and expedient methods for assisting faith-based organizations in their desire to contribute any under-utilized properties to help end homelessness in the County;

4. Direct the Chief Executive Officer, in coordination with the Executive Director of the Community Development Commission, to report back to the Board in writing in 60 days on recommendations to create a
database comprised of community residents interested in helping to facilitate the siting of affordable and permanent supportive housing across the County;

a. This database can be combined with social media to provide opportunities for advocacy so that interested community members can participate in the development and advancement of supportive housing in their neighborhoods; and

b. The report should investigate and recommend the most appropriate entity to manage such a database, such as an existing advocacy stakeholder group working on affordable and permanent supportive housing development, as well as how philanthropy or other private enterprise might be involved in funding the startup costs and maintenance of the database;

5. Direct the Chief Executive Officer, in collaboration with the Executive Director of the Community Development Commission and the Directors of Planning and Public Works, to report back in writing in 60 days on a pilot to incentivize developers to use prefabricated construction techniques to accelerate development of affordable and permanent supportive housing; this pilot would capitalize on Homeless Initiative Strategy F6, which will inventory and unlock underutilized public land for housing development;

a. The pilot would use lessons learned from the development of the nationally recognized Star Apartments in Skid Row, which used prefabricated construction;

b. The preferred development properties for the prefabricated construction pilot would be located near transportation and other supportive amenities;

c. Properties designated to fit the preferred criteria could be offered on an accelerated schedule to non-profit and for-profit housing developers;

d. In exchange for these discounted properties/land, developers would agree to use prefabricated construction techniques, which should reduce construction costs and completion schedules; and

e. Concurrently, the County should explore tax benefits for new
and/or existing/established prefabrication manufacturers to locate in the County in order to reduce transportation costs, shorten delivery schedules and lower risk concerns about product standards;

6. Direct the Chief Executive Officer to report back to the Board in 120 days in writing on a capacity building initiative to support cities that want to successfully partner with the County to achieve the outcomes sought in the Homeless Initiative;

7. Direct the Chief Executive Officer, working with County Counsel and the Director of Public Works to develop a Countywide local worker hire policy for Board approval in 30 days that, to the extent possible, applies to all capital projects undertaken as part of this Homeless Initiative as well as County construction projects with a project budget greater than $2,500,000 and that, among other things, mandates that a minimum percentage of all hours be performed by disadvantaged workers including, e.g., homeless or formerly homeless individuals, veterans and former foster youth; and

8. Direct the Chief Executive Officer, in collaboration with the Executive Director of the Community Development Commission and the Director of Health Services and Acting Director of Mental Health, to report back to the Board in writing in 60 days on a recommended strategy for the construction of no less than 1,000 units of permanent supportive housing over the next five years for homeless individuals diverted from the criminal justice system (production goal derived from the “Proposed Population Management Solutions” 2014 report issued by the Sheriff’s Department), the report should explore predictable financing strategies, such as tax-exempt bond financing and 4% Federal Tax Credits as well as State Low Income Housing Tax Credits with funding from the State’s Special Needs Multi-Family Housing Program and the report should identify the following:

   a. The County’s real property assets, including underutilized or vacant facilities that could be made available to realize the 1,000 units;

   b. Opportunities to leverage private sector equity and capital that will be required for construction and permanent financing of 1,000 new units of permanent supportive housing utilizing the rental subsidies available from the Flexible Housing Subsidy Pool; and

   c. Additional resources for the Flexible Housing Subsidy Pool based on cost savings achieved as a result of the County’s
efforts to divert individuals with health and behavioral health issues from the criminal justice system.

This item was taken up with Item Nos. P-1, 8 and 9.
