The need...

- **Per capita and household incomes in Los Angeles County are lower than the State average.**
- **While poverty rates are higher – unacceptably high poverty rate, which stood at 17.8% in 2014.**
- **Unemployment rates 1.5 times the national average.**

Despite fundamental changes in the economy, emerging technologies, workforce training and global integration, **job creation remains a key goal and measure for economic development efforts.**

The creation of **QUALITY jobs** is vital – those that pay sustainable wages and offer advancements and allow workers to accumulate financial assets.

With the objective of **creating sustainable, quality jobs in a more resilient diverse economy**, the Board of Supervisors has adopted an economic development process that is more strategic, inclusive and adaptive.
A NEW FRAMEWORK FOR ECONOMIC DEVELOPMENT

Series of motions aimed at cultivating a new framework for economic development in Los Angeles County:

• October 20th Motion
• December 15th Motion
• January 5th Motion

Motions set the stage for a renewed focus on economic development.

Policy and Advisory Committees prioritize economic development and bring key stakeholders and subject matter experts to the table coupled with the various county departments critical to the effective implementation of a comprehensive countywide economic development strategy.

Goal is to begin implementing the overall economic development strategy by July 1, 2016.

Already several economic development initiatives underway.

TARGET FEE WAIVER PROGRAM

ACTION

Develop recommendations for a targeted fee waiver program for small businesses.

STATUS

CEO recommends that fee waivers be explored in the context of supporting small and local businesses in the unincorporated areas of the County.
FUNDING RECOMMENDATIONS

• The approved budget for the specified action items was $15 M in total, with an allocation of $4.5 M for the first Fiscal Year (2016-17).

• The CEO will consider an adjustment to $6.5 M in the 2016-17 Recommended Budget in accordance with the provisions of the 90-day Report.

• The requested increases are for two programs:
  ▪ Manufacturing Revolving Loan Fund Program from $1 M to $2 M
  ▪ Countywide RENOVATE Program from $1 M to $2 M

• One-time funding for the Catalytic Development Fund, Bioscience Revolving Loan Fund, and Manufacturing Loan Fund is to come largely from asset sales of the former redevelopment agencies.
NEXT STEPS

• The economic development programs approved in the October 20, 2015 Board Motion shall be funded and implemented in Fiscal Year 2016-17 using the County Economic Development Trust Fund for capitalization and administration.

• The CEO, in collaboration with the CDC and the Los Angeles Economic Development Corporation (LAEDC), shall report back to the Board by April 5th in response to the January 5, 2016 Board Motion on economic development.

  ▪ The CEO will report on the formation and composition of the Economic Development Policy Committee.

  ▪ A statement of goals and objectives will be provided in support of County programs that align with the LAEDC Strategic Plan for Economic Development.
