(3 VOTES)**

SUBJECT

This action is to award two service contracts for street sweeping services in the unincorporated areas of West Whittier and Valinda/Hacienda Heights.

IT IS RECOMMENDED THAT THE BOARD:

1. Find that the contract work is categorically exempt from the provisions of the California Environmental Quality Act.
2. Find that these services can be more economically performed by an independent contractor than by County employees.
3. Award the contract for street sweeping services in West Whittier to CleanStreet, Inc., located in Gardena, California, and direct the Chairman to execute the contract. This contract will be for a period of 1 year commencing on January 1, 2017, with four 1-year renewal options and a month-to-month extension up to 6 months for a maximum potential contract sum of \$962,175, which includes \$87,470 for disposal and fuel adjustments in accordance with the contract terms. The sum for the initial term is \$167,266, which includes \$15,206 for disposal and fuel adjustments; the sum for the first optional term is \$173,821, which includes \$15,802 for disposal and fuel adjustments; the sum for the second optional term is \$173,821, which includes \$15,802 for disposal and fuel adjustments; the

sum for the third optional term is \$178,907, which includes \$16,264 for disposal and fuel adjustments; the sum for the fourth and last optional term is \$178,907, which includes \$16,264 for disposal and fuel adjustments; and a month-to-month extension up to 6 months is for \$89,453, which includes \$8,132 for disposal and fuel adjustments, for West Whittier.

4. Award the contract for street sweeping services in Valinda/Hacienda Heights to CleanStreet, Inc., located in Gardena, California, and direct the Chairman to execute the contract. This contract will be for a period of 1 year commencing on January 1, 2017, with four 1-year renewal options and a month-to-month extension up to 6 months for a maximum potential contract sum of \$2,836,050, which includes \$257,823 for disposal and fuel adjustments in accordance with the contract terms. The sum for the initial term is \$495,977, which includes \$45,089 for disposal and fuel adjustments; the sum for the first optional term is \$495,977, which includes \$45,089 for disposal and fuel adjustments; the sum for the second optional term is \$526,885, which includes \$47,899 for disposal and fuel adjustments; the sum for the third optional term is \$526,885, which includes \$47,899 for disposal and fuel adjustments; the sum for the fourth and last optional term is \$526,885, which includes \$47,899 for disposal and fuel adjustments; and a month-to-month extension up to 6 months is for \$263,442, which includes \$23,949 for disposal and fuel adjustments, for Valinda/Hacienda Heights.

5. Authorize the Chief Deputy Director of Public Works or his designee to renew these contracts for each additional renewal option and extension period if, in the opinion of the Chief Deputy Director, CleanStreet, Inc., has successfully performed during the previous contract period and the services are still required; to approve and execute amendments to incorporate necessary changes within the scope of work; and to suspend work if, in the opinion of the Chief Deputy Director, it is in the best interest of the County to do so.

6. Authorize the Chief Deputy Director of Public Works or his designee to annually increase the contracts' amount up to an additional 10 percent of the annual contract sum for unforeseen, additional work within the scope of the contracts, if required.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended action is to provide street sweeping services to maintain the streets, alleys, and curbed medians within the unincorporated County areas of West Whittier and Valinda/Hacienda Heights. The work to be performed will consist of street sweeping 5,342 curb miles and 617 paved alley miles annually in West Whittier and 18,732 curb miles and 44 paved alley miles annually in Valinda/Hacienda Heights. The Department of Public Works has contracted for these services since 1994.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provisions of Operational Effectiveness/Fiscal Sustainability (Goal 1), Community Support and Responsiveness (Goal 2), and Integrated Services Delivery (Goal 3). The contractor who has the specialized expertise to provide these services accurately, efficiently, timely, and in a responsive and cost-effective manner will support Public Works in meeting these goals.

FISCAL IMPACT/FINANCING

There will be no impact to the County's General Fund.

The maximum potential contract sum for the street sweeping contract in West Whittier is \$962,175 for the entire contract period of 66 months, which includes \$87,470 for disposal and fuel adjustments in accordance with the contract terms. The maximum potential contract sum for the street sweeping contract in Valinda/Hacienda Heights is \$2,836,050 for the entire contract period of 66 months, which includes \$257,823 for disposal and fuel adjustments in accordance with the contract terms. With the Board's delegated authority, the Chief Deputy Director may increase the contracts' total maximum amount by up to 10 percent of the annual contracts' sum for unforeseen, additional work within the scope of the contracts, if required. The estimated cost of the contracted work is based on Public Works' estimated annual requirements for the services at the unit prices quoted by the contractor.

Funding for these services are included in the Fiscal Year 2016-17 Road Fund Budget. Funds to finance the contracts' option years and 10 percent additional funding for contingencies will be requested through the annual budget process.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The recommended contractor is CleanStreet, Inc., located in Gardena, California. These contracts will commence on January 1, 2017, for a period of 1 year. With the Board's delegated authority, the Chief Deputy Director of Public Works or his designee may renew these contracts for four 1-year renewal options and a month-to-month extension up to 6 months for a maximum potential total contract term of 66 months.

These contracts have been executed by CleanStreet, Inc., and approved as to form by County Counsel (Enclosures A.1 and A.2). The recommended contracts were solicited on an open-competitive basis and are in accordance with applicable Federal, State, and County requirements.

A standard service contract has been used that contains terms and conditions in compliance with the Board's ordinances, policies and programs. Enclosures C.1 and C.2 reflects the contractors' minority participation. Data regarding the proposers' minority participation is on file with Public Works. The contractor was selected upon final analysis and consideration without regard to race, creed, gender, or color.

Pursuant to the applicable Memorandum of Understanding, the Request for Statement of Qualifications (RFSQ) for the contracted services was submitted on March 18, 2015, to the appropriate union for review. Subsequently, the Invitation for Bids for these services was submitted on June 2, 2016, to the appropriate union for review. The union has not asked to meet with Public Works regarding this solicitation.

This work is being contracted in accordance with procedures authorized under County Charter, Section 44.7, Part 3, and Chapter 2.121 (Contracting with Private Business) of the Los Angeles County Code. The mandatory requirements for contracting set forth in the Los Angeles County Code, Section 2.121.380, have been met.

The contractor has agreed to pay its full time employees the current Living Wage Rate approved by the Board on December 1, 2015, and to comply with the County's Living Wage reporting requirements. The County's Proposition A and Living Wage Ordinance provisions apply to these proposed contracts as County employees can perform these contracted services. The contracts

comply with all of the requirements of the County Code Section 2.201.

Using methodology approved by the Auditor-Controller, the Proposition A cost analysis indicates that the recommended contracted services can be performed more economically by the private sector.

These Proposition A contracts do not allow cost of living adjustments for the optional years. However, these contracts do contain a provision for fuel and disposal fee adjustments on an annual basis.

ENVIRONMENTAL DOCUMENTATION

These services are categorically exempt from the provisions of the California Environmental Quality Act (CEQA). These services are within a class of projects that have been determined not to have a significant effect on the environment in that they meet the criteria set forth in Section 15301 (c) of the CEQA.

CONTRACTING PROCESS

On March 17, 2015, a notice of the RFSQ was placed on the County's "Doing Business With Us" website (Enclosure B), "Public Works Business Opportunities" website, Twitter, and an advertisement was placed in the Los Angeles Times. Also, Public Works e-mailed 1,198 registered Local Small Business Enterprises, and hard copies of the RFSQ notices were mailed to 56 independent contractors and community business enterprises about this business opportunity.

Commencing in April 2015, Public Works started to accept Statement of Qualifications for street sweeping services. The statements were reviewed to ensure they met the minimum requirements in the RFSQ. The evaluation was based on criteria detailed in the RFSQ, including experience, work plan, financial resources, references, and demonstrated controls over labor/payroll recordkeeping. The committee utilized the informed averaging methodology for applicable criteria. Based on this evaluation, Public Works selected six apparent responsive and responsible vendors and placed them in a prequalified list.

On June 30, 2016, Public Works issued Invitations for Bids for two areas of West Whittier and Valinda/Hacienda Heights, soliciting bids from the six prequalified vendors. On July 17, 2016, five bids were received for West Whittier and four bids were received for Valinda/Hacienda. The bids were evaluated based on the price category. It is recommended that these contracts be awarded to the apparent responsive, responsible, and lowest bid CleanStreet, Inc., located in Gardena, California.

Public Works has accessed available resources to review and assess the proposed contractor's past performance, history of Labor Law violations, and prior performance on County contracts.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The award of these contracts will not result in the displacement of any County employees as these services are presently contracted with the private sector.

CONCLUSION

Please return one adopted copy of this letter along with the Contractor Execute and Department Conform copies of the contracts to the Department of Public Works, Contracts & Business Affairs Division. The original Board Execute copy should be retained for your files.

Respectfully submitted,

WITNESSETH

FIRST: The CONTRACTOR, for the consideration hereinafter set forth and the acceptance by the Board of Supervisors of said COUNTY of the CONTRACTOR'S Statement of Qualifications filed with the COUNTY on April 14, 2016, and Bid Submission filed with the COUNTY on July 18, 2016, hereby agrees to provide services as described in this Contract for Street Sweeping Services for the Area of West Whittier (2016-PA028)

SECOND: This AGREEMENT, together with Exhibit A, Scope of Work; Exhibit B, Service Contract General Requirements; Exhibit C, Internal Revenue Service Notice 1015; Exhibit D, Safely Surrendered Baby Law Posters; Exhibit E, Defaulted Property Tax Reduction Program; Exhibit F.1, Performance Requirements Summary; Exhibit G, Sample Fuel Adjustment Calculation; Exhibit H, Area Map; the CONTRACTOR'S Statement of Qualifications and Bid Submission, all attached hereto; the Request for Statement of Qualifications; and Addenda to the Request of Statement of Qualifications, all of which are incorporated herein by reference, are agreed by the COUNTY and the CONTRACTOR to constitute the Contract.

THIRD: The COUNTY agrees, in consideration of satisfactory performance of the foregoing services in strict accordance with the Contract specifications to the satisfaction of the Director of Public Works, to pay the CONTRACTOR pursuant to the Schedule of Prices set forth in the Bid Submission and attached hereto as Forms PW-2.1 – 2.5, an amount not to exceed the maximum potential contract sum of \$962,175, which includes \$87,470 for disposal and fuel adjustments for the entire contract period of 66 months. The sum for the initial term is \$167,266, which includes \$15,206 for disposal and fuel adjustments; the sum for the first optional term is \$173,821, which includes \$15,802 for disposal and fuel adjustments; the sum for the second optional term is \$173,821, which includes \$15,802 for disposal and fuel adjustments; the sum for the third optional term is \$178,907, which includes \$16,264 for disposal and fuel adjustments; the sum for the fourth and last optional term is \$178,907, which includes \$16,264 for disposal and fuel adjustments; and a month-to-month extension up to 6 months is for \$89,453, which includes \$8,132 for disposal and fuel adjustments.

FOURTH: This Contract's initial term shall be for a period of one year commencing on January 1, 2017 or upon the Board's approval, whichever occurs last. Each such option and renewal shall be exercised at the sole

78580

discretion of the COUNTY. The COUNTY, acting through the Director, may give a written notice of intent to renew this Contract at least ten days prior to the end of each term. At the sole discretion of the COUNTY, in lieu of renewing the Contract for the full one year, this Contract may be renewed on a month-to-month basis, upon written notice to the CONTRACTOR at least ten days prior to the end of a term. The Director will provide a written notice of nonrenewal at least ten days before the last day of any term, in which case this Contract shall expire as of midnight on the last day of that term. Where all option years have been exercised, the Director will not provide a written notice of nonrenewal.

SIXTH: Public Works will make payment to the CONTRACTOR within 30 days of receipt and approval of a properly completed and undisputed invoice. However, should the CONTRACTOR be certified by the COUNTY as a Local Small Business Enterprise, payment will be made in accordance with Board of Supervisors Policy No. 3.035, Small Business Liaison and Prompt Payment Program. Each invoice shall be in triplicate (original and two copies) and shall itemize the work completed. The invoices shall be submitted to:

County of Los Angeles Department of Public Works

SEVENTH: In no event shall the aggregate total amount of compensation paid to the CONTRACTOR exceed the amount of compensation authorized by the Board. Such aggregate total amount is the Maximum Contract Sum.

EIGHTH: The CONTRACTOR understands and agrees that only the designated Public Works Contract Manager is authorized to request or order work under this Contract. The CONTRACTOR acknowledges that the designated Contract Manager is not authorized to request or order any work that would result in the CONTRACTOR earning an aggregate compensation in excess of this Contract's Maximum Contract Sum.

NINTH: The CONTRACTOR shall not perform or accept work requests from the Contract Manager or any other person that will cause the Maximum Contract Sum of this Contract to be exceeded. The CONTRACTOR shall monitor the balance of this Contract's Maximum Contract Sum. When the total of the CONTRACTOR'S paid invoices, invoices pending payment, invoices yet to be submitted, and ordered services reaches 75 percent of the Maximum Contract Sum, the CONTRACTOR shall immediately notify the Contract Manager in writing. The CONTRACTOR shall send written notification to the Contract Manager when this Contract is within six months from expiration of the term as provided for hereinabove.

TENTH: No cost-of-living adjustments shall be granted for the optional renewal periods.

ELEVENTH: The Director may adjust 5 percent of the hourly rate of compensation set forth in the applicable Form PW-2 (Schedule of Prices) based on the increase or decrease in the fuel price published in the Official Energy Statistics from the United States Department of Energy website at http://tonto.eia.doe.gov/dnav/pet/pet_pri_gnd_dcus_sca_m.htm or other County approved website for Diesel (On-Highway) and Gasoline - All Grades (Regular) for California, at http://tonto.eia.doe.gov/dnav/pet/pet_pri_prop_dcu_r50_m.htm or other County approved website for Liquid Propane Gas (LPG) using West Coast (PADD 5) "Commercial/Institutional," and at http://www.eere.energy.gov/afdc/price_report.html or other County approved website for Compressed Natural Gas (CNG) Clean Cities Alternative Fuel Price Report, Table 5, Compressed Natural Gas Average Prices by Region from Clean Cities Sources "West Coast," as appropriate to the vehicle used beginning on the month of this Contract's start date and thereafter at each successive six month interval, which shall be the effective date for any such fuel adjustment. The percentage change in the fuel price shall be obtained using the fuel prices published on the month of the proposal submission date and the fuel price most recently published for the month of effective date of the adjustment. However, when the percentage increase or decrease in the fuel price is less than 5 percent, no fuel adjustment will be granted. In the event the fuel adjustment is granted, the fuel adjustment (increase or decrease) will be added to or subtracted from, as applicable, the hourly rate of compensation to establish the adjusted hourly rate of compensation. A sample calculation is included in Exhibit H. Public Works shall be permitted to audit the CONTRACTOR'S fuel usage, fuel costs, and fuel procurement methods for the vehicles used in providing the service and the CONTRACTOR shall provide records pertaining to its fuel costs upon the COUNTY'S request. CONTRACTOR shall immediately notify the COUNTY if the CONTRACTOR changes from purchasing fuel using Market Prices, to a long-term agreement for fuel purchases.

TWELFTH: The CONTRACTOR may request an annual adjustment in the "Curb Mile" and "Paved Alley Mile" unit prices set forth in Forms PW-2.1 through PW-2.5 (Schedule of Prices) based on a percentage change in disposal fee during the life of this Contract. Adjustments will be based on the increase or decrease in the disposal fee charged to the CONTRACTOR by the Solid Waste Facility designated/used by the CONTRACTOR. This percentage will be calculated based on the disposal fee charged after the commencement date of this Contract and the disposal fee charged on this Contract's renewal date(s). Only 5 percent of the "Curb Mile" and "Paved Alley Mile" unit prices may be adjusted for increases or decreases in the disposal fee. The CONTRACTOR must substantiate the change in cost for refuse disposal to the satisfaction of the Director. CONTRACTOR supplied documentation shall include disposal site receipts, driver route schedules, vehicle numbers, summary sheets of monthly disposal costs and fees charged per ton, detailed comparisons of current and previous disposal fee, and any additional documentation requested by the COUNTY to establish most current disposal fees. CONTRACTOR shall also provide an explanation for use or nonuse of any alternate disposal sites.

IN WITNESS WHEREOF, the COUNTY has, by order of its Board of Supervisors, caused these presents to be subscribed by the Chairman of said Board and the seal of said Board to be affixed and attested by the Clerk thereof, and the CONTRACTOR has subscribed its name by and through its duly authorized officers, as of the day, month, and year first written above.

Unless otherwise stated, work shall be measured in either Curb Miles or Paved Alley Miles. A Curb Mile is defined as a swept path not less than ten (or both gutter brooms are down) feet wide for a total length of 5,280 feet. A Paved Alley Mile is defined as a swept path not less than 20 feet wide for a total length of 5,280 feet.

Sweeping a street shall normally consist of a single pass, both brooms down, at a maximum speed of not more than six miles per hour (eight miles per hour in West Whittier) on each side of the street adjacent and parallel to the curb face and shall include curb returns and cross gutters at intersecting streets. Where there is a raised median, sweeping shall also consist of a single swept path on each side of the median adjacent and parallel to the median curb face.

Sweeping an alley shall normally consist of single swept path, both brooms down, on each side to the alley adjacent and to the right of the flow line or centerline of the alley at a maximum speed of not more than six miles per hour (eight miles per hour in West Whittier).

Water shall be used while sweeping to minimize dust if a power broom sweeper is used. In the event that the results of a sweeping operation are considered unsatisfactory by the Contract Manager, in accordance with this Exhibit's paragraph H, Standard of Performance, below, Contractor shall sweep or clean

the unsatisfactory area again, at no cost to the County, within two calendar days without interruption of the regular sweeping schedule.

Curbed areas that cannot be swept with power sweeping equipment, such as, but not limited to, narrow cul-de-sacs, median noses, and portions of left-turn pockets shall be hand cleaned to comply with this Exhibit's paragraph H, Standard of Performance, below.

The Contractor shall inform the Contract Manager of any problems or conditions, which may be a public hazard or interfere with normal sweeping operations. These problems or conditions shall include, but not be limited to, fallen trees, obstructed roadways or alleys, low overhanging branches, abandoned vehicles, and large potholes. These problems or conditions shall be reported by Contractor to the Contract Manager as soon as the condition is identified. Dead animals shall be reported to Animal Control at (310) 523-9566.

The County reserves the right to determine if any work is or will be needed and/or requested under this Contract, at the County's sole and absolute discretion. The Contractor waives all claims against the County for consequential damages resulting from the County's failure to use the Contractor's services, including, but not limited to, lost profit.

D. Work Schedule

A complete schedule of weekly sweeping shall be submitted to the Contract Manager for approval prior to any work being done under this Contract. The schedule shall include the Curb Miles and Paved Alley Miles of streets, alleys, and medians to be swept daily, as well as the daily starting time.

Also, a route map shall be submitted as part of the schedule, showing streets, alleys, and medians to be swept each day by the Contractor. Contractor shall indicate the daily sweeping route on the maps in an appropriate and understandable manner that is acceptable to the Contract Manager. Changes in the schedule for the convenience of Contractor will require approval by the Contract Manager prior to being included in the weekly work.

The County reserves the right to require the Contractor to sweep specific areas on specified days and at specified times of the day and to change any portions of an existing and established sweeping schedule at any time during the duration of this contract. The following guidelines shall be applicable:

1. Sweeping of streets that have posted parking restrictions specified for street sweeping shall only be swept during the posted days and hours. After the contract has been awarded, a list of posted streets shall be provided to the Contractor.

2. Areas shall not be swept on the same day trash pickup is scheduled. Whenever feasible, sweeping shall be scheduled the day after trash pickup (but no more than two days after trash pickup). The Contractor shall be responsible for determining when trash pickups are scheduled. Trash pickup schedules for some the County areas may be found in the following website: <http://ladpw.org/epd/cleanla/default.html>.
3. Streets adjacent to schools and commercial developments shall be swept prior to 7 a.m. or such time as daily public activities start.
4. Streets adjacent to apartments, condominiums, or other areas where all night on street parking is prevalent shall be swept after 8 a.m.
5. Major highways shall not be swept during peak traffic hours.
6. Residential areas, except for streets adjacent to schools, shall not be swept prior to 7 a.m. or after 3:30 p.m.
7. Street sweeping shall be scheduled such that both sides of a street are not swept in the same day unless the Contract Manager directs otherwise.

E. Alternate Day Sweeping Schedule

Streets on this Contract shall be swept on an "alternate day" sweeping schedule. An alternate day schedule requires the Contractor to sweep the two sides of a street on two separate and consecutive days. For example, a curbed street may have one side swept on Mondays and the other side swept on Tuesdays. If one side of a street is swept on Fridays, the other side shall be swept on Mondays.

After receiving notification that the Contractor has been awarded this contract, said the Contractor shall have 30 days to provide a finalized and working alternate day sweeping schedule to the Contract Manager.

F. Inclement Weather

During inclement weather, the Contract Manager or his designee may cancel the day's scheduled sweeping. In such cases, the Contractor will be contacted and sweeping will immediately be stopped. Contractor shall be paid for sweeping performed before the call was made to stop sweeping.

G. Holidays

The contractor shall not sweep during these County observed holidays: Martin Luther King Day, Presidents Day, Cesar Chavez Day, Memorial Day, 4th of July, Labor Day, Columbus Day, Veterans Day, Thanksgiving, The day after Thanksgiving, Christmas, and New Year's Day. There shall not be no makeup sweeping for holidays.

H. Standard of Performance

The primary objective of street sweeping is to remove all leaves, paper, dirt, rocks, glass, bottles, cans, and other debris to ensure the free flow of water in the gutter and to maintain streets in a state of cleanliness. The Contract Manager will make the final determination as to whether the work has been satisfactorily completed. If the work has not been satisfactorily completed (i.e. area was not swept, debris remaining on the gutter, etc.) the Contract Manager may direct the Contractor to resweep the subject areas during the same business day. If the area(s) cannot be reswept during the same business day by the Contractor, the Contract Manager may deduct payment to the Contractor in accordance with this Exhibit's paragraph Q, Inspection and Acceptance of the Work.

I. Contractor's Sweepers Mandatory Requirements

For all areas except Marina del Rey, sweepers on this Contract shall have a tail broom and two gutter brooms. No air sweepers shall be allowed on this Contract. The sweeper's quantity and specification utilized in this service shall be stated on the Statement of Equipment Form (Form PW-20.1).

J. Disposal of Refuse and Debris

All debris and refuse collected from these operations shall become the property of the Contractor. The Contractor shall dispose of all refuse and debris collected during sweeping operations, at no additional cost to the County, by hauling to a legally established area for the disposal of solid waste. Disposal shall be at the Contractor's expense. The Contractor shall not allow any debris from its operations under this Contract to be deposited in the storm drains and/or gutters in violation of the National Pollutant Discharge Elimination System. When storage of refuse and debris is necessary prior to disposal, the Contractor shall locate and arrange for use of a temporary storage site off the road rights of way. The Contractor will not be allowed to use the rights of way or Public Works facilities as temporary storage sites.

The Contractor is advised that due to the nature of this Contract, discarded hazardous waste may be encountered during the performance of this Contract. In the event an unknown substance or hazardous material is discovered, the Contractor shall immediately notify the Contract Manager. The Contractor shall NOT attempt to perform any type of hazardous waste remediation not included

under the Scope of Work of this Contract, including identifying, containing, cleaning, moving, disposing, etc. The Contractor shall exercise extreme caution in the event unknown waste is encountered.

K. Utilities/Water

The County will not provide utilities. The Contractor shall furnish all water necessary for sweeping operations in accordance with this Exhibit's paragraph C, Work Description.

L. Storage Facilities

The County will not provide storage facilities for the Contractor.

M. Right of Way

The Contractor shall conduct all of its activities and operations within the confines of public roadways. The Contractor shall not allow its employees to use private property for any reason or to use water from such property without written permission from the owner. If, for any reason, the Contractor elects to encroach upon other lands, the Contractor shall first obtain written permission from the owner and provide evidence of such permission in writing to the Contract Manager prior to entering upon such lands. In performing any work or doing any activity on lands outside of public rights of way, Contractor shall comply with all applicable Federal, State, and local laws, ordinances, and regulations.

The Contractor shall indemnify and hold the County harmless from all claims for damages occasioned by such work or activity, whether done in compliance with this Exhibit and with permission or in violation of this Exhibit, without permission.

N. Authority of Board and Contract Manager

The Board has the final authority in all matters affecting the work. Within the scope of this Contract, the Contract Manager has the authority to enforce compliance with the Plans and Specifications. The Contractor shall promptly comply with instructions from the Contract Manager or an authorized representative.

On all questions relating to quantities; the acceptability of equipment or work; the execution, progress, or sequence of work; and the interpretation of the Specifications or the Plans, the decision of the Contract Manager will be final and binding and shall be precedent to any payment under this Contract unless otherwise ordered by the Board.

O. Best Management Practices

The Best Management Practices (BMPs) shall be defined as any program, technology, process, sitting criteria, operating method, measure, or device which controls, prevents, removes, or reduces pollution. The Contractor shall obtain and refer to the California Storm Water BMPs Handbooks, Volume 3 Construction BMPs Handbook and the County of Los Angeles Department of Public Works BMPs Handbook for Construction Activities. These publications are available from:

County of Los Angeles Department of Public Works
 Cashier Office
 900 South Fremont Avenue
 Alhambra, CA 91803
 Telephone (626) 458-6959

The Contractor shall have a readily accessible copy of each publication in the service area at all times. As a minimum, the Contractor shall implement the following BMPs in conjunction with all its sweeping activities:

NO. MATERIAL MANAGEMENT

- CD10 (2) Material Delivery and Storage
- CD11 (2) Material Use
- CD12 (2) Spill Prevention and Control

NO. WASTE MANAGEMENT

- CD13 (2) Solid Waste Management
- CD14 (2) Hazardous Waste Management
- CD15 (2) Contaminated Soil Management
- CD16 (2) Concrete Waste Management

NO. VEHICLE AND EQUIPMENT MANAGEMENT

- CD18(2) Vehicle and Equipment Cleaning
- CD19(2) Vehicle and Equipment Fueling
- CD20(2) Vehicle and Equipment Maintenance

NO. TRAINING

- CD40 Employee/Subcontractor Training

NO. PHYSICAL STABILIZATION

- CD26A(2) Soil Stabilizer/Dust Control

Additional BMPs may be required as a result of a change in the actual field conditions, the Contractor activities, or construction operations. When more than one BMP is listed under each specific BMP category, the Contractor shall select the appropriate and necessary number of BMPs within each category in order to achieve the BMP objective.

The BMP for the Contractor activities shall be continually implemented throughout the year. The BMP for erosion control and sedimentation shall be implemented during the period from October 15, to April 15, and whenever the National Weather Service predicts rain within 24 hours. The BMP for erosion control and sedimentation shall also be implemented prior to the commencement of any contractor activity or operation which may produce runoff and whenever runoff from other sources may occur.

The County, as a permittee, is subject to enforcement actions by the State Water Resources Control Board, Environmental Protection Agency, and private citizens. Full compensation for the implementation of BMPs shall be considered as included in the Total Annual Proposed Price shown in Form PW-2, Schedule of Prices. Should the Contractor fail to comply with any BMP, the County will suffer damages including, but not limited to, having to bear the risk of delay and disruption of its street sweeping program. The amount of such damages is and will continue to be extremely difficult and impracticable to ascertain. Execution of this Contract shall constitute agreement by the County and the Contractor that \$1,000 per day is the minimum value of the cost and actual damage caused by the Contractor's failure to fully implement any BMP, that such sum is liquidated damages and shall not be construed as a penalty and that such sums may be deducted from payments due to the Contractor if such failure occurs. However, such liquidated damages do not include losses resulting from the imposition of fines and penalties and other enforcement actions by administrative agencies. The County may assess the Contractor, as liquidated damages, \$1,000 for each calendar day that the Contractor has not fully implemented one or more of the BMPs specified for this Contract and/or is otherwise in noncompliance with these provisions. In addition, the Contractor shall defend, indemnify, and hold harmless the County and its officers, employees, and agents from any fine, penalty, or enforcement action (including attorney fees, legal costs, and staff costs) imposed or brought by any person or entity on account of the Contractor's alleged lack of compliance with these provisions or nonimplementation of the specified BMPs. The County may deduct, from the payment due to the Contractor, amounts necessary to cover such fines and costs.

P. Prosecution of Work

To minimize public inconvenience, the Contractor shall diligently prosecute the work in the manner and at the times specified in this Exhibit A, Scope of Work, and shall at all times comply with the approved sweeping schedule. If, as determined by the Contract Manager, the Contractor fails to prosecute the work to the extent that the public may be inconvenienced, the Contractor shall, upon

orders from the Contract Manager, immediately resume diligent prosecution of the work. All cost of prosecuting the work as described herein shall be included in the Contractor's Total Annual Proposed Price.

Should the Contractor continue to fail to prosecute the work diligently after orders of the Contract Manager to do so, the Contract Manager may suspend the work in whole or in part until such time as the Contract Manager, in his or her sole discretion, determines that the Contractor will resume diligent prosecution of the work. All expenses and losses incurred by the Contractor as a result of such suspensions shall be borne by the Contractor.

Q. Inspection and Acceptance of the Work

The Contractor shall implement a Contract Quality Control Plan as required under this Exhibit's paragraph Y, Quality Control. The Contractor shall routinely inspect the work to ensure compliance with the Plans and Specifications, approved schedules, and the Contractor quality standards.

The Contract Manager may inspect the work to assure that the quality of street sweeping services is in compliance with Terms and Conditions of this Contract. The Contract Manager may inspect by sampling the quality of the work at up to 20 random locations immediately after they are scheduled to be swept.

A "location" is generally defined as an alley and/or side of any street between two adjacent streets, a cul-de-sac, and/or a dead-end street. A 5 percent deduction of payment for that day's sweeping mileage shall be assessed for each and every location that is not swept in accordance with these Specifications and Plans. Photos and documentation for all deficient locations will be provided to the Contractor on the working day following the inspection for all deficient locations.

The Contract Manager will use the following general guidelines to determine if the street was swept properly:

1. No debris shall be in or on the street or gutter within 8 feet of the curb face. Debris includes, but is not limited to, trash, grass, leaves, soil, bottles, broken glass, rocks, and other refuse.
2. A trail of debris shall not be left along the street or gutter.
3. An inordinate amount of debris, which would indicate that the location had not been swept properly.

R. Suspension of Work

The work may be suspended in whole or in part when determined by the Contract Manager that the suspension is necessary in the interest of the County. The Contractor shall comply immediately with any written order of the

Contract Manager suspending work. Such suspension shall be without liability to the Contractor on the part of the County except as otherwise specified in this Exhibit's paragraph AA, Additional Sweeping.

S. Noncompliance with Plans and Specifications

Failure of the Contractor to comply with any requirement of these Specifications and Plans, and to immediately remedy any such noncompliance upon notice from the Contract Manager, may result in suspension of this Contract's monthly payments. Any monthly payments so suspended shall remain in suspension until the Contractor's operations are brought into compliance to the satisfaction of the Contract Manager. No additional compensation will be allowed as a result of suspension of the monthly payments due to noncompliance with these Specifications and Plans.

T. Contractor's Equipment Compliance with Laws and Regulations

1. The Contractor shall fully comply with all applicable laws and regulations, including, but not limited to, all Air Quality Management District (AQMD) regulations. In particular, the Contractor's equipment shall, at all times, be in full compliance with AQMD Rules 1186 and 1186.1 pertaining to street sweepers.
2. The street sweepers specified on the equipment list provided to Public Works and no others shall be used in the Contract work unless notice is given to Public Works and the substitution is approved by Public Works. The Contract Manager or a designee may inspect Contractor's vehicles employed in the Contract work at any time without notice.
3. In the event of mechanical breakdown of an alternate-fuel street sweeper; and only if no other alternate-fuel street sweeper is available, the Contractor shall comply with AQMD Rule 430 in a timely fashion and shall make a timely application for an emergency permit under Rule 430 in order to ensure uninterrupted performance of this Contract. The Contractor shall immediately provide to Public Works notice of any telephonic report and a copy of any written report or action plan presented to AQMD pursuant to Rule 430.
4. The Contractor shall furnish and maintain in good and safe condition all equipment required for the proper execution of this Contract. The Contract Manager may reject any vehicle or piece of equipment not meeting these safety, maintenance, or regulatory requirements. For the sweeping of curbed highways and streets, the Contractor's equipment shall clean the streets as specified in this Exhibit's paragraph H, Standard of Performance.

5. The Contractor shall provide sweeping equipment and disposal trucks, which shall be properly maintained both mechanically and in appearance. The Contractor shall provide backup sweeping equipment adequate to ensure completion of scheduled work in the event of equipment breakdown, an area requires resweeping, or to provide any additional resweeping directed by the Contract Manager. All equipment shall be clearly marked with the Contractor's name and vehicle number. The Contractor's telephone number shall be prominently displayed on all equipment for purposes of identification.
6. The sweeper operator shall be furnished with a cellular phone or equivalent communication device that will allow the Contract Manager to make contact with the sweeper operator during sweeping operations. Contractor shall provide the Contract Manager with the information necessary to maintain contact with the sweeper operator during sweeping operations. The communication device shall be on and operating during sweeping operations.

U. Global Positioning System

1. Primary and backup sweepers shall be equipped with a Global Positioning System (GPS) capable of reporting real time data.
2. The GPS shall be Internet based (direct internet connection) or require additional software to access the GPS provider's data. If Internet based, the Contractor shall provide Public Works with two accounts to access the GPS provider's Internet site. If additional software is required, the Contractor shall provide software for installation on two Public Works computers.
3. The accounts shall be set up so that only Public Works and the Contractor can view Public Works data.
4. The Contractor shall pay for all costs related to the GPS, including hardware, software, activation fees, technical support, and monthly service charge fees. There is no separate bid item for the GPS.
5. The GPS shall be capable of gathering the following real time data: speed, direction, location (address), distance traveled, ignition on/off, brooms up/down, and water sprayer on/off.
6. The GPS shall be capable of tracking a sweeper's path with lines or dots superimposed on a map.
7. The minimum locate schedule (frequency of occurrence that GPS data is received from the sweeper) shall be every one minute when brooms are down.

8. The minimum locate schedule shall be every 15 minutes when brooms are up.
9. The GPS shall generate an e-mail alert when the following events occur:
 - a. Sweeper exceeds six miles per hour (eight miles per hour in South and West Whittier) and brooms are down.
 - b. One hour or more of nonmovement during weekdays, 6 a.m. to 4 p.m.
10. The GPS shall be capable of generating daily reports of sweeper activity that includes the following information: date, time, address, speed, direction, location (address), distance traveled, ignition on/off, brooms up/down, and water on/off.
11. Authorized Public Works employees can generate and print reports at any time.
12. All reports shall have the capability to be downloaded in other formats such as Microsoft Excel or Word.
13. Data shall be available for immediate downloading for a minimum of three months. After three months, data shall be backed up and be made available at Public Works' request.

V. Reports

In addition to other data filed with the County by the Contractor, the Contractor shall, on the second working day of each week, file a report with the Contract Manager enumerating the following information for the previous week:

1. Curb Miles and Paved Alley Miles swept each day.
2. Scheduled Curb Miles and Paved Alley Miles swept and areas missed.
3. When missed areas were swept.
4. Number of complaints received each day.
5. Reasons scheduled sweeping was not performed or completed as scheduled.
6. Waste tonnage summary and copies of waste disposal receipts.

W. Measurement

The basis of measurement and payment shall be by the Curb Mile for curbed streets and the Paved Alley Mile for paved alleys. On streets and highways, Curb Miles shall be measured toward the center of the rights of way from and parallel to the curb face. Measurement of medians will be continual and no deduction will be made for left-turn pockets or intersecting streets.

Additional sweeping of streets, as defined in this Exhibit's AA, Additional Sweeping, that require the total width of the street to be swept shall be measured on the basis of the width of street in feet divided by 10 (both gutter brooms down) to determine the Curb Miles per mile of length.

X. Contractor's Representative

Before starting the work, the Contractor shall designate, in writing, a County-approved representative who shall have complete authority to act for it. An alternate representative may be designated. Any order or communication given to this representative shall be deemed delivered to the Contractor. A joint venture or partnership shall designate only one representative and alternate. In the absence of the Contractor or its designated representative, necessary or desirable directions or instruction may be given by the Contract Manager to the superintendent or person having charge of the specific work to which the order applies. Such order shall be complied with promptly and referred to the Contractor or its representative.

In order to communicate with the County, the Contractor's representative, superintendent, or person having charge of specific work shall be able to speak, read, and write the English language.

Y. Quality Control

The Contractor shall be responsible for implementing procedures for ensuring that street sweeping services are provided in strict compliance with the Plans, Specifications, and approved schedule of services.

The Contractor shall designate in writing a Quality Control representative and an alternate Quality Control representative who are responsible for implementing, monitoring, controlling, and reporting on the quality of work.

It is recommended that the Contractor's Quality Control representatives be separate and distinct from the Contractor's project manager or general superintendent, and the Contractor's Quality Control procedures establish a separate system for recording, reporting, and resolving quality control issues.

Within ten days of contract award, the Contractor shall submit to the County a Contract Quality Control Plan for review and approval by the Contract Manager.

This plan will include, as a minimum, the names and telephone numbers of the Contractor's Quality Control representatives; a description of the roles and responsibilities for quality control; the system for monitoring, reporting on, resolving quality control issues; and checklists or other documentation in support of the Contractor's Quality Control function.

Z. Plans and Specifications

Included as part of this Contract is Exhibit H, Project Location/Vicinity Maps, showing the locations of streets and alleys included in this service area.

The Plans, these Specifications, and other contract documents shall govern the work. These Contract documents are intended to be complementary and cooperative and to describe and provide for a complete service. Anything in the Specifications and not on the Plans, or on the Plans and not in the Specifications, shall be as though shown or mentioned in both.

While it is believed that much of the information pertaining to conditions, which may affect the cost of the work, will be shown on the Plans or indicated in the Specifications, the County does not warrant the completeness or accuracy of such information. The Contractor shall ascertain the existence of any conditions affecting the cost of the work, which would have been disclosed by reasonable examination of the site. The Contractor shall, upon discovering any error or omission in the Plans or Specifications, immediately call it to the attention of the Contract Manager.

AA. Additional Sweeping

The Contractor shall provide additional sweeping of any street(s) and alley(s) within the area shown on the Plans at any time when ordered by the Contract Manager. The Contractor will be compensated for each additional sweeping at the Unit Price per Curb Mile or Paved Alley Mile, indicated on Form PW-2, Schedule of Prices, as appropriate. The method of payment will be determined by the Contract Manager.

The need for additional sweeping may be because of storm, fire, flood, parade, public gathering, riot, or other natural or unanticipated occurrence affecting the cleanliness of the streets. The additional sweeping may be in lieu of or in addition to the regularly scheduled sweeping as ordered by the Contract Manager.

Additional sweeping will normally be confined to sweeping the curb lane. However, if additional sweeping requires the total width of the street(s) to be swept, then compensation will be at the Contract's Unit Price per Curb Mile as defined in this Exhibit's paragraph W, Measurement. All sweeping shall be done with sufficient passes to achieve the results described in this Exhibit's paragraph H, Standard of Performance.

Compensation for extra sweeping will be for a minimum of 16 Curb Miles with no allowance for travel time under one of the following circumstances: a) the sweeper shall return to the area after having left when regular sweeping was completed; b) the extra sweeping is on a day when no regular sweeping is scheduled; or c) an additional sweeper must be brought to the area.

Notwithstanding the above, the County has the option on additional sweeps to compensate the Contractor on an hourly basis where it is difficult to determine Curb Miles swept in a non-routine manner. In these cases, the hourly rate paid by the County to the Contractor shall be equal to four times the Contract's Unit Price per Curb Mile. Minimum payment will be equivalent to payment for 16 Curb Miles.

BB. Changes Resulting from Schedule Disruption

During this Contract period, the Contractor shall sweep the designated public streets and alleys at least once each week, including all curbed medians, in accordance with a schedule to be approved by the Contract Manager. When, in the opinion of the Contract Manager, inclement weather prevents adherence to the regular sweeping schedule for two days or less in a given week, the Contract Manager may require the sweeping areas so affected to be swept prior to the next sweeping schedule.

Any such required sweeping made necessary by inclement weather shall meet the requirements of this Exhibit's paragraph H, Standard of Performance, and shall be performed by the Contractor at the Contract's Unit Price per Curb Mile and will not be considered additional sweeping as defined in this Exhibit's paragraph AA, Additional Sweeping.

When any holiday or observance as specified in the Government Code of the State of California occurs on a regular scheduled sweeping day, and said sweeping area is not swept in observance of said holiday, the subject sweeping area shall when ordered by the Contract Manager be swept within two working days of the regularly scheduled sweeping day without interruption of the regular sweeping schedule. Any such requested sweeping shall meet the requirements of this Exhibit's paragraph H, Standard of Performance, and shall be performed by the Contractor at the Contract Unit Price per Curb Mile and shall not be considered additional sweeping.

In the event the Contractor is prevented from completing the sweeping as provided in the approved schedule because of reasons other than inclement weather or holidays, the Contractor shall be required to complete the deferred sweeping services within two calendar days without interruption in the regular sweeping schedule.

CC. Changes Resulting from Added or Deleted Streets

It is the intent of this Contract to provide for the weekly sweeping of all curbed streets (including curbed medians) and paved alleys within the unincorporated area shown on the Project Location/Vicinity Maps (Exhibit H). As streets and alleys are improved, they will be added to the weekly sweeping schedule. Compensation to the Contractor will be based on the Curb Miles added multiplied by the Contract's appropriate Unit Price.

Streets and alleys initially included in the schedule that are vacated by order of the Board will be deleted from the weekly schedule and the affected Curb Mileage deducted from this Contract's quantities.

Additions and/or deletions of Curb Mileage may affect the approved schedule and appropriate adjustments will be allowed subject to approval by the Contract Manager.

DD. City Incorporation

In the event any areas to be swept under this Contract attain incorporation as a City, the Contractor shall continue to sweep the streets and alleys shown on the contract plans at the Contract's Unit Price per Curb Mile until the termination date of this Contract or as directed by the County. The County may direct the Contractor to delete streets within the incorporated area from its weekly sweeping schedule prior to the expiration date of this Contract. The Curb Mileage of the streets and alleys within the incorporated area that are deleted from the Contractor's weekly sweeping schedule will be deducted from the Contract quantities. The County may, at the request of the Contractor, review this Contract if the incorporation severely affects the Contractor's weekly sweeping schedule.

EE. Changed Conditions

The Contractor shall notify the Contract Manager in writing of any changed conditions promptly upon their discovery. The Contract Manager will promptly investigate conditions, which appear to be changed conditions. If the Contract Manager determines that the conditions are changed conditions and they will materially increase or decrease the costs of any portion of the work, a Change Order will be issued adjusting the compensation for such portion of the work. The compensation will be based on the appropriate Unit Price reflected in Form PW-2, Schedule of Prices.

If the Contract Manager determines that the conditions of which it has been notified by the Contractor do not justify an adjustment in compensation, the Contractor will be notified in writing.

FF. Communications and Public Relations

The Contractor shall provide a telephone answering service, toll free to residents of the area to be swept under this Contract and the County Road Maintenance Division District office responsible for the area, from 7:30 a.m. to 4:30 p.m., Monday through Friday, except on legal holidays. The answering service shall have the capability of contacting sweepers by radio or paging equipment for the purpose of relaying instructions from the Contract Manager and to receive citizen complaints.

The telephone number shall be listed in the telephone directory for the area and shall be listed by the Contractor's commonly known name. All public complaints concerning street sweeping shall be investigated by the Contractor. Complaints brought to the Contractor's attention prior to 3 p.m. shall be investigated that day. Those brought to the Contractor's attention after 3 p.m. shall be investigated before noon of the following day.

A complaint form shall be filled out for each complaint referred to or received by the Contractor. The form, which must be approved by the Contract Manager, shall be filed with the County on the first working day following the day the complaint was received. The Contractor shall report what actions were necessary to resolve each complaint.

GG. Special Safety Requirements

All Contractor operators shall be expected to observe all applicable Cal/OSHA and Public Works safety requirements while performing this requested work. Suitable clothing, gloves, and shoes that meet Cal/OSHA requirements are required.

HH. Project Site Safety

The Contractor shall be solely responsible for ensuring that all work performed under this Contract is performed in strict compliance with all applicable Federal, State, and local occupational safety regulations. The Contractor shall provide at its expense all safeguards, safety devices, and protective equipment shall take any and all actions appropriate to providing a safe service area.

II. Project Safety Official

The Contractor shall designate in writing a Project Safety Official who shall be thoroughly familiar with the Contractor's Injury and Illness Prevention Program and Code of Safe Practices. The Contractor's Project Safety Official shall be available at all times to abate any potential safety hazards and shall have the authority and responsibility to shut down an operation, if necessary. Failure by Contractor to provide the required Project Safety Official shall be grounds for the

County to direct the cessation of all work activities and operations at no cost to the County until such time as the Contractor is in compliance.

JJ. Liquidated Damages

1. In any case of the Contractor's failure to meet certain specified performance requirements, the County may, in lieu of other remedies provided by law or the Contract, assess liquidated damages in specified sums and deduct them from any regularly scheduled payment to the Contractor. However, neither the provision of a sum of liquidated damages for nonperformance or untimely or inadequate performance nor the County's acceptance of liquidated damages shall be construed to waive the County's right to reimbursement for damage to its property or indemnification against third-party claims.
2. The amounts of liquidated damages have been set in recognition of the following circumstances existing at the time of the formation of the Contract:
 - a. All of the time limits and acts required to be done by both parties are of the essence of the Contract;
 - b. The parties are both experienced in the performance of the Contract work;
 - c. The Contract contains a reasonable statement of the work to be performed in order that the expectations of the parties to the Contract are realized. The expectation of the County is that the work will be performed with due care in a workmanlike, competent, timely, and cost-efficient manner while the expectation of the Contractor is a realization of a profit through the ability to perform the Contract work in accordance with the terms and conditions of the Contract at the Proposal price;
 - d. The parties are not under any compulsion to contract;
 - e. The Contractor's acceptance of the assessment of liquidated damages against it for unsatisfactory and late performance is by agreement and willingness to be bound as part of the consideration being offered to the County for the award of the Contract;
 - f. It would be difficult for the County to prove the loss resulting from nonperformance or untimely, negligent, or inadequate performance of the work; and
 - g. The liquidated sums specified represent a fair approximation of the damages incurred by the County resulting from the Contractor's

failure to meet the performance standard as to each item for which an amount of liquidated damages is specified.

3. The Contractor shall pay Public Works, or Public Works may withhold and deduct from monies due the Contractor, liquidated damages in the sum of \$500 for each consecutive calendar day that the Contractor fails to complete work within the time specified unless otherwise provided in this Contract.

SECTION 2

STANDARD TERMS AND CONDITIONS PERTAINING TO CONTRACT ADMINISTRATION

A. Amendments

1. For any change which affects the Scope of Work, contract sum, payments, or any term or condition included in this Contract, an amendment shall be prepared and executed by Contractor and the Board or if delegated by the Board, the Director, and Contractor.
2. The Board or County's Chief Executive Officer or designee may require the addition and/or change of certain terms and conditions in this Contract during the term of this Contract. County reserves the right to add and/or change such provisions as required by the Board or the Chief Executive Officer. To implement such changes, an amendment or a change order to this Contract shall be prepared by Public Works and signed by the Contractor.
3. County may, at its sole discretion, authorize extensions of time to this Contract's term. Contractor agrees that such extensions of time shall not change any other term or condition of this Contract during the period of such extensions. To implement an extension of time, an amendment to this Contract shall be prepared and executed by Contractor and the Board or if delegated by the Board, the Director, and Contractor. To the extent that extensions of time for Contractor performance do not impact either scope or amount of this Contract, Public Works may, at its sole discretion, grant Contractor extensions of time, provided the aggregate of all such extensions during the life of this Contract shall not exceed 120 days.
4. For any change which does not materially affect the Scope of Work or any other term or condition included under this Contract, a change order shall be prepared by Public Works and signed by the Contractor. If the change order is prepared by the Contractor, it shall be approved by Public Works and signed by the Contractor and the County.

B. Assignment and Delegation

1. Contractor shall not assign its rights or delegate its duties under this Contract, or both, whether in whole or in part, without the prior written consent of County, in its discretion, and any attempted assignment or delegation without such consent shall be null and void. For purposes of this paragraph, County consent shall require a written amendment to this Contract, which is formally approved and executed by Contractor and the Board or if delegated by the Board, the Director, and Contractor. Any

payments by County to any approved delegate or assignee on any claim under this Contract shall be deductible, at County's sole discretion, against the claims which Contractor may have against County.

2. Shareholders, partners, members, or other equity holders of Contractor may transfer, sell, exchange, assign, or divest themselves of any interest they may have therein. However, in the event any such sale, transfer, exchange, assignment, or divestment is effected in such a way as to give majority control of Contractor to any person(s), corporation, partnership, or legal entity other than the majority controlling interest therein at the time of execution of this Contract, such disposition is an assignment requiring the prior written consent of County in accordance with applicable provisions of this Contract.
3. Any assumption, assignment, delegation, or takeover of any of Contractor's duties, responsibilities, obligations, or performance of same by any person or entity other than Contractor, whether through assignment, Subcontract, delegation, merger, buyout, or any other mechanism, with or without consideration for any reason whatsoever without County's express prior written approval, shall be a material breach of this Contract, which may result in the suspension or termination of this Contract. In the event of such a termination, County shall be entitled to pursue the same remedies against Contractor as it could pursue in the event of default of Contractor.

C. Authorization Warranty

Contractor represents and warrants that the person(s) executing this Contract for Contractor is an authorized agent who has actual authority to bind Contractor to each and every term, condition, and obligation of this Contract and that all requirements of Contractor have been fulfilled to provide such actual authority.

D. Budget Reduction

In the event that the County's Board of Supervisors adopts, in any fiscal year, a County Budget which provides for reductions in the salaries and benefits paid to the majority of County employees and imposes similar reductions with respect to County Contracts, the County reserves the right to reduce its payment obligation under this Contract correspondingly for that fiscal year and any subsequent fiscal year during the term of this Contract (including any extensions), and the services to be provided by the Contractor under this Contract shall also be reduced correspondingly. Except as set forth in the preceding sentence, the Contractor shall continue to provide all of the services set forth in this Contract. The County's notice to the Contractor regarding said reduction in payment obligation shall be provided within 30 calendar days of the Board's approval of such actions

E. Complaints

Contractor shall develop, maintain, and operate procedures for receiving, investigating, and responding to any complaints by any individual.

1. Within 12 business days after this Contract's effective date, Contractor shall provide County with Contractor's policy for receiving, investigating, and responding to any complaints by any individual.
2. County will review Contractor's policy and provide Contractor with approval of said plan or with requested changes.
3. If County requests changes in Contractor's policy, Contractor shall make such changes and resubmit the plan within five business days for County approval.
4. If, at any time, Contractor wishes to change Contractor's policy, Contractor shall submit proposed changes to County for approval before implementation.
5. Contractor shall preliminarily investigate all complaints and notify the Contract Manager of the status of the investigation within five business days of receiving the complaint.
6. When complaints cannot be resolved informally, a system of follow-through shall be instituted which adheres to formal plans for specific actions and strict time deadlines.

ordinances, directives, guidelines, policies, or procedures as determined by County in its sole judgment. Any legal defense pursuant to Contractor's indemnification obligations under this paragraph shall be conducted by Contractor and performed by counsel selected by Contractor and approved by County. Notwithstanding the preceding sentence, County shall have the right to participate in any such defense at its sole cost and expense, except that in the event Contractor fails to provide County with a full and adequate defense as determined by County in its sole judgment, County shall be entitled to retain its own counsel, including, without limitation, County Counsel, and to reimbursement from Contractor for all such costs and expenses incurred by County in doing so. Contractor shall not have the right to enter into any settlement, agree to any injunction or other equitable relief, or make any admission, in each case, on behalf of County without County's prior written approval.

G. Compliance with Civil Rights Laws

Contractor hereby assures that it will comply with Subchapter VI of the Civil Rights Act of 1964, 42 USC Sections 2000 (e)(1) through 2000 (e)(17), to the end that no person shall, on the grounds of race, creed, color, sex, religion, ancestry, age, condition of physical disability, marital status, political affiliation, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under this Contract or under any project, program, or activity supported by this Contract. Contractor shall comply with its EEO Certification (Form PW-7).

H. Confidentiality

1. Contractor shall maintain the confidentiality of all records obtained from County under this Contract in accordance with all applicable Federal, State, and local laws, ordinances, regulations, and directives relating to confidentiality.
2. Contractor shall indemnify, defend, and hold harmless County, its officers, employees, and agents, from and against any and all claims, demands, damages, liabilities, losses, costs and expenses, including, without limitation, defense costs and legal, accounting and other expert, consulting, or professional fees, arising from, connected with, or related to any failure by Contractor, its officers, employees, agents, or Subcontractors to comply with this paragraph as determined by County in its sole judgment. Any legal defense pursuant to Contractor's indemnification obligations under this paragraph shall be conducted by Contractor and performed by counsel selected by Contractor and approved by County. Notwithstanding the preceding sentence, County shall have the right to participate in any such defense at its sole cost and

expense, except that in the event Contractor fails to provide County with a full and adequate defense as determined by County in its sole judgment,

County shall be entitled to retain its own counsel, including, without limitation, County Counsel, and to reimbursement from Contractor for all such costs and expenses incurred by County in doing so. Contractor shall not have the right to enter into any settlement, agree to any injunction, or make any admission, in each case, on behalf of County without County's prior written approval.

3. Contractor shall inform all of its officers, employees, agents, and Subcontractors providing services hereunder of the confidentiality provisions of this Contract.

I. Conflict of Interest

1. No County employee whose position with County enables such employee to influence the award of this Contract or any competing Contract, and no spouse or economic dependent of such employee shall be employed in any capacity by Contractor or have any other direct or indirect financial interest in this Contract. No officer or employee of Contractor who may financially benefit from the performance of the work hereunder shall in any way participate in County's approval, or ongoing evaluation, of such work, or in any way attempt to unlawfully influence County's approval or ongoing evaluation of such work.
2. Contractor represents and warrants that it is aware of, and its authorized officers have read, the provisions of Los Angeles County Code, Section 2.180.010, "Certain Contracts Prohibited," and that execution of this Agreement will not violate those provisions. Contractor shall comply with all conflict of interest laws, ordinances, and regulations now in effect or hereafter to be enacted during the term of this Contract. Contractor warrants that it is not now aware of any facts that create a conflict of interest. If Contractor hereafter becomes aware of any facts that might reasonably be expected to create a conflict of interest, it shall immediately make full written disclosure of such facts to County. Full written disclosure shall include, but is not limited to, identification of all persons implicated and a complete description of all relevant circumstances. Failure to comply with the provisions of this paragraph shall be a material breach of this Contract subjecting Contractor to either Contract termination for default or debarment proceedings or both. Contractor must sign and adhere to the "Conflict of Interest Certification" (Form PW-5).

J. Consideration of Hiring County Employees Targeted for Layoffs or Former County Employees on Reemployment List

Should Contractor require additional or replacement personnel after the effective date of this Contract to perform the services set forth herein, Contractor shall give first consideration for such employment openings to qualified permanent County employees who are targeted for layoff or qualified, former County employees who are on a reemployment list during the life of this Contract.

K. Consideration of Hiring GAIN and GROW Participants

1. Should Contractor require additional or replacement personnel after the effective date of this Contract, Contractor shall give consideration for any such employment openings to participants in County's Department of Public Social Services' Greater Avenues for Independence (GAIN) Program and General Relief Opportunity for Work (GROW) Program who meet Contractor's minimum qualifications for the open position. For this purpose, consideration shall mean that Contractor will interview qualified candidates. County will refer GAIN and GROW participants by category to Contractor.

2. In the event that both laid-off County employees and GAIN and GROW participants are available for hiring, County employees shall be given first priority.

L. Contractor's Acknowledgment of County's Commitment to Child Support Enforcement

Contractor acknowledges that County places a high priority on the enforcement of child support laws and the apprehension of child support evaders. Contractor understands that it is County's policy to encourage all County Contractors to voluntarily post County's L.A.'s Most Wanted: Delinquent Parents poster in a prominent position at Contractor's place of business. County's Child Support Services Department will supply Contractor with the poster to be used.

M. Contractor's Charitable Activities Compliance

The Supervision of Trustees and Fundraisers for Charitable Purposes Act regulates entities receiving or raising charitable contributions. The

"Nonprofit Integrity Act of 2004" (SB 1262, Chapter 919) increased Charitable Purposes Act requirements. By requiring Contractors to complete the Charitable Contributions Certification (Form PW-12), County seeks to ensure that all County Contractors which receive or raise charitable contributions comply with California law in order to protect County and its taxpayers. A Contractor which receives or raises charitable contributions without complying with its obligations under

California law commits a material breach subjecting it to either contract termination for default or debarment proceedings or both. (Los Angeles County Code, Chapter 2.202).

N. Contractor's Warranty of Adherence to County's Child Support Compliance Program

1. Contractor acknowledges that County has established a goal of ensuring that all individuals who benefit financially from County through Contracts are in compliance with their court-ordered child, family, and spousal support obligations in order to mitigate the economic burden otherwise imposed upon County and its taxpayers.
2. As required by County's Child Support Compliance Program (Los Angeles County Code, Chapter 2.200), and without limiting Contractor's duty under this Contract to comply with all applicable provisions of law, Contractor warrants that it is now in compliance and shall during the term of this Contract maintain compliance with the employment and wage reporting requirements as required by the Federal Social Security Act (42 USC Section 653a) and California Unemployment Insurance Code, Section 1088.5, and shall implement all lawfully served Wage and Earnings Withholding Orders or Child Support Services Department Notices of Wage and Earnings Assignment for Child, Family, or Spousal Support, pursuant to Code of Civil Procedure Section 706.031 and Family Code Section 5246(b).

O. Contractor Performance Evaluation/Corrective Action Measures

County or its agent will evaluate Contractor's performance under this Contract on not less than an annual basis. Such evaluation will include assessing Contractor's compliance with all this Contract's terms and conditions and performance standards. Contractor deficiencies which County determines are severe or continuing and that may place performance of this Contract in jeopardy, if not corrected, will be reported to the Board. The report will include improvement/corrective action measures taken by County and Contractor. If improvement does not occur consistent with the corrective action measures, County may suspend or terminate this Contract for default or impose other penalties as specified in this Contract.

P. Damage to County Facilities, Buildings, or Grounds

1. Contractor shall repair, or cause to be repaired, at its own cost, any and all damage to County facilities, buildings, or grounds caused by Contractor or employees or agents of Contractor.
2. Such repairs shall be made immediately after Contractor has become aware of such damage, but in no event later than 30 days after the

occurrence. If Contractor fails to make timely repairs, County may make any necessary repairs. All costs incurred by County, as determined by County, for such repairs shall be repaid by Contractor by cash payment upon demand. County may deduct from any payment otherwise due Contractor for costs incurred by County to make such repairs.

Q. Employment Eligibility Verification

1. Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all of its employees performing work under this Contract meet the citizenship or alien status requirements set forth in Federal and State statutes and regulations. Contractor shall obtain, from all covered employees performing services hereunder, all verification and other documentation of employment eligibility status required by Federal and State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986 (P.L. 99-603), or as they currently exist and as they may be hereafter amended. Contractor shall retain all such documentation for all covered employees for the period prescribed by law.
2. Contractor shall indemnify, defend, and hold harmless, the County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, and Volunteers from employer sanctions and any other liability which may be assessed against Contractor or County or both in connection with any alleged violation of Federal or State statutes or regulations pertaining to the eligibility for employment of persons performing services under this Contract.

R. Facsimile Representations

At the discretion of County, County may agree to regard facsimile representations of original signatures of Contractor's authorized officers, when appearing in appropriate places on the change notices and amendments prepared pursuant to this Exhibit's Amendments, and received via communications facilities, as legally sufficient evidence that such original signatures have been affixed to change notices and amendments to this Contract, such that the Contractor need not follow up facsimile transmissions of such documents with subsequent (nonfacsimile) transmission of "original" versions of such documents.

S. Fair Labor Standards

Contractor shall comply with all applicable provisions of the Federal Fair Labor Standards Act and shall indemnify, defend, and hold harmless the County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, and Volunteers from any and all liability including, but not limited to, wages,

overtime pay, liquidated damages, penalties, court costs, and attorneys' fees arising under any wage and hour law including, but not limited to, the Federal Fair Labor Standards Act, for work performed by Contractor's employees for which County may be found jointly or solely liable.

T. Force Majeure

1. Neither party shall be liable for such party's failure to perform its obligations under and in accordance with this Contract, if such failure arises out of fires, floods, epidemics, quarantine restrictions, other natural occurrences, strikes, lockouts (other than a lockout by such party or any of such party's Subcontractors), freight embargoes, or other similar events to those described above, but in every such case the failure to perform must be totally beyond the control and without any fault or negligence of such party (such events are referred to in this subparagraph as "force majeure events").
2. Notwithstanding the foregoing, a default by a Subcontractor of Contractor shall not constitute a force majeure event, unless such default arises out of causes beyond the control of both Contractor and such Subcontractor, and without any fault or negligence of either of them. In such case, Contractor shall not be liable for failure to perform, unless the goods or services to be furnished by the Subcontractor were obtainable from other sources in sufficient time to permit Contractor to meet the required performance schedule. As used in this subparagraph, the term "Subcontractor" and "Subcontractors" mean Subcontractors at any tier.
3. In the event Contractor's failure to perform arises out of a force majeure event, Contractor agrees to use commercially reasonable best efforts to obtain goods or services from other sources, if applicable, and to otherwise mitigate the damages and reduce the delay caused by such force majeure event.

U. Governing Laws, Jurisdiction, and Venue

This Contract shall be governed by, and construed in accordance with the laws of the State of California. To the maximum extent permitted by applicable law, Contractor and County agree and consent to the exclusive jurisdiction of the courts of the State of California for all purposes concerning this Contract and further agree and consent that venue of any action brought in connection with or arising out of this Contract, shall be exclusively in the County of Los Angeles.

V. Most Favored Public Entity

If the Contractor's prices decline, or should the Contractor at any time during the term of this Contract provide the same goods or services under similar quantity

and delivery conditions to the State of California or any county, municipality, or district of the State at prices below those set forth in this Contract, then such lower prices shall be immediately extended to the County.

W. Nondiscrimination and Affirmative Action

1. Contractor certifies and agrees that all persons employed by it, its affiliates, subsidiaries, or holding companies are and shall be treated equally without regard to or because of race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation, in compliance with all applicable Federal and State antidiscrimination laws and regulations.
2. Contractor shall certify to, and comply with, the provisions of Contractor's EEO Certification (Form PW-7).
3. Contractor shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation, in compliance with all applicable Federal and State antidiscrimination laws and regulations. Such action shall include, but not be limited to, employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection of training, including apprenticeship.
4. Contractor certifies and agrees that it will deal with its Subcontractors, bidders, or vendors without regard to or because of race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation.
5. Contractor certifies and agrees that it, its affiliates, subsidiaries, or holding companies shall comply with all applicable Federal and State laws and regulations to the end that no person shall, on the grounds of race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under this Contract or under any project, program, or activity supported by this Contract.
6. Contractor shall allow County representatives access to Contractor's employment records during regular business hours to verify compliance with the provisions of this paragraph when so requested by County.
7. If County finds that any of the above provisions have been violated, such violation shall constitute a material breach of this Contract upon which

County may terminate for default or suspend this Contract. While County reserves the right to determine independently that the antidiscrimination provisions of this Contract have been violated, in addition, a determination by the California Fair Employment Practices Commission or the Federal Equal Employment Opportunity Commission that Contractor has violated Federal or State antidiscrimination laws or regulations shall constitute a finding by County that Contractor has violated the antidiscrimination provisions of this Contract.

8. The parties agree that in the event Contractor violates any of the antidiscrimination provisions of this Contract, County shall, at its sole option, be entitled to a sum of \$500 for each violation pursuant to California Civil Code, Section 1671, as liquidated damages in lieu of terminating or suspending this Contract.

X. Nonexclusivity

Nothing herein is intended nor shall be construed as creating any exclusive arrangement with Contractor. This Contract shall not restrict County from acquiring similar, equal, or like goods and/or services from other entities or sources.

Y. No Payment for Services Provided Following Expiration/Suspension/Termination of Contract

Contractor shall have no claim against County for payment of any money or reimbursement, of any kind whatsoever, for any service provided by Contractor after the expiration, suspension, or other termination of this Contract. Should Contractor receive any such payment, it shall immediately notify County and shall immediately repay all such funds to County. Payment by County for services rendered after expiration/suspension/termination of this Contract shall not constitute a waiver of County's right to recover such payment from Contractor. This provision shall survive the expiration/suspension/termination of this Contract.

Z. Notice of Delays

Except as otherwise provided under this Contract, when either party has knowledge that any actual or potential situation is delaying or threatens to delay the timely performance of this Contract, that party shall, within one business day, give notice thereof, including all relevant information with respect thereto, to the other party.

AA. Notice of Disputes

Contractor shall bring to the attention of the Contract Manager any dispute between County and Contractor regarding the performance of services as stated

in this Contract. If the Contract Manager is not able to resolve the dispute, the Director will resolve it.

BB. Notice to Employees Regarding the Federal Earned Income Credit

Contractor shall notify its employees, and shall require each Subcontractor to notify its employees, that they may be eligible for the Federal Earned Income Credit under the Federal income tax laws. Such notice shall be provided in accordance with the requirements set forth in Internal Revenue Service Notice 1015 (Exhibit C).

CC. Notices

Notices desired or required to be given under these Specifications, Conditions, or Terms herein or any law now or hereafter in effect may, at the option of the party giving the same, be given by enclosing the same in a sealed envelope addressed to the party for whom intended and by depositing such envelope with postage prepaid with the United States Post Office and any such notice and the envelope containing the same shall be addressed to Contractor at its place of business, or such other place as may be hereinafter designated in writing by Contractor. The notices and envelopes containing the same to County shall be addressed to:

Chief, Administrative Services Division
County of Los Angeles Department of Public Works
P.O. Box 1460
Alhambra, CA 91802-1460

In the event of suspension or termination of this Contract, notices may also be given upon personal delivery to any person whose actual knowledge of such suspension or termination would be sufficient notice to Contractor. Actual knowledge of such suspension or termination by an individual Contractor or by a copartner, if Contractor is a partnership; or by the president, vice president, secretary, or general manager, if Contractor is a corporation; or by the managing agent regularly in charge of the work on behalf of said Contractor shall in any case be sufficient notice.

DD. Publicity

Contractor shall not disclose any details in connection with this Contract to any person or entity except as may be otherwise provided hereunder or required by law. However, in recognizing Contractor's need to identify its services and related clients to sustain itself, County shall not inhibit Contractor from publicizing its role under this Contract within the following conditions:

1. Contractor shall develop all publicity material in a professional manner.

2. During the term of this Contract, Contractor shall not, and shall not authorize another to, publish or disseminate commercial advertisements, press releases, feature articles, or other materials using the name of County without the prior written consent of the Contract Manager. County shall not unreasonably withhold such written consent.
3. Contractor may, without prior written consent of County, indicate in its proposals and sales materials that it has been awarded this Contract with County, provided that the requirements of this paragraph shall apply.

EE. Public Records Act

1. Any documents submitted by Contractor; all information obtained in connection with County's right to audit and inspect Contractor's documents, books, and accounting records pursuant to this Exhibit's Record Retention and Inspection/Audit Settlement, of this Contract; as well as those documents which were required to be submitted in response to the RFSQ used in the solicitation process for this Contract, become the exclusive property of County. All such documents become a matter of public record and shall be regarded as public records, except those documents that are marked "Trade Secret," "Confidential," or "Proprietary" and are deemed excluded from disclosure under Government Code 6250 et seq. (Public Records Act). County shall not in any way be liable or responsible for the disclosure of any such records including, with limitation, those so marked, if disclosure is required by law, or by an order issued by a court of competent jurisdiction.
2. In the event County is required to defend an action on a Public Records Act request for any of the aforementioned documents, information, books, records, and/or contents of a proposal marked "Trade Secret," "Confidential," or "Proprietary," Contractor agrees to defend and indemnify County from all costs and expenses, including reasonable attorney's fees, in connection with any requested action or liability arising under the Public Records Act.

FF. Record Retention and Inspection/Audit Settlement

Contractor shall maintain accurate and complete financial records of its activities and operations relating to this Contract in accordance with generally accepted accounting principles. Contractor shall also maintain accurate and complete employment and other records relating to its performance of this Contract. Contractor agrees that County, or its authorized representatives, shall have access to and the right to examine, audit, excerpt, copy, or transcribe any pertinent transaction, activity, or record relating to this Contract. All such material, including, but not limited to, all financial records, bank statements, cancelled checks, or other

proof of payment, timecards, sign-in/sign-out sheets, and other time and employment records, and proprietary data and information, shall be kept and maintained by Contractor and shall be made available to County during the term of this Contract and for a period of five years thereafter unless County's written permission is given to dispose of any such material prior to such time. All such material shall be maintained by Contractor at a location in County, provided that if any such material is located outside County, then, at County's option, Contractor shall pay County for travel, per diem, and other costs incurred by County to examine, audit, excerpt, copy, or transcribe such material at such other location.

1. In the event that an audit of Contractor is conducted specifically regarding this Contract by any Federal or State auditor, or by any auditor or accountant employed by Contractor or otherwise, then Contractor shall file a copy of such audit report with County's Auditor-Controller within 30 days of Contractor's receipt thereof, unless otherwise provided by applicable Federal or State law or under this Contract. Subject to applicable law, County shall make a reasonable effort to maintain the confidentiality of such audit report(s).
2. Failure on the part of Contractor to comply with any of the provisions of this paragraph shall constitute a material breach of this Contract upon which County may suspend or terminate for default or suspend this Contract.
3. If, at any time during the term of this Contract or within five years after the expiration or termination of this Contract, representatives of County conduct an audit of Contractor regarding the work performed under this Contract, and if such audit finds that County's dollar liability for any such work is less than payments made by County to Contractor, then the difference shall be either: a) repaid by Contractor to County by cash payment upon demand or b) at the sole option of County's Auditor-Controller, deducted from any amounts due to Contractor from County, whether under this Contract or otherwise. If such audit finds that County's dollar liability for such work is more than the payments made by County to Contractor, then the difference shall be paid to Contractor by County by cash payment, provided that in no event shall County's maximum obligation for this Contract exceed the funds appropriated by County for the purpose of this Contract.
4. In addition to the above, the Contractor agrees, should the County or its authorized representatives determine, in the County's sole discretion, that it is necessary or appropriate to review a broader scope of the Contractor's records (including, certain records related to non-County

Contracts) to enable the County to evaluate the Contractor's compliance with the County's Living Wage Program, that the Contractor shall promptly and without delay provide to the County, upon the written request of the

County or its authorized representatives, access to and the right to examine, audit, excerpt, copy, or transcribe any and all transactions, activities, or records relating to any of its employees who have provided services to the County under this Contract, including without limitation, records relating to work performed by said employees on the Contractor's non-County Contracts. The Contractor further acknowledges that the foregoing requirement in this subparagraph relative to Contractor's employees who have provided services to the County under this Contract is for the purpose of enabling the County in its discretion to verify the Contractor's full compliance with and adherence to California labor laws and the County's Living Wage Program. SECTION 6

CONTRACTOR RESPONSIBILITY AND DEBARMENT

A. Responsible Contractor

A responsible Contractor is a Contractor who has demonstrated the attribute of trustworthiness as well as quality, fitness, capacity, and experience to satisfactorily perform the Contract. It is County's policy to conduct business only with responsible Contractors.

B. Chapter 2.202 of the County Code

Contractor is hereby notified that, in accordance with Chapter 2.202 of County Code, if County acquires information concerning the performance of Contractor on this or other Contracts which indicates that Contractor is not responsible, County may, in addition to other remedies provided in this Contract, debar Contractor from bidding or proposing on, being awarded, and/or performing work on County Contracts for a specified period of time, which generally will not exceed five years but may exceed five years or be permanent if warranted by the circumstances, and suspend or terminate any or all existing Contracts Contractor may have with County.

C. Nonresponsible Contractor

County may debar a Contractor if the Board finds, in its discretion, that Contractor has done any of the following: (1) violated any term of a Contract with County or a nonprofit corporation created by County; (2) committed an act or omission which negatively reflects on Contractor's quality, fitness, or capacity to perform a contract with County, any other public entity, or a nonprofit corporation created by County, or engaged in a pattern or practice which negatively reflects on same; (3) committed an act or offense which indicates a lack of business integrity or business honesty; or (4) made or submitted a false claim against County or any other public entity.

D. Contractor Hearing Board

1. If there is evidence that Contractor may be subject to debarment, Public Works will notify Contractor in writing of the evidence which is the basis for the proposed debarment and will advise Contractor of the scheduled date for a debarment hearing before Contractor Hearing Board.
2. Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. Contractor and/or Contractor's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, Contractor Hearing Board will prepare a tentative proposed decision, which shall contain a recommendation

regarding whether Contractor should be debarred, and, if so, the appropriate length of time of the debarment. Contractor and Public Works shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board.

3. After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision, and any other recommendation of Contractor Hearing Board shall be presented to the Board. The Board shall have the right to modify, deny, or adopt the proposed decision and recommendation of Contractor Hearing Board.
4. If a Contractor has been debarred for a period longer than five years, that Contractor may, after the debarment has been in effect for at least five years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that Contractor has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership or management; (3) material evidence discovered after debarment was imposed; or (4) any other reason that is in the best interests of County.
5. Contractor Hearing Board will consider a request for review of a debarment determination only where (1) Contractor has been debarred for a period longer than five years; (2) the debarment has been in effect for at least five years; and (3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, Contractor Hearing Board will provide notice of the hearing on the request. At the hearing, Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by Contractor Hearing Board pursuant to the same procedure as for a debarment hearing.
6. Contractor Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. Contractor Hearing Board shall present its proposed decision and recommendation to the Board. The Board shall have the right to modify, deny, or adopt the proposed decision and recommendation of Contractor Hearing Board.

E. Subcontractors of Contractor

These terms shall also apply to Subcontractors of County Contractors.

SECTION 7

COMPLIANCE WITH COUNTY'S JURY SERVICE PROGRAM

A. Jury Service Program

This Contract is subject to the provisions of County's ordinance entitled Contractor Employee Jury Service (Jury Service Program) as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code.

B. Written Employee Jury Service Policy

1. Unless Contractor has demonstrated to County's satisfaction either that Contractor is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of County Code) or that Contractor qualifies for an exception to the Jury Service Program (Section 2.203.070 of County Code), Contractor shall have and adhere to a written policy that provides that its Employees shall receive from Contractor, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that Employee deposit any fees received for such jury service with Contractor or that Contractor deduct from the Employee's regular pay the fees received for jury service.
2. For purposes of this Section, "Contractor" means a person, partnership, corporation, or other entity which has a contract with County or a Subcontract with a County Contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County Contracts or Subcontracts. "Employee" means any California resident who is a full-time employee of Contractor. "Full-time" means 40 hours or more worked per week, or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by County, or 2) Contractor has a long-standing practice that defines the lesser number of hours as full-time. Full-time employees providing short-term, temporary services of 90 days or less within a 12-month period are not considered full-time for purposes of the Jury Service Program. If Contractor uses any Subcontractor to perform services for County under this Contract, the Subcontractor shall also be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such Subcontract agreement and a copy of the Jury Service Program shall be attached to the agreement.
3. If Contractor is not required to comply with the Jury Service Program when this Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and Contractor shall immediately notify County if Contractor at

any time either comes within the Jury Service Program's definition of "Contractor" or if Contractor no longer qualifies for an exception to the Jury Service Program. In either event, Contractor shall immediately implement a written policy consistent with the Jury Service Program. County may also require, at any time during this Contract and at its sole discretion, that Contractor demonstrate to County's satisfaction that Contractor either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that Contractor continues to qualify for an exception to the Jury Service Program.

4. Contractor's violation of this Section of this Contract may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, suspend or terminate this Contract and/or bar Contractor from the award of future County Contracts for a period of time consistent with the seriousness of the breach.

SECTION 8

SAFELY SURRENDERED BABY LAW PROGRAM

A. Contractor's Acknowledgment of County's Commitment to the Safely Surrendered Baby Law

Contractor acknowledges that County places a high priority on the implementation of the Safely Surrendered Baby Law. Contractor understands that it is County's policy to encourage all County Contractors to voluntarily post County's "Safely Surrendered Baby Law" poster in a prominent position at Contractor's place of business. Contractor will also encourage its Subcontractors, if any, to post this poster in a prominent position in the Subcontractor's place of business. County's Department of Children and Family Services will supply Contractor with the poster to be used. Information on how to receive the poster can be found on the Internet at www.babysafela.org.

B. Notice to Employees Regarding the Safely Surrendered Baby Law

Contractor shall notify and provide to its employees, and shall require each Subcontractor to notify and provide to its employees, a fact sheet regarding the Safely Surrendered Baby Law, its implementation in County, and where and how to safely surrender a baby. The fact sheet is set forth in Exhibit D of this Contract and is also available on the Internet at www.babysafela.org for printing purposes.

SECTION 9

COMPLIANCE WITH COUNTY'S LIVING WAGE PROGRAM

A. Living Wage Program

This Contract is subject to the provisions of County's ordinance entitled Living Wage Program as codified in Sections 2.201.010 through 2.201.100 of the Los Angeles County Code, a copy of which is attached hereto as Form LW-1 and incorporated by reference into and made a part of this Contract.

B. Payment of Living Wage Rates

1. Unless Contractor has demonstrated to County's satisfaction either that Contractor is not an "Employer" as defined under the Living Wage Program (Section 2.201.020 of County Code) or that Contractor qualifies for an exception to the Living Wage Program (Section 2.201.090 of County Code), Contractor shall pay its Employees no less than the applicable hourly living wage rate, as set forth in Form LW-3, Living Wage Rate Annual Adjustments, for the Employees' services provided to County including, without limitation, "Travel Time" as defined below in subsection 5 of this Section 9.B under this Contract.
2. For purposes of this Section, "Contractor" includes any Subcontractor engaged by Contractor to perform services for County under this Contract. If Contractor uses any Subcontractor to perform services for County under this Contract, the Subcontractor shall be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such Subcontract and a copy of the Living Wage Program shall be attached to the Subcontract. "Employee" means any individual who is an employee of Contractor under the laws of California, and who is providing full-time or part-time services to Contractor, which are provided to County under this Contract. "Full-time" means a minimum of 40 hours worked per week or a lesser number of hours, if the lesser number is a recognized industry standard and is approved as such by County; however, fewer than 35 hours worked per week will not, in any event, be considered full-time.
3. If Contractor is required to pay a living wage when this Contract commences, Contractor shall continue to pay a living wage for the entire term of this Contract, including any option period.
4. If Contractor is not required to pay a living wage when this Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exemption status" from the living wage requirement. Contractor shall immediately notify County if Contractor at any time either comes within the Living Wage Program's definition of "Employer" or if Contractor no longer qualifies for an exception to the Living Wage Program.

In either event, Contractor shall immediately be required to commence paying the living wage and shall be obligated to pay the living wage for the remaining term of this Contract, including any option period. County may also require, at any time during this Contract and at its sole discretion, that Contractor demonstrate to County's satisfaction that Contractor either continues to remain outside of the Living Wage Program's definition of "Employer" and/or that Contractor continues to qualify for the exception to the Living Wage Program. Unless Contractor satisfies this requirement within the time frame permitted by County, Contractor shall immediately be required to pay the living wage for the remaining term of this Contract, including any option period.

5. For purposes of Contractor's obligation to pay its Employees the applicable hourly living wage rate under this Contract, "Travel Time" shall have the following two meanings, as applicable: 1) with respect to travel by an Employee that is undertaken in connection with this Contract, Travel Time shall mean any period during which an Employee physically travels to or from a County facility if Contractor pays the Employee any amount for that time or if California law requires Contractor to pay the Employee any amount for that time; and 2) with respect to travel by an Employee between County facilities that are subject to two different Contracts between Contractor and County (of which both Contracts are subject to the Living Wage Program), Travel Time shall mean any period during which an Employee physically travels to or from, or between such County facilities if Contractor pays the Employee any amount for that time or if California law requires Contractor to pay the Employee any amount for that time.

C. Contractor's Submittal of Certified Monitoring Reports

Contractor shall submit to County certified monitoring reports at a frequency instructed by County. The certified monitoring reports shall list all of Contractor's Employees during the reporting period. The certified monitoring reports shall also verify the number of hours worked and the hourly wage rate paid for each of its Employees. All certified monitoring reports shall be submitted on forms provided by County or any other forms approved by County, which contains the above information. County reserves the right to request any additional information it may deem necessary. If County requests additional information, Contractor shall promptly provide such information. Contractor, through one of its officers, shall certify under penalty of perjury that the information contained in each certified monitoring report is true and accurate.

D. Contractor's Ongoing Obligation to Report Labor Law/Payroll Violations and Claims

During the term of this Contract, if Contractor becomes aware of any labor law/payroll violations or any complaint, investigation, or proceeding ("claim") concerning any alleged labor law/payroll violation (including, but not limited to, any violation or claim pertaining to wages, hours, and working conditions, such as

minimum wage, prevailing wage, living wage, the Fair Labor Standards Act, employment of minors, or unlawful employment discrimination), Contractor shall immediately inform County of any pertinent facts known by Contractor regarding the same. This disclosure obligation is not limited to any labor law/payroll violation or claim arising out of Contractor's Contract with County, but instead applies to any labor law/payroll violation or claim arising out of any of Contractor's operation in California.

E. County Auditing of Contractor Records

Upon a minimum of 24 hours' written notice, County may audit, at Contractor's place of business, any of Contractor's records pertaining to this Contract, including all documents and information relating to the certified monitoring reports. Contractor is required to maintain all such records in California until the expiration of five years from the date of final payment under this Contract. Authorized agents of County shall have access to all such records during normal business hours for the entire period that records are to be maintained.

F. Notifications to Employees

Contractor shall place County-provided living wage posters at each of Contractor's place of business and locations where Contractor's Employees are working. Contractor shall also distribute County-provided notices to each of its Employees at least once per year. Contractor shall translate posters and handouts into Spanish and any other language spoken by a significant number of Employees.

G. Enforcement and Remedies

If Contractor fails to comply with the requirements of this Section, County shall have the rights and remedies described in this Section in addition to any rights and remedies provided by law or equity.

1. Remedies for Submission of Late or Incomplete Certified Monitoring Reports: If Contractor submits a certified monitoring report to County after the date it is due or if the report submitted does not contain all of the required information or is inaccurate or is not properly certified, any such deficiency shall constitute a breach of this Contract. In the event of any such breach, County may, in its sole discretion, exercise any or all of the following rights/remedies:

a. Withholding of Payment: If Contractor fails to submit accurate, complete, timely, and properly certified monitoring reports, County may withhold from payment to Contractor up to the full amount of any invoice that would otherwise be due, until Contractor has satisfied the concerns of County, which may include required submittal of revised certified monitoring reports or additional supporting documentation.

- b. Liquidated Damages: It is mutually understood and agreed that Contractor's failure to submit an accurate, complete, timely, and properly certified monitoring report will result in damages being sustained by County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; that the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time; and that the liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, in the event that a certified monitoring report is deficient, including, but not limited to, being late, inaccurate, incomplete, or uncertified, it is agreed that County may, in its sole discretion, assess against Contractor liquidated damages in the amount of \$100 per monitoring report for each day until County has been provided with a properly prepared, complete, and certified monitoring report. County may deduct any assessed liquidated damages from any payments otherwise due to Contractor.
 - c. Termination/Suspension: Contractor's failure to submit an accurate, complete, timely, and properly certified monitoring report may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, suspend or terminate this Contract.
2. Remedies for Payment of Less Than the Required Living Wage: If Contractor fails to pay any Employee at least the applicable hourly living wage rate; such deficiency shall constitute a breach of this Contract. In the event of any such breach, County may, in its sole discretion, exercise any or all of the following rights/remedies:
- a. Withholding Payment: If Contractor fails to pay one or more of its Employees at least the applicable hourly living wage rate, County may withhold from any payment otherwise due to Contractor the aggregate difference between the living wage amounts Contractor was required to pay its Employees for a given pay period and the amount actually paid to the Employees for that pay period. County may withhold said amount until Contractor has satisfied County that any underpayment has been cured, which may include required submittal of revised certified monitoring reports or additional supporting documentation.
 - b. Liquidated Damages: It is mutually understood and agreed that Contractor's failure to pay any of its Employees at least the applicable hourly living wage rate will result in damages being sustained by County. It is also understood and agreed that the nature and amount

of the damages will be extremely difficult and impractical to fix; that the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time; and that the liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, it is agreed that County may, in its sole discretion, assess against Contractor liquidated damages of \$50 per Employee per day for each and every instance of an underpayment to an Employee. County may deduct any assessed liquidated damages from any payments otherwise due to Contractor.

c. Termination/Suspension: Contractor's failure to pay any of its Employees the applicable hourly living wage rate may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, suspend or terminate this Contract.

3. Debarment: In the event Contractor breaches a requirement of this Section, County may, in its sole discretion, bar Contractor from the award of future County Contracts for a period of time consistent with the seriousness of the breach, in accordance with Los Angeles County Code, Section 2.202, Determinations of Contractor Nonresponsibility and Contractor Debarment.

H. Use of Full-Time Employees

Contractor shall assign and use full-time Employees of Contractor to provide services under this Contract unless Contractor can demonstrate to the satisfaction of County that it is necessary to use non-full-time Employees based on staffing efficiency or County requirements for the work to be performed under this Contract. It is understood and agreed that Contractor shall not, under any circumstance, use non-full-time Employees for services provided under this Contract unless and until County has provided written authorization for the use of same. Contractor submitted with its proposal a full-time-Employee staffing plan. If Contractor changes its full-time-Employee staffing plan, Contractor shall immediately provide a copy of the new staffing plan to County.

I. Contractor Retaliation Prohibited

Contractor and/or its Employees shall not take any adverse action which would result in the loss of any benefit of employment, any Contract benefit, or any statutory benefit for any Employee, person, or entity who has reported a violation of the Living Wage Program to County or to any other public or private agency, entity, or person. A violation of the provisions of this paragraph may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, suspend or terminate this Contract.

J. Contractor Standards

During the term of this Contract, Contractor shall maintain business stability, integrity in employee relations, and the financial ability to pay a living wage to its employees. If requested to do so by County, Contractor shall demonstrate to the satisfaction of County that Contractor is complying with this requirement.

K. Neutrality in Labor Relations

Contractor shall not use any consideration received under this Contract to hinder, or to further, organization of, or collective bargaining activities by or on behalf of Contractor's employees, except that this restriction shall not apply to any expenditure made in the course of good faith collective bargaining, or to any expenditure pursuant to obligations incurred under a bona fide collective bargaining agreement, or which would otherwise be permitted under the provisions of the National Labor Relations Act.

Notice 1015

(Rev. December 2015)

Have You Told Your Employees About the Earned Income Credit (EIC)?

What is the EIC?

The EIC is a refundable tax credit for certain workers.

Which Employees Must I Notify About the EIC?

You must notify each employee who worked for you at any time during the year and from whose wages you did not withhold income tax. However, you do not have to notify any employee who claimed exemption from withholding on Form W-4, Employee's Withholding Allowance Certificate.

Note: You are encouraged to notify each employee whose wages for 2015 are less than \$53,267 that he or she may be eligible for the EIC.

How and When Must I Notify My Employees?

You must give the employee one of the following:

- The IRS Form W-2, Wage and Tax Statement, which has the required information about the EIC on the back of Copy B.
- A substitute Form W-2 with the same EIC information on the back of the employee's copy that is on Copy B of the IRS Form W-2.
- Notice 797, Possible Federal Tax Refund Due to the Earned Income Credit (EIC).
- Your written statement with the same wording as Notice 797.

If you give an employee a Form W-2 on time, no further notice is necessary if the Form W-2 has the required information about the EIC on the back of the employee's copy. If you give an employee a substitute Form W-2, but it does not have the required information, you must notify

the employee within 1 week of the date the substitute Form W-2 is given. If Form W-2 is required but is not given on time, you must give the employee Notice 797 or your written statement by the date Form W-2 is required to be given. If Form W-2 is not required, you must notify the employee by February 8, 2016.

You must hand the notice directly to the employee or send it by first-class mail to the employee's last known address. You will not meet the notification requirements by posting Notice 797 on an employee bulletin board or sending it through office mail. However, you may want to post the notice to help inform all employees of the EIC. You can download copies of the notice at www.irs.gov/formspubs. Or you can go to www.irs.gov/orderforms to order it.

How Will My Employees Know If They Can Claim the EIC?

The basic requirements are covered in Notice 797. For more detailed information, the employee needs to see Pub. 596, Earned Income Credit (EIC), or the instructions for Form 1040, 1040A, or 1040EZ.

How Do My Employees Claim the EIC?

An eligible employee claims the EIC on his or her 2015 tax return. Even an employee who has no tax withheld from wages and owes no tax may claim the EIC and ask for a refund, but he or she must file a tax return to do so. For example, if an employee has no tax withheld in 2015 and owes no tax but is eligible for a credit of \$800, he or she must file a 2015 tax return to get the \$800 refund.

Safely Surrendered *Baby Law*

*Babies can be safely surrendered

Safely Surrendered Baby Law

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents or other persons, with lawful custody, which means anyone to whom the parent has given permission to confidentially surrender a baby. As long as the baby is three days (72 hours) of age or younger and has not been abused or neglected, the baby may be surrendered without fear of arrest or prosecution.

Every baby deserves a chance for a healthy life. If someone you know is considering abandoning a baby, let her know there are other options. For three days (72 hours) after birth, a baby can be surrendered to staff at any hospital or fire station in Los Angeles County.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially, and safely surrender a baby within three days (72 hours) of birth. The baby must be handed to an employee at a hospital or fire station in Los Angeles County. As long as the baby shows no sign of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, staff will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent or other surrendering adult.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

No. While in most cases a parent will bring in the baby, the Law allows other people to bring in the baby if they have lawful custody.

Does the parent or surrendering adult have to call before bringing in the baby?

No. A parent or surrendering adult can bring in a baby anytime, 24 hours a day, 7 days a week, as long as the parent or surrendering adult surrenders the baby to someone who works at the hospital or fire station.

Does the parent or surrendering adult have to tell anything to the people taking the baby?

No. However, hospital or fire station personnel will ask the surrendering party to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the baby. The questionnaire includes a stamped return envelope and can be sent in at a later time.

What happens to the baby?

The baby will be examined and given medical treatment. Upon release from the hospital, social workers immediately place the baby in a safe and loving home and begin the adoption process.

What happens to the parent or surrendering adult?

Once the parent or surrendering adult surrenders the baby to hospital or fire station personnel, they may leave at any time.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned, hurt or killed by their parents. You may have heard tragic stories of babies left in dumpsters or public bathrooms. Their parents may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had no one or nowhere to turn for help, they abandoned their babies. Abandoning a baby is illegal and places the baby in extreme danger. Too often, it results in the baby's death. The Safely Surrendered Baby Law prevents this tragedy from ever happening again in California.

A baby's story

Early in the morning on April 9, 2005, a healthy baby boy was safely surrendered to nurses at Harbor-UCLA Medical Center. The woman who brought the baby to the hospital identified herself as the baby's aunt and stated the baby's mother had asked her to bring the baby to the hospital on her behalf. The aunt was given a bracelet with a number matching the anklet placed on the baby; this would provide some identification in the event the mother changed her mind about surrendering the baby and wished to reclaim the baby in the 14-day period allowed by the Law. The aunt was also provided with a medical questionnaire and said she would have the mother complete and mail back in the stamped return envelope provided. The baby was examined by medical staff and pronounced healthy and full-term. He was placed with a loving family that had been approved to adopt him by the Department of Children and Family Services.

Ley de Entrega de Bebés *Sin Peligro*

Los recién nacidos pueden ser entregados en forma segura al personal de cualquier hospital o cuartel de bomberos del Condado de Los Ángeles

Ley de Entrega de Bebés Sin Peligro

¿Qué es la Ley de Entrega de Bebés sin Peligro?

La Ley de Entrega de Bebés sin Peligro de California permite la entrega confidencial de un recién nacido por parte de sus padres u otras personas con custodia legal, es decir cualquier persona a quien los padres le hayan dado permiso. Siempre que el bebé tenga tres días (72 horas) de vida o menos, y no haya sufrido abuso ni negligencia, pueden entregar al recién nacido sin temor de ser arrestados o procesados.

Cada recién nacido se merece la oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele que tiene otras opciones. Hasta tres días (72 horas) después del nacimiento, se puede entregar un recién nacido al personal de cualquier hospital o cuartel de bomberos del condado de Los Angeles.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura dentro de los tres días (72 horas) del nacimiento. El bebé debe ser entregado a un empleado de cualquier hospital o cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazalete y el padre/madre o el adulto que lo entregue recibirá un brazalete igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambian de opinión pueden comenzar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

No. Si bien en la mayoría de los casos son los padres los que llevan al bebé, la ley permite que otras personas lo hagan si tienen custodia legal.

¿Los padres o el adulto que entrega al bebé deben llamar antes de llevar al bebé?

No. El padre/madre o adulto puede llevar al bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, siempre y cuando entreguen a su bebé a un empleado del hospital o cuartel de bomberos.

¿Es necesario que el padre/madre o adulto diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital o cuartel de bomberos le pedirá a la persona que entregue al bebé que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para cuidar bien del bebé. El cuestionario incluye un sobre con el sello postal pagado para enviarlo en otro momento.

¿Qué pasará con el bebé?

El bebé será examinado y le brindarán atención médica. Cuando le den el alta del hospital, los trabajadores sociales inmediatamente ubicarán al bebé en un hogar seguro donde estará bien atendido, y se comenzará el proceso de adopción.

¿Qué pasará con el padre/madre o adulto que entregue al bebé?

Una vez que los padres o adulto hayan entregado al bebé al personal del hospital o cuartel de bomberos, pueden irse en cualquier momento.

¿Por qué se está haciendo esto en California? ?

La finalidad de la Ley de Entrega de Bebés sin Peligro es proteger a los bebés para que no sean abandonados, lastimados o muertos por sus padres. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Los padres de esos bebés probablemente hayan estado pasando por dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus bebés porque tenían miedo y no tenían nadie a quien pedir ayuda. El abandono de un recién nacido es ilegal y pone al bebé en una situación de peligro extremo. Muy a menudo el abandono provoca la muerte del bebé. La Ley de Entrega de Bebés sin Peligro impide que vuelva a suceder esta tragedia en California.

Historia de un bebé

A la mañana temprano del día 9 de abril de 2005, se entregó un recién nacido saludable a las enfermeras del Harbor-UCLA Medical Center. La mujer que llevó el recién nacido al hospital se dio a conocer como la tía del bebé, y dijo que la madre le había pedido que llevara al bebé al hospital en su nombre. Le entregaron a la tía un brazalete con un número que coincidía con la pulsera del bebé; esto serviría como identificación en caso de que la madre cambiara de opinión con respecto a la entrega del bebé y decidiera recuperarlo dentro del período de 14 días que permite esta ley. También le dieron a la tía un cuestionario médico, y ella dijo que la madre lo llenaría y lo enviaría de vuelta dentro del sobre con franqueo pagado que le habían dado. El personal médico examinó al bebé y se determinó que estaba saludable y a término. El bebé fue ubicado con una buena familia que ya había sido aprobada para adoptarlo por el Departamento de Servicios para Niños y Familias.

Sample Fuel Adjustment Calculation

Following sample data is required to calculate fuel adjustment:

Unit Rate from PW-2, Schedule of Prices: \$15.00

Percentage of Unit Rate Attributable to Fuel Costs: 5% (from Agreement)

Proposal due date: November 2007

One year after Contract start date: July 2009

Fuel Adjustment (FA) Component for Diesel price:

Diesel (On-Highway) - November 2007¹ 173.7 cents per Gallon

Diesel (On-Highway) – June 2009² 218.7 cents per Gallon

Percent Change = [(June 2009 Price/Gallon – November 2007 Price/Gallon) /
(November 2007 Price/Gallon) x (100)

[(218.7 - 173.7) / 173.7] x (100) = 25.9%

Percent Change in Diesel price: 25.9% increase

Adjusted Unit Rate (FA Component):

= (5% of Unit rate x Percent Change in Diesel Price)

= (5% x \$15.00 x 25.9%)

= \$0.19 Fuel Adjustment (increase)

Adjusted Unit Rate for July 2009: \$15.00 + \$0.19 = \$15.19

Fuel Adjustment (FA) Component for Propane price:

Propane (Commercial/Institutional) - November 2007¹ 173.7 cents per Gallon

Propane (Commercial/Institutional) – April 2009² 218.7 cents per Gallon

Percent Change = [(April 2009 Price/Gallon – November 2007 Price/Gallon) /
(November 2007 Price/Gallon) x (100)

[(218.7 - 173.7) / 173.7] x (100) = 25.9%

Percent Change in Propane price: 25.9% increase

Adjusted Unit Rate (FA Component):

= (5% of Unit rate x Percent Change in Propane Price)

= (5% x \$15.00 x 25.9%)

= \$0.19 Fuel Adjustment (increase)

Adjusted Unit Rate for July 2009: \$15.00 + \$0.19 = \$15.19

Fuel Adjustment (FA) Component for CNG price:

Propane (West Coast) - November 2007¹ 173.7 cents per Gallon

Propane (West Coast) – April 2009² 218.7 cents per Gallon

Percent Change = [(April 2009 Price/Gallon – November 2007 Price/Gallon) /
(November 2007 Price/Gallon) x (100)

[(218.7 - 173.7) / 173.7] x (100) = 25.9%

Percent Change in CNG price: 25.9% increase

Adjusted Unit Rate (FA Component):

= (5% of Unit rate x Percent Change in CNG Price)

= (5% x \$15.00 x 25.9%)

= \$0.19 Fuel Adjustment (increase)

Adjusted Unit Rate for July 2009: \$15.00 + \$0.19 = \$15.19

1. The month of the proposal due date.
2. Most recently published fuel price for the requesting month (one year from the contract start date).

BACKGROUND

CleanStreet has its headquarters in Gardena, California. CleanStreet was formerly known as California Street Maintenance and South Bay Sweeping.

Company founder and CEO Jere Costello began sweeping shopping centers in 1961. In 1969 with the help of George Graziadio and Imperial Bank, Jere purchased his first revolutionary and dependable Tymco Air Sweeper.

By 1973, the company had become one of the largest shopping center sweeping companies in Southern California. That year the company began sweeping its first municipality, Rolling Hills Estates. We will always be grateful to City Manager Harry Peacock for giving us that opportunity.

In 1978 Proposition 13 passed. All of sudden more cities became interested in saving money. Often potential municipal clients would say "of course we would like to contract for street sweeping services and save money, but how do we know you will do a good job? We have had some bad experiences with irresponsible and non-responsive contractors."

We would say, "We will make a simple promise to you and your City. We will sweep every street on time every day. Mr. Perez supervises street sweeper operators, porters, and pressure-washing crews in the field. He is extremely dedicated to his job and works tirelessly to ensure the highest quality of work.

KEY PERSONNEL

Patty Madera, Dispatcher

Patty Madera joined CleanStreet in the latter part of 2007. She offers a high degree of professionalism, solid business ethics, and extensive computer skills. Ms. Madera is reliable and has a positive attitude. She works effectively and with a sense of urgency, and can quickly read, understand, and use street maps and complex mapping software.

WORK PLAN

CleanStreet knows that street sweeping is an extremely noticeable city service that has to be done properly if you wish to have satisfied residents. With our experience coupled with our approach, we assure that the various locations of this work will be done extremely well. We can eliminate all complaints. We believe that our quality street sweeping program is a great value when you consider the cost and negativity generated by complaints.

CleanStreet will only utilize full-time staff, which may require a driver to work in one or more projects.

During leaf season, additional drivers may be utilized to complete routes in a timely manner.

Areas shall not be swept on the same day as trash pickup is scheduled. All sweeping will be scheduled the day after trash pickup, one to two days after trash pickup if alternate side sweeping.

Streets adjacent to schools and commercial developments shall be swept prior to 7 a.m. or before such times as public activities start. Streets adjacent to apartments, condominiums, or other areas where night on street parking is prevalent shall be swept after 8 a.m. All residential areas will be swept between the hours of 7 a.m. and 3:30 p.m.

All debris collected by the street sweeping operation will be taken to a legally established landfill or transfer station. There will be no on site dumping.

Personnel

Supervisors:

Satisfaction and consistent quality service is the foundation of our company. Our supervisors are full-time employees, not temporary hired guns. They are highly trained so all phases of the project runs smoothly. Our supervisors are directly involved with each account and job inspections to ensure quality.

Although we believe that there is always room for improvement, we strive to recognize our employees for their good work. This type of supervision helps build operator pride.

Operators:

Our first step is to educate our operators as to what is an accepted and the quality of work that is expected. Our operators are encouraged to take as many passes as are necessary to do a great job in removing all leaves, paper, dirt, rocks, glass, bottles, cans,

WORK PLAN

and other debris to ensure free flow of water in the gutter and to maintain streets in a state of cleanliness. In combination with this approach, the CleanStreet supervisors will conduct unannounced spot checks for quality and quantity of the work performed.

Our operators are trained to value and care for their equipment. They are knowledgeable about proper driving speed, adjustment of brooms and the most efficient and effective performance of their equipment.

Our operators understand the importance of punctuality and the importance of quality work. Our drivers take pride in our customer's satisfaction.

Repair and Maintenance Crew:

CleanStreet has seven full-time mechanics who are expert in the repair and maintenance of our equipment. Our mechanics are factory trained to help ensure high quality performance of our equipment. We also have mechanics available around-the-clock to help ensure our ability to meet our commitments.

CleanStreet knows that one of the keys to customer satisfaction is dependable well-maintained equipment. Consequently, we feel that the quality of our repairs and maintenance is crucial to our sweepers.

We have an additional four full-time employees who are mechanics helpers. They change of brooms, tires, and help keep our sweepers clean.

Dispatchers:

The Dispatch and Operations department is the very nerve center of CleanStreet. It is from our experience that this position is very mission critical where oftentimes operational and sometimes financial decisions are made.

Our dispatchers make sure that operations run smoothly. When telephone calls are received, our dispatchers will obtain the necessary information from the caller and provide the appropriate response by either facilitating an emergency sweep, special sweep, regular sweep or the handling of a complaint. This means that they make sure that the right drivers and the right equipment are appropriately matched to the job and ensure timeliness, safety and accuracy are guaranteed.

Disposal of Refuse and Debris:

CleanStreet shall dispose of all refuse and debris that is collected during the sweeping operations, at no additional cost to the County. We will haul it to a legally established area for the disposal of solid waste.

WORK PLAN

Storage facilities:

CleanStreet will utilize their own storage facilities for all of the sweepers.

Equipment:

CleanStreet equips all of its trucks with global positioning satellite (GPS) system. All of the real-time data is monitored by CleanStreet dispatchers. This permits CleanStreet to monitor the drivers speed, time and location.

Our Operations Analyst downloads the GPS reports on a daily basis from the Internet. The real-time data alerts the managers via e-mail if the brooms are down a half hour or longer or if the sweeper exceeds its speed limit. If this should happen, there will be communication between either the manager or the dispatcher to the sweeper's cell phone to ensure proper action is taken.

Authorized public works employees can generate and print GPS reports at any time. Data is available for six months and can be downloaded in an Excel document.

We will utilize as many late model Tymco 600's as needed for the performance of the contract. Our Tymcos hold 250 gallons of water which results in cleaner air and less dust and particulates on the streets.

Our street cleaning is listed as *Best Management Practice* BMP in storm water regulations get the debris is off the street before it is carried into the drain system.

All street sweepers that CleanStreet will deploy will be compliant with rule 1186.1.

In order to ensure uninterrupted performance, backup equipment and operators will be available at all times.

In case of a mechanical breakdown, backup equipment will be available at all times and will comply with AQMD Rule 430.

Routing:

Routing will be designed in such a manner that all time zones will be swept timely with ample time for the operator to do an excellent job. If for some reason the operator is behind or needs help, an additional sweeper and operator will be supplied to ensure timely completion of routes.

Reports:

The attached report is a sample of what our drivers complete for other locations. In order to suit the County, a tailor-made form will be created for each location awarded to

WORK PLAN

CleanStreet. The following items will be on the report:

- Curb miles and paved alley miles swept each day.
- Schedule curb miles and paved alley miles swept and areas missed.
- When missed areas were swept.
- Number of complaints received each day.
- Reasons schedule sweeping was not performed or completed as scheduled.

QUALITY ASSURANCE

CleanStreet has established a fine reputation for providing the highest quality street sweeping services in the industry. We feel our attitude toward quality is the key to our success. It is far easier on everyone involved for the sweepers to do a good job the first time, rather than receive a complaint and have to return and sweep the street again later.

Our operators are encouraged to take as many passes as are necessary to do a great job. They take great pride in the complete satisfaction of the residents. Consequently, they receive very few complaints.

The quality of our services is the basis of our establishing long term relationship with our clients. CleanStreet is proud of its reputation for providing the highest level of service in the industry.

We are confident that we can do an excellent job for the County. We would accomplish this by following these guidelines:

Skilled Operators

We will sweep your County utilizing operators that have been properly trained and that have years of experience sweeping municipalities.

Quality Equipment

We will provide these skilled operators with new model equipment that is in excellent operating condition and appearance.

CleanStreet equips its trucks with Global Positioning Satellite (GPS) system. All of the real-time data is monitored by CleanStreet's dispatchers. This permits CleanStreet to monitor the driver's speed, time and location.

All equipment used will be in compliance with SCAQMD Rules 1186 and 1186.1 and all other applicable laws and rules.

Standards of Quality

We will make it clear to our operators that we will expect completely clean streets, regardless of the number of passes the sweeper must take to accomplish this.

We will expect our employees to take pride in their equipment, their work, and the community.

Supervision

We will assign your County to a regular supervisor. The supervisor will visit the County on a daily basis during the first weeks of our operations. Once timings are set, the supervisor will visit the County at least once per week on a regular basis.

QUALITY ASSURANCE

Complaints

We will handle any and all complaints on the day they are received. We believe that responsiveness is key to establishing public confidence in our ability and integrity.

We also believe that the operator is more highly motivated to do a good job the first time if he knows he may have to come back again if he doesn't. Our operators take great pride in not receiving complaints and doing a great job the first time.

Our operators will check in with the designated County supervisor on a daily basis to see if there are any complaints. If there are complaints, we will go out and re-sweep them immediately. We will always respond in less than 6 hours.

Our attitude toward quality and this level of service makes the whole sweeping program run smoothly.

Communications

We have cellular phone contact with our operators at all times.

Emergencies

We will provide the County with a 24-hour hotline number to handle all emergencies.

Back Up Equipment

We will always have back-up equipment available to us at all times.

Toll Free line

We will provide a toll free number to the County to receive field staff reports, complaints, emergencies or requests for extra work.

Monthly Meeting

At least one time per month and more often if necessary, there will be a meeting between representatives of CleanStreet and the County to assess performance and to seek ways to improve service

Inspection Fundamentals

Rick Anderson, Supervisor, will be the authority overseeing this program. Mr. Anderson is a graduate of USC and Southwestern University School of Law. He has been with the company for over 20 years and has played an integral role in developing new business and overseeing all facets of operations. Mr. Anderson's dedication to the company has helped fuel continual growth and diversification into new areas which complements CleanStreets' primary role as a street sweeping contractor.

QUALITY ASSURANCE

Prior to leaving for the sweeping location, the street sweeper will go through an inspection to ensure proper performance at the job site. Spot checks by a supervisor will ensure all of the procedures are carried out in a professional manner.

INSTRUCTIONS

The contractor selected through this RFSQ process will be required to comply with State and Federal labor regulations and record keeping requirements. The objective of this questionnaire is to determine the appropriateness, scope, and suitability of the procedures the Proposer uses and the internal controls in place to ensure compliance with State and Federal labor regulations and record keeping requirements. In order to appropriately evaluate this area (Part I, Section 4.D, Evaluation Criteria), it is critical that the Proposer submit a detailed description of the processes and the steps associated with those processes.

Answer all questions thoroughly and in the same sequence as provided below. If a question is not applicable, indicate with "N/A" and explain why such question is not applicable. Provide additional details to ensure a clear picture of the Proposer's processes and controls. As used in this questionnaire, the term Proposer includes the business entity that will provide the proposed services. Attach an actual sample copy of timesheet, paycheck, and pay stub.

**ADDITIONAL PAGES MAY BE ATTACHED OR RESPONSES CAN BE PROVIDED IN A SEPARATE DOCUMENT.

QUESTION	RESPOND HERE OR ATTACHED NUMBERED RESPONSES IF MORE SPACE IS NEEDED.
<p>1. TRACKING HOURS WORKED</p> <p>1.1. How does the Proposer track employee hours actually worked?</p> <p>1.2. Where do the Proposer's employees report to work at the beginning of their shift? At the work location or a central site with travel to the worksite?</p> <p>1.3. If the employees report to a central site with travel to the worksite, when does the Proposer consider the employees' shift to have started? At a central site or upon arrival at the work location?</p>	<p>1.1 Employee hours are tracked via a computer database, via magnetic badge to swipe in and out, via a computerized phone-in time system called ECONZ. On premises, employees use a magnetic badge to swipe in and out, while out of the area, employees report start, stop, job switches via cell phone by calling in directly to the computerized database. On-site employees or those who must report to the main yard to retrieve their vehicle, start their shift as soon as they arrive on the premises. QUESTION	RESPOND HERE OR ATTACHED NUMBERED RESPONSES IF MORE SPACE IS NEEDED.
<p>7. MANUAL PAYROLL SYSTEM</p> <p>7.1. If the Proposer uses a manual payroll system, describe the steps the person preparing the payroll takes to create a check, starting from the source document through the issuance of a check.</p> <p>7.2. If the employee has multiple wage rates (i.e., County's Living Wage rate for County work and the Proposer's standard rate for other non-County work), how does the person preparing the payroll calculate total wages paid?</p>	<p>7.1 Manual checks are processed through our same payroll system for any necessary adjustments that may need to be made to a paycheck.</p> <p>7.2 Multiple wage rates usually have a different job code, so any regular, overtime, and double-time rates in those codes would be manually overridden.</p>
<p>8. AUTOMATED PAYROLL SYSTEM</p> <p>8.1. If the Proposer uses an automated payroll system or contracts for such automated payroll services to an outside firm, describe the steps taken to prepare the payroll.</p> <p>8.2. If the employee has multiple wage rates (i.e., County's Living Wage rate for County work and the Proposer's standard rate for other non-County work), how does the automated payroll system calculate total wages paid?</p> <p>8.3. Is the calculation embedded in the software program, or does someone have to override the system to perform the calculation?</p>	<p>8.1 A printout is generated from the timekeeping system showing the name of each employee and breaking down the total number of regular, overtime, and double-time hours worked within a particular job number. Payroll information is input in this manner to help provide job costing information.. When employees have multiple wage rates, they are usually tied to a particular job number that either has the rates preprogrammed, or a note of the rate amount to overwrite with.</p> <p>8.2 Multiple wage rates usually have a different job code, so any regular, overtime, and double-time rates in those codes would be manually overridden.</p> <p>8.3 Combination of preprogrammed and manual overrides.</p>

QUESTION	RESPOND HERE OR ATTACHED NUMBERED RESPONSES IF MORE SPACE IS NEEDED.
<p>9. TRAVEL TIME</p> <p>9.1. How is travel time during an employee's shift paid?</p> <p>9.2. At what rate is such travel time paid if the employee has multiple wage rates?</p> <p>9.3. Discuss how the Proposer calculates the day's wages for each situation described in the following two examples:</p> <p>a. During a single shift, an employee works three hours at a work location under a County Living Wage contract, then travels an hour to another work location to work four hours, where they are paid at a different rate than the County's Living Wage rate.</p> <p>b. During a single shift, an employee works three hours at a work location under a County Living Wage contract, then travels an hour to another work location to work four hours, where they are also paid the County's Living Wage rate.</p>	<p>9.1 Employees are paid their hourly wage for travel time.</p> <p>9.2 Travel time is paid at the employee's hourly rate.</p> <p>9.3a Wages would be determined by Job Number and Work Order Number. Each Job Number and Work Order Number has a specific code and if any jobs/work orders require a certain wage rate, entering those codes would activate the specific wage rates.</p> <p>9.3b The employee would be paid by his/her rate unless the Job Number and Work Order mandate a specific rate. If there is a specific rate required, the employee's regular hourly rate would be overridden.</p>
<p>10. OVERTIME</p> <p>10.1. How does the Proposer calculate overtime wages?</p> <p>10.2. What if the employee has multiple wage rates?</p>	<p>10.1 Overtime is calculated daily after 8 hours and then weekly after 40 hours. Double-time is calculated after 12 hours.</p> <p>10.2 Multiple wage rates usually have a different job code, so any regular, overtime and double-time rates in those codes would be manually overridden.</p>

**COUNTY OF LOS ANGELES CONTRACTOR EMPLOYEE JURY SERVICE PROGRAM
APPLICATION FOR EXCEPTION AND CERTIFICATION FORM**

This contract is subject to the County of Los Angeles Contractor Employee Jury Service Program (Program) (Los Angeles County Code, Chapter 2.203). All contractors and subcontractors must complete this form to either (1) request an exception from the Program requirements or (2) certify compliance. Upon review of the submitted form, the County department will determine, in its sole discretion, whether the bidder or proposer is excepted from the Program.

Company Name: CleanStreet		
Company Address: 1937 W. 169th Street		
City: Gardena	State: CA	Zip Code: 90247
Telephone Number: 800.225.7316 x103		
(Type of Goods or Services): Statement of Qualifications for Street Sweeping Services (2015-SPQA004)		

If you believe the Jury Service Program does not apply to your business, check the appropriate box in Part I (you must attach documentation to support your claim). If the Jury Service Program applies to your business, complete Part II to certify compliance with the Program. Whether you complete Part I or Part II, sign and date this form.

Part I: Jury Service Program Is Not Applicable to My Business

- My business does not meet the definition of "contractor," as defined in the Program as it has not received an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts (this exception is not available if the contract/purchase order itself will exceed \$50,000). I understand that the exception will be lost and I must comply with the Program if my revenues from the County exceed an aggregate sum of \$50,000 in any 12-month period.
- My business is a small business as defined in the Program. It 1) has ten or fewer employees; and, 2) has annual gross revenues in the preceding twelve months which, if added to the annual amount of this contract, are \$500,000 or less; and, 3) is not an affiliate or subsidiary of a business dominant in its field of operation, as defined below. I understand that the exemption will be lost, and I must comply with the Program if the number of employees in my business and my gross annual revenues exceed the above limits.

 "Dominant in its field of operation" means having more than ten employees, including full-time and part-time employees, and annual gross revenues in the preceding twelve months, which, if added to the annual amount of the contract awarded, exceed \$500,000.

 "Affiliate or subsidiary of a business dominant in its field of operation" means a business which is at least 20 percent owned by a business dominant in its field of operation, or by partners, officers, directors, majority stockholders, or their equivalent, of a business dominant in that field of operation.
- My business is subject to a Collective Bargaining Agreement that expressly provides that it supersedes all provisions of the Program. **ATTACH THE AGREEMENT.**

Part II: Certification of Compliance

- My business has and adheres to a written policy that provides, on an annual basis, no less than five days of regular pay for actual jury service for full-time employees of the business who are also California residents, or my company will have and adhere to such a policy prior to award of the contract.

I declare under penalty of perjury under the laws of the State of California that the information stated above is true and correct.

If you believe the Jury Service Program does not apply to your business, check the appropriate box in Part I (you must attach documentation to support your claim). If the Jury Service Program applies to your business, complete Part II to certify compliance with the Program. Whether you complete Part I or Part II, sign and date this form.

Part I: Jury Service Program Is Not Applicable to My Business

My business does not meet the definition of "contractor," as defined in the Program as it has not received an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts (this exception is not available if the contract/purchase order itself will exceed \$50,000). I understand that the exception will be lost and I must comply with the Program if my revenues from the County exceed an aggregate sum of \$50,000 in any 12-month period.

My business is a small business as defined in the Program. It 1) has ten or fewer employees; and, 2) has annual gross revenues in the preceding twelve months which, if added to the annual amount of this contract, are \$500,000 or less; and, 3) is not an affiliate or subsidiary of a business dominant in its field of operation, as defined below. I understand that the exemption will be lost, and I must comply with the Program if the number of employees in my business and my gross annual revenues exceed the above limits.

"Dominant in its field of operation" means having more than ten employees, including full-time and part-time employees, and annual gross revenues in the preceding twelve months, which, if added to the annual amount of the contract awarded, exceed \$500,000.

"Affiliate or subsidiary of a business dominant in its field of operation" means a business which is at least 20 percent owned by a business dominant in its field of operation, or by partners, officers, directors, majority stockholders, or their equivalent, of a business dominant in that field of operation.

My business is subject to a Collective Bargaining Agreement that expressly provides that it supersedes all provisions of the Program. **ATTACH THE AGREEMENT.**

Part II: Certification of Compliance

My business has and adheres to a written policy that provides, on an annual basis, no less than five days of regular pay for actual jury service for full-time employees of the business who are also California residents, or my company will have and adhere to such a policy prior to award of the contract.

I declare under penalty of perjury under the laws of the State of California that the information stated above is true and correct.

QUALITY ASSURANCE

CleanStreet has established a fine reputation for providing the highest quality street sweeping services in the industry. We feel our attitude toward quality is the key to our success. It is far easier on everyone involved for the sweepers to do a good job the first time, rather than receive a complaint and have to return and sweep the street again later.

Our operators are encouraged to take as many passes as are necessary to do a great job. They take great pride in the complete satisfaction of the residents. Consequently, they receive very few complaints.

The quality of our services is the basis of our establishing long term relationship with our clients. We are confident that we can do an excellent job for the city. We would accomplish this by following these guidelines:

Skilled Operators

We will sweep your City utilizing operators that have been properly trained and that have years of experience sweeping municipalities.

Quality Equipment

We will provide these skilled operators with new model equipment that is in excellent operating condition and appearance.

CleanStreet equips its trucks with Global Positioning Satellite (GPS) system. All of the real-time data is monitored by CleanStreet's dispatchers. This permits CleanStreet to monitor the driver's speed, time and location.

All equipment used will be in compliance with SCAQMD Rules 1186 and 1186.1 and all other applicable laws and rules.

Standards of Quality

We will make it clear to our operators that we will expect completely clean streets, regardless of the number of passes the sweeper must take to accomplish this.

We will expect our employees to take pride in their equipment, their work, and the community.

Supervision

We will assign your City to a regular supervisor. The supervisor will visit the City on a daily basis during the first weeks of our operations. Once timings are set, the supervisor will visit the City at least once per week on monthly basis.

QUALITY ASSURANCE

Complaints

We will handle any and all complaints on the day they are received. We believe that responsiveness is key to establishing public confidence in our ability and integrity.

We also believe that the operator is more highly motivated to do a good job the first time if he knows he may have to come back again if he doesn't. Our operators take great pride in not receiving complaints and doing a great job the first time.

Our operators will check in with the designated city person on a daily basis to see if there are any complaints. If there are complaints, we will go out and re-sweep them immediately. We will always respond in less than 6 hours.

Our attitude toward quality and this level of service makes the whole sweeping program run smoothly.

Communications

We have cellular phone contact with our operators at all times.

Emergencies

We will provide the City with a 24-hour hotline number to handle all emergencies.

Back Up Equipment

We will always have back-up equipment available to us at all times.

Toll Free line

We will provide a toll free number to your City to receive field staff reports, complaints, emergencies or requests for extra work.

Monthly Meeting and Report

At least one time per month and more often if necessary, there will be a meeting between representatives of CleanStreet and your City to assess performance and to seek ways to improve service. We will provide truly monthly reports.

FOURTH: This Contract's initial term shall be for a period of one year commencing on January 1, 2017 or upon the Board's approval, whichever occurs last. The COUNTY shall have the sole option to renew this Contract term for up to four additional one-year periods and six month-to-month extensions, for a maximum total Contract term of

five years and six months. Each such option and renewal shall be exercised at the sole discretion of the COUNTY. The COUNTY, acting through the Director, may give a written notice of intent to renew this Contract at least ten days prior to the end of each term. At the sole discretion of the COUNTY, in lieu of renewing the Contract for the full one year, this Contract may be renewed on a month-to-month basis, upon written notice to the CONTRACTOR at least ten days prior to the end of a term. The Director will provide a written notice of nonrenewal at least ten days before the last day of any term, in which case this Contract shall expire as of midnight on the last day of that term. Where all option years have been exercised, the Director will not provide a written notice of nonrenewal.

FIFTH: The CONTRACTOR shall bill monthly in arrears, for the work performed during the preceding month. Work performed shall be billed at the unit prices quoted in the applicable Forms PW-2.1 through PW-2.5, Schedule of Prices.

SIXTH: Public Works will make payment to the CONTRACTOR within 30 days of receipt and approval of a properly completed and undisputed invoice. However, should the CONTRACTOR be certified by the COUNTY as a Local Small Business Enterprise, payment will be made in accordance with Board of Supervisors Policy No. 3.035, Small Business Liaison and Prompt Payment Program. Each invoice shall be in triplicate (original and two copies) and shall itemize the work completed. The invoices shall be submitted to:

County of Los Angeles Department of Public Works
Attention Fiscal Division, Accounts Payable
P.O. Box 7508
Alhambra, CA 91802-7508

SEVENTH: In no event shall the aggregate total amount of compensation paid to the CONTRACTOR exceed the amount of compensation authorized by the Board. Such aggregate total amount is the Maximum Contract Sum.

EIGHTH: The CONTRACTOR understands and agrees that only the designated Public Works Contract Manager is authorized to request or order work under this Contract. The CONTRACTOR acknowledges that the designated Contract Manager is not authorized to request or order any work that would result in the CONTRACTOR earning an aggregate compensation in excess of this Contract's Maximum Contract Sum.

NINTH: The CONTRACTOR shall not perform or accept work requests from the Contract Manager or any other person that will cause the Maximum Contract Sum of this Contract to be exceeded. The CONTRACTOR shall monitor the balance of this Contract's Maximum Contract Sum. When the total of the CONTRACTOR'S paid invoices, invoices pending payment, invoices yet to be submitted, and ordered services reaches 75 percent of the Maximum Contract Sum, the CONTRACTOR shall immediately notify the Contract Manager in writing. The CONTRACTOR shall send written notification to the Contract Manager when this Contract is within six months from expiration of the term as provided for hereinabove.

TENTH: No cost-of-living adjustments shall be granted for the optional renewal periods.

ELEVENTH: The Director may adjust 5 percent of the hourly rate of compensation set forth in the applicable Form PW-2 (Schedule of Prices) based on the increase or decrease in the fuel price published in the Official Energy Statistics from the United States Department of Energy website at http://tonto.eia.doe.gov/dnav/pet/pet_pri_gnd_dcus_sca_m.htm or other County approved website for Diesel (On-Highway) and Gasoline - All Grades (Regular) for California, at http://tonto.eia.doe.gov/dnav/pet/pet_pri_prop_dcu_r50_m.htm or other County approved website for Liquid Propane Gas (LPG) using West Coast (PADD 5) "Commercial/Institutional," and at http://www.eere.energy.gov/afdc/price_report.html or other County approved website for Compressed Natural Gas (CNG) Clean Cities Alternative Fuel Price Report, Table 5, Compressed Natural Gas Average Prices by Region from Clean Cities Sources "West Coast," as appropriate to the vehicle used beginning on the month of this Contract's start date and thereafter at each successive six month interval, which shall be the effective date for any such fuel adjustment. The percentage change in the fuel price shall be obtained using the fuel prices published on the month of the proposal submission date and the fuel price most recently published for the month of effective date of the adjustment. However, when the percentage increase or decrease in the fuel price is less than 5 percent, no fuel adjustment will be granted. In the event the fuel adjustment is granted, the fuel adjustment (increase or decrease) will be added to or subtracted from, as applicable, the hourly rate of compensation to establish the adjusted hourly rate of compensation. A sample calculation is included in Exhibit H. Public Works shall be permitted to audit the CONTRACTOR'S fuel usage, fuel costs, and fuel procurement methods for the vehicles used in providing the service and the CONTRACTOR shall provide records pertaining to its fuel costs upon the COUNTY'S request. CONTRACTOR shall immediately notify the COUNTY if the CONTRACTOR changes from purchasing fuel using Market Prices, to a long-term agreement for fuel purchases.

TWELFTH: The CONTRACTOR may request an annual adjustment in the "Curb Mile" and "Paved Alley Mile" unit prices set forth in Forms PW-2.1 through PW-2.5 (Schedule of Prices) based on a percentage change in disposal fee during the life of this Contract. Adjustments will be based on the increase or decrease in the disposal fee charged to the CONTRACTOR by the Solid Waste Facility designated/used by the CONTRACTOR. This percentage will be calculated based on the disposal fee charged after the commencement date of this Contract and the disposal fee charged on this Contract's renewal date(s). Only 5 percent of the "Curb Mile" and "Paved Alley Mile" unit prices may be adjusted for increases or decreases in the disposal fee. The CONTRACTOR must substantiate the change in cost for refuse disposal to the satisfaction of the Director. CONTRACTOR supplied documentation shall include disposal site receipts, driver route schedules, vehicle numbers, summary sheets of monthly disposal costs and fees charged per ton, detailed comparisons of current and previous disposal fee, and any additional documentation requested by the COUNTY to establish most current disposal fees. CONTRACTOR shall also provide an explanation for use or nonuse of any alternate disposal sites.

IN WITNESS WHEREOF, the COUNTY has, by order of its Board of Supervisors, caused these presents to be subscribed by the Chairman of said Board and the seal of said Board to be affixed and attested by the Clerk thereof, and the CONTRACTOR has subscribed its name by and through its duly authorized officers, as of the day, month, and year first written above.

SCOPE OF WORK

VALINDA/HACIENDA HEIGHTS AREA STREET SWEEPING

A. Public Works' Contract Manager

Public Works' Contract Manager will be: Mr. Edward Lee of Road Maintenance Division's Road Maintenance District 1 who may be contacted at (626) 337-1277, e-mail address: elee@dpw.lacounty.gov, Tuesday through Friday, 6:30 a.m. to 5 p.m. The Contract Manager is the only person authorized by Public Works to request work of the Contractor. From time to time, Public Works may change Contract Manager. The Contractor shall be notified in writing when there is a change in Contract Manager.

B. Work Location

Exhibit H, Project Location/Vicinity Maps, provides a more detailed outline of each sweeping area's limits.

C. Work Description

The Contractor shall sweep and/or clean once a week, or as specified, all public streets, paved alleys, and curbed medians within the Project limits as shown in Exhibit H, Project Location/Vicinity Maps. The word "sweeping" shall define an operation, and the method shall not be limited to the use of a power broom street sweeper. Unless otherwise stated, work shall be measured in either Curb Miles or Paved Alley Miles. A Curb Mile is defined as a swept path not less than 10 feet wide for a total length of 5,280 feet. Both gutter brooms must be down for this definition to apply. A Paved Alley Mile is defined as a swept path not less than 20 feet wide for a total length of 5,280 feet.

Sweeping a street shall normally consist of a single pass, both brooms down, at a maximum speed of not more than 6 miles per hour on each side of the street adjacent and parallel to the curb face and shall include curb returns and cross gutters at intersecting streets. Where there is a raised median, sweeping shall also consist of a single swept path on each side of the median adjacent and parallel to the median curb face.

Sweeping an alley shall normally consist of a single swept path, both brooms down, on each side to the alley adjacent and to the right of the flow line or centerline of the alley at a maximum speed of not more than 6 miles per hour.

Water shall be used while sweeping to minimize dust, if a power broom sweeper is used. In the event that the results of a sweeping operation are considered unsatisfactory by the Contract Manager, in accordance with this Exhibit's paragraph H, Standard of Performance, below, the Contractor shall sweep or clean

the unsatisfactory area again, at no cost to the County, within two calendar days without interruption of the regular sweeping schedule.

Curbed areas that cannot be swept with power sweeping equipment, such as, but not limited to narrow cul-de-sacs, median noses, and portions of left turn pockets shall be hand cleaned to comply with this Exhibit's paragraph H, Standard of Performance, below.

The Contractor shall inform the Contract Manager of any problems or conditions, which may be a public hazard or interfere with normal sweeping operations. These problems or conditions shall include, but not be limited to fallen trees, obstructed roadways or alleys, low overhanging branches, abandoned vehicles, and large potholes. These problems or conditions shall be reported by the Contractor to the Contract Manager as soon as the condition is identified. Dead animals shall be reported to Animal Control at (310) 523-9566.

The County reserves the right to determine if any work is or will be needed and/or requested under this Contract, at the County's sole and absolute discretion. The Contractor waives all claims against the County for consequential damages resulting from the County's failure to use the Contractor's services including, but not limited to, lost profit.

D. Work Schedule

A complete schedule of weekly sweeping shall be submitted to the Contract Manager for approval prior to any work being done under this Contract. The schedule shall include the Curb Miles and Paved Alley Miles of streets, alleys, and medians to be swept daily, as well as the daily starting time.

Also, a route map shall be submitted as part of the schedule, showing streets, alleys, and medians to be swept each day by the Contractor. The Contractor shall indicate the daily sweeping route on the maps in an appropriate and understandable manner that is acceptable to the Contract Manager. Changes in the schedule for the convenience of the Contractor shall require approval by the Contract Manager prior to being included in the weekly work.

The County reserves the right to require the Contractor to sweep specific areas on specified days and at specified times of the day and to change any portions of an existing and established sweeping schedule at any time during the duration of this contract. The following guidelines shall be applicable:

1. Sweeping of streets that have posted parking restrictions specified for street sweeping shall only be swept during the posted day and hours. After the contract has been awarded, a list of posted streets shall be provided to the Contractor.

2. Areas shall not be swept on the same day trash pickup is scheduled. Whenever feasible, sweeping shall be scheduled the day after trash pickup. The Contractor shall be responsible for determining when trash pickups are scheduled. Trash pickup schedules for some County areas may be found in the following website: <http://ladpw.org/epd/cleanla/default.html>.
3. Streets adjacent to schools and commercial developments shall be swept prior to 7 a.m. or such time as daily public activities start.
4. Streets adjacent to apartments, condominiums, or other areas where all night on street parking is prevalent shall be swept after 8 a.m.
5. Major highways shall not be swept during peak traffic hours.
6. Residential areas, except for streets adjacent to schools, shall not be swept prior to 7 a.m. nor after 3:30 p.m.
7. Street sweeping shall be scheduled so that both sides of a street are not swept in the same day, unless the Contract Manager directs otherwise.

E. Alternate Day Sweeping Schedule

Streets on this contract shall be swept on an "alternate Day" Sweeping schedule.

An Alternate day schedule requires the Contractor to sweep the two sides of a street on two separate and consecutive days. For example, a curbed street may have one side swept on Monday and the other side swept on Tuesday. If one side of a street is swept on Fridays, the other shall be swept on Mondays.

After receiving notification that the Contactor has been awarded this Contract, said Contactor shall have 30 days to provide a finalized and working alternate day sweeping schedule to the Contract Manager.

F. Inclement Weather

During inclement weather, the Contract Manager or his designee may cancel the day's scheduled sweeping. In such cases, the Contractor will be contacted and sweeping immediately stopped. The Contractor shall be paid for sweeping performed before the call was made to stop sweeping.

G. Holidays

The contractor shall not sweep during these County observed holidays: Martin Luther King Day, Presidents Day, Cesar Chavez Day, Memorial Day, 4th of July, Labor Day, Columbus Day, Veterans Day, Thanksgiving, The day after Thanksgiving, Christmas and New Years Day. There shall not be no makeup

sweeping for holidays.

H. Standard of Performance

The primary objective of street sweeping is to remove all leaves, paper, dirt, rocks, glass, bottles, cans, and other debris to ensure free flow of water in the gutter and to maintain streets in a state of cleanliness. The Contract Manager will make the final determination as to whether the work has been satisfactorily completed. If the work has not been satisfactorily completed, the Contract Manager may direct the Contractor to resweep the unsatisfactory area(s) during the same business day. If the area(s) cannot be reswept during the same business day by the Contractor, the Contract Manager may deduct payment to the Contractor in accordance with this Exhibit's paragraph Q, Inspection and Acceptance of the Work.

I. Contractor's Sweepers Mandatory Requirements

The type of equipment utilized in this service shall be stated on the Statement of Equipment Form (Form PW-20.1)

J. Disposal of Refuse and Debris

All debris and refuse collected from these operations shall become the property of the Contractor. The Contractor shall dispose of all refuse and debris collected during sweeping operations, at no additional cost to the County, by hauling to a legally established area for the disposal of solid waste. Disposal shall be at the Contractor's expense. The Contractor shall not allow any debris from its operations under this Contract to be deposited in the storm drains and/or gutters in violation of the National Pollutant Discharge Elimination System. When storage of refuse and debris is necessary prior to disposal, the Contractor shall locate and arrange for use of a temporary storage site off the road rights of way. The Contractor will not be allowed to use the rights of way or the Public Works facilities as temporary storage sites.

The Contractor is advised that due to the nature of this contract, discarded hazardous waste may be encountered during the performance of this Contract. In the event an unknown substance or hazardous material is discovered, the Contractor shall immediately notify the Contract Manager. The Contractor shall NOT attempt to perform any type of hazardous waste remediation not included under the scope of work of this Contract, including identifying, containing, cleaning, moving, disposing, etc. The Contractor shall exercise extreme caution in the event unknown waste is encountered.

K. Utilities/Water

The County will not provide utilities. The Contractor shall furnish all water necessary for sweeping operations in accordance with this Exhibit's paragraph C, Work Description.

L. Storage Facilities

The County will not provide storage facilities for the Contractor.

M. Right of Way

The Contractor shall conduct all of its activities and operations within the confines of public roadways. The Contractor shall not allow its employees to use private property for any reason or to use water from such property without written permission from the owner. If, for any reason, the Contractor elects to encroach upon other lands, the Contractor shall first obtain written permission from the owner and provide evidence of such permission in writing to the Contract Manager prior to entering upon such lands. In performing any work or doing any activity on lands outside of public rights of way, the Contractor shall comply with all applicable Federal, State, and local laws, ordinances, and regulations.

The Contractor shall indemnify and hold the County harmless from all claims for damages occasioned by such work or activity, whether done in compliance with this Exhibit and with permission or in violation of this Exhibit, without permission.

N. Authority of Board and Contract Manager

The Board has the final authority in all matters affecting the work. Within the scope of this Contract, the Contract Manager has the authority to enforce compliance with these Plans and Specifications. The Contractor shall promptly comply with instructions from the Contract Manager or authorized representative.

On all questions relating to quantities, the acceptability of equipment or work, the execution, progress or sequence of work, and the interpretation of the Specifications or the Plans; the decision of the Contract Manager will be final and binding, and shall be precedent to any payment under this Contract, unless otherwise ordered by the Board.

O. Best Management Practices

Best Management Practices (BMPs) shall be defined as any program, technology, process, siting criteria, operating method, measure; or device which controls, prevents, removes; or reduces pollution. The Contractor shall obtain and refer to the California Storm Water BMPs Handbooks, Volume 3, Construction BMPs

Handbook and the County of Los Angeles Department of Public Works BMPs Handbook for Construction Activities. These publications are available from:

County of Los Angeles Department of Public Works
 Cashier Office
 900 South Fremont Avenue
 Alhambra, CA 91803
 Telephone (626) 458-6959

The Contractor shall have a readily accessible copy of each publication in the service area at all times. As a minimum, the Contractor shall implement the following BMPs in conjunction with all its sweeping activities:

<u>NO.</u>	<u>MATERIAL MANAGEMENT</u>
CD10(2)	Material Delivery and Storage
CD11(2)	Material Use
CD12(2)	Spill Prevention and Control
	<u>WASTE MANAGEMENT</u>
CD13(2)	Solid Waste Management
CD14(2)	Hazardous Waste Management
CD15(2)	Contaminated Soil Management
CD16(2)	Concrete Waste Management
	<u>VEHICLE AND EQUIPMENT MANAGEMENT</u>
CD18(2)	Vehicle and Equipment Cleaning
CD19(2)	Vehicle and Equipment Fueling
CD20(2)	Vehicle and Equipment Maintenance
	<u>TRAINING</u>
CD40	Employee/Subcontractor Training
	<u>PHYSICAL STABILIZATION</u>
CD26A(2)	Soil Stabilizer/Dust Control

Additional BMPs may be required as a result of a change in actual field conditions, the Contractor activities, or construction operations. When more than one BMP is

listed under each specific BMP category, the Contractor shall select the appropriate and necessary number of BMPs within each category in order to achieve the BMP objective.

BMPs for the Contractor activities shall be continuously implemented throughout the year. BMPs for erosion control and sedimentation shall be implemented during the period from October 15 to April 15 and whenever the National Weather Service predicts rain within 24 hours. BMPs for erosion control and sedimentation shall also be implemented prior to the commencement of any Contractor activity or operation which may produce runoff and whenever runoff from other sources may occur.

The County, as a permittee, is subject to enforcement actions by the State Water Resources Control Board, Environmental Protection Agency, and private citizens. Full compensation for the implementation of BMPs shall be considered as included in the Total Annual Proposed Price shown in Form PW-2, Schedule of Prices. Should the Contractor fail to comply with any BMP, the County will suffer damages, including, but not limited to, having to bear the risk of delay and disruption of its street sweeping program. The amount of such damages is and will continue to be extremely difficult and impracticable to ascertain. Execution of this Contract shall constitute agreement by the County and the Contractor that \$1,000 per day is the minimum value of the cost and actual damage caused by the Contractor's failure to fully implement any BMP, that such sum is liquidated damages and shall not be construed as a penalty and that such sums may be deducted from payments due to the Contractor if such failure occurs. However, such liquidated damages do not include losses resulting from the imposition of fines and penalties and other enforcement actions by administrative agencies. The County may assess the Contractor, as liquidated damages, \$1,000 for each calendar day that the Contractor has not fully implemented one or more of the BMPs specified for this Contract and/or is otherwise in noncompliance with these provisions. In addition, Contractor shall defend, indemnify, and hold harmless the County and its officers, employees, and agents from any fine, penalty, or enforcement action (including attorney fees, legal costs, and staff costs) imposed or brought by any person or entity on account of the Contractor's alleged lack of compliance with these provisions or nonimplementation of the specified BMPs. The County may deduct, from payment due to the Contractor, amounts necessary to cover such fines and costs.

P. Prosecution of Work

To minimize public inconvenience, the Contractor shall diligently prosecute the work in the manner and at times specified in this Exhibit A, Scope of Work, and shall at all times comply with the approved sweeping schedule. If, as determined by the Contract Manager, the Contractor fails to prosecute the work to the extent that the public may be inconvenienced, the Contractor shall, upon orders from the Contract Manager, immediately resume diligent prosecution of the work. All cost of

prosecuting the work as described herein shall be included in the Contractor's Total Proposed Price.

Should the Contractor continue or fail to prosecute the work diligently after orders of the Contract Manager to do so, the Contract Manager may suspend the work in whole or in part, until such time as the Contract Manager, in his or her sole discretion, determines that the Contractor will resume diligent prosecution of the work. All expenses and losses incurred by the Contractor as a result of such suspensions shall be borne by the Contractor.

Q. Inspection and Acceptance of the Work

The Contractor shall implement a Contract Quality Control Plan as required under this Exhibit's paragraph Y, Quality Control. Contractor shall routinely inspect the work to ensure compliance with the Plans and Specifications, approved schedules, and Contractor quality standards.

The Contract Manager may inspect the work to assure that the quality of street sweeping services is in compliance with Terms and Conditions of this Contract. The Contract Manager may inspect by sampling the quality of the work at up to 20 random locations immediately after they are scheduled to be swept.

A "location" is generally defined as an alley and/or side of any street between two adjacent streets, a cul-de-sac, and/or a dead-end street. A 5 percent deduction of payment for that day's sweeping mileage shall be assessed for each and every location that is not swept in accordance with these Specifications and Plans. Photos and documentation for all deficient locations will be provided to the Contractor on the working day following the inspection for all deficient locations.

The Contract Manager will use the following general guidelines to determine if the street was swept properly:

1. No debris shall be in or on the street or gutter within eight feet of the curb face. Debris includes, but is not limited to trash, grass, leaves, soil, bottles, broken glass, rocks, and other refuse.
2. A trail of debris shall not be left along the street or gutter.
3. An inordinate amount of debris, which would indicate that the location had not been swept properly.

R. Suspension of Work

The work may be suspended in whole or in part when determined by the Contract Manager that the suspension is necessary in the interest of the County. The Contractor shall comply immediately with any written order of the Contract Manager suspending work. Such suspension shall be without liability to the Contractor on the

part of the County except as otherwise specified in this Exhibit's paragraph AA, Additional Sweeping.

S. Noncompliance with Plans and Specifications

Failure of the Contractor to comply with any requirement of these Specifications and Plans, and to immediately remedy any such noncompliance upon notice from the Contract Manager may result in suspension of this Contract's monthly payments. Any monthly payments so suspended shall remain in suspension until the Contractor's operations are brought into compliance to the satisfaction of the Contract Manager. No additional compensation will be allowed as a result of suspension of the monthly payments due to noncompliance with these Specifications and Plans.

T. Contractor's Equipment Compliance with Laws and Regulations

1. The Contractor shall fully comply with all applicable laws and regulations, including but not limited to, all Air Quality Management District (AQMD) regulations. In particular, the Contractor's equipment shall be in full compliance with AQMD Rules 1186 and 1186.1 pertaining to street sweepers.
2. The street sweepers specified on the equipment list provided to Public Works and no others shall be used in the contract work unless notice is given to Public Works and the substitution is approved by Public Works. The Contract Manager or a designee may inspect the Contractor's vehicles employed in the Contract work at any time without notice.
3. In the event of mechanical breakdown of an alternate-fuel street sweeper, the Contractor shall comply with AQMD Rule 430 in a timely fashion and shall make a timely application for an emergency permit under Rule 430 in order to ensure uninterrupted performance of this Contract. The Contractor shall immediately provide to Public Works notice of any telephonic report and a copy of any written report or action plan presented to AQMD pursuant to Rule 430.
4. The Contractor shall furnish and maintain in good and safe condition all equipment required for the proper execution of this Contract. The Contract Manager may reject any vehicle or piece of equipment not meeting these safety, maintenance, or regulatory requirements. For the sweeping of curbed highways and streets, the Contractor's equipment shall clean the streets as specified in this Exhibit's paragraph H, Standard of Performance.
5. The Contractor shall provide sweeping equipment and disposal trucks, which shall be properly maintained both mechanically and in appearance. The Contractor shall provide backup sweeping equipment adequate to ensure completion of scheduled work in the event of equipment breakdown, an area

requires resweeping, or to provide any additional resweeping directed by the Contract Manager. All equipment shall be clearly marked with the Contractor's name and vehicle number. The Contractor's telephone number shall be prominently displayed on all equipment for purposes of identification.

6. The sweeper operator shall be furnished with a cellular phone or equivalent communication device that will allow the Contract Manager to make contact with the sweeper operator during sweeping operations. The Contractor shall provide the Contract Manager with the information necessary to maintain contact with the sweeper operator during sweeping operations. The communication device shall be on and operating during sweeping operations.

U. Global Positioning System

1. Primary and backup sweepers shall be equipped with a Global Positioning System (GPS) capable of reporting real time data.
2. The GPS shall be internet based (direct internet connection) or require additional software to access the GPS provider's data. If internet based, the Contractor shall provide Public Works with two accounts to access the GPS provider's internet site. If additional software is required, the Contractor shall provide software for installation on two Public Works computers.
3. The accounts shall be set up so that only Public Works and the Contractor can view Public Works data.
4. The Contractor shall pay for all costs related to GPS, including hardware, software, activation fees, technical support, and monthly service charge fees. There is no separate bid item for the GPS.
5. The GPS shall be capable of gathering the following real time data: speed, direction, location (address), distance traveled, ignition on/off, brooms up/down, and water sprayer on/off.
6. The GPS shall be capable of tracking a sweeper's path with lines or dots superimposed on a map.
7. The minimum locate schedule (frequency of occurrence that GPS data is received from the sweeper) shall be every one minute when brooms are down.
8. The minimum locate schedule shall be every 15 minutes when brooms are up.

9. The GPS shall generate an e-mail alert when the following events occur:
 - a. Sweeper exceeds 6 mph and brooms are down.
 - b. One hour or more of nonmovement during weekdays, 6 a.m. to 4p.m.
10. The GPS shall be capable of generating daily reports of sweeper activity that includes the following information: date, time, address, speed, direction, location (address) distance traveled, ignition on/off, brooms up/down and water on/off.
11. Authorized Public Works employees can generate and print reports at any time.
12. All reports shall have the capability to be downloaded in other formats, such as Microsoft Excel or Word.
13. Data shall be available for immediate downloading for a minimum of 3 months. After 3 months, data shall be backed up and be made available at Public Works' request.

V. Reports

In addition to other data filed with the County by the Contractor, the Contractor shall, on the second working day of each week, file a report with the Contract Manager enumerating the following information for the previous week:

1. Curb Miles and Paved Alley Miles swept each day.
2. Scheduled Curb Miles and Paved Alley Miles swept and areas missed.
3. When missed areas were swept.
4. Number of complaints received each day.
5. Reasons scheduled sweeping was not performed or completed as scheduled.
6. Waste Tonnage Summary and copies of waste disposal receipts.

W. Measurement

The Contractor is required to design an approved weekly "alternate day" sweeping schedule for all areas. There is no separate bid item for creating this schedule.

The basis of measurement and payment shall be by the Curb Mile for curbed streets and the Paved Alley Mile for paved alleys. On streets and highways, Curb Miles shall be measured toward the center of the rights of way from and parallel to the curb face. Measurement of medians will be continual and no deduction will be made for left turn pockets or intersecting streets.

Additional sweeping of streets, as defined in this Exhibit's paragraph AA, Additional Sweeping, that require the total width of the street to be swept shall be measured on the basis of width of street in feet divided by 10 (both gutter brooms down) to determine the Curb Miles per mile of length.

X. Contractor's Representative

Before starting the work, the Contractor shall designate, in writing, a representative who shall have complete authority to act for it. An alternate representative may be designated. Any order or communication given to this representative shall be deemed delivered to the Contractor. A joint venture or partnership shall designate only one representative and alternate. In the absence of the Contractor or its designated representative, necessary or desirable directions or instruction may be given by the Contract Manager to the superintendent or person having charge of the specific work to which the order applies. Such order shall be complied with promptly and referred to the Contractor or its representative.

In order to communicate with the County, the Contractor's representative, superintendent, or person having charge of specific work shall be able to speak, read, and write the English language.

Y. Quality Control

The Contractor shall be responsible for implementing procedures for ensuring that street sweeping services are provided in strict compliance with these plans, specifications, and approved schedule of services.

The Contractor shall designate in writing a Quality Control representative and an alternate Quality Control representative who are responsible for implementing, monitoring, controlling, and reporting on the quality of work.

It is recommended that the Contractor's Quality Control representatives be separate and distinct from the Contractor's project manager or general superintendent, and that the Contractor's quality control procedures establish a separate system for recording, reporting, and resolving quality control issues.

Within ten days of contract award, the Contractor shall submit to the County a Contract Quality Control Plan for review and approval by the Contract Manager. This plan will include, as a minimum, the names and telephone numbers of the Contractor's Quality Control representatives, a description of the roles and

responsibilities for quality control; the system for monitoring, reporting on, and resolving quality control issues, and checklists or other documentation in support of the Contractor's quality control function.

Z. Plans and Specifications

Included as part of this Contract are plan sheets (Exhibit H) showing the locations of streets, alleys and parking lots included in this service area.

The Plans, these Specifications, and other contract documents shall govern the work. These contract documents are intended to be complementary and cooperative and to describe and provide for a complete service. Anything in the Specifications and not on the Plans, or on the Plans and not in the Specifications, shall be as though shown or mentioned in both.

While it is believed that much of the information pertaining to conditions which may affect the cost of the work will be shown on the Plans or indicated in the Specifications, the County does not warrant the completeness or accuracy of such information. The Contractor shall ascertain the existence of any conditions affecting the cost of the work which would have been disclosed by reasonable examination of the site. The Contractor shall, upon discovering any error or omission in the Plans or Specifications, immediately call it to the attention of the Contract Manager.

AA. Additional Sweeping

The Contractor shall provide additional sweeping of any street(s) and alley(s) within the area shown on the Plans at any time when ordered by the Contract Manager. The Contractor will be compensated for each additional sweeping at the Contract's Unit Price per Curb Mile or Paved Alley Mile, indicated on Form PW-2, Schedule of Prices, as appropriate. The method of payment will be determined by the Contract Manager.

The need for additional sweeping may be because of storm, fire, flood, parade, public gathering, riot, or other natural or unanticipated occurrence affecting the cleanliness of the streets. The additional sweeping may be in lieu of or in addition to the regularly scheduled sweeping as ordered by the Contract Manager.

Additional sweeping will normally be confined to sweeping the curb lane. However; if additional sweeping requires the total width of the street(s) to be swept, then compensation will be at the Contract's Unit Price per Curb Mile as defined in this Exhibit's paragraph W, Measurement. All sweeping shall be done with sufficient passes to achieve the results described in this Exhibit's paragraph H, Standard of Performance.

Compensation for extra sweeping will be for a minimum of 16 Curb Miles with no allowance for travel time under one of the following circumstances: a) the sweeper

must return to the area after having left when regular sweeping was completed; b) the extra sweeping is on a day when no regular sweeping is scheduled; or c) an additional sweeper must be brought to the area.

Notwithstanding the above, the County has the option on additional sweeps to compensate the Contractor on an hourly basis where it is difficult to determine Curb Miles swept in a non-routine manner. In these cases, the hourly rate paid by the County to the Contractor shall be equal to four times the Contract's Unit Price per Curb Mile. Minimum payment will be equivalent to payment for 16 Curb Miles.

BB. Changes Resulting from Schedule Disruption

During this Contract period, the Contractor shall sweep the designated public streets and alleys at least once each week, including all curbed medians, in accordance with a schedule to be approved by the Contract Manager. When, in the opinion of the Contract Manager, inclement weather prevents adherence to the regular sweeping schedule for two days or less in a given week, the Contract Manager may require the sweeping areas so affected to be swept prior to the next sweeping schedule.

Any such required sweeping made necessary by inclement weather shall meet the requirements of this Exhibit's paragraph H, Standard of Performance, and shall be performed by Contractor at the Contract's Unit Price per Curb Mile and will not be considered additional sweeping as defined in this Exhibit's paragraph AA, Additional Sweeping.

When any holiday or observance as specified in the Government Code of the State of California occurs on a regular scheduled sweeping day, and said sweeping area is not swept in observance of said holiday, the subject sweeping area shall, when ordered by the Contract Manager, be swept within two working days of the regularly scheduled sweeping day without interruption in the regular sweeping schedule. Any such requested sweeping shall meet the requirements of this Exhibit's paragraph H, Standard of Performance, and shall be performed by the Contractor at the Contract Unit Price per Curb Mile and shall not be considered additional sweeping.

In the event the Contractor is prevented from completing the sweeping, as provided in the approved schedule, because of reasons other than inclement weather or holidays, the Contractor shall be required to complete the sweeping services so deferred within two calendar days without interruption in the regular sweeping schedule.

CC. Changes Resulting from Added or Deleted Streets

It is the intent of this Contract to provide for the weekly sweeping of all curbed streets (including curbed medians) and paved alleys within the unincorporated area

shown on the Plans (Exhibit H). As streets and alleys are improved, they will be added to the weekly sweeping schedule. Compensation to the Contractor will be based on the curb miles added multiplied by the Contract's appropriate Unit Price.

Streets and alleys initially included in the schedule that are vacated by order of the Board will be deleted from the weekly schedule and the affected curb mileage deducted from this Contract's quantities.

Additions and/or deletions of curb mileage may affect the approved schedule and appropriate adjustments will be allowed subject to approval by the Contract Manager.

DD. City Incorporation

In the event any areas to be swept under this Contract attain incorporation as a city, the Contractor shall continue to sweep the streets and alleys shown on the contract plans at the Contract's Unit Price per Curb Mile until the termination date of this Contract or as directed by the County. The County may direct Contractor to delete streets within the incorporated area from its weekly sweeping schedule prior to the expiration date of this Contract. The Curb Mileage of the streets and alleys, within the incorporated area, that are deleted from the Contractor's weekly sweeping schedule will be deducted from the Contract quantities. The County may, at the request of the Contractor, review this Contract if the incorporation severely affects the Contractor's weekly sweeping schedule.

EE. Changed Conditions

The Contractor shall notify the Contract Manager in writing of any changed conditions promptly upon their discovery. The Contract Manager will promptly investigate conditions which appear to be changed conditions. If the Contract Manager determines that the conditions are changed conditions and that they will materially increase or decrease the costs of any portion of the work, a Change Order will be issued adjusting the compensation for such portion of the work. The compensation will be based on the appropriate Unit Price reflected in Form PW-2, Schedule of Prices.

If the Contract Manager determines that the conditions of which it has been notified by the Contractor do not justify an adjustment in compensation, the Contractor will be notified in writing.

FF. Communications and Public Relations

The Contractor shall provide a telephone answering service, toll free to residents of the area to be swept under this Contract and the County Road Maintenance Division District office responsible for the area, from 7:30 a.m. to 4:30 p.m., from Monday through Friday except on legal holidays. Said answering service shall have

the capability of contacting sweepers by radio, cellular phone, or paging equipment for the purpose of relaying instructions from the Contract Manager and to receive citizen complaints.

The telephone number shall be listed in the telephone directory for the area and shall be listed by the Contractor's common known name. All public complaints concerning street sweeping shall be investigated by the Contractor. Complaints brought to the Contractor's attention prior to 3 p.m. shall be investigated that day. Those brought to the Contractor's attention after 3 p.m. shall be investigated before noon of the following day.

A complaint form shall be filled out for each complaint referred to or received by the Contractor. The form, which must be approved by the Contract Manager, shall be filed with the County on the first working day following the day the complaint was received. The Contractor shall report what actions were necessary to resolve each complaint.

GG. Special Safety Requirements

All Contractor operators shall be expected to observe all applicable Cal/OSHA requirements while performing this requested work. Suitable clothing, gloves, and shoes that meet Cal/OSHA requirements are required.

HH. Project Site Safety

The Contractor shall be solely responsible for ensuring that all work performed under this Contract is performed in strict compliance with all applicable Federal, State, and local occupational safety regulations. The Contractor shall provide at its expense all safeguards, safety devices, and protective equipment, and shall take any and all actions appropriate to providing a safe service area.

II. Project Safety Official

The Contractor shall designate in writing a Project Safety Official who shall be thoroughly familiar with the Contractor's Injury and Illness Prevention Program and Code of Safe Practices. The Contractor's Project Safety Official shall be available at all times to abate any potential safety hazards and shall have the authority and responsibility to shut down an operation, if necessary. Failure by the Contractor to provide the required Project Safety Official shall be grounds for the County to direct the cessation of all work activities and operations at no cost to the County until such time as the Contractor is in compliance.

JJ. Automated Parking Enforcement System (Photo Enforcement System)

The County may desire to have the ability to issue automated enforcement citations for parking violations during the designated hours of operation for a street-sweeping

parking lane as may be provided in Section 40245 et seq. of the California Vehicle Code. When requested by the Contract Manager, the Contractor shall permit the placement of a digital camera system by a County approved vendor in order for the private vendor to capture information from vehicles that are parked during the designated street sweeping parking enforcement hours within the parking lane. The Contractor shall be prohibited from utilizing any images collected from this automated enforcement digital camera system (Photo Enforcement System), including license plate numbers, for any purpose other than establishing appropriate context to support the parking violation. The Contractor shall maintain individual privacy, and shall take all steps in ensuring confidential data is handled in accordance with the Vehicle Code and any established guidelines of the County approved private vendor. The County will reimburse the Contractor for costs directly associated with the implementation and continuous compliance with the Photo Enforcement System, upon presentation of the invoice submitted to the Contractor by the County approved private vendor.

KK. Liquidated Damages

1. In any case of the Contractor's failure to meet certain specified performance requirements, the County may, in lieu of other remedies provided by law or the Contract, assess liquidated damages in specified sums and deduct them from any regularly scheduled payment to the Contractor. However, neither the provision of a sum of liquated damages for nonperformance or untimely or inadequate performance nor the County's acceptance of liquated damages shall be construed to waive the County's right to reimbursement for damage to its property or indemnification against third-party claims.
2. The amounts of liquidated damages have been set in recognition of the following circumstances existing at the time of the formation of the Contract:
 - a. All of the time limits and acts required to be done by both parties are the essence of the Contract;
 - b. The parties are both experienced in the performance of the Contract work;
 - c. The Contract contains a reasonable statement of the work to be performed in order that the expectations of the parties to the Contract are realized. The expectation of the County is that the work will be performed with due care in a workmanlike, competent, timely, and cost-efficient manner while the expectation of the Contractor is a realization of a profit through the ability to perform the Contract work in accordance with the terms and conditions of the Contract at the Proposal price;

- d. The parties are not under any compulsion to contract;
 - e. The Contractor's acceptance of the assessment of liquidated damages against it for unsatisfactory and late performance is by agreement and willingness to be bound as part of the consideration being offered to the County for the award of the Contract;
 - f. It would be difficult for the County to prove loss resulting from nonperformance or untimely, negligent, or inadequate performance of the work; and
 - g. The liquated sums specified represent a fair approximation of the damages incurred by the County resulting from the Contractor's failure to meet the performance standard as to each item for which an amount of liquated damages is specified.
3. The Contractor shall pay Public Works, or Public Works may withhold and deduct from monies due the Contractor, liquidated damages in the sum of \$500 for each consecutive calendar day that the Contractor fails to complete work within the time specified unless otherwise provided in this Contract.

A. Amendments

1. For any change which affects the Scope of Work, contract sum, payments, or any term or condition included in this Contract, an amendment shall be prepared and executed by Contractor and the Board or if delegated by the Board, the Director, and Contractor.
2. The Board or County's Chief Executive Officer or designee may require the addition and/or change of certain terms and conditions in this Contract during the term of this Contract. County reserves the right to add and/or change such provisions as required by the Board or the Chief Executive Officer. To implement an extension of time, an amendment to this Contract shall be prepared and executed by Contractor and the Board or if delegated by the Board, the Director, and Contractor. 4. For any change which does not materially affect the Scope of Work or any other term or condition included under this Contract, a change order shall be prepared by Public Works and signed by the Contractor. 2. Shareholders, partners, members, or other equity holders of Contractor may transfer, sell, exchange, assign, or divest themselves of any interest they may have therein. However, in the event any such sale, transfer, exchange, assignment, or divestment is effected in such a way as to give majority control of Contractor to any person(s), corporation, partnership, or legal entity other than the majority controlling interest therein at the time of execution of this Contract, such disposition is an assignment requiring the prior written consent of County in accordance with applicable provisions of this Contract.
3. Any assumption, assignment, delegation, or takeover of any of Contractor's duties, responsibilities, obligations, or performance of same by any person or entity other than Contractor, whether through assignment, Subcontract, delegation, merger, buyout, or any other mechanism, with or without consideration for any reason whatsoever without County's express prior written approval, shall be a material breach of this Contract, which may result in the suspension or termination of this Contract. In the event of such a termination, County shall be entitled to pursue the same remedies against Contractor as it could pursue in the event of default of Contractor.

C. Authorization Warranty

Contractor represents and warrants that the person(s) executing this Contract for Contractor is an authorized agent who has actual authority to bind Contractor to each and every term, condition, and obligation of this Contract and that all requirements of Contractor have been fulfilled to provide such actual authority.

D. Budget Reduction

In the event that the County's Board of Supervisors adopts, in any fiscal year, a County Budget which provides for reductions in the salaries and benefits paid to the majority of County employees and imposes similar reductions with respect to County Contracts, the County reserves the right to reduce its payment obligation under this Contract correspondingly for that fiscal year and any subsequent fiscal year during the term of this Contract (including any extensions), and the services to be provided by the Contractor under this Contract shall also be reduced correspondingly. Except as set forth in the preceding sentence, the Contractor shall continue to provide all of the services set forth in this Contract. The County's notice to the Contractor regarding said reduction in payment obligation shall be provided within 30 calendar days of the Board's approval of such actions

Any legal defense pursuant to Contractor's indemnification obligations under this paragraph shall be conducted by Contractor and performed by counsel selected by Contractor and approved by County. Notwithstanding the preceding sentence, County shall have the right to participate in any such defense at its sole cost and expense, except that in the event Contractor fails to provide County with a full and adequate defense as determined by County in its sole judgment, County shall be entitled to retain its own counsel, including, without limitation, County Counsel, and to reimbursement from Contractor for all such costs and expenses incurred by County in doing so. expense, except that in the event Contractor fails to provide County with a full and adequate defense as determined by County in its sole judgment,

County shall be entitled to retain its own counsel, including, without limitation, County Counsel, and to reimbursement from Contractor for all such costs and expenses incurred by County in doing so. Contractor shall not have the right to enter into any settlement, agree to any injunction, or make any admission, in each case, on behalf of County without County's prior written approval.

3. Contractor shall inform all of its officers, employees, agents, and Subcontractors providing services hereunder of the confidentiality provisions of this Contract.

I. Conflict of Interest

1. No County employee whose position with County enables such employee to influence the award of this Contract or any competing Contract, and no spouse or economic dependent of such employee shall be employed in any capacity by Contractor or have any other direct or indirect financial interest in this Contract. No officer or employee of Contractor who may financially benefit from the performance of the work hereunder shall in any way participate in County's approval, or ongoing evaluation, of such work, or in any way attempt to unlawfully influence County's approval or ongoing evaluation of such work.
2. Contractor represents and warrants that it is aware of, and its authorized officers have read, the provisions of Los Angeles County Code, Section 2.180.010, "Certain Contracts Prohibited," and that execution of this Agreement will not violate those provisions. Contractor shall comply with all conflict of interest laws, ordinances, and regulations now in effect or hereafter to be enacted during the term of this Contract. Contractor warrants that it is not now aware of any facts that create a conflict of interest. If Contractor hereafter becomes aware of any facts that might reasonably be expected to create a conflict of interest, it shall immediately make full written disclosure of such facts to County. Full written disclosure shall include, but is not limited to, identification of all persons implicated and a complete description of all relevant circumstances. Failure to comply with the provisions of this paragraph shall be a material breach of this Contract subjecting Contractor to either Contract termination for default or debarment proceedings or both. Contractor must sign and adhere to the "Conflict of Interest Certification" (Form PW-5).

J. Consideration of Hiring County Employees Targeted for Layoffs or Former County Employees on Reemployment List

Should Contractor require additional or replacement personnel after the effective date of this Contract to perform the services set forth herein, Contractor shall give first consideration for such employment openings to qualified permanent County employees who are targeted for layoff or qualified, former County employees who are on a reemployment list during the life of this Contract.

K. Consideration of Hiring GAIN and GROW Participants

1. Should Contractor require additional or replacement personnel after the effective date of this Contract, Contractor shall give consideration for any such employment openings to participants in County's Department of Public Social Services' Greater Avenues for Independence (GAIN) Program and General Relief Opportunity for Work (GROW) Program who meet Contractor's minimum qualifications for the open position. For this purpose, consideration shall mean that Contractor will interview qualified candidates. County will refer GAIN and GROW participants by category to Contractor.

2. In the event that both laid-off County employees and GAIN and GROW participants are available for hiring, County employees shall be given first priority.

L. Contractor's Acknowledgment of County's Commitment to Child Support Enforcement

Contractor acknowledges that County places a high priority on the enforcement of child support laws and the apprehension of child support evaders. Contractor understands that it is County's policy to encourage all County Contractors to voluntarily post County's L.A.'s Most Wanted: Delinquent Parents poster in a prominent position at Contractor's place of business. County's Child Support Services Department will supply Contractor with the poster to be used.

M. Contractor's Charitable Activities Compliance

The Supervision of Trustees and Fundraisers for Charitable Purposes Act regulates entities receiving or raising charitable contributions. The

"Nonprofit Integrity Act of 2004" (SB 1262, Chapter 919) increased Charitable Purposes Act requirements. By requiring Contractors to complete the Charitable Contributions Certification (Form PW-12), County seeks to ensure that all County Contractors which receive or raise charitable contributions comply with California law in order to protect County and its taxpayers. A Contractor which receives or raises charitable contributions without complying with its obligations under

California law commits a material breach subjecting it to either contract termination for default or debarment proceedings or both. (Los Angeles County Code, Chapter 2.202).

N. Contractor's Warranty of Adherence to County's Child Support Compliance Program

1. Contractor acknowledges that County has established a goal of ensuring that all individuals who benefit financially from County through Contracts are in compliance with their court-ordered child, family, and spousal support obligations in order to mitigate the economic burden otherwise imposed upon County and its taxpayers.
2. As required by County's Child Support Compliance Program (Los Angeles County Code, Chapter 2.200), and without limiting Contractor's duty under this Contract to comply with all applicable provisions of law, Contractor warrants that it is now in compliance and shall during the term of this Contract maintain compliance with the employment and wage reporting requirements as required by the Federal Social Security Act (42 USC Section 653a) and California Unemployment Insurance Code, Section 1088.5, and shall implement all lawfully served Wage and Earnings Withholding Orders or Child Support Services Department Notices of Wage and Earnings Assignment for Child, Family, or Spousal Support, pursuant to Code of Civil Procedure Section 706.031 and Family Code Section 5246(b).

O. Contractor Performance Evaluation/Corrective Action Measures

County or its agent will evaluate Contractor's performance under this Contract on not less than an annual basis. Such evaluation will include assessing Contractor's compliance with all this Contract's terms and conditions and performance standards. Contractor deficiencies which County determines are severe or continuing and that may place performance of this Contract in jeopardy, if not corrected, will be reported to the Board. The report will include improvement/corrective action measures taken by County and Contractor. If improvement does not occur consistent with the corrective action measures, County may suspend or terminate this Contract for default or impose other penalties as specified in this Contract.

P. Damage to County Facilities, Buildings, or Grounds

1. Contractor shall repair, or cause to be repaired, at its own cost, any and all damage to County facilities, buildings, or grounds caused by Contractor or employees or agents of Contractor.
2. Such repairs shall be made immediately after Contractor has become aware of such damage, but in no event later than 30 days after the

occurrence. If Contractor fails to make timely repairs, County may make any necessary repairs. All costs incurred by County, as determined by County, for such repairs shall be repaid by Contractor by cash payment upon demand. County may deduct from any payment otherwise due Contractor for costs incurred by County to make such repairs.

Q. Employment Eligibility Verification

1. Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all of its employees performing work under this Contract meet the citizenship or alien status requirements set forth in Federal and State statutes and regulations. Contractor shall obtain, from all covered employees performing services hereunder, all verification and other documentation of employment eligibility status required by Federal and State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986 (P.L. 99-603), or as they currently exist and as they may be hereafter amended. Contractor shall retain all such documentation for all covered employees for the period prescribed by law.

Contractor shall indemnify, defend, and hold harmless, the County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, and Volunteers from employer sanctions and any other liability which may be assessed against Contractor or County or both in connection with any alleged violation of Federal or State statutes or regulations pertaining to the eligibility for employment of persons performing services under this Contract.

R. Facsimile Representations

At the discretion of County, County may agree to regard facsimile representations of original signatures of Contractor's authorized officers, when appearing in appropriate places on the change notices and amendments prepared pursuant to this Exhibit's Amendments, and received via communications facilities, as legally sufficient evidence that such original signatures have been affixed to change notices and amendments to this Contract, such that the Contractor need not follow up facsimile transmissions of such documents with subsequent (nonfacsimile) transmission of "original" versions of such documents.

S. Fair Labor Standards

Contractor shall comply with all applicable provisions of the Federal Fair Labor Standards Act and shall indemnify, defend, and hold harmless the County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, and Volunteers from any and all liability including, but not limited to, wages,

overtime pay, liquidated damages, penalties, court costs, and attorneys' fees arising under any wage and hour law including, but not limited to, the Federal Fair Labor Standards Act, for work performed by Contractor's employees for which County may be found jointly or solely liable.

T. Force Majeure

1. Neither party shall be liable for such party's failure to perform its obligations under and in accordance with this Contract, if such failure arises out of fires, floods, epidemics, quarantine restrictions, other natural occurrences, strikes, lockouts (other than a lockout by such party or any of such party's Subcontractors), freight embargoes, or other similar events to those described above, but in every such case the failure to perform must be totally beyond the control and without any fault or negligence of such party (such events are referred to in this subparagraph as "force majeure events").
2. Notwithstanding the foregoing, a default by a Subcontractor of Contractor shall not constitute a force majeure event, unless such default arises out of causes beyond the control of both Contractor and such Subcontractor, and without any fault or negligence of either of them. In such case, Contractor shall not be liable for failure to perform, unless the goods or services to be furnished by the Subcontractor were obtainable from other sources in sufficient time to permit Contractor to meet the required performance schedule. As used in this subparagraph, the term "Subcontractor" and "Subcontractors" mean Subcontractors at any tier.
3. In the event Contractor's failure to perform arises out of a force majeure event, Contractor agrees to use commercially reasonable best efforts to obtain goods or services from other sources, if applicable, and to otherwise mitigate the damages and reduce the delay caused by such force majeure event.

U. Governing Laws, Jurisdiction, and Venue

This Contract shall be governed by, and construed in accordance with the laws of the State of California. To the maximum extent permitted by applicable law, Contractor and County agree and consent to the exclusive jurisdiction of the courts of the State of California for all purposes concerning this Contract and further agree and consent that venue of any action brought in connection with or arising out of this Contract, shall be exclusively in the County of Los Angeles.

V. Most Favored Public Entity

If the Contractor's prices decline, or should the Contractor at any time during the term of this Contract provide the same goods or services under similar quantity

While County reserves the right to determine independently that the antidiscrimination provisions of this Contract have been violated, in addition, a determination by the California Fair Employment Practices Commission or the Federal Equal Employment Opportunity Commission that Contractor has violated Federal or State antidiscrimination laws or regulations shall constitute a finding by County that Contractor has violated the antidiscrimination provisions of this Contract.

8. The parties agree that in the event Contractor violates any of the antidiscrimination provisions of this Contract, County shall, at its sole option, be entitled to a sum of \$500 for each violation pursuant to California Civil Code, Section 1671, as liquidated damages in lieu of terminating or suspending this Contract.

All such documents become a matter of public record and shall be regarded as public records, except those documents that are marked "Trade Secret," "Confidential," or "Proprietary" and are deemed excluded from disclosure under Government Code 6250 et seq. (Public Records Act). County shall not in any way be liable or responsible for the disclosure of any such records including, with limitation, those so marked, if disclosure is required by law, or by an order issued by a court of competent jurisdiction.
2. In the event County is required to defend an action on a Public Records Act request for any of the aforementioned documents, information, books, records, and/or contents of a proposal marked "Trade Secret," "Confidential," or "Proprietary," Contractor agrees to defend and indemnify County from all costs and expenses, including reasonable attorney's fees, in connection with any requested action or liability arising under the Public Records Act.

Subject to applicable law, County shall make a reasonable effort to maintain the confidentiality of such audit report(s).
2. Failure on the part of Contractor to comply with any of the provisions of this paragraph shall constitute a material breach of this Contract upon which County may suspend or terminate for default or suspend this Contract.
3. If, at any time during the term of this Contract or within five years after the expiration or termination of this Contract, representatives of County conduct an audit of Contractor regarding the work performed under this Contract, and if such audit finds that County's dollar liability for any such work is less than payments made by County to Contractor, then the difference shall be either: a) repaid by Contractor to County by cash payment upon demand or b) at the sole option of County's Auditor-Controller, deducted from any amounts due to Contractor from County, whether under this Contract or otherwise. If such audit finds that County's dollar liability for such work is more than the payments made by County to Contractor, then the difference shall be paid to Contractor by County by cash payment, provided that in no event shall County's maximum obligation for this Contract exceed the funds appropriated by County for the purpose of this Contract.
4. In addition to the above, the Contractor agrees, should the County or its authorized representatives determine, in the County's sole discretion, that it is necessary or appropriate to review a broader scope of the Contractor's records (including, certain records related to non-County

Contracts) to enable the County to evaluate the Contractor's compliance with the County's Living Wage Program, that the Contractor shall promptly and without delay provide to the County, upon the written request of the

County's request at any time during the term of the Contract. County will not provide to Contractor or to Contractor's staff any information obtained through the County's background investigation

County, in its sole discretion, may immediately deny or terminate facility access to any member of Contractor's staff that does not pass such investigation to the satisfaction of the County or whose background or conduct is incompatible with County facility access.

If any provision of this Contract or the application thereof to any person or circumstance is held invalid, the remainder of this Contract and the application of such provision to other persons or circumstances shall not be affected thereby.

KK. Waiver

Failure of County to enforce at anytime, or from time to time, any provision of this Contract shall not be construed as a waiver thereof.

LL. Warranty Against Contingent Fees

1. Contractor warrants that no person or selling agency has been employed or retained to solicit or secure this Contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee excepting bona fide employees or bona fide established commercial or selling agencies maintained by Contractor for the purpose of securing business.

The parties will agree that under the current circumstances a reasonable estimate of such damages is specified in Exhibit F, Performance Requirements Summary, and that the Contractor shall be liable to the County for said amount.

If in the judgment of the Director, or his/her designee, the Contractor is deemed to be in non-compliance with the terms and obligations, the Director or his/her designee, at his/her option, in addition to, or in lieu of, other remedies provided in Exhibit F, Performance Requirements Summary, may deduct and withhold liquidated damages from County's final payment to the Contractor.

County shall have no liability or responsibility for the payment of any salaries, wages, unemployment benefits, disability benefits, Federal, State, or local taxes, or other compensation, benefits, or taxes for any personnel provided by or on behalf of Contractor.
3. Contractor understands and agrees that all persons performing work pursuant to this Contract are, for purposes of Workers' Compensation liability, solely employees of Contractor and not employees of County. Contractor shall be solely liable and responsible for furnishing any and all Workers' Compensation benefits to any person as a result of any injuries arising from or connected with any work performed by or on behalf of Contractor pursuant to this Contract.

B. Indemnification

Contractor shall indemnify, defend, and hold harmless the County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, and Volunteers ("County Indemnities") from and against any and all liability, including, but not limited to, demands, claims, actions, fees, costs, and expenses of any nature whatsoever (including attorney and expert witness fees), arising from or connected with Contractor's acts and/or omissions arising from and/or relating to this Contract except for loss or damage arising from the sole negligence or willful misconduct of the County Indemnities. This indemnification also shall include any and all intellectual property liability, including copyright infringement and similar claims.

C. Workplace Safety Indemnification

In addition to and without limiting the indemnification required by this Exhibit's Section 5.B (above), and to the extent allowed by law, Contractor agrees to defend, indemnify, and hold harmless the County of Los Angeles, its Special

Districts, Elected Officials, Officers, Agents, Employees, and Volunteers from and against any and all investigations, complaints, citations, liability, expense (including defense costs and legal fees), claims, and/or causes of action for damages of any nature whatsoever including, but not limited to, injury or death to employees of Contractor, its Subcontractors, or County, attributable to any alleged act or omission of Contractor and/or its Subcontractors which is in violation of any Cal/OSHA regulation. The obligation to defend, indemnify, and hold harmless County includes all investigations and proceedings associated with purported violations of Section 336.10 of Title 8 of the California Code of Regulations pertaining to multiemployer worksites. Contractor shall not be obligated to indemnify for liability and expenses arising from the active negligence of County. County may deduct from any payment otherwise due Contractor any costs incurred or anticipated to be incurred by County, including legal fees and staff costs, associated with any investigation or enforcement proceeding brought by Cal/OSHA arising out of the work being performed by Contractor under this Contract.

D. General Insurance Requirements

1. Without limiting Contractor's indemnification of County, and in the performance of this Contract and until all of its obligations pursuant to this Contract have been met, Contractor shall provide and maintain at its own expense insurance coverage satisfying the requirements specified in this paragraph and paragraph F of this Section. These minimum insurance coverage terms, types, and limits (the "Required Insurance") also are in addition to and separate from any other contractual obligation imposed upon Contractor pursuant to this Contract. The County in no way warrants that the Required Insurance is sufficient to protect the Contractor for liabilities which may arise from or relate to this Contract.
2. Evidence of Coverage and Notice to County - A certificate(s) of insurance coverage (Certificate) satisfactory to County, and a copy of an Additional Insured endorsement confirming the County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, and Volunteers has been given Insured status under the Contractor's General Liability policy, shall be delivered to County at the address shown below and provided prior to commencing services under this Contract.
 - a. Renewal Certificates shall be provided to County not less than ten days prior to Contractor's policy expiration dates. The County reserves the right to obtain complete certified copies of any required Contractor and/or Subcontractor insurance policies at any time.
 - b. Certificates shall identify all Required Insurance coverage types and limits specified herein, reference this Contract by name or

number, and be signed by an authorized representative of the insurer(s). The Insured party named on the Certificate shall match the name of the Contractor identified as the contracting party in this Contract. Certificates shall provide the full name of each insurer providing coverage, its NAIC (National Association of Insurance Commissioners) identification number, its financial rating, the amounts of any policy deductibles or self-insured retentions exceeding \$50,000, and list any County required endorsement forms.

- c. Neither the County's failure to obtain, nor the County's receipt of, or failure to object to a noncomplying insurance certificate or endorsement, or any other insurance documentation or information provided by the Contractor, its insurance broker(s) and/or insurer(s), shall be construed as a waiver of any of the Required Insurance provisions.
- d. Certificates and copies of any required endorsements shall be sent to:

County of Los Angeles
Department of Public Works, Administrative Services Division
P.O. Box 1460
Alhambra, California 91802-1460
Attention of: Contract Analyst (noted in the RFSQ Notice)

- e. Contractor also shall promptly report to County any injury or property damage accident or incident, including any injury to a Contractor employee occurring on County property, and any loss, disappearance, destruction, misuse, or theft of County property, monies or securities entrusted to Contractor. Contractor also shall promptly notify County of any third-party claim or suit filed against Contractor or any of its Subcontractors which arises from or relates to this Contract, and could result in the filing of a claim or lawsuit against Contractor and/or County.
3. Additional Insured Status and Scope of Coverage - The County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, and Volunteers shall be provided additional insured status under Contractor's General Liability policy with respect to liability arising out of Contractor's ongoing and completed operations performed on behalf of the County. The County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, and Volunteers additional insured status shall apply with respect to liability and defense of suits arising out of the Contractor's acts or omissions, whether such liability is attributable to

the Contractor or to the County. The full policy limits and scope of protection also shall apply to the County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, and Volunteers as an additional insured, even if they exceed the County's minimum Required Insurance specifications herein. Use of an automatic additional insured endorsement form is acceptable providing it satisfies the Required Insurance provisions herein.

4. Cancellation of or Changes in Insurance: Contractor shall provide County with, or Contractor's insurance policies shall contain a provision that County shall receive, written notice of cancellation or any change in Required Insurance, including insurer, limits of coverage, term of coverage or policy period. The written notice shall be provided to County at least 10 days in advance of cancellation for nonpayment of premium and 30 days in advance for any other cancellation or policy change. Failure to provide written notice of cancellation or any change in Required Insurance may constitute a material breach of the Contract, in the sole discretion of the County, upon which the County may suspend or terminate this Contract.
5. Failure to Maintain Insurance: Contractor's failure to maintain or to provide acceptable evidence that it maintains the Required Insurance shall constitute a material breach of the Contract, upon which County immediately may withhold payments due to Contractor, and/or suspend or terminate this Contract. County, at its sole discretion, may obtain damages from Contractor resulting from said breach. Alternatively, the County may purchase the Required Insurance, and without further notice to Contractor, deduct the premium cost from sums due to Contractor or pursue Contractor reimbursement.
6. Insurer Financial Ratings: Coverage shall be placed with insurers acceptable to the County with A.M. Best ratings of not less than A:VII unless otherwise approved by County.
7. Contractor's Insurance Shall Be Primary: Contractor's insurance policies, with respect to any claims related to this Contract, shall be primary with respect to all other sources of coverage available to Contractor. Any County maintained insurance or self-insurance coverage shall be in excess of and not contribute to any Contractor coverage.
8. Waivers of Subrogation: To the fullest extent permitted by law, the Contractor hereby waives its rights and its insurer(s)' rights of recovery against County under all the Required Insurance for any loss arising from or relating to this Contract. The Contractor shall require its insurers to execute any waiver of subrogation endorsements which may be necessary to effect such waiver.

9. Subcontractor Insurance Coverage Requirements: Contractor shall include all Subcontractors as insureds under Contractor's own policies, or shall provide County with each Subcontractor's separate evidence of insurance coverage. Contractor shall be responsible for verifying each Subcontractor complies with the Required Insurance provisions herein, and shall require that each Subcontractor name the County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, Volunteers, and Contractor as additional insureds on the Subcontractor's General Liability policy. Contractor shall obtain County's prior review and approval of any Subcontractor request for modification of the Required Insurance.
10. Deductibles and Self-Insured Retentions (SIRs): Contractor's policies shall not obligate the County to pay any portion of any Contractor deductible or SIR. The County retains the right to require Contractor to reduce or eliminate policy deductibles and SIRs as respects the County, or to provide a bond guaranteeing Contractor's payment of all deductibles and SIRs, including all related claims investigation, administration and defense expenses. Such bond shall be executed by a corporate surety licensed to transact business in the State of California.
11. Claims Made Coverage: If any part of the Required Insurance is written on a claims made basis, any policy retroactive date shall precede the effective date of this Contract. Contractor understands and agrees it shall maintain such coverage for a period of not less than three years following Contract expiration, termination, or cancellation.
12. Application of Excess Liability Coverage: Contractors may use a combination of primary, and excess insurance policies which provide coverage as broad as ("follow form" over) the underlying primary policies, to satisfy the Required Insurance provisions.
13. Separation of Insureds: All liability policies shall provide cross-liability coverage as would be afforded by the standard ISO (Insurance Services Office, Inc.) separation of insureds provision with no insured versus insured exclusions or limitations.
14. Alternative Risk Financing Programs: The County reserves the right to review, and then approve, Contractor use of self-insurance, risk retention groups, risk purchasing groups, pooling arrangements, and captive insurance to satisfy the Required Insurance provisions. The County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, and Volunteers shall be designated as an Additional Covered Party under any approved program.

15. County Review and Approval of Insurance Requirements: The County reserves the right to review and adjust the Required Insurance provisions, conditioned upon County's determination of changes in risk exposures.

E. Compensation for County Costs

In the event that the Contractor fails to comply with any of the indemnification or insurance requirements of this Contract, and such failure to comply results in any costs to the County, the Contractor shall pay full compensation for all costs incurred by the County.

F. Insurance Coverage Requirements

1. Commercial General Liability insurance (providing scope of coverage equivalent to ISO policy form CG 00 01), naming The County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, and Volunteers as an additional insured, with limits of not less than:

General Aggregate:	\$2 million
Products/Completed Operations Aggregate:	\$1 million
Personal and Advertising Injury:	\$1 million
Each Occurrence:	\$1 million

2. Automobile Liability insurance (providing scope of coverage equivalent to ISO policy form CA 00 01) with limits of not less than \$1 million for bodily injury and property damage, in combined or equivalent split limits, for each single accident. Insurance shall cover liability arising out of Contractor's use of autos pursuant to this Contract, including owned, leased, hired, and/or nonowned autos, as each may be applicable.
3. Workers Compensation and Employers' Liability insurance or qualified self-insurance satisfying statutory requirements, which includes Employers' Liability coverage with limits of not less than \$1 million per accident. If Contractor is a temporary staffing firm or a professional employer organization (PEO), coverage also shall include an Alternate Employer Endorsement (providing scope of coverage equivalent to ISO policy form WC 00 03 01 A) naming the County as the Alternate Employer, and the endorsement form shall be modified to provide that County will receive not less than 30 days advance written notice of cancellation of this coverage provision. If applicable to Contractor's operations, coverage also shall be arranged to satisfy the requirements of any Federal workers or workmen's compensation law or any Federal occupational disease law.

SECTION 6

CONTRACTOR RESPONSIBILITY AND DEBARMENT

A. Responsible Contractor

A responsible Contractor is a Contractor who has demonstrated the attribute of trustworthiness as well as quality, fitness, capacity, and experience to satisfactorily perform the Contract. It is County's policy to conduct business only with responsible Contractors.

B. Chapter 2.202 of the County Code

Contractor is hereby notified that, in accordance with Chapter 2.202 of County Code, if County acquires information concerning the performance of Contractor on this or other Contracts which indicates that Contractor is not responsible, County may, in addition to other remedies provided in this Contract, debar Contractor from bidding or proposing on, being awarded, and/or performing work on County Contracts for a specified period of time, which generally will not exceed five years but may exceed five years or be permanent if warranted by the circumstances, and suspend or terminate any or all existing Contracts Contractor may have with County.

C. Nonresponsible Contractor

County may debar a Contractor if the Board finds, in its discretion, that Contractor has done any of the following: (1) violated any term of a Contract with County or a nonprofit corporation created by County; (2) committed an act or omission which negatively reflects on Contractor's quality, fitness, or capacity to perform a contract with County, any other public entity, or a nonprofit corporation created by County, or engaged in a pattern or practice which negatively reflects on same; (3) committed an act or offense which indicates a lack of business integrity or business honesty; or (4) made or submitted a false claim against County or any other public entity.

D. Contractor Hearing Board

1. If there is evidence that Contractor may be subject to debarment, Public Works will notify Contractor in writing of the evidence which is the basis for the proposed debarment and will advise Contractor of the scheduled date for a debarment hearing before Contractor Hearing Board.
2. Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. Contractor and/or Contractor's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, Contractor Hearing Board will prepare a tentative proposed decision, which shall contain a recommendation

regarding whether Contractor should be debarred, and, if so, the appropriate length of time of the debarment. Contractor and Public Works shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board.

3. After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision, and any other recommendation of Contractor Hearing Board shall be presented to the Board. The Board shall have the right to modify, deny, or adopt the proposed decision and recommendation of Contractor Hearing Board.
4. If a Contractor has been debarred for a period longer than five years, that Contractor may, after the debarment has been in effect for at least five years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that Contractor has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership or management; (3) material evidence discovered after debarment was imposed; or (4) any other reason that is in the best interests of County.
5. Contractor Hearing Board will consider a request for review of a debarment determination only where (1) Contractor has been debarred for a period longer than five years; (2) the debarment has been in effect for at least five years; and (3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, Contractor Hearing Board will provide notice of the hearing on the request. At the hearing, Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by Contractor Hearing Board pursuant to the same procedure as for a debarment hearing.
6. Contractor Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. Contractor Hearing Board shall present its proposed decision and recommendation to the Board. The Board shall have the right to modify, deny, or adopt the proposed decision and recommendation of Contractor Hearing Board.

E. Subcontractors of Contractor

These terms shall also apply to Subcontractors of County Contractors.

SECTION 7

COMPLIANCE WITH COUNTY'S JURY SERVICE PROGRAM

A. Jury Service Program

This Contract is subject to the provisions of County's ordinance entitled Contractor Employee Jury Service (Jury Service Program) as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code.

B. Written Employee Jury Service Policy

1. Unless Contractor has demonstrated to County's satisfaction either that Contractor is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of County Code) or that Contractor qualifies for an exception to the Jury Service Program (Section 2.203.070 of County Code), Contractor shall have and adhere to a written policy that provides that its Employees shall receive from Contractor, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that Employee deposit any fees received for such jury service with Contractor or that Contractor deduct from the Employee's regular pay the fees received for jury service.
2. For purposes of this Section, "Contractor" means a person, partnership, corporation, or other entity which has a contract with County or a Subcontract with a County Contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County Contracts or Subcontracts. "Employee" means any California resident who is a full-time employee of Contractor. "Full-time" means 40 hours or more worked per week, or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by County, or 2) Contractor has a long-standing practice that defines the lesser number of hours as full-time. Full-time employees providing short-term, temporary services of 90 days or less within a 12-month period are not considered full-time for purposes of the Jury Service Program. If Contractor uses any Subcontractor to perform services for County under this Contract, the Subcontractor shall also be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such Subcontract agreement and a copy of the Jury Service Program shall be attached to the agreement.
3. If Contractor is not required to comply with the Jury Service Program when this Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and Contractor shall immediately notify County if Contractor at

any time either comes within the Jury Service Program's definition of "Contractor" or if Contractor no longer qualifies for an exception to the Jury Service Program. In either event, Contractor shall immediately implement a written policy consistent with the Jury Service Program. County may also require, at any time during this Contract and at its sole discretion, that Contractor demonstrate to County's satisfaction that Contractor either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that Contractor continues to qualify for an exception to the Jury Service Program.

4. Contractor's violation of this Section of this Contract may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, suspend or terminate this Contract and/or bar Contractor from the award of future County Contracts for a period of time consistent with the seriousness of the breach.

SECTION 8

SAFELY SURRENDERED BABY LAW PROGRAM

A. Contractor's Acknowledgment of County's Commitment to the Safely Surrendered Baby Law

Contractor acknowledges that County places a high priority on the implementation of the Safely Surrendered Baby Law. Contractor understands that it is County's policy to encourage all County Contractors to voluntarily post County's "Safely Surrendered Baby Law" poster in a prominent position at Contractor's place of business. Contractor will also encourage its Subcontractors, if any, to post this poster in a prominent position in the Subcontractor's place of business. County's Department of Children and Family Services will supply Contractor with the poster to be used. Information on how to receive the poster can be found on the Internet at www.babysafela.org.

B. Notice to Employees Regarding the Safely Surrendered Baby Law

Contractor shall notify and provide to its employees, and shall require each Subcontractor to notify and provide to its employees, a fact sheet regarding the Safely Surrendered Baby Law, its implementation in County, and where and how to safely surrender a baby. The fact sheet is set forth in Exhibit D of this Contract and is also available on the Internet at www.babysafela.org for printing purposes.

SECTION 9

COMPLIANCE WITH COUNTY'S LIVING WAGE PROGRAM

A. Living Wage Program

This Contract is subject to the provisions of County's ordinance entitled Living Wage Program as codified in Sections 2.201.010 through 2.201.100 of the Los Angeles County Code, a copy of which is attached hereto as Form LW-1 and incorporated by reference into and made a part of this Contract.

B. Payment of Living Wage Rates

1. Unless Contractor has demonstrated to County's satisfaction either that Contractor is not an "Employer" as defined under the Living Wage Program (Section 2.201.020 of County Code) or that Contractor qualifies for an exception to the Living Wage Program (Section 2.201.090 of County Code), Contractor shall pay its Employees no less than the applicable hourly living wage rate, as set forth in Form LW-3, Living Wage Rate Annual Adjustments, for the Employees' services provided to County including, without limitation, "Travel Time" as defined below in subsection 5 of this Section 9.B under this Contract.
2. For purposes of this Section, "Contractor" includes any Subcontractor engaged by Contractor to perform services for County under this Contract. If Contractor uses any Subcontractor to perform services for County under this Contract, the Subcontractor shall be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such Subcontract and a copy of the Living Wage Program shall be attached to the Subcontract. "Employee" means any individual who is an employee of Contractor under the laws of California, and who is providing full-time or part-time services to Contractor, which are provided to County under this Contract. "Full-time" means a minimum of 40 hours worked per week or a lesser number of hours, if the lesser number is a recognized industry standard and is approved as such by County; however, fewer than 35 hours worked per week will not, in any event, be considered full-time.
3. If Contractor is required to pay a living wage when this Contract commences, Contractor shall continue to pay a living wage for the entire term of this Contract, including any option period.
4. If Contractor is not required to pay a living wage when this Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exemption status" from the living wage requirement. Contractor shall immediately notify County if Contractor at any time either comes within the Living Wage Program's definition of "Employer" or if Contractor no longer qualifies for an exception to the Living Wage Program.

In either event, Contractor shall immediately be required to commence paying the living wage and shall be obligated to pay the living wage for the remaining term of this Contract, including any option period. County may also require, at any time during this Contract and at its sole discretion, that Contractor demonstrate to County's satisfaction that Contractor either continues to remain outside of the Living Wage Program's definition of "Employer" and/or that Contractor continues to qualify for the exception to the Living Wage Program. Unless Contractor satisfies this requirement within the time frame permitted by County, Contractor shall immediately be required to pay the living wage for the remaining term of this Contract, including any option period.

5. For purposes of Contractor's obligation to pay its Employees the applicable hourly living wage rate under this Contract, "Travel Time" shall have the following two meanings, as applicable: 1) with respect to travel by an Employee that is undertaken in connection with this Contract, Travel Time shall mean any period during which an Employee physically travels to or from a County facility if Contractor pays the Employee any amount for that time or if California law requires Contractor to pay the Employee any amount for that time; and 2) with respect to travel by an Employee between County facilities that are subject to two different Contracts between Contractor and County (of which both Contracts are subject to the Living Wage Program), Travel Time shall mean any period during which an Employee physically travels to or from, or between such County facilities if Contractor pays the Employee any amount for that time or if California law requires Contractor to pay the Employee any amount for that time.

C. Contractor's Submittal of Certified Monitoring Reports

Contractor shall submit to County certified monitoring reports at a frequency instructed by County. The certified monitoring reports shall list all of Contractor's Employees during the reporting period. The certified monitoring reports shall also verify the number of hours worked and the hourly wage rate paid for each of its Employees. All certified monitoring reports shall be submitted on forms provided by County or any other forms approved by County, which contains the above information. County reserves the right to request any additional information it may deem necessary. If County requests additional information, Contractor shall promptly provide such information. Contractor, through one of its officers, shall certify under penalty of perjury that the information contained in each certified monitoring report is true and accurate.

D. Contractor's Ongoing Obligation to Report Labor Law/Payroll Violations and Claims

During the term of this Contract, if Contractor becomes aware of any labor law/payroll violations or any complaint, investigation, or proceeding ("claim") concerning any alleged labor law/payroll violation (including, but not limited to, any violation or claim pertaining to wages, hours, and working conditions, such as

minimum wage, prevailing wage, living wage, the Fair Labor Standards Act, employment of minors, or unlawful employment discrimination), Contractor shall immediately inform County of any pertinent facts known by Contractor regarding the same. This disclosure obligation is not limited to any labor law/payroll violation or claim arising out of Contractor's Contract with County, but instead applies to any labor law/payroll violation or claim arising out of any of Contractor's operation in California.

E. County Auditing of Contractor Records

Upon a minimum of 24 hours' written notice, County may audit, at Contractor's place of business, any of Contractor's records pertaining to this Contract, including all documents and information relating to the certified monitoring reports. Contractor is required to maintain all such records in California until the expiration of five years from the date of final payment under this Contract. Authorized agents of County shall have access to all such records during normal business hours for the entire period that records are to be maintained.

F. Notifications to Employees

Contractor shall place County-provided living wage posters at each of Contractor's place of business and locations where Contractor's Employees are working. Contractor shall also distribute County-provided notices to each of its Employees at least once per year. Contractor shall translate posters and handouts into Spanish and any other language spoken by a significant number of Employees.

G. Enforcement and Remedies

If Contractor fails to comply with the requirements of this Section, County shall have the rights and remedies described in this Section in addition to any rights and remedies provided by law or equity.

1. Remedies for Submission of Late or Incomplete Certified Monitoring Reports: If Contractor submits a certified monitoring report to County after the date it is due or if the report submitted does not contain all of the required information or is inaccurate or is not properly certified, any such deficiency shall constitute a breach of this Contract. In the event of any such breach, County may, in its sole discretion, exercise any or all of the following rights/remedies:

a. Withholding of Payment: If Contractor fails to submit accurate, complete, timely, and properly certified monitoring reports, County may withhold from payment to Contractor up to the full amount of any invoice that would otherwise be due, until Contractor has satisfied the concerns of County, which may include required submittal of revised certified monitoring reports or additional supporting documentation.

- b. Liquidated Damages: It is mutually understood and agreed that Contractor's failure to submit an accurate, complete, timely, and properly certified monitoring report will result in damages being sustained by County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; that the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time; and that the liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, in the event that a certified monitoring report is deficient, including, but not limited to, being late, inaccurate, incomplete, or uncertified, it is agreed that County may, in its sole discretion, assess against Contractor liquidated damages in the amount of \$100 per monitoring report for each day until County has been provided with a properly prepared, complete, and certified monitoring report. County may deduct any assessed liquidated damages from any payments otherwise due to Contractor.
 - c. Termination/Suspension: Contractor's failure to submit an accurate, complete, timely, and properly certified monitoring report may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, suspend or terminate this Contract.
2. Remedies for Payment of Less Than the Required Living Wage: If Contractor fails to pay any Employee at least the applicable hourly living wage rate; such deficiency shall constitute a breach of this Contract. In the event of any such breach, County may, in its sole discretion, exercise any or all of the following rights/remedies:
- a. Withholding Payment: If Contractor fails to pay one or more of its Employees at least the applicable hourly living wage rate, County may withhold from any payment otherwise due to Contractor the aggregate difference between the living wage amounts Contractor was required to pay its Employees for a given pay period and the amount actually paid to the Employees for that pay period. County may withhold said amount until Contractor has satisfied County that any underpayment has been cured, which may include required submittal of revised certified monitoring reports or additional supporting documentation.
 - b. Liquidated Damages: It is mutually understood and agreed that Contractor's failure to pay any of its Employees at least the applicable hourly living wage rate will result in damages being sustained by County. It is also understood and agreed that the nature and amount

of the damages will be extremely difficult and impractical to fix; that the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time; and that the liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, it is agreed that County may, in its sole discretion, assess against Contractor liquidated damages of \$50 per Employee per day for each and every instance of an underpayment to an Employee. County may deduct any assessed liquidated damages from any payments otherwise due to Contractor.

c. Termination/Suspension: Contractor's failure to pay any of its Employees the applicable hourly living wage rate may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, suspend or terminate this Contract.

3. Debarment: In the event Contractor breaches a requirement of this Section, County may, in its sole discretion, bar Contractor from the award of future County Contracts for a period of time consistent with the seriousness of the breach, in accordance with Los Angeles County Code, Section 2.202, Determinations of Contractor Nonresponsibility and Contractor Debarment.

H. Use of Full-Time Employees

Contractor shall assign and use full-time Employees of Contractor to provide services under this Contract unless Contractor can demonstrate to the satisfaction of County that it is necessary to use non-full-time Employees based on staffing efficiency or County requirements for the work to be performed under this Contract. It is understood and agreed that Contractor shall not, under any circumstance, use non-full-time Employees for services provided under this Contract unless and until County has provided written authorization for the use of same. Contractor submitted with its proposal a full-time-Employee staffing plan. If Contractor changes its full-time-Employee staffing plan, Contractor shall immediately provide a copy of the new staffing plan to County.

I. Contractor Retaliation Prohibited

Contractor and/or its Employees shall not take any adverse action which would result in the loss of any benefit of employment, any Contract benefit, or any statutory benefit for any Employee, person, or entity who has reported a violation of the Living Wage Program to County or to any other public or private agency, entity, or person. A violation of the provisions of this paragraph may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, suspend or terminate this Contract.

J. Contractor Standards

During the term of this Contract, Contractor shall maintain business stability, integrity in employee relations, and the financial ability to pay a living wage to its employees. If requested to do so by County, Contractor shall demonstrate to the satisfaction of County that Contractor is complying with this requirement.

K. Neutrality in Labor Relations

Contractor shall not use any consideration received under this Contract to hinder, or to further, organization of, or collective bargaining activities by or on behalf of Contractor's employees, except that this restriction shall not apply to any expenditure made in the course of good faith collective bargaining, or to any expenditure pursuant to obligations incurred under a bona fide collective bargaining agreement, or which would otherwise be permitted under the provisions of the National Labor Relations Act.

SECTION 10

SOCIAL ENTERPRISE (SE) PREFERENCE PROGRAM

This Contract is subject to the provisions of the County's ordinance entitled SE Preference Program, as codified in Chapter 2.205 of the Los Angeles County Code.

Contractor shall not knowingly and with the intent to defraud, fraudulently obtain, retain, attempt to obtain or retain, or aid another in fraudulently obtaining or retaining or attempting to obtain or retain certification as a SE.

Contractor shall not willfully and knowingly make a false statement with the intent to defraud, whether by affidavit, report, or other representation, to a County official or employee for the purpose of influencing the certification or denial of certification of any entity as a SE.

If Contractor has obtained County certification as a SE by reason of having furnished incorrect supporting information or by reason of having withheld information, and which knew, or should have known, the information furnished was incorrect or the information withheld was relevant to its request for certification, and which by reason of such certification has been awarded this contract to which it would not otherwise have been entitled, Contractor shall:

1. Pay to the County any difference between the Contract amount and what the County's costs would have been if the Contract had been properly awarded.
2. In addition to the amount described in subdivision (1), be assessed a penalty in the amount of not more than 10 percent of the amount of this Contract.
3. Be subject to the provisions of Chapter 2.202 of the Los Angeles County Code (Determinations of Contractor Nonresponsibility and Contractor Debarment).

The above penalties shall also apply to any entity that has previously obtained proper certification, however, as a result of a change in their status would no longer be eligible for certification, and fails to notify the Department of Consumer and Business Affairs of this information prior to responding to a solicitation or accepting a contract award.

SECTION 11

Safely Surrendered Baby Law

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents or other persons, with lawful custody, which means anyone to whom the parent has given permission to confidentially surrender a baby. As long as the baby is three days (72 hours) of age or younger and has not been abused or neglected, the baby may be surrendered without fear of arrest or prosecution.

Every baby deserves a chance for a healthy life. If someone you know is considering abandoning a baby, let her know there are other options. For three days (72 hours) after birth, a baby can be surrendered to staff at any hospital or fire station in Los Angeles County.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially, and safely surrender a baby within three days (72 hours) of birth. The baby must be handed to an employee at a hospital or fire station in Los Angeles County. As long as the baby shows no sign of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, staff will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent or other surrendering adult.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

No. While in most cases a parent will bring in the baby, the Law allows other people to bring in the baby if they have lawful custody.

Does the parent or surrendering adult have to call before bringing in the baby?

No. A parent or surrendering adult can bring in a baby anytime, 24 hours a day, 7 days a week, as long as the parent or surrendering adult surrenders the baby to someone who works at the hospital or fire station.

Does the parent or surrendering adult have to tell anything to the people taking the baby?

No. However, hospital or fire station personnel will ask the surrendering party to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the baby. The questionnaire includes a stamped return envelope and can be sent in at a later time.

What happens to the baby?

The baby will be examined and given medical treatment. Upon release from the hospital, social workers immediately place the baby in a safe and loving home and begin the adoption process.

What happens to the parent or surrendering adult?

Once the parent or surrendering adult surrenders the baby to hospital or fire station personnel, they may leave at any time.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned, hurt or killed by their parents. You may have heard tragic stories of babies left in dumpsters or public bathrooms. Their parents may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had no one or nowhere to turn for help, they abandoned their babies. Abandoning a baby is illegal and places the baby in extreme danger. Too often, it results in the baby's death. The Safely Surrendered Baby Law prevents this tragedy from ever happening again in California.

A baby's story

Early in the morning on April 9, 2005, a healthy baby boy was safely surrendered to nurses at Harbor-UCLA Medical Center. The woman who brought the baby to the hospital identified herself as the baby's aunt and stated the baby's mother had asked her to bring the baby to the hospital on her behalf. The aunt was given a bracelet with a number matching the anklet placed on the baby; this would provide some identification in the event the mother changed her mind about surrendering the baby and wished to reclaim the baby in the 14-day period allowed by the Law. The aunt was also provided with a medical questionnaire and said she would have the mother complete and mail back in the stamped return envelope provided. The baby was examined by medical staff and pronounced healthy and full-term. He was placed with a loving family that had been approved to adopt him by the Department of Children and Family Services.

Ley de Entrega de Bebés *Sin Peligro*

Los recién nacidos pueden ser entregados en forma segura al personal de cualquier hospital o cuartel de bomberos del Condado de Los Ángeles

Sin pena. Sin culpa. Sin nombres.

Ley de Entrega de Bebés Sin Peligro

¿Qué es la Ley de Entrega de Bebés sin Peligro?

La Ley de Entrega de Bebés sin Peligro de California permite la entrega confidencial de un recién nacido por parte de sus padres u otras personas con custodia legal, es decir cualquier persona a quien los padres le hayan dado permiso. Siempre que el bebé tenga tres días (72 horas) de vida o menos, y no haya sufrido abuso ni negligencia, pueden entregar al recién nacido sin temor de ser arrestados o procesados.

Cada recién nacido se merece la oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele que tiene otras opciones. Hasta tres días (72 horas) después del nacimiento, se puede entregar un recién nacido al personal de cualquier hospital o cuartel de bomberos del condado de Los Angeles.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura dentro de los tres días (72 horas) del nacimiento. El bebé debe ser entregado a un empleado de cualquier hospital o cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazalete y el padre/madre o el adulto que lo entregue recibirá un brazalete igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden comenzar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

No. Si bien en la mayoría de los casos son los padres los que llevan al bebé, la ley permite que otras personas lo hagan si tienen custodia legal.

¿Los padres o el adulto que entrega al bebé deben llamar antes de llevar al bebé?

No. El padre/madre o adulto puede llevar al bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, siempre y cuando entreguen a su bebé a un empleado del hospital o cuartel de bomberos.

¿Es necesario que el padre/madre o adulto diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital o cuartel de bomberos le pedirá a la persona que entregue al bebé que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para cuidar bien del bebé. El cuestionario incluye un sobre con el sello postal pagado para enviarlo en otro momento.

¿Qué pasará con el bebé?

El bebé será examinado y le brindarán atención médica. Cuando le den el alta del hospital, los trabajadores sociales inmediatamente ubicarán al bebé en un hogar seguro donde estará bien atendido, y se comenzará el proceso de adopción.

¿Qué pasará con el padre/madre o adulto que entregue al bebé?

Una vez que los padres o adulto hayan entregado al bebé al personal del hospital o cuartel de bomberos, pueden irse en cualquier momento.

¿Por qué se está haciendo esto en California?

La finalidad de la Ley de Entrega de Bebés sin Peligro es proteger a los bebés para que no sean abandonados, lastimados o muertos por sus padres. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Los padres de esos bebés probablemente hayan estado pasando por dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus bebés porque tenían miedo y no tenían nadie a quien pedir ayuda. El abandono de un recién nacido es ilegal y pone al bebé en una situación de peligro extremo. Muy a menudo el abandono provoca la muerte del bebé. La Ley de Entrega de Bebés sin Peligro impide que vuelva a suceder esta tragedia en California.

Historia de un bebé

A la mañana temprano del día 9 de abril de 2005, se entregó un recién nacido saludable a las enfermeras del Harbor-UCLA Medical Center. La mujer que llevó el recién nacido al hospital se dio a conocer como la tía del bebé, y dijo que la madre le había pedido que llevara al bebé al hospital en su nombre. Le entregaron a la tía un brazalete con un número que coincidía con la pulsera del bebé; esto serviría como identificación en caso de que la madre cambiara de opinión con respecto a la entrega del bebé y decidiera recuperarlo dentro del período de 14 días que permite esta ley. También le dieron a la tía un cuestionario médico, y ella dijo que la madre lo llenaría y lo enviaría de vuelta dentro del sobre con franqueo pagado que le habían dado. El personal médico examinó al bebé y se determinó que estaba saludable y a término. El bebé fue ubicado con una buena familia que ya había sido aprobada para adoptarlo por el Departamento de Servicios para Niños y Familias.

Diesel (On-Highway) – June 2009 ²	218.7 cents per Gallon
Percent Change = [(June 2009 Price/Gallon – November 2007 Price/Gallon) / (November 2007 Price/Gallon) x (100)	
[(218.7 - 173.7) / 173.7] x (100) = 25.9%	
Percent Change in Diesel price:	25.9% increase

Adjusted Unit Rate (FA Component):
 = (5% of Unit rate x Percent Change in Diesel Price)
 = (5% x \$15.00 x 25.9%)
 = \$0.19 Fuel Adjustment (increase)

Adjusted Unit Rate for July 2009: \$15.00 + \$0.19 = \$15.19

[(218.7 - 173.7) / 173.7] x (100) = 25.9%	
Percent Change in Propane price:	25.9% increase

Adjusted Unit Rate (FA Component):
 = (5% of Unit rate x Percent Change in Propane Price)
 = (5% x \$15.00 x 25.9%)
 = \$0.19 Fuel Adjustment (increase)

Adjusted Unit Rate for July 2009: \$15.00 + \$0.19 = \$15.19

Fuel Adjustment (FA) Component for CNG price:

Propane (West Coast) - November 2007¹ 173.7 cents per Gallon

Propane (West Coast) – April 2009² 218.7 cents per Gallon

(November 2007 Price/Gallon) x (100)

[(218.7 - 173.7) / 173.7] x (100) = 25.9%

BACKGROUND

CleanStreet has its headquarters in Gardena, California. CleanStreet was formerly known as California Street Maintenance and South Bay Sweeping.

Company founder and CEO Jere Costello began sweeping shopping centers in 1961. In 1969 with the help of George Graziadio and Imperial Bank, Jere purchased his first revolutionary and dependable Tymco Air Sweeper.

By 1973, the company had become one of the largest shopping center sweeping companies in Southern California. That year the company began sweeping its first municipality, Rolling Hills Estates. We will always be grateful to City Manager Harry Peacock for giving us that opportunity.

In 1978 Proposition 13 passed. All of sudden more cities became interested in saving money. Often potential municipal clients would say "of course we would like to contract for street sweeping services and save money, but how do we know you will do a good job? We have had some bad experiences with irresponsible and non-responsive contractors."

We would say, "We will make a simple promise to you and your City. We will sweep every street on time every day. We will instruct our operator to take as many passes as are necessary to clean every street thoroughly. If we ever do receive a complaint, we will re-sweep it immediately. No questions asked."

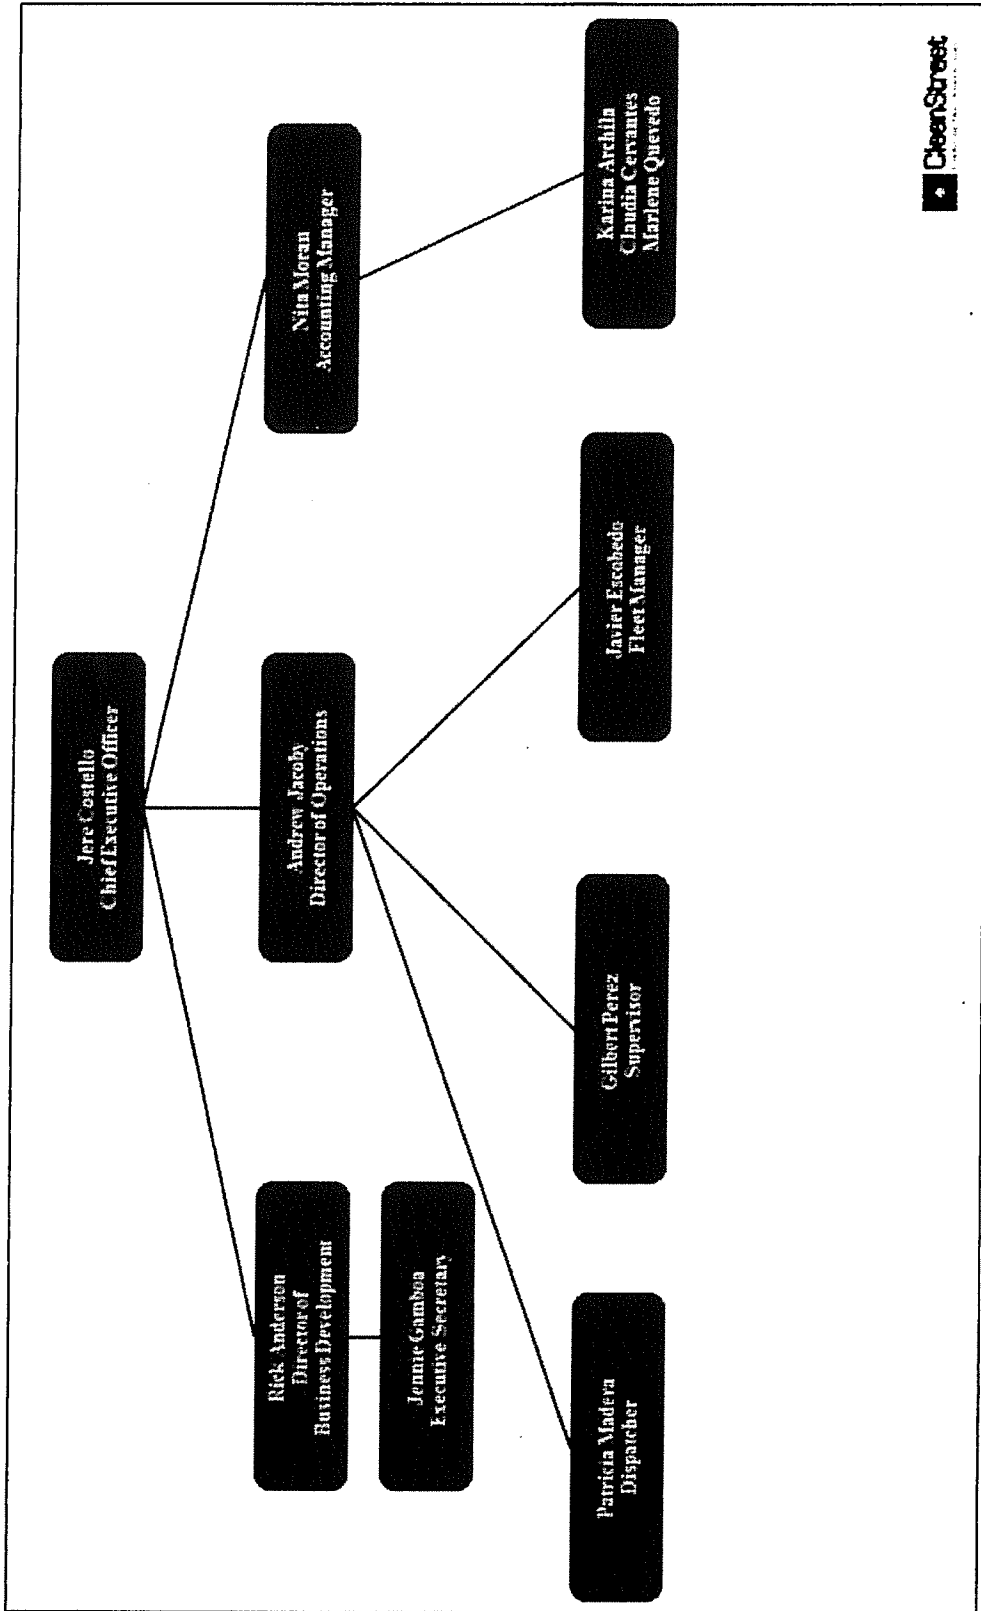

As word spread that we are a good dependable company, we slowly and steadily grew year after year. Our commitment to quality and customer satisfaction turned out to be an overwhelming success.

Today CleanStreet serves scores of municipalities and major private facilities with high quality cleaning and sweeping services. The key to our success is the fact that we kept that promise of quality to our clients.

CleanStreet takes pride in its high level of expertise that it brings to every job. We employ the best methods and the most effective equipment.

Our employees are well trained and enjoy good pay and healthcare benefits. Our employees take great pride in the quality of their work and in your complete satisfaction.

Mr. Perez supervises street sweeper operators, porters, and pressure-washing crews in the field. He is extremely dedicated to his job and works tirelessly to ensure the highest quality of work.

KEY PERSONNEL

Patty Madera, Dispatcher

Patty Madera joined CleanStreet in the latter part of 2007. She offers a high degree of professionalism, solid business ethics, and extensive computer skills. Ms. Madera is reliable and has a positive attitude. She works effectively and with a sense of urgency, and can quickly read, understand, and use street maps and complex mapping software.

WORK PLAN

CleanStreet knows that street sweeping is an extremely noticeable city service that has to be done properly if you wish to have satisfied residents. With our experience coupled with our approach, we assure that the various locations of this work will be done extremely well. We can eliminate all complaints. We believe that our quality street sweeping program is a great value when you consider the cost and negativity generated by complaints.

CleanStreet will only utilize full-time staff, which may require a driver to work in one or more projects.

During leaf season, additional drivers may be utilized to complete routes in a timely manner.

Areas shall not be swept on the same day as trash pickup is scheduled. All sweeping will be scheduled the day after trash pickup, one to two days after trash pickup if alternate side sweeping.

Streets adjacent to schools and commercial developments shall be swept prior to 7 a.m. or before such times as public activities start. Streets adjacent to apartments, condominiums, or other areas where night on street parking is prevalent shall be swept after 8 a.m. All residential areas will be swept between the hours of 7 a.m. and 3:30 p.m.

All debris collected by the street sweeping operation will be taken to a legally established landfill or transfer station. There will be no on site dumping.

Personnel

Supervisors:

Satisfaction and consistent quality service is the foundation of our company. Our supervisors are full-time employees, not temporary hired guns. They are highly trained so all phases of the project runs smoothly. Our supervisors are directly involved with each account and job inspections to ensure quality.

Although we believe that there is always room for improvement, we strive to recognize our employees for their good work. This type of supervision helps build operator pride.

Operators:

Our first step is to educate our operators as to what is an accepted and the quality of work that is expected. Our operators are encouraged to take as many passes as are necessary to do a great job in removing all leaves, paper, dirt, rocks, glass, bottles, cans,

WORK PLAN

and other debris to ensure free flow of water in the gutter and to maintain streets in a state of cleanliness. In combination with this approach, the CleanStreet supervisors will conduct unannounced spot checks for quality and quantity of the work performed.

Our operators are trained to value and care for their equipment. They are knowledgeable about proper driving speed, adjustment of brooms and the most efficient and effective performance of their equipment.

Our operators understand the importance of punctuality and the importance of quality work. Our drivers take pride in our customer's satisfaction.

Repair and Maintenance Crew:

CleanStreet has seven full-time mechanics who are expert in the repair and maintenance of our equipment. Our mechanics are factory trained to help ensure high quality performance of our equipment. We also have mechanics available around-the-clock to help ensure our ability to meet our commitments.

CleanStreet knows that one of the keys to customer satisfaction is dependable well-maintained equipment. Consequently, we feel that the quality of our repairs and maintenance is crucial to our sweepers.

We have an additional four full-time employees who are mechanics helpers. They change of brooms, tires, and help keep our sweepers clean.

Dispatchers:

The Dispatch and Operations department is the very nerve center of CleanStreet. It is from our experience that this position is very mission critical where oftentimes operational and sometimes financial decisions are made.

Our dispatchers make sure that operations run smoothly. When telephone calls are received, our dispatchers will obtain the necessary information from the caller and provide the appropriate response by either facilitating an emergency sweep, special sweep, regular sweep or the handling of a complaint. This means that they make sure that the right drivers and the right equipment are appropriately matched to the job and ensure timeliness, safety and accuracy are guaranteed.

Disposal of Refuse and Debris:

CleanStreet shall dispose of all refuse and debris that is collected during the sweeping operations, at no additional cost to the County. We will haul it to a legally established area for the disposal of solid waste.

WORK PLAN

Storage facilities:

CleanStreet will utilize their own storage facilities for all of the sweepers.

Equipment:

CleanStreet equips all of its trucks with global positioning satellite (GPS) system. All of the real-time data is monitored by CleanStreet dispatchers. This permits CleanStreet to monitor the drivers speed, time and location.

Our Operations Analyst downloads the GPS reports on a daily basis from the Internet. The real-time data alerts the managers via e-mail if the brooms are down a half hour or longer or if the sweeper exceeds its speed limit. If this should happen, there will be communication between either the manager or the dispatcher to the sweeper's cell phone to ensure proper action is taken.

Authorized public works employees can generate and print GPS reports at any time. Data is available for six months and can be downloaded in an Excel document.

We will utilize as many late model Tymco 600's as needed for the performance of the contract. Our Tymcos hold 250 gallons of water which results in cleaner air and less dust and particulates on the streets.

Our street cleaning is listed as *Best Management Practice* BMP in storm water regulations get the debris is off the street before it is carried into the drain system.

All street sweepers that CleanStreet will deploy will be compliant with rule 1186.1.

In order to ensure uninterrupted performance, backup equipment and operators will be available at all times.

In case of a mechanical breakdown, backup equipment will be available at all times and will comply with AQMD Rule 430.

Routing:

Routing will be designed in such a manner that all time zones will be swept timely with ample time for the operator to do an excellent job. If for some reason the operator is behind or needs help, an additional sweeper and operator will be supplied to ensure timely completion of routes.

Reports:

The attached report is a sample of what our drivers complete for other locations. In order to suit the County, a tailor-made form will be created for each location awarded to

WORK PLAN

CleanStreet. The following items will be on the report:

- Curb miles and paved alley miles swept each day.
- Schedule curb miles and paved alley miles swept and areas missed.

QUALITY ASSURANCE

CleanStreet has established a fine reputation for providing the highest quality street sweeping services in the industry. We feel our attitude toward quality is the key to our success. It is far easier on everyone involved for the sweepers to do a good job the first time, rather than receive a complaint and have to return and sweep the street again later.

Our operators are encouraged to take as many passes as are necessary to do a great job. They take great pride in the complete satisfaction of the residents. Consequently, they receive very few complaints.

The quality of our services is the basis of our establishing long term relationship with our clients. CleanStreet is proud of its reputation for providing the highest level of service in the industry.

We are confident that we can do an excellent job for the County. We would accomplish this by following these guidelines:

Skilled Operators

We will sweep your County utilizing operators that have been properly trained and that have years of experience sweeping municipalities.

Quality Equipment

We will provide these skilled operators with new model equipment that is in excellent operating condition and appearance.

CleanStreet equips its trucks with Global Positioning Satellite (GPS) system. All of the real-time data is monitored by CleanStreet's dispatchers. This permits CleanStreet to monitor the driver's speed, time and location.

All equipment used will be in compliance with SCAQMD Rules 1186 and 1186.1 and all other applicable laws and rules.

Standards of Quality

We will make it clear to our operators that we will expect completely clean streets, regardless of the number of passes the sweeper must take to accomplish this.

We will expect our employees to take pride in their equipment, their work, and the community.

Supervision

We will assign your County to a regular supervisor. The supervisor will visit the County on a daily basis during the first weeks of our operations. Once timings are set, the supervisor will visit the County at least once per week on a regular basis.

QUALITY ASSURANCE

Complaints

We will handle any and all complaints on the day they are received. We believe that responsiveness is key to establishing public confidence in our ability and integrity.

We also believe that the operator is more highly motivated to do a good job the first time if he knows he may have to come back again if he doesn't. Our operators take great pride in not receiving complaints and doing a great job the first time.

Our operators will check in with the designated County supervisor on a daily basis to see if there are any complaints. If there are complaints, we will go out and re-sweep them immediately. We will always respond in less than 6 hours.

Our attitude toward quality and this level of service makes the whole sweeping program run smoothly.

Communications

We have cellular phone contact with our operators at all times.

Emergencies

We will provide the County with a 24-hour hotline number to handle all emergencies.

Back Up Equipment

We will always have back-up equipment available to us at all times.

Toll Free line

We will provide a toll free number to the County to receive field staff reports, complaints, emergencies or requests for extra work.

Monthly Meeting

At least one time per month and more often if necessary, there will be a meeting between representatives of CleanStreet and the County to assess performance and to seek ways to improve service

Inspection Fundamentals

Rick Anderson, Supervisor, will be the authority overseeing this program. Mr. Anderson is a graduate of USC and Southwestern University School of Law. He has been with the company for over 20 years and has played an integral role in developing new business and overseeing all facets of operations. Mr. Anderson's dedication to the company has helped fuel continual growth and diversification into new areas which complements CleanStreets' primary role as a street sweeping contractor.

QUALITY ASSURANCE

Prior to leaving for the sweeping location, the street sweeper will go through an inspection to ensure proper performance at the job site. Spot checks by a supervisor will ensure all of the procedures are carried out in a professional manner.

QUESTION	RESPOND HERE OR ATTACHED NUMBERED RESPONSES IF MORE SPACE IS NEEDED.
<p>7. MANUAL PAYROLL SYSTEM</p> <p>7.1. If the Proposer uses a manual payroll system, describe the steps the person preparing the payroll takes to create a check, starting from the source document through the issuance of a check.</p> <p>7.2. If the employee has multiple wage rates (i.e., County's Living Wage rate for County work and the Proposer's standard rate for other non-County work), how does the person preparing the payroll calculate total wages paid?</p>	<p>7.1 Manual checks are processed through our same payroll system for any necessary adjustments that may need to be made to a paycheck.</p> <p>7.2 Multiple wage rates usually have a different job code, so any regular, overtime, and double-time rates in those codes would be manually overridden.</p>
<p>8. AUTOMATED PAYROLL SYSTEM</p> <p>8.1. If the Proposer uses an automated payroll system or contracts for such automated payroll services to an outside firm, describe the steps taken to prepare the payroll.</p> <p>8.2. If the employee has multiple wage rates (i.e., County's Living Wage rate for County work and the Proposer's standard rate for other non-County work), how does the automated payroll system calculate total wages paid?</p> <p>8.3. Is the calculation embedded in the software program, or does someone have to override the system to perform the calculation?</p>	<p>8.1 A printout is generated from the timekeeping system showing the name of each employee and breaking down the total number of regular, overtime, and double-time hours worked within a particular job number. Payroll information is input in this manner to help provide job costing information.. When employees have multiple wage rates, they are usually tied to a particular job number that either has the rates preprogrammed, or a note of the rate amount to overwrite with.</p> <p>8.2 Multiple wage rates usually have a different job code, so any regular, overtime, and double-time rates in those codes would be manually overridden.</p> <p>8.3 Combination of preprogrammed and manual overrides.</p>

QUESTION	RESPOND HERE OR ATTACHED NUMBERED RESPONSES IF MORE SPACE IS NEEDED.
<p>9. TRAVEL TIME</p> <p>9.1. How is travel time during an employee's shift paid?</p> <p>9.2. At what rate is such travel time paid if the employee has multiple wage rates?</p> <p>9.3. Discuss how the Proposer calculates the day's wages for each situation described in the following two examples:</p> <p>a. During a single shift, an employee works three hours at a work location under a County Living Wage contract, then travels an hour to another work location to work four hours, where they are paid at a different rate than the County's Living Wage rate.</p> <p>b. During a single shift, an employee works three hours at a work location under a County Living Wage contract, then travels an hour to another work location to work four hours, where they are also paid the County's Living Wage rate.</p>	<p>9.1 Employees are paid their hourly wage for travel time.</p> <p>9.2 Travel time is paid at the employee's hourly rate.</p> <p>9.3a Wages would be determined by Job Number and Work Order Number. Each Job Number and Work Order Number has a specific code and if any jobs/work orders require a certain wage rate, entering those codes would activate the specific wage rates.</p> <p>9.3b The employee would be paid by his/her rate unless the Job Number and Work Order mandate a specific rate. If there is a specific rate required, the employee's regular hourly rate would be overridden.</p>
<p>10. OVERTIME</p> <p>10.1. How does the Proposer calculate overtime wages?</p> <p>10.2. What if the employee has multiple wage rates?</p>	<p>10.1 Overtime is calculated daily after 8 hours and then weekly after 40 hours. Double-time is calculated after 12 hours.</p> <p>10.2 Multiple wage rates usually have a different job code, so any regular, overtime and double-time rates in those codes would be manually overridden.</p>

**COUNTY OF LOS ANGELES CONTRACTOR EMPLOYEE JURY SERVICE PROGRAM
APPLICATION FOR EXCEPTION AND CERTIFICATION FORM**

This contract is subject to the County of Los Angeles Contractor Employee Jury Service Program (Program) (Los Angeles County Code, Chapter 2.203). All contractors and subcontractors must complete this form to either (1) request an exception from the Program requirements or (2) certify compliance. Upon review of the submitted form, the County department will determine, in its sole discretion, whether the bidder or proposer is excepted from the Program.

Company Name: CleanStreet		
Company Address: 1937 W. 169th Street		
City: Gardena	State: CA	Zip Code: 90247
Telephone Number: 800.225.7316 x103		
(Type of Goods or Services): Statement of Qualifications for Street Sweeping Services (2015-SPQA004)		

If you believe the Jury Service Program does not apply to your business, check the appropriate box in Part I (you must attach documentation to support your claim). If the Jury Service Program applies to your business, complete Part II to certify compliance with the Program. Whether you complete Part I or Part II, sign and date this form.

Part I: Jury Service Program Is Not Applicable to My Business

- My business does not meet the definition of "contractor," as defined in the Program as it has not received an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts (this exception is not available if the contract/purchase order itself will exceed \$50,000). I understand that the exception will be lost and I must comply with the Program if my revenues from the County exceed an aggregate sum of \$50,000 in any 12-month period.
- My business is a small business as defined in the Program. It 1) has ten or fewer employees; and, 2) has annual gross revenues in the preceding twelve months which, if added to the annual amount of this contract, are \$500,000 or less; and, 3) is not an affiliate or subsidiary of a business dominant in its field of operation, as defined below. I understand that the exemption will be lost, and I must comply with the Program if the number of employees in my business and my gross annual revenues exceed the above limits.

 "Dominant in its field of operation" means having more than ten employees, including full-time and part-time employees, and annual gross revenues in the preceding twelve months, which, if added to the annual amount of the contract awarded, exceed \$500,000.

 "Affiliate or subsidiary of a business dominant in its field of operation" means a business which is at least 20 percent owned by a business dominant in its field of operation, or by partners, officers, directors, majority stockholders, or their equivalent, of a business dominant in that field of operation.
- My business is subject to a Collective Bargaining Agreement that expressly provides that it supersedes all provisions of the Program. **ATTACH THE AGREEMENT.**

Part II: Certification of Compliance

- My business has and adheres to a written policy that provides, on an annual basis, no less than five days of regular pay for actual jury service for full-time employees of the business who are also California residents, or my company will have and adhere to such a policy prior to award of the contract.

I declare under penalty of perjury under the laws of the State of California that the information stated above is true and correct.

If you believe the Jury Service Program does not apply to your business, check the appropriate box in Part I (you must attach documentation to support your claim). If the Jury Service Program applies to your business, complete Part II to certify compliance with the Program. Whether you complete Part I or Part II, sign and date this form.

Part I: Jury Service Program Is Not Applicable to My Business

My business does not meet the definition of "contractor," as defined in the Program as it has not received an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts (this exception is not available if the contract/purchase order itself will exceed \$50,000). I understand that the exception will be lost and I must comply with the Program if my revenues from the County exceed an aggregate sum of \$50,000 in any 12-month period.

My business is a small business as defined in the Program. It 1) has ten or fewer employees; and, 2) has annual gross revenues in the preceding twelve months which, if added to the annual amount of this contract, are \$500,000 or less; and, 3) is not an affiliate or subsidiary of a business dominant in its field of operation, as defined below. I understand that the exemption will be lost, and I must comply with the Program if the number of employees in my business and my gross annual revenues exceed the above limits.

"Dominant in its field of operation" means having more than ten employees, including full-time and part-time employees, and annual gross revenues in the preceding twelve months, which, if added to the annual amount of the contract awarded, exceed \$500,000.

"Affiliate or subsidiary of a business dominant in its field of operation" means a business which is at least 20 percent owned by a business dominant in its field of operation, or by partners, officers, directors, majority stockholders, or their equivalent, of a business dominant in that field of operation.

My business is subject to a Collective Bargaining Agreement that expressly provides that it supersedes all provisions of the Program. **ATTACH THE AGREEMENT.**

Part II: Certification of Compliance

My business has and adheres to a written policy that provides, on an annual basis, no less than five days of regular pay for actual jury service for full-time employees of the business who are also California residents, or my company will have and adhere to such a policy prior to award of the contract.

I declare under penalty of perjury under the laws of the State of California that the information stated above is true and correct.

QUALITY ASSURANCE

CleanStreet has established a fine reputation for providing the highest quality street sweeping services in the industry. We feel our attitude toward quality is the key to our success. It is far easier on everyone involved for the sweepers to do a good job the first time, rather than receive a complaint and have to return and sweep the street again later.

Our operators are encouraged to take as many passes as are necessary to do a great job. They take great pride in the complete satisfaction of the residents. Consequently, they receive very few complaints.

The quality of our services is the basis of our establishing long term relationship with our clients. We are confident that we can do an excellent job for the city. We would accomplish this by following these guidelines:

Skilled Operators

We will sweep your City utilizing operators that have been properly trained and that have years of experience sweeping municipalities.

Quality Equipment

We will provide these skilled operators with new model equipment that is in excellent operating condition and appearance.

CleanStreet equips its trucks with Global Positioning Satellite (GPS) system. All of the real-time data is monitored by CleanStreet's dispatchers. This permits CleanStreet to monitor the driver's speed, time and location.

All equipment used will be in compliance with SCAQMD Rules 1186 and 1186.1 and all other applicable laws and rules.

Standards of Quality

We will make it clear to our operators that we will expect completely clean streets, regardless of the number of passes the sweeper must take to accomplish this.

We will expect our employees to take pride in their equipment, their work, and the community.

Supervision

We will assign your City to a regular supervisor. The supervisor will visit the City on a daily basis during the first weeks of our operations. Once timings are set, the supervisor will visit the City at least once per week on monthly basis.

QUALITY ASSURANCE

Complaints

We will handle any and all complaints on the day they are received. We believe that responsiveness is key to establishing public confidence in our ability and integrity.

We also believe that the operator is more highly motivated to do a good job the first time if he knows he may have to come back again if he doesn't. Our operators take great pride in not receiving complaints and doing a great job the first time.

Our operators will check in with the designated city person on a daily basis to see if there are any complaints. If there are complaints, we will go out and re-sweep them immediately. We will always respond in less than 6 hours.

Our attitude toward quality and this level of service makes the whole sweeping program run smoothly.

Communications

We have cellular phone contact with our operators at all times.

Emergencies

We will provide the City with a 24-hour hotline number to handle all emergencies.

Back Up Equipment

We will always have back-up equipment available to us at all times.

Toll Free line

We will provide a toll free number to your City to receive field staff reports, complaints, emergencies or requests for extra work.

Monthly Meeting and Report

At least one time per month and more often if necessary, there will be a meeting between representatives of CleanStreet and your City to assess performance and to seek ways to improve service. We will provide truly monthly reports.
