4 VOTES

IT IS RECOMMENDED THAT YOUR BOARD:

1. Receive and file the Sewer Service Charge Annual Report for Fiscal Year 2004-05 for the Los Angeles County Sewer Maintenance Districts (Enclosure A).

2. Set a date for public hearing to consider: (a) the Sewer Service Charge Annual Report; (b) an increase in the Annual Sewer Service Charge for the Consolidated Sewer Maintenance District of $5 per sewage unit, from $17.50 to $22.50, to offset rising operation and maintenance costs; (c) an increase in the additional annual sewer service charge for the Accumulative Capital Outlay (ACO) Fund of the Consolidated Sewer Maintenance District of $4 per sewage unit, from $4 to $8, to establish a Condition Assessment Program for the local sewer collection system.

3. Instruct the Executive Officer of the Board of Supervisors to advertise, in English and Spanish, the legal Notice of Hearing for said fees (Enclosure B).

4. Instruct the Director of Public Works to notify property owners of all identified parcels of real property within the Consolidated Sewer Maintenance District, by United States mail, of the proposed Sewer Service Charge increases to be imposed upon each property; the basis for calculating the Sewer Service Charges; the reason for the Sewer Service Charge increases; as well as date, time, and location of the above hearing, not less than 45 days prior to the date set for public hearing.

AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT YOUR BOARD:

1. Adopt the Sewer Service Charge Annual Report for Fiscal Year 2004-05 for the Los Angeles County Sewer Maintenance Districts.

2. Approve: (a) the Sewer Service Charge Annual Report; (b) an increase in the Annual Sewer Service Charge for the Consolidated Sewer Maintenance District of $5 per sewage unit, from $17.50 to $22.50, to offset rising operation and maintenance costs; (c) an increase in the additional Annual Sewer Service Charge for the ACO Fund of the Consolidated Sewer Maintenance District of $4 per sewage unit, from $4 to $8, to establish a Condition Assessment Program for the local sewer collection system.

3. Find that the proposed ordinance amending Title 20 – Utilities of the Los Angeles County Code is to fund operating expenses and capital projects to maintain services in existing service areas and is exempt from the California Environmental Quality Act pursuant to the Public Resources Code, Section 21080(b)(8).

4. Adopt the proposed ordinance.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The recommended $5 per sewage unit increase in the Consolidated Sewer Maintenance District would generate an additional $4 million in annual revenue for the operation and maintenance of the District. The cost per sewage unit, (equivalent to a single-family residence), would go from $17.50 to $22.50 annually. This increase is necessary to offset rising operational and maintenance costs, and to ensure that sufficient fund balance is available for unexpected system damage due to such events as earthquakes, floods, disasters, etc. ($3); to provide for equipment replacement ($1);

and to provide a revenue source for lawsuits and litigation ($1). The service charge rate for the District was last increased in Fiscal Year 2002-03.

The ACO Fund was created in 1987 as a means to reconstruct deteriorated sewers. The recommended $4 per sewage unit increase in the ACO Fund would generate an additional $3 million in annual revenue for the Fund. The cost per sewage unit would go from $4 to $8 annually. This increase would provide funding to establish a condition assessment program for the local sewer collection system. Under this program, the District would televise about one-tenth (510 miles) of the collection system annually. The condition assessments would focus on those portions of the system with the highest maintenance needs until the entire collection system is televised. The annual cost for the condition assessments is estimated to be $3 million. The service charge rate for the ACO Fund was last increased in Fiscal Year 2002-03.

The total combined annual increase in sewer service charges per sewage unit would be $9, equivalent to 75 cents per month.

The proposal to increase the sewer service charges for the Trancas Zone of the Consolidated Sewer Maintenance District will be brought before your Board on March 23, 2004, for your approval. The annual sewer service charges for the Marina Sewer Maintenance District and the eight remaining Consolidated Sewer Maintenance Districts' zones will remain at their Fiscal Year 2003-04 levels.

Implementation of Strategic Plan Goals

This action is consistent with the County Strategic Plan Goal of Fiscal Responsibility as these sewer service charges provide sufficient funds to continue maintaining our sewer system in a safe, effective, and environmentally sound manner. It also satisfies the goal of Service Excellence since maintaining our sewer system protects public health and the environment, which improves the quality of life in the County.

FISCAL IMPACT/FINANCING

There will be no impact to the County's General Fund. The proposed rate increase will generate sufficient revenue to finance the operation and maintenance costs of the Sewer Maintenance Districts and Zones in Fiscal Year 2004-05.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Section 5473.1 of the Health and Safety Code requires that the notice of filing of the Sewer Service Charge Annual Report and the time and place of hearing thereon be published once a week for two successive weeks in a newspaper of general circulation pursuant to Section 6066 of the Government Code.

The California Constitution, Article XIIID, Section 6(a), requires that owners of parcels subject to increased or new sewer service charges be notified by mail no later than 45 days before the public hearing of the amount of charge and method of determination, date, time, and location of the hearing. In the event a weighted majority of property owners protest an increased charge within any district or zone, such charge may not be imposed.

Section 5473 of the Health and Safety Code requires that any ordinance or resolution adopted authorizing the collection of charges on the tax roll shall remain in effect until repealed or until changes have been made in the rates.

The enclosed ordinance and Notice of Hearing relating to this matter have been reviewed and approved as to form by County Counsel.

ENVIRONMENTAL DOCUMENTATION

The proposed ordinance is to fund operating expenses to maintain services in existing service areas and is exempt from the California Environmental Quality Act pursuant to the Public Resources Code, Section 21080(b)(8).

IMPACT ON CURRENT SERVICES (OR PROJECTS)

There will be no negative impact on current County services.

CONCLUSION

Please return two approved copies of this letter and the ordinance to Public Works, Waterworks and Sewer Maintenance Division.

Respectfully submitted,

SEWER SERVICE CHARGE ANNUAL REPORT

FISCAL YEAR 2004-05

LOS ANGELES COUNTY SEWER MAINTENANCE DISTRICTS

INTRODUCTION

The Los Angeles County Sewer Maintenance Districts are made up of the Consolidated Sewer Maintenance District and the Marina del Rey Sewer Maintenance District. Together, the Districts' system serves greater than half a million parcels and a population of approximately 2.5 million people within the unincorporated areas of the County, 40 cities, 2 contract cities, and 9 Tax Zones. The system includes 5,100 miles of sanitary sewers, 153 pump stations, and 4 water pollution control plants. The estimated value of the system is more than $1.5 billion.

It is essential that operation and maintenance of these sewage collection and treatment systems be continued without interruption to protect public health and safety. Necessary funding must be available to pay the costs of repairing and cleaning sewers, operating pumping stations and water pollution control plants, and to provide ongoing preventive maintenance of the systems.

In July 1978, your Board adopted ordinances to collect the necessary funding for the Sewer Maintenance Districts, including the Zones within the Consolidated Sewer Maintenance District, on the tax roll as a sewer service charge.

CONSOLIDATED SEWER MAINTENANCE DISTRICT

The existing sewer service charges for the Consolidated Sewer Maintenance District are established in Los Angeles County Code, Volume 5, Title 20, Division 3, Chapter 20.40, as amended. The annual sewer service charge levied upon each parcel of real property within the District is computed by multiplying the basic annual sewage unit charge by the number of sewage units represented by the current land use, as shown in Table A of the ordinance.

The basic annual sewage unit charge for each sewage unit is proposed to be increased by $5, from $17.50 to $22.50. Each single-family residence within the District will be assessed an annual sewer service charge of $22.50. Multiple residential, certain commercial, and industrial properties are assessed higher amounts based on their Assessor Use Codes.

Enclosure A

There is also a proposed $4 per sewage unit increase, from $4 to $8, in the annual charge to fund the Accumulative Capital Outlay Fund. This charge allows the District to accumulate funds to pay for pipe replacement, relief sewers, major improvements to sewage pumping stations that may become necessary, and to initiate a Condition Assessment Program.

In addition to the above assessments, there are certain areas established as Zones within the District that are charged additional fees. These Zone fees fund special services and/or facilities required by the Zone in addition to those provided generally throughout the District. There are currently nine Zones within the Consolidated Sewer Maintenance District, however, the majority of the District's territory is not included within the Zones.

The proposed service charges for each Zone for Fiscal Year 2004-05 are the same as Fiscal Year 2003-04, except for Trancas, which is being revised through a separate Board action:

	CURRENT 2003-04	PROPOSED 2004-05
Aneta Zone	$20/sewage unit	$20/sewage unit
Brassie Lane Zone	$15.86/sewage unit	$15.86/sewage unit

See pages 6 and 7 for descriptions of District and Zone functions.

NOTES:

a) This includes both the base rate of $1,189 for operational costs and the 15-year $219 charge (from Fiscal Year 2001-02 to 2015-16) for repayment of a $421,586 State Revolving Fund loan to help finance rehabilitation of the treatment plant.

b) This includes an increase of $448, from $1,078 to $1,526, in the base rate for operational costs; the 10-year $207 charge (from Fiscal Year 2000-01 to 2009-10) for repayment of a $410,000 loan for emergency repairs and project engineering for treatment plant rehabilitation; and the 10-year $754 charge (from Fiscal Year 2001-02 to 2010-11) for repayment of a $1,498,000 loan for the construction cost of treatment plant rehabilitation; and an additional 10-year charge in the amount of $296 (from Fiscal Year 2004-05 to 2013-14) to cover increased costs for the rehabilitation project.

MARINA SEWER MAINTENANCE DISTRICT

The existing sewer service charge for the Marina Sewer Maintenance District is established in Los Angeles County Code, Volume 5, Title 20, Division 3, Chapter 20.44. Under the provisions of this ordinance, the annual sewer service charge levied upon each possessory interest within the District is computed by multiplying the amount of the sewage unit charge by the number of sewage units for the current land use as shown in Table A of the ordinance. The basic annual sewage unit charge for each sewage unit is currently $120, and will remain the same for Fiscal Year 2004-05.

IDENTIFICATION OF PARCELS TO BE CHARGED

All parcels of real property within the 2003-04 Tax Rate Areas (TRA'S) listed in pages 8 through 17, and more particularly described in maps prepared in accordance with Section 327, Revenue and Taxation Code, and on file in the office of the County Assessor, will be charged the appropriate sewer service charge.

Notice is hereby given that the Sewer Service Charge Annual Report for the Consolidated Sewer Maintenance District and the Marina Sewer Maintenance District has been filed with the Board of Supervisors of the County of Los Angeles and a public hearing will be held on the report by the Board of Supervisors.

Said hearing will be held on Tuesday, May _____, 2004, at _____, in the Hearing Room of the Board of Supervisors, Room 381B, Kenneth Hahn Hall of Administration, 500 West Temple Street (corner of Temple Street and Grand Avenue), Los Angeles, California 90012.

The annual district-wide sewer service charge for the Consolidated Sewer Maintenance District is proposed to be increased by $5 per sewage unit, from $17.50 to $22.50, to offset rising operation and maintenance costs, and to ensure that sufficient fund balance is available for unexpected system damage due to such events as earthquakes, floods, disasters, etc. ($3); to provide for equipment replacement ($1); and to provide a revenue source for lawsuits and litigation ($1).

The additional annual sewer service charge for the Accumulative Capital Outlay Fund is proposed to be increased by $4 per sewage unit, from $4 to $8, to provide funding to establish a condition assessment program for the local sewer collection system.

The annual district-wide sewer service charge for the Marina Sewer Maintenance District and the nine Consolidated Sewer Maintenance Districts' zones, with the exception of the Trancas Zone, will remain at their Fiscal Year 2003-04 levels.

The Board of Supervisors will consider and may adopt or modify the sewer service charges. Further notice is given that the Board of Supervisors may continue this hearing from time to time. At the hearing, the Board of Supervisors shall consider all objections and protests to the report. If the Board of Supervisors finds that protest is made by the owners of a majority of separate parcels of property described in the report, then the report shall not be adopted and the charges shall be collected separately from the tax roll and shall not constitute a lien against any parcel or parcels of land.
