Dear Supervisors:

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

20 December 20, 2016

LORI GLASGOW
EXECUTIVE OFFICER

**NEW TEN YEAR LEASE AND NEW SITE ACCESS AGREEMENT
INTERNAL SERVICES DEPARTMENT
MOUNT MCDILL TELECOMMUNICATIONS SITE, PALMDALE
(FIFTH DISTRICT)
(3 VOTES)**

SUBJECT

A new ten-year ground lease for continued use and occupancy at Mount McDill by the Internal Services Department, and a request for delegated authority to the Chief Executive Officer, or her designee, to execute in substantially similar form to those attached, the Site Access Agreement and Consent to Site Access Agreement with the Los Angeles Regional Interoperable Communications System Authority and Lockheed Martin Corporation, for the installation, operation, and maintenance of Land Mobile Radio equipment at the Mount McDill telecommunications site.

IT IS RECOMMENDED THAT THE BOARD:

1. Find that the new Mount McDill ground lease for its continued use as a County telecommunications site is categorically exempt from the provisions of the California Environmental Quality Act, pursuant to Class 1 of the Environmental Document Reporting Procedures and Guidelines adopted by the Board of Supervisors on November 17, 1987, and per Section 15301 of the California Environmental Quality Act Guidelines (Existing Facilities).
2. Approve and direct the Chief Executive Officer or her designee to execute the ten-year ground lease with Lockheed Martin Corporation comprising approximately two acres located in Palmdale for the Internal Services Department at a maximum first year cost of \$5,000. The lease cost is 100 percent net County cost and subject to the Communication Site Utilization Program cost recovery pool.

3. Acting as a responsible agency for the Los Angeles Regional Interoperable Communications System Land Mobile Radio System, find that the approval and execution of the Consent to Site Access Agreement with Lockheed Martin Corporation and the Site Access Agreement with the Los Angeles Regional Interoperable Communications System Authority for the Mount McDill site, to allow for the installation, operation, and maintenance of Land Mobile Radio equipment at this site that the County leases from Lockheed Martin Corporation, are (a) within the scope of the Final Environmental Impact Report for the Los Angeles Regional Interoperable Communications System Authority, which was previously certified by the Los Angeles Regional Interoperable Communications System Authority under the California Environmental Quality Act on March 29, 2016, and which was previously considered by the Board; (b) find that environmental findings and Mitigation Monitoring Program previously adopted by the Board are applicable to the currently recommended action; and (c) there are no changes to the project at Mount McDill or to the circumstances under which the project is undertaken that require revisions to the previous Environmental Impact Report due to new significant effects or a substantial increase in the severity of previously identified significant effects.

4. Approve the Consent to Site Access Agreement with Lockheed Martin Corporation and the Site Access Agreement with the Los Angeles Regional Interoperable Communications System Authority for co-location at Mount McDill, and delegate authority to the Chief Executive Officer, or her designee, to execute, in substantially similar form, the Consent to Site Access Agreement, Site Access Agreement and other corresponding documents for the installation, operation, and maintenance of the Land Mobile Radio equipment at Mount McDill.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of this recommendation is to find the new ground lease from Lockheed Martin Corporation (Lockheed) for the Mount McDill site is categorically exempt from the provisions of the California Environmental Quality Act (CEQA), find that the approval and execution of the Consent to Site Access Agreement with Lockheed and Site Access Agreement with the Los Angeles Regional Interoperable Communications System Authority (Agreements) for the Mount McDill site are within the scope of the previously certified Final Environmental Impact Report (EIR) for the Los Angeles Interoperable Communications System, and: (i) to provide the Internal Services Department (ISD) with continued use of the Mount McDill telecommunication site, which is an integral part of the Countywide public safety and emergency response communications, (ii) to allow the Los Angeles Regional Interoperable Communications Systems (LA-RICS) Authority to install, operate and maintain Land Mobile Radio (LMR) System equipment and associated communications facilities at this site as part of the LA-RICS Authority's regional interoperable public safety communications network, and (iii) to authorize and instruct the Chief Executive Officer (CEO) to execute the gratis, non-exclusive Agreements and other corresponding documents for the leased site at Mount McDill. The recommended action will allow for the installation, operation, and maintenance of a new 180 foot lattice tower for the LA-RICS LMR System at this County-leased site at Mount McDill as the County's ground lease expires on June 13, 2017.

Expeditious and efficient processing of the Agreements is needed for LA-RICS to fulfill its grant funding timeline obligations under Urban Areas Security Initiative (UASI) 2013. The use of the subject site will facilitate applying these federal funds timely. The subject County-leased site is outlined in Attachment A. The Agreements are included in Attachment B.

Implementation of Strategic Plan Goals

The proposed Agreements support the Countywide Strategic Plan Goal of Operational Effectiveness (Goal 1). Upon entering into the proposed Site Access Agreements (SAA), LA-RICS will be in a position to further develop a modern public safety LMR communications system that will maximize the effectiveness of processes, structure, and operations to support the timely delivery of customer-oriented and efficient public services, particularly in the areas of public safety.

FISCAL IMPACT/FINANCING

The maximum first year costs for the proposed lease with Lockheed will be \$5,000, which is an increase of \$4,750 over the 1977 lease. Sufficient funding for the proposed lease is included in the Fiscal Year (FY) 2016-2017 Rent Expense budget, and will be billed back to ISD. ISD has allocated sufficient funds in its FY 2016-2017 operating budget to cover the projected lease costs. The entire rental cost is 100 percent net County cost, and will be subject to the Communication Site Utilization Program cost recovery pool.

The granting of non-exclusive access to LA-RICS will be on a gratis basis, as agreed upon on in prior agreements

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Since June 14, 1977, the County has leased the Mount McDill property for a telecommunications site, which is critical to the County-wide communications system. The new ground lease will allow the County's continuing use of its existing telecommunication facilities at the site, and the terms of the proposed ground lease will remain the same as the existing agreement, except for an increase in rental costs.

The LA-RICS Authority was formed in 2009, as a Joint Powers Authority comprised of independent cities, the County, and other public agencies throughout Los Angeles County. The County is a member agency in the LA-RICS Authority. LA-RICS' mission is to engage in a region-wide cooperative effort to plan and establish a wide-area interoperable public safety communications network. When commissioned, the LA-RICS network will provide first and secondary responders with the technology to coordinate, in real time, their response to day-to-day operations, and most importantly, during emergencies. The LA-RICS network is made up of two independent systems, the Public Safety Broadband Network (PSBN) also known as Long Term Evolution (LTE) and the LMR Systems. The SAA covered in this recommendation are only for the LMR System.

The LMR system is a single, unified public safety radio communications system for Los Angeles County. Currently, more than 80 public safety agencies use 40 different and aging radio systems to communicate, preventing them from talking in real-time during catastrophic events. LA-RICS will provide public safety agencies with better, faster, and more accurate information with which to save lives and protect property.

The proposed Agreements have been negotiated and prepared by the Chief Executive Office, LA-RICS Authority, and County Counsel. The Agreements will be executed in a form substantially similar to Attachment B. LA-RICS will be responsible for utility payments, maintenance obligations, as well as certain insurance and indemnification requirements.

Door-to-door outreach to residents/businesses for the LA-RICS LMR project is not required for Mount McDill since there are no residents/businesses within 500 feet.

ENVIRONMENTAL DOCUMENTATION

The new Mount McDill ground lease is categorically exempt from the provisions of CEQA under Section 15301 of the State CEQA Guidelines and Class 1 of the County's Environmental Document Reporting Procedures and Guidelines, Appendix G, which specifically address leasing of existing public facilities. The proposed lease will result in negligible or no expansion of existing use of the facility. Further, there are no cumulative impacts, unusual circumstances or other limiting factors that would make use of the exemption inapplicable based on the records of the project.

Upon approval of the recommended actions, the Chief Executive Office (CEO) will file a Notice of Exemption with the Registrar-Recorder/County Clerk, in accordance with Section 15062 of the State CEQA Guidelines.

The environmental impact of the project at the Mount McDill site was evaluated in the EIR prepared by the LA-RICS Authority for the LMR System. On March 29, 2016, the LA-RICS Authority Board certified the Final EIR for the LMR System in compliance with CEQA, made findings with respect to the environmental impacts of the project, and adopted the Mitigation Monitoring Program (MMP) as a condition of approval for the project. On April 12, 2016, the Board of Supervisors, acting on behalf of the County, and as a responsible agency under CEQA, considered the Final EIR, which analyzed environmental impacts from the installation, operation, and maintenance of LMR equipment when it delegated authority to the CEO to execute the Site Access Agreements at two County-owned sites. The currently recommended actions related to the Agreements for the Mount McDill site are within the scope of the impacts analyzed in the previously certified Final EIR and the Board's previous environmental findings and adoption of the MMP are applicable to the current recommendations. There have been no changes to the project analyzed or to the circumstances under which the project is undertaken for this LMR System site that would require revisions to the previous EIR due to new significant effects or a substantial increase in the severity of previously identified significant effects pursuant to Public Resources Codes section 21166 or CEQA Guidelines sections 15162 and 15163. The previously adopted MMP will continue to apply.

Upon the Board's approval of the recommended actions, the County's Chief Executive Office will file a Notice of Determination with the Registrar-Recorder/County Clerk for the Mount McDill site, pursuant to Section 21152(a) of the California Public Resources Code, and Section 15094 of the State CEQA Guidelines.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Approval of the recommended actions will not compromise public safety missions or disrupt vital, existing communication services.

CONCLUSION

It is requested that the Executive Office, Board of Supervisors, return three certified copies of the Minute Order to the CEO, Real Estate Division, at 222 South Hill Street, 4th Floor, Los Angeles, CA 90012.

Respectfully submitted,

SACHI A. HAMAI

WHEREAS, the terms and conditions concerning the consent of the Master Lessor has been summarized in the Consent to Site Access Agreement for McDill, ("Consent Agreement"), and

WHEREAS, the parties hereto acknowledge that: (a) LA-RICS AUTHORITY has retained Motorola Solutions, Inc. ("LMR Vendor") to design, construct, and perform services with respect to a regional interoperable LMR telecommunications system as a part of the LA-RICS; (b) the LA-RICS AUTHORITY has retained Motorola Solutions, Inc. ("LMR Vendor") to design and construct a regional interoperable Land Mobile Radio telecommunications system as a part of the LA-RICS; (c) any of the LA-RICS Authority

member agencies may assume the LA-RICS Authority's rights and obligations under this Agreement and/or may perform services with respect to this LA-RICS; and

WHEREAS, LA-RICS AUTHORITY is willing to accept and exercise the rights granted by this Agreement for use of a LMR site located on the Real Property in accordance with the terms and conditions prescribed herein.

NOW, THEREFORE, in consideration of the foregoing recitals, which are hereby deemed a contractual part hereof, and the mutual promises, covenants, and conditions set forth herein, the parties hereto agree as follows:

1. **LMR SITE**

County hereby licenses to the LA-RICS AUTHORITY and LA-RICS AUTHORITY hereby accepts from County on the terms and conditions set forth herein, the use of land within a portion of the Real Property, together with all necessary space, private access roads and easements that have been given prior approval for use by Master Lessor, who is also the owner of the Real Property and private access road for access and utilities, to install and operate an unmanned LMR communication facility, consisting of the land space shown on Exhibit A attached hereto and incorporated herein by this reference (the "LMR Site").

The LA-RICS AUTHORITY acknowledges its personal inspection of the LMR Site and the surrounding area and evaluation of the extent to which the physical condition thereof will affect its operations. The LA-RICS AUTHORITY accepts the LMR Site in its as-is condition with no duty to investigate, and County makes no warranty, express or implied, as to the suitability of the LMR Site or the Real Property for the LA-RICS AUTHORITY's use; its physical condition, including the condition and stability of the soils or groundwater on or under any of the Real Property; and the presence of pollutants or contaminants therein.

LA-RICS AUTHORITY, the LMR Vendor may make or construct or cause to be made or constructed additions, alterations, repairs, replacements or other changes to the LMR Site at the LA-RICS AUTHORITY's expense in accordance with all of the terms and conditions of this Agreement.

LA-RICS AUTHORITY hereby acknowledges the legal right of possession of the County or its successors in the Real Property and covenants and agrees never to assail, contest, or resist said right of possession.

Ownership of all improvements constructed by the LA-RICS AUTHORITY upon each and every site comprising the LMR Site and all alterations, additions or betterments thereto shall remain with the LA-RICS AUTHORITY or other agencies as may be provided by any applicable LA-RICS grant requirements. The LA-RICS AUTHORITY may remove any of its own improvements to the Real Property at any time, entirely at its own cost, during the term of this Agreement, and County hereby waives any and all lien rights it may have in relation thereto, statutory or otherwise.

LA-RICS AUTHORITY hereby acknowledges that the Real Property is occupied by the County pursuant to the Master Lease Agreement. Accordingly, it is understood and recognized that this Agreement constitutes a sublease and that this Agreement shall be subject in all respects to the terms of, and the rights of Master Lessor under the Master Lease Agreement, as set forth in the Master Lease Agreement. Except as otherwise expressly provided in this Agreement, the terms and conditions of the Master Lease Agreement insofar as they relate to the Real Property or the LMR Site, subject to the terms set forth in this Section 1.06, are made a part of and incorporated into this Agreement as if recited herein in full. Notwithstanding the foregoing, in the event of conflict between the terms of the Master Lease Agreement and the terms of this Agreement, as between the County and LA-RICS AUTHORITY only, the terms of this Agreement shall control; provided, however, in the event the observance or performance by either party hereto of the terms of this Agreement may result in a breach of the terms of the Master Lease Agreement, the subject terms of this Agreement shall be invalid and unenforceable and the corresponding terms of the Master Lease Agreement shall control.

2. **PURPOSE AND USE**

The sole purpose of this Agreement is to allow the LA-RICS AUTHORITY to use the LMR Site for the installation, operation, maintenance, and repair of a LMR facility. The LA-RICS AUTHORITY (and/or its member agencies, the LMR Vendor, and/or other agents, collectively "LA-RICS AUTHORITY PARTIES"): (a) shall have the right to construct, install, repair, remove, replace, maintain, and operate the LA-RICS AUTHORITY's LMR communications system, which typically consists of, without limitation, the infrastructure, shelters, equipment and related improvements listed on Exhibit B (Equipment List) attached hereto and incorporated herein by this reference (such LMR system, and associated infrastructure, shelters, equipment and related improvements, collectively, the "LA-RICS Facility") and other related materials as may be deemed necessary by the LA-RICS AUTHORITY, and (b) shall be allowed access over, through and across each site comprising the Real Property, other necessary space, and private access roads and easements for ingress to and egress from the LMR Site, 24 hours per day, 7 days per week without notice. The LMR Site shall be used only for the purposes authorized by this Section 2, and such other purposes as are directly related thereto, and for no other purposes whatsoever (collectively the "Permitted Activities").

The LA-RICS AUTHORITY shall ensure that all usage of the LMR Site and/or the Real Property hereunder, including without limitation usage by the LMR Vendor AND OTHER LA-RICS AUTHORITY PARTIES, is in compliance with all terms and conditions of this Agreement.

Nothing contained in this Agreement shall be deemed or construed in any way to limit the authority of either County or Master Lessor, to exercise any right or power concerning the utilization of the Real Property including without limitation the Agreement on the LMR Site; provided, however, that such County or Master Lessor's authority shall not include the exercise of any right or power that would interfere with the LA-RICS Facility.

3. **APPROVALS/DESIGN REVIEW**

The LA-RICS AUTHORITY shall obtain the prior written approval of County and Master Lessor prior to installing any equipment, buildings or structures at the LMR Site. With its written request for approval, LA-RICS AUTHORITY shall furnish and submit to County and Master Lessor copies of project plans and specifications (along with any other information reasonably requested by County or Master Lessor) for the LMR Site. LA-RICS shall also submit updated copies of project plans and specifications to County and Master Lessor at the 50%, 75%, and 100% stages of design development, for County's review and approval. LA-RICS AUTHORITY agrees to discuss with County and master lessor the concerns of either County or Master Lessor, if any, regarding the proposed plans and to work in good faith to address such concerns and obtain County and Master Lessor's approval prior to implementation of said plans.

Conceptual site plans for the LMR Site are identified in Exhibit C. Upon the LA-RICS AUTHORITY's, County's (or County's authorized agent's) and Master Lessor's approval of the final site plan for the LMR Site, such final site plan will be deemed incorporated herein by reference as an update to Exhibit C. County agrees that it will approve or deny approval of all plans and specifications, as well as informing Master Lessor of the final plans and specifications, within 15 business days of receipt or said plans and specifications shall be deemed approved. LA-RICS AUTHORITY shall provide County with a notice of work commencement and an estimated time of completion for the LMR Site.

County and the LA-RICS AUTHORITY acknowledge that the LA-RICS AUTHORITY is a California joint powers authority whose members have specified, pursuant to Section 4.04 of its Joint Powers Agreement and Section 6509 of the California Government Code, that all common powers exercised by the LA-RICS AUTHORITY's Board of Directors shall be exercised in a manner consistent with, and subject to all the restrictions and limitations upon the exercise of such powers, as are applicable to the County of Los Angeles ("County") (i.e., the LA-RICS AUTHORITY has adopted the County's operating mode). Accordingly, County and the LA-RICS AUTHORITY agree that the LA-RICS AUTHORITY (i) will comply with County Building Code requirements and (ii) will seek only those governmental approvals that would normally apply to the County, other than with respect to ministerial permits as described below. Notwithstanding the foregoing, the parties agree that their cooperation in addressing any concerns raised by the County is essential to the success of the LA-RICS project and that accordingly all such concerns will be taken into consideration throughout the LMR Site plan approval process, as described in this Section 3 and in Section 8.

LA-RICS AUTHORITY shall be solely responsible for the procurement of all required permits for the use, maintenance, occupancy of the LMR Site and for any construction, work or repair of any portion of the LMR Site and in particular shall secure and maintain all required AQMD permits and provide Master Lessor with copies of such permits. Any change or alteration to such permits provided to Master Lessor shall be subject to review and approval by Master Lessor prior to submission to the relevant permitting authority. Should ministerial permits be required, County shall expeditiously process such permits

within its jurisdiction. To the extent there may be costs associated with County's review, such costs will be waived for LA-RICS AUTHORITY. The LA-RICS AUTHORITY may perform and obtain, at the LA-RICS AUTHORITY's sole cost and expense, soil borings, percolation tests, engineering reports, environmental investigations or other tests or reports on, over, and under the LMR Site to the extent necessary to proceed with design, construction, or for compliance with the California Environmental Quality Act and/or the National Environmental Policy Act, and/or to determine if the LA-RICS AUTHORITY's use of the LMR Site will be compatible with the LA-RICS AUTHORITY's engineering specifications and design and operational requirements. County shall work cooperatively and expeditiously with the LA-RICS AUTHORITY to complete review of any project plans and specifications, so as not to delay the design and construction of the LA-RICS Facility.

4. **TERM**

The initial term ("Initial Term") of the Agreement shall commence upon full execution of this Agreement ("Commencement Date") and shall terminate upon the earliest of: (a) written notice of termination by LA-RICS AUTHORITY; (b) written notice by County pursuant to Section 28 (Default) hereof; or (c) termination of the Master Lease Agreement.

5. **CONSIDERATION**

The consideration for the use granted herein shall be LA-RICS AUTHORITY's compliance with all of the terms and conditions of this Agreement.

6. **CONDITIONS PRECEDENT TO INSTALLATION OR ALTERATIONS OF EQUIPMENT**

County and Master Lessor shall have the opportunity to review and provide input, if any, as to all project plans and specifications for the LA-RICS AUTHORITY's proposed alterations of the equipment comprising the LA-RICS Facility (not including "like-kind" replacements) after LA-RICS AUTHORITY's initial installation of the LA-RICS Facility on the LMR Site. In addition, County and Master Lessor shall have the right to inspect said equipment and the LMR Site at any time during and after installation upon not less than twenty-four (24) hours prior written notice to the LA-RICS AUTHORITY (except in cases of emergency pursuant to Section 14 hereof (Emergency Access)) and, at LA-RICS AUTHORITY's option, LA-RICS AUTHORITY may choose to have a representative to accompany County and Master Lessor during any such inspection of or access to a LMR Site. The LA-RICS AUTHORITY shall not commence installation of equipment or alteration of a LMR Site, or any portion thereof, until the County and Master Lessor has reviewed and approved the plans and specifications in accordance with all of the terms and conditions of this Agreement, including without limitation Sections 3 and 8 hereof. County's and Master Lessor's review and approval of the plans shall not release the LA-RICS AUTHORITY from the responsibility for, or the correction of, any errors, omissions or other mistakes that may be contained in the plans and specifications. The LA-RICS AUTHORITY shall be responsible for notifying County and Master Lessor and all other relevant parties immediately upon discovery of such omissions and/or errors. The LA-RICS AUTHORITY

shall not cause or permit any change of any equipment installed by the LA-RICS AUTHORITY on a LMR Site including power outputs or changes in the use of frequencies described in Exhibit B hereto (Equipment List), but not including "like-kind" replacements, except after County has been provided an opportunity to review and approve, such plans and specifications.

7. INSTALLATION

LA-RICS AUTHORITY shall install the LA-RICS Facility at its own expense and risk as approved by County and Master Lessor in accordance with the terms hereof, and such installation shall not cause radio frequency interference with equipment, transmission or reception (operated currently or in the future) by the County. LA-RICS AUTHORITY and/or its agent shall install interference protection devices such as isolators, cavities, circulators, or combiners as required or recommended by accepted industry practices. Each component of the LA-RICS Facility shall be clearly identified with LA-RICS AUTHORITY's and, as applicable, member agency, LMR Vendor's name, address, telephone number, Federal Communications Commission ("FCC") license and frequencies in use. Such identification shall be attached to each component of the LA-RICS Facility in plain view.

LA-RICS AUTHORITY agrees that County may grant the use of any unused portion of the Real Property to any third party for the purpose of installing communications transmitting equipment, so long as such uses do not conflict or interfere with LA-RICS AUTHORITY's operations as provided for pursuant to this Agreement. Any third party granted rights by the County shall be required to comply with all applicable noninterference rules of the FCC.

County reserves the right, at its expense, to install on the Real Property, including without limitation within the LMR Site, its own communications shelter, telecommunication equipment, and appropriate tower space for telecommunications and/or microwave (collectively, the "County Facilities") so long as the installation of said County Facilities does not interfere with LA-RICS AUTHORITY's operations. LA-RICS AUTHORITY and County agree to make commercially reasonable efforts to resolve any radio frequency interference issues with equipment, transmission or reception caused by the installation of the County Facilities.

LA-RICS AUTHORITY accepts the LMR Site in an "as is" condition as of the date of full execution of this Agreement. LA-RICS AUTHORITY shall have the right to finance and construct approved equipment and related improvements on the LMR Site at LA-RICS AUTHORITY' sole cost and expense, except as may be provided otherwise by other agreements. Following the construction and installation of LA-RICS AUTHORITY's infrastructure, shelter, equipment, and related improvements, LA-RICS AUTHORITY may thereafter, at its sole cost and expense, perform construction, maintenance, repairs, additions to, and replacements of its equipment as necessary and appropriate for its ongoing business and has the right to do all work necessary to prepare, modify and maintain the LMR Site to accommodate LA-RICS AUTHORITY's infrastructure, shelter, equipment, and related improvements and as required for LA-RICS AUTHORITY's operations of the LA-

RICS Facility at the LMR Site, including any structural upgrades required to accommodate LA-RICS AUTHORITY's infrastructure, shelter, equipment, and related improvements on the LMR Site.

Upon completion of the installation of the equipment comprising the LA-RICS Facility at the LMR Site, LA-RICS AUTHORITY shall provide County with a time of completion notice and as-built drawings of the LA-RICS Facility ("As-Builts"). Such As-Builts shall include the location of any of LA-RICS AUTHORITY shelters, cabinets, grounding rings, cables, and utility lines associated with LA-RICS AUTHORITY use of the LMR Site in CAD and PDF formats. LA-RICS AUTHORITY may on its own behalf make a claim in any condemnation proceeding involving the LMR Site for losses related to the equipment comprising the applicable LA-RICS Facility, its relocation costs and its damages and losses (but not for the loss of its interest, if any, under this Agreement). Any such notice of termination shall cause this Agreement to expire with the same force and effect as though the date set forth in such notice were the date originally set as the expiration date of this Agreement, and County and LA-RICS AUTHORITY shall make an appropriate adjustment, as of such termination date, with respect to payments due to the other, if any, under this Agreement.
