### PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The U.S. Department of Homeland Security, through the California Governor's Office of Emergency Services (Cal OES) has approved grant funding for State and national homeland security efforts. This grant funding is provided to support comprehensive emergency management at local levels, and to encourage the improvement of mitigation, preparedness, response, and recovery capabilities for all hazards and disasters. These grant funds will be used to strengthen information sharing and collaboration among all levels of government, private industry, and non-governmental and community-based organizations; strengthen emergency planning for both intentional and natural disasters; encourage citizen preparedness while integrating the needs of vulnerable populations; and provide guidance and support for enhancing primary and alternate emergency operations centers to increase regional readiness, and increase opportunities for professional training of emergency management personnel.

Following approval by the Board, and the signing of subrecipient agreements with Disaster Management Areas (DMAs), the grant funds will be made available at the local level.

The Board is requested to authorize the Chief Executive Officer (CEO) to administer this grant, on behalf of the Los Angeles County Operational Area (OA), and approve the enclosed Governing Body Resolution, which provides a list of CEO personnel authorized to sign grant documents for the Emergency Management Performance Grant (EMPG). The CEO will also be authorized to submit other grant documents including, but not limited to, amendments, modifications, extensions, performance reports, reimbursement requests, and future applications.
