**APPROVE CHILD CARE SALARY/RETENTION INCENTIVE (AB 212) CONTRACT FOR
FISCAL YEAR (FY) 2017-18 FROM THE CALIFORNIA DEPARTMENT OF EDUCATION
(ALL DISTRICTS AFFECTED)
(3-VOTES)**

SUBJECT

Approve the annual contract from the California Department of Education (CDE) to continue implementation of the Investing in Early Educators Stipend Program (Stipend Program). The Stipend Program provides cash stipends to eligible early educators working directly with children in CDE-contracted child care and development programs and other qualifying programs, and who complete at least one three-unit class in child development leading to a degree. The contract amount for Fiscal Year (FY) 2017-18 is \$3,078,883.

JOINT RECOMMENDATION WITH THE CHILD CARE PLANNING COMMITTEE THAT THE BOARD:

1. Approve and instruct the Chair to sign in blue ink three original copies of the attached contract (Attachment A) with the CDE for the Child Care Salary/Retention Incentive Program. This contract funds the continuation of the local Stipend Program for FY 2017-18 in the amount of \$3,078,883. The Office for the Advancement of Early Care and Education within the Service Integration Branch of the Chief Executive Office administers this contract on behalf of the Child Care Planning Committee (Planning Committee).
2. Adopt the attached Resolution (Attachment B) to authorize the Chief Executive Officer (CEO), or her designee, to act as the agent for the County to execute the State and Federal Certifications regarding lobbying, debarment, suspension, a drug-free workplace, and civil rights, as well as any amendments that may be deemed necessary to implement this contract.

3. Authorize the CEO, or her designee, to prepare and execute any and all documents as may be necessary to implement this contract. Approval as to form will be obtained by County Counsel prior to executing any amendments.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The Office for the Advancement of Early Care and Education has administered the Child Care Retention/Stipend Incentive Program (Attachment C) under this contract with CDE since FY 2001-02. The purpose of this program, known locally as the Investing in Early Educators Stipend Program, is to improve the retention and academic achievement of persons working with children in qualifying child care and development centers and family child care homes.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

The Stipend Program contributes to the County's efforts to achieve three Strategic Plan goals – Make Investments that Transforms Lives; Foster Vibrant and Resilient Communities; and Realize Tomorrow's Government. The Stipend Program is designed to enhance the quality of child care and development programs by promoting the professional development and educational attainment of teachers and providers working in centers and family child care homes in which most of the children are subsidized by the state. A well-educated and trained workforce contributes to the overall well-being of children and strengthens families in partnership with community resources inclusive of health, mental health, and social services.

FISCAL IMPACT/FINANCING

Approval of this CDE contract will provide a total of \$3,078,883 for the continued operation of the Stipend Program. Funding is included in the Chief Executive Office FY 2017-18 Adopted Budget. All costs associated with this contract are fully covered by funding from CDE at no County cost.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Assembly Member Dion Aroner, introduced Assembly Bill (AB) 212 (Chapter 57) for the purposes of addressing the low salaries and high turnover rates in CDE-contracted child care and development programs. The bill was signed into law in 2000, and funding to implement the legislation was included in the FY 2000-01 State Budget. Los Angeles County launched the Stipend Program in FY 2001-02.

In 2005, the County of Los Angeles sponsored AB 1285 (Chapter 650), authored by Assembly Member Cindy Montañez. This legislation was successful and granted a waiver to the Los Angeles County Stipend Program to expand the pool of participants beyond persons working in CDE-contracted child care and development centers. As a result of AB 1285, participants include:

- Teachers in non-CDE-contracted centers serving a majority of state-subsidized children; and
- Family child care providers who participate in a CDE-contracted Family Child Care Home Education Network or serve a majority of state-subsidized children.

The waiver became effective in January 2006. As a result of the 2010 Budget Trailer Bill, the extension continues throughout the life of the program. The contract before the Board of Supervisors (Board) will support the continued operation of the Stipend Program through FY 2017-18.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

During FY 2016-17, 1,536 persons working directly with children in child care and development programs serving low-income families in Los Angeles County completed at least one three-semester unit college course and received a cash stipend. Ninety-one percent of the participants worked in a center-based program, while nine percent were family child care providers. Stipend payments totaled \$2,749,225 and were paid directly to persons working in the programs.

In addition, the Stipend Program awarded graduation stipends to persons earning a degree in child development as follows:

- 47 participants earned an Associate of Arts (AA) degree;
- 58 participants earned a Bachelor of Arts/Sciences (BA/BS) degree; and
- 32 participants earned a Master of Arts (MA) degree.

Since 2001, the Stipend Program has awarded stipends to:

- 27,949 persons working in child care and development programs in Los Angeles County; and
- 3,818 persons earning an AA, BA/BS, or MA degree.

The Stipend Program has generated growing interest in and support for gaining college units leading to a degree in child development throughout the early care and education field. Professionalizing the workforce matched with other program supports is considered by research as an important means for improving the quality of services provided to children and their families.

CONCLUSION

Upon approval by the Board, the following documents will require original signatures in blue ink:

- Attachment A - includes three original copies of the contract, each requiring an original signature by the Chair of the Board; and
- Attachment B – includes three original copies each of the Resolution Form that is to be completed and signed by the Executive Officer of the Board and the Contractor Certification Clauses (CCA 04/2017), California Civil Rights Laws Certification (CO-005) and Federal Certifications (CO.8) for signature by the CEO.

Completed documents should be returned to:

Office for the Advancement of Early Care and Education
Service Integration Branch, Chief Executive Office
222 South Hill Street, 5th Floor
Los Angeles, CA 90012

The Office for the Advancement of Early Care and Education will forward the signed documents to the CDE, as required for full execution of the contract.

Respectfully submitted,

Section I – Introduction

The Los Angeles County Office of Child Care ~~Office of the Advancement of Early Care and Education (OAECC)~~, located within the Service Integration Branch of the Chief Executive Office, will administer the AB 212 Early Education Staff Retention contract program, entitled in our County the Investing in Early Educators – Stipend Program (Stipend Program). The Stipend Program is designed to increase the retention and academic preparedness of teachers working in child development programs – centers and family child care homes – in which most of the children are subsidized by the California Department of Education/Early Education and Support Division (CDE/EESD). Stipends are made available to teachers completing college coursework that informs their work with children and families, and/or contributes toward a degree in child development or a closely related field.

Approved by the Governor on October 7, 2005, AB 1285 (Chapter 650) allows Los Angeles County to expand the population eligible to participate in the CDE/EESD-contracted Early Education Staff Retention program to include providers participating in Family Child Care Home Education Networks (FCCHENs), and family child care providers and teaching staff from programs that serve a majority of children subsidized through CDE/EESD-contracted Alternative Payment (AP) Program agencies. The plan for Los Angeles County reflects the provisions of this chaptered legislation.

The components of the Stipend Program are as follows:

Stipends for educational attainment will be provided as incentives to early childhood educators at various professional levels including: teachers in CDE/EESD-contracted programs, providers participating in FCCHENs, teachers working in programs that are serving a majority of children subsidized through the CDE/EESD-contracted AP Program agencies, and family child care providers serving a majority of CDE/EESD subsidized children. Graduation stipends will be given to eligible applicants who have completed coursework for an associate (AA), bachelor (BA) or master (MA) degree within the application cycle. Center staff and family child care providers who have not yet obtained a permit may participate for three cycles (beginning in 2013-14) without the permit in order to take the classes needed to make them eligible to apply for a permit.

Information and Technical Assistance in the form of *Career Options in Child Development* information packets will be made available to Stipend Program applicants, Professional Growth Advisors, college instructors, child development program managers, and staff of programs participating in the Quality Rating and Improvement Systems (QRIS) operating in Los Angeles County. In addition to offering hard copies, individuals and groups will be directed to the ~~Office of Child Care~~ **OAECC** website at www.childcare.lacounty.gov where the packet is available for download. Academic counseling will be available on a limited basis for applicants ~~through the Office of Child Care~~, *however participants will be encouraged to seek primary advising from their college so as not to interfere with their ability to register for classes*. Entry level teachers and providers will be encouraged to obtain their permits.

Section I – Introduction (continued)

Information and Technical Assistance in the form of *Career Options in Child Development* information packets will be made available to Stipend Program applicants, Professional Growth Advisors, college instructors, child development program managers, and staff of programs participating in the Quality Rating and Improvement Systems (QRIS) operating in Los Angeles County. In addition to offering hard copies, individuals and groups will be directed to the ~~Office of Child Care~~ **OAECC** website at www.childcare.lacounty.gov where the packet is available for download. Entry level teachers and providers will be encouraged to obtain their permits.

Data Collection will involve the information supplied by the applicants in their applications and verification forms. Staff will conduct limited analysis of this data for informational purposes. The ~~Office of Child Care~~ **OAECC** *has revised its application and verification form to collect required information on its participants for entry into the Professional Development Training Profile that is uploaded at the end of the fiscal year to a secure page of the Child Development Training Consortium website. The OAECC, in partnership with the Child Care Alliance of Los Angeles, has begun the process of encouraging participants to establish a profile in the California Early Care and Education Workforce Registry to obtain a unique identifier, which will be used in lieu of Social Security Numbers.* ~~is working to conform to CDE registration requirements by using our current database given our large population of 2,000 plus applicants. The OAECC is exploring opportunities to conduct analyses on data collected on Investing in Early Educators Stipend Program since its inception. Areas of interest include: years of participation, degree achievement by participants, and upgrades on the child development permit matrix.~~

Communication and Collaboration with Los Angeles community colleges, First 5 LA, QRIS initiatives, *Child Care Alliance of Los Angeles, LAUP* and other efforts impacting the workforce will continue. Lessons learned from our experience with the Stipend Program will inform these efforts. *In addition, the Child Care Planning Committee – Los Angeles County's Local Child Care and Development Planning Council (LPC) – will continue to serve as an advisory to ongoing planning inclusive of program modifications to the program and implementation.*

Section II – Current Needs and Resources

Many efforts undertaken in the last few years have provided a sharper focus on the current needs, limitations and resources that impact the enhancement, retention and growth of the early care and education workforce in Los Angeles County. Among recent impacts is the sunset of LAUP's ASPIRE program and the pending sunset of the workforce consortium. As a result of the close of ASPIRE, there is confusion amongst staff working in early care and education programs regarding eligibility for the Investing in Early Educators Stipend Program, particularly among early educators serving children in Head Start programs. The Office of Child Care is exploring the impact that the sunset of ASPIRE means to the field working in programs that do not serve children subsidized by the State. Anecdotally, the stipend seems to serve as an incentive among some early educators—particularly older staff—who may be more hesitant to continue their education, particularly when balancing full-time jobs and caring for their families. Additionally, we have found this same population of early educators to be more inclined to attend classes on college campuses rather than taking advantage of online coursework, which would seem easier than driving to campus, parking and then making it to class on time. A more positive assessment of the program participants and the challenges they encounter while pursuing their education might be appropriate.

A significant number of our applicants depend on the stipends as a means to pursue their degrees in early care and education. Each cycle represents between 150 and 200 participants who have achieved an AA, BA or MA degree. Given current and emerging initiatives such as QRIS to raise the qualifications of the early care and education workforce as described in the previous section, the 2016-17 2017-18 plan continues to award these degree stipends as funding allows, particularly given the recent 25 percent cut to the program. This coming year will include an exploration and discussion of strategies to intentionally link the stipend program with QRIS work underway by the QRIS Architects.

The number of applicants to the Stipend Program has stabilized, showing evidence of a stronger applicant pool and greater familiarity with the program requirements. Another positive change has been incentivizing the acquisition of the child development permit, thus eliminating a barrier to potential applicants working in programs that do not require it. In Cycle 48 19, participation in the Stipend Program will be open to those who do not already hold a permit to apply, allowing them the time to complete required coursework to earn the permit. All participants who have previously earned a permit must retain a valid and current permit during their participation in Cycle 48 19.

The majority of Stipend Program recipients are matriculating at community colleges in Los Angeles County. Many of our participants are continuing education students, some of whom require remediation, and therefore do not represent the renewed focus of the community college system. Community colleges have shifted their attention to new high school graduates with firm plans to transfer to a four year school and able to maintain full or official part-time status. As such, there is a preference for registering ongoing students who are successfully carrying at least a part-time course load, therefore impacting the continuing education goals of a segment of the early care and education workforce.

Section III – Priorities

The OAECC, historically, has been able to award stipends to all eligible participants who meet the education requirements regardless of the established priorities. However, we understand that the future of the program and the ability to award stipends to participants in each of the priority categories depends on the funding allocation in each budget year. The priorities set forth in this plan are aligned with the original intent of AB 212 and the ensuing legislation that allowed Los Angeles County to expand eligibility to early educators working in centers and family child care homes serving a majority of children receiving services subsidized by the state.

First Priority: Teaching staff in CDE/EESD-contracted centers holding a valid Child Development Permit or working toward meeting permit requirements, working at least 15 hours per week directly with children, and who complete a minimum of three semester units of college coursework will earn stipends.

Second Priority: Family child care providers participating in FCCHENs contracted by the CDE/EESD, holding a permit during the stipend cycle or working toward meeting the permit requirements, and who complete a minimum of three semester units of college coursework will earn stipends. FCCHEN status will be verified by the FCCHEN Coordinator.

Third Priority: Licensed family child care providers and their assistants and teaching staff in programs serving a majority of children subsidized through a CDE/EESD-contracted AP Program agency at the time of application, who are working a minimum of 15 hours per week directly with children, who complete a minimum of three semester units of college coursework, and who hold a permit during the stipend cycle or are working toward meeting permit requirements. To verify eligibility, each participant must attach a copy of the payment invoice or summary, or contracts provided by the AP Program agency that reimburses the provider or center for the care of subsidized children. These invoices or contracts must list the children currently enrolled and subsidized by the CDE/EESD. The director or provider also must submit the current enrollment number so that the Stipend Program staff may calculate the percentage of subsidized children served at the time of application.

Fourth Priority: Stipend Program participants graduating with an AA, BA or MA degree within the stipend cycle will receive a graduation stipend if the degree is in child development or a closely related field.

Stipend amounts will range from \$750 to \$2,000 depending on the number of units completed. Actual stipend awards may be adjusted depending on the availability of funds and the number of applicants. Assistance will be provided to teaching staff and family child care providers who have not obtained a permit and who may need extra help in connecting with a community college and selecting the appropriate classes.

Section IV – Measurable Outcomes

1. An estimated 1,080 stipends will be paid to child development staff working in CDE/EESD-contracted programs, providers participating in FCCHENs, and to staff and family child care providers working in programs serving a majority of children subsidized through a CDE/EESD-contracted AP Program agency. The child development personnel will have earned at least three units of college credit to advance their educational goals.
2. Approximately 100 graduation stipends will be given to those earning AA, BA or MA degrees in child development or a closely related field.
3. *Career Options in Child Development* are available for download on the ~~Office of Child Care~~ OAECC website at www.childcare.lacounty.gov. In addition, hard copies of the packets are available by request to individuals and groups (i.e. college instructors) for distribution to their students); copies of the packets also are available to applicants who personally deliver their application and verification materials. ~~to the Office of Child Care.~~
 1. Collaboration with other entities – LAUP, First 5 LA, community colleges, QRIS Architects, Child Care Alliance of Los Angeles, Los Angeles County Office of Education, PEACH (Partnerships for Education, Articulation and Coordination through Higher Education) initiatives and more – will result in more comprehensive workforce development planning for Los Angeles County.
