Dear Supervisors:

**ALLOCATION OF FISCAL YEAR 2004-05 FOSTER YOUTH
INDEPENDENT LIVING SKILLS ENHANCEMENT PROGRAM FUNDS
(ALL SUPERVISORIAL DISTRICTS) (3-VOTES)**

1. Authorize the Director of Community and Senior Services (CSS), or designee, to allocate \$1,440,000 in Independent Living Program (ILP) funds, of which \$1,200,000 will be allocated to the thirteen (13) agencies listed in Attachment A in the amounts indicated for the provision of direct program services, and \$240,000 will be used for CSS administrative costs. The ILP allocation is 100% reimbursed by federal funding through the State ILP allocation, and the contract costs are fully financed using ILP funding. The Department of Children and Family Services (DCFS) provides funding to CSS through intrafund transfers.
2. Authorize the Director of CSS or designee to negotiate and execute contracts with the 13 agencies listed in Attachment A, and in substantially similar form as Attachment B, after County Counsel approval as to form, for the provision of job readiness and placement services to emancipating youth, effective July 1, 2004 through June 30, 2005.
3. Authorize the Director of CSS, or designee, to execute contract amendments, in substantially similar form as Attachment C, to increase or decrease contract amounts based on contractor performance and availability of funding or an extension of the contract period provided that:
(a) the amount of change does not exceed 25% of the original contract amount; (b) approval of County Counsel and the Chief Administrative

Office (CAO) is obtained prior to any such amendment; and (c) the Director of CSS, or designee confirms in writing to the Board of Supervisors and the CAO within 30 days after the execution of such amendments. This action assures full expenditure of funds and is consistent with the Board's policy requiring review of contractor performance.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS:

The recommended actions will enable CSS to continue the provision of services to foster youth in Los Angeles County ages 16-21 through the ILP Skills Center component. The program's focus is on the job readiness and employment needs of foster youth with the ultimate long-term goal of helping these youth attain self-sufficiency. An annual outcome report will be submitted to your Board to monitor program performance by agency.

Implementation of Strategic Plan Goals

The recommended actions are consistent with the principles of the County Strategic Plan by ensuring access to employment services.

The enhancement of the ILP job readiness and placement program will maximize employment opportunities for emancipated youth in an effort to promote self-sufficiency (Goal # 5 – Children and Families Well-Being, Improve the well-being of children and families in Los Angeles County as measured by the achievements in the five outcome areas adopted by your Board: good health; economic well-being; safety and survival; social and emotional well-being; and educational/workforce readiness).

Performance Measures

Among the performance outcomes to be tracked are the number of older youth age 18-21 who obtain unsubsidized employment, and the number of younger youth age 16-17 who attain an academic or vocational skill.

FISCAL IMPACT/FINANCING:

The cost for the recommended actions totals \$1,440,000, of which \$1,200,000 will be used for direct program services, and 240,000 will be used to fund CSS administrative costs. The ILP allocation is 100% reimbursed by federal funding through the State ILP allocation.

There is no impact on the County general fund. Funding has been included in the department's FY 2004-05 Proposed Budget. Any unspent funds will be returned to DCFS within 75 days of the close of the County fiscal year.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS:

At the inception of the program, it was agreed that it would be a pilot, and the data collected this first program period would be preliminary. At this point, the program has been in operation for seven (7) months, an insufficient period of time to evaluate agency performance. In FY 2004-05 we will apply the policy on deobligation and reobligation of funds, and in the first quarter of 2004-05 we will have performance data covering a complete program year. Thus, the deobligation/reobligation policy will be in effect in FY 2004-05.

The Foster Care Independence Act of 1999 allocates funds to serve foster youth and emancipated foster youth up to the age of 21 in order to help prepare youth for independent living. A portion of the annual ILP allocation may be used for job readiness and employment services.

At the direction of your Board on July 17, 2001, the ILP Design Team was formed with representatives from the CAO, CSS, DCFS, the Department of Mental Health, the Community Development Commission, the Probation Department, the Children's Commission, Casey Family Programs, United Friends of the Children, emancipated youth, and other stakeholders. The Team identified a need to redesign the Skills Enhancement Program and called upon the expertise of CSS to do so. The new design combines the service delivery systems of DCFS, CSS WorkSource Centers and Youth Centers, and that of partners such as the State of California Employment Development Department (EDD) and the Community Colleges.

The CAO and DCFS have reviewed and concur with the recommended actions. County Counsel has reviewed and approved the Agreement and Amendment as to form.

CONTRACTING PROCESS:

At the request of the CAO and the ILP Design Team, and approved by your Board on April 29, 2003, CSS was asked to provide leadership in the area of employment. In consideration of our experience in managing performance-based contracts with employment and job readiness as primary outcomes, we were asked to redesign the ILP Skills Center component, and take over management of the contracts effective October 1, 2003. On July 2, 2003, CSS released a

Request for Proposals (RFP) inviting eligible agencies to propose services for emancipating/emancipated foster youth to assist them to achieve independence and self-sufficiency. Thirty-six (36) proposals were received by the deadline, and, on September 30, 2003, your Board approved CSS's recommendation to fund thirteen agencies for the period October 1, 2003 through June 30, 2004. Six (6) were current providers under contracts with DCFS. Those contracts expired September 30, 2003, and CSS began managing the program October 1, 2003.

DCFS and CSS entered into a Memorandum of Understanding (MOU) for the transfer of funds and the provision of the services effective April 29, 2003 through June 30, 2004. The MOU allows for successive one-year renewals through June 30, 2008, subject to Board approval of funding and the availability of ILP funding. Thus, with your approval of these recommendations, the existing MOU between CSS and DCFS will be renewed through June 30, 2005.

Monitoring

Beginning with FY 2003-04, CSS will contract with the Auditor-Controller's (A-C) office to conduct fiscal and contract compliance monitoring of all of its contractors within the Employment and Training Branch. The A-C, utilizing their Master Agreement list, procures a contractor to conduct the on-site and follow-up visits. CSS is responsible for ensuring through its resolution process, that the monitoring findings reported are resolved, training is provided to our contractors, if necessary, and that program policies are developed. A Minority/Vendor Survey is included as Attachment D.

IMPACT ON CURRENT SERVICES:

Thirteen (13) agencies are being recommended for funding to provide job readiness and employment services to emancipated and emancipating foster youth. Currently, these thirteen agencies are providing services to youth under contracts with CSS. These contracts expire June 30, 2004. Approval of these funding recommendations will allow the ILP Skills Enhancement Program for foster youth to continue on July 1, 2004, without interruption.

CONCLUSION

Upon approval of this request, please instruct the Executive Officer/Clerk of the Board of Supervisors to send an adopted copy of this Board Letter to:

This indemnity obligation shall apply irrespective of whether the infringement claim is based on a patent, trademark or copyright registration that was issued after the effective date of this Contract. County reserves the right to participate in and/or control, at Contractor's expense, any such infringement action brought against County.

(2) Should any Intellectual Property licensed by the Contractor to County under this Contract become the subject of an Intellectual Property infringement claim, Contractor will exercise its authority reasonably and in good faith to preserve County's right to use the licensed Intellectual Property in accordance with this Contract at no expense to County. County shall have the right to monitor and appear through its own counsel (at Contractor's expense) in any such claim or action. In the defense or settlement of the claim, Contractor may obtain the right for County to continue using the licensed Intellectual Property; or, replace or modify the licensed Intellectual Property so that the replaced or modified Intellectual Property becomes non-infringing provided that such replacement or modification is functionally equivalent to the original licensed Intellectual Property. V. PROGRAMMATIC SERVICES TO BE PROVIDED BY CONTRACTOR

Project service strategies should incorporate all of the Minimum Mandatory Requirements, and the four key domains that have been identified as directly relevant to youth achieving self-sufficiency and employment:

1. **Readiness for Independent Living:** This domain encompasses skills needed to live independently, such as managing money, dealing with housing issues, developing self-esteem, and accessing community resources. It includes the self perception of youth as being competent, empowered, able to set and accomplish goals, ability to assume responsibility for personal independence, ability to make career choices and decisions, and the ability to take initiative and act on one's own behalf.
2. **Social Relationships and Interpersonal Supports:** This domain pertains to how youth function in their relationships with others, the community, and in the workplace. This domain reflects the belief that having social supports and positive interpersonal relationships is a necessary condition for youth to succeed in living independently.
3. **Vocational Skills and Knowledge of World of Work:** This domain concerns whether a youth has the necessary vocational and educational tools and training to attain self-sufficiency. Areas of emphasis include career preparation, job-seeking skills training, and development of positive work habits. Experiential job opportunities could include work experience, job shadowing, internships and job coaching.

4. **Self-sufficiency:** This domain pertains directly to youth being able to living independently and function as a part of society. It is the culmination of the preparation for independent living, with the ultimate objective of determining whether the youth has the necessary education and training to find and keep a job that pays a living wage.

Prerequisite requirements for all youth enrolled in a Skills Center program are:

1. **Completion of a 16-hour Job Preparation Course:** Skills Centers will offer curriculum-based classes that teach necessary life skills for job readiness and job skills training. Job preparation training should address employment readiness, including aspects such as interviewing skills, problem-solving techniques, and decision-making skills relative to real life job situations. Job preparation skills could include computer skills, clerical skills, knowledge of the workplace, and preparing a resume. The Skills Centers must issue each youth a Certificate of Completion when he or she completes the course, which must be a minimum of **16 hours**. Curriculum for the course must be approved by the County prior to implementation.
2. **Completion of an assessment of academic skills and vocational interests:** Research on the best practices for serving foster youth has indicated that assessments are a key component of a successful program. In the Skills Enhancement Program, assessment will be crucial in developing

each participant's individualized Youth Employment Plan and understanding what services each youth would benefit from the most. Assessments will be done to evaluate a youth's academic skills and vocational interests.

The following standardized test instruments may be used to assess academic skills and vocational interests and aptitudes of foster youth. A test not listed here may be used if approved by the County.

- Test of Adult Basic Education (TABE)
- DOL Workplace Literacy Test (DOL-WLT)
- Adult Measure of Educational Skills (AMES)
- Adult Basic Learning Examination (ABLE)
- Adult Literacy Test (ALT)
- Armed Forces Qualifying Test (AFQT)
- Basic Occupational Literacy Test (BOLT)
- California Achievement Test (CAT)
- Career Ability Placement Survey (CAPS)
- Comprehensive Adult Student Assessment System (CASAS)
- General Aptitude Test Battery (GATB)
- Iowa Test of Basic Skills (ITBS)
- Metropolitan Achievement Test (MAT)
- Reading Job Corps Screening Test (RJCST)
- Wide Range Achievement Test (WRAT)
- DCFS/Probation Department approved tools

Skill Centers will discuss the results of the assessments with the youths during the development of the Youth Employment Plan.

3. **Completion of a written Youth Employment Plan:** After completing an assessment, a Youth Employment Plan (YEP) will be developed for each youth participant. The purpose of the YEP is to help the youth understand strengths and needs, and to establish educational and employment goals. The YEP is a planning document and can be modified as necessary. It is crucial that the individual participant understand and agree with the goals outlined in the YEP. It addresses the assessment results, and includes such elements as the collection of essential documents (birth certificate, etc.), educational and employment plans, employment goals, and ways to overcome any obstacles to achieving goals. Information should be updated and modifications should be made to the YEP when necessary. Both the youth and the case manager must sign the YEP, and the youth must receive a copy.
4. **Ability to tutoring and other educational services, as needed:** For youth whose assessment test scores indicate a need for basic skills remediation or tutoring, service providers must ensure that such services are available. Academic/educational services may be provided directly, or through referral

to an educational institution. This may be done by establishing linkages between local educational institutions and businesses to ensure youth have access to relevant occupational information. Service providers should help youth access information on the kinds of skills needed to gain employment. Service providers should determine whether youth require additional assistance to complete an educational program, or to secure and keep employment.

Service providers should provide or arrange for individual instruction to youth to enable them to complete coursework. Examples of such services include study skills training, organization of materials, note-taking, methods for retaining new information, peer tutoring, computer assisted learning, and drop-out prevention strategies.

5. **Ability to access community resources:** Each community has a wealth of services and resources available to youth. It is important for Skills Centers to recognize the individual needs of transitioning youth and help the youth become aware of these resources and access them. Each youth enrolled in the Skills Enhancement Program will complete an Accessing Community Resources form with assistance from the Skills Center staff. The Accessing Community Resources form will address resources found in a variety of areas including, physical and mental health and safety, education, employment, financial planning, transportation and driving, tutoring and mentoring, housing, and recreation and entertainment. The youth will list the name and contact information of three community resources in each of the areas mentioned above. Each youth will receive a copy of the Accessing Community Resource form to use as a resource sheet.

6. **Ability to obtain necessary documents such as a birth certificate, social security card, and Immigration/Naturalization Service (INS) records:** Foster youth have historically faced difficulties obtaining essential documents for employment and independent living. Skills Centers will help youth obtain documents that they need for these purposes. The Youth Employment Plan includes a section that identifies these documents, and the date they are obtained. Youth should keep copies of all necessary documents in their possession, and Skills Centers should retain a copy for their files. [This item is optional]

Part I: Jury Service Program Is Not Applicable to My Business

- My business does not meet the definition of "contractor," as defined in the Program as it has not received an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts (this exception is not available if the contract/purchase order itself will exceed \$50,000). I understand that the exception will be lost and I must comply with the Program if my revenues from the County exceed an aggregate sum of \$50,000 in any 12-month period.
- My business is a small business as defined in the Program. It 1) has ten or fewer employees; and, 2) has annual gross revenues in the preceding twelve months which, if added to the annual amount of this contract, are \$500,000 or less; and, 3) is not an affiliate or subsidiary of a business dominant in its field of operation, as defined below. I understand that the exemption will be lost and I must comply with the Program if the number of employees in my business and my gross annual revenues exceed the above limits.

"Dominant in its field of operation" means having more than ten employees, including full-time and part-time employees, and annual gross revenues in the preceding twelve months, which, if added to the annual amount of the contract awarded, exceed \$500,000.

"Affiliate or subsidiary of a business dominant in its field of operation" means a business which is at least 20 percent owned by a business dominant in its field of operation, or by partners, officers, directors, majority stockholders, or their equivalent, of a business dominant in that field of operation.

- My business is subject to a Collective Bargaining Agreement (attach agreement) that expressly provides that it supersedes all provisions of the Program.

OR

Part II - Certification of Compliance

- My business has and adheres to a written policy that provides, on an annual basis, no less than five days of regular pay for actual jury service for full-time employees of the business who are also California residents, or my company will have and adhere to such a policy prior to award of the contract.

I declare under penalty of perjury under the laws of the State of California that the information stated above is true and correct.

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents to give up their baby confidentially. As long as the baby has not been abused or neglected, parents may give up their newborn without fear of arrest or prosecution.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially and safely give up a baby within three days of birth. The baby must be handed to an employee at a Los Angeles County emergency room or fire station. As long as the child shows no signs of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, workers will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their newborns within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

In most cases, a parent will bring in the baby. The law allows other people to bring in the baby if they have legal custody.

Does the parent have to call before bringing in the baby?

No. A parent can bring in a baby anytime, 24 hours a day, 7 days a week so long as the parent gives the baby to someone who works at the hospital or fire station.

Does a parent have to tell anything to the people taking the baby?

No. However, hospital personnel will ask the parent to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the child. Although encouraged, filling out the questionnaire is not required.

What happens to the baby?

The baby will be examined and given medical treatment, if needed. Then the baby will be placed in a pre-adoptive home.

What happens to the parent?

Once the parent(s) has safely turned over the baby, they are free to go.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned by their parents and potentially being hurt or killed. You may have heard tragic stories of babies left in dumpsters or public bathrooms. The parents who committed these acts may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had nowhere to turn for help, they abandoned their infants. Abandoning a baby puts the child in extreme danger. It is also illegal. Too often, it results in the baby's death. Because of the Safely Surrendered Baby Law, this tragedy doesn't ever have to happen in California again.

A baby's story

At 8:30 a.m. on Thursday, July 25, 2002, a healthy newborn baby was brought to St. Bernardine Medical Center in San Bernardino under the provisions of the California Safely Surrendered Baby Law. As the law states, the baby's mother did not have to identify herself. When the baby was brought to the emergency room, he was examined by a pediatrician, who determined that the baby was healthy and doing fine. He was placed with a loving family while the adoption process was started.

Every baby deserves a chance for a healthy life. If someone you know is considering abandoning a newborn, let her know there are other options

It is best that women seek help to receive proper medical care and counseling while they are pregnant. But at the same time we want to assure parents who choose not to keep their baby that they will not go to jail if they deliver their baby to safe hands in any Los Angeles County hospital, ER or fire station.

No shame. No blame. No names.
