MENTAL HEALTH SERVICES AUTHORITY TO FUND MEDIA SERVICES FOR ACCESS TO
TREATMENT
AND

(ALL SUPERVISORIAL DISTRICTS)
(4 VOTES)**

SUBJECT

Request approval of an Appropriation Adjustment, and to amend the existing Participation Agreement with the California Mental Health Services Authority, governed by a Joint Powers Agreement, to coordinate the development of media services for Access to Treatment.

IT IS RECOMMENDED THAT THE BOARD:

1. Approve and authorize the Department of Mental Health's Chief Deputy Director of Administrative Operations (Chief Deputy Director), or his designee to amend the existing Participation Agreement (Agreement), Contract Number 277-2017-LAPEI, substantially similar to Attachment I, with the California Mental Health Services Authority (CalMHSA) for the development of a media campaign for Access to Treatment. This action will be effective upon Board of Supervisor's approval and extend through the end of the contract term, or until such time that the funds allocated for this project are fully expended, whichever comes first. The estimated Total Contract Amount (TCA) for the project is \$13.5 million and will be fully funded by State Mental Health Services Act (MHSA) revenue.
2. Delegate authority to the Chief Deputy Director, or his designee, to sign future amendments or

modifications to the CalMHSA Agreement, including amendments that extend the term, if appropriate, add related services, reflect federal, State, and County regulations and/or policy changes, and increase the TCA provided that, the County's total payment does not exceed an increase of 10 percent from the applicable TCA approved by your Board, subject to the prior review and approved as to form by County Counsel, with notice to the Board and the Chief Executive Officer (CEO).

3. Approve an Appropriation Adjustment (Attachment II) to provide \$13,500,000 from MHSA-Proposition 63 Fund in the Committed for Budget Uncertainties to increase Other Charges in the General Fund to provide additional spending authority for CalMHSA to develop media services.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Approval of Recommendation 1 will authorize the Chief Deputy Director, or his designee, to execute amendment No 2 to the Participation Agreement with CalMHSA to perform the overall administrative oversight, project management, and contract with one or more vendors to implement a media campaign for Access to Treatment with deliverables as listed below.

Approval of Recommendation 2 will allow the Chief Deputy Director, or his designee, to amend the Agreement to incorporate necessary changes and/or modify the TCA.

Approval of Recommendation 3 will allow DMH to provide \$13,500,000 from MHSA-Proposition 63 fund from the Committed Budget Uncertainties as an Appropriation Adjustment.

DMH is seeking approval to implement a media campaign focusing on Access to Treatment, using State MHSA revenue. This project, led by CalMHSA and Los Angeles County, will utilize seven types of media, including, but not limited to multi-media, social media, events, and partnerships and sponsorships to inform and educate residents about the available mental health prevention and intervention programs and supports available to all County residents.

The Access to Treatment media campaign aims to educate County residents about available mental health services and to reduce the stigma associated with mental health treatment.

Through CALMHSA's procurements process this project has three deliverables as listed below.

1. Lead Contractor: for this deliverable CalMHSA will contract on a sole source basis with Los Angeles based Cause Communications in an effort to support the current and added scope of work related to the statewide Mental Health Month (May), with a focus on Los Angeles County media activities and events. Deliverables include Planning and Budget Development, Identification of Leadership, Team, Roles & Responsibilities, Campaign Development and Implementation, with a focus on Paid Multi-Media Creative Campaign with Call-to-Action/URL, Microsite for the Campaign (includes education, signs, tips, resources, events, etc.), Public Relations, Events, Influencer Relations, and Paid Social Media Campaign (Partnerships & Sponsorships).

2. Mini Grants: this deliverable includes CalMHSA's statewide PEI Mental Health Month efforts to support existing or new events being held by various organizations, including, but not limited to county based organizations and non-profits, to the extent the events are in line with messaging and focus of current work.

3. Pre/Post Evaluation: this deliverable includes the development and implementation of a Pre/Post evaluation, including a tracking survey which will measure campaign effectiveness with the target population of individuals ranging in age between 14-24 years. This deliverable will be done by the RAND Corporation which is uniquely qualified to expand their current scope of work as they are the current evaluator for all efforts related to CalMHSA's statewide PEI efforts.

Implementation of Strategic Plan Goals

The recommended Board actions support the County's Strategy I.1 - Increase Our Focus on Prevention Initiatives, and Strategy II.2 – Support the Wellness of Our Communities.

FISCAL IMPACT/FINANCING

The Appropriation Adjustment, fully funded with State MHSA revenue will transfer \$13,500,000 from Mental Health Services Act-Proposition 63 Fund - Committed for Budget Uncertainties to Other Charges in the General Fund to provide additional spending authority in FY 2017-18 for the Participation Agreement with CalMHSA to develop media services. The estimated TCA for the Amendment is \$13.5 million, which includes an administration fee of \$800,000 for CalMHSA's effort and oversight of the project.

CalMHSA will return to the County all funds not spent by June 30, 2018 pertaining to this amendment 45 days from June 30, 2018.

There is no net County cost associated with the recommended action.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

CalMHSA is a Joint Powers Authority (JPA) under Government Code Section 6500 et seq. of counties and cities with mental health programs and provides administrative and fiscal services in support of and addresses common interests in the administration of such programs. Los Angeles County is a member county of CalMHSA.

CalMHSA was formed in July 2009 for the purpose of jointly developing and funding mental health services and education programs on a statewide, regional, or local basis. CalMHSA provides a mechanism to facilitate the efficient use of resources for multiple counties by maximizing group purchasing power for products, jointly developing requests for proposals and establishing contracts with providers to accomplish mutual goals, reducing administrative overhead, centralizing compliance with reporting requirements, sharing research information and strategies and negotiating cost-effective rates with various subcontractors Statewide.

On May 11, 2010, your Board authorized DMH to sign the CalMHSA Joint Exercise of Powers Agreement in order to jointly exercise powers with other participating counties and cities, who are members of CalMHSA, for the purpose of jointly developing and funding mental health services and education programs on a statewide, regional, or local basis. Currently there are 54 CalMHSA county members, including Los Angeles.

On June 13, 2017 the Los Angeles County Board of Supervisors approved the county's participation in CalMHSA's Phase III Statewide PEI Sustainability Program. Since that time, efforts have included

Suicide Prevention and Stigma Discrimination Reduction cultural adaption, customization of marketing assets and advertisements. This work is further enhanced on a statewide level during Mental Health Month (May) and this media project focused on Los Angeles County is part of that statewide effort.

CalMHSA's distinctive ability to add this scope of work given the timeline, allows for a robust impact on current program services statewide while increasing Los Angeles's presence/voice and outreach efforts locally. CalMHSA's knowledge, expertise and flexibility to meet demands are vital to the services required by Los Angeles County. In addition, CalMHSA has the partnerships required to successfully meet outcome reporting requirements as dictated by the state, while engaging with a new entity would prove to be a disadvantage due to discrepancies in measuring metrics as currently being done.

Attachment I, amendment No. 2, format to the Participation Agreement with CalMHSA that has been reviewed and approved as to form by County Counsel. This amendment contains a mutual indemnification provision which poses minimal risk. Public entities entering into an agreement are usually jointly and severally liable for any negligence arising from the performance of that agreement.

Attachment II is the Request for Appropriation Adjustment approved by the Auditor-Controller. The Director of Mental Health currently serves on the Board of Directors of CalMHSA Joint Powers Agreement, but he is not compensated and does not benefit financially in any way from serving in that position. In addition, the Director did not participate in the approval process for this Amendment with CalMHSA.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

These actions will enable the Department of Mental Health to implement a media campaign focusing on access to treatment through the identification and migration of barriers. The overall goal of the campaign will be to reach and educate the largest possible number of County residents about mental health treatment, prevention and intervention services and to promote overall wellbeing throughout our communities.

Deliverable 3: Pre/Post Evaluation

1. Development and implementation of a Pre/Post Evaluation
 - a) Evaluator – Given RAND is currently the evaluator for all efforts related to CalMHSA’s statewide PEI efforts, it is necessary to retain those services from RAND as they are uniquely positioned to take on this added scope and are familiar with outcome expectations where engaging in a new selection process would be costly and unlikely to provide benefit to the County or CalMHSA.

V. Mutual Indemnification

To the fullest extent permitted by law, each party shall hold harmless, defend and indemnify the other party, including its governing board, employees and agents from and against any and all claims, losses, damages, liabilities, disallowances, recoupments, and expenses, including but not limited to reasonable attorneys' fees, arising out of or resulting from other's negligence in the performance of its obligations under this Agreement, including the performance of the other's subcontractors, except that each party shall have no obligation to indemnify the other for damages to the extent resulting from the negligence or willful misconduct of any indemnitee.
