                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | Statement of Information<br>(Domestic Stock and Agricultural Cooperative Corporations)<br>FEES (Filing and Disclosure): \$25.00.          State: TADDRESS OF CORPORATION, INC.         Names and Complete Addresses of the Following Officers (The corporation must kit these three officers. A comparable title for the specific<br>officer may be added; howyor, the preprinted likes on this form must had ad g connot be P.O. Boxes.)     # II. Experience

#### A. Firm Background

Established in 1968, Empire Transportation is Southern California's premier locally and minority owned passenger transportation company. Empire is a California S Corporation and all of its outstanding shares are owned by Miguel A. Oliver and Bertha Aguirre who serve as Chief Executive Officer and President/Chief Operating Officer respectively. This owner/operator situation brings major benefits to our clients, including:

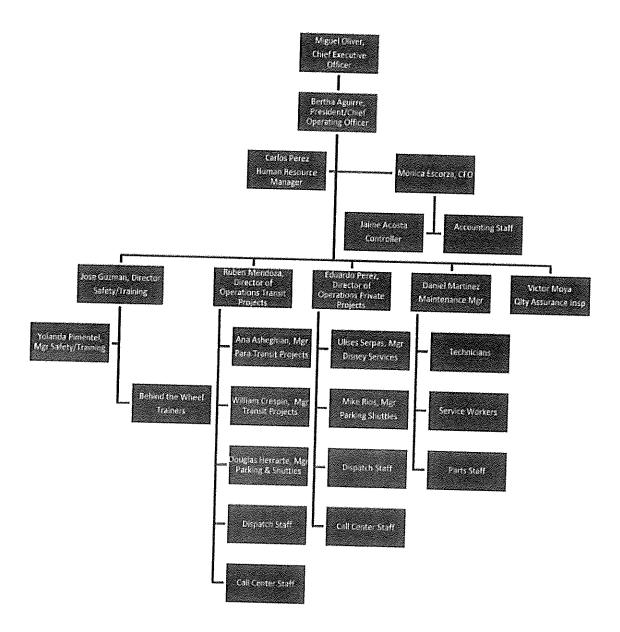

- → Empire can move rapidly to make any decision or commitment necessary to meet the needs of our clients.
- → Our staff wastes no time with the endless corporate meetings that are endemic to most national companies.
- Ownership is contagious: the proximity of our shareholders to the management team allows our managers to function as extensions of the company ownership because they know the owners and their values intimately.

Empire is a local company, headquartered in Bellflower, California therefore there are no separate divisions. Rather project staff has and will continue to have direct access to the company principals. And since the company principals are locally based, the principals know the details of this operation in real time. As part of this ownership atmosphere and the pride of ownership, no portion of this or other services are done by subcontractors.

# B. Organizational Structure

1. Firm Organization Chart

Firm Experience

DPW RFQ

#### 2. Project Organization Chart

We at Empire are very proud to have highly experienced and energetic managers that excel in both service types, transit and paratransit. These managers are Ana Asheghian and Ruben Mendoza. Mr. Mendoza worked directly on the Los Angeles County Department of Public Works Sunshine project. Mrs. Asheghian is the current project manager assigned to the Los Angeles County Department of Public Works Whittier and East Los Angeles Dial-a-Ride program. Both of them have a proven record of providing efficient and honest service to the Department of Public works. Resumes of key corporate officers and key project managers can be found beginning at page 5 of this section.

- Ana Arredondo currently works as the assigned Project Manager for the Whittier and East Los Angeles Dial-A-Ride programs. She successfully supervises the customer service call center, the dispatching department as well as the operators. She developed established a rewarding professional relationship with the DPW's assigned manager to these contract. Adding to her vast transit experience, she also has worked for Empire as the Assistant General Manager for the Riverside Transit operations where she showed her ability to multi-task and maintain a solid operation. Ms. Arredondo is very experienced with the reporting requirements for this project as well as all the operating procedures since she worked on this project for a period of three years. She has attended the MTA NTD reporting seminar. In addition holds the Transit Paratransit Management Certificate from University of the Pacific.
- Ruben Mendoza is very familiar with fixed route systems. He managed the Sunshine Shuttle Service for DPW. He is also responsible for the successful service implementations for the City of Lawndale fixed-route service and the City of Bellflower fixed-route and dial-a-ride service. He is also responsible for all of the NTD reporting requirements for these two projects and has attended the MTA NTD reporting seminar. In addition he is a Certified Community Transit Manager. During his employment with Southland Transit, Ruben was the dedicated Project Manager to the Burbank Local Transit.

Working with Ana and Ruben on the implementation of projects are several other Empire managers.

- Support for our paratransit dispatchers will be coordinated by **Mary Segura**, Empire's Paratransit Dispatch Supervisor. Mary is an experienced transit/paratransit professional who learned her trade as a dispatcher and dispatch supervisor for Dial-a-Ride Services in the Los Angeles County area. She currently provides dispatch support for our DPW's Dial-a-Ride programs.
- **Rafael Cordero** will function as the Dispatch Supervisor for Transit Projects. He is an experienced supervisor and has been with Empire for the past 4 years. He

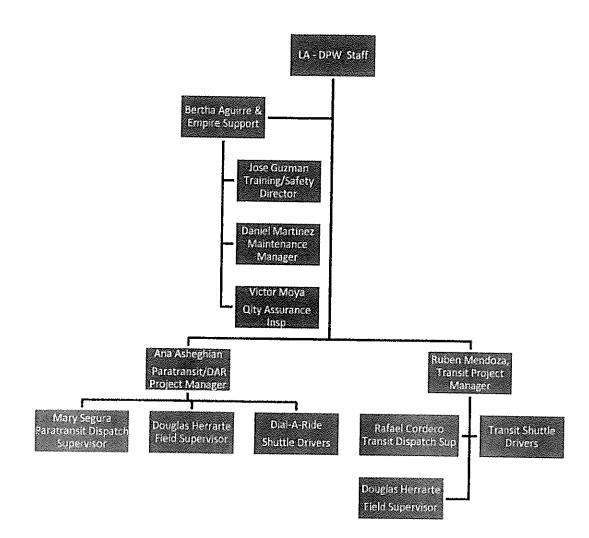

currently provides support to our City of Bellflower fixed-route service as well as other private fixed-route contracts.

- **Douglas Herrarte** will functions as field supervisor and primary behind the wheel trainer. Douglas has been with Empire for the past 15 years. He is an experienced Manager who will be responsible for our on-road driver evaluations, on time performance evaluations and for behind the wheel training.
- Jose Guzman is Empire's long time Director of Safety and Training. He is a Transportation Safety Institute certified instructor and is also certified to teach all elements of the National Safety Council defensive driving course.
- **Daniel Martinez** is Empire's vehicle maintenance manager and is responsible for our 228 vehicle fleet. The fleet includes 74 vehicles fueled by either compressed natural gas or propane and he is highly adept at the practices and procedures required for successful maintenance of vehicles operating on alternate fuels.

Dispatcher	United Paratransit	1999 – 2003

### Training

StrateGen Automated Dispatching – RouteMatch Automated Dispatching DDS Taxi Dispatch System – TSS ATBOS Reporting System for ASI

# Rafael Cordero, Transit Dispatch

# **Professional Profile**

- 8 Behind the Wheel Training
- Driver Counseling/Coaching
- **Customer Reporting**

#### Mobile data devices

- Accident/Incident Investigation
- Service Monitoring

# **Professional Accomplishments**

### Service Implementation

- Developed and implemented protocols for staff in handling dispatch issues. .
- Developed new training procedures to incorporate changes in securing wheelchairs . .
- Conducted all new driver interviews for the 108 driver North Los Angeles Regional Center Service.

# **Control of Service Operations**

- Provided oversight for all transit/paratransit operations in unincorporated North Los Angeles .
- Provided all project reporting for multiple Contracts including NTD reporting Handled daily roll out supervision for the several contracts operated in the San Fernando Valley

#### Safety/Training

- Assisted In behind the wheel training for Empire's new contracts
- Conducted accident/incident investigations and resulting re-training ¢
- Trained driver on use of mobile data tools to enhance reporting
- Trained drivers on best practices to keep accurate and timely reporting

#### Work History

Supervisor	Empiro Troponente V	
Supervisor	Empire Transportation Keolis	08/2012 - Present
Supervisor	Diversified	2011 - 08/2012
	Transportation	2009 - 2011
Lead Dispatcher	Diversified Transportation	2008-2009
Education/Certificates		
Certified Instructor	Transportation Safety	2008
NTD Reporting	Institute LACMTA Seminar	
		2009

# Victor Moya, Quality Assurance Inspector

# **Professional Profile**

Experienced problem-solving oriented manager within the transportation industry with a proven record for evaluating all aspects of a transportation program as well as providing professional advice to improve the areas found to be deficient. Demonstrated skills in all of the following areas.

- Professional Conduct Policy
- On Road Evaluation
- Safe Work Habits

- Customer Service and Sensitivity Training
- Accident/Incident Investigation
- Service Monitoring
- ADA Customer Care Training

# **Professional Accomplishments**

#### **Quality Control**

- Key contributor to the development and establishment of a comprehensive Quality
   Assurance Program at Empire
- Responsible for Customer Service and Accounts Executive training at UPS.
- Fully responsible for the job performance and safety of a team of 150 drivers at UPS.

# **Customer Service and Compliance**

- Ensured compliance with a comprehensive Customer Service Program developed for the Call Center and Dispatch Departments at UPS
- Enforced strict professional conduct procedures at UPS
- Responsible for safety compliance as Area Manager for UPS

### Employee Coaching/Counseling

- Emphasis in developing a Trust and Team approach at Empire
- Responsible for developing a Dispute Resolution Program at UPS
- Worked with drivers to improve commitment to schedules that resulted in improved ontime delivery rates and a marked increase in efficiency at UPS

#### Work History

Education/Certificates B.S. in Marketing and Business Admin	Cal State LA	1985-1990

Firm Experience

DPW RFQ

# C. Service Experience

Empire Transportation, Inc. provides high quality fixed route and demand responsive services to some of Southern California's most prestigious, quality centered organizations such as Los Angeles County Department of Public Works. These clients have chosen Empire to meet their transportation needs because of our reputation for providing transportation services that are consistent with the client's own high standards. Our success has come from working with each client to clearly understand their specific needs and then design a specific transportation program to satisfy those needs. Every client, large or small receives the same commitment to an individual customized level of excellent service from Empire.

We strongly believe that our references demonstrate that we not only "get it" as far as skills, practices and procedures necessary to operate diverse services but also that we honor our commitment to all of our customers.

- At RTA, Empire is the first company to have completed the initial term of two years and the three-one year options for the Fixed Route services in good standing. We operate and maintain a mixed fleet of 79 vehicles that service a high volume of passengers in harsh weather conditions. Empire has been awarded this contract for an additional 5 year term.
- At Disney we operate Type VII and Type VIII CNG powered vehicles on a highly intense 24/7 schedule where maintaining vehicle spacing is critical to customer satisfaction of the Disney cast members. We have been providing this service for nine years. After a lengthy procurement process, our contract was renewed in 2014. The new contract calls for an initial term of seven years with two-one year options. It is very unusual for The Walt Disney Company to issue such contract terms. Empire has earned their valued trust by meeting the commitment of improving service in every measurable category.
- AltaMed Health Services has been our customer since 1996. Empire provides service to eight different centers covering a large part of Los Angeles and Orange Counties. The success of this program is based in instant communication between drivers, dispatchers, program managers and end-users. Any concerns or issues are addressed promptly.
- Whittier and East Los Angeles Dial-a-Ride Programs. Empire has been successfully running both programs since 2013. We service the Los Angeles County unincorporated areas in Whittier and East Los Angeles. As with other customers, efficiency, transparency and communication between Empire and DPW are key to a well running operation.
- ✓ In 2009, Empire began expanding into municipal fixed routes and dial-a-ride services. With our RTA contracts, City of Bellflower and unincorporated areas of Los Angeles County we have instituted reporting standards to meet those of NTD's.

# D. Minimum Mandatory Requirements Met

Empire meets each and every one of the minimum mandatory requirements as set forth in the Request for Qualifications Part 1.1 and Form PW-19. This is shown fully throughout our proposal.

The three years of experience providing Fixed-Route and Dial-A-Ride services are explained fully in this section, and we invite County staff to contact our clients to confirm our ability to perform and meet and exceed client expectations.

Empire's CHP inspections for the prior thirteen (13) months have been attached at Tab III, Work Plan. Our commitment to maintaining our client's vehicles as well as our own is an essential part of our service.

# III. Work Plan

Successful and efficient Fixed Route and Dial-A-Ride programs are based in the ability of the operator to recognize the most important areas of the service that need to be carefully organized and addressed. For example, for a fixed-route program it is critical to have systems in place to check and manage on-time performance as well as to have an efficient maintenance team that keeps reliable and safe vehicles on the road. For a Dial-a-Ride program it is extremely important to minimize the scheduling peaks and valleys. This is achieved by establishing a well trained and technologically equipped Dispatching department that works very closely with the Call Center. By these statements, we are not forgetting about forming a strong team of drivers and supervisors in addition to a well maintained fleet. The following are the different components of our work plan:

#### A. Staffing Plan

#### 1. Organization

The following table is a **sample** of the detailed disclosure of the labor resources allocation previously provided for a project. Often times, we assign additional resources such as dispatch and road supervision support for any operation during all hours that vehicles are in revenue service but on the required form LW-8 only the dedicated positions are noted because those positions are already in place at Empire and need not be charged to a project. Note that Empire is at all time cognizant of the LA County requirement for all staff to be full time. Any position shown as less than full time on the LW-8 reflects cost sharing of positions between this project and other Empire projects. In following pages you will find a detailed Staffing Plan.

Work Plan

# 2. Staff Position & Tasks

# a. Project Manager

In any transportation service, an experienced hands-on manager with the ability to motivate her/his staff is extremely important. In Ana Arredondo and Ruben Mendoza the Department will have Managers that can hit the ground running since they have already worked on this service and in this capacity. The Project Managers have a multitude of duties but we believe that the key elements of the job are:

- Selecting drivers that are committed to passenger satisfaction and safety. Providing orientation and training to our staff so that they know how to provide
- Insuring that we give our drivers a clean, fully functional vehicle for daily service.
- Intervening rapidly when there are any signs that an employee is not able to provide quality service.
- Providing rapid and comprehensive investigation of any accidents, incidents or
- Providing operational reports to insure that our client has all of the information required to effectively monitor our service.
- Insuring that our reporting meets the audit standards for the MTA voluntary NTD reporting system or any report as required by the Department.
- Insuring the all the requirements as set forth in the RFP for the call center, productivity levels, customer service and complaints resolution are met and when possible exceeded.

#### b. Drivers

# **Driver Trainee Selection**

Our goal is to retain existing employees that are familiar with the system and customers. If the active drivers meet the criteria described below and they are in good standing with the Department, they will be given priority in the hiring process.

Every applicant seeking to become an Empire driver must submit an original H-6 Department of Motor Vehicles printout (dated within 7 working days of the application date) along with his/her application. The printout provides invaluable information regarding an applicant's driving experience and infractions.

The Empire Safety & Training Manager is responsible for the final selection of applicants seeking to be driver trainees, based upon consideration of the individual's application, interview and motor vehicle record. However, at a minimum Empire will not employ those whose record displays any of the following:

Work Plan

- 1. 2 or more points for moving violations within the previous 3 years.
- 2. DUI, or Reckless Driving within the previous 10 years.
- 3. Suspended or revoked drivers license due to moving violations, unless overturned and such information is identified on the record.
- 4. Other criminal activity as described below:
  - a. Conviction of a crime pursuant to which the applicant is required to register as a sex offender under Section 290 of the Penal Code or conviction of a felony involving violence against persons.

  - b. Conviction during the preceding 7 years of any one of the following:
    - ✓ an offense relating to the use, sale, possession or transportation of narcotics or addictive or dangerous drugs; ✓ an act involving force, violence, threat or intimidation against persons;
    - ✓ an sexual offense;

    - $\checkmark$  an act involving moral turpitude, including fraud or intentional dishonesty for
    - ✓ an offense involving the solicitation or agreement to engage in or engagement
  - c. A record of habitual or excessive use or addiction to intoxicating beverages, narcotics or dangerous drugs.
- d. Conviction at any time of the following Vehicle Code sections:
  - ✓ 20001 Hit and Run resulting in injury or death ✓ 20003 - Hit and Run - failure to identify yourself to police or victim – injury

  - ✓ 20004 Hit and Run death failure to report to police or CHP ✓ 23104 - Reckless driving- causing injury

  - ✓ 23153 Driving while under the influence of alcohol or drugs causing injury

# Driver Training Requirements

Once chosen for training, trainees undergo training based on the following curriculum. A full copy of the Empire Safety Training Program can be found in the Appendix. Only upon satisfactory completion of the curriculum will a driver be released for service as an Empire driver. At a minimum, the following subjects are taught as part of the required driver training.

Subject Area	Trainee has no CDL or Passenger Endorsement	Trainee has CDL and Passenger Endorsement
Classroor	n Instruction	
Empire Orientation and Policies	2 Hours	2 Hours
National Safety Council Defensive Driving Course	8 Hours	6 Hours
Transportations Safety Institute Bus Operator Training	8.5 Hours	
Emergency Management/ Accident/Incident Procedures	4.5 Hours	2 Hours
Mobile Communications	3 Hour	3 Hour
Substance abuse/Alcohol Abuse Awareness	2 Hours	1 Hour
Customer Service/Passenger Relations/Confidentiality	3 Hours	1 Hour
Illness and Injury Prevention – Includes Bio-Hazard	2 Hours	1 Hour
Sexual Harassment Prevention Pre and Post Trip Inspection	2 Hours	2 Hours
	4 Hours	
Paratransit, ADA & Sensitivity,	eel Instruction	
Wheelchair Securement	4 Hours	4 Hours
Behind the Wheel Training & Testing Note: will depend on the progress of the trainee and type of vehicle.	20 - 40 Hours	4 - 8 Hours
Route/Service Familiarization Note: Will depend on complexity of the service and navigation requirements.	8 - 32 Hours	8 – 32 Hours
Total Training Hours	70 - 115 Hours	34 - 62 Hours

Note – Many contracts require CPR/First Aid Certification. This course will be provided after completion of the above curriculum to drivers on services requiring it.

Work Plan

#### Refresher Training

Empire conducts an ongoing schedule of refresher training courses. Normally, these are held once a month, for a minimum period of one hour. To maintain a position at Empire all employees, such as drivers assigned to a Department of Works project are required to attend at least eight refresher classes a year. Every staff member is required to participate in the location safety program meetings.

#### **Background Checks**

All Empire drivers will undergo a criminal background check before being assigned to revenue service.

#### <u>Tasks</u>

After a driver has completed all the training and the background checks, and has been put on service, their duties are to drive the routes in a safe manner, in compliance with the schedule, and providing courteous service to the riders. Additionally each driver is expected to communicate with the project manager, supervisor and dispatch if any issues or questions arise. Each driver is expected to manage fares and maintain the required reporting so that our project reporting complies with NTD and contract standards.

#### c. Maintenance Personnel

Our Safety and Training Policy includes standards for the initial training of maintenance personnel. We require that maintenance personnel who operate a vehicle on a public roadway must have a license applicable to the vehicles operated. Additionally all maintenance personnel undergo a minimum of 20 hours of original driver training including company orientation and policy, defensive driving, hazardous material handling, dealing with blood borne pathogens, sexual harassment, body mechanics, emergency procedures and drug and alcohol policy requirements.

We also recognize that the growing complexities of servicing transit fleets require ongoing training. Today's vehicles include complex computer systems and advanced cutting-edge engine technologies. In such an environment it is a challenge to keep the maintenance staff current with industry changes. As quality maintenance is an essential element of service quality we are committed to the continual training and upgrading of our maintenance employees' skills. We use multiple sources for mechanic training including the courses and resources offered by the manufacturers, vendors, as well as the National Institute for Automotive Service Excellence (ASE), the Service Technicians Society, and the Transportation Safety Institute. The company has established financial incentives for technicians who attain ASE certifications. We also identify training sources and work with the maintenance staff to arrange their schedule to attend training or study for certifications they need to further enhance their maintenance skills. After a member of staff develops a new expertise through training, she or he is asked to share that information and expertise with the other employees.

Work Plan

### <u>Tasks</u>

The job tasks for maintenance staff fall in the following areas:

- Performing preventive maintenance inspections.
- Diagnosing observed or reported problems with vehicles.
- Repair or replacement of parts or subsystems to return vehicle performance to OEM standards.
- Performing their duties with their safety and the safety of co-workers always uppermost in their minds.
- Insuring that hazardous and/or polluting substances are handled in accordance with professional practice and legal requirements.

#### d. Supervisors

Supervision of drivers in service comes from three primary sources:

- Our project managers spend time in the field, not only at the office, and are an integral element of our operations monitoring. The Project Manager is also directly responsible for the accuracy and integrity of project reporting as well as maintaining and improving the services productivity level with the highest level of customer service possible.
- The Field Supervisor provides direct, on site supervision of our service operations on a daily basis. They also ensure that drivers are relieved on schedule for legally required breaks and further, that these reliefs are accomplished without causing service delays.
- The Dispatch Center maintains positive control of service operations throughout the service day, as drives are required to report any service delays throughout the day.
- The Call Center is the first point of contact for the stakeholders that is why it is key to maintain a high level of customer service. It is also important for the reservationists to have the knowledge and ability to provide accurate information as well as traveling time options which will allow us to maximize the resources at hand.

#### <u>Tasks</u>

Effective dispatchers, reservationists and field supervisors are critical to the success of a Fixed-Route and Dial-A-Ride projects. Their principal role is in supporting drivers in order to provide a team atmosphere and shared commitment to service quality. The most important tasks are:

- Communicating with drivers to insure they understand that the best way to protect all the parties involved in any situation is to make quick and accurate reports about any problem they encounter.
- Monitoring driver performance to provide a reminder that late service or poor service will be noticed and dealt with.

Work Plan

- Insuring that drives take the breaks that are legally required. This is not only a state law mandate but it is proven to improve driver's productivity.
- Providing rapid support when drivers need emergency resources.
- Provide and record accurate information to and from the requesting party in order to insure a smooth scheduling and service.

#### e. Office Staff

Existing staff in our office in Bellflower handles the counting of fares and recording of fares, as well as the deposit of funds in the bank. Staff there also processes payroll, handles human resources, pays vendors and renders accurate billings to our clients. Note that Empire adheres to best practices in the area of fare handling and billings in that the staff who count fare receipts are not in any way involved with either the billing of service or the reconciliation of expected fares to actual fares.

#### B. Communication Plan

# **Mobile Communications**

Empire provides two forms of mobile communication between drivers, dispatch and supervisors. The most basic will be through the use of a Sprint push to talk device. The device provides better coverage than any radio system, and is allowed by State law as long as it is not used as a cell phone or for texting. We will also provide an MDT that will be installed in the vehicle. The MDT will have GPS capabilities as well as the ability to communicate in real time with our scheduling program, RouteMatch. This device will also have cell phone capabilities as a backup plan in case of failure of the two-way radio network. The use of the cell phone capability will be in case of emergencies only. We have a zero tolerance policy for cellular phone use and texting while driving and we enforce it aggressively, including through the use of our video surveillance system that can be installed on the vehicles with the Department's approval.

# Scheduling Software

Our company decided to find a software, outside the widely known provider, that had all the same tools available as well as reporting capabilities at a lesser cost. RoutMatch met this criteria. We have been running RoutMatch since 2009 for our customers and the satisfaction level from both sides is very high. In the Appendix you will find detailed information for RoutMatch as well as sample of some of the reports produced.

### **Internet Connections**

Our company has provided internet connections and individual e-mail addresses to our principals, and project managers for a long time. Each manager and supervisor has an individual e-mail address, which allows direct communication between the manager and the client. The e-mails can be seen either on the managers computer in the office, or through the smart phone phone each carries with them.

# Communication via Dispatch Office

Calls regarding a Fixed-Route or Dial-a-Ride Service will proceed through the dedicated call center office at our Bellflower facility. We maintain and support the toll-free numbers required by the Department. In handling such calls the reservationists as well as dispatch employees will have access to general information regarding the service and the capability of taking calls regarding complaints, or to connect the caller with the appropriate manager or supervisor to handle incident or accident calls. The call center and dispatch office have full ability to connect callers to the appropriate supervisor or manager as required.

County staff will also have available, in addition to the dispatch and office line, the cell phone numbers of the Project Manager, and the Company's President.

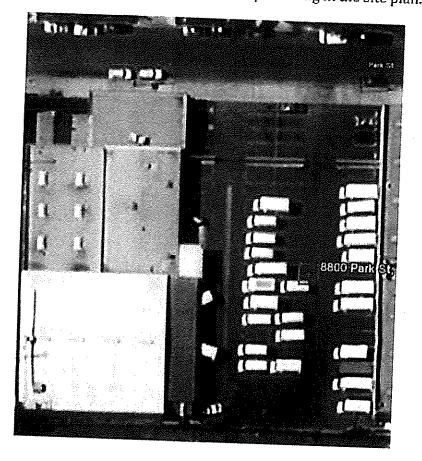

Work Plan

# C. Storage & Maintenance Facility

One of our main goals is to provide a proposal that is not only operationally compliant but also cost effective. Once a contract has been awarded, we identify locations that meet all the requirements as set forth in an RFP and that are close to the service area. This allows us to minimize the accumulation of miles for deadheading and in turn reduces the cost of vehicle maintenance and fuel. The Department's approval must be given to the proposed location. Having said that, we have two facilities available for storage. One is our corporate office located at 8800 Park Street in Bellflower (shown in the picture below). The second facility is located at 8701 Park Street in Bellflower (shown in the following pages). There is sufficient space at either facility to accommodate the County vehicles. Both lots have a security fence and are lighted. The distance from the initially proposed facilities to any given point within the County's different service areas is approximately 15 miles.

The corporate site provides over 10,000 square feet of enclosed maintenance space (large building at bottom left) and almost 12,000 feet of office, training and multipurpose space in the buildings just above the shop building in the site plan.

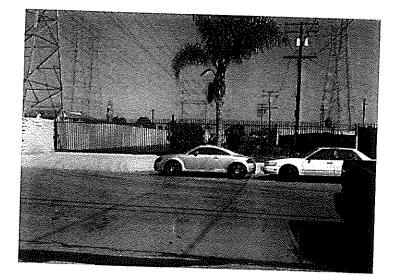

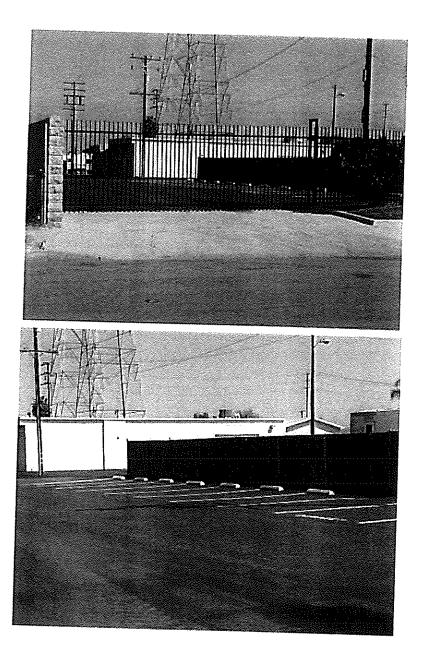

The second facility has capacity to store approximately 40 additional vehicles. It is located within a 3 minute walk from our corporate office. Below is the aerial picture before improvements.

The following are pictures after the improvements to the property.

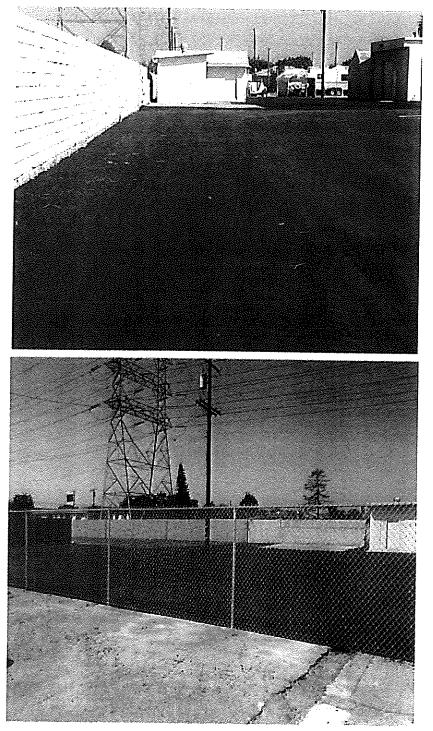

Work Plan

Page 11 of 20

DPW RFQ

EMPIRE

# Equipment

Our corporate facility is fully equipped to provide maintenance for any the Department service vehicles. The following major maintenance equipment is already in place.

- Full shop compressed air system and all associated hoses and plumbing
- All required air tools, ¾ drive and above
- Lighted high pressure vehicle wash rack with fully permitted wash water recovery/recycling
- Hoists for all sizes of equipment serviced
- 10 ton Vehicle support stands
- **5** ton Vehicle support stands
- 10 ton air/hydraulic rolling floor jack
- 20 ton air service jack
- ½ ton air/hydraulic Transmission jack
- 2000# Engine hoist
- 20 ton hydraulic press
- 7249 suspension ball joint service kit
- Heavy duty tire machine
- Computerized tire balancer
- Professional brake service station, including full refinishing capability
- Refrigerant recovery/service machine
- A/C refrigerant analyzer
- Nitrogen A/C system leak test system
- Ultra violet A/C leak detection kit
- Hydra krimp A/C hose repair kit
- Engine diagnostic scan tool systems for all engines serviced
- Combustible gas detector
- Battery/Charging system analyzer
- Cooling system pressure test kit
- 400 amp battery charger
- Wire/aluminum mig welder
- Gas welding torch set
- Aqueous parts washing tank
- Self contained emergency response service trucks

# Administrative/Training/Dispatch Space

Our facility is already providing space for each of these key functions and has more than adequate space to add the personnel required to support this service. We relocated our dispatch center into newly constructed space. This change provided significantly more space for both dispatch and the administrative/clerical offices. We have plenty of space to accommodate this proposed operation.

# Fueling

Our facility does have on-site fueling capability for propane that will accommodate some of the vehicles owned by the Department. We also have a corporate account with Arco for the gasoline powered vehicles. Drivers have a fuel card with pin that allows them to fuel vehicles at any Arco facility throughout Southern California.

# D. Maintenance Plan

### Mission Statement

The Maintenance Department's primary mission is to effectively and efficiently provide safe, clean, reliable, and comfortable vehicles for use by its drivers and the passengers they serve and to do so in accordance with California Highway Patrol Motor Carrier requirements as well as the requirements levied by the Federal Government upon DOT motor carriers. This principles apply to all vehicles operated by Empire regardless CHP regulations.

### Graduated Preventive Maintenance Program

The emphasis of Empire's maintenance program is preventive rather than reactive maintenance. A strong preventive maintenance program effectively reduces overall maintenance costs by decreasing the number of road calls and the high cost of unpredictable repairs caused by reactive maintenance. Empire uses a graduated preventive maintenance program (PM) that is based on the manufacturer's recommendations and modified based on our experience and the local conditions we deal with in our individual services. Solid PM practices maximize useful life, are cost efficient over the life of the vehicle, and ensures that our vehicles remain in safe operating condition.

Empire has an aggressive preventive maintenance program that schedules bus inspections based on a variety of categories. A PM schedule is developed for each type or group of vehicles we operate. The PM schedule established is based upon usage and vehicle type. The schedule is progressive. Each successive PM includes a higher level of maintenance inspection activity. Vehicles are inspected based on mileage and time. In addition, each vehicle receives an annual comprehensive inspection.

Our maintenance staff continually reviews our practices to identify potential improvements to the program. This assures optimum benefits from the scheduled inspections. This is especially necessary in the area of understanding brake wear. There can be significant differences between similar vehicles in different model years and it is critical that technicians understand the expected wear cycle so that brakes are serviced based on inspections rather than degraded performance noticed by drivers.

Work Plan

#### **On-time Inspection Variance**

The allowable variance with all preventive maintenance inspections is a minus 500 miles to a plus 300 miles. Any inspection completed within this parameter is considered on time. Each sub-fleet has its own specific PM schedule. In the case of the Department's vehicles the schedule is built around the requirements set out in the County Maintenance Program.

#### **Preventive Maintenance Inspections**

### **Driver Daily Vehicle Inspection**

Prior to putting a vehicle into service the driver is required to perform a detailed pretrip inspection of their assigned vehicle. Any defects or concerns are noted on the Daily Vehicle Inspection Report (DVIR), a copy of which is attached in the Appendix. In order to better comply with Federal DOT requirements, we have organized these forms into a booklet of three part forms which contains the approximately a month of driver inspections. The booklet is attached securely to the vehicle so that it cannot be misplaced.

The driver reviews the prior form, signs at the bottom and then completes the current day's form before placing the vehicle into service. If the driver checks the unsatisfactory box, the vehicle must be examined by the maintenance department before it can be placed into service. At the end of the day the driver is required to initial the post trip inspection box to insure that the federally required post trip inspection is accomplished. The top two copies of the DVIR form for the day are torn out of the book and turned in to dispatch with the driver's daily paperwork.

If there are defects the top copy of the DVIR are forwarded to the maintenance department, the second copy is retained in the office to evidence compliance with inspection requirements. The DVIR is reviewed by the Lead Mechanic on the shift. Repairs are prioritized to ensure that all safety related defects are completed before the vehicle goes into service again. In no case will any service defect, with the exception of only non-safety or cosmetic, be allowed to persist past the date of the next regularly scheduled preventive maintenance inspection. The DVIR booklets are changed at the time of the PMI-A inspection. Booklets are retained on file in the maintenance department to evidence compliance with CHP and Federal DOT requirements for pretrip inspections.

Drivers are thoroughly trained in pre-trip inspection requirements and are not allowed in revenue service until they can demonstrate full proficiency in conducting the appropriate inspection for the type or types of vehicles they will be called upon to operate. The effective performance of these inspections is a major item of emphasis for our service monitors. Drivers are also expected to leave their vehicle broom clean at the end of the day with all refuse removed.

## **I** Inspection

The I inspection that is required in the DPW maintenance program encompasses the same points that are covered by our pre-trip inspection form with the exception of the inspection of the engine accessory drive and the measurement of drive belts. The principal difference is that the I inspection is to be conducted by a qualified and ASE certified technician. To document the I inspection we will have the technician conduct the inspection right on one of the DVIR forms in the DVIR log and adding a notation on the condition of the accessory drive and the drive belts. This methodology will insure that the record of the I inspection will be retained as a permanent part of the record.

### J/A Inspection

The J/A Preventive Maintenance Inspection (PMI-J/A) is performed at intervals of 30 calendar days or 3,000 miles, whichever come first, thus meeting or exceeding both the manufacturer's recommendations and the DPW specifications. The inspection is conducted using a form, which is designed specifically for the type of equipment being maintained, in this case a propane powered integrated transit coach. Note that this form includes inspection of all key subsystems, including brake wear, climate control performance, charging system condition and wheelchair lifts as well as all other services required by the manufacturer.

#### "B" Inspection Service

This a DPW required inspection, conducted at 8 months or 24,000 miles, whichever comes first, that includes a J/A Inspection plus all of the additional items specified in the DPW maintenance program contained in Exhibit J.

### "C" Inspection Service

This a DPW required inspection, conducted at 16 months or 48,000 miles, whichever comes first, that includes a J/A Inspection and a C Inspection plus all of the additional items specified in the DPW maintenance program contained in Exhibit J.

#### **Additional Service**

At every third "C" service, conducted at 48 months or 144,000 miles, whichever comes first, the services specified in the DPW program will be added.

#### **Oil Samples**

Oil samples for engines and transmissions are to be taken at 500 miles in advance of the J/A and B services. County staff will be notified seven days in advance of the sampling so that staff can be present if desired.

#### **Brake Inspection**

At each inspection the technician provides an estimate of the percentage of depth remaining on the brake shoes. This allows the Maintenance Manager at the facility to schedule the brake service in a way that directly addresses the wear rate on each axle.

Work Plan

Normally the Manager is able to schedule the brake inspection at the same time the vehicle will be down for a PMI-J/A or higher inspection thereby reducing vehicle down time.

In every case the brake drums will be resurfaced after which a measurement will be taken, and recorded on the repair order, using a brake micrometer to insure that the drum will continue to meet minimum wear requirements throughout the wear cycle of the new shoes. Drums and shoes will be replaced with approved OEM quality components. Wheel bearings will be cleaned and inspected before re-assembly. Oil and grease seals will not be reused on re-assembly.

Since wear rates can vary significantly between front and rear axles it is not necessary that brakes on both axles be disassembled at the same time. No single wheel brake repairs will be undertaken. If for some reason one brake on an axle requires repair (due to a leaking seal for example) the other brake on that axle will be renewed as well.

#### **Engine Service**

Empire no longer uses a "tune up" service. There is a regular change of spark plugs and wires as required by the DPW program but the rest of the engine maintenance is accomplished using computer diagnostics whenever a "check engine" light is encountered. We ensure that each maintenance facility has updated computer diagnostic software for each type and series of engine that is maintained.

### **Air Conditioning**

Empire does not do seasonal air conditioning "campaigns" as we believe the climate controls need to work year around. AC output is monitored on every J/A inspection and through the DVIR process with a diagnostic process indicated if optimal performance is not evidenced on these inspections. We insure that condenser coils are free of airflow impediments on each and every inspection.

## Wheelchair Lifts and Securements

Evidence of inspection and maintenance programs for wheelchair lift equipment, wheelchair ramps and securement devices is a major item of emphasis for modern transit service. We have incorporated all of the manufacturer's recommended steps into the DVIR and the PMI-A so that checks required by the manufacturer at 10 and 150 cycles are performed as required. Four point tie down and lap/shoulder belt equipment is also inspected at each PMI-A.

# Authorize, Direct, and Control Maintenance Activities and Costs

The Maintenance Manager is responsible for developing the PM schedule for the vehicle fleet and ensuring that all PM activities are completed in a timely manner and consistent with the manufacturer's recommendations.

Each day the Maintenance Manager prints and reviews the PM Tracking report to identify which vehicles are due or coming due for Preventive Maintenance. Most regular PM inspections will be accomplished on the second maintenance shift where removal of the vehicle from service will not detract from operational capability. The Maintenance Manager will also review the vehicle history to determine whether there are any low priority DVIR reports that should be resolved during the inspection.

The work is then assigned to a Preventive Maintenance Technician who performs the PM and completes the appropriate PM inspection form. The technician is provided with complete instructions on how to perform the PM and is required to follow those instructions to completion. In addition to open DVIR Reports the technician will accomplish minor repairs such as light bulbs and the securing of fasteners etc. during the PM process.

Other needed repairs may be identified during the PM inspection. Any out of service items or repairs that could affect the reliability of the vehicle are accomplished before the vehicle is returned to service. Other repairs will also be accomplished before the vehicle is returned to service if parts and maintenance time are available and the vehicle is not required immediately for service. The overall objective is to put the vehicle back in service with no deferred maintenance.

# Identify, Track, and Record Maintenance Activities and Costs

Empire uses a system of manual and computerized forms and reports to schedule and perform preventive/preservation maintenance (PM) and repairs to its fleet of vehicles. These documents include:

- Work orders
- Service orders
- Purchase orders
- Parts requests
- PM Tracking report
- PM Inspection forms (these vary based on type of vehicle and level of PM to be performed)

After the Maintenance Manager identifies which vehicles are due for PM, a work order is prepared that describes the work to be done, the account codes to be charged, and instructions as to which level of PM is to be performed. All the PM labor and costs are captured under the PM code on the work order. When there is a PM write-up, a new work order or multiple work orders are then generated listing those repairs. All repair labor and parts are charged to the work orders under the specific coding applicable to the individual repairs. The required parts and supplies are assembled by the Manager or Shift and charged to the work order.

## **Road Failures**

The performance standard for road failures is to have a shop response vehicle en route to the location within five minutes of the report. During this time we will also get the Maintenance Manager or Lead Mechanic on the radio with the driver to insure that any minor problem can be immediately resolved (lift door not closed all the way, tire wedged against the curb so the key won't turn etc.)

If no vehicle is available in the field a supervisor or extra driver will be dispatched with a replacement vehicle while a technician goes to the scene with a fully equipped shop truck. Moving the replacement vehicle to the field with a technician is avoided except when there is absolutely no other choice (late evening shift, etc.)

The Maintenance Manager will prepare a report identifying the cause of the road failure and make an initial judgment as to causation and/or preventability. These reports will be provided to both the training department and general management to assist in developing an appropriate response, whether that be in improved driver training or maintenance procedures.

### Warranty Recovery System

Empire operates a warranty recovery program to ensure that cost of parts and repairs on warranty-covered items are recovered.

### Failed Components

Parts and components that may have failed prematurely are returned to the Maintenance Manager who researches the original installation date, miles of usage on the failed component, and the vendor it was originally purchased from. If the part or component is covered by a warranty, it is returned to the vendor.

### <u>Return to Manufacturer/Vendor</u>

Authorization for warranty return and labor claims, if applicable, are obtained from the manufacturer or vendor. Information is supplied to the vendor on the circumstances of the failure, if known. The item is then returned to the vendor warranty department for repair or replacement. Often vendors will simply allow the parts to be stored at our location until the claim is resolved, at which time they can be discarded. Empire retains copy of the warranty claim form for tracking purposes.

### Vehicle Cleaning

DPW has a high standard for vehicle cleaning that requires washing every other day and daily whenever the vehicle is operating in rainy conditions. We have full crew of service workers that will enable us to comply with this requirement in either circumstance.

# E. ADA Compliance

A vehicle with an inoperative lift and air conditioning problems needs to be removed from service immediately. We will in all cases be able to replace a vehicle with these problems within 30 minutes. We have conducted deadheading studies from our

Bellflower facility to different points within the service and we were able to confirm that the time requirement can be met. If any lift passengers are stranded by an inoperative lift we will commit to serving those passengers within 30 minutes of the service failure. In addition, the Road Supervisor will be assigned a 8 passenger plus 2 wheelchair van which will allow us to immediately dispatch him should the drive from base be longer that the stated time limits due to heavy traffic conditions.

# F. CHP Inspections

On the Appendix you will find Empire's last three CHP inspections, which were all marked "Satisfactory". The most recent was done in May 2016.

# G. Transit Security Plan

A full copy of Empire's Transit Security Plan can be found in the Appendix. The plan was developed based on the information provided by the FTA. If the department feels that some parts do to meet the requirements, the required modifications will be immediately incorporated.

# IV. Quality Assurance

Empire's philosophy is to view our company as an extension of our client's standards in quality of service. When we are awarded a contract we approach it as if we had become another of their departments. We place a big emphasis in learning and understanding the core of our customer base in order to deliver the best service possible. We have internal and external procedures in place that provide a check and balance system throughout the organization. The areas that we concentrate on are as follows:

# Driver Selection, Training and Monitoring: A detailed description of the hiring criteria and training program is described in the

- attached work plan. Monitoring of drivers is done in several tiers: a) On the road supervision carried out by the dedicated Road Supervisor.
- b) Use of technological means such as MDT equipped with GPS capabilities. This allows us to evaluate, in real time, the drivers' adherence to the schedule as
- allows us to evaluate, in real time, the drivers' adherence to the schedule as well as data input.
- c) Passenger feedback, with the Department's authorization, can be done over the phone when requesting service or via written surveys.
- d) Mystery shoppers. We schedule random pickups in which our Quality Assurance Inspector himself is transported. We get a written report from him identifying areas for improvement as well as areas of excellence. We provide the driver with this feedback without identifying its actual source.

# 2) Call Center and Dispatching Department:

These two departments are the heart of the operation. The main areas where we evaluate, for quality control purposes, are:

- a) Their ability to use the technological resources at hand.
- b) Their ability to maintain and improve on the required parameters as set forth in the RFP.
- c) Their ability to assist and support drivers in emergency or break-down situations.
- d) Their ability to defuse and control a potentially negative encounter with passengers.
- e) Their ability to resolve complaints in a professional, efficient and courteous manner.

These departments are continuously evaluated by the Project Manager. We also conduct individual employee evaluations on a semi-annual basis or more frequently, if needed.

With the Department's authorization, we can also mail surveys to randomly selected passengers to get feedback on these departments performance.

#### 3) Vehicle Maintenance and Cleanliness:

Vehicle maintenance and safety are of the utmost importance. We have provided a detailed description of our maintenance program in the work plan. Even though the vast majority of the vehicles assigned to this contract do not fall under CHP regulations, we do follow and meet their requirements. We keep vehicle maintenance files and conduct preventive maintenance inspections as required by federal and state regulations. Our Safety and Training Manager conducts random file reviews periodically comparing the physical file and the reports as produced by our vehicle maintenance software. Any deficiencies noted are brought up to the Maintenance Manger and the President of the company for immediate resolution.

Empire has its own car wash department at the proposed facility in Bellflower as well as a mobile unit that can be activated in case of an emergency situation. The vehicles will be washed, interior and exterior, every other day or as needed. The drivers are responsible for picking up any trash left behind between pick up. The drivers are also responsible for checking the vehicle cleanliness as part of their pretrip inspection. They are required to report any irregularities to the Project Manager. The reported concerns will be addressed on the spot. The Project Manager will conduct daily inspections of vehicles to insure that the established cleanliness standards are being met. The Road Supervisor will also include checks for cleanliness as part of their review process.

#### 4) Safety and Training:

Empire has developed a very comprehensive training program. The training program in place was one of the most important factors to be accepted as part of a captive insurance program. We are proud to say that our training program is not only well written but also strictly adhered to. As a company, we place a lot of effort on accident prevention. We have an in-house claims adjustor that works very closely with our Safety and Training Department as well as our insurance carrier in order to get an objective assessment of the incidents/accidents at hand. This approach has allowed us to implement preventive steps throughout the company. While accidents can and will happen, our continual goal is to be completely accident free and our primary emphasis is always on accident avoidance. As a condition of remaining members of the captive program, we go through an extensive annual audit performed by a third party that is selected and hired by our insurance carrier. The audit covers all areas of the operation. They inspect the maintenance shop looking for potential OSHA violations. They inspect numerous records including, but not limited to, mechanics' files, vehicle files, driver files, incident/accident reports, and training records. We have never failed one of these inspections.

We also have access to resources from the insurance carrier to have a third party conduct evaluations on contracts individually. We have taken advantage of this option on numerous occasions and requested evaluation of several contracts. We

would certainly avail ourselves of this option for this service, if awarded the contract.

This is a summary of the steps taken by Empire regarding Quality Assurance. The resume of the Quality Assurance Inspector can be found in the experience section of the proposal. If awarded the contract, a Quality Assurance Program tailored specifically to these services will be submitted for the Department's review and approval.

# V. Financial Resources & Insurance

## **Financial Statements**

Our 2014 and 2015 financial statements can be found in a sealed envelope contained in the proposal notebook marked "original". We ask that our financial statements be afforded the maximum confidentiality possible and that they only be circulated to those individuals who will be involved with assessing our ability to meet the financial requirements for delivering on this project. Our 2015 financial statements are in the process of being reviewed by an outside CPA firm. They are not ready to be submitted along the RFQ but will be ready when an IFB is issued.

There are no existing liens or encumbrances against the company that would endanger our ability to perform on this contract. Additionally Empire and its principals are not involved in any pending litigation that might change that status. Nor is the company facing or considering bankruptcy, pending site closures, merger or labor disputes.

We would be delighted to make available to staff both our outside CPA and the Bank Officer responsible for our account should there be any questions at all about our ability to provide the necessary financial support for the shuttle operation.

COUNTY OF LOS ANGELES CONTRACTOR EMPLOYEE JURY SERVICE PROGRAM APPLICATION FOR EXCEPTION AND CERTIFICATION FORM

This contract is subject to the County of Los Angeles Contractor Employee Jury Service Program (Program) (Los Angeles County Code, Chapter 2.203). All contractors and subcontractors must complete this form to either (1) request an exception from the Program requirements or (2) certify compliance. Upon review of the submitted form, the County department will determine, in its sole discretion, whether the bidder or proposer is excepted from the Program.

Contraction of the second second second second second second second second second second second second second s			
Company Name:	Empire Transportation, Inc.		an an an an an an an an an an an an an a
Company Address:	8800 Park Street		
City: Bellflower		Slate: CA	Zip Code: 90706
Telephone Number:	562.529.2676		
(Type of Gonds or S	nrvices): Fixed- Route and Di-	al-a-Rida Services Provider	

(Type of Goods or Services): Fixed- Route and Dial-a-Ride Services Provider

If you believe the Jury Service Program does not apply to your business, check the appropriate box in Part I (you must attach documentation to support your claim). If the Jury Service Program applies to your business, complete Part II to certify compliance with the Program. Whether you complete Part I or Part II, sign and date this form.

Part I: Jury Service Program Is Not Applicable to My Business

 \square

X

My business does not meet the definition of "contractor," as defined in the Program as it has not received an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts (this exception is not available if the contract/purchase order itself will exceed \$50,000). I understand that the exception will be lost, and I must comply with the Program if my revenues from the County exceed an aggregate sum of \$50,000 in any 12-month period.

My business is a small business as defined in the Program. It 1) has ten or fewer employees; and, 2) has annual gross revenues in the preceding twelve months which, if added to the annual amount of this contract, are \$500,000 or less; and, 3) is not an affiliate or subsidiary of a business dominant in its field of operation, as defined below. I understand that the exemption will be lost, and I must comply with the Program If the number of employees in my business and my gross annual revenues exceed the above limits.

"Dominant in its field of operation" means having more than ten employees, including full-time and part-time employees, and annual gross revenues in the preceding twelve months, which, if added to the annual amount of the contract awarded, exceed \$500,000.

"Affiliate or subsidiary of a business dominant in its field of operation" means a business which is at least 20 percent owned by a business dominant in its field of operation, or by partners, officers, directors, majority stockholders, or their equivalent, of a business dominant in that field of operation.

My business is subject to a Collective Bargaining Agreement that expressly provides that it supersedes all provisions of the Program. ATTACH THE AGREEMENT.

Part II: Certification of Compliance

My business has and adheres to a written policy that provides, on an annual basis, no less than five days of regular pay for actual jury service for full-time employees of the business who are also California residents, or my company will have and adhere to such a policy prior to award of the contract.

I declare under penalty of perjury under the laws of the State of California that the information stated above is true and correct.

make this certification in support of a proposal for a contract with the County of Los Angeles for services within the scope of Los Angeles County Code, Section 2.180.010, which provides as follows:

Contracts Prohibited. A. Notwithstanding any other section of this code, the county shall not contract with, and shall reject any bid or proposal submitted by, the persons or entities specified below, unless the board of supervisors finds that special circumstances exist which justify the approval of such contract.

- 1. Employees of the County or of public agencies for which the board of supervisors is the governing body;
- Profit-making firms or businesses in which employees described in subdivision 1 of subsection A serve as officers, principals, partners, or major shareholders;
- Persons who, within the immediately preceding 12 months, came within the provisions of subdivision 1 of subsection A, and who:
 - (a) Were employed in positions of substantial responsibility in the area of service to be performed by the contract; or
 - (b) Participated In any way in developing the contract of its service specifications; and
- Profit-making firms or businesses in which the former employees described in subdivision 3 of subsection A, serve as officers, principals, partners, or major shareholders.

I hereby certify I am informed and believe that personnel who developed and/or participated in the preparation of this contract do not fall within scope of the Los Angeles County Code, Section 2.180.010, as cited above. Furthermore, that no County employee whose position in the County enables him/her to influence the award of this contract, or any competing contract, and no spouse or economic dependent of such employee is or shall be employed in any capacity by the Contractor herein, or has or shall have any direct or indirect financial interest in this contract. I understand and agree that any falsification in this Certificate will be grounds for rejection of this Proposal and cancellation of any contract awarded pursuant to this Proposal.

I certify under penalty of perjury under the laws of California that the foregoing is true and correct.

RE: MINORITY BUSINESS ENTERPRISE (MBE) CERTIFICATION APPROVAL

Dear Ms. Aguirre:

Based on a thorough review of the submitted documents and pursuant to the provisions of the Department of Transportation (U.S.D.O.T.) Rules and Regulations 49 CFR, Part 26, we are pleased to inform you that your firm has been certified as a **Minority Business Enterprise (MBE)** and has been placed in the City of Los Angeles DBE/MBE/WBE directory as a firm specializing in:

NAICS Code	Description
485999	All other Transit and Ground Passenger Transportation

You may review your firm's information in the City of Los Angeles DBE/MBE/WBE database at www.lacity.org/bca.

This certification is valid for three (3) years from the date of this letter. If after three (3) years you wish to be certified by the City of Los Angeles and have not received recertification documents, please contact this office. If there are any changes in ownership, control, or work category of your firm during the certification period, you are required to notify this office of those changes in writing. Also, please include your file number on each page of correspondence relating to these matters.

The City reserves the right to withdraw this certification if at any time it is determined certification was knowingly obtained by false, misleading or incorrect information. The City also reserves the right to request additional information and/or conduct on site visits at any time during the certification period to verify any documentation submitted with your application. By accepting certification, the firm of **Empire Enterprises**, **Inc.** hereby consents to the examination of its books, records and documents by the City.

RE: MINORITY BUSINESS ENTERPRISE (MBE) RECERTIFICATION

Dear Ms. Aguirre:

Thank you for submitting your recertification package to our office on 4/1/08. Your application will be processed as soon as possible. Although your MBE Certification was due for renewal on 4/1/08, it will not expire on that date. Your certification will continue in good standing beyond that date until your firm is officially decertified by this office. Your certification status can be verified at any time by visiting <u>http://bca.lacity.org</u> or by calling the Centralized Certification Administration at (213) 847-1922.

Sincerely,

HELMUT PEINDL, Certification Manager Office of Contract Compliance Bureau of Contract Administration

GAIN and GROW EMPLOYMENT COMMITMENT

As a threshold requirement for consideration for contract award, Proposer shall demonstrate a proven record for hiring GAIN/GROW participants or shall attest to a willingness to consider GAIN/GROW participants for any future employment opening if they meet the minimum qualifications for that opening. Additionally, Proposer shall attest to a willingness to provide employed GAIN/GROW participants access to the Proposer's employee mentoring program, if available, to assist these individuals in obtaining permanent employment and/or promotional opportunities.

To report all job openings with job requirements to obtain qualified GAIN/GROW participants as potential employment candidates, Contractor shall email: <u>GAINGROW@dpss.lacounty.gov</u> and <u>BSERVICES@wdacs.lacounty.gov</u>.

Proposers unable to meet this requirement shall not be considered for contract award.

Proposer shall complete all of the following information, sign where indicated below, and return this form with their proposal.

A. Proposer has a proven record of hiring GAIN/GROW participants.

_____YES (subject to verification by County)

MO NO

B. Proposer is willing to provide DPSS with all job openings and job requirements to consider GAIN/GROW participants for any future employment openings if the GAIN/GROW participant meets the minimum qualifications for the opening. "Consider" means that Proposer is willing to interview qualified GAIN/GROW participants.

YES NO

C. Proposer is willing to provide employed GAIN/GROW participants access to its employee-mentoring program, if available.

REQUEST FOR DISABLED VETERAN BUSINESS ENTERPRISE (DVBE) PREFERENCE PROGRAM CONSIDERATION FORM

INSTRUCTIONS: All proposers/bidders responding to this solicitation must complete and return this form for proper consideration of the proposal/bld.

In evaluating bids/proposals, the County will give preference to businesses that are certified by the State of California as a Disabled Veteran Business Enterprise (DVBE) or by the Department of Veterans as a Service Disabled Veteran-Owned Small Business (SDVOSB) consistent with Chapter 2.211 of the Los Angeles County Code.

Vendor understands that in no instance shall the disabled veteran business enterprise preference program price or scoring preference be combined with any other County preference program to exceed 8 percent in response to any County solicitation.

Information about the State's DVBE certification regulations is in the California Code of Regulations, Title 2, Subchapter 8, Section 1896 et seq., and is also available on the California Department of General Services Office of Disabled Veteran Business Certification and Resources Website at http://www.pd.dgs.ca.gov.

Information on the Veteran Affairs Disabled Business Enterprise certification regulations may be found in the Code of Federal Regulations, 38CFR 74, and is also available on the Veterans Affairs Website at: <u>http://www.vetbiz.gov</u>.

- I AM NOT a DVBE certified by the State of California or a Service Disabled Veteran-Owned Small Business with the Department of Veteran Affairs.
- I AM certified as a DVBE with the State of California or a Service Disabled Veteran-Owned Small Business with the Department of Veteran Affairs as of the date of this proposal/bid submission and I request this proposal be considered for the DVBE Preference.

DECLARATION: I DECLARE UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF CALIFORNIA THAT THE ABOVE INFORMATION IS TRUE AND ACCURATE.

PROPOSER'S COMPLIANCE WITH THE MINIMUM REQUIREMENTS OF THE RFSQ

FIXED ROUTE AND DIAL-A-RIDE TRANSIT SERVICES (2016-SQPA001)

PROPOSER MUST CHECK A BOX IN EVERY SECTION

Important Note: The information on this form is subject to verification and may not be used for scoring purposes.

Completing this form by itself without including detailed narrative in your proposal to support the minimum mandatory requirement of this RFSQ, any inconsistencies or inaccuracy in the information provided in this form, or this form and your proposal, may subject your proposal to disqualification or other actions, at the sole discretion of the County.

At the time of proposal submission, Proposer must meet the following Minimum Mandatory Requirements:

No Subcontractors will be allowed to fulfill any of the following Minimum Requirements.

- 1. The Proposer must have a minimum of three years of experience providing the same or similar fixed route or paratransit services for governmental or social service agency(les).
 - Yes. Proposer does meet the experience requirement stated above. (In addition to responding on this form, as specified in Part I, Section 2.A.5, Experience, please provide a detailed narrative in your proposal to validate this minimum mandatory requirement for scoring of your proposal in this category).

Proposer Name	Dates of Experience (MIh/Yr to MIh/Yr)	Type of Transit Service	Detail Description of Services/Experience	Page Number*
Empire Transportation, Inc	2001 to date	Fixed Route & DAR Services	For detailed information please see Section II-Experience	15-17

List the page number in the proposal containing the proposer's experience.

No. Proposer does not meet the experience requirement stated above.

Page 1 of 2

2. The Proposer must provide copies of all "Satisfactory" California Highway Patrol Safety Compliance Inspections (or passed all reinspections) of the Proposer's maintenance facilities or terminals to be used for the proposed contract for the prior three 13-month Inspections (California Vehicle Code 34501[c]).

Services and the service of the serv

Yes. Proposer does meet the minimum mandatory requirement stated above and has received a "Satisfactory" rating on the CHP's Safety Compliance Inspections (or passed all reinspections) of the Proposer's maintenance facilities or terminals to be used for the proposed contract for the prior three 13-month inspections.

والمحمد والمحمد والمحمد والمحمد والمحمد والمحمد والمحمد والمحمد والمحمد والمحمد والمحمد والمحمد والمحمد والمحمد

- Proposer has received an "<u>Unsatisfactory</u>" rating on the CHP's Safety Compliance Inspections of the Proposer's maintenance facilities or terminals to be used for the proposed contract for the prior three 13-month inspections, however, has remedied the problem by means of receiving a "Conditional" or "Satisfactory" rating within the CHP's 120-day reinspection period and/or recieved a "Conditional" rating and upgraded to a "Satisfactory" rating within the CHP's 180-day reinspection period as evidenced by the CHP Safety Compliance Inspection reports attached to proposal.
- □ No. Proposer does not meet the minimum mandatory requirement stated above. Proposer has received an "Unsatisfactory" rating and <u>did not</u> upgrade the rating to a "Conditional" or "Satisfactory" within the CHP's 120-day reinspection periods and/or received a "Conditional" rating and <u>did not</u> upgrade the rating to "Satisfactory" within the CHP 180-day reinspection period, whether on the initial inspection or the CHP reinspection, the Proposer will have falled this criteria.

Proposer declares under penalty of perjury that the information stated above is true and accurate. Proposer further acknowledges that if any false, misleading, incomplete, or deceptivoly unresponsive statements in connection with this proposal are made, the proposal may be rejected at the sole discretion of the County.

COUNTY OF LOS ANGELES LIVING WAGE PROGRAM

APPLICATION FOR EXEMPTION

The contract to be awarded pursuant to the County's solicitation is subject to the County of Los Angeles Living Wage Program (LW Program) (Los Angeles County Code, Chapter 2.201). Contractors and subcontractors must apply individually for consideration for an exemption from the LW Program. To apply, Contractors must complete and submit this form with supporting documentation to the County after the Mandatory Proposers Conference by the due date set forth in the solicitation document. Upon review of the submitted Application for Exemption, the County department will determine, in its sole discretion, whether the contractor and/or subcontractor is/are exempt from the LW Program.

# ACKNOWLEDGMENT AND STATEMENT OF COMPLIANCE FOR LIVING WAGE ORDINANCE AND CONTRACTOR NONRESPONSIBILITY DEBARMENT

The undersigned individual is the owner or authorized agent (Agent) of the business entity or organization ("Firm") identified below and makes the following statements on behalf of his or her Firm.

The Agent is required to check each of the following two boxes:

LIVING WAGE ORDINANCE:

The Agent has read the County's Living Wage Ordinance (Los Angeles County Code, Section 2.201.010 through 2.201.100), and understands that the Firm is subject to its terms.

CONTRACTOR NON-RESPONSIBILITY AND CONTRACTOR DEBARMENT ORDINANCE:

			11	
ļ	٦	1	1	
1	_	·	.1	

The Agent has read the County's Determinations of Contractor Nonresponsibility and Contractor Debarment Ordinance (Los Angeles County Code Section 2.202.010 through 2.202.060), and understands that the Firm is subject to its terms.

#### LABOR LAW/PAYROLL VIOLATIONS:

A "Labor Law/Payroll Violation" includes violations of any federal, state or local statute, regulation, or ordinance pertaining to wages, hours or working conditions such as minimum wage, prevailing wage, living wage, the Fair Labor Standards Act, employment of minors, or unlawful employment discrimination.

History of Alleged Labor Law/Payroll Violations (Check One):

The Firm HAS NOT been named in a complaint, claim, investigation or proceeding relating to an alleged Labor Law/Payroll Violation which involves an incident occurring within three (3) years of the date of the proposal; OR

The Firm HAS been named in a complaint, claim, investigation or proceeding relating to an alleged Labor Law/Payroll Violation which involves an incident occurring within three (3) years of the date of this proposal. (I have allached to this form the required Labor/Payroll/Debarment History form with the pertinent information for each allegation.)

History of Determinations of Labor Law (Payroll Violations (Check One):

There HAS BEEN NO determination by a public entity within three (3) years of the date of the proposal that the Firm committed a Labor Law/Payroll Violation; OR

There HAS BEEN a determination by a public entity within three (3) years of the date of the proposal that the Firm committed a Labor Law/Payroll Violation. I have attached to this form the required Labor/Payroll/Debarment History form with the pertinent information for each violation (including each reporting entity name, case number, name and address of claimant, date of incident, date claim opened, and nature and disposition of each violation or finding.) (The County may deduct points from the proposer's final evaluation score ranging from 1% to 20% of the total evaluation points evaluate with the targest deductions occurring for undisclosed violations.)

#### HISTORY OF DEBARMENT (Check one):

 $\checkmark$ 

The Firm HAS NOT been debarred by any public enlity during the past ten (10) years; OR

The Firm HAS been debarred by a public entity within the past ten (10) years. Provide the pertinent information (including each reporting entity name, case number, name and address of claimant, date of incident, date claim opened, and nature and disposition of each violation or finding) on the attached Labor/Payroll/Debarment History form.

I declare under penalty of perjury under the laws of the State of California that the above is true, complete and correct.

Assossment Criteria

A 'Labor Lew/Payroll Violation' includes violations of any Federal, State or local statute, regulation or ordinance * portaining to wages, hours, working conditions such as minimum wage, prevailing wage, living wage, the Fair Labor Standards Act, employment of minors, or unlawful employment discrimination. The County may deduct points from a proposer's final evaluation score only for Labor Law/Payroll Violations with disposition by a public entity within the past three years of the date of the proposal.

The assessment and determination of whether a violation is major, significant, minor, or insignificant and the assignment of a percentage deduction shall include, but not be limited to, consideration of the following criteria and variables:

- D Accuracy in self-reporting by proposer
- D Health and/or safety impact
- ū Number of occurrences
- D Identified patterns in occurrences
- Dollar amount of lost/delayed wages
- Assessment of any fines and/or penalties by public entities
- Proportion to the volume and extent of services provided, e.g., number of contracts, number of employees, Ω. number of locations, etc.

** County Code Title 2, Chapter 2.202.030 sets forth criteria for making a finding of contractor non-responsibility which are not limited to the above situations.

2. REPORTING TIME	We have no employees who report to work and then travel to their worksite All
How does the Proposer know employees actually reported to work and at what time? For example, sign-in sheets, computerized check in, call-in system, or some other method?	employees begin their shift on-site where the revenue vehicle is parked for their work location.
3. RECORDS OF ACTUAL TIME WORKED	3.1 All records created and documenting hours wonly of his an amolecce and documenting hours.
3.1 What records are created to document the beginning and ending times of employee's actual work shifts?	electronically according to the times the employee clocks in and out. When an employee enters a time-punch, they will enter their employee ID and the number of the contrast them and the number of the contrast them are produced.
3.2 What records are maintained by the Proposer of actual time worked?	processing. The server will time-stamp the punch and process the numbers to determine the identity of the employee and of the contract. Once processing is
3.3 Are the records maintained daily or at another interval (indicate the interval)?	complete, the server sends the information back to the device from which the employee entered the information and shows them the time for their
3.4 Who creates these records (e.g. employee, supervisor, or office staff)?	information.
3.5 Who checks the records, and what are they checking for?	3.2 All records related to hours worked are stored electronically on the server hosting TimeForce and backed up as with all other server data. In addition a hard
3.6 What happens to those records?	copy is given to the employee at the end of a pay cycle by the employee's manager. The employee signs the time sheet or identifies errors, which are then
3.7 Are they used as a source document to create Proposer's payroll?	investigated by the manager.
3.8 ATTACH COPIES OF THESE RECORDS.	3.3 The electronic records are maintained automatically in real-time by the server. The hard copies are printed at the end of each semi-monthly pay period and filed at our main office.
	3.4 The initial creation of the electronic records is, as previously mentioned, performed by the server based on information submitted by the employee.
	3.5 The records produced by the server are checked for accuracy daily by the manager responsible for the employee. At the conclusion of the pay period, a timecard is printed from TimeForce for each employee and given to them for
	Form LW-9 Page 2 of 6

	review. If the employee has any issues with missed time, forgotten punches, etc. or sees another problem he or she is able to raise the issue with their manager prior to their check being generated. Once the employee has reviewed the timecard, and signed it, the time card is returned to their manager.
	3.6 At the conclusion of every pay period, each manager checks the final day for each employee during that pay period and verifies the accuracy of the semi-monthly period per employee. This is accomplished by marking the verification checkbox in the web browser-based interface. TimeForce then indicates that the record was reviewed and verified and provides the name of the manager who performed the verification. Verifications occur after the printed timecard has been returned with the employee's signature.
	3.7 Once verified the records are imported into QuickBooks and used as the basis for every employee's paycheck.
4. OTHER RECORDS USED TO CREATE PAYROLL (IF ANY)	
4.1 If records of actual time worked are not used to create payroll, what is the source document that is used?	As described previously, all records pertaining to hours are based solely on hours worked and are created primarily on information submitted to TimeForce by the employee themselves. Timecards are printed and signed by the employee prior to
4.2 Who prepares and checks the source document?	issuance of their paycheck
4.3 Does the employee sign it?	
4.4 Who approves the source document, and what do they compare it with prior to approving it.	
5. BREAKS	Meal periods are built into each employee's schedule. The employees clock out and in directly on their Sprint phono and the information is a second to be information in the second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second second sec
5.1 How does the Proposer know that employees take mandated breaks and meal breaks (periods)?	available for audit. In transit service there is a relief driver who takes over the vehicle to make these lunch breaks available. These reliefs are also downmented on trive
5.2 Does the Proposer maintain any written supporting documentation to validate that the breaks actually	sheets. In terms of other breaks, the California State Labor Board has accepted the make up time in the transit schedule as available break time as long as the employee
	Form LW-9 Page 3 of 6

occurred?	has the ability to attend to nersonal needs during these noriseds
5.3 If so, who prepares, reviews, and approves such documentation?	Payroll entries are made directly by the worker and audited by the supervisor and payroll coordinator. Worker then approves the final time cheet in writing
6. HOW PAYROLL IS PREPARED	
6.1 Discuss how the Proposer's payroll is prepared and how the Proposer ensures that employee wages are appropriately paid.	The hours maintained and entered into TimeForce for every employee can be accessed by the payroll department at all times. After verification by the managers,
6.2 How are the employee paid (e.g. manually issued check, automated check, or combination of methods)?	The payrou department imports the hours worked into QuickBooks from TimeForce. The payroll department makes any necessary entries into employee records with regard to required deductions (such as wage garnishments, changed tax status, etc.)
6.3 If by check, do they receive a single check for straight time and overtime or are separate payments made?	applicable to the period and verifies the data prior to check issuance. The payroll department then processes the information and creates checks. For those employees who use direct deposit, the information is submitted to the employee's bank and a
6.4 What information is provided on the check (e.g., deductions for taxes, etc.)?	check stub is printed and delivered to the employee. Checks for employees who are not enrolled in direct deposit have their check delivered to them by their manager. Every employee will receive a single check reflecting hours worked at straight waves
6.5 ATTACH A COPY OF A PAY CHECK AND PAY CHECK STUB THAT SHOWS SHOWS DEDUCTION CATEGORIES (COVER UP OR BLOCK OUT BANK ACCOUNT INFORMATION AND ANY ANY EMPLOYEE INFORMATION).	and overtime wages. All deductions and wages are itemized on the check stub A copy of two pay checks with the applicable "Time Card" which explains the basis for the pay are attached to this form.
7. MANUAL PAYROLL SYSTEM	
7.1 If the Proposer uses a manual payroll system, describe the steps the person preparing the payroll takes to create a check, starting from the source document through the issuance of a check.	We do not use a manual payroll system.
7.2 If the employee has multiple wage rates (ie., County's Living Wage rate for County work and the Proposer's standard rate for other non-County work) how does the person preparing the payroll calculate total wages paid?	
	Form LW-9 Page 4 of 6

<ol> <li>AUTOMATED PAYROLL SYSTEM</li> <li>AUTOMATED PAYROLL SYSTEM</li> <li>If the Proposer uses an automated payroll system or contracts for such automated payroll services to an outside firm, describe the steps taken to prepare the payroll.</li> <li>If the employee has multiple wage rates (i.e. County set of the</li> </ol>	As described previously we use the automated system TimeForce for recording an employee's hours. Checks are issued in-house using the import of TimeForce information into Quick Books. At this time, should any employee work at multiple rates during a work week. over
m	time is paid based on the higher of the rates.
<ol> <li>TRAVEL TIME</li> <li>9.1 How is travel time during an employee's shift paid?</li> </ol>	9.1 Travel time is rarely an issue, as drivers report to a regular work place and begin the driving assignment from that location.
<ul><li>9.2 At what rate is such travel time paid if the employee has multiple wage rates?</li><li>9.3 Discuss how the Proposer calculates the day's</li></ul>	9.2 Due to the rare occurrence of travel time, should it occur the travel time is paid at regular rate.
wayes for each situation described in the following two examples: a. During a single shift, an employee works three hours at a work location under a County Living Wage contract, then travels an hour to another	9.3 County staff employees are not assigned to work for other services on a regular basis. Should there be a shortage of drivers and a County worker is assigned to temporarily cover on another service, the employee would be paid at their regular County Living Wage rate. Only in the case of an employee who is
	permanently transferred to another service either by request of the employee or County staff, would the employee's wage rate be changed.
b. During a single shift, an employee works three hours at a work location under a County Living Wage contract, then travels an hour to another work location to work four hours, where they are also paid the County's Living Wage rate.	We do not have the situations described in 9.3.a or 9.3.b.
	Form LW-9 Page 5 of 6

<ol> <li>OVERTIME</li> <li>IO.1 How does the Proposer calculate overtime wages?</li> <li>IO.2 What if the employee has multiple wage rates?</li> </ol>	There are two earnings statements with time sheets attached. The first reflects a driver who has a C license and non-exempt employees. C drivers, like almost all employees in California, are subject to daily overtime, ie. overtime after eight hours worked in a day. The Total Hours, broken down by day show the daily allowed and then the overtime hours per day. The earnings statement again shows the hours paid at regular rate, and then separately the hours paid at 1.5x rate.
	The second earnings statement is for a driver with a B license. These drivers are an exception to daily overtime as set forth in the Transportation Wage Order. The exception is necessary due to the fact that the B license and the hours worked by B license drivers are subject to federal law and the regulation of the USDOT. As such A and B license drivers are paid overtime AFTER 40 hours worked in a week. Therefore on the attached time sheet, the employee's 8.5 hours on a Monday are all shown as regular hours, but on Friday when the employee 8 hours, 7.5 show as regular and .5 show as over time. This is because on that Friday the employee went over the allowed 40 hours in the week.

Pursuant to Section 24004 CVC, violations recorded on this SafetyNet Inspection Report must be corrected prior to redispatch. Violations marked out of service must be corrected before the vehicle is operated on the highway. For your convenience, KEEP THIS REPORT OR A COPY IN THE VEHICLE UNTIL ALL VIOLATIONS ARE CLEARED. This document should NOT be forwarded to the court for clearance procedures. DO NOT RETURN THIS FORM TO THE CALIFORNIA HIGHWAY PATROL.

1.	Title 1: The tra from s from a of any vehicle Code ( School the puj of the s	lowing information is provided as information to tour bus operators engaged in, or considering ortation of school pupils. B of the California Code of Regulation (CCR) Section 1201(t) defines pupil transportation: insportation of any pupil enrolled in a public or private school at or below the twelfth-grade level to or chool in a school bus, to or from a school activity in a school bus or School Pupil Activity Bus (SPAB), school to a non-school related activity within 25 miles of the school in a youth bus, or the transportation student enrolled in a community college to or from the community college or a college activity, in a designated as a school bus by resolution of the governing board pursuant to 545(g) California Vehicle VC), and certified by the department. related activities are any events conducted for the educational, social, or recreational development of bils, sanctioned, authorized, or arranged by a public or private school, or any officer, employee, or agent school. This type of transportation requires the use of a school bus, or SPAB (under contractual tent with a school).	
	related are rec carrier availab Carrier Pupil A Bus, or apropri 294D fi Carrier Unlawf and/or Bill 636 eny car 13 CCF	ly vehicles other than a school bus authorized by law to transport school pupils to/from school or school activities are identified in subsections (a) – (k) of Section 545 VC. Drivers of these authorized vehicles uired to have additional training, special licensing and criminal background checks. In addition to and equipment requirements, driver qualifications are discussed in a CHP manual (HPH 82.7) which is le for purchase at any CHP Division headquarters or Area office, for \$5 plus applicable sales tax. s who intend to use vehicles to transport school pupils to and from school related activities under the ctivity Bus (PAB) exception in 545(k) VC must submit a completed CHP 294D, Youth Bus, Pupil Activity General Public Paratransit Vehicle (GPPV) Inspection Application (Revised 1-10), along with the ate fee of \$75 for each PAB, prior to inspection by the Department. Motor carriers may obtain the CHP om the Department's internet Web site (www.chp.ca.gov), local Area offices, or field Division Motor Safety Units (MCSU).

ADDRESS	8800 PARK ST, BELLFLOWER, CA 90706	*****	FC NUMBER 245940

#### MAINTENANCE PROGRAM VIOLATIONS:

13 CCR 1215(f) Carrier does not repair defect(s) reported on the driver's daily vehicle condition reports, and attest to the repair by signing or having an authorized agent sign the reports. Defects or deficiencies reported on drivers' daily vehicle condition reports that are likely to affect the safe operation of the motor vehicle or combination are required to be repaired prior to returning to operation. The motor carrier or an authorized agent shall certify on the report that necessary repairs have been completed prior to the vehicle returning to operation.

Unit # 251 drivers DVIR indicated defective door: 05-06-15, 05-07-15, 05-08-15 Unit # L-205 drivers DVIR indicated vehicle alignment issues: 06-23-15, 06-24-15, 06-25-15, 06-26-15

## DRIVER RECORDS VIOLATIONS:

Due to carrier having two types of operations (Tour Bus / Basic Bus) driver records were inspected in conjunction with the annual tour bus terminal inspection. Driver records meet all the requirements for basic bus operation.

#### **<u>RATING:</u>**

13CCR 1233 Terminal is rated SATISFACTORY at this time.

#### **CHANGE OF ADDRESS:**

13CCR 1233.5 Carrier is required to notify the department of any change of address or cessation of regulated activity at any of the carrier's terminals. Carrier shall notify the department in writing within 15 days of the change and shall be forwarded to:

#### California Highway Patrol

## COMMERCIAL RECORDS UNIT

#### P.O. BOX 942898

#### SACRAMENTO, CA. 94298-0001

REMARKS

#### MAINTENANCE PROGRAM VIOLATIONS:

13 CCR 1215(f) Carrier does not repair defect(s) reported on the driver's daily vehicle condition reports, and attest to the repair by signing or having an authorized agent sign the reports. Defects or deficiencies reported on drivers' daily vehicle condition reports that are likely to affect the safe operation of the motor vehicle or combination are required to be repaired prior to returning to operation. The motor carrier or an authorized agent shall certify on the report that necessary repairs have been completed prior to the vehicle returning to operation.

Unit # 243 drivers DVIR indicated check engine light on: 04-01-15, 04-03-15, 04-06-15, 04-07-15, 04-20-15 Unit # 164 drivers DVIR indicated power steering problem: 05-22-15, 05-23-15, 05-24-15 Unit # 244 drivers DVIR indicated inoperative interior light: 05-15-15, 05-18-15, 05-19-15, 05-20-15, 05-21-15, 05-22-15 Unit # 259 drivers DVIR indicated inoperative turn signal: 04-01-15, 04-02-15 Unit # 251 drivers DVIR indicated defective door: 05-06-15, 05-07-15, 05-08-15

#### **DRIVER RECORDS VIOLATIONS:**

All records are current and on file at this time.

#### RATING:

13CCR 1233 Terminal is rated SATISFACTORY at this time.

#### **CHANGE OF ADDRESS:**

13CCR 1233.5 Carrier is required to notify the department of any change of address or cessation of regulated activity at any of the carrier's terminals. Carrier shall notify the department in writing within 15 days of the change and shall be forwarded to:

California Highway Patrol

13.0 APPENDIX	11

## SAFETY AND TRAINING PROGRAM POLICY AND PROCEDURE

## 1.0 POLICY OBJECTIVE

Empire Transportation, Inc. (Empire) is committed to delivering safe passenger transportation services to our clients. In meeting this goal it is our policy to:

- Employ qualified and actively involved Safety, Training and Personnel Department (STP) staff who are capable of delivering on our program objectives.
- Provide training that insures every employee enters our active workforce with the skills to be safe and successful in providing outstanding service to our clients.
- 3) Promote an attitude toward safety, which insures that our employees are safety aware while doing their jobs.
- 4) Prohibit employee actions that do not meet the safety standards outlined in this policy.

## 2.0 PURPOSE

The purpose of this policy is to provide STP staff with guidelines and standards for training new and existing employees to meet Empire safety standards, as well as ensure compliance with regulatory and contractual guidelines. This program is not all-inclusive of Empire's STP efforts, but instead defines minimum requirements. Each project is unique and additional areas of training should be included in accordance with local and contractual standards.

## 3.0 APPLICABILITY & ADMINISTRATION

These policies apply to employees responsible for the administration of the program, as well as to employees who undergo Empire training. Every member of management is required to read and become familiar with the requirements of this policy. This policy is not intended to supersede other company policies but to augment them. Thus, Empire employees are governed also by those policies and remain subject to their content.

The STP Manager shall designate at least one Behind-the-Wheel Trainer for the Company. Empire will provide the majority of driver trainee instruction at its Central Training Facility, however, refresher training may be provided at program locations. Individuals appointed to the following positions must become familiar with this program and proficient in the area(s) of training for which they are responsible, as well as the policy's general application.

- STP Manager
- Program Managers
- Classroom Instructors
- Behind-the-Wheel (BTW) Trainers
- Field Supervisors
- Lead Drivers
- Maintenance Managers

The STP Manager shall be responsible for delivering the program to these individuals and ensuring that they understand their duties and obligations under this program.

## 4.0 INSTRUCTOR QUALIFICATIONS

#### 4.1 CLASSROOM INSTRUCTOR

A Classroom Instructor must have the following qualifications:

- A) License and Certification(s), as applicable to the type of vehicles and/or service being taught.
- B) Certification by the Department of Transportation, Transportation Safety Institute, to deliver the curriculum being taught.
- C) Certification by the National Safety Council to teach the defensive driving course.
- 4.2 BTW INSTRUCTOR

Driver trainees shall be instructed and supervised by either a Classroom Instructor, or an Empire certified BTW Trainer. Prior to the driver being released for service, an Empire certified BTW trainer must have delivered the appropriate BTW training and evaluation as specified in this policy. BTW Trainers are those who are trained and certified by the Empire STP Manager to deliver behind-the-wheel training in accordance with the Safety and Training Program.

## 5.0 DRIVER TRAINEE SELECTION

Every EMPIRE driver applicant shall be informed that an original H-6 Department of Motor Vehicles printout (dated within 7 working days of the application date) must be turned in along with his/her application. In addition to being a requirement for Empire employees who are enrolled in the DMV Employer Pull-Notice program, the printout provides invaluable information regarding an applicant's driving experience and infractions. The final decision to hire a Driver Trainee, based upon considerations identified by a motor vehicle record, will be made by a member of the senior Management team, however, at a minimum EMPIRE will not employ those whose record displays the following:

Page 4 of 11

- 1. 2 or more points for moving violations within the previous 3 years.
- 2. DUI, or Reckless Driving within the previous 10 years.
- 3. Suspended or revoked Drivers License due to moving violations, unless overturned and such information is identified on the record.
- 4. Other criminal activity as described below:

a. Conviction of a crime pursuant to which the applicant is required to register as a sex offender under Section 290 of the Penal Code or conviction of a felony involving violence against persons.

- b. Conviction during the preceding seven years of any one of the following:
  - an offense relating to the use, sale, possession or transportation of narcotics or addictive or dangerous drugs;
  - an act involving force, violence, threat or intimidation against persons;
  - ✓ an sexual offense;
  - an act involving moral turpitude, including fraud or intentional dishonesty for personal gain;
  - ✓ an offense involving the solicitation or agreement to engage in or engagement in any act of prostitution.

c. A record of habitual or excessive use or addiction to intoxicating beverages, narcotics or dangerous drugs.

- d. Conviction at any time of the following Vehicle Code sections:
  - ✓ 20001 Hit and Run resulting in injury or death
  - 20003 Hit and Run failure to identify yourself to police or victim -injury or death involved
  - ✓ 20004 Hit and Run death failure to report to police or CHP
  - ✓ 23104 Reckless driving- causing injury
  - 23153 Driving while under the influence of alcohol or drugs causing injury to others.

# 6.0 TRAINING AREAS AND TIME REQUIREMENTS

This section is intended to define the curriculum that will be delivered to drivers before they are released for service at Empire. At a minimum, the following subjects will be taught as part of the required driver training.

	No CDL and	With CDL and				
Subject Area	Endorsement					
Classroom InstructionEmpire Orientation and Policies2 Hours2 HoursNational Safety Council Defensive Driving Course8 Hours6 HoursTransportations Safety Institute Bus Operator Training8.5 Hours6 HoursEmergency Management/ Accident/Incident Procedures4.5 Hours2 HoursMobile Communications1 Hour1 HourSubstance abuse/Alcohol Abuse Awareness2 Hours1 HourCustomer Service/Passenger Relations/Confidentiality3 Hours1 HourIllness and Injury Prevention – Includes Bio-Hazard2 Hours1 HourPre and Post Trip Inspection4 Hours2 HoursBehind the Wheel Instruction4 Hours4 HoursBehind the Wheel Training & Testing Note: will depend on the progress of the20 – 40 Hours4 – 8 Hours

service and navigation requirements.						
Total Training Hours	69 – 113 Hours	32 - 60 Hours				

Note – Many contracts require CPR/First Aid Certification. This course will be provided after completion of the above curriculum to drivers on services requiring it.

## 6.1 CLASSROOM EVALUATION

At a minimum, driver trainees shall be quizzed on each subject taught, and undergo a written examination upon completion of the course. Such testing shall cover critical areas of the subject and course content and reasonably assure that the driver trainee has received adequate instruction to be proficient in these areas. A driver trainee must receive a score of no less than 75 percent on his/her final examination and no less than 75 percent average for all quizzes administered to continue to BTW training. However, any driver trainee receiving a quiz score of less than 75 percent may at the option of the company be allowed to take additional instruction and continue training, rather than be removed. A driver trainee who performs poorly during this process may be removed from training at the discretion of the Classroom Instructor.

## 6.2 BEHIND-THE-WHEEL (BTW) INSTRUCTION

Driver Trainees who successfully complete classroom instruction may continue to BTW training. A driver trainee who does not yet hold a CDL must have in his/her possession a valid and current Interim Commercial License, applicable to the vehicle he/she is being trained in, as well as medical clearance (DL-51a – Medical Card) during all BTW training times. In addition, evidence of a negative pre-employment drug test result must be obtained prior to undertaking BTW Instruction.

BTW instruction shall be organized around the performance requirements of the DMV for certification of commercial drivers. For drivers with existing CDL licensing this will involve:

- ✓ evaluation of performance on each applicable maneuver from Empire's Driver Trainee Performance Appraisal Form with re-training for unsatisfactory or marginal performance on specific maneuvers; and,
- ✓ practical application of the principles taught in the National Safety Council defensive drivers course and the Empire Safety Awareness/Accident prevention program.

For new drivers who are being trained to attain CDL requirements the training will involve:

- ✓ specific training on each applicable maneuver from the Empire Trainee Performance Evaluation Form, followed by a performance test on that maneuver and a final exam which tests all maneuvers in one overall examination of the driver's performance level; and,
- ✓ continual reinforcement, throughout the training, of the practical application of the principles taught in the National Safety Council defensive drivers course and the Empire Safety Awareness/Accident prevention program.

ROUTE/SERVICE FAMILIARIZATION training is a critical step in the overall process. Conduct of this training will vary depending on the service to which the potential driver

will be assigned but will in no instance be less than the eight hour minimum reflected in the table above, or any higher requirements specified in the client contract to which the driver will be assigned.

## 7.0 ONGOING TRAINING

Empire considers continued training to be crucial in maintaining safe operations. Accordingly, ongoing training is provided to ensure drivers and other staff members are continually aware of fundamental safety practices, as well as operational changes.

## 7.1 REFRESHER TRAINING

Empire will conduct an ongoing schedule of refresher training courses. Normally, these are held once a month, schedules permitting, for a minimum period of one (1) hour. To maintain their position at Empire all employees holding a commercial driver's license or driving a non-CDL vehicle on a client contract will be required to attend four annual refresher training sessions. Drivers operating services requiring VTT (Verification of Transit Training) certification will be required to attend eight annual refresher classes. Every staff member is required to participate in the location safety program meetings.

## 7.2 RETRAINING

An employee who is involved in a Preventable Accident, as defined herein, if allowed to continue employment with Empire shall undergo retraining prior to operating any service vehicle. The subjects(s) being re-taught shall be applicable to the nature of the accident, including related subjects. The STP Manager will determine the subject(s) to be taught and the timeframe required in order to ensure the driver is proficient in the area(s) where the failure occurred. Form G shall be used to document driver retraining.

A Preventable Accident is defined as follows: "Any accident that resulted when a driver failed to do everything reasonably possible to avoid it." In any accident, the STP Manager will investigate the circumstances and recommend a preventability determination for approval by a member of the Senior Management Team which is comprised of the President, Chief Operating Officer and Executive Vice President.

## 8.0 MAINTENANCE PERSONNEL

Maintenance personnel who will be required to operate vehicles on public roads shall be provided with driver training to include; Company Orientation and Policy; Defensive Driving; Hazardous Materials; Bloodborne Pathogens; Sexual Harassment; Body Mechanics; Emergency Procedures and; Drug and Alcohol. In addition these employees are required to have licensing as defined below.

## 8.1 MECHANICS

Any maintenance person who operates a vehicle, for parking or other purposes, on or off a public roadway, must have a license applicable to the vehicle he/she operates.

Said License shall include endorsement and respect all license restrictions, as prescribed by the Department of Motor Vehicles.

## 8.2 SERVICE WORKERS

Any service worker who operates a vehicle on a public roadway must have a license applicable to the vehicle he/she operates. A service worker who operates vehicles exclusively for the purpose of washing or parking, within a private facility only, must hold, at minimum, a valid and current Drivers License. Service workers shall be trained to safely operate any vehicle he/she may be required to move.

# 9.0 CUSTOMER SERVICE AND COMMUNICATIONS PERSONNEL

Empire Customer Service and Communications employees fall into two classifications; those whose responsibilities are safety-sensitive and those whose are not. Training for these employees is determined by classification.

## 9.1 SAFETY-SENSITIVE

Safety-sensitive employees include Dispatchers and Program Managers who are in a position to control or direct the movement of passenger transport vehicles. These employees are subject to DOT regulated Drug and Alcohol testing and, their positions require them to have a better understanding of operational safety requirements. In addition to standard customer service and phone etiquette training, safety-sensitive personnel shall be provided with driver training to include; Company Orientation and Policy; Hazardous Materials; Blood borne Pathogens; Empathy and People with Special Needs; Sexual Harassment; Body Mechanics; Emergency Procedures; Drug and Alcohol and; Radio Communications.

## 9.2 Non-Safety-Sensitive

Customer service representatives are not safety-sensitive, as they do not direct the movement of passenger transport vehicles. These employees shall be provided with customer service and phone etiquette training, in addition to policy orientation training, as applicable to the position.

## 10.0 SAFETY AND TRAINING RECORDS

Several forms will be used to document new and ongoing training of Empire employees. Training records required to meet CHP inspection requirements will be maintained at the project location. All other training records will be maintained in the employee personnel file. The STP Manager is responsible for the administration of the Safety and Training Program and holds ultimate responsibility for training record organization and accuracy. Therefore, the following original forms used in the process of training employees will be maintained by or forwarded to the STP Manager for review and distribution.

# 10.1 DRIVER TRAINEE PERFORMANCE EVALUATION (BTW Form)

This form is used to evaluate organize behind-the-wheel training instructions and provide a final evaluation of skills. This form is used for Drivers, as well as maintenance personnel whose positions include operating revenue service vehicles.

## 10.2 INDIVIDUAL TRAINING LOG

All Empire personnel shall have training applicable to their position documented on the Individual Training Log. The Log serves as the primary document to evidence any training received. The STP Manager will maintain this document.

## 11.0 SAFETY MANAGEMENT

## 11.1 RENEWAL DATABASE

The STP Manager will maintain a computer database that clearly identifies renewal dates, and other dates of significance (i.e., Driver Evaluations, etc.), for each Empire employee governed by this program. The database will be updated as required, and will be reviewed at least once per month for the purpose of planning for renewals. The STP Manager will communicate necessary renewals and other significant employee information with project managers each month.

## **11.2 SUPERVISION**

Each Program Manager shall designate the employees responsible (which may include themselves) for ensuring safe vehicle operations, according to the program. Additional supervision may also be required as part of the local contract. The designated individuals will be responsible for completing ride checks in addition to handling project safety standards discussed in section 12 of this program.

## 11.3 RIDE CHECKS

Using Driver Evaluation form, each program shall perform an observed evaluation for each driver at least once a year. This evaluation allows for an objective critique of the drivers ability, as it relates to vehicle operations (i.e., the specifics of his/her job). The Driver Evaluation also may be used for unobserved ride checks, which should be carried out on a random basis to ensure safe vehicle operations in general.

## 12.0 SAFETY STANDARDS

The following standards have been established by Empire to ensure a common understanding of safe vehicle operation, and minimum criteria with regard to unsafe vehicle operations.

## 12.1 UNSAFE ACTS

Unsafe acts will be determined by the observing supervisor or lead driver and will be documented. The employee shall be issued a citation, advising them of the observed unsafe act. An employee who receives a citation may be subject to disciplinary action, up to and including termination.

Safety & Training Program

Page 10 of 11

## 12.2 PREVENTABLE COLLISIONS

The Program Manager, or other designated employee shall investigate each vehicle accident. Such investigation shall include documented factual statements, conclusions and opinions related to the cause of the collision. An employee involved in a Preventable Collision is subject to disciplinary action up to and including termination. See section 7.2 for the definition of a Preventable Accident.

# 12.3 WHEELCHAIR RELATED ACCIDENTS

At no time is a Wheelchair Accident, which is determined to have been preventable, permitted. An employee who is involved in a preventable wheelchair accident may be subject to immediate termination.

Driver Trainee Performance Evaluation Individual Training Log Driver Evaluation Form Unsafe Act Citation Re-Training Document

# **DRIVER TRAINEE PERFORMANCE EVALUATION**

Driver Trainee Name: _____ Project: _____

Date BTW Started: ______ Service Type: _____

## **EVALUATION PROCEDURE**

This segment consists of a behind-the-wheel evaluation of driving ability and defensive driving skills. The Driver Trainee starts each day with a maximum score available. Points are deducted each time the student obtains a score of less than 4. The maximum score available may fluctuate, as certain areas may not apply to the training session. For that reason the score is formulated on a percentage basis. Scoring instructions are located on page 4 of this booklet.

## MAXIMUM SCORE AVAILABLE

The MSA is based on an allotted total of 4 points for each item scored. Count the amount of items scored and multiply by 4. This number represents your MSA.

Scoring Instructions: Input all of the various ratings in their appropriate boxes for the Day/Session in question. Add all totals from "score" column, multiply total by four (4) and input into box labeled "Maximum Score Available". Add all scores from "calculation" column and input into box labeled "Subtotal". Input violation ratings subtracted from Subtotal into box labeled "Total". Divide Total Score by Maximum Score Available and input percentage into bold box. Transfer percentage to front page for review.

# System Security and Emergency Preparedness Plan (SSEPP)

### Glossary of Terms

Emergency:	A situation which is life threatening to passengers, employees, or other interested citizens or which causes damage to any transit vehicle or facility or results in the significant theft of services and reduces the ability of the system to fulfill its mission.
Fatality:	A transit-caused death that occurs within 30 days of the transit incident.
Injury:	Any physical damage or harm to a person that requires immediate medical attention and hospitalization.
Safety:	Freedom from danger.
Security:	Freedom from intentional danger
Security breach:	An unforeseen event or occurrence that endangers life or property and may result in the loss of services or system equipment.
Security incident:	An unforeseen event or occurrence that does not necessarily result in death, injury, or significant property damage but may result in minor loss of revenue.
Security threat:	Any source that may result in a security breach, such as vandal or disgruntled employee; or an activity, such as an assault, intrusion, fire, etc.
System:	A composite of people (employees, passengers, others), property (facilities and equipment), environment (physical, social, institutional), and procedures (standard operating, emergency operating, and training) which are integrated to perform a specific operational function in a specific environment.
System security:	The application of operating, technical, and management techniques and principles to the security aspects of a system throughout its life to reduce threats and vulnerabilities to the most practical level through the most effective use of available resources.
System security management:	An element of management that defines the system security requirements and ensures the planning, implementation, and accomplishments of system security tasks and activities.

System security program:	The combined tasks and activities of system security management and system security analysis that enhance operational effectiveness by satisfying the security requirements in a timely and cost-effective manner through all phases of a system life cycle.
Threat:	Any real or potential condition that can cause injury or death to passengers or employees or damage to or loss of transit equipment, property, and/or facilities.
Threat analysis:	A systematic analysis of a system operation performed to identify threats and make recommendations for their elimination or mitigation during all revenue and non-revenue operation.
Threat probability	The probability a threat will occur during the plan's life. Threat probability may be expressed in quantitative or qualitative terms. An example of a threat-probability ranking system is as follows: (a) frequent, (b) probable, (c) occasional, (d) remote, (e) improbable, and (f) impossible.
Threat resolution:	The analysis and subsequent action taken to reduce the risks associated with an identified threat to the lowest practical level.
Threat severity:	A qualitative measure of the worst possible consequences of a specific threat:
	<ul> <li>Category 1 - Catastrophic. May cause death or loss of a significant component of the transit system, or significant financial loss.</li> <li>Category 2 - Critical. May cause severe injury, severe illness, major transit system damage, or major financial loss.</li> <li>Category 3 - Marginal. May cause minor injury or transit system damage, or financial loss.</li> <li>Category 4 - Negligible. Will not result in injury, system damage, or financial loss.</li> </ul>
Unsafe condition or act:	Any condition or act that endangers life or property.
Vulnerability:	Characteristics of passengers, employees, vehicles, and/or facilities that increase the probability of a security breach.

Page 3 of 12

#### Background

The terrible tragedy of September 11, combined with nation's continuing war on terrorism, has created a heightened threat environment for public transportation. In this new environment, the vulnerabilities of public agencies and the communities they serve to acts of terrorism and extreme violence have greatly increased. Threat assessments issued by the Federal Bureau of Investigation (FBI) have consistently placed public transportation at the top of the *critical infrastructure protection agenda*, along with airports, nuclear power plants, and major utility exchanges on the national power grid.

To establish the importance of security and emergency preparedness in all aspects of our organization, Empire Transportation, Inc. has developed this System Security and Emergency Preparedness (SSEP) Program Plan. This SSEP Program Plan outlines the process to be used by our company to assist our transit clients in making informed decisions that are appropriate for our operations, passengers, employees and communities regarding the development and implementation of a comprehensive security and emergency preparedness program.

As a result of this program, we hope to achieve not only an effective physical security program, but also to enhance our coordination with our transit agency clients and local and regional law enforcement agencies. Improved communication will increase their awareness of our resources and capabilities, and improve our readiness to support their efforts to manage community-wide emergencies.

In order to be effective, the activities documented in this SSEP Program Plan focus on establishing responsibilities for security and emergency preparedness, identifying our methodology for documenting and analyzing potential security and emergency preparedness issues, and developing the management system through which we can track monitor our progress in resolving these issues.

#### → Goals

The SSEP Program provides our company with a security and emergency preparedness capability that will:

- ⇒ Ensure that security and emergency preparedness are addressed during all phases of system operation, including the hiring and training of personnel; the procurement and maintenance of equipment; the development policies, rules, and procedures; and coordination with local public safety and community emergency planning agencies
- ⇒ Promote analysis tools and methodologies to encourage safe system operation through the identification, evaluation and resolution of threats and vulnerabilities, and the ongoing assessment of our capabilities and readiness

⇒ Create a culture that supports employee safety and security and safe system operation (during normal and emergency conditions) through motivated compliance with rules and procedures and the appropriate use and operation of equipment

#### → Objectives

In this new environment, every threat cannot be identified and resolved, but we can take steps to be more aware, to better protect passengers, employees, facilities and equipment, and to stand ready to support community needs in response to a major event. To this end, our SSEP Program has five objectives:

- ⇒ Achieve a level of security performance and emergency readiness that meets or exceeds the operating experience of similarly sized companies around the nation.
- Increase and strengthen community involvement and participation in the safety and security of our system.
- ⇒ Develop and implement a vulnerability assessment program, and based on the results of this program, establish a course of action for improving physical security measures and emergency response capabilities.
- ⇒ Expand our training program for employees, volunteers and contractors to address security awareness and emergency management issues.

#### Philosophy

Empire Transportation, Inc. hopes to ensure that, if confronted with a security event or major emergency, our personnel will respond effectively, using good judgment, ensuring due diligence, and building on best practices, identified in drills, training, rules and procedures.

This level of proficiency requires the establishment of formal mechanisms to be used by all personnel to identify security threats and vulnerabilities associated with our operations, and to develop controls to eliminate or minimize them. The SSEP Program also requires process for:

- ⇒ Coordinating with local law enforcement and other public safety agencies to manage response to an incident that occurs on a transit vehicle or affects transit operations, and
- ⇒ Identifying a process for integrating our resources and capabilities into the community response effort to support management of a major event affecting the community.

Empire management expects all employees, especially those working directly with passengers, to support the SSEP Program.

#### **Division of Responsibilities**

#### All Personnel

All Empire employees must understand and adopt their specific roles and responsibilities, as identified in the SSEP Program, thereby increasing their own personal safety and the safety of their passengers, during normal operations and in emergency conditions.

To ensure the success of the SSEP Program, all personnel must participate by:

- ⇒ Immediately reporting all suspicious activity, no matter how insignificant it may seem, to the their immediate manager or dispatcher;
- $\Rightarrow$  Immediately reporting all security incidents
- ⇒ Using proper judgment when managing disruptive passengers and potentially volatile situations
- ⇒ Participation in all security and emergency preparedness training, including drills and exercises
- ⇒ Becoming familiar with, and operating within, all security and emergency preparedness procedures for the assigned work activity
- $\Rightarrow$  Accurately completing all appropriate reports.

#### **Chief Operating Officer**

After insuring coordination with our clients, the Chief Operating Officer (COO) has the overall authority to develop and execute the company's SSEP Program. Ultimate accountability for implementation of the SSEP Program rests with the COO. In addition, the COO is responsible for the following specific activities:

- ⇒ Ensuring that sufficient resources and attention are devoted to the SSEP Program, including:
  - Development of standard operating procedures related to employee security duties;
  - o Development and enforcement of safety and security regulations;
  - Development emergency operating procedures to maximize transit system response effectiveness and minimizing system interruptions during emergencies and security incidents;
  - Provision of proper training and equipment to employees to allow an effective response to security incidents and emergencies.
- ⇒ Development of an effective notification and reporting system for security incidents and emergencies.
- ⇒ Designating a Point of Contact (POC) to manage the SSEP Program for each client agency.
- ⇒ Communicating security and emergency preparedness as top priorities to all employees.

SSEPP

Page 6 of 12

⇒ Developing relations with outside organizations that contribute to the SEPP Program, including local public safety and emergency planning agencies.

#### SSEP Program Points of Contact (POC)

To ensure coordinated development and implementation of the SSEP Program, the COO has designated each Program Manager as the Security and Emergency Preparedness Point of Contact (POC) for development and implementation of the SSEP Program. Each POC, who reports directly to the COO for SSEP purposes, has been granted the authority to utilize resources to develop the SSEP Program and Plan, to monitor its implementation, and to ensure attainment of security and emergency preparedness goals and objectives.

The POC has the responsibility for overseeing the SEPP Program on a daily basis. The POC will be the direct liaison with their operators and dispatchers, regarding the Program. The POC will also serve at the Empire's primary contact with their client agencies and associated public safety authorities. To the extent that liaison is necessary with state and federal agencies, the COO will serve as the lead liaison for the company.

In managing this Program, the POC will:

- ⇒ Be responsible for successfully administering the SSEP Program and establishing, monitoring, and reporting on the system's security and emergency preparedness objectives.
- Review current project safety, security and emergency policies, procedures, and plans, and identifying needed improvements.
- $\Rightarrow$  Develop and implement plans for addressing identified improvements.
- ⇒ Coordinate with local public safety agencies, local community emergency planning agencies, and local human services agencies to address security and emergency preparedness; including participation in formal meetings and committees.
- ⇒ Develop, publish, and enforce reasonable procedures pertinent to agency activities for security and emergency preparedness.
- ⇒ Provide adequate driver training and continuing instruction for all employees (and volunteers and contractors) regarding security and emergency preparedness.
- $\Rightarrow$  Ensure performance of at least one emergency exercise annually.

#### **Supervisors**

Supervisors are responsible for communicating the company's security policies to all employees. For this reason, supervisors must have full knowledge of all security rules and policies. Supervisors must communicate those policies to operations personnel in a manner that encourages them to incorporate SSEP practices into their everyday work. The specific responsibilities of supervisors include the following.

- $\Rightarrow$  Having full knowledge of all standard and emergency operating procedures.
- ⇒ Ensuring that drivers make security and emergency preparedness a primary concern when on the job.
- ⇒ Cooperating fully with the SSEP Program regarding any accident investigations as well as listening and acting upon any security concerns raised by the drivers.
- $\Rightarrow$  Immediately reporting security concerns to the POC.

In addition, when supporting response to an incident, supervisors are expected to:

- ⇒ Provide leadership and direction to employees during security incidents;
- $\Rightarrow$  Handle minor non-threatening rule violations;
- $\Rightarrow$  Defuse minor arguments;
- $\Rightarrow$  Determine when to call for assistance;
- $\Rightarrow$  Make decisions regarding the continuance of operations;
- $\Rightarrow$  Respond to fare disputes and service complaints;
- ⇒ Respond to security related calls with police officers when required, rendering assistance with crowd control, victim/witness information gathering, and general onscene assistance;
- ⇒ Complete necessary security related reports;
- $\Rightarrow$  Take photographs of damage and injuries; and
- $\Rightarrow$  Coordinate with all outside agencies at incident scenes.

#### **Drivers**

In addition to the general responsibilities identified for ALL PERSONNEL, drivers are responsible for exercising maximum care and good judgment in identifying and reporting suspicious activities, in managing security incidents, and in responding to emergencies. Each driver will:

- ⇒ Take charge of a security incident scene until the arrival of supervisory or emergency personnel;
- $\Rightarrow$  Collect fares in accordance with company policy (if applicable);
- $\Rightarrow$  Attempt to handle minor non-threatening rule violations;
- $\Rightarrow$  Respond verbally to complaints;
- $\Rightarrow$  Attempt to defuse minor arguments;
- $\Rightarrow$  Determine when to call for assistance;
- $\Rightarrow$  Maintain control of the vehicle;
- $\Rightarrow$  Report all security incidents to company dispatch;
- $\Rightarrow$  Complete all necessary security related reports; and

EMPIRE

⇒ Support community emergency response activities as directed by company policies and procedures.

#### Other Personnel

Other personnel supporting our operations also have responsibilities for the SSEP Program.

Dispatchers are expected to:

- $\Rightarrow$  Receive calls for assistance
- ⇒ Dispatch supervisors and emergency response personnel
- ⇒ Coordinate with law enforcement and emergency medical service communications centers
- ⇒ Notify supervisory and management staff of serious incidents
- ⇒ Establish on-scene communication
- $\Rightarrow$  Complete any required security related reports
- $\Rightarrow$  Provide direction to on-scene personnel

Mechanics are expected to:

- ⇒ Report vandalism
- ⇒ Report threats and vulnerabilities of vehicle storage facilities
- ⇒ Provide priority response to safety and security critical items such as lighting
- $\Rightarrow$  Maintain facility alarm systems

#### Threat and Vulnerability Identification

The primary method used by our operations to identify the threats to our transit systems and the vulnerabilities of the system is the collection of incident reports submitted by drivers and supervisors and information provided by local law enforcement and contractors.

Information resources include the following:

- Operator incident reports
- Risk management reports
- Bus maintenance reports
- Marketing surveys
- Passengers' letters and telephone calls
- Management's written concerns
- Staff meeting notes
- Statistical reports
- Special requests
- Type of incidents
  - o Crimes against persons
  - o Crimes against property
  - o General incidents
- Disposition of incidents (same as disposition of call for service)

SSEPP

Security testing and inspections may be conducted to assess the vulnerability of the transit system. Testing and inspection includes the following three-phase approach:

- Equipment preparedness to ensure that security equipment is operable and in the location where it belongs
- Employee proficiency To ensure that employees know how and when to use security equipment
- System effectiveness To evaluate security by employing security system exercises.

#### Evaluation

The SSEPP is a "living document" and needs to address issues associated with system security and emergency preparedness on a timely and proactive basis. It is incumbent upon all appropriate Empire personnel to constantly evaluate the effectiveness of the SSEPP as well as implementation. The SSEPP POC's will work with their respective clients to ensure that the SSEPP is evaluated for effectiveness on at least an annual basis. The tools and checklists that follow will provide the basis for conduct of these regular evaluations.

#### **Points of Emphasis**

- 1. *Awareness* Train all security and maintenance personnel to spot suspicious-looking or unfamiliar people or objects.
- 2. *Communication* Teach employees and/or tenants the importance of awareness; encourage them to identify and report anything that appears out-of-the-ordinary.
- 3. *Screening* Develop and implement systems for identifying and controlling visitor access to the building.
- 4. *Inspection* Establish strict procedures for the control and inspection of packages and materials delivered to the building, particularly those intended for critical areas.
- 5. *Procedures* Instruct all personnel, particularly telephone switchboard or reception personnel or Call Center personnel, on what to do if a bomb threat is received.
- 6. *Surveillance* Instruct security and maintenance personnel to routinely check unattended public or open areas, such as rest rooms, stairways, parking garages and elevators.
- 7. Lighting Make sure that all of the facility's access points are well-lit.
- 8. *Systems Awareness* Unexpected interruptions in the building's fire or security systems may not be coincidental; train personnel to identify and address them immediately.
- 9. *Local Authorities* Contact local government agencies to determine their procedures for dealing with bomb threats, search, removal and disposal.
- 10. *Contingency* Assure adequate protection and off-site backup for classified documents, proprietary information, critical records and activities essential to the operation of your business.

#### System Security Considerations

- Security Plan established, which addresses all operations modes and contracted services
- System security responsibilities and duties established
- Personal safety awareness/education programs for passengers and employees and community outreach
- Security equipment regularly inspected, maintained and functionally tested; including personal equipment issued to security personnel
- Contingency SOPs developed; drills and table-top exercises conducted for extraordinary circumstances, including – terrorism (including chemical/ biological agents/ weapons of mass destruction); Riot / Domestic unrest; Catastrophic natural events; and System-wide communications failure
- Planning, coordination, training and mutual aid agreements with external agencies (state, local police, MTA, etc.)
- Security SOPs reviewed on a regular basis and updates made as needed to Security Plan
- Security equipment installed, inspected, and maintained to monitor trespass activities
- Data collection established for all security issues / incidents; analysis performed and recommendations made; document control established, including follow-up
- Security risk/vulnerability assessments conducted, documented and reviewed
- Contingency plans for loss of electrical power and radio or phone communications
- Standard Operating Procedures for critical incident command, control, and service continuation/ restoration
- Security training provided to all staff levels (from front-line "eyes and ears" concept to professional level security training)
- Background checks on employees and contractors (where applicable)
- Regular assessments of employee security proficiencies conducted
- Employees issued quick reference guidelines for security situations
- Emergency contacts list developed / current / and responsibilities for call-outs identified
- Visitor, deliveries and contractor facility access procedures developed / visible identification required
- Security checklists developed and regularly used for verifying status of physical infrastructure and security procedures
- Agency employees identifiable by visible identification and/or uniform
- Policy and procedures in place for facilities key control.

#### SUMMARY

As a transit service contractor, we have a supporting role in the development of an effective SSEPP. The primary responsibility is with our government agency clients. As a result our success will be mixed; some of our clients will ignore the threats which will make our efforts more difficult and less successful. Some of our clients will try to develop plans without our involvement which will make their success less likely. Some of our clients will embrace this effort and welcome your participation which will make the effort the most effective. Our job is to make the effort in every case.

Appendix B Bomb Threat Procedures

Bomb Threat Procedures

In recent years the use and threatened use of explosives in our society has increased at an alarming rate. Organizations must prepare a plan of action to respond effectively. This brief provides guidelines that will assist transit agencies in developing a procedure specific to their particular environment.

Steps to Be Considered

When faced with a bomb threat, the primary concern must always be the safety of passengers, employees, and emergency responders. Use of other disaster or emergency procedures do not address all the issues raised by a bomb threat.

For example, in the instance of a fire, effort is directed at evacuating the occupants in a quick and orderly manner. In the case of a bomb threat, if evacuation is initiated, the exit routes and assembly areas should be searched prior to vacating the premises. The potential hazard remains when a building is evacuated before a search has been made. Personnel cannot safely reoccupy the building and resume normal activities until a search has been conducted. Such problems require a procedure with the following steps:

Step 1: Threat Reception
Step 2: Threat Evaluation
Step 3: Search Procedure
Step 4: Locating Unidentified Suspicious Objects
Step 5: Evacuation Procedure
Step 6: Re-occupation of Building
Step 7: Training of Essential Personnel

Step 1: Threat Reception

Telephone Threats (threat to detonate explosive is phoned into system) Caller is the person who placed the device Caller has knowledge of who placed the device Caller wants to disrupt system operation

Written Threats (threat to detonate explosive is written into system) May be more serious than phoned-in threats Written threats are generally more difficult to trace than phoned-in threats

Letter and Package Threats (suspicious package or letter is delivered to agency) These threats serve a variety of purposes, but, generally, they are directed at specific system personnel rather than at the system as a whole.

Emprie Transportation, Inc. SSEPP

Appendix B Page 1 of 9 The personal motivations of the criminal may be more important in these types of threats

Bomb threats are normally transmitted by phone. The person receiving the call should be prepared to obtain precise information, which is included on the Bomb Threat Checklist which should be available to all personnel whose regular job is phone intake.

The caller may provide specific information by answering these questions. Often the type of person making a threat of this nature becomes so involved that they will answer questions impulsively. Any additional information obtained will be helpful to police and explosive technicians.

Step 2: Threat Evaluation

Two basic descriptions of threats can be identified:

- Non-specific threat: This is the most common type of threat, usually with little information given other than, "There is a bomb in your building."
- Specific threat: This threat is given in more detail. Reference is often made to the exact location of the device, or the time it will detonate.

Specific threats should be considered more serious in nature, requiring a more concerted effort in the response. The non-specific threat, however, cannot be ignored. A policy must be developed to respond effectively to both threat levels.

Certain actions should be taken regardless of the threat category:

Notify law enforcement (whether internal transit police and/or security or local law enforcement) Notify management personnel Initiate the search procedure Search before evacuation of personnel (employee search) Scarch after evacuation of personnel (volunteer search)

Notification to internal and/or external law enforcement, security and management personnel should be prompt, and include as much detail as possible. The person who received the threatening call should be available immediately for interviewing. Copies of the completed threat checklist should be readily available to all who may need it.

The appropriate search procedure should be initiated. Searches in the transit environment – as in many other environments – have two major constraints:

Radio communication cannot be used (it may detonate the device)

The environment is specialized, therefore, it cannot be searched effectively by outsiders

To address these concerns, personnel who work in a particular area, or who are responsible for an area, should be used. Not only will these personnel provide a much more thorough search than outside responders, but they are knowledgeable concerning station or facility emergency communication systems, and can access "land line" telephones to manage communications more

Emprie Transportation, Inc. SSEPP

Appendix B Page 2 of 9 effectively during the search. A system that utilizes the employees – after evacuations have been ordered – should always and only use volunteers.

The following criteria help determine what immediate action to take:

Factors favoring a search before the movement of personnel (occupant search):
There is a high incidence of hoax telephone threats
Effective security arrangements have been established
Information in the warning is imprecise or incorrect
The caller sounded intoxicated, amused, or very young
The prevailing threat of terrorist activity is low

Factors favoring movement of personnel before searching (volunteer search):
The area is comparatively open

Information in the warning is precise as to the matters of location, a description of the device, the timing, and the motive for the attack A prevailing threat of terrorist activity is high

Step 3: Search Procedure

Pre-planning and coordination of employces are essential in implementing an effective search of transit premises, particularly for large stations and facilities. A printed facility schematic should be identified for each major transit facility. Wherever possible, the facility should be divided into zones or sections (prior to the actual conduct of the search), and volunteer personnel – familiar with the zone or section – identified to support the search, by shift or position. Back-ups and supporting volunteers should also be identified for each zone or segment. The facility schematics should be available to those responsible for managing bomb threats and searches. Not only will these schematics support identification and assembly of the volunteer search team, but also, as the search is conducted, each area can be "crossed off" the plan as it is searched.

Areas that are accessible to the public require special attention during a search, and may be vitally important if an evacuation is to be conducted. The level of the search should be in a level that relates to the perceived threat level:

An occupant search is used when the threat's credibility is low. Occupants search their own areas. The search is completed quickly because occupants know their area and are most likely to notice anything unusual.

The volunteer team search is used when the threat's credibility is high. The search is very thorough and places the minimum number of personnel at risk. Evacuate the area completely, and ensure that it remains evacuated until the search is complete. Search teams will make a slow, thorough, systematic search of the area.

During the search procedure the question often arises, "What am I looking for?" The basic rule is: Look for something that does not belong, or is out of the ordinary, or out of place. Conduct the search quickly, yet thoroughly, keeping the search time to a maximum of 15 to 20 minutes. Both the interior and exterior of the facility should be searched.

Emprie Transportation, Inc. SSEPP

Appendix B Page 3 of 9 Historically, the following areas have been used to conceal explosive or hoax devices in the transit environment:

Outside Facility Areas	Inside Facility
Trash cans	Ceilings with removable panels
Dumpsters	Overhead nooks
Mailboxes	Areas behind artwork, sculptures and
Bushes	benches
Street drainage systems	Recently repaired/patched segments of
Storage areas	walls, floors, or ceilings
Parked cars	Elevator shafts
Shrubbery	Restrooms
Newspaper Stands	Behind access doors
	In crawl spaces
	Behind electrical fixtures
	In storage areas and utility rooms
	Trash receptacles
	Mail rooms
	Fire hose racks

Depending on the nature of the threat, searches may expand to include transit vehicles. In extremely rare instances, dispatchers have instructed operators on certain bus routes to immediately bring their vehicles to a safe location, unload passengers, and walk-through the vehicle – looking for unidentified packages. In other instances, evacuated vehicles have been met by law enforcement officers, who actually conduct the search, including the vehicle undercarriage and rooftop areas.

Step 4: Locating an Unidentified Suspicious Package

If an unidentified or suspicious object is found, all personnel should be instructed (1) to leave the object in place DO NOT MOVE IT and (2) to report it to central dispatch or the search team leader immediately. The following information is essential:

Location of the object Reason(s) suspected Description of the object Any other useful information – how difficult to secure area, evacuate, nearest emergency exits, etc.

Based on this information, decisions will be made regarding the following:

Removal of persons at risk

Establishment of perimeter control of the area to ensure that no one approaches or attempts to move the object

Activities to establish ownership of the object. (In the event that legitimate property has been left behind in error prior to the bomb threat being received.)

Emprie Transportation, Inc. SSEPP

Appendix B Page 4 of 9 Assignment of someone familiar with the building and the area where the object is located to meet the police/bomb team/fire fighter personnel on their arrival (in the event that they have been called)

Continue implementation of search procedure until all areas have reported to the central control, as there may be more than one unidentified object

While volunteers and public safety personnel are conducting the search, and particularly while they are managing response to a suspicious package, they should keep in mind the following information:

Improvised Explosive Devices (IEDs) and other types of bombs inflict casualties in a variety of ways, including the following:

Blast over pressure (a crushing action on vital components of the body; eardrums are the most vulnerable).

Falling structural material.

Flying debris (especially glass).

Asphyxiation (lack of oxygen).

Sudden body translation against rigid barriers or objects (being picked up and thrown by a pressure wave).

Bomb fragments.

Burns from incendiary devices or fires resulting from blast damage. Inhalation of toxic fumes resulting from fires.

The following are four general rules to follow to avoid injury from an IED:

Move as far from a suspicious object as possible without being in further danger from other hazards such as traffic or secondary sources of explosion

Stay out of the object's line-of-sight, thereby reducing the hazard of injury because of direct fragmentation

Keep away from glass windows and materials that could become flying debris

Remain alert for additional or secondary explosive devices in the immediate area, especially if the existence of a bomb-threat evacuation assembly area has been highly publicized

Step 5: Evacuation Procedure

If an unidentified object is found, a quiet and systematic evacuation from the area should be conducted. Prior to evacuation, all areas used in the evacuation route must be searched: stairwells, corridors, elevators, and doorways. When these areas have been checked, volunteer personnel should be assigned to direct other personnel along the searched exit routes.

As a general guideline, evacuation should be to a minimum distance of 300 feet in all directions from the suspicious package, including the area above and below the site, giving regard to the type of building construction (thin walls, glass) and the size of the suspicious package. Elevators should not be used to evacuate people under normal circumstances. A power failure could leave them trapped in a hazardous area. Attention should be paid to the need for special transportation requirements of persons with disabilities.

Emprie Transportation, Inc. SSEPP

Appendix B Page 5 of 9 The essential task in evacuation procedures is to direct people to quietly leave the premises, using tact and power of suggestion, in an effort to maintain control and avoid panic. Once a complete or partial evacuation has taken place, there must be some form of accounting for all personnel. This may be a difficult task, but a necessary one to ensure the safety of all personnel.

Assembly areas should be pre-selected and well known to personnel. Establish a clearly defined procedure for controlling, marshalling, and checking personnel within the assembly area. If possible, for major transit stations, assembly areas should be coordinated with local police in advance. Assembly areas are selected using the following criteria:

- Locate assembly areas at least 300 feet from the likely target or building (if possible).
- Locate assembly areas in areas where there is little chance of an IED being hidden. Open spaces are best. Avoid parking areas because IEDs can be easily hidden in vehicles.
- Select alternate assembly areas to reduce the likelihood of ambush with a second device or small-arms fire. If possible, search the assembly area before personnel occupy the space.
- Avoid locating assembly areas near expanses of plate glass or windows. Blast effects can cause windows to be sucked outward rather than blown inward.
- Select multiple assembly areas (if possible) to reduce the concentration of key personnel. Drill and exercise personnel to go to different assembly areas to avoid developing an evacuation and emergency pattern that can be used by perpetrators to attack identifiable key personnel.

Step 6: Re-Occupation of Station/Facility

Re-occupation of the building is a decision that must be made by an appropriate management or law enforcement official. If the evacuation was made without a search, the premises should be searched before re-occupation.

Step 7: Training

Any effective threat procedure must be accompanied with an adequate training program. Training the essential personnel should encompass both the preventative and operational aspects of the procedure. Prevention can be accomplished through employee awareness, developing good housekeeping habits, and being on the alert for suspicious items and persons.

Operational training may include lectures by transit police and security instructional staff or guest speakers, in-service training classes, and practical training exercises. Evacuation and search drills should be performed periodically under the supervision of transit police or local law enforcement. Coordination with local law enforcement is particularly important for those small agencies with no internal security.

Conclusion

Considering recent events, it is advisable to consider all threats serious. A well-prepared and rehearsed plan will ensure an effective, quick search with minimal disruption of normal operation. Panic and possible tragedy can be avoided. Appropriate security, heightened employee and passenger awareness, and good housekeeping controls will identify many potential problems.

Emprie Transportation, Inc. SSEPP

Appendix B Page 6 of 9

Bomb Threats

By Phone – If you receive a bomb threat by phone you should

Stay Calm Activate phone recording if available Listen carefully, take notes of exact words Keep the caller talking

Get as much of the following information as possible. It is likely the caller will not give the specifics, but engaging in conversation with the person may cause the caller to reveal things. If possible signal a supervisor, write a note or have a hand signal that will be recognized, in the office to call the police while you're on the line and notify them of what is occurring.

Also listen carefully and take note of any of the following: You are looking for hints about who the person is, where they were when they made the call. If you see caller id write that down immediately.

By Mail -

- Place all papers and envelopes with the threat in a bag or large envelope (clear plastic preferable). Pick it up at the edge.
- Do not handle the letter or envelope unnecessarily. It may contain fingerprints that can be used for evidence. And do not allow anyone else to touch unless senior management authorizes it.
- Preserve the document for the police and fire departments.

After the threat has been received. (By phone or mail)

- Contact the emergency response units. (911)
- Notify the senior manager on site.

The senior manager will determine if the building should be evacuated, and take control of management of the situation.

Do not share everything with everyone. Go immediately to the supervisor or project manager to give them the information. Do not share it with the coworkers around you as you may cause unnecessary panic.

Emprie Transportation, Inc. SSEPP

Appendix C Reporting Criminal Activity

If you observe a crime in progress or behavior that you suspect is criminal, immediately notify dispatch, if you are driving a vehicle, or your supervisor, if you are at a facility. If directed by dispatch or the supervisor, contact local police. Report as much information as possible including:

Activity: What is happening? (Use plain language. Avoid assumptions. Stay with facts.)

Description of Involved People: For each involved person, provide:

- Height
- Weight
- Gender
- Clothing
- Weapons
- Distinguishing characteristics

<u>Location</u>: Describe exactly where the criminal activity is occurring. If the activity is "moving," describe the direction of travel.

Vehicle: If a vehicle is involved, please provide the following:

- Color
- Year
- Make
- Model
- License

DO NOT APPROACH OR ATTEMPT TO APPREHEND THE PERSON(S) INVOLVED.

Stay on the telephone with the police dispatcher and provide additional information as changes in the situation occur, until the first police officer arrives at your location.

Document to be used in training of drivers, dispatch personnel.

Empire Transporation, Inc. SSEPP

Appendix C Page 1 of 1 EMPIRE TRANSPORTATION, INC.

February 26, 2018

Mr. Eric Fong Los Angeles County Department of Public Works Administrative Services Division – 9th Floor 900 South Fremont Avenue Alhambra, CA 91803-1331

Re: Proposal - East Los Angeles Dial-A-Ride - (2018-PA005)

Dear Mr. Fong:

Thank you for the opportunity to present a proposal for the East Los Angeles Dial-A-Ride Service. We are proud to say that Empire is Southern California's most experienced minority and locally owned transportation company. We have successfully provided shuttle services for over twenty-two years for the elderly and disabled, including our service as the incumbent provider to the Department of Public Works for the East Los Angeles area. We have established rewarding professional relationships with the Department of Public Works, County of Los Angeles, AltaMed and the City of Bellflower, among other customers, by providing the best service with emphasis on quality of care and efficiency.

We understand this procurement process is price driven. As you will see, we are providing a competitive price that will allow us to continue to provide safe, customer service oriented, ADA compliant and transparent services to DPW, County of Los Angeles. We stay away from the practice of providing pricing so low that it will force us to cut corners and as a result jeopardize the safety of the passengers.

We feel that we are the best operator for this contract based on our proven experience, currently established operational infrastructure, facility, and management structure. It has been an honor providing these services to the LA DPW since 2014, and we hope to continue our working relationship for many years to come.

As Co-owner, President, and Chief Operating Officer, I am authorized to submit this proposal and to represent the Company throughout the process. We have made a thorough analysis of Addendum #1, as well as the included specifications, and take no exception to those requirements in our proposal. We look forward to working with DPW staff as the selection process continues.

President & Chief Operating Officer

GAIN and GROW EMPLOYMENT COMMITMENT

As a threshold requirement for consideration for contract award, Proposer shall demonstrate a proven record for hiring GAIN/GROW participants or shall attest to a willingness to consider GAIN/GROW participants for any future employment opening if they meet the minimum qualifications for that opening. Additionally, Proposer shall attest to a willingness to provide employed GAIN/GROW participants access to the Proposer's employee mentoring program, if available, to assist these individuals in obtaining permanent employment and/or promotional opportunities.

To report all job openings with job requirements to obtain qualified GAIN/GROW participants as potential employment candidates, Contractor shall email: <u>GAINGROW@dpss.lacounty.gov</u> and <u>BSERVICES@wdacs.lacounty.gov</u>.

Proposers unable to meet this requirement shall not be considered for contract award.

Proposer shall complete all of the following information, sign where indicated below, and return this form with their proposal.

A. Proposer has a proven record of hiring GAIN/GROW participants.

_____YES (subject to verification by County)

NO NO

B. Proposer is willing to provide DPSS with all job openings and job requirements to consider GAIN/GROW participants for any future employment openings if the GAIN/GROW participant meets the minimum qualifications for the opening. "Consider" means that Proposer is willing to interview qualified GAIN/GROW participants.

C. Proposer is willing to provide employed GAIN/GROW participants access to its employee-mentoring program, if available.

PROPOSER CERTIFICATION

Los Angeles County has taken significant steps to protect victims of human trafficking by establishing a zero tolerance human trafficking policy that prohibits contractors found to have engaged in human trafficking from receiving contract awards or performing services under a County contract.

[•]Proposer acknowledges and certifies compliance with Exhibit B, Section 1.OO, Compliance with Jounty's Zero Tolerance Human Trafficking Policy, of the proposed Contract and agrees that proposer or a member of his staff performing work under the proposed Contract will be in compliance. Proposer further acknowledges that noncompliance with the County's Zero Tolerance Human Trafficking Policy may result in rejection of any proposal, or cancellation of any resultant Contract, at the sole judgment of the County.

I declare under penalty of perjury under the laws of the State of California that the information herein is true and correct and that I am authorized to represent this company.

EAST LOS ANGELES DIAL-A-RIDE SERVICE (2018-PA005) PROPOSER'S COMPLIANCE WITH THE MINIMUM REQUIREMENTS OF THE IFB

BIDDER MUST CHECK A BOX IN EVERY SECTION

- Important Note: The information on this form is subject to verification.
 - Bidder may submit additional documentation in their Bid to supplement this Form PW-18.1.

At the time of bid submission, Bidder must meet the following minimum requirements:

- 1. Bidder must be included in the Qualified Contractor List resulting from the RFSQ for Fixed Route and Dial-A-Ride Transit Services (2016-SQPA001).
 - Yes. Bidder does meet the minimum mandatory requirement stated above.
 - No. Bidder does not meet the minimum mandatory requirement stated above. By checking this box, your Bid submission will be immediately disqualified as nonresponsive.
- 2. Bidder must have a minimum of 3 years of experience providing paratransit services for governmental or social service agency(ies). Subcontracting is not allowed to meet this requirement.
 - \square Yes. Bidder does meet the experience requirement stated above.

	Bidder	Dates of Experience (Mth/Yrs to Mth/Yrs)	Description of Services/Experience
and a second second second second second second second second second second second second second second second	Empire Transportation	07/01/2014 to date	Provide Dial-A-Ride services for the Los Angeles County, Department of Public Works in East Los Angeles

Π No. Bidder does not meet the experience requirement stated above. By checking this box, your Bid submission will be immediately disqualified as nonresponsive.

- 3. Bidder's Project Manager must have a minimum of 3 years of experience paratransit services for governmental or social service agency(ies). Subcontracting is not allowed to meet this requirement.
 - Yes. Bidder's Project Manager does meet the experience requirement stated above.

Name of Bidder's Project Manager	Dates of Experience (Mth/Yrs to Mth/Yrs)	Description of Services/Experience
Ana Asheghian formerly Arredondo	15 years	2005 - 2013 worked for Southland Transit as the Manager assigned to multiple Los Angeles County projects including East Los Angeles DAR. 2013-present AGM for RTA and Manager for ELA DAR

- No. Bidder's Project Manager does not meet the experience requirement stated above. By checking this box, your Bid submission will be immediately disqualified as nonresponsive.
- Bidder's or its Subcontractor's Maintenance Manager must have a minimum of 3 years of experience in maintaining similar fleets of paratransit vehicles, as shown on Exhibit H.1 -County Provided Vehicles.

 \square

Π

Yes. Bidder's or its Subcontractor's Maintenance Manager does meet the experience requirement stated above.

	Name of the Employee	Name: Daniel Martinez	
		Bidder / Subcontractor (check one)	
	Number of Years of Experience Servicing the above type of vehicle	15 years	
	Make of Vehicles Serviced	MV-1, Chevrolet, Ford, Thomas, Aeroelite	
Ĺ	Model of Vehicles Serviced	Minivans, Cutaways. 40' Buses	

Provide a detailed narrative to support above minimum mandatory requirement by providing detailed information to support the number of years and description of service. The proposal may be disgualified, if incomplete or unresponsive statements are made.

Mr. Martinez began his Maintenance Management experience in 2005 with First Transit as an Assistant Maintenance Mgr.

He became Maint. Mgr. for MV Transportation in 2006 and later with Southland Transit in 2009. Mr.Martinez had headed our

Maintenance department since 2011. He holds an Associate Degree in Automotive/Diesel and Industrial Technology from Universal Technical Inst.

He also holds ASE Certifications in Transit Engines, Transit Breaks, Transit Suspension and Steering.

No. Bidder or its Subcontractor's Maintenance Manager does not meet the experience requirement stated above. By checking this box, your Bid Submission will be immediately disqualified as nonresponsive.

Code 34501[c]). If the bidder has not performed services in California, the bidder must provide copies of a similar vehicle, maintenance facilities or terminals inspection for the prior three years by a governmental agency.

1

- Yes. Bidder does meet the minimum mandatory requirement stated above and has received a "<u>Satisfactory</u>" rating on the CHP's Safety Compliance Inspections (or passed all reinspections) of the Bidder's maintenance facilities or terminals to be used for the proposed contract for the prior three 13-month inspections.
- Bidder has received an "<u>Unsatisfactory</u>" rating on the CHP's Safety Compliance Inspections of the Bidder's maintenance facilities or terminals to be used for the proposed contract for the prior three 13-month inspections, however, has remedied the problem by means of receiving a "Conditional" or "Satisfactory" rating within the CHP's 120-day reinspection period and/or received a "Conditional" rating and upgraded to a "Satisfactory" rating within the CHP's 180-day reinspection period as evidenced by the CHP Safety Compliance Inspection reports attached to proposal.
- Bidder has not performed services in California; the bidder has provided copies of a similar vehicle, maintenance facilities or terminals inspection for the prior three years by a governmental agency.
- No. Bidder does not meet the minimum mandatory requirement stated above. Proposer has received an **"Unsatisfactory"** rating and <u>did not</u> upgrade the rating to a **"Conditional"** or **"Satisfactory"** within the CHP's 120-day reinspection periods and/or received a **"Conditional"** rating and <u>did not</u> upgrade the rating to **"Satisfactory"** within the CHP 180-day reinspection period, whether on the initial inspection or the CHP reinspection, the Bidder will have failed this criteria. <u>By checking this box, your Bid</u> submission will be immediately disgualified as nonresponsive.
- 6. Bidder's vehicle(s) must meet or exceed the service vehicle requirements as set forth in Exhibit I, Contractor-Provided Service Vehicle Requirements. If the Bidder does not meet the service vehicle(s) requirement at the time of submission, but fully intends to comply if awarded the contract, the Bidder must provide an affirmative statement that upon start of the contract, the service vehicle(s) will comply with Exhibit I, Contractor-Provided Service Vehicle Requirements.
 - Yes. Bidder does meet the spare service vehicle(s) requirement stated above.
 - Bidder does not meet the spare service vehicle(s) requirement stated above at present, but fully intends to comply if awarded the contract. The Bidder will comply with the spare service vehicle requirements set forth in this IFB. (This commitment is evident by Bidder's detailed plan which describes when and how the Bidder plans to meet the minimum required contractor spare vehicle requirements submitted in the Bid.)

FORM PW-18.1 (SUPPLEMENTAL)

- Bidder does not meet the spare service vehicle(s) requirement stated above at present, but fully intends to comply if awarded the contract. The Bidder will comply with the spare service vehicle requirements set forth in this IFB. (This commitment is evident by Bidder's detailed plan which describes when and how the Bidder plans to meet the minimum required contractor spare vehicle requirements submitted in the Bid.)
- No. Bid's does not meet the spare service vehicle(s) requirement stated above and does not intend to comply. By checking this box, your Bid submission will be immediately disqualified as nonresponsive.
- 7. Bidder has submitted copies of the Bidder's employees' valid State of California Department of Motor Vehicles Class B (with a minimum of a "P" endorsements) commercial driver's licenses, as well as any other required licenses or endorsements required by Federal, State, and local regulations. Subcontracting is not allowed to meet this requirement.
 - Yes. Bidder has submitted copies of the Bidder's employees' valid State of California Department of Motor Vehicles (DMV) Class B (with a minimum of a "P" endorsement) commercial driver's licenses as well as any other required licenses or endorsements required by Federal, State, and local regulations. (In addition to responding on this form, please provide copies of the driver's licenses in your bid and provide the names of the staff assigned to this Contract and indicate type of certification they possess to support this minimum mandatory requirement).

DISPLACED TRANSIT EMPLOYEE DECLARATION

In accordance with California Labor Code Sections 1070-1074, the County will give a preference to any proposer who declares on this form that they will retain the employees of the prior Contractor and/or Subcontractor. The undersigned declares:

that the Proposer will retain the employees of the prior Contractor and/or Subcontractor for a period of not less than 90 days pursuant to California Labor Code 1070-1074. If this box is checked, the 10 percent preference will be given.

OR

that the Proposer does NOT agree to retain the employees of the prior Contractor or Subcontractor for a period of 90 days pursuant to California Labor Code 1070-1074. If this box is checked, the 10 percent preference will NOT be given.

Signatufe Title President & COO Firm Nam Date Empire Transportation, Incl 02/23/2018

Living Wage Rate Annual Adjustments

The Living Wage Ordinance is applicable to Proposition A and cafeteria services contracts. Employers shall pay employees a Living Wage for their services provided to the county of no less than the hourly rates and effective dates as follows:

Effective Date	Hourly Rate
March 1, 2016	\$13.25
January 1, 2017	\$14.25
January 1, 2018	\$15.00
January 1, 2019	\$15.79

Effective January 1, 2020, the Living Wage rate will be adjusted based on the U.S. Department of Labor, Bureau of Labor Statistics' Consumer Price Index (CPI) for the Los Angeles-Riverside-Orange County Area for the 12-month period preceding July 1 of each year.

The Chief Executive Office (CEO) will issue a memo advising departments of the CPI to be used when determining the Living Wage rate effective January 1, 2020, and every year thereafter.

Instructions to complete PW-2s, Schedule of Prices and LW-8s, Cost Methodology

The Contract's terms and the anniversary of the Living Wage rate increases are not the same dates. For example, the Contract may start from October 1, 2017, and will end September 30, 2018, which covers two different rates of Living Wage.

This means in the same Contract term, for example, the first option term, contractor must adhere to two different rates of Living Wage.

Each Contract term has its own Form PW-2 and Form LW-8.

Important: HOURLY RATE LISTED ON LW-8s MUST BE EITHER THE <u>HIGHER</u> OF THE TWO LIVING WAGE RATE IF CONTRACT TERMS SPANS THROUGH MULTIPLE LIVING WAGE RATE YEARS <u>OR</u> YOU MUST CLEARLY SHOW THE TWO DIFFERENT LIVING WAGE RATES IN THE LW-8s PER EACH YEAR'S RATE.

For example, contractor's term cover from October 1, 2017 to December 31, 2017, the Living Wage rate is \$14.25 and from January 1, 2018 to August 31, 2018, the Living Wage rate is \$15.00, therefore; the Contractor's LW-8 for this period must be \$15.00 or higher or Contractor's LW-8 clearly nows the two rates during those periods.

Each Contract term proposed prices indicated in Form PW-2, Schedule of Prices, must be equal to each Form LW-8.

FORM LW-4.1 (SUPPLEMENTAL)

COUNTY OF LOS ANGELES

ACKNOWLEDGMENT AND STATEMENT OF COMPLIANCE FOR LIVING WAGE ORDINANCE AND CONTRACTOR NONRESPONSIBILITY DEBARMENT

The undersigned individual is the owner or authorized agent (Agent) of the business entity or organization ("Firm") identified below and makes the following statements on behalf of his or her Firm.

The Agent is required to check each of the following two boxes:

LIVING WAGE ORDINANCE:

لمستسيا	

The Agent has read the County's Living Wage Ordinance (Los Angeles County Code, Section 2.201.010 through 2.201.100), and understands that the Firm is subject to its terms.

CONTRACTOR NON-RESPONSIBILITY AND CONTRACTOR DEBARMENT ORDINANCE:

The Agent has read the County's Determinations of Contractor Nonresponsibility and Contractor Debarment Ordinance (Los Angeles County Code Section 2.202.010 through 2.202.060), and understands that the Firm is subject to its terms.

LABOR LAW/PAYROLL VIOLATIONS:

A "Labor Law/Payroll Violation" includes violations of any federal, state or local statute, regulation, or ordinance pertaining to wages, hours or working conditions such as minimum wage, prevailing wage, living wage, the Fair Labor Standards Act, employment of minors, or unlawful employment discrimination.

History of Alleged Labor Law/Payroll Violations (Check One):

The Firm HAS NOT been named in a complaint, claim, investigation or proceeding relating to an alleged Labor Law/Payroll Violation which involves an incident occurring within three (3) years of the date of the proposal; OR

The Firm HAS been named in a complaint, claim, investigation or proceeding relating to an alleged Labor Law/Payroll Violation which involves an incident occurring within three (3) years of the date of this proposal. (I have attached to this form the required Labor/Payroll/Debarment History form with the pertinent information for each allegation.)

History of Determinations of Labor Law /Payroll Violations (Check One):

There HAS BEEN NO determination by a public entity within three (3) years of the date of the proposal that the Firm committed a Labor Law/Payroll Violation; OR

There HAS BEEN a determination by a public entity within three (3) years of the date of the proposal that the Firm committed a Labor Law/Payroll Violation. I have attached to this form the required Labor/Payroll/Debarment History form with the pertinent information for each violation (including each reporting entity name, case number, name and address of claimant, date of incident, date claim opened, and nature and disposition of each violation or finding.) (The County may deduct points from the proposer's final evaluation score ranging from 1% to 20% of the total evaluation points available with the largest deductions occurring for undisclosed violations.)

HISTORY OF DEBARMENT (Check one):

The Firm HAS NOT been debarred by any public entity during the past ten (10) years; OR

The Firm HAS been debarred by a public entity within the past ten (10) years. Provide the pertinent information (including each reporting entity name, case number, name and address of claimant, date of incident, date claim opened, and nature and disposition of each violation or finding) on the attached Labor/Payroll/Debarment History form.

leclare under penalty of perjury under the laws of the State of California that the above is true, complete and correct.

Part B Requirements and/or Recommendations

 13CCR 1233.5 Carrier is required to notify the Department, in writing, of any change of address or cessation of regulated activity at any of the carrier's terminal. Such notification shall be made within 15 days of the change and shall be forwarded to: CALIFORNIA HIGHWAY PATROL COMMERCIAL RECORDS UNIT P.O. BOX 942898 SACRAMENTO, CA 94298-0001

- 2. Forms and publications are available at the CHP internet website at: http://www.chp.ca.gov/publications/index.html
- 3. Certify on daily vehicle inspection reports that all defects, which could affect the safe operation of vehicles, have been repaired or that repair is unnecessary, before the vehicle is again operated.

MAINTENANCE PROGRAM VIOLATIONS:

<u>13 CCR 1215(f)</u> Carrier does not repair defect(s) reported on the driver's daily vehicle condition reports, and attest to the repair by signing or having an authorized agent sign the reports. Defects or deficiencies reported on drivers' daily vehicle condition reports that are likely to affect the safe operation of the motor vehicle or combination are required to be repaired prior to returning to operation. The motor carrier or an authorized agent shall certify on the report that necessary repairs have been completed prior to the vehicle returning to operation.

Unit # 251 drivers DVIR indicated defective door: 05-06-15, 05-07-15, 05-08-15 Unit # L-205 drivers DVIR indicated vehicle alignment issues: 06-23-15, 06-24-15, 06-25-15, 06-26-15

DRIVER RECORDS VIOLATIONS:

Due to carrier having two types of operations (Tour Bus / Basic Bus) driver records were inspected in conjunction with the roual tour bus terminal inspection. Driver records meet all the requirements for basic bus operation.

RATING:

13CCR 1233 Terminal is rated SATISFACTORY at this time.

CHANGE OF ADDRESS:

13CCR 1233.5 Carrier is required to notify the department of any change of address or cessation of regulated activity at any of the carrier's terminals. Carrier shall notify the department in writing within 15 days of the change and shall be forwarded to:

California Highway Patrol

REMARKS			

MAINTENANCE PROGRAM VIOLATIONS:

<u>13 CCR 1215(f)</u> Carrier does not repair defect(s) reported on the driver's daily vehicle condition reports, and attest to the repair by signing or having an authorized agent sign the reports. Defects or deficiencies reported on drivers' daily vehicle condition reports that are likely to affect the safe operation of the motor vehicle or combination are required to be repaired prior to returning to operation. The motor carrier or an authorized agent shall certify on the report that necessary repairs have been completed prior to the vehicle returning to operation.

Unit # 243 drivers DVIR indicated check engine light on: 04-01-15, 04-03-15, 04-06-15, 04-07-15, 04-20-15 Unit # 164 drivers DVIR indicated power steering problem: 05-22-15, 05-23-15, 05-24-15 Unit # 244 drivers DVIR indicated inoperative interior light: 05-15-15, 05-18-15, 05-19-15, 05-20-15, 05-21-15, 05-22-15 Unit # 259 drivers DVIR indicated inoperative turn signal: 04-01-15, 04-02-15 Unit # 251 drivers DVIR indicated defective door: 05-06-15, 05-07-15, 05-08-15

DRIVER RECORDS VIOLATIONS:

All records are current and on file at this time.

RATING:

13CCR 1233 Terminal is rated SATISFACTORY at this time.

CHANGE OF ADDRESS:

13CCR 1233.5 Carrier is required to notify the department of any change of address or cessation of regulated activity at any of the carrier's terminals. Carrier shall notify the department in writing within 15 days of the change and shall be forwarded to:

California Highway Patrol
