**TRANSPORTATION CORE SERVICE AREA  
COUNTY LIGHTING MAINTENANCE DISTRICTS AND  
COUNTY LIGHTING DISTRICT LANDSCAPING AND LIGHTING ACT-1  
ANNUAL ASSESSMENT PROCEDURE – FISCAL YEAR 2018-19  
(ALL SUPERVISORIAL DISTRICTS)  
(3 VOTES)**

**SUBJECT**

Public Works is seeking Board approval to continue the street lighting assessment rates in County Lighting District Landscaping and Lighting Act-1 for the unincorporated area and 13 cities for Fiscal Year 2018-19 at the same rate as Fiscal Year 2017-18.

**IT IS RECOMMENDED THAT THE BOARD:**

1. Find that the proposed project is statutorily exempt from the California Environmental Quality Act for reasons stated in this letter and in the record of the project.
2. Approve and file the Engineer's Report for the proposed annual levying of assessments in County Lighting District Landscaping and Lighting Act-1 for street lighting purposes for Fiscal Year 2018-19.
3. Adopt the resolution of intention to order the levying of assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2018-19.
4. Set the public hearing for July 24, 2018, on the proposed continuation of Fiscal Year 2017-18 levying of annual assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2018-19 in all zones identified in the Fiscal Year 2018-19 Engineer's Report.

5. Instruct the Executive Officer of the Board to give notice of public hearing by causing the resolution of intention to be published once in both English and Spanish language newspapers at least 10 days prior to the date of hearing scheduled for July 24, 2018, pursuant to Section 22626(a) of the California Streets and Highways Code.

**AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT THE BOARD:**

1. Authorize changes, if needed, in any of the matters provided in the Engineer's Report, including changes in the improvements, any zones within County Lighting District Landscaping and Lighting Act-1, the diagram that shows the district's boundaries, and the proposed assessment as described in the Engineer's Report.
2. Adopt a resolution confirming the diagram and assessment and ordering of assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2018-19, either as originally proposed or as changed by the Board. The adoption of the resolution shall constitute the levying of annual assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2018-19.
3. Determine and levy assessments in any amount not to exceed the recommended amounts listed in the Engineer's Report for each Assessment Zone.
4. Find that the property tax and assessment revenues collected from benefited properties will meet operating expenses and financial reserve needs and requirements; purchase supplies, equipment, or materials; provide funds for capital improvement projects, including construction of additional streetlights and the repair and replacement of obsolete equipment with new, modern equipment necessary for the proper operation of lighting facilities, in accordance with the provisions of the Improvement Act of 1911 and the Landscaping and Lighting Act of 1972; and in the amount shown for each maintenance district and assessment zone listed in Appendix G of the Fiscal Year 2018-19 Engineer's Report.
5. Determine that it is just and equitable and in the public's interest that the additional cost for the expenses of the installation and maintenance of additional lights be made a charge upon the existing districts as a whole in Fiscal Year 2018-19, pursuant to Section 5843.5 of the California Streets and Highways Code.

**PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

Approval of the recommended actions will find that the project is exempt from the California Environmental Quality Act (CEQA) and establish the Fiscal Year 2018-19 street lighting assessment rates in County Lighting District (CLD) Landscaping and Lighting Act-1 (LLA-1) for all zones established for the unincorporated area and 13 cities shown in Appendix H of the enclosed Engineer's Report where the County administers streetlights. Since the existing street lighting assessments expire annually, the Board must renew the annual street lighting assessments to provide supplemental funding for the operation and maintenance of streetlights within CLD LLA-1.

Through this proposed action, the street lighting assessment rates in CLD LLA-1 for Fiscal Year 2018-19 will remain the same rate as Fiscal Year 2017-18.

### **Implementation of Strategic Plan Goals**

The County Strategic Plan directs the provisions of Strategy II.2, Support the Wellness of our Communities and Strategy III.3, Pursue Operational Effectiveness, Fiscal Responsibility, and Accountability. Renewing the annual levy of assessments will provide the funding necessary to ensure the continuation of street lighting service for the convenience and safety of the motoring public, as well as for the safety and security of people and property, which improve the quality of life in the County.

### **FISCAL IMPACT/FINANCING**

There will be no impact to the County General Fund.

The annual street lighting assessments for all zones identified in Fiscal Year 2017-18 Engineer's Report will expire on June 30, 2018, unless the Board approves the annual street lighting assessments for Fiscal Year 2018-19 for the operation and maintenance of the streetlights. Financing for the installation, operation, and maintenance of streetlights in Fiscal Year 2018-19 will be derived from the assessment revenue collected from benefited property owners within CLD LLA-1 and by a portion of the property taxes that is allocated to County Lighting Maintenance Districts (CLMDs) for street lighting purposes.

Funding for this work is included in the Fiscal Year 2018-19 Consolidated Lighting Maintenance Districts' budget.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

On May 29, 2018, the Board adopted a Resolution Ordering Engineer's Report for Fiscal Year 2018-19 ordering the Director of Public Works or his designee to prepare and file an Engineer's Report for the levying of annual assessments in CLD LLA-1, pursuant to provisions of the Landscaping and Lighting Act of 1972 and Article XIII D of the California Constitution. The Engineer's Report was prepared in response to that directive.

CLD LLA-1 was formed on July 24, 1979, to provide supplemental funding for the continued operation of the street lighting systems in the existing CLMDs. It was formed to have essentially the same boundaries as the CLMDs listed in Appendix A of the Engineer's Report. Each subsequent year, the Board has renewed the annual street lighting assessments, and a similar action is required to keep streetlights in the various CLMDs fully operational during Fiscal Year 2018-19.

The Landscaping and Lighting Act and the California Constitution (Article XIII D) set forth procedures that must be followed for any fiscal year during which an assessment is to be levied. The Landscaping and Lighting Act requires the legislative body to approve and file an annual Engineer's Report and to adopt a resolution of intention declaring the Board's intent to levy and collect assessments in CLD LLA-1 for Fiscal Year 2018-19. During the course or upon conclusion of the public hearing, the Board may order changes in any of the matters provided in the Engineer's Report, including changes in the improvements, the boundaries of any zones within the assessment district, and the proposed diagram or proposed assessment. The Board can also close the hearing to testimony and delay the determination regarding the assessments until a later date or continue the public hearing to receive further testimony and make the determination regarding the assessment at the close of the public hearing continuance. However, according to Section 22629 of the California

Streets and Highways Code, the hearing may not be continued beyond August 10, 2018, without prior consent of the Auditor Controller.

The Landscaping and Lighting Act provides for the assessment of street lighting costs against the benefited properties within CLD LLA-1 by any formula or method that fairly distributes the costs among all assessable lots or parcels in proportion to the estimated benefits to be received by each from the improvements. A method of distributing the street lighting costs on the basis of land use was approved by the Board on May 22, 1979, and amended on July 22, 1997, to include government-owned or leased parcels. The report showing the approved method and the assessment units to be assessed on the various types of lots or parcels is on file in the Executive Office of the Board of Supervisors and is made a part hereof by reference. This same method is used to compute the Fiscal Year 2018-19 assessments.

The California Streets and Highways Code Section 22623 provides that the Board may approve the Engineer's Report as filed or modify the Engineer's Report and approve it as modified.

The enclosed resolutions have been approved as to form by County Counsel.

### **ENVIRONMENTAL DOCUMENTATION**

The proposed project is statutorily exempt from CEQA. Adoption of the proposed resolutions to determine and levy the annual street lighting assessments for Fiscal Year 2018-19 is for the purpose of meeting operating expenses and, therefore, is exempt from CEQA pursuant to Section 15273(a) of the State CEQA Guidelines and Section 21080(b)(8) of the California Public Resources Code.

### **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

The levying of the annual assessments is required to finance the operation and maintenance expenses incurred for the proper operation of street lighting facilities.

**CONCLUSION**

Please return one adopted copy of this letter and the signed resolutions to the Department of Public Works, Traffic and Lighting Division. Also, please forward one adopted copy of this letter and signed resolutions to the Assessor, Ownership Services Section (Attention Sonia Carter Baltazar), and to the Auditor-Controller, Tax Division (Attention Grace Kinoshita).

CALIFORNIA STREETS AND HIGHWAYS CODE**

**Prepared by  
County of Los Angeles Department of Public Works  
for the  
County of Los Angeles Board of Supervisors  
July 2018**

## **INTRODUCTION**

On May 29, 2018, the Board of Supervisors of the County of Los Angeles designated the Director of Public Works or his designee as the Engineer and adopted a resolution ordering the Director of Public Works or his designee to prepare and file an Engineer's Report for Fiscal Year 2018-19, in accordance with Section 22566 of the California Streets and Highways Code and Section 4(b) of Article XIII D of the California Constitution (Proposition 218), for the levying of annual assessments in all zones within County Lighting District Landscaping and Lighting Act-1 (CLD LLA-1) for street lighting purposes. The annual levying of assessments is necessary in order to provide supplemental funding for the continued operation of the existing County Lighting Maintenance and Assessment Districts (County Lighting Districts). This Engineer's Report is prepared in response to the above directive to address all zones within CLD LLA-1.

## **COUNTY LIGHTING MAINTENANCE AND ASSESSMENT DISTRICTS**

The County Lighting Maintenance Districts (CLMDs) are established street lighting maintenance districts. Prior to the enactment of State Constitutional Amendment XIII-A (Proposition 13) in 1978, which placed a limit on the maximum amount of ad valorem tax increases on real property, the operation and maintenance of streetlights within the maintenance districts were fully funded by ad valorem property taxes. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passing of this amendment were not sufficient to pay the cost of street lighting services within the maintenance districts.

CLD LLA-1 was formed on July 24, 1979, to provide supplemental funding for the existing CLMDs. It was formed to be essentially coextensive with those existing lighting maintenance districts listed in Appendix A. Its boundaries include unincorporated territory plus areas within the Cities of Agoura Hills, Bell Gardens, Calabasas, Carson, Diamond Bar, La Cañada Flintridge, La Mirada, Lawndale, Lomita, Malibu, Paramount, Rolling Hills Estates, and Walnut. CLD LLA-1 has a separate zone for the unincorporated territory and for each City encompassing only the City territory currently within an existing CLMD. The designation for each City zone is the name of the City within which it lies.

County Lighting Districts' maps showing a diagram of each existing zone within CLD LLA-1, and indicating the general nature, location, extent of improvements, the exterior boundaries of each zone, and lines and dimensions of each lot or parcel located therein, are on file with the Executive Office of the Board of Supervisors at the Kenneth Hahn Hall of Administration, and are made a part of this report by reference. Maps of subdivisions annexed to County Lighting Districts pursuant to Section 22608.2 of the California Streets and Highways Code, subsequent to the formation of CLD LLA-1, are on file with the Assessor at the Kenneth Hahn Hall of Administration.

## **FISCAL YEAR 2017-18 IMPROVEMENTS**

New subdivisions and single-lot developments processed for annexation to the County Lighting Districts or developed within the existing boundaries of the County Lighting Districts, and whose operational costs were transferred from a subdivider's account to a lighting district account during Fiscal Year (FY) 2017-18 are listed in Appendix B. The number and size of streetlights installed and the estimated annual operating costs for each new subdivision or single-lot development, together with the zone in which the development is located, is also listed in Appendix B. Maps of the annexation and the type and location of the improvements installed by the developers of these subdivisions are shown on maps on file with Public Works at 900 South Fremont Avenue in Alhambra.

Information regarding additional streetlights authorized for installation within the existing boundaries of the County Lighting Districts during FY 2017-18, in response to specific requests, and in compliance with procedures set forth in the California Streets and Highways Code Section 22565 et seq. is shown in Appendix C. Maps showing the type and location of the improvements are shown on maps on file with Public Works.

Annexations of territories by petition of the property owners, together with the number and sizes of streetlights as approved by the Board of Supervisors during FY 2017-18, are shown in Appendix D. Maps of the annexation and the type and location of the improvements are shown on maps on file with Public Works.

In compliance with procedures set forth in the California Streets and Highways Code Section 22565 et seq. and the California Streets and Highways Code Section 5843.5 the estimated annual energy and maintenance costs of Highway Safety Lights transferred to the County Lighting Districts during FY 2017-18 are shown in Appendix E.

## **REVENUES AND ASSESSMENTS**

All benefited parcels of real property located within the County Lighting Districts are identified by the FY 2017-18 Tax Rate Area Report and Assessor Parcel Numbers listed in Appendix F. The diagram of each CLMD and Assessment Zone, along with the lines and dimensions of each lot or parcel of land located therein, are more particularly described in maps prepared in accordance with Section 327 of the California Revenue and Taxation Code, and are on file in the office of the Assessor and are made a part of this report by reference.

Funds collected pursuant to the California Streets and Highways Code, the Improvement Act of 1911 and Landscaping and Lighting Act of 1972, may be used for certain streetlight upgrades or capital improvements. Revenues designated for streetlight upgrades and/or

capital improvement projects in the unincorporated and city zones are included in Appendix G.

Section 22573 of the California Streets and Highways Code provides for assessment of street lighting costs upon the benefited properties within CLD LLA-1. The section states, "The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements." A method of distributing the street lighting costs on the basis of land use and land-use data compiled by the Assessor was approved by the Board on May 22, 1979, and amended by the Board on July 22, 1997, to distribute costs among governmental-owned or -leased parcels in accordance with the provisions of Article XIII D of the California Constitution. The report showing the approved method and the number of usage units assigned to the various land use categories on the basis of benefits received is on file with the Executive Office of the Board of Supervisors.

The July 22, 1997, amendment currently applies to governmental-owned or -leased parcels within the Calabasas, Carson, Lomita, and Paramount Zones, where benefited property owners within these Zones have previously approved an assessment increase pursuant to these provisions. In future years, the amount of the base rate assessment for Calabasas and Lomita Zones may be automatically increased based on approved rate increases for Southern California Edison street lighting charges by the California Public Utilities Commission. For the Carson and Paramount Zones, the amount of the base rate assessment may be automatically adjusted annually for cost of living based on a factor calculated by using the Consumer Price Index (CPI) for the Los Angeles-Riverside-Orange County areas for all Urban Consumers.

The estimated costs of operating CLD LLA-1, Unincorporated and City Zones located therein, during FY 2017-18 are shown in Appendix H. An evaluation of these estimated costs has been made and all such estimated costs appear to be reasonable and appropriate. Appendix H also lists the proposed assessment rate per unit for FY 2018-19 and the amount of assessment revenue estimated to be raised by the assessment for the unincorporated and 13 city zones located within CLD LLA-1. If the proposed assessments for FY 2018-19 are not approved, it will be necessary to reduce street lighting services to stay within the operating revenues.
