The following statement was entered into the record for Supervisors Knabe and Yaroslavsky:

“Early identification and effective interventions for children with developmental delays, disabilities and mental health problems are both cost-effective and essential for healthy child development and school readiness.

“It is imperative that public and private stakeholders and leaders step up to the challenge so that every child with disabilities, delays, and problems are identified at the earliest possible moment and given the needed interventions that can help them to succeed in life.”

Therefore, on motion of Supervisor Knabe, seconded by Supervisor Burke, unanimously carried (Supervisors Molina and Yaroslavsky being absent), the Board proclaimed June 2004 as "Healthy Child Development Month" throughout Los Angeles County; and encouraged all public and private stakeholders and leaders to come together to identify children with disabilities, delays, problems and challenges at the earliest possible moment and to give them the needed interventions essential for healthy child development and school readiness.
