The Honorable Board of Supervisors
 County of Los Angeles
 383 Kenneth Hahn Hall of Administration
 500 West Temple Street
 Los Angeles, California 90012

Dear Supervisors:

**APPROVE THE 2018-19 LOS ANGELES COUNTY LOCAL FUNDING PRIORITIES FOR
 SUBSIDIZED EARLY CARE AND EDUCATION SERVICES
 (ALL DISTRICTS) (3 VOTES)**

SUBJECT

Request approval of the fiscal year 2018-19 Los Angeles County geographic funding priorities for the expansion of subsidized early care and education services.

IT IS RECOMMENDED THAT THE BOARD:

1. Approve and instruct the Director of the Department of Public Health (DPH), or designee, to sign three (3) fiscal year (FY) 2018-19 geographic funding priorities for the expansion of subsidized child care and education services: a) Los Angeles County General Child Care and Development Program (CCTR) Priorities - Full-Day Infant and Toddler Services (Attachment I); b) Los Angeles County California State Preschool Program (CSPP) - Full-Day and Part-Day Priorities (Attachment II); and c) Los Angeles County General Child Care and Development Program (CCTR) Priorities - School-Age Children (Attachment III).
2. Delegate authority to the Director of the Department of Public Health (DPH), or designee, to act as the agent for the County of Los Angeles to approve future annual geographic funding priorities for the expansion of subsidized child care and development services with two (2) weeks advance written notification to your Board and unless otherwise instructed, sign the geographic funding priorities for the expansion of subsidized child care and education services through June 30, 2024.

ADOPTED

BOARD OF SUPERVISORS
 COUNTY OF LOS ANGELES

27 April 16, 2019

CELIA ZAVALA
 EXECUTIVE OFFICER

BOARD OF SUPERVISORS

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The California Department of Education (CDE) provides funding to support the implementation of the Local Planning Council of Los Angeles County (LPC) activities mandated in the California Education Code, Sections 8499-8499.7. These sections mandate that LPCs provide a forum under the Los Angeles County Child Care Planning Committee (Planning Committee) for the identification of local priorities for child care and development services. The Planning Committee is comprised of individuals with expertise in a variety of fields who contribute to the ongoing efforts to improve the availability and quality of child care and development services in Los Angeles County.

LPCs are required to complete geographic priorities for the expansion of subsidized child care and education services on an annual basis. Pursuant to State of California requirements, formal approval by the County Board of Supervisors and the County Superintendent of Schools is needed before submitting the geographic funding priorities to the CDE. In addition, Education Code 8499.5 requires LPCs in each County to submit to the CDE the local priorities it has identified that reflect the need for subsidized child care and education services in the County. Priorities are reviewed annually to determine if circumstances have changed creating new or different areas of need. The results are compiled in the LPC Local Funding Priorities reports as required by the CDE.

Communities identified under each priority will benefit from increased public investments meant to expand the supply of subsidized early care and education services targeted to families most in need. Early care and education services provide a dual purpose of promoting the overall well-being of children and their families while providing parents and primary caregivers with support they need to achieve and maintain self-sufficiency through employment and/or education.

Approval of Recommendations 1 and 2 will allow DPH to approve and submit to the CDE the annual geographic funding priorities for the expansion of subsidized early care and education services for FY 2018-19 through FY 2023-24 as determined and recommended by the Planning Committee.

Implementation of Strategic Plan Goals

The recommended actions support Strategy I.1, Increase Our Focus on Prevention Initiatives, and Strategy II.1, Drive Economic and Workforce Development in the County, of the County's Strategic Plan.

FISCAL IMPACT/FINANCING

CDE contracts require and fund the data collection efforts needed to complete the countywide priority setting process. Approval by your Board of these documents is needed to fulfill contract requirements. There is no direct fiscal impact to the County for approving the documents.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Geographic funding priorities are established by analyzing data on all children from birth through 12 years old in working families based on the State Median Income (SMI). This data is then compared to the availability of subsidized early care and education services to inform the priority setting process.

The process for approving the geographic funding priorities includes both the approval of the County Superintendent of Schools and the County Board of Supervisors. As required by statute, a public hearing on the geographic funding priorities was held on February 6, 2019.

Based on the feedback from the public hearing, the income eligibility percentage used to calculate the geographic funding priorities was updated from 70 to 85 percent of the SMI in accordance with the passage of Assembly Bill 2626 (Chapter 945; Approved September 30, 2018). The revised geographic priorities were then presented to and approved by the Planning Committee on March 6, 2019 and approved by the County Superintendent of Schools on March 10, 2019.

Geographic priorities for the expansion of subsidized early care and education services are calculated at the zip code level, relying on data compiled by the American Institutes for Research (AIR) on behalf of the LPCs across the state of California. AIR gathers data from multiple sources, including the California Child Care Resource and Referral Network, CDE, the California Department of Public Health, the American Community Survey, Public Use Microdata Sample (PUMS) data, and an AIR-administered survey of the Head Start programs population. The annual survey of subsidy programs conducted by the Office for Advancement of Early Care and Education in partnership with the Los Angeles County Office of Education augments the AIR data to ensure a more accurate representation of children enrolled in Early Head Start programs offered in family child care homes and center-based settings and in Family Child Care Home Education Networks.

The compiling, analyzing, and sharing of data produced in the geographic funding priorities will: 1) assist programs currently providing subsidized early care and education services to ensure that they are meeting the communities most in need; 2) serve as a resource to programs in the development or expansion of programs; and 3) help community-based organizations working with families to access subsidized services. The geographic funding priorities will also be used to guide the Planning Committee and the Policy Roundtable for Child Care and Development in the development of a new joint strategic planning process to be completed by late Spring of 2019. Furthermore, the geographic funding priorities may serve as an effective tool to advocate for increased public investments in early care and education services for under-served populations, which include many families who utilize County services.

The analysis identified 154 zip codes for expansion of early care and education services targeting infants and toddlers (Priority 1 = 36; Priority 2 = 67; Priority 3 = 51). An additional 114 zip codes were identified with gaps in services, although not meeting the threshold for a Priority 1, 2, or 3 assignment. In contrast, 52 zip codes received a priority designation for half- and full-day preschool expansion combined (Priority 1 = 2; Priority 2 = 30; Priority 3 = 20); an additional 214 zip codes that do not meet the threshold for a Priority 1, 2, or 3 assignment also show a gap in services. Based on the analysis, there is a significant need for subsidized early care and education services for children from birth through five years old, particularly for infants and toddlers. For school age children, 234 zip codes are identified as high priority areas, with an additional 44 zip codes presenting a gap, although not meeting the threshold for a Priority 1, 2, or 3 assignment.

Information on the LPC local funding priorities with supporting data is available on DPH's Office for the Advancement of Early Care and Education website at childcare.lacounty.gov.

Attachment I is the FY 2018-19 Los Angeles County General Child Care and Development Program (CCTR) Priorities - Full-Day Infant and Toddler Services.

Attachment II is the FY 2018-19 Los Angeles County California State Preschool (CSPP) Priorities - Full-Day and Part-Day State Preschool.

Attachment III is the FY 2018-19 Los Angeles County General Child Care and Development Program (CCTR) Priorities - School-Age Children.

County Counsel has reviewed and approved Attachments I, II, and III as to form.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Approval of the recommended actions will allow for identification of communities that could benefit from increased public investments to expand the supply of subsidized early care and education services targeted to families most in need and guide distribution of funds should the federal government or the State legislature approve additional investments.

Respectfully submitted,

Barbara Ferrer, PhD, MPH, MEd
Director
