

MOTION BY SUPERVISORS JANICE HAHN

April 23, 2019

Supporting the Early Childhood and Education Blue Ribbon Commission Report

The Assembly Blue Ribbon Commission on Early Childhood Education brought thought leaders, providers, parents, and elected officials together to find ways to improve the early learning system. Their final report is to be presented in Los Angeles County at the end of April 2019. It includes recommendations in key areas, such as workforce retention and development, expanding access to Early Learning programs, financing and the economic impact of early care and education, and engaging and meeting the needs of families.

The Board of Supervisors (Board) recognizes the work of the Blue Ribbon Commission and its influence on our efforts here in Los Angeles County to enhance early care and education. It is important that we indicate our support for the Commission's work and continue our efforts to engage State leaders on this critical issue impacting so many families across the County.

I, THEREFORE MOVE that the Board of Supervisors send a five-signature letter to Speaker Rendon and the Los Angeles County Legislative Delegation expressing the Board's support of the recommendations made by the Assembly Blue Ribbon Commission on Early Childhood Education.
