

MOTION BY SUPERVISOR HILDA L. SOLIS

APRIL 28, 2020

AMENDMENT TO ITEM 6

As stated, many Skilled Nursing Facilities (SNFs) have experienced widespread outbreaks of COVID-19 due to the number of high-risk residents living in close proximity to each other. Other types of Licensed Congregate Health Care Facilities (LCHCF) also present an increased risk for widespread outbreaks due to living in close proximity to each other and serving multiple patients daily.

I, THEREFORE MOVE, that the Board of Supervisors amend the motion to include those living and working in LCHCF, including long-term care, assisted living, Board and Cares, Mental Health Rehabilitation Centers, etc. in addition to SNFs to directives 1-3, 6-8, 11-12, and 14-15.
