12.		Favor	Aaron Horst	The Offices of the LA County Public Defender and Alternate Public Defender remain grossly underfunded. Lack of funding for critical programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. The Board should also divert funding away from the District Attorney to expand immigrant and pretrial defense. The DA's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget and investing in the defense of our loved ones today.

			Public defenders are an important source of information and guidance for the county and are regularly overlooked, while the DA's and CA's offices are lionized. It is time to change this dynamic and allow public defenders to lead and support justice efforts in the city as well.

			Alexandra Miks	Both the Offices of the LA County Public Defender and Alternate Public Defender remain severely underfunded. Lack of funding for critical programs, like the Law Enforcement Accountability Unit, undermines community demands for law enforcement accountability and actually favors the prosecution. Therefore I very strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. Additionally, the Board should divert funding away from the District Attorney to expand immigrant and pretrial defense— the DA's continued failure to hold law enforcement accountable demands that the Board act decisively by cutting their budget and investing in the defense of our community members today.

			Amanda Fein	The Offices of the LA County Public Defender and Alternate Public Defender remain grossly underfunded. Lack of funding for critical programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. The Board should also divert funding away from the District Attorney to expand immigrant and pretrial defense. The DA's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget and investing in the defense of our loved ones today.

			Amanda Lasher	We need to hold the DA's office accountable for their failure to act. The Offices of the LA County Public Defender and Alternate Public Defender remain grossly underfunded. Lack of funding for critical programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. The Board should also divert funding away from the District Attorney to expand immigrant and pretrial defense. The DA's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget and investing in the defense of our loved ones today. This could change people's lives in a real way and help move away from incarceration.
			Amanda McParlane	The Offices of the LA County Public Defender and Alternate Public Defender need ample funding, as they are currently extremely underfunded. Lack of funding for critical programs, like the Law Enforcement Accountability Unit, undermines community demands for law enforcement accountability. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. I implore the Board to divert funding away from the District Attorney to expand immigrant and pretrial defense. The District Attorney's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget and investing in the defense of our loved ones today.

			Anja Brandl	The Offices of the Alternate Public Defender and LA County Public Defender remain obscenely underfunded. You can not simultaneously support community calls for law enforcement accountability AND fail to properly fund programs like the law enforcement accountability unit. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. Additionally, I would urge the Board to divert funding away from the District Attorney to expand immigrant and pretrial defense. The defense of our loved ones is not a victory won with empty platitudes. The stakes are high and they demand decisive action - hope law enforcement accountable! Slash their budget and invest in what's right.

			Asher Landau	
			Ashleigh Powell	I strongly urge the Board to fund the Law Enforcement Accountability Unit and restore funding for the Alternate Public Defender. The Offices of the LA County Public Defender and Alternate Public Defender must be properly funded. They currently lack funding for critical programs, like the Law Enforcement Accountability Unit, which not only favors the prosecution, but also undermines community demands for law enforcement accountability. The Board should also divert funding away from the District Attorney to expand immigrant and pretrial defense. The DA's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget and investing in the defense of our loved ones today.

12.		<b>Favor</b>	Audrey C DeLaney	I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender; funding should be diverted AWAY from the District Attorney, to instead expand immigrant & pretrial defense. Under-funding of the Public Defender & Alternate Public Defender offices leads to favoring of prosecution, and undermines accountability of law enforcement. With law enforcement committing literal murder of the community members it is supposed to protect, and the lack of accountability, the funding needs to be diverted away from the departments that commit and enable the violence; cut their budgets & invest in defense of the community instead.

Reforming the justice system is not only about cops, but rebalancing our legal processes to be fair and just.
			Benjamin Davila	Our loved ones are continuously put in danger every day by police. We need to defund the police and divert those funds into defending immigrants. 12.		<b>Favor</b>	Brad K Kaiserman	The Public Defender's Office and Alternate Public Defender's Office are responsible for securing the constitutional rights of our community members who find themselves confronted with the power of both law enforcement and prosecutorial agencies. Given the amount of funding received by law enforcement and prosecutorial agencies, the scales of justice often remain unbalanced. Accordingly, funding for the public defender law enforcement accountability unit is necessary to help balance the scales.
			Brandon Banda	I support this item, but acknowledge that the policing system relies on supreme court precedent for allowing officers an extreme amount of discretion in regards to whom officers stop in the first place. This is also an issue we must acknowledge, because we should be preventing "fatal uses of force and other forms of misconduct," not just investigating them after they happen.

The DA's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget.
			Brittany Visser	The Offices of the LA County Public Defender and Alternate Public Defender remain grossly underfunded. Lack of funding for critical programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. The Board should also divert funding away from the District Attorney to expand immigrant and pretrial defense. The excessive financial support of the current DA by LAPPL is corruption, and makes true accountability impossible.
			Camille Kolodziejewski	LA County Public Defenders are a true gem of our Criminal justice system, and they deserve to be funded. Please find them and restore funding to the Alternate Public Defender. The public (me) is calling for you to divert funds into the Law Enforcement Accountability Unit and to expand funds for immigrant and pretrial defense. Cut funding to the DA and fund our families and communities.

As someone with a family member who has been previously incarcerated in our county jails, it is horrifying to me that the sheriff and his deputies have shown such egregious disregard for the will of the people, the safety and well-being of people within our jails, and our county laws. It is shameful that those who claim to dedicate their careers, if not their lives, to upholding the law and to community safety, would continuously behave in a manner that does anything but honor the law or people's safety. If they will not do right then we must do more to require accountability.

12.		<b>Favor</b>	Deirdre A Roney	As a former LA County Deputy District Attorney, I had the utmost respect for the corps of dedicated, hard-working public defenders. Most of them were bright and caring lawyers. They need to be funded and funded at the expense of the DA's office. Under DA Lacey, the DA's office appears to be complicit with violent policing; defund the DA's office and instead invest in Public Defenders, Alternate Defenders, pre-trial immigrant defense, and the other measures I am supporting here.
			Delia Metoyer	There has been a trend to treat prosecutors and judges and law enforcement as "justice partners." This is dangerous and misguided. Our system works best when checks and balances are in place meaning it must be adversarial. If we are to achieve justice as opposed to simply having a criminal system we must increase funding to the Public Defenders. Without proper funding, people of color get railroaded by the criminal system. Public defenders need investigators to prevent wrongful convictions, access to experts to prevent wrongful convictions. They need funds so they are not too overworked to take advantage of diversion programs for their clients. They need social workers to find programs that can address the trauma clients have suffered. Addressing poverty and trauma is the way we heal communities. Finally, they are the only ones in a position to hold law enforcement accountable. Offices of the LA County Public Defender and Alternate Public Defender remain grossly underfunded. Lack of funding for critical programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. 12.		<b>Favor</b>	Dena M Kelley	Yes! The fact that the public defenders office receives half of what the prosecutors offices receives is the definition of unequal and unbalanced. As a tax payer who pays out over 50k a year in taxes. I refuse to sit back and watch the county and state spend over 50% of our monies on policing and protecting the police. We are terrified of the police. Clearly we have allowed them to exist above the law for too long .

			Dillon Hayes	The Office of LA County Public Defenders is grossly underfunded and, as such, reduces the possibility for a fair defense during the trial and pretrial proceedings. Those who are most vulnerable in LA County deserve the right to a proper defense, first of all, but the Law Enforcement Accountability Unit needs to be invested in for those who are abused by LA law enforcement. Jackie Lacey also needs to resign, as she contributes to the protection of those officers who commit offenses.

12.		<b>Favor</b>	Elene Perry	The Offices of the LA County Public Defender and Alternate Public Defender remain grossly underfunded. Lack of funding for critical programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. The Board should also divert funding away from the District Attorney to expand immigrant and pretrial defense. The DA's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget and investing in the defense of our loved ones today.

12.		<b>Favor</b>	Emily Michel Ford	The Offices of the LA County Public Defender and Alternate Public Defender remain grossly underfunded. Lack of funding for critical programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. The Board should also divert funding away from the District Attorney to expand immigrant and pretrial defense. The DA's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget and investing in the defense of our loved ones today.
			Emily R Alford	The historic lack of investment in the Public Defender Law Enforcement Accountability Unit shows that there has been no true check on law enforcement, and puts on full display the way in which our government, systems and representatives grossly favor the prosecution. I strongly urge the Board to fund the Public Defender Law Enforcement Accountability Unit and restore funding for the Alternate Public Defender! This is a small and necessary FIRST STEP toward accountability, trust, and justice.
			Emily R Rader	The Offices of the LA County Public Defender and Alternate Public Defender remain grossly underfunded. Lack of funding for critical programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. 12.		<b>Favor</b>	Eric M Motika	The Offices of the LA County Public Defender and Alternate Public Defender are SHAMEFULLY underfunded. This not only favors prosecutors, it undermines community demands for law enforcement accountability. I demand the Board fund the Law Enforcement Accountability Unit and restore funding for the Alternate Public Defender. The Board should also defund the DA and reallocate those funds to expand immigrant and pretrial defense. The DA's continued failure to hold police accountable for murder is APPALLING. 			<p><b>Gavi Klein</b></p> <p>The Offices of the LA County Public Defender and Alternate Public Defender are grossly underfunded. Underfunding critical programs, like the Law Enforcement Accountability Unit, favors the prosecution's ability to bypass a fair trial through unmediated settlement and undermines community demands for accountability from law enforcement. The Board must fund this program and restore funding for the Alternate Public Defender. The Board should also expand immigrant and pretrial defense by diverting funding away from the District Attorney. The DA has continually failed to hold law enforcement accountable for the murder of our community members. The Board can act decisively by cutting their budget and investing in the defense of our loved ones, starting today.</p>

The DA's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget and investing in the defense of our loved ones today. We need accountability and oversight on police. The abuse of their powers has been tolerated for too long. We need the police dept to reevaluate all officers. We need the committee to police the police. Immigrant and pretrial defense is majorly important to me and my community!

Lack of funding for critical programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. The Board should also divert funding away from the District Attorney to expand immigrant and pretrial defense. The DA's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget and investing in the defense of our loved ones today.

The Board should also divert funding away from the District Attorney to expand immigrant and pretrial defense. The DA's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget and investing in the defense of our loved ones today.		
Jane G AFonso	The Offices of the LA County Public Defender and Alternate Public Defender remain grossly underfunded. Lack of funding for critical programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. The Board should also divert funding away from the District Attorney to expand immigrant and pretrial defense. The DA's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget and investing in the defense of our loved ones today. Overfunding prosecutors at the expense of public defenders results in terrible plea deals as people with poor representation but cop a plea even when innocent.

Lack of funding for essentially programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. As we live in a city where immigrants are the backbone, the Board should also divert funding away from the District Attorney to expand immigrant and pretrial defense. The DA's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget and investing in the defense of our loved ones today.

12.		Favor	Josephine Ong	Thank you Supervisors Kuehl and Ridley-Thomas for listening to the calls by community members and establishing an ATI Fund. Investment in ATI is urgent and necessary to combat the dangers of COVID-19 inside of LA County jails and in our communities. Creating an ATI fund is a good first step. Next, there must be bold investment into ATI by shifting law enforcement dollars into the fund immediately. The CEO's meager 8% reduction in the Sheriff's budget is an insult to the cries of LA residents for change. So long as the County continues to accept the CEO's status quo budget, we will not see the promise of a Care First mission realized. The Board should also be tapping the rainy day fund, COVID-19 federal dollars and law enforcement funding for ATI now. Investing these funds in ATI will support the immediate needs of our community and the long-standing inequalities that have plagued Black, Brown, houseless and low-income people for far too long. This moment of increased public health and racial crisis is not a moment of incremental reform. As a scholar-activist that has long organized with Black and Brown communities and who studies the history of incarceration in the United States, I call for bold, decisive and transformative action that invests in the Public Defender Law Enforcement Accountability Unit.
			Josephine J Young	I am asking for accountability from the Law Enforcement and to restore funding for the alternate public defender.

			Julia Grimm	Public Defenders are the only option and hope for so many people facing criminal charges and incarceration, and yet the Offices of the LA County Public Defender and Alternate Public Defender remain grossly underfunded. 		Julia Srednicki	Hello, I'm a resident of the first district and a constituent of Supervisor Solis. The Offices of the LA County Public Defender and Alternate Public Defender remain grossly underfunded. Lack of funding for critical programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. The Board should also divert funding away from the District Attorney to expand immigrant and pretrial defense. The DA's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget and investing in the defense of our loved ones today. This is personal to me, because I have a friend who worked tirelessly for the Public Defender's office here in Los Angeles, and I heard firsthand how few resources they were given. Our public defenders chose to enter a field where they would make a fraction of the money their peers from law school make due to a selfless calling to help others - and they're given pennies to work with. The people of our county who don't have their own personal bankroll deserve a fair shake against the DA's office and the law enforcement officers who have failed them - and they're not getting it.

I believe that we need to move away from incarceration and this mentality of war on crimes because it was never really about making all communities safer it has been and continues to be about displacing, removing, and locking up poor, black, brown and other minority communities so that only white neighborhoods feel safer. As a result of this gross cycle of intentional oppression and marginalization. This had led to a lack of resources and options for those within these communities and it's about time we start making a change to actually have people have just and equal opportunities.

The DA's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget and investing in the defense of our loved ones today.
			Kelly Schumann	The Offices of the LA County Public Defender and Alternate Public Defender remain grossly underfunded. Lack of funding for critical programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. The Board should also divert funding away from the District Attorney to expand immigrant and pretrial defense. 12.		<b>Favor</b>	Lea Wright	The Offices of the LA County Public Defender and Alternate Public Defender remain grossly underfunded. Lack of funding for critical programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. The Board should also divert funding away from the District Attorney to expand immigrant and pretrial defense. The DA's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget and investing in the defense of our loved ones today.

			Luke M Csehak	This is a no-brainer. The people of LA need police accountability and we need it now. This is central to the unrest in this city as well as the entire country. Will LA be on the right side of history? Will the Board divest from a DA's office that fails to prosecute killer cops? Will you instead fund the Alternate Public Defender? I hope you choose wisely at this decisive moment in history.

I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. 			Melissa Zeigler	The Offices of the LA County Public Defender and Alternate Public Defender remain grossly underfunded. Lack of funding for critical programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. Not to mention does not uphold our Constitution.  Fund this program and restore funding for the Alternate Public Defender. Divert funding away from the District Attorney to expand immigrant and pretrial defense. The DA's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget and investing in the defense of our loved ones today. 			Melody Chu	I strongly support the Board reinstating funding for the Probation Oversight Commission. The Probation Department has a long history of abuse and mismanagement of funds that have harmed our communities, particularly our young people. Oversight is just the first step in addressing these harms. The Board must take steps towards repairing those harms and hold Probation accountable by directing the CEO to make deeper cuts into Probation's budget and freezing their hiring. Instead of wasting \$1 billion on a failed department, the county should adopt the Youth Justice Budget and divert at least \$600 million dollars from the Probation budget into Youth Diversion and Development. Our young people deserve better.

			Meryl K Blumberg	The Offices of the LA County Public Defender and Alternate Public Defender are underfunded to a degree that is unacceptable. Lack of funding for critical programs, like the Law Enforcement Accountability Unit, actually benefits the prosecution and undermines community demands for law enforcement accountability. I strongly advocate that the Board funds this program and also restores funding for the Alternate Public Defender. The Board should divert funding away from the District Attorney to expand immigrant and pretrial defense which is monumentally important in our community. The DA has failed to hold law enforcement accountable for murders within our community. It's imperative that the Board acts decisively by diverting budget to the defense of our community today.
			Mia Chamasmany	I strongly support investing in the Public Defender Law Enforcement Accountability Unit because it is terribly underfunded and I also think it is important to restore the funding for the Alternate Public Defender. We need to remove the funding from the District Attorney to instead focus on immigrant and pretrial defense. We need to cut the budgets of the DA because of their multiple failed attempts at holding those accountable for murders.

			michael morabito	The LA County Public Defender and Alternate Public Defender Offices are grossly underfunded. Lack of funding for vital programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. This country allows for a fair trial and representation, and you're abridging people's rights by not funding these offices. I urge the Board to fund this program and restore funding for the Alternate Public Defender. The Board should also move funding away from the District Attorney to expand immigrant and pretrial defense; they're bullies picking on people with little command of the language who came here to better their lives, and I have less than no tolerance for this. The DA's continued failure to hold LEOs accountable for the murder of our people demands that the Board act decisively by slashing their budget to ribbons and instead investing in the defense of our loved ones today.

			Niels Lindelien	Fund the Alternate Public Defender. Enforce the laws when law enforcement violates them.
			Nikki Isaacs	The Offices of the LA County Public Defender and Alternate Public Defender remain grossly underfunded. Lack of funding for critical programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. The DA's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget and investing in the defense of our loved ones today. We have tried peaceful protest and conversation. It is clear that it is the tide of the nation to focus on addressing systemic inequalities and moving towards anti-racism. However, we need to be swift, decisive, and send loud and clear messages that have true and meaningful consequences. This is how we change behavior.

12.		<b>Favor</b>	Rachel Curry	I strongly support the closing of Men's Central Jail and commend Supervisors Solis and Kuehl for taking this bold action. For too long, we have used incarceration as a way to respond to social harms, resulting in overcrowded jails and ever-widening social inequities. I am concerned, however, that the County would continue to waste funding on refurbishing Pitchess Detention Center East instead of investing those dollars into building out ATI infrastructure, such as much needed housing for our communities. Moving our loved ones into another jail is not the answer. The Board must continue to support the reduction of the jail population by investing capital project dollars currently allocated towards jail renovation into the ATI fund now, including the \$37.7 million of MCJ refurbishment funds. In addition, the county should re-allocate the \$160 million in operating costs including personnel costs towards scaling up the ATI infrastructure and workforce necessary to operationalize the community and County's care first vision.

			Rainie Oet	The Offices of the LA County Public Defender and Alternate Public Defender remain grossly underfunded. Lack of funding for critical programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. The Board should also divert funding away from the District Attorney to expand immigrant and pretrial defense. The DA's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget and investing in the defense of our loved ones today. In addition, the Board made a serious misrepresentation to LA County taxpayers by claiming that all county department budgets were cut. The Board actually increased Animal Control's ever increasing bloated budget by almost \$5 million for salaries alone between FY 2019-20 estimated to FY 2021-21 Recommended, resulting in an overall \$1.5 million increase to pay useless bureaucrats sitting in AC's Long Beach headquarters, who do nothing to take care of impounded animals. The archaic impound for revenue model that Mayeda has applied for her 20 year reign is no longer sustainable. The Board must DEFUND AC and reallocate no less than 50% of AC's current \$57.5 million budget to CARE FIRST programs, including the Alternate Public Defender Department and the Public Defender Law Enforcement Accountability Unit.

			Samantha Bemping	The Offices of the LA County Public Defender and Alternate Public Defender remain grossly underfunded. Lack of funding for critical programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. The Board should also divert funding away from the District Attorney to expand immigrant and pretrial defense. The DA's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget and investing in the defense of our loved ones today.

12.		<b>Favor</b>	Sarah Chung	The Offices of the LA County Public Defender and Alternate Public Defender remain grossly underfunded. Lack of funding for critical programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. As a LA native, I have seen firsthand how community needs are consistently neglected and instead met with violence by officers who believe they are the "one stop shop" solution to every community issue. This is wrong. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. 			Sarah O Clifton	The more people holding law enforcement accountable, the better. And who better than the Public Defender's Office who has such great insight into the unlawful tactics that are so often used by law enforcement against their clients. Sometimes there is so much separation between state orgs that things get lost, so investing in a unit within the PD will allow for better information sharing and less things falling through the cracks.

Lack of funding for critical programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. The Board should also divert funding away from the District Attorney to expand immigrant and pretrial defense. The DA's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget and investing in the defense of our loved ones today.
			Stephen D Torres	The Offices of the LA County Public Defender and Alternate Public Defender remain grossly underfunded. Lack of funding for critical programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. It causes me to wonder, is the prosecution meant to win every case? If this is so, perhaps a more efficient system might be sought out. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. The Board should also divert funding away from the District Attorney to expand immigrant and pretrial defense. The DA's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget and investing in the defense of our loved ones today.

			Susan Gosman	
			Susan J Baik	I strongly urge the Board to fund the Public Defender Law Enforcement Accountability Unit. The Offices of the LA County Public Defender and the Alternate Public Defender remain grossly underfunded, and critical programs such as the Law Enforcement Accountability unit lack funding, which favors the prosecution and also undermines the community demands for law enforcement accountability. I also ask that the Board restores funding for the Alternate Public Defender. The Board should also divert funding away from the District Attorney to expand immigrant and pretrial defense. The DA continues to fail to hold law enforcement accountable for the murders of our community members. I ask that the Board cuts the DA's budget and invest into this program instead.

I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. The Board should also divert funding away from the District Attorney to expand immigrant and pretrial defense. The DA's continued failure to hold law enforcement accountable for the murder of our community members demands that the Board act decisively by cutting their budget and investing in the defense of our loved ones today.

12.		Favor	Wyatt Fair	The Offices of the LA County Public Defender and Alternate Public Defender remain grossly underfunded. Lack of funding for critical programs, like the Law Enforcement Accountability Unit, not only favors the prosecution, it undermines community demands for law enforcement accountability. We've allowed crooked cops to slide through our legal system for far too long. What is passed off as a legal issue is actually one of human rights, as these cops are attacking and killing our black and brown communities here in LA. I strongly urge the Board to fund this program and restore funding for the Alternate Public Defender. 12.		Other	George Buzzetti	<p>Presently, there is no accountability at any County Office as we have proven over time and those agencies show no ability and/or want to be accountable and law abiding. There is no actual Law Enforcement Accountability Unit as the head of that office was put into office illegally and you and he know it. I put the law and he and you breaking the law into the public so many times on the record both in video and print.</p> <p>The first thing they can do is immediately give me Tamar Galatzan's LAUSD phone records from Dec., 2013 to show that I called her office with the threatening calls. How was I taken to trial multiple times with perjured charges and no exculpatory evidence before trial (30 days)? You are all afraid to have real accountability such as using perjury on another SLAPP charge on me at LA 84. You cannot keep a person from public meetings even if they have restraining orders. You can only make that person not come near the person. At LA 84 Holmquist and McKenna approached me after videoing the meeting for one hour and 13 minutes until they stopped the meeting to throw me out not arrest me. Of course, they testified under Penalty of Perjury that I was not at the meeting and arrived about noon. The Investigative Report ways I arrived at 9:45 A.M. which is correct. All LAUSD testified under penalty of perjury that I arrived at noon and was not allowed to be in the meeting. Should officers know the difference between 9:45 A.M. and 12:00 P.M. and how about the videos from their three body cams never produced as they are time-date stamped. The prosecutor used blatant perjury to charge me and my public defender has never defended e only prosecuted me with the help of the judge as I have at least 10 Marsden Hearings where have presented over 220 pages of evidence proving I need a real attorney to represent me which is a problem with the Alternate Public Defender's Office. The Alternate Public Defender's Office tells you that a judge must assign you there. What do you do if the judge is crooked as I have run into? You have no representation against Federal Law is the answer.</p> <p>Also, every lawyer has broken the Bar Rules and every judge has broken the Code of Judicial Conduct and none of them have a right to a bar license or judgeship by law and since I am over 65 every violation is a charge of Elder Abuse with a potential of 4 years in prison and if a prosecutor under AB 1909 is to have a Felony filed on them and their bar license sent to the State Bar to be removed and/or sanctioned.</p>

Board of Supervisors,

My name is Dr. Oswaldo Hasbun; I am an emergency medicine physician at LAC+USC Medical Center and frequently staff the LAC Jail Emergency Room. I am writing in strong support of the county's plan to close Men's Central Jail within the next year and to reinvest into more effective, life-saving health and social services infrastructure.

Far too often, I see Black and Latino patients arrested for minor offenses come in with fractures, bruising, or even more serious injuries from aggressive take-downs and unnecessary use of rubber bullets and other high-speed/high-power projectiles. Just the other day, I had a patient with a warrant for minor drug possession come in with bruised lungs and a face fracture because of the use of rubber bullets. Beyond the need for our legal system to stop criminalizing minor non violent offenders that are disproportionately enforced on minorities and thereby serve to preserve racial inequality, our county must end the violent take downs of these offenders and the overuse of incarceration. Many of the patients I see are also referrals from the jail MD for issues related to inability to access the care they need while incarcerated (i.e: missed a specialty surgery appointment because now is in jail, missed dialysis because now in jail, missed neurology appointment for seizure disorder because now in jail) and it must be emphasized that many of these human beings are only in jail awaiting trial. It is an injustice that any one of us could one day face, so we must act now to rectify this. These injustices have not even stopped during the COVID-19 pandemic, during which many of these patients have contracted the virus because of poor hygiene conditions in the jails and the complete inability to social distance and practice frequent hand washing and disinfecting.

While the Sheriff's and Police Departments are always fully funded, LA County has repeatedly failed to fund education, social workers, and the department of health to the extended needed—and these are undoubtedly vital to our function as a people and to our progressive betterment as a society. It should also be noted that many of the people taking care of these vulnerable populations in the public health system of LAC are not even well compensated at baseline (see: resident physician salaries, which are truly outrageous for the cost of living in LA, the amount of training and debt to become a doctor, the lack of hazard or overtime/holiday pay, and the exorbitant risk we take in coming into work everyday during a pandemic that has already claimed the lives of many frontline workers).

In short, there are countless initiatives in need of more funding and the Sheriff's and Police Departments have been overfunded for years—it is time to stop this obvious abuse and misuse of public funds. We're all watching and we will remember how you

each voted come election time.

Dr. Hasbun

To The Los Angeles County Board of Supervisors:

I am a medical student at the Keck School of Medicine at the University of Southern California. As future physicians, our professional and personal morals demand that we support the motion to defund Men's Central Jail and dramatically reduce the budgetary allotment for the LA County Sheriff's department. As doctors, we are tasked with the duty to protect and defend the rights of our patients, particularly those who are most vulnerable. **This is why I am in favor of agenda items 2, 3, 4, 6, 10, 11, 12, 13, and 17 and I strongly oppose agenda item 20.**

We are all aware of the deplorable conditions endured by the individuals incarcerated in Men's Central Jail as well as the Twin Towers facility, many of whom are treated at LAC+USC County Hospital. The conditions that these individuals are forced to endure is inhumane and absolutely intolerable. I refuse to stand by and allow such a facility to continue to operate in our city. I refuse to allow the continued abuse and degradation of our patients. As a healthcare provider, I am raising my voice in support of the motion put forth by Supervisor Solis to defund Men's Central Jail.

I urge the Board of Supervisors to recognize that it is necessary for us to find alternatives to the incarceration roadmap. We must work towards building a Los Angeles that values meeting people's healthcare needs rather than policing and caging those selfsame people for not having their healthcare needs met. I would like to voice my ardent support for the Care First budget, which demonstrates how defunding the Sheriff's department can address the crises of COVID19, homelessness, incarceration, the criminalization of mental health, and police brutality. Radical reallocation of funds in accordance with the Care First budget would demonstrate that the Board of Supervisors is taking concrete action to defund the Sheriff's department. Furthermore, it would demonstrate that the Board of Supervisors recognizes that the Sheriff's department and our broken criminal justice system are flagrant manifestations of systemic racism that plague the City of Los Angeles and its citizens.

At the next meeting of the Los Angeles County Board of Supervisors which is set to take place on Tuesday, July 7<sup>th</sup>, 2020, I am **in favor of** the following agenda items

and I urge you to take immediate action.

- **Commit to #DefendingBlackLife by establishing a County budget that Protects Black Well Being (Agenda items 2, 3, 4, 6, 10, 11, 12, 13, 17):** The county should establish clear mandates to reduce sheriff contact and spending on sheriff patrols, arrests, and incarceration in Black and Brown communities. Building on the June 9th motion to reduce not only the jail population but also arrest rates in Los Angeles county, a robust investment in reducing policing and probation supervision in Black and Brown communities is necessary to realize the promise of agenda items 3, 4, 10, 11, and 13. Over the last several years the wasteful practice of investing in harmful patrols and incarceration has been costly to Black families and communities across the county.
- **Commit to a Freedom Budget that immediately re-dresses the intertwined crises of Covid-19 and institutional racism- in the form of policing/incarceration and social divestment- that are plaguing Black communities in Los Angeles.** Dr. Barbara Ferrer of the Department of Public Health has made clear that the alarming impact COVID-19 is having on Black communities is the result of systemic injustices including discriminatory policies and institutional racism. An earnest look at the county budget reveals that these outcomes are the direct result of investments that the county has made in policing and incarceration of Black communities. Recent studies have shown that communities whose populations are at least 30 percent Black have higher mortality rates amongst houseless people, higher rates of COVID-19 infection rates, and have some of the largest investments in arresting and incarcerating people due to Sheriff contact. This includes:
  - The Sheriff's Department spent \$80 million and \$56 million incarcerating people in Lancaster and Palmdale, respectively. Both cities have witnessed higher rates of COVID-19 than many of the 346 cities and communities that have reported cases during this pandemic.
  - The Sheriff's spent \$23 million incarcerating people in Long Beach, which currently has among the highest cases of COVID-19.
  - The Department also spent \$120 million policing and incarcerating people in East and West South Central whose communities are 37% and 61%

Black respectively.

- Between 2016 and 2018 all of these areas have experienced mortality rates amongst houseless people ranging from 2 to over 9 deaths per square mile. According to the data produced by the Department of Public Health, the cities are collectively seeing COVID-19 infection rates that are well above the average infection rate of the county. This data does not include the dangerous infection rate experienced by Black people currently being held in the county jail system.
- **The motions before you today are steps to not only pursue the promise of a care first Los Angeles but they require explicit and specific steps to reverse investments that have stoked the crises of houselessness, COVID-19, criminalization, and incarceration in the lives of Black families and communities across Los Angeles.**
- **Further Defund the Sheriff Department and the Department of Probation (Agenda Item 3, 10):** As health workers, we are clear that a safe Los Angeles cannot be realized by continuing to allocate the lion's share of our tax dollars to the Sheriff's and Probation Departments. As current and future providers we understand that our role is central to operationalizing the county's commitment to a care first system of public health and safety that does not rely on incarceration and criminalization. However, the promise of a care first of Los Angeles can only be achieved if we take bolder steps to move funds away from Departments that have proven to not only fail but harm our communities. Increased cuts in the department's personnel budgets are necessary to scale up the Alternatives to Incarceration infrastructure and the workforce that is needed to achieve a 70% reduction in the jail mental health population. We urge you not to accept the 8% cut to county departments across the board but instead make deeper cuts into the Sheriff and Probations operation and personnel budgets.
- **Establish the Alternatives to Incarceration (ATI) Fund (Agenda Item #3):** The creation of a committed ATI fund is a critical step towards realizing the promise of building a Los Angeles that is rooted in care rather than criminalization and caging. We want to thank Supervisors Kuehl and Supervisor Ridley-Thomas for bringing agenda item #3 forward which sits at the center of our ability to move away from the failed model of criminalization and control that the county has relied on for decades. Investment in ATI is urgent and necessary

to combat the dangers of COVID-19 inside of LA County jails and in our communities. The CEO's meager 8% reduction in the Sheriff's budget is an insult to the cries of LA residents for change. Creating an ATI fund is a good first step, but the next step must be bold investment into ATI by shifting law enforcement dollars into the fund immediately. The County should adopt Justice LA's *Care First Budget* and adopt bold and courageous reallocations of the Sheriff's budget towards the promise of the ATI Roadmap.

- **Close Men's Central Jail and Reallocate those resources into the Alternatives to Incarceration Fund (Agenda Items 3, 13):** For decades, Men's Central has represented the County's harmful reliance on incarceration in response to homelessness, mental health crises, and other public safety concerns that would be better addressed with public health strategies. We want to thank Supervisors Solis and Supervisor Kuehl for bringing this motion forward and Supervisor Ridley-Thomas for his ongoing commitment to closing MCJ. It is critical that the Board now reinvest \$37.7 million of MCJ refurbishment funds into the ATI fund immediately. In addition we are very concerned that the refurbishment of Pitchess Detention Center undermines these efforts to continue to reduce the jail population and urge you not to allocate any funds towards refurbishing facilities. Instead invest in the ATI fund that will ensure the success of ongoing efforts to reduce the jail population.

- **Commit to Closing Men's Central Jail and ending the Harmful Warehousing of People with Mental Health Disabilities in the Jail (Agenda Item 3, 10):** We are very encouraged by the county's commitment to fulfilling its promise to maximize diversion in Los Angeles county. While Agenda item #10 calls for the diversion of 500 people over the next year, we believe a more bold and long term commitment is both necessary and possible. The closure of Men's Central Jail is a monumental step towards correcting the history of suffering caused by the warehousing of people with mental health disabilities in the jails. Freeing up these vital resources will allow the county to more boldly pursue the promise of community based treatment for upwards of 2000 people currently being held in the jail mental health population. Towards these efforts the county should mandate diversion outcomes to address the alarming racial disparity reflected in the fact that Black people have represented 41% of the jail mental population and are often the last diverted and least treated in the community and jail context.

Closing Men's Central Jail and taking meaningful steps to create an ecosystem of care across the county is absolutely necessary if we are to build a better Los Angeles.

Sincerely,

Very Respectfully,

**Katherine Bick**

To The Los Angeles County Board of Supervisors:

We are a group of medical students at the Keck School of Medicine at the University of Southern California. As future physicians, our professional and personal morals demand that we support the motion to defund Men's Central Jail and dramatically reduce the budgetary allotment for the LA County Sheriff's department. As doctors, we are tasked with the duty to protect and defend the rights of our patients, particularly those who are most vulnerable. **This is why we are in favor of agenda items 2, 3, 4, 6, 10, 11, 12, 13, and 17 and we strongly oppose agenda item 20.**

We are aware of the deplorable conditions endured by the individuals incarcerated in Men's Central Jail as well as the Twin Towers facility, many of whom are treated at LAC+USC County Hospital. The conditions that these individuals are forced to endure is inhumane and absolutely intolerable. We refuse to stand by and allow such a facility to continue to operate in our city. We refuse to allow the continued abuse and degradation of our patients. We are raising our voices in support of the motion put forth by Supervisor Solis to defund Men's Central Jail.

We urge the Board of Supervisors to recognize that it is necessary for us to find alternatives to the incarceration roadmap. We must work towards building a Los Angeles that values meeting people's healthcare needs rather than policing and caging those selfsame people for not having their healthcare needs met. We would like to voice our ardent support for the Care First budget, which demonstrates how defunding the Sheriff's department can address the crises of COVID19, homelessness, incarceration, the criminalization of mental health, and police brutality. We believe that radical reallocation of funds in accordance with the Care First budget would demonstrate that the Board of Supervisors is taking concrete action to defund the Sheriff's department. Furthermore, it would demonstrate that the Board of Supervisors recognizes that the Sheriff's department and our broken criminal justice system are flagrant manifestations of systemic racism that plague the City of Los Angeles and its citizens.

At the next meeting of the Los Angeles County Board of Supervisors which is set to take place on Tuesday, July 7<sup>th</sup>, 2020, we are **in favor of** the following agenda items and we urge you to take immediate action.

- **Commit to #DefendingBlackLife by establishing a County budget that Protects Black Well Being (Agenda items 2, 3, 4, 6, 10, 11, 12, 13, and 17):**  
The county should establish clear mandates to reduce sheriff contact and spending on sheriff patrols, arrests, and incarceration in Black and Brown communities. Building on the June 9th motion to reduce not only the jail population but also arrest rates in Los Angeles county, a robust investment in reducing policing and probation supervision in Black and Brown communities is necessary to realize the promise of agenda items 3, 4, 10, 11, and 13. Over the last several years the wasteful practice of investing in harmful patrols and incarceration has been costly to Black families and communities across the county.
- **Commit to a Freedom Budget that immediately re-dresses the intertwined crises of Covid-19 and institutional racism- in the form of policing/incarceration and social divestment- that are plaguing Black communities in Los Angeles.** Dr. Barbara Ferrer of the Department of Public Health has made clear that the alarming impact COVID-19 is having on Black communities is the result of systemic injustices including discriminatory policies and institutional racism. An earnest look at the county budget reveals that these outcomes are the direct result of investments that the county has made in policing and incarceration of Black communities. Recent studies have shown that communities whose populations are at least 30 percent Black have higher mortality rates amongst houseless people, higher rates of COVID-19 infection rates, and have some of the largest investments in arresting and incarcerating people due to Sheriff contact. This includes:
  - The Sheriff's Department spent \$80 million and \$56 million incarcerating people in Lancaster and Palmdale, respectively. Both cities have witnessed higher rates of COVID-19 than many of the 346 cities and communities that have reported cases during this pandemic.
  - The Sheriff's spent \$23 million incarcerating people in Long Beach, which currently has among the highest cases of COVID-19.
  - The Department also spent \$120 million policing and incarcerating people in East and West South Central whose communities are 37% and 61%

Black respectively.

- Between 2016-and 2018 all of these areas have experienced mortality rates amongst houseless people ranging from 2 to over 9 deaths per square mile. According to the data produced by the Department of Public Health, the cities are collectively seeing COVID-19 infection rates that are well above the average infection rate of the county. This data does not include the dangerous infection rate experienced by Black people currently being held in the county jail system.
- **The motions before you today are steps to not only pursue the promise of a care first Los Angeles but they require explicit and specific steps to reverse investments that have stoked the crises of houselessness, COVID-19, criminalization, and incarceration in the lives of Black families and communities across Los Angeles.**
- **Further Defund the Sheriff Department and the Department of Probation (Agenda Item 3, 10):** As health workers, we are clear that a safe Los Angeles cannot be realized by continuing to allocate the lion's share of our tax dollars to the Sheriff's and Probation Departments. As current and future providers we understand that our role is central to operationalizing the county's commitment to a care first system of public health and safety that does not rely on incarceration and criminalization. However, the promise of a care first of Los Angeles can only be achieved if we take bolder steps to move funds away from Departments that have proven to not only fail but harm our communities. Increased cuts in the department's personnel budgets are necessary to scale up the ATI infrastructure and the workforce that is needed to achieve a 70% reduction in the jail mental health population. We urge you not to accept the 8% cut to county departments across the board but instead make deeper cuts into the Sheriff and Probations operation and personnel budgets.
- **Establish the Alternatives to Incarceration Fund (Agenda Item #3):** The creation of a committed ATI fund is a critical step towards realizing the promise of building a Los Angeles that is rooted in care rather than criminalization and caging. We want to thank Supervisors Kuehl and Supervisor Ridley-Thomas for bringing agenda item #3 forward which sits at the center of our ability to move away from the failed model of criminalization and control that the county has relied on for decades. Investment in ATI is urgent and necessary to combat the

dangers of COVID-19 inside of LA County jails and in our communities. The CEO's meager 8% reduction in the Sheriff's budget is an insult to the cries of LA residents for change. Creating an ATI fund is a good first step, but the next step must be bold investment into ATI by shifting law enforcement dollars into the fund immediately. The County should adopt Justice LA's *Care First Budget* and adopt bold and courageous reallocations of the Sheriff's budget towards the promise of the ATI Roadmap.

- **Close Men's Central Jail and Reallocate those resources into the Alternatives to Incarceration Fund (Agenda Items 3, 13):** For decades, Men's Central has represented the County's harmful reliance on incarceration in response to homelessness, mental health crises, and other public safety concerns that would be better addressed with public health strategies. We want to thank Supervisors Solis and Supervisor Kuehl for bringing this motion forward and Supervisor Ridley-Thomas for his ongoing commitment to closing MCJ. It is critical that the Board now reinvest \$37.7 million of MCJ refurbishment funds into the ATI fund immediately. In addition we are very concerned that the refurbishment of Pitchess Detention Center undermines these efforts to continue to reduce the jail population and urge you not to allocate any funds towards refurbishing facilities. Instead invest in the ATI fund that will ensure the success of ongoing efforts to reduce the jail population.
- **Commit to Closing Men's Central Jail and ending the Harmful Warehousing of People with Mental Health Disabilities in the Jail (Agenda Item 3, 10):** We are very encouraged by the county's commitment to fulfilling its promise to maximize diversion in Los Angeles county. While Agenda item #10 calls for the diversion of 500 people over the next year, we believe a more bold and long term commitment is both necessary and possible. The closure of Men's Central Jail is a monumental step towards correcting the history of suffering caused by the warehousing of people with mental health disabilities in the jails. Freeing up these vital resources will allow the county to more boldly pursue the promise of community based treatment for upwards of 2000 people currently being held in the jail mental health population. Towards these efforts the county should mandate diversion outcomes to address the alarming racial disparity reflected in the fact that Black people have represented 41% of the jail mental population and are often the last diverted and least treated in the community and jail context.

Closing Men's Central Jail and taking meaningful steps to create an ecosystem of care across the county is absolutely necessary if we are to build a better Los Angeles.

Sincerely,

---

On behalf of the membership of the Youth Justice Coalition, I am urging the LA County Supervisors to pass motions 2, 3, 4, 5, 6, 10,11, 12, 13, 17 and 20 that support the demands outlined in the **JUSTICELA CARE FIRST** budget, including the **YOUTH JUSTICE BUDGET** (attached).

We are especially appreciative of the Board's support to expand alternatives to incarceration, to increase transparency and oversight on use of force homicides and misconduct, and to create a plan to close Men's Central Jail, within a year, to expand youth employment, and to fund the Probation Oversight Commission.

In addition, LA County should transfer at least \$600 MILLION from LA County Probation, \$300 MILLION from the LA County Sheriff's Department, and \$75 MILLION from the Office of the LA County District Attorney to the Office of Diversion and Re-entry and Youth Diversion and Development. Please prioritize youth centers, youth jobs, peacebuilders in schools and streets to replace all law enforcement in schools, and a free Metro pass for all youth, kindergarten through college.

Thank you!!!

## FREE LA! DEMANDS

### **BUILD SCHOOLS THAT PROTECT YOUTH OF COLOR AND TREAT US WITH DIGNITY AND RESPECT**

1. Remove all law enforcement (police, Probation, Sheriffs and school resource officers) from LA County schools. Dismantle the LA Unified School District Police Department and end all contracts and agreements with law enforcement and sheriffs to patrol in and around schools.
2. Invest in Peacebuilders / Intervention workers at every school to ensure a safe passage to and from schools, to increase student attendance, to address intergroup and inter-neighborhood conflict in schools and communities, to address conflicts between teachers and students, and to keep students, families and staff safe.
3. Have transformative justice programs at every school as an alternative to suspensions, expulsions and arrests.
4. Expand LA County's Youth Diversion and Development program to school districts to prevent student referrals to law enforcement and arrests countywide.
5. Redesign all schools that now look and operate more like prisons including removing metal detectors, police interrogation rooms, random searches, drug detection dogs, intimidating security fencing and razor wire. Instead, recognize that SCHOOLS BELONG TO COMMUNITIES – NOT TO DISTRICTS – and open school buildings for community use after school, on weekends and during summers as youth and community centers, including having "joint use agreements with community based organizations. Also, plant trees, encourage murals and greet every student and family member with a positive attitude.
6. End all truancy ticketing and prosecution against youth and their families. Push the state to eliminate Welfare and Institutions Code 601 that criminalizes status offenses.

### **DEFUND LAW ENFORCEMENT AND GIVE YOUTH OUR FAIR SHARE OF OUR CITY AND COUNTY BUDGETS**

1. Establish an LA City Youth Development Department and take at least \$200 Million from the LAPD's and City Attorney's budget to fund 50 youth centers; 25,000 youth jobs, and 500 intervention workers / peacebuilders in schools and streets.
2. Create similar programs by cutting law enforcement budgets in other cities.
3. Expand the County Youth Development and Diversion Program into a Comprehensive County Youth Development Department and take at least \$300 Million from the LA County Sheriff's Department, at least \$25 million from the District Attorney's Budget and at least \$600 Million from Probation's Budget (including dismantling Juvenile Probation) to: A. Fund 100 youth centers, 50,000 youth jobs, and 500 intervention workers / peacebuilders in schools and streets, B. Create county alternatives to juvenile halls, Probation camps and the state's youth prisons (DJJ), C. Fund the new County Youth Commission – by youth, about youth, for youth, and to D. Transfer pre-trial assessment from Probation to the Office of Diversion and Re-entry with a guarantee for pre-arraignment.
4. End all discrimination and guarantee all young people's access to city and county facilities, benefits, jobs, services and opportunities – prioritizing youth who are undocumented, houseless, in foster care and/or have been arrested.
5. Take at least 25% of the MTA's contracts with the Los Angeles Police Department, LA County Sheriff's Department and Long Beach Police Department to provide free, unlimited Metro passes for all youth, Kindergarten through college.
6. End system fees and fines for all ages - (amnesty and no new charges for citations, vehicle impounds, failures to appear, failures to pay, fees and fines for court, detention and probation, and close LA County Probation's fake juvenile citation program). Clear all past debt and driver's license holds for youth, their families and everyone else in the system. This will keep hundreds of millions of dollars in the community.

## **END YOUTH ARRESTS, INCARCERATION AND DEPORTATION**

1. End prosecution of all youth under 16.
2. Expand youth diversion up to age 25 and divert all youth from arrest for misdemeanors and low-level felonies.
3. End detention and immediately release everyone (all ages) who is locked up on Probation and Parole violations, misdemeanors and bench warrants.
4. Push the state to change California's Welfare and Institutions Code and Penal Code to make diversion possible for all charges.
5. Transfer LA County Probation Department's pre-trial assessment responsibilities to community-based organizations in partnership with the Office of Diversion and Re-entry and guarantee an assessment for everyone - all ages - within 8 hours.
6. Push the state for a 24-hour arraignment for all ages - including weekends and holidays
7. Close all juvenile halls and Probation camps.
8. Close juvenile Probation and transfer all youth under Probation custody and supervision - along with at least \$600 million in Probation funds - to Youth Diversion and Development (see above).
9. Create youth development and treatment alternatives to the state's youth prison system (Division of Juvenile Justice) to end youth incarceration (see above).
10. Push the state to expand the age of juvenile court up to age 25 and end all youth transfers into adult courts and prisons.
11. Push the state to end Life Without Parole Sentences, the highest number of people sentenced to die in prison are youth between the ages of 18 and 25.
12. Fund groups led by formerly incarcerated people and our families to open "FRESH OUT CAFES" outside courts and jails to WELCOME PEOPLE HOME, get them fed, clothed and ensure they have a safe place to stay, and connect them to resources.
13. Protect all youth and their families against deportation by fully funding legal support for immigration applications, bailing all youth out of detention and guaranteeing deportation defense. Fund these services by taking \$50 Million from the District Attorney's budget.

## **PROTECT YOUTH OF COLOR AGAINST LAW ENFORCEMENT VIOLENCE AND RACIAL PROFILING**

1. End all shared gang databases in LA County and push the state to dismantle CalGang.
2. End all gang injunctions in LA County. (LA created the world's first "war on gangs," including the world's first gang units, gang databases and gang injunctions.)
3. Transform gang injunction zones into community empowerment zones, and invest a larger share of peacebuilders, jobs and youth centers in those areas.
4. End all use of gang enhancements at sentencing.
5. End militarized policing including dismantling racist gang units and SWAT units, firing all law enforcement who are a part of sheriff and police gangs, and stopping all local law enforcement acceptance of military aid and equipment – including destroying all military equipment that currently exists in LA.
6. Transform 911 to prioritize and fund community peacebuilders and health workers as first responders.
7. Ban all use of choke holds, hobble restraints, and shooting into moving vehicles countywide.
8. Guarantee full implementation by all of LA's 57 law enforcement agencies of the changes in state law - AB 953, SB 1421 and AB 392 - and release the records of all law enforcement officers involved in use of force, sexual misconduct, corruption or dishonesty on the job.
9. Appoint a Special Prosecutor to immediately investigate all use of force incidents in LA County and report results to the LASD Civilian Oversight Commission, the LAPD Police Commission, and local City Councils. Make the Prosecutor available to families to re-open past cases.

10. Eliminate all MOUs between the District Attorney and law enforcement agencies that the DA won't investigate use of force until the law enforcement agency responsible completes their investigation – usually many months after the incident.
11. Guarantee full implementation by LA County and all cities of the Family Bill of Rights following law enforcement use of force.
12. Eliminate ICE from LA County, from all courts and jails, and end all collusion between local law enforcement and ICE.
13. Work with local communities to design and place an historic marker at site of every person killed by law enforcement, as well as at the sites of law enforcement attacks on the community including the Chinese Massacre, Sailor Riots – wrongly called the Zoot Suit Riots, the location of the police stop of Ronald and Marquette Frye that sparked the Watts rebellion, the first use of SWAT against the Black Panthers on Central Avenue, and the location of the beating of Rodney King to name a few.

## PROTECT THE RIGHTS OF YOUTH OF COLOR TO PROTEST AND EXPRESS OUR ANGER, FRUSTRATIONS AND DEMANDS

1. End the curfews.
2. Tell law enforcement to stand down and remove the National Guard from LA County.
3. Put peacebuilders and legal support on the streets to protect the youth from law enforcement use of force and arrests during all protests now and in the future.
4. Declare an amnesty (including erasing all convictions, dropping all pending charges, eliminating all fees and fines, releasing impounded cars and reimbursing all impound fees for everyone criminalized during the protests against police violence.
5. Teach movement building history and legal rights to all LA County youth - elementary through high school - as part of the school curriculum - including what to do when you are stopped by the police taught by legal defense organizations - not by law enforcement or prosecutors.
