		Oppose	Ashley Jeffery	NO MANDATORY VACCINES! Some experts agree the pandemic is over, yet you guys still propagate the lie that is still widely spread and a lot of people are getting sick...yet how can this be, when most of the hospitals are mostly empty? And nurses are getting laid off left and right. It's a slippery slope if you guys make compulsory vaccines; obviously you guys want rolling vaccines, rolling lockdowns [don't work], and people to restrict their god given right to breathe fresh air with a ridiculous face mask! They proved to that asymptomatic people don't really spread it either. lbry.tv/@Blackpillrevolution:7/Former-Pfizer-VP-Michael-Yeadon-says-pandemic-is-over.-:a
			stephen loizos	False PCR Tests low fatalities. Covid 19 is a hoax. No more lockdowns. No more masks.
		Other	Peter S Alamillo	Vaccines should not be distributed according to skin color.
