Do not make it more difficult for us to make sure we are being treated fairly by the Assessor. Valuation is not a study of averages in LA where a \$4MM home can be next to one worth 15% of that. based on vintage and condition.

			Steven Brookenthal	I previously submitted an erroneous vote. The mobile version of this page makes it far too easy to do this.
			Steven Hou	
			Sujata Sen	I am writing to express my opposition on the proposed \$46 filing fee with the Assessment Appeals board. 			Tim Howie	I call on the supervisors to reject charge a \$46 filing fee for applications to review property valuation assessments.  Firstly, it can not be right that any organization makes up its own invoices and then charges a fee to review whether those charges are reasonable.  Secondly, as a tax payer, I have am already paying for the resources that are required to process appeals and so the people filing an application should not be expected to pay again.  Thirdly, the current house price boom will bring a substantial windfall boost in property tax income and now is not the time to introduce a new fee.  Please do the right thing and reject this proposal.
			Virginia W Lincoln	Oooooops, I wanted to say more, . . . I am writing to express my opposition on the proposed \$46 filing fee with the Assessment Appeals board. This has been a no-cost filing service for over 25 years and will be a burden for all taxpayers seeking to file an appeal on their already incorrect assessment by the county. I ask that you please reconsider this proposed fee and not implement it now or ever. . . .
			Virginia W Lincoln	I pay almost \$9,000.00 on a small house - - TOO MUCH. And, since 2018, the hearing personnel, throw anything at me to raise my property taxes (even though, the house I am being compared to are VERY different from mine).
