Re-establish the Reward Offer in the Murder of Corey Pickett

On the evening of Friday, July 12, 2019, 42-year-old Corey Pickett was visiting a friend's home on the south side of the 1000 block of West 94th Street in the Westmont community of unincorporated Los Angeles County. While at the location, his brother arrived at the residence in a new Maserati. Mr. Pickett and his friend Reginald McFerren walked to the front of the residence to look at the new car, which was parked in a driveway, when a vehicle drove towards them on 94th Street from Budlong Avenue at approximately 11:35 p.m. The suspects' vehicle, described as a 4-door sedan, abruptly stopped east of the victims' location and two male African American suspects, possibly in their 20s, exited the front and rear passenger seats and without cause, fired approximately twenty rounds at the victims. Corey Pickett was struck approximately eight times and succumbed to his injuries at the scene. Reginald McFerren was struck once in the lower back and sustained a non-life-threatening gunshot wound. The suspects re-entered the sedan and fled eastbound on 94th Street towards Vermont Avenue and out of view.

The murder of Corey Pickett was unprovoked. The victims and witness are not affiliated with any gangs, but the suspects are believed to be gang affiliated. Corey is survived by his mother, brother, and adult daughter.
