500 West Temple Street
Los Angeles, California 90012

CELIA ZAVALA
EXECUTIVE OFFICER

Dear Supervisors:

**SERVICES CONTRACT
TRANSPORTATION CORE SERVICE AREA
WHITTIER, ET AL., DIAL-A-RIDE SERVICES IN THE
UNINCORPORATED COUNTY COMMUNITIES OF AVOCADO HEIGHTS,
BASSETT, HACIENDA HEIGHTS, ROWLAND HEIGHTS, SOUTH SAN GABRIEL,
AND UNINCORPORATED COUNTY AREAS SURROUNDING THE CITIES OF
COVINA, LA PUENTE, WEST COVINA, AND WHITTIER
(SUPERVISORIAL DISTRICTS 1, 4, AND 5)
(3 VOTES)**

SUBJECT

Public Works is seeking Board approval to award a services contract to Empire Transportation, Inc., a Community Business Enterprise, to provide dial-a-ride services in the unincorporated County communities of Avocado Heights, Bassett, Hacienda Heights, Rowland Heights, South San Gabriel, and unincorporated County areas surrounding the cities of Covina, La Puente, West Covina, and Whittier.

IT IS RECOMMENDED THAT THE BOARD:

1. Find that the contract work is statutorily exempt from the provisions of the California Environmental Quality Act for the reasons stated in this Board letter and in the record of the project.
2. Find that these services can be more economically performed by an independent contractor than by County employees.

3. Award and direct the Chair to execute a contract for dial-a-ride services with Empire Transportation, Inc., a Community Business Enterprise for Whittier, et al. This contract will be for a period of 6 months with five 1-year renewal options and a month-to-month extension up to 6 months for a maximum potential contract term of 72 months and a maximum potential contract sum of \$7,622,443.
4. Delegate authority to the Director of Public Works or his designee to renew this contract for each additional renewal option and extension period if, in the opinion of the Director of Public Works or his designee, Empire Transportation, Inc., a Community Business Enterprise, has successfully performed during the previous contract period, and the services are still required; to approve and execute amendments to incorporate necessary changes within the scope of work; and to suspend work if, it is in the best interest of the County to do so.
5. Delegate authority to the Director of Public Works or his designee to annually increase the contract amount up to an additional 10 percent of the annual contract sum, which is included in the maximum potential contract sum for unforeseen additional work within the scope of the contract, if required.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Approval of the recommended action will award a contract to Empire Transportation, Inc., a Community Business Enterprise, for a dial-a-ride service in the unincorporated County communities of Avocado Heights, Bassett, Hacienda Heights, Rowland Heights, South San Gabriel, and unincorporated County areas surrounding the cities of Covina, La Puente, West Covina, and Whittier. These services will provide eligible elderly and persons with disabilities in these communities with transportation to health care facilities, shopping centers, senior centers, and other destinations within the defined service areas, as shown in Enclosure A.

The contract also includes the cost for major vehicle repairs; graphics; and automated transit vehicle system devices, including vehicle locators and video camera equipment for County-provided service vehicles in accordance with the contract.

The current contract will expire on December 31, 2022. The award of this contract will continue the current services by the recommended contractor.

Implementation of Strategic Plan Goals

These recommendations support the County Strategic Plan: Strategy II.2, Support the Wellness of our Communities, Objective II.2.4, Promote Active and Healthy Lifestyles by contracting with the contractor that has the specialized expertise to provide these services accurately, efficiently, timely, and in a responsive manner will support Public Works in meeting these goals.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

The contract amounts below are based on Public Works' estimated annual utilization of the contractor's service at the prices quoted by the contractor. The sums for each term of the maximum contract period if all optional renewal periods are exercised is as follows:

The sum for the initial 6-month term is \$612,802.

The sum for the first option term is \$1,240,866.

The sum for the second option term is \$1,256,261.

The sum for the third option term is \$1,271,694.

The sum for the fourth option term is \$1,287,088.

The sum for the fifth and final option term is \$1,302,488.

The sum for the month-to-month option to extend up to 6 months is \$651,244.

The maximum potential contract sum is \$7,622,443 with a maximum contract period of 72 months. The total maximum potential contract amount includes major vehicle repairs; graphics; and automated transit vehicle system devices, including vehicle locators and video camera equipment for County-provided service vehicles; and 10 percent of the annual contract sum for unforeseen additional work within the scope of the contract.

Funding for these services is included in the First, Fourth, and Fifth Supervisorial District's Proposition A Local Return Transit Operations Fund (Fund CP6 - Services and Supplies) Fiscal Year 2022-23 Budget. Funds to finance the contract's option years and 10 percent additional funding for contingencies will be requested through the annual budget process.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The recommended contractor Empire Transportation, Inc., a Community Business Enterprise, is located in Bellflower, California. This contract will commence on January 1, 2023, or upon the Board's approval, whichever occurs last, for a period of 6 months. With the Board's delegated authority, Public Works may renew the contract for five 1-year renewal options and a month-to-month extension up to 6 months for a maximum potential total contract term of 72 months.

County Counsel has approved the recommended contract which has been executed by Empire Transportation, Inc., a Community Business Enterprise, Empire Transportation, Inc. (Enclosure B). The recommended contract was solicited on an open competitive basis and is in accordance with applicable Federal, State, and County requirements.

A standard services contract has been used that contains terms and conditions in compliance with the Board's ordinances, policies, and programs. Enclosure C reflects the proposer's utilization participation and Community Business Enterprise program information. Data regarding the proposer's minority participation is on file with Public Works. The contractor was selected upon final analysis and consideration without regard to race, creed, gender, or color.

This work is being contracted in accordance with procedures authorized under County Charter, Section 44.7, Part 3, and Chapter 2.121 (Contracting with Private Business) of the Los Angeles County Code. The mandatory requirements for contracting set forth in the Los Angeles County Code, Section 2.121.380, have been met.

Empire Transportation, Inc., has agreed to pay its employees the current Living Wage Rate approved by the Board on December 1, 2015, and to comply with the County's Living Wage reporting requirements. The County's Proposition A and Living Wage Ordinance provisions apply to this proposed contract, as County employees can perform these contracted services. The contract complies with all of the requirements of the County Code, Section 2.201.

Using methodology approved by the Auditor-Controller, the Proposition A cost analysis indicates that the recommended contracted services can be performed more economically by the private sector. The Auditor-Controller has reviewed these calculations and concurs.

This Proposition A contract does not allow cost-of-living adjustments for the optional renewal periods. This contract does contain a provision for monthly fuel cost adjustments.

ENVIRONMENTAL DOCUMENTATION

These services are statutorily exempt from the provisions of the California Environmental Quality Act, pursuant to Section 21080(b)(10) of the Public Resources Code. This exemption provides for the implementation of passenger or commuter transit services.

CONTRACTING PROCESS

A notice of the Request for Statement of Qualifications (RFSQ) was released in 2016, and 2019, and it is currently open continuous. RFSQ was placed on the County's "Doing Business with Los Angeles County" website (Enclosure D); Public Works' "Do Business with Public Works" website; Twitter; and advertisement was placed in the Los Angeles Times. Also, Public Works informed 1,198 Local Small Business Enterprises; and 106 independent contractors, various business development centers, and municipalities about this business opportunity.

A total of ten Statement of Qualifications (SOQs) were received in response to the RFSQ. The SOQs were first reviewed to ensure they met the mandatory requirements outlined in the RFSQ. Ten SOQs were then evaluated by an evaluation committee consisting of Public Works staff, utilizing the informed averaging methodology for applicable criteria. The committee's evaluation was based on criteria described in the RFSQ, including experience, work plan, financial resources, performance history/references, and demonstrated controls over labor/payroll recordkeeping. Based on this evaluation, one of the ten SOQs did not receive a score equal to or above the evaluation's minimum passing score and was ineligible to be placed on the Qualified Contractors List. The remaining nine Statements of Qualifications received a passing score and were placed on the Qualified Contractors List.

On February 28, 2022, Public Works issued an Invitation for Bids soliciting bids from the apparent responsive and responsible vendors on the Qualified Contractors List. On March 29, 2022, one bid was received. The bid was evaluated based on the price category. Based on this evaluation, it is recommended that a contract be awarded to the apparent responsive and responsible contractor, Empire Transportation, Inc., a Community Business Enterprise, located in Bellflower, California. Public Works believes the contractor's price to be reasonable for the work requested.

Public Works has accessed available resources to review and assess the proposed contractor's past performance, history of Labor Law violations, and prior performance on County contract.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The award of this contract will continue the service without disruption to the public and will not result in the displacement of any County employees as this service is presently contracted with the private sector.

CONCLUSION

Please return one adopted copy of this Board letter along with the Contractor Execute and Department Conform originals of the contract to the Public Works, Business Relations and Contracts Division.

Respectfully submitted,

MARK PESTRELLA, PE

Director

AGREEMENT FOR
WHITTIER ET AL. DIAL-A-RIDE SERVICE (BRC0000274)

THIS AGREEMENT, made and entered into this 1st day of November, 2022, by and between the COUNTY OF LOS ANGELES, a subdivision of the State of California, a body corporate and politic (hereinafter referred to as COUNTY) and EMPIRE TRANSPORTATION, INC., a California Corporation, located at 8800 Park Street, Bellflower, CA 90706, (hereinafter referred to as CONTRACTOR). COUNTY and CONTRACTOR are each a Party and collectively referred to as the Parties.

WITNESSETH

FIRST: The CONTRACTOR, for the consideration hereinafter set forth and the acceptance by the Board of Supervisors (Board) of said COUNTY of the CONTRACTOR'S Proposal filed with the COUNTY on March 29, 2022, hereby agrees to provide services as described in this Contract for Whittier, et al. Dial-A-Ride Service.

SECOND: This AGREEMENT, together with Exhibit A.1, Intentionally Omitted; Exhibit A.2, Scope of Work; ; Exhibit A.3, Schedule of Prices; Exhibit A.4, Staffing Plan and Cost Methodology; Exhibit B, Service Contract General Requirements; Exhibit C, Internal Revenue Service Notice 1015; Exhibit D, Safely Surrendered Baby Law Posters; Exhibit E, Defaulted Property Tax Reduction Program; Exhibit F.2A, Performance Requirements Summary; Exhibit G.1, Service Requirements and Area Maps; Exhibit H.1, County-Provided Services Vehicle; Exhibit I.1, Contractor-Provided Service Vehicle Requirements; Exhibit J., Service Vehicle Appearance/Cleanliness Checklist; Exhibit K, Driver's Daily Vehicle Report; Exhibit L.1. DPW Vehicle Accident or Incident Form; Exhibit M, Preventive Maintenance; Exhibit N, Intentionally Omitted; Exhibit O, Controlled Substance and Alcohol Testing Program; Exhibit P, Transit Security Plan; Exhibit Q, NTD Paratransit Annual Summary Report; Exhibit R, Daily Transportation Trip Sheet; and Exhibit S, Bid Submission Instructions; the CONTRACTOR'S Statement of Qualifications and Bid Submission, all attached hereto; the Request for Statement of Qualifications (RFSQ) including Exhibits thereto; Addenda to the RFSQ, and the Invitation for Bids and Addenda thereto , all of which are incorporated herein by reference, are agreed by the COUNTY and the CONTRACTOR to constitute the Contract.

THIRD: The COUNTY agrees, in consideration of satisfactory performance of the foregoing services in strict accordance with the Contract specifications to the satisfaction of the Director of Public Works, to pay the CONTRACTOR pursuant to the Schedule of Prices set forth in the Bid and attached hereto as Forms PW-2.1 through PW-2.7, an amount not to exceed the maximum potential contract sum of \$7,622,443 for the entire contract period or such greater amount as the Board may approve (Maximum Contract Sum). The sum for the initial term is \$612,802; the sum for the first optional term is \$1,240,866; the sum for the second optional term is \$1,256,261; the sum for the third optional term is \$1,271,694; the sum for the fourth optional term is \$1,287,088; the sum for the fifth and last optional term is \$1,302,488; and a month-to-month extension up to 6 months at the PW-2.6 rates for \$651,244.

FOURTH: This Contract's initial term shall be for a period of six month commencing on January 1, 2023, or upon the Board's approval, whichever occurs last. The COUNTY

shall have the sole option to renew this Contract term for up to five additional one-year period and six month-to-month extension, for a maximum total Contract term of six years. Each such option shall be exercised at the sole discretion of the COUNTY. The COUNTY, acting through the Director, may give a written notice of intent to renew this Contract at least ten days prior to the end of each term. At the sole discretion of the COUNTY, in lieu of renewing the Contract for the full one year, this Contract may be renewed on a month-to-month basis, upon written notice to the CONTRACTOR at least ten days prior to the end of a term. The Director will provide a written notice of nonrenewal at least ten days before the last day of any term, in which case this Contract shall expire as of midnight on the last day of that term. Where all option years have been exercised, the Director will not provide a written notice of nonrenewal.

FIFTH: The CONTRACTOR shall bill monthly in arrears, for the work performed during the preceding month. Work performed shall be billed at the hourly rates quoted in Forms PW-2.1-PW-2.7, Schedule of Prices for the applicable term.

SIXTH: Public Works will make payment to the CONTRACTOR within 30 days of receipt and approval of a properly completed and undisputed invoice. However, should the CONTRACTOR be certified by the COUNTY as a Local Small Business Enterprise, payment will be made in accordance with Board of Supervisors Policy No. 3.035, Small Business Liaison and Prompt Payment Program. Each invoice shall be in triplicate (original and two copies) and shall itemize the work completed. The invoices shall be submitted to:

Los Angeles County Public Works
Attention Fiscal Division, Accounts Payable
P.O. Box 7508
Alhambra, CA 91802-7508

SEVENTH: In no event shall the aggregate total amount of compensation paid to the CONTRACTOR exceed the amount of compensation authorized by the Board. Such aggregate total amount is the Maximum Contract Sum.

EIGHTH: The CONTRACTOR understands and agrees that only the designated Public Works Contract Manager is authorized to request or order work under this Contract. The CONTRACTOR acknowledges that the designated Contract Manager is not authorized to request or order any work that would result in the CONTRACTOR earning an aggregate compensation in excess of this Contract's Maximum Contract Sum.

NINTH: The CONTRACTOR shall not perform or accept work requests from the Contract Manager or any other person that will cause the Maximum Contract Sum of this Contract to be exceeded. The CONTRACTOR shall monitor the balance of this Contract's Maximum Contract Sum. When the total of the CONTRACTOR'S paid invoices, invoices pending payment, invoices yet to be submitted, and ordered services reaches 75 percent of the Maximum Contract Sum, the CONTRACTOR shall immediately notify the Contract Manager in writing. The CONTRACTOR shall send written notification to the Contract Manager when this Contract is within six months from expiration of the term as provided for hereinabove.

TENTH: No cost-of-living adjustment shall be granted for the optional renewal periods.

ELEVENTH: In the event that terms and conditions, which may be listed in the CONTRACTOR'S Proposal, conflict with the COUNTY'S specifications, requirements, and terms and conditions as reflected in this AGREEMENT including, but not limited to, Exhibits A through S, inclusive, the COUNTY'S provisions shall control and be binding.

TWELFTH: In the event that there are discrepancies in the work requirements between the Scope of Work from the RFSQ document and this IFB's Scope of Work resulting from the RFSQ (2016-SQPA001), per the sole discretion of the Contract Manager, the higher requirements shall prevail and be binding.

THIRTEENTH: The CONTRACTOR agrees in strict accordance with the Contract specifications and conditions to meet the COUNTY'S requirements.

FOURTEENTH: This Contract constitutes the entire agreement between the COUNTY and the CONTRACTOR with respect to the subject matter of this Contract and supersedes all prior and contemporaneous agreements and understandings. This CONTRACT may be signed by the Parties hereto in separate counterparts, including both counterparts that are executed on paper and counterparts that are in the form of electronic signatures. Electronic signatures include facsimile or e-mail electronic signatures. Each executed counterpart shall be deemed an original. All counterparts, taken together, constitute the executed Agreement.

The Parties hereby acknowledge and agree that electronic records and electronic signatures, as well as facsimile signatures, used in connection with the execution of this Agreement and electronic signatures, facsimile signatures or signatures transmitted by electronic mail in so-called pdf format shall be legal and binding and shall have the same full force and effect as if a paper original of this Agreement had been delivered and had been signed using a handwritten signature. Contractor and County (i) agree that an electronic signature, whether digital or encrypted, of a Party to this Agreement is intended to authenticate this writing and to have the same force and effect as a manual signature, (ii) intend to be bound by the signatures (whether original, faxed or electronic) on any document sent or delivered by facsimile or, electronic mail, or other electronic means, (iii) are aware that the other Party will rely on such signatures, and (iv) hereby waive any defenses to the enforcement of the terms of this Agreement based on the foregoing forms of signature. If this Agreement has been executed by electronic signature, all Parties executing this document are expressly consenting under the United States Federal Electronic Signatures in Global and National Commerce Act of 2000 (E-SIGN) and California Uniform Electronic Transactions Act (UETA)(Cal. Civ. Code § 1633.1, et seq.), that a signature by fax, e-mail or other electronic means shall constitute an Electronic Signature to an Electronic Record under both E-SIGN and UETA with respect to this specific transaction.

EXHIBIT A.1

INTENTIONALLY OMITTED

SCOPE OF WORK

WHITTIER, ET AL., DIAL-A-RIDE SERVICE (BRC0000274)

A. Public Works Contract Manager

Public Works Contract Manager will be Ms. Sandra Perez of the Transportation Planning and Programs Division, who may be contacted at (626) 458-3955, e-mail address: saperez@dpw.lacounty.gov, Monday through Thursday, 7:30 a.m. to 5:00 p.m. The Contract Manager, or his/her designee, is the only person authorized by Public Works to request work from the Contractor. From time to time, Public Works may change the Contract Manager. The Contractor will be notified in writing when there is a change in the Contract Manager.

B. Work Location

This is a community Dial-A-Ride Service (Service) for eligible elderly and persons with disabilities who reside in the unincorporated County areas of Avocado Heights, Bassett, Hacienda Heights, Rowland Heights, and South San Gabriel, and unincorporated County areas surrounding the Cities of Covina, La Puente, West Covina, and Whittier. This Service will provide residents of these areas with transportation to health care facilities, shopping, recreation, senior centers, and other destinations within the defined service area. The service area is defined in Exhibit G.1, Service Requirements and Area Maps.

C. Request of Work from Contractor

The County reserves the right to determine if any work is or will be needed and/or requested under this Contract at the County's sole and absolute discretion. The Contractor waives all claims against the County for damages or loss of any nature resulting from the County's failure to use the Contractor's services including, but not limited to, lost profit.

D. Contract Cost

All services required in this Exhibit A, Scope of Work, shall be included in the price quoted by the Contractor in Forms PW-2.1-2.5, Schedule of Prices, unless stated otherwise in the Contract. The term Form PW-2 herein refers collectively to all of the Forms PW-2.1-2.5, unless otherwise specified.

E. Work Description

The work under these specifications shall be the implementation of a Paratransit (Dial-A-Ride) Service. Passengers requesting a ride on this curb-to-curb demand responsive service will be required to call the Contractor's reservation dispatcher at least 24 hours in advance for their preferred pickup and return time.

The Contractor shall operate the Service subject to the provisions and requirements of this Contract. The Contractor shall do all of the following, including, but not limited to, providing executive and administrative management; employment and supervision of all personnel, including supervisors, Service Vehicle operators, dispatchers, mechanics, and other maintenance personnel; operation of training and safety programs; maintenance and repair of Service Vehicles and equipment; processing of warranty claims for the County's Service Vehicles; assisting in public relations, promotions, and patron complaints; mailing, processing, and storing client applications and correspondence, maintaining a database of client information and ridership records; preparation of reports and analysis of financial and other matters; clerical, statistical, and bookkeeping services; and providing all Service Vehicle operations, facilities, equipment, parts, and supplies required in the operation of Service, unless specifically identified to be contributed by the County.

The County has established the Service requirements and the Service area as described in Exhibit G, Service Requirements and Area Map. If Contract Manager determines that Service may be improved by revisions to scheduling, Service Vehicle assignment, fleet size, or areas serviced, Contract Manager and Contractor shall plan and institute such changes jointly within the terms of this Contract.

The County is committed to ensuring that no patron is excluded from participation in, or denied the benefits of, its services on the basis of race, color or national origin as protected by law including Title VI of the Civil Rights Act of 1964, as amended. The Contractor must comply with these requirements.

F. Equipment

1. Paratransit (Dial-A-Ride) Vehicles

Service shall be provided by the Contractor using County-provided vehicles. The Contractor will operate Paratransit (Dial-A-Ride) Service utilizing County-provided vehicles to the maximum extent possible. When County-provided vehicles are unavailable, Contractor-provided vehicles shall be used for this Service. The Contractor shall use only Contractor-provided vehicles for all administrative purposes.

a. County-Provided Service Vehicles

The County may lease to the Contractor eleven revenue Service Vehicles as described in Exhibit H.1, County-Provided Service Vehicles, hereinafter referred to as "County Service Vehicles". The County Service Vehicles may be leased to Contractor at the rate of \$1.00 per month. Upon receiving County Service Vehicles, Contractor shall be responsible for the operation and maintenance

of the vehicles and for all costs for insurance, servicing, and storage.

b. Contractor-Provided Service Vehicles

The Contractor may be required to furnish eleven replacement revenue Service vehicles, as described in Exhibit I.1 Contractor-Provided Service Vehicles Requirements, hereinafter referred to as "Contractor Service Vehicles", to either replace a loss of County Service Vehicles (due to traffic accidents, vehicle fires, etc.) or furnish additional revenue service vehicles as supplemental Service Vehicles because of changes in Service demand. The Contractor shall also be required to provide an appropriate number of spare Service Vehicles (a minimum of one spare vehicle).

Contractor-provided vehicles described must meet or exceed the requirements in Exhibit I.1, Contractor-Provided Service Vehicle Requirements.

c. Temporary and/or Supplemental Contractor-Provided Service Vehicles

The Contractor may be instructed by the Contract Manager to provide temporary and/or supplemental Contractor-provided Service Vehicle(s) for Service in the event County Service Vehicles have been prematurely removed from the Service and not replaced or the demand for Service exceeds the capacity provided by the County Service Vehicles, or County Service Vehicles will be out-of-service for a prolonged period of time (e.g., major repairs, accident damage, Service Vehicle has reached its service life, etc.) in excess of 24 consecutive hours. The Contract Manager shall approve these Service Vehicles provided by the Contractor prior to being placed in Service. The County will pay the hourly rate for Contractor-provided Service Vehicles as specified in Form PW-2, Schedule of Prices.

The Contractor shall be responsible for providing sufficient and adequate Service Vehicles, including spare Service Vehicles, which meet or exceed the requirements described in Exhibit I.1, Contractor-Provided Service Vehicle Requirements. The Contractor shall provide the Contract Manager with copies of current DMV registrations for Contractor-provided Service Vehicles and provide updated registrations throughout the duration of this Contract.

The County does NOT commit to replacing the existing County Service Vehicles, or to replacing any Contractor-provided

Service Vehicles with County Service Vehicles. However, the County may do so at its discretion.

As required by the California Air Resources Board, any new Service Vehicle introduced into Service shall be low emission alternatively fueled (i.e., propane, natural gas, or electric) or low emission gasoline.

d. Support Service Vehicles

The Contractor shall provide all other Service Vehicles necessary for adequate supervisory, maintenance, and support in providing the Service. These Service Vehicles shall be in good operating condition and appearance. These Service Vehicles shall be provided at no additional cost.

e. Supplemental Taxi Service

The Contractor may provide supplemental taxi service, as necessary, to ensure on-time performance. Supplemental taxi service may also be used in the event that Service Vehicles are out-of-service for the day and return trips have not been completed.

2. General Terms for Paratransit Vehicles

Contractor shall acknowledge the receipt, condition, and working order of any County Service Vehicles and equipment. This acknowledgement applies to County Service Vehicles and equipment received at start of Service as well as those subsequently added to the fleet.

Contractor shall maintain all Service Vehicles, related accessories, equipment, and facilities required per this Contract in good order and in a condition satisfactory to the Contract Manager. Upon request by Contract Manager, reports regarding the Service Vehicles' condition, operation status, complaints, or other relevant information pertaining to the Service shall be forwarded to the Contract Manager. The Contractor shall not seek additional compensation for any costs incurred to meet the requirements in this paragraph.

In the event that one of the County Service Vehicles assigned to the Service breaks down, the Contractor shall provide the necessary spare Americans with Disabilities Act (ADA) - compliant Service Vehicle(s) equipped with air conditioning and lift equipment within 30 minutes. The spare Service Vehicles shall be similar in kind to the County Service Vehicles being used in this Service or as specified in Exhibit I.1, Contractor-Provided Service Vehicle Requirements. The cost of the spare Service Vehicles shall be included in the Contractor's overall Service operating costs. The Contractor's equipment and facilities shall meet all

requirements of applicable Federal, State, and local ordinances and laws, including, but not limited to, the California Highway Patrol (CHP), the California Air Resources Board, South Coast Air Quality Management District, and ADA.

Contractor shall be prohibited from the sale, assignment, or sublease of County Service Vehicles or equipment. The Contractor shall also be prohibited from using County Service Vehicles or equipment for any purpose other than providing the Service as specified in this Contract.

Upon termination or suspension of this Contract, the Contractor shall return and deliver all County Service Vehicles, equipment, and all other peripheral equipment to the County (date, time, and address to be specified by the Contract Manager) with no deferred maintenance or damages with the exception for reasonable wear and tear.

Contract Manager may inspect Service Vehicles, equipment and all other peripheral equipment prior to the Contract's termination to assess condition of the Service Vehicles and equipment. The Contractor shall be responsible for performing all the work necessary to correct any deficiencies noted. Contract Manager, at his/her own discretion, may withhold up to the final two months of Service payment until Contractor completes repair or deduct the cost of correcting the deficiencies from payment due to Contractor, if Contractor fails to perform the necessary work to correct the deficiencies within the time specified by Contract Manager.

Contractor shall, at its sole expense, repair or replace any County Service Vehicle and/or equipment, which may be damaged or lost by reason of collision, fire, negligence, abuse, vandalism, or other like cause. If the equipment is to be replaced by the Contractor, it shall be with a County-approved exact duplicate or as stipulated by the County. In lieu of a replacement Service Vehicle or equipment, the County may accept, at the Contract Manager's sole option, insurance funds plus the Contractor's deductible or the County's Net Book Value of the Service Vehicle or equipment, whichever is greater. The Contractor shall pay the County the original cost of the Service Vehicle for any total loss within the first 90 days that a new Service Vehicle is placed into service.

The County's Net Book Value of Service Vehicles shall be based upon the straight-line depreciation over the years of useful life, from the date of final sale through the date of loss (DOL). Salvage value, if any, will be determined by the market value of the damaged asset at the DOL, as determined by the County, and will be credited to the Contractor. The original cost of the new Service Vehicle(s) is to be used as the basis for depreciation. All payments shall be made within 90 calendar days of DOL.

Liquidated Damages may be assessed each month for claims unresolved after 120 calendar days.

Should Contractor-provided Service Vehicles be required, the Contractor shall supply a sufficient number of adequate Service Vehicles, all well maintained and in good and clean condition. Their air conditioning and lift equipment shall be in good working order. The Contractor shall supply spare Service Vehicles in the event of a County Service Vehicle shortage, not exceeding a period of 48 consecutive hours, and substitute Service Vehicles in the event of a County Service Vehicle shortage exceeding a period of 48 consecutive hours.

Contractor shall supply a two-way communication dispatch system in all spare and substitute Service Vehicles to ensure a consistent fulfillment with the terms of this Contract. Shortages may occur when County Service Vehicles are out-of-service for repairs, when Service Vehicles are in the process of being replaced, or if demand has exceeded the availability of County Service Vehicles.

Further, the Contractor shall actively monitor its compliance with the above-mentioned equipment requirements and shall at all times during the term of this Contract ensure that such requirements are satisfied.

3. Communication Equipment

Contractor, in the performance of this Contract, shall comply with all laws and regulations, including any and all contained within the California Vehicle Code (VC).

Contractor shall provide adequate two-way radio communication equipment for all Service equipment for a base station and a sufficient number of "repeater stations" to permit uninterrupted communication between the dispatch center and the Service Vehicles while in Service. As a supplemental communication system between the dispatch center and the vehicle operators, the use of hands-free mobile cell phones are permitted.

Contractor shall be responsible for the proper maintenance of said equipment on all Service Vehicles and shall comply with all applicable Federal statutes and regulations in connection with such use. The Contractor shall be responsible for the licensing of radio communication equipment. Citizen's Band communication equipment is not acceptable.

For the convenience of residents telephoning to make reservations, the Contractor shall provide a multiline telephone service with a feature to queue incoming calls. This feature will answer all calls by the fourth ring and provide call-in patrons with their estimated wait time and or their position within the queue.

4. County Telephone Number

Contractor shall be required to operate and maintain the County's Dial-A-Ride Service telephone number, 1(800) 439-0439.

5. Dispatch Software and Advanced Vehicle Electronics

Contractor shall deploy a comprehensive dispatch system. The required system shall process each of the following elements (hardware and software):

- a. A comprehensive and integrated dispatching software (e.g. "Trapeze"). This software shall:
 - i. Take inputs (pick-up locations) and provide the optimal routes with schedules, based on available vehicles.
 - ii. Dynamically adjust with changes or new inputs (new pickups, cancellations, etc.)
 - iii. Provide management/performance reports.
- b. Mobile Data Terminals (MDT) shall be installed in each Service vehicle collecting real time schedule and passenger information. This is the interface for the driver to both receive and input information. This shall be integrated and interfacing with the dispatching system in real-time.
- c. Global Positioning Satellite (GPS) receivers shall be installed in each Service vehicle; if a portable system is used, one GPS receiver is assigned to each Service vehicle. This is to provide real time location of the Service vehicle and shall be integrated and interfacing with the dispatching system in real-time.

The dispatching software shall be integrated with both the MDT and the GPS receivers installed in each Service vehicle. The dispatching software must be able to sort patrons by specified area.

The Contractor shall equip Service vehicles with MDT and GPS at its own expense. The Contractor shall remove its equipment from the County Service Vehicles upon the completion of this Contract. Contractor is given 120 calendar days from the start of the Contract to purchase, install, train personnel, and to complete the implementation for use of the system described above. The Contractor's failure to implement the dispatch software and the MDT and GPS by the deadline may be grounds for the immediate termination or suspension of the Contract at the County's discretion based upon progress made to date.

6. Automated Vehicle Locator (AVL) Devices

The County may install Automated Vehicle Locator (AVL) devices on the County Service Vehicles. The AVL devices are permanently installed and contain GPS functionality along with remote diagnostic information. These units will report to the County and Contractor any engine or emission malfunction. These devices can also provide real time data about location, vehicle speed, excessive idling, etc.

Once installed, the AVL device does not require servicing/maintenance. Therefore, the AVL device is not to be handled or adjusted in any way by the Contractor. If the County installs these AVL devices on the County Service Vehicles, it will be the Contractor's responsibility to ensure that the devices are not disconnected, damaged, or removed. If the device is damaged, lost, or stolen, the Contractor shall be responsible for the cost to replace and install the lost or damaged unit. The device shall be replaced within two weeks of the date of loss/damage unless otherwise approved by the County due to unforeseen circumstances. The device shall be provided and installed by a County approved vendor.

Contractor is responsible for ensuring that installation of these AVL devices does not violate any collective bargaining agreements between Contractor and its employees, and shall hold the County harmless from any claim by its employees against the County arising out of the installation or use of these devices.

7. Internet Access and E-Mail

The Contractor shall maintain Internet access and valid e-mail addresses throughout the duration of this Contract. The Contractor shall provide unique e-mail addresses for the Program Manager and the Maintenance Manager. The Contractor shall provide the County with these e-mail addresses before Service begins.

The Contractor is given 30 calendar days from the notice that it has been awarded the Contract to purchase, install, train, and fully implement an Internet access and e-mail system as described above.

The required periodic items and other communication, including the monthly reports, identified in this Contract, may be done through e-mail for convenience and timeliness. To the maximum extent possible, all of the Contractor reports (even items transmitted by mail or personally delivered) shall also be transmitted to the County electronically.

8. Office Staff Computer Skills

The Contractor shall ensure that staff assigned to this Contract are familiar with the Microsoft Office Professional suite of programs (Microsoft Word, Microsoft Excel, and Microsoft Outlook) and/or their equivalent. Staff shall possess the required skills to create, edit, and transmit data supplied in the above Microsoft Office Professional software formats or their equivalent.

9. Business Contact Telephone Number

The Contractor shall provide County with a business contact telephone number that shall be answered by a live person during Service operating hours. The person answering the telephone shall be able to put the Contract Manager, or his/her designee, in contact with key management personnel in case of an emergency.

10. 24-Hour Contact Information

The Contractor shall maintain a 24-hour emergency contact system that utilizes a pager, cellular telephone, management telephone tree, or other means to contact a manager 24 hours per day and 365 days per year. The Contractor shall provide Contract Manager with information on how to contact a manager through the emergency contact system before the Service begins. A manager shall contact the Contract Manager within one hour after being so requested, including during non-business hours. This manager shall be able to address operational issues in case of an emergency.

G. Vehicle Storage, Maintenance, and Fueling Facilities

The County will not provide any storage or maintenance facilities for the Contractor.

The Contractor shall provide appropriate vehicle storage and maintenance facilities for the garaging, servicing, and cleaning of both Service Vehicles and equipment. The facilities shall include:

1. An enclosed workspace sufficient to allow maintenance personnel to repair Service Vehicles and be protected from the weather.
2. A concrete shop floor capable of withstanding the maximum weight of Service Vehicles.
3. A security-fenced, paved, and lighted area for overnight Service Vehicle parking with adequate spaces for all Service Vehicles.
4. A compressed air supply.
5. Tire changing equipment.

6. Battery maintenance equipment and spare batteries.
7. Vehicle lubrication equipment.
8. All tools and equipment necessary to perform required preventive maintenance activities.
9. All tools and equipment necessary to service vehicles, to perform component adjustments, and to make mechanical repairs.
10. Equipment necessary to wash and clean vehicles in accordance with this Contract.
11. Adequate secured storage area for tools, equipment, and parts.
12. A lighted maintenance pit or an appropriate State of California Occupational Safety and Health Administration (Cal/OSHA) or American National Standards Institute (ANSI) approved hydraulic lift capable of fully lifting the heaviest Service Vehicle six feet above the floor for maintenance purposes.
13. Fueling facilities are the responsibility of the Contractor. The Contractor shall make appropriate arrangements to fuel Service Vehicles before or after scheduled service hours. Each vehicle should start the day with a full fuel tank to avoid the need of refueling during service hours. The fueling should be completed early enough so that an early pickup may be accommodated at the start of service.
14. Fueling facility and ability to provide liquefied petroleum gas (LPG) or compressed natural gas (CNG) if vehicle specified and/or when County purchases new vehicles. It is acceptable for Contractor to obtain CNG fuel off-site.

H. Service Vehicle and Equipment Maintenance

1. Service Vehicle Condition

All Service Vehicles, vehicle equipment, and any other equipment necessary to provide this Service, shall be maintained by the Contractor to acceptable appearance standards and in good repair and in a condition satisfactory to the Contract Manager and in accordance with the manufacturers' recommended maintenance procedures, as well as with applicable Federal and State regulations. Contractor shall maintain a "Satisfactory" California Highway Patrol (CHP) terminal inspection rating throughout the life of this Contract.

If the Contractor receives a rating below "Satisfactory" including "Conditional" or "Unsatisfactory" from the CHP, Contractor shall so notify

Contract Manager immediately and outline steps to be taken to correct each deficiency.

Failure of the Contractor to take the necessary actions to improve their terminal inspection rating to a "Satisfactory" rating within six months of receiving a rating below "Satisfactory" shall be grounds for termination or suspension of the Contract. The Contractor shall not seek additional compensation for any costs incurred to meet the requirements in this paragraph.

2. Warranty Work (County Service Vehicles Only)

Contract Manager will provide the Contractor with the written manufacturer's warranty, if any, for each County Service Vehicle. The Contractor shall become the County's designated warranty agent for all County Service Vehicles provided for Service. The Contractor shall be responsible for ensuring that the Service Vehicle manufacturers and all component manufacturers perform or reimburse the Contractor for all work and parts that are covered under warranty.

The Contractor shall diligently follow the preventive maintenance program so any warranty coverage of County Service Vehicles is not lessened or invalidated. The Contractor shall not seek additional compensation for any costs incurred to meet the requirements in this paragraph.

3. Service Vehicle Appearance/Cleaning/Fumes

The Contractor shall be responsible for maintaining the appearance of all Service Vehicles used in this Service using Exhibit J.1, Service Vehicle Appearance/Cleanliness Checklist. The Contractor shall maintain an up-to-date record of all washings and major cleanings. Said record shall be made available to the Contract Manager upon request. The Contract Manager may remove Service Vehicles from Service for unacceptable appearance.

a. Service Vehicle Interior

The interior of all Service Vehicles shall be kept free of litter and debris to the maximum extent practicable throughout the operating day. Service Vehicles shall be swept, wet mopped, and dusted daily. Water wash down or "hosing out" of Service Vehicle interiors shall not be allowed. A minimal amount of soap/cleaning solution and/or water shall be utilized. Interior panels, windows, and upholstery shall be cleaned of marks as necessary. The interiors of all Service Vehicles shall be thoroughly washed at least once per week, including all windows, seats, floor, stanchions, and grab rails.

All foreign matter, such as gum, grease, dirt, and graffiti shall be removed from all interior surfaces during the daily interior cleaning process. Any damage to seat upholstery shall be repaired in a professional manner immediately upon discovery.

If seat upholstery has been damaged, the Service Vehicle shall not be returned to revenue Service until it has been repaired. The Contractor shall replace seat covers and/or seat boards that are worn or damaged and cannot be professionally repaired using materials that are identical in specifications and color as those materials being repaired. Ceilings and walls shall be thoroughly cleaned weekly or more often as necessary to maintain a clean appearance and maximize visibility. Contractor shall ensure that the interiors of Service Vehicles are kept free of rodents, insects, vermin, and pests at all times while in operation and shall take such steps as are necessary, at Contractor's expense, to exterminate said pests in the event that they occur in the Service Vehicles.

b. Service Vehicle Exterior

The exteriors of all Service Vehicles shall be washed every other day during dry conditions and every day during rainy conditions to maintain a clean, inviting appearance. The exterior washing shall include Service Vehicle body, all windows, and wheels. All rubber or vinyl exterior components such as, tires, bumper fascia, fender skirts, and door edge guards, etc., shall be cleaned and treated with a preservative at least once per month or as necessary to maintain an attractive appearance.

The Contractor shall be responsible for maintaining the artwork and decals on the exterior of the Service Vehicles.

c. Fumes

At all times the interior passenger compartments of Service Vehicles shall be free of fumes from the engine, engine compartment, and exhaust emissions system of Service Vehicles.

d. Graffiti

The County has a zero tolerance policy for graffiti. Any Service Vehicle that is vandalized with graffiti shall be removed from revenue Service. The Service Vehicle shall not be returned to Service until the graffiti has been completely removed by the Contractor.

4. Daily Pre-trip and Post trip Service Vehicle Inspection and Servicing

Prior to being placed in Service each day, each Service Vehicle shall receive a daily pre-trip inspection by the operator. At the end of each day, each Service Vehicle shall receive a daily post trip inspection by the operator.

Contractor's daily Pre-trip and Post trip Service Vehicle Inspection Report forms shall be submitted to the Contract Manager in a format approved by the Contract Manager, and at a minimum, shall include all items from Exhibit J.1, "Service Vehicle Appearance/Cleanliness Checklist". The daily pre-trip and the post trip inspections shall be supplemented by regular weekly maintenance inspections to ensure safe and proper operating condition of Service Vehicles. Daily pre-trip and post trip inspections shall also include physical operation of the wheelchair lift or ramp to ensure ADA-compliance. Prior to the next pullout, the Contractor shall repair or replace any Service Vehicle that has defects and/or possesses a safety or operational problem detected during inspection. Each Service Vehicle operator performing the daily pre-trip and post trip inspections shall be required to fill out an inspection report form and turn it in to the Maintenance Manager. A record of all such inspections shall be kept by the Contractor and shall be submitted to County upon request.

Contractor shall perform daily servicing on all Service Vehicles used in the Service. Daily servicing shall include, but is not limited to, checking and adding fuel, engine oil, coolant, water, and transmission fluid; performing brake, light, and flasher checks; inspecting tires and tire pressure; inspecting wheelchair lift or ramp; interior sweeping and dusting; exterior and interior visual inspection; and the checking of all Service Vehicle performance defects reported by the driver(s) to identify potential safety and reliability items requiring immediate attention.

Contractor shall document the daily servicing on the daily Pretrip and Post trip Service Vehicle inspection reports in a written checklist format (example shown in Exhibit K.1, Driver's Daily Vehicle Report).

5. Wheelchair Lifts or Ramps

Contractor shall inspect, maintain, and repair wheelchair lifts or ramps to assure safe and proper operation and to ensure ADA compliance. Wheelchair lifts or ramps shall be fully operational whenever a Service Vehicle is used in Service. It is unlawful to assign Service Vehicles to revenue Service with defective lift/ramp equipment on concurrent days without repairs having been made.

6. Maintenance Program

a. General Scope

Contractor, at its sole cost and expense, shall provide all fuel, lubricants, repairs, cleaning, parts, supplies, labor, maintenance, major components, and component rebuilding and replacement along with the necessary Service facilities to provide the maintenance required for the operation of all equipment pursuant to this Contract. Contractor shall be fully responsible for the maintenance of all Service Vehicles, radios, Advanced Vehicle Information (AVI) systems, passenger counters, and all equipment to be used to perform this Service in strict conformity to all State and Federal regulations and orders, including CHP regulations and orders. Contractor's duty and responsibility to maintain all Service Vehicles and equipment cannot be delegated to any other person, firm, or corporation without prior written approval of the Contract Manager.

b. Parts/Fluids Specifications and Requirements

All parts, materials, tires, lubricants, fluids, oils, and procedures used by the Contractor on all Service Vehicles and equipment shall meet or exceed original equipment manufacturer specifications and requirements. All parts, except for the two-way radio, GPS Receivers, and MDTs installed by the Contractor on County Service Vehicles shall become the property of the County.

c. Service Vehicle Damage

Contractor shall, at its expense, cause any Service Vehicle damaged, as a result of an accident or otherwise, to be replaced or repaired immediately in case of damage impairing the proper and safe mechanical operation of the Service Vehicle. All other Service Vehicle damage resulting from any accident, or otherwise, shall be repaired within two weeks or as otherwise required by Contract Manager, law, or regulation. If the Contractor cannot complete the work within the time specified, the Contractor shall notify Contract Manager in writing of the reason for the delay and the estimated completion date. At Contract Manager's sole discretion, the deadline may be extended. Contractor shall log and keep an accurate and up-to-date record of all Service Vehicle repairs.

d. Preventive Maintenance

Routine preventive maintenance and servicing is required on all Service Vehicles for this Service as recommended by the Original Equipment Manufacturer (OEM) or as set forth by Contract Manager (see Exhibit M.1, Preventive Maintenance).

Contract Manager will allow a window of plus or minus 500 miles for scheduled preventive maintenance as recommended by the Service Vehicle manufacturer's maintenance specifications. This window of 500 miles cannot be added to successive maintenance intervals. For instance, if the Service Vehicle manufacturer recommends maintenance at a 3,000 mile interval, then the Contractor would be allowed to perform the preventive maintenance at 3,000 miles plus or minus 500 miles; 6,000 miles plus or minus 500 miles; etc.

All scheduled and preventive maintenance shall be completed in a timely manner, and the Contractor shall keep all Work Order cards and a Preventive Maintenance Inspection (PMI) Record on each Service Vehicle indicating the date each inspection took place, a description of all work done to the Service Vehicle, the parts and supplies used, employee identification, signatures of the mechanics who performed the work, and the maintenance supervisor who inspected the work. PMI reports shall be submitted along with monthly service invoice.

Adherence to preventive maintenance schedules shall not be regarded as reasonable cause for deferred maintenance in specific instances where the Contractor's employees observe that maintenance is needed in advance of the schedule.

Contractor shall not defer maintenance for reasons of shortage of maintenance staff, parts, equipment, or operable Service Vehicles, nor shall Service be interrupted due to lack of prior written consent to perform maintenance.

e. Brake Inspection/Adjustment

Brake inspections and adjustments on all Service Vehicles shall be performed at intervals that ensure the safe and efficient operation of the braking system. Detailed brake inspections on brake systems shall occur every 30 calendar days or more frequently in accordance with the number of miles the Service Vehicle was in operation since the prior inspection. In addition, visual inspections of the brake systems shall occur weekly and be recorded as part of the maintenance records.

f. Heating, Ventilation, and Air Conditioning

The Heating, Ventilation, and Air Conditioning (HVAC) systems shall be maintained and used to ensure that the passenger compartment temperature is comfortably maintained under all

climatic conditions at all times while the Service Vehicle is in Service.

The Contractor shall maintain the Service Vehicles' HVAC system in an operable condition at all times throughout the year.

g. Spare Parts

The Contractor shall establish and maintain an ongoing spare parts inventory sufficient to maintain Service Vehicles in operating condition at all times.

h. Service Vehicle Towing

In the event that towing of any Service Vehicle is required due to mechanical failure, damage, or any other reason, Contractor shall be responsible to provide such towing at Contractor's sole expense.

Contractor shall ensure that the requirements and procedures for towing Service Vehicles are followed and that proper towing methods and equipment are used. Towing may be subcontracted; however, it is the Contractor's responsibility to supervise the subcontractor.

7. Service Vehicle Maintenance Record Keeping

Contractor shall maintain an up-to-date maintenance file for each Service Vehicle containing, at a minimum, the following information:

- a. Make
- b. Model
- c. Serial Number/County Fleet Number
- d. License Number
- e. Date Received
- f. Unit Repairs (mechanical)
- g. PMI Reports
- h. Daily Pre-trip Service Vehicle Inspection Reports
- i. Daily Post trip Service Vehicle Inspection Reports
- j. Work Orders

- k. Warranty Work
- l. Major Mechanical Repair/Unit Replacement
- m. Body/Interior Repairs (cosmetic)

The Contractor shall make available and submit the entire file to Contract Manager, the CHP, and/or other regulatory agency upon a request to do so at any time.

8. Applicable Service Vehicle Codes and Regulations

All Service Vehicles utilized in Service shall be maintained in a safe condition for operation on public streets and freeways and meet all the requirements in the California Vehicle Code for a paratransit (Dial-A-Ride) Service Vehicle as applicable. All parts of Service Vehicles and all equipment mounted on or in Service Vehicles shall conform to the California Vehicle Safety Standards and the California Code of Regulation (CCR), Title 13.

Contractor shall comply with the CHP Motor Carrier Safety Regulations provided in Title 13, Division 2 of the CCR. Each Service Vehicle is required to be available to be inspected annually by Contract Manager and/or by the CHP. The Terminal Manager's Compliance Checklist Exhibit N.1, is provided as guidance. Contract Manager shall be immediately notified of inspections performed by a governmental agency other than the County. The results of inspections shall be provided to Contract Manager within one business day, and any applicable signed certification shall be displayed or carried on the Service Vehicles. Contractor shall expeditiously correct any deficiencies on any CHP vehicle inspection report and inform Contract Manager of correction.

I. Fares

The Contractor shall charge a fare of 50 cents per one-way ride for the Service. The escorts for persons with disabilities shall not be charged a fare.

All fares shall be retained by the Contractor to partially finance the cost of Service and shall be subtracted from the monthly invoice for the Service. The monthly revenue amount is subject to audit and shall be reported in the monthly statement to Contract Manager. The Contractor shall, upon request of Contract Manager, accept passes or vouchers issued by the County in lieu of the cash fare specified herein. The County may alter the fare to be charged and the Contractor shall adhere to any changes to the fare structure.

J. Fare Security

The Contractor shall be responsible for the protection of fare box revenues. The Contractor shall establish and maintain fare collection and security policies and procedures, subject to the approval of the County. The Contractor shall keep an accurate accounting of all revenue received, as the Contractor shall be held responsible for any lost, stolen, or uncollected revenue. The Contractor shall conduct or assist in any investigation of revenue security as determined necessary by the County.

K. Rates and Compensation

Unless otherwise provided for herein, the "Vehicle Rate" and the "Supplemental Rate" shall cover all Contractor costs for the Service to be provided pursuant to this Contract.

1. County Service Vehicles

For County Service Vehicles, the County will pay the Contractor on a monthly basis an amount equal to the sum of i) the number of Service Vehicle Revenue Hours provided with County Service Vehicles times the hourly rate reflected in Form PW-2, Schedule of Prices, Item 1, hereinafter referred to as "County Service Vehicle Rate;" ii) less fares; iii) less County Service Vehicle monthly rental fees of \$1.00 per month per Service Vehicle; and iv) less any and all liquidated damages pursuant to this Contract. Service Vehicle Revenue Hours are defined as the actual hours of revenue Service starting from the point of first pickup to the last drop-off minus driver lunches, vehicle fuelings, and time without passengers exceeding 30 minutes. The Service Vehicle Revenue Hours shall be subject to review and approval of the Contract Manager, as needed, to provide the Service described in Exhibit G.1, Service Requirements and Area Maps.

2. Contractor-Provided Service Vehicles

The Contractor may be instructed by Contract Manager to provide and/or operate additional and/or substitute Service Vehicle(s) for this Service in the event demand for the Service exceeds the capacity provided by County Service Vehicles. Increased demand may result from an increase in ridership and/or Service Vehicle shortage. Shortages may occur when Service Vehicles are out-of-service due to maintenance, repair, replacement or other reasons that are beyond the Contractor's control. The substitute Service Vehicles provided by the Contractor are to be approved by Contract Manager prior to being placed into Service.

For Contractor-provided Service Vehicles, the County will pay the Contractor on a monthly basis an amount equal to the sum of i) the number of Service Vehicle Revenue Hours provided with

Contractor-Provided Service Vehicles times the hourly rate reflected in Form PW-2, Schedule of Prices, Item 2, hereinafter referred to as "Contractor-Provided Service Vehicle Rate;" ii) less fares; and iii) less any and all liquidated damages pursuant to this Contract. Service Vehicle Revenue Hours are defined as the actual hours of revenue Service starting from the point of first pickup to the last drop-off minus driver lunches, vehicle fuelings, and time without passengers exceeding 30 minutes. The Service Revenue Hours shall be subject to review and approval of the Contract Manager, as needed, to provide the Service described in Exhibit G.1, Service Requirements and Area Maps.

3. Coordinated Service Vehicles

In the event that the Contractor uses Contractor-provided Service Vehicles to coordinate rides with other jurisdictions or programs during the Service hours specified in Exhibit G.1, Service Requirements and Area Maps, the Service Vehicle Revenue Hours between those jurisdictions shall be prorated as follows: the County's share of the Service Vehicle Revenue Hours for the Contractor-Provided Service Vehicle(s) will be determined by dividing the number of County riders to the total number of riders on the Contractor-Provided Service Vehicle(s), and multiplying it by the number of Service Vehicle Revenue Hours where the Contractor-Provided Service Vehicle(s) transported County patrons simultaneously with patrons from other jurisdictions. The County shall not be charged for more than its prorated share of Service Vehicle Revenue Hours .

4. Supplemental Taxi Service

The County will pay the Contractor on a monthly basis an amount equal to the number of taxi service miles provided with supplemental Service Vehicles times the taxi service mile rate, hereinafter referred to as "Taxi Rate." Taxi Service miles are defined as the actual miles traveled from the point of pickup to drop-off destination. The Taxi Service mile rate for the term of this Contract is reflected in Form PW-2, Schedule of Prices.

5. Fuel Cost Adjustment Mechanism

The rate adjustment will apply only to the Vehicles in the fleet that use gasoline. There will be no adjustment for vehicles that use propane. Rate adjustments for other alternative fuels are subject to Contract Manager approval.

In addition to items 1, 2, 3, and 4, stated above, the Director may adjust up to 10 percent of the hourly rate of compensation set forth in Form PW-2 (Schedule of Prices) based on the increase or decrease in the fuel price published in the Official Energy Statistics from the United States Energy Information Administration (EIA) website at

https://www.eia.gov/dnav/pet/PET_PRI_GND_DCUS_SCA_M.htm or other County approved website for Diesel (On-Highway) and Gasoline - All Grades (Regular) for California, "as appropriate to the vehicle used, beginning on the month of this Contract's start date and thereafter at each successive one month interval, which shall be the effective date for any such fuel adjustment. The percentage change in the fuel price shall be obtained using the fuel prices published three months preceding the proposal submission date and the fuel price published three months preceding each effective date of the adjustment.

However, when the percentage increase or decrease in the fuel price is less than five percent, no fuel adjustment will be granted. In the event the fuel adjustment is granted, the fuel adjustment (increase or decrease) will be added to or subtracted from, as applicable, the hourly rate of compensation to establish the adjusted hourly rate of compensation in the Schedule of Prices (PW-2). Public Works shall be permitted to audit the Contractor's fuel usage, fuel costs, and fuel procurement methods for the vehicles used in providing the service and the Contractor shall provide records pertaining to its fuel costs upon the County's request. Contractor shall immediately notify the County if the Contractor changes from purchasing fuel using market prices, to a long-term agreement for fuel purchases.

Following sample data will be used to calculate sample calculation of fuel adjustment:

Sample Calculations for Purchasing Fuel at Market Prices

Hourly Rate from PW-2, Schedule of Prices: \$35.00

Proposal due date: December 2017

Contract start date: July 2018

Fuel Adjustment (FA) Component for Gasoline Price	
Gasoline (Regular) - September 2017	345.02 cents per gallon
Gasoline (Regular) - April 2018	383.23 cents per gallon
Percent change in Gasoline	11.1% increase*

Adjusted Hourly Rate (FA component)	
$= (10\% \text{ of hourly rate}) \times (\text{Percent change in Gasoline Price})$ $= [(10\%) \times (\$35.00)] \times (11.1\%)$ $= (\$3.50) \times (11.1\%)$ $= \$0.39 \text{ Fuel Adjustment (increase)}$	
Adjusted Hourly Rate for July 2018	$\$35.00 + \$0.39 = \$35.39$

Sample Calculations for Purchasing Fuel Under Long-Term Fuel Supply Agreement

Hourly Rate from PW-2, Schedule of Prices: \$35.00

Proposal due date: December 2017 (Long-Term Fuel Price: \$3.00 per gallon)

Contract start date: July 2018

Renegotiation of Fuel Price: January 2018 (renegotiated price is \$3.25 per gallon)

Fuel Adjustment (FA) Component for Gasoline Price	
Gasoline (Regular) - December 2017	300.00 cents per gallon
Gasoline (Regular) - January 2018	325.00 cents per gallon
Percent change in Gasoline	8.3% increase*

Adjusted Hourly Rate (FA component)	
$= (10\% \text{ of hourly rate}) \times (\text{Percent change in Gasoline Price})$ $= [(10\%) \times (\$35.00)] \times (8.3\%)$ $= (\$3.50) \times (8.3\%)$ $= \$0.29 \text{ Fuel Adjustment (increase)}$	
Adjusted Hourly Rate for January 2018	$\$35.00 + \$0.29 = \$35.29$

L. Pass-Through Costs

County recognizes that there are items not covered under this Contract for which the Contractor is not compensated under the aforementioned rate. County shall allow Contractor to pass through the amounts necessary to cover the following specific items only if Contract Manager has authorized the work in writing prior to Contractor's initiation of work for the item(s). Claims for payment of pass-through costs shall include all supporting documentation of costs, approvals, and copies of vendor invoices.

1. Engines/Transmissions/Differential Units (County Service Vehicles Only)

County recognizes that during the term of this Contract, engines, transmissions, and/or differential units of County Service Vehicles, that are no longer under warranty, may have to be rebuilt or replaced. If Contractor determines that an engine, transmission, and/or differential unit requires rebuilding or replacement, Contractor shall notify Contract Manager immediately after making such determination and, subsequently, in writing, detailing the reason for such a determination. After inspection by Contract Manager, Contract Manager may direct Contractor in writing to proceed with work. Only the cost of the parts, as approved by the Contract Manager, will be reimbursed by the County. Labor costs

associated with the removal and replacement of engines, transmissions, and differential units, including associated replacement of attachment devices, gaskets, seals, etc., are the responsibility of Contractor and are not eligible for reimbursement.

Please note that if the Contract Manager determines that the damage to engines, transmissions, and/or differential units were caused or were the result of negligence or lack of action (including timely preventive maintenance and warranty lapses) by the Contractor, the costs associated to make such repair(s) will not be eligible for reimbursement.

2. Air Conditioning Units (County Service Vehicles Only)

The County recognizes that during the term of this Contract the air conditioning compressors, used in County Service Vehicles equipped with air conditioning systems utilizing refrigerant may be prone to failure. If the Contractor determines that an air conditioning compressor, and/or compressor clutch unit, requires replacement due to operational failure of said compressor, the Contractor shall notify the Contract Manager immediately after making such determination and, subsequently, in writing, detailing the reasons for such a determination. After inspection by the Contract Manager, the Contract Manager may direct the Contractor in writing to proceed with the recommended work. Only the cost of the parts, as approved by the Contract Manager, will be reimbursed by the County.

Labor costs associated with the removal and installation of the air conditioning compressor/clutch unit, filter and refrigerant (in addition to part repairs) are the responsibility of the Contractor and are not eligible for reimbursement.

Please note that if the Contract Manager determines that the damage to the air conditioning compressors and or compressor clutch unit were caused or were result of negligence or lack of action (including timely preventive maintenance and warranty lapses) by the Contractor the costs associated to make such repair(s) will not be eligible for reimbursement.

3. Vehicle Repaint/Graphics

Contractor may pass through costs to County associated with painting and/or graphics/decals on County Service Vehicles or Contractor-provided Service Vehicles per County's request.

Should a County Service Vehicle require a complete exterior repaint and/or decaling due to normal wear and tear as determined by Contractor, Contractor shall notify Contract Manager in writing detailing the reasons for such a determination. After inspection by Contract Manager, Contract Manager may direct the Contractor in writing to proceed with the work.

Contractor will only be permitted to pass through to the County only costs related to the repaint and/or graphics/decals.

If the County Service Vehicle is in an accident, all costs associated with the vehicle repair, in order to restore the vehicle to County specifications, shall be the responsibility of the Contractor.

Costs associated with the damage to the painted surface, lettering, and/or decal work that Contract Manager determines was caused or attributed to the negligence or lack of action by the Contractor will not be eligible for reimbursement. All work related to the pass-through costs shall be approved in writing, by Contract Manager before Contractor commences work.

4. Rehabilitation of County Service Vehicles

If Contractor believes that a County Service Vehicle may require a complete mechanical overhaul, and/or rehabilitation, that is not covered by the Service Vehicle's warranty, Contractor shall notify Contract Manager in writing in order to ensure that any work performed on County Service Vehicles meets or exceeds County's specifications and/or requirements. In such instances, County will inspect the vehicle and make a determination of work to be accomplished. Contractor shall then obtain the services of a known and qualified facility equipped to perform the work necessary as part of County's assessment.

The facility shall employ mechanics properly certified in order to perform the necessary work. County reserves the right to inspect and approve the facility where the work shall be performed and the right to perform preproduction, on-time, pre-delivery, post-delivery, conditional acceptance, and final acceptance inspections on the vehicle. After the completion of the overhaul and/or rehabilitation of the County Service Vehicle, Contractor shall invoice County for such work along with all necessary and required documentation, as determined by Contract Manager. Contractor shall withhold 5 to 10 percent of the total amount due to the selected facility until Contract Manager's final acceptance of the vehicle.

The final acceptance will be made after the County Service Vehicle has reentered revenue Service for a reasonable time frame or reasonable mileage.

Contractor and Contract Manager shall agree to the percentage of the withholding fee and the time period applicable in each instance. County will withhold the applicable percentage from the amount due to the Contractor until the Service Vehicle passes the testing period. Contractor

shall invoice the County for any remaining balance after Contract Manager's final acceptance of the vehicle.

Subject to final acceptance and approval by Contract Manager, payment will normally be made within 30 calendar days of approval.

5. AVL Devices (County Service Vehicles Only)

If an AVL device installed on a County Service Vehicle malfunctions as a result of a manufacturer identified problem or error after the warranty period, the County will be responsible for the cost of replacement.

6. Other Pass-Through Costs

County recognizes that during the term of this Contract, there may be needed repairs or modifications to County Service Vehicles that are beyond the control of the Contractor and have not been identified elsewhere in this Contract. In order to be eligible for pass-through costs for items not specifically mentioned above, the Contractor shall present the required scope of work to be performed to Contract Manager. Contractor shall obtain Contract Manager's approval of the work to be performed, in writing, prior to commencing any work.

M. Monitoring and Auditing Service

1. Monitoring Service

In order to document the Service, Contractor shall maintain all Service records as requested by County and as required for good business practices. Contractor shall monitor the Service, schedules, and ridership in a method approved by County. Based on this monitoring, Contractor shall indicate the need to maintain, reduce or increase the hours of operation or the frequency of operations.

County shall have the right to have authorized County personnel board, at no cost to the County, all Service Vehicles utilized by the Contractor in the performance of this Service for the purpose of monitoring the Service.

2. Auditing and Inspection of Service

Contractor shall permit authorized representative(s) of County to examine all data and records related to this Service or the Contractor's operation of any similar service upon request by the County and approval by the other agency. All Service records prepared by Contractor shall be owned by County and be made available to County at no additional charge.

County, or any person authorized by County, shall at all times have access and the right to inspect Contractor's equipment and facilities utilized in the performance of this Contract.

3. Surveys and Questionnaires

Additional documentation of this Service may be provided through passenger surveys. These surveys may be administered by authorized representatives of County or by Contractor if so requested by Contract Manager. It is the responsibility of the Contractor to ensure the cooperation of all personnel with any operational procedures pertaining to survey work, including the distribution of survey questionnaires, etc.

N. Personnel

County shall have the right to demand removal from the Service, for reasonable cause, any personnel furnished by Contractor. Contractor shall not, absent prior written notice to and consent by County, remove or reassign any of the key management personnel, such as the Project Manager or Maintenance Manager, as described below, at any time prior to or after the execution of this Contract.

Contractor shall train all personnel who are likely to be in contact with public to give courteous, accurate information concerning Service. Contractor shall require that all personnel report all passenger complaints and/or operational problems to the Project Manager, as described below. The Contractor shall maintain a daily diary (log) for this purpose and shall be subject to inspection by County.

Upon notice from County concerning the conduct, demeanor, or appearance of any person in the employment of Contractor not conforming to the provisions contained herein, Contractor shall take all steps necessary to remove or alleviate the cause of concern.

1. Project Manager

The Contractor shall designate a Project Manager who has a minimum of three years of experience providing the same or similar paratransit services for governmental or social service agency (ies) whose responsibility shall be to oversee the day-to-day operations of the Service. Project Manager shall have full authority to act for Contractor and shall be reachable via office or cellular telephone during the hours of Service.

Project Manager shall provide both on-line supervision and management of the Service's accounts and operating records. Project Manager shall have an e-mail address and access to a computer during Service hours and shall be able to use Microsoft Office Professional suite of programs (Microsoft Word, Microsoft Excel, Microsoft Outlook) and/or their equivalent. Contract Manager may, at his/her discretion, communicate

with Project Manager via e-mail. Other than the Project Manager and Contract Manager, the Contractor shall not appoint any other agent to communicate with the County regarding this Contract except with the express written consent of the County, which consent is at the sole discretion of the County. This provision does not limit the County's ability to communicate with any employee of the Contractor.

a. On-Line Supervision

On-line Supervision shall include, but is not limited to, the following duties:

- i. Training and scheduling of all regularly assigned Service personnel.
- ii. Arranging the assignment of quality back-up personnel whenever necessary.
- iii. Distribution and collection of operating reports.
- iv. Daily monitoring of ridership and the collection of all fares.
- v. Supervision of all Service staff to ensure the provisions of quality service meet or exceed the requirements of this Contract.

b. Service Management

Service management shall include, but is not limited to, the following:

- i. Preparation of monthly summaries of operations data on a per Service Vehicle basis.
- ii. Maintenance of Service accounts.
- iii. Preparation of a monthly invoice that will document all charges minus the total amount of fares collected and any possible liquidated damages for missed trips, incomplete service, etc.
- iv. Responsibility for the complete operation of all County Service Vehicles and Contractor-provided Service Vehicles, including all ancillary equipment, e.g., wheelchair lifts, air conditioning, fare boxes, schedule holders, destination signs, etc.

- v. Immediate responsibility for any operational problems and/or passenger complaints and accurately reporting these problems to the County in a timely manner.

2. Road Supervisor

The Contractor shall employ a minimum of one Road Supervisor who shall be reachable by Project Manager via office or cellular telephone during the scheduled hours of Service.

Road Supervisor duties include, but are not limited to, the following:

- a. Ensure quality service delivery on a regular basis;
- b. Facilitate fleet deployment while performing pre-trip and post trip inspections;
- c. Monitor and document on-time performance;
- d. Provide extensive field support in an effort to minimize service interruption;
- e. Address specific service problems and service interruptions; and
- f. Complete specific services, as requested.

3. Telephone Reservation and Dispatch Personnel

The Contractor shall employ telephone reservationists and dispatching personnel with excellent customer service skills. Special care and attention shall be made to recruit and continuously train staff on the methods required when working with seniors and persons with disabilities to meet the requirements specified in this Contract.

4. Office Personnel

Contractor shall employ personnel during Service operating hours to answer inquiries from the public and respond to complaints regarding the Service. Office personnel shall have an e-mail address and have access to a computer during Service hours. Furthermore, office personnel shall be able to use the following three Microsoft Office Professional suite programs: Microsoft Word, Microsoft Excel, Microsoft Outlook, and/or their equivalent. Office personnel shall be able to research Contract Manager's questions and respond to Contract Manager via e-mail.

Contractor shall employ personnel to monitor the two-way radios and dispatcher's console during all hours of Service operation. Required duties shall include the preparation of data, forms, and/or reports and be

proficient in the preparation of such documents with an emphasis on the highest level of accuracy and reliability. The responsible person shall have experience collecting National Transit Database (NTD) information for a community Dial-A-Ride service located within the County of Los Angeles.

Their duties shall also include, but are not limited to, the preparation of daily, weekly, monthly, biannual, and annual reports required by the County.

5. Office Personnel - Training Program

Office personnel, including, but not limited to, telephone reservationists and dispatchers, must complete training before they begin to work with customers independently and must receive periodic refresher courses. The Contractor is responsible for having or developing a training program that includes at a minimum of the following topics:

- Customer Service
- Telephone Etiquette
- Proper Handling of telephone inquiries
- Dealing with difficult situations
- Sensitivity training for working with persons with disabilities
- Sensitivity training for working with the elderly
- Reservations
- Dispatcher training
- Project Management training

The Contract Manager will review and must approve Contractor's training program. All training material must be submitted to Contract Manager upon request.

The training program submitted for the Contract Manager's review must include samples of the training material for each topic listed above and any other training material Contractor will use for topics not listed. It must identify the trainer and provide their job title. The training program must include a schedule indicating the frequency of training and refresher sessions. Contractor is responsible for maintaining records of all training provided to each employee during the duration of this Contract. Contractor will notify Contract Manager with any changes, deletions, or

additions to the training program within three working days. The Contract Manager has the right to reject changes.

This training, in full or in part, may be given to other staff in addition to mandatory training programs applicable to their duties that are conducted by "certified" instructors and are required to meet all Federal, State, and local requirements and standards as specified in this Scope of Work.

6. Service Vehicle Operators

Contractor shall employ a sufficient number of properly licensed and qualified personnel to operate Service Vehicles and equipment and to provide the required Service. Contractor shall be responsible for the recruitment selection, controlled substance and alcohol testing, screening, training, scheduling, supervision, discipline, termination, and all other functions with regard to the Service Vehicle operators.

a. Operator Recruitment and Selection

Contractor shall review a current California Department of Motor Vehicles (DMV) report on all applicants who would operate or maintain Service Vehicles and shall reject any applicant who failed to appear in court for "Driving Under the Influence" or any other information that warrants rejection.

Contractor shall check California DMV records (Pull Notice Program) at least every six months, beginning at the start of Service, for accidents, Vehicle Code violations, and valid commercial driver's licenses of those employees whose job requires them to operate any Service Vehicle. Contractor shall notify County within five business days of the results of said checks and corrective actions taken, if any.

Contractor shall join the Pull Notice Program, whereby Contractor shall be notified of any activity on a vehicle operator's or mechanical staff's driving record. Any Service Vehicle operator or mechanical staff exceeding the California DMV point system, or with a revoked or suspended license, shall not be allowed to operate a Service Vehicle.

b. Operator Requirements

Contractor shall be responsible for each Service Vehicle operator in meeting the following requirements. All Service Vehicle operators shall:

- i. Have a valid California Class B driver's license (with a minimum of a "P" endorsement) and a valid medical

examination certificate, ADA training, nondiscrimination training as well as any other required licenses or endorsements required by Federal, State, and local regulations. A Service Vehicle operator, who does not pass the medical examination, shall not be permitted to operate a Service Vehicle.

- ii. Assist passengers confined to wheelchairs in boarding Service Vehicles, assist with tie-downs, and assist with securing lap belts if requested by the passenger.
- iii. Be in uniform acceptable to County. Uniform shall include either shirt/blouse or Polo-type top with collar and skirt/slacks or Bermuda-type walking shorts. Uniform coats, sweaters, and caps may be worn. Service Vehicle operators shall display their name tag/badge.
- iv. Assist passengers who have difficulty negotiating the steps of the vehicle.
- v. Be available and on time daily to ensure consistent and reliable Service.
- vi. Carry current certification of cardiopulmonary resuscitation (CPR) and first-aid training at all times during Service Vehicle operations.

c. Operator Training

The Contractor shall be responsible for all Service Vehicle operator training. The Contractor's training programs shall be conducted by a "certified" instructor and meet all Federal, State, and local standards. At a minimum, the training program shall include the following:

- i. Proper operation of the Service Vehicle to be used in Service, including defensive driving and Service Vehicle handling. Proper operation of Service Vehicles equipment wheelchair lifts/ramps/tie-downs, communication equipment, and other equipment to be used on Service Vehicles.
- ii. Training in passenger relations, ADA, nondiscrimination requirements, fare collection, the Service area, schedule orientation, and on-time performance requirements. In addition, drivers shall be trained in the use of any special vehicle electronics including, but not limited to, the Advanced Vehicle Information (AVI) system's Mobile Data Terminals

(MDT), Advanced Vehicle Locators (AVL), and the two-way radio communications equipment.

- iii. Ongoing customer service and safety program training to ensure a safe operating environment. Training shall place significant emphasis on techniques for dealing with the public in a helpful and courteous manner to achieve the maximum level of customer satisfaction. This education and training will include courtesy and empathy towards the needs of senior citizens and those with disabilities. This requirement pertains to relief Service Vehicle operators as well as regularly assigned Service Vehicle operators.
- iv. DMV regulations and company policies.
- v. Service area, fare structure, and attendant policies for escorts traveling with persons with disabilities or mental impairments.
- vi. Accident and emergency procedures and reports.
- vii. American Red Cross or County-approved equivalent training for CPR and first aid.
- viii. Regular and on-going formal safety instruction for all operating personnel assigned to perform any activities under this Scope of Work. Personnel shall be required to attend scheduled safety meetings at least four times per year.
- ix. Ongoing training programs as well as refresher training programs for its drivers. These regularly scheduled classes shall include various topics, including the areas of defensive and safe driving, emergency and/or crisis management, understanding work expectations, Terrorist Activity and Public Transit, and other relevant topics. Contractor shall submit an annual preplanned training schedule to Contract Manager. Contractor may be required to hold additional training on issues and/or subjects pertinent to the Service. Authorized County personnel will have the right to attend and/or audit any such Contractor training programs or classes.

7. Maintenance Personnel

Contractor shall supply a sufficient number of properly qualified maintenance personnel with the expertise to maintain and service all vehicles for Service. Contractor shall be responsible for the recruitment, screening, testing, selection, training, scheduling, supervision, discipline,

termination, and all other functions with regard to the maintenance personnel.

Maintenance personnel shall be supervised by a designated Maintenance Manager, who shall have a minimum of three years of experience in maintaining similar fleets of paratransit vehicles. Contractor's maintenance personnel shall have knowledge of engines, transmissions, diagnostic procedures, electrical systems, HVAC, wheelchair lifts and related mechanical parts, methods and procedures normally used in servicing mechanical equipment for transit vehicles.

The Contractor shall ensure that all mechanic staff assigned to this Contract, as indicated on Form PW-18.1, are Automotive Service Excellence (ASE) certified in A5 ASE Automobile & Light Truck Brakes test. If the Contractor cannot meet this requirement at the start of Contract, Contractor will be granted 12 months, from the start of the Contract, to comply provided that Contractor ensures that all vehicle maintenance is performed by an outside service facility that has ASE certified personnel during this 12-month period. Any new maintenance personnel will have 12 months from the date of hire to obtain ASE certification. By the end of each subsequent year until the end of the contract, each mechanic must obtain a minimum of one (1) additional ASE certification per year from the Automobile & Light Truck Series.

In an effort to address the development of qualified/trained maintenance personnel and compliance with the ASE certification requirement, Contractor is encouraged to provide training classes that cover one (1) ASE test area per ASE test cycle. Contractor shall budget appropriately for training fees per mechanic per ASE test cycle. The Contractor shall provide and budget for ongoing training for all mechanics that is relevant to their duties, on an annual basis, in the areas of air brake systems, air conditioning systems, engine performance, fire suppression/methane detection systems, wheel chair lifts, bus electrical systems, etc. The training program is subject to review and input by County. The Contractor shall develop a formal training program necessary to maintain highly qualified, well-trained maintenance personnel and to keep abreast of new equipment and maintenance techniques.

In addition, the Contractor shall ensure that, at all times, at least one member of the Contractor's maintenance staff assigned to this Contract must be trained and certified under Section 609 of the Clean Air Act - Motor Vehicle Air Conditioning, or possess the equivalent Automotive Service Excellence (ASE) Refrigeration Recovery and Recycling Program certification. A list of Environmental Protection Agency (EPA) approved training and certification programs is available at <http://www.epa.gov/ozone/title6/609/technicians/609certs.html>.

The Contractor shall provide proof of Section 609 of the Clean Air Act certification or its equivalent ASE Refrigeration Recovery and Recycling Program certification to the County prior to Contract award. At any time, if a Section 609 certified personnel leaves the service of the Contractor, the Contractor shall immediately provide an equivalent certified maintenance personnel replacement. The Contractor shall notify the Contract Manager of any change in maintenance personnel.

8. Project Safety Official

The Contractor shall designate in writing a Project Safety Official who shall be thoroughly familiar with the Contractor's Injury and Illness Prevention Program and Code of Safe Practices. The Contractor's Project Safety Official shall be available at all times to abate any potential safety hazards and shall have the authority and responsibility to shut down an operation, if necessary. Failure by the Contractor to provide the required Project Safety Official shall be grounds for the County to direct the suspension of all work activities and operations at no cost to the County until such time as the Contractor is in compliance.

O. Marketing and Advertising

County will routinely provide marketing, public relations, and advertising materials. Contractor shall place such materials on or in the vehicles as requested by County and shall distribute literature on Service Vehicles as requested by County. The posting of Service-related notices shall be subject to prior approval by the Contract Manager.

Contractor shall not place any form of advertising inside or outside of any Service Vehicle unless directly authorized in writing by Contract Manager. The terms and conditions of such advertising shall be subject to approval by Contract Manager. Proceeds of any advertisement shall be remitted to County.

P. Operating Performance Standards

1. Service Vehicles

Contractor shall operate Service Vehicles with due regard for the safety, comfort, and convenience of persons with disabilities and senior citizen passengers.

If Contractor has knowledge that any Service Vehicle herein described will be nonoperational at any time during the Service, Contractor shall immediately notify Contract Manager and Contractor shall arrange for substitute equipment as approved by the Contract Manager. Contractor

shall furnish a substitute vehicle subject to all the conditions of this Contract.

2. Service

Contractor shall provide Service as scheduled or according to any adjusted schedule established by County, including Service area modifications required as a result of a declared emergency. The Contractor shall strive to maintain on-time performance.

Contractor shall be required to attain certain levels of performance. Failure to achieve the performance levels, as outlined in this Contract, may result in assessed liquidated damages and potentially the termination or suspension of this Contract for default.

Contractor shall strive at all times to provide Service in a manner that will maximize productivity and at the same time maximize customer service. Recognizing that the goals of productivity and customer service may conflict, the following standards are intended to be reasonably attainable to Contractor, fair to the customer, and consistent with the County expectations:

a. Ridership Per Hour

The Contractor, at a minimum, shall transport an average of 3.5 passengers per hour (total passengers/total Service Vehicle revenue hours) of Service Vehicle operations.

b. On-Time Service

Service shall be provided as scheduled or according to any adjusted schedule established by County, including service area modifications required as a result of a declared emergency.

However, Contractor will not be held responsible for the failure to provide on-time Service due to extraordinary weather or traffic conditions, road closures or detours, Service Vehicle malfunctions that are clearly beyond Contractor's control, naturally occurring disasters, or other reasonably unpredictable situations. Contractor shall provide sufficient documentation of each situation to County on a timely basis.

For scheduled service requests for each calendar month, 95 percent of all requests shall be picked up within 20 minutes after scheduled pickup time.

Maximum dwell time shall not exceed 10 minutes. An exception would be a customer who is within the eyesight of the Service

Vehicle operator and is clearly making his and or her way to the Service Vehicle. The Director's expectation would be for the dwell time to be extended permitting the passenger to arrive and board the Service Vehicle.

c. Curb to Curb

Service shall be curb to curb. While the County's expectation is to provide this Service as a curb-to-curb type operation, if and/or when future governmental legislation and/or regulations are changed requiring a modification in operational mode from curb to curb, the Contract Manager will work with the Contractor to modify the Service as required.

3. Phone Wait Time

Contractor shall provide a telephone call sequencer, which provides statistical reports on phone calls. The sequencer shall answer calls by the fourth ring. Within 60 seconds of the sequencer answering the call, a live person shall answer 95 percent of all calls in each calendar month.

4. Length of Rides

Passenger trip lengths shall be kept to a minimum. In no event shall Service be scheduled such that a passenger is forced to remain on the Service Vehicle for more than 59 minutes from the scheduled pick up point to the scheduled drop-off point.

5. Complaints

Complaints shall be resolved as soon as possible but no later than two business days after the complaint was received. In the event that a complaint is received by Contractor, Contractor shall notify Contract Manager within one business day regarding the nature of the complaint received and within three business days regarding the Contractor's recommended action for resolving and preventing future such complaints.

Repeated and substantiated complaints of the same type may result in the assessment of liquidated damages and potentially the termination, or suspension of the Contract.

6. Road Calls

In the event of an In-Service breakdown of a Service Vehicle, the maximum response time for the substitute Service Vehicle to reach the patrons of the failed Service Vehicle shall be 30 minutes. All breakdowns shall be handled to ensure maximum availability of Service Vehicles.

Replacement Service Vehicles and/or drivers shall continue Service within 30 minutes. Replacement Service Vehicles shall be ADA-compliant. Failure to provide a replacement Service Vehicle and/or driver will be a material breach of contract and may be cause to terminate this Contract.

County reserves the right to establish additional criteria regarding the reliability of the response in the event of an In-Service Vehicle breakdown.

7. County Service Vehicles

If the Contractor has knowledge that any County Service Vehicle herein described will be non-operational for a period of more than 48 hours during the term of this Contract, the Contractor shall notify Contract Manager and Contractor shall arrange for substitute equipment, (spare Service Vehicle) as approved by Contract Manager. The Contractor shall furnish a substitute Service Vehicle subject to all the conditions of the Contract.

If Contractor operates other Service Vehicles, equipment, or facilities in conjunction with providing other services to be covered under this Contract, which have excess capacity, Contractor may utilize said Contractor-provided Service Vehicles, equipment, and facilities to partially or completely satisfy this Contract's requirements, except said Contractor-provided Service Vehicles, equipment, and facilities shall meet all applicable provisions of this Contract and shall not create unreasonable inconvenience to the patrons to be served under this Contract, including, but not limited to, applicable provisions herein regarding response times to requests for service. Any such Contractor-provided Service Vehicle shall be acceptable to Contract Manager.

Contractor shall track trip request turndowns, on-time performance, and scheduled pickup time versus actual pickup time. This information shall be forwarded to Contract Manager upon request .

Q. Operation During a Declared Emergency

Upon declaration of any emergency by appropriate government representatives, County Sheriff is responsible for a number of transportation-related activities, including the development of emergency travel routes and the coordination with other agencies supplying common carrier services.

In the event of a declared emergency, Contractor shall cooperate with and deploy Service Vehicles in a manner described by the County Sheriff or local police. In addition, Contractor shall notify Contract Manager the same business day of the request to alter deployment of any Service Vehicle.

R. Special Service Operation to Support a Non-emergency

Contractor may be asked by Contract Manager to provide service in support of special events or community programs. Contractor shall provide this service pursuant to the terms of this Contract.

S. Service Records and Reports

1. General Requirements

Contractor shall maintain separate complete and accurate books, records, and reports that relate to Service and as required herein. Contractor shall retain all records relating to this Contract for a minimum period of three years following expiration, termination, or suspension hereof unless otherwise provided for herein. All such records shall be available for inspection by designated auditors of the County and the State of California at reasonable times during normal working hours.

Contractor shall maintain and make available to the County, and/or appropriate State agencies, records pertaining to said Service in accordance with the State Controller's Uniform System of Accounts for Public Transit Operators.

2. Service Operation Reports

These reports provide documentation of daily operations and will serve as a database to monitor and evaluate the productivity of Service, its requirements, and methods. Unless stated otherwise, the reports listed shall be submitted with the monthly invoice, no later than the 15th day of the following month, and shall be made in a format approved by County.

Operational reports shall include, but are not limited to, the categories described below. Reports shall be in the format provided by the County in Exhibit J.1-R.1. If a report format is not provided by the County, the Contractor shall prepare a format for each of the reports described below and submit the format to County for approval. Contractor shall be responsible for maintaining an adequate supply of each report form, including the preparation of all necessary copies.

a. Trip Reports

Contractor shall require each vehicle operator of each Service Vehicle to prepare a daily report on a form, indicating Service Vehicle fleet number, mileage ("begin" and "end" odometer), time of departure and the time of arrival at time points, the number of passengers that boarded each Service Vehicle, the amount of revenue collected on each Service Vehicle, and the number of wheelchair boardings. The report shall be on a Service Vehicle and trip-by-trip basis for each Service Vehicle (Exhibit R.1, Daily Transportation Trip Sheet). The report shall be compiled for the

period of a month and shall include a summary thereof. The summary shall include an indication of average daily passengers and passengers per hour. The summary shall indicate any trips that departed early or late in a format approved by County.

b. Monthly Service Reports

Contractor shall submit to the County a report that includes, but not limited to the following: ridership, actual number of Service Vehicle Revenue Hours, Service Vehicle Revenue Miles, total Service Vehicle Hours, total Service Vehicle Miles operated, safety/security incidents and fuel used (type and amount per Service Vehicle).

c. On-Time Service Report

Contractor shall submit a report on Service Vehicle on-time performance. The report shall include as a minimum a trip-by-trip Service Vehicle dwell time and on-time performance. Information shall be compiled and provided for each Service Vehicle on a daily basis for each monthly period and shall include a summary thereof. The report shall include date, patron's name, address, scheduled pickup, actual pickup, and in the window (Y/N). The summary report shall include total number of trips on time, total late trips, total early trips, and the on-time performance ratio.

d. Reservation Telephone Reports

Contractor shall submit to County a monthly telephone log of the patron reservation system. This report shall include, at a minimum, the name of the patron, the date of the call, the time of day the call was received, the wait time on hold before the call was answered (remained in the wait queue) and the total length of time of the call once contact was made with a dispatcher. Information shall be compiled and provided on a daily basis for each monthly period and shall include a summary thereof.

e. Daily Pre-trip and Post Trip Service Vehicle Inspection Reports

Contractor shall instruct each vehicle operator of each Service Vehicle to perform a daily pre-trip and post trip Service Vehicle inspection and daily Service Vehicle servicing as required herein. Each such inspection and servicing shall be documented on a report that shall be completed and signed by each Service Vehicle operator assigned to a Service Vehicle each day (an example is shown in Exhibit K.1, Driver's Daily Vehicle Report). The Daily Pre-trip and Post trip Service Vehicle Inspection Reports shall be retained on file by the Contractor for a minimum of three years after Contract expiration/termination/suspension.

f. Weekly Maintenance Inspection Report

A report of the weekly maintenance inspections, which supplement the daily pre-trip and post trip inspections, shall be kept by Contractor as well as being submitted to the County. The Weekly Maintenance Inspection Reports shall be retained on file by the Contractor for a minimum of three years after contract expiration/termination/suspension.

g. Missed Trip Report

A trip is considered missed when the Contractor fails to pick up the scheduled rider. A summary report of missed trips for the month shall be submitted. The explanation for the missed trip(s) shall be specified, along with the dates and times, Service Vehicle number and trip number, and the affected total revenue miles and hours.

h. California Highway Patrol (CHP) Reports

Contractor shall provide County with copies of all CHP inspection reports within 24 hours of receipt.

i. Passenger Complaint Reports

Project Manager shall document passenger concerns, problems, and complaints and describe any action taken to resolve these issues. Copies of said documentation shall be submitted to Contract Manager by the business day following identification of the problem or receipt of any passenger complaint. Contractor shall submit to Contract Manager a summary of passenger problems, concerns, and complaints no later than the 15th day of the following month. In the event that there were no passenger problems, concerns, or complaints received for the previous month, a written statement of this fact may be submitted to the County in place of a monthly report no later than the 15th day of the following month.

j. Operational Problems, Safety Concerns, and Deficiencies

Any unlawful or unusual problems or complaints, including any related to safety or serious operational deficiencies, shall be reported to Contract Manager by telephone within one hour of its occurrence.

In addition, Contractor shall submit a written report to Contract Manager describing any operational problems or complaints and action taken within two business days following identification of such problems or complaints.

k. Accident/Incident Data Reports

Contractor shall submit a monthly summary report of all accidents (collision and non-collision) involving Service Vehicles. The monthly summary shall include the date, Service Vehicle number, location, operator, and accident description, including any damage and/or injuries. The monthly summary shall also include cumulative accident data that indicates the number of accidents per 100,000 Service Vehicle miles. Within 24 hours of an accident or incident involving a Service Vehicle or passengers, Contractor shall provide a written report, per Exhibit L.1, DPW Vehicle Accident or Incident Form to the Contract Manager.

In the event of an emergency during after hours, Contractor shall call the Public Works radio room at (626) 458-HELP.

Contractor shall notify County within 24 hours of any of the following accidents/incidents:

- i. Collisions between a Service Vehicle and another Service Vehicle, person, and/or object.
- ii. Passenger accidents, including falls while passengers are entering, occupying, or exiting the Service Vehicle.
- iii. Passenger disturbances, fainting, sickness, deaths, assaults, etc.
- iv. Any accidents witnessed by the Contractor's operator(s).
- v. Vandalism to Service Vehicle.
- vi. Passenger complaints of injury or property damage or other circumstances likely to result in the filing of claims against Contractor and/or County.
- vii. Any passenger, driver, supervisor, or Service complaint that arises from an accident. If the accident/incident involves injuries or extensive property damage, County shall be notified immediately (regardless of hour or day).
- viii. After each traffic accident or incident involving a County Service Vehicle, Contractor shall complete Exhibit L.1, Vehicle Accident or Incident Form. The form shall be submitted to Contract Manager within one business day along with any other supporting information about the Service Vehicle accident or incident (e.g., driver's statement, police report, witness contact information, photos, etc.).

I. National Transit Database (NTD) Report

Contractor will partner with the County in collecting data, reporting and submitting the annual NTD report. On a monthly basis, the Contractor will be required to collect NTD data/reports electronically, on the form provided in Exhibit Q.1, NTD Paratransit Annual Summary Report. Contractor will provide County with an accurate and complete annual summary of paratransit data in Exhibit Q.1. This data will be used for the annual NTD report to the Federal Transit Administration (FTA). Contractor shall maintain and make available, for a minimum period of three years after Contract expiration/termination/suspension, to County, and or appropriate agencies, records and backup information pertaining to the NTD Paratransit Annual Summary Report.

m. Financial Records

Contractor shall establish and maintain, within a separate account, all Service revenue and expenditures and any other relevant financial records or documents for a minimum period of three years after Contract expiration/termination/suspension.

n. Maintenance Records and Reports

Contractor shall maintain an individual file for each Service Vehicle. Each file shall include detailed records for the reporting period and an analysis of any trends. All such records and reports shall be prepared and maintained in accordance with any applicable Federal, State, and CHP requirements as well as any needs of County to enable it to accurately evaluate Contractor's maintenance performance and the operating expense associated with County Service Vehicles and equipment.

Contractor shall submit the following reports to County with the monthly invoice:

i. Preventive Maintenance Inspection Reports

Reports shall include the Service Vehicle fleet number, the Service Vehicle identification number (VIN) and license number, a description/detail of the maintenance performed, when maintenance was completed, and if maintenance was done on time as required by Service Vehicle manufacturer's and/or County recommendations. These reports shall also include copies of the completed oil analysis for engine oil and transmission oil in accordance with the service vehicle mileage requirements stated in Exhibit M.1, Preventative Maintenance. Daily "Vehicle Condition" reports shall be submitted to County upon request. Contractor shall retain

the PMI Reports on file for a minimum of three years after Contract expiration/termination/suspension.

ii. Road Call Performance Report

A road call is defined as any time a repair is required in the field on a Service Vehicle or a Service Vehicle exchange is made, whether or not it resulted in a loss of time. A report of road calls shall include the fleet number, VIN, mileage, time, location of incident, route, direction of travel, reason for call, and what was done to fix the problem.

iii. Service Vehicle Downtime Report

Report shall include details of which Service Vehicle(s) were down, how long, and the cause.

iv. Mechanical Defect Reports

Contractor shall submit a monthly summary of all Service Vehicle mechanical problems including Service Vehicle number, odometer reading, dates/times out of Service (if applicable), summary of problem(s), and corrective action(s) taken.

T. Controlled Substance and Alcohol Testing

Contractor shall implement, as a minimum, the Controlled Substance and Alcohol Testing Program as specified in Exhibit O.1, Controlled Substance and Alcohol Testing Program, as may be required by rules and regulations issued by the United States Department of Transportation and described in Title 49, Code of Federal Regulations (CFR), Part 655, "Prevention of Alcohol Misuse and Prohibited Drug use in Transit Operations" and Part 40, "Procedures for Transportation Workplace Drug and Alcohol Testing Programs. Contractor's policies may supersede policies specified in Exhibit O.1 only when they can be shown to County's satisfaction to be more stringent. Contractor shall indemnify and hold the County harmless for any claims resulting from disciplinary actions imposed as a result of required testing. Contractor shall report results of the random testing and other associated tests to County on a quarterly basis on the form shown in Exhibit O.1. Such reports shall be submitted to County within 15 calendar days after the end of the quarter.

U. Transit Security Plan

Following the events of September 11, 2001, the Federal Transit Administration (FTA) and the Transportation Security Administration (TSA) developed security plans and emergency preparedness resources for transit agencies. Accordingly,

the Contractor is required to submit a written Transit Security Plan before Service begins. The Contractor will base the plan on materials available from the FTA, TSA, or other government agency.

A few items for review are the FTA's Security and Emergency Preparedness Action Items for Transit Agencies (https://www.transit.dot.gov/sites/fta.dot.gov/files/docs/508_new_top_17.pdf), and Effective Practices in Bus Transit Safety (<https://www.transit.dot.gov/sites/fta.dot.gov/files/docs/regulations-and-guidance/safety/117621/effective-practices-bus-transit-safety-emergency-response.pdf>).

In addition, the Contractor will subscribe to the Department of Homeland Security's National Terrorism Advisory System (NTAS), which communicates information about terrorist threats to the public, government agencies, first responders, airports and other transportation hubs, and the private sector. The subscription information is available on the NTAS webpage at <https://www.dhs.gov/national-terrorism-advisory-system>.

The details of the Transit Security Plan will be negotiated with Contract Manager to ensure that the County's needs are adequately addressed. The final County approved Transit Security Plan will be attached as Exhibit P.1.

All Contractor operators shall be expected to observe all applicable State of California Occupational Safety and Health Administration (Cal/OSHA) and Public Works' safety requirements.

V. Removal of Debris

All debris derived from this service shall be removed from County property and become the property of the Contractor. The Contractor shall dispose of all debris from these services in a legally established area appropriate for type of debris being disposed. Disposal shall be at the Contractor's expense. The Contractor shall not allow any debris from its operations under this Contract to be deposited in the storm drains, catch basins, gutters, manholes, and/or roadways in violation of the National Pollutant Discharge Elimination System regulations.

The Contractor is advised that due to the nature of this Contract, discarded hazardous waste may be encountered during the performance of this Contract. In the event an unknown substance or hazardous material is discovered, the Contractor shall immediately notify the Contract Manager. The Contractor shall NOT attempt to perform any type of hazardous waste remediation not included under the Scope of Work of this Contract, including identifying, containing, cleaning, moving, disposing, etc. The Contractor shall exercise extreme caution in the event unknown waste is encountered.

W. Funding

The County may use local sales tax funds in accordance with LACMTA's guidelines for the Proposition A Local Return Program to finance this Service. Other sources of funds, such as FTA, may also be used. Contractor agrees to be bound by applicable provisions of Proposition A Local Return Program guidelines or any other guidelines/regulations pertaining to other funding sources.

X. Nonconflict with Local, State, and Federal Laws/Requirements

Nothing herein shall be in conflict with or modify the Contractor's obligation to comply with the requirements of local, State, and Federal laws such as, FTA, ADA, Department of Transportation (DOT), or other applicable laws, rules, regulations, directives, or ordinances.

Y. Responsibilities of the Contractor

The Contractor and Project Manager shall maintain a minimum of three years of experience providing the same or similar paratransit services for governmental or social service agency (ies). A subcontractor is not allowed to meet this requirement.

Z. Permits/Licenses/Certification

The Contractor shall be fully responsible for possessing or obtaining any required permits/licenses from the appropriate Federal, State, or local authorities for work to be accomplished under this contract.

The Contractor shall ensure that each mechanic staff assigned to this Contract is in compliance with this Exhibit's Section N.7, Maintenance Personnel.

At least one of the Contractor's Maintenance Technicians must be certified in the MACS Section 609 Refrigerant Recycling and Recovery or the equivalent ASE vehicle air conditioning system.

Contractor shall provide proof of the required ASE and MACS certifications to County prior to contract award.

AA. Utilities

The County will not provide utilities.

BB. Service Modification

The County has established Service areas and schedules as described in Exhibit G.1, Service Requirements and Area Maps. If the Contract Manager determines that the Service may be improved by revisions to scheduling, vehicle assignment,

fleet size, or areas served, the Contract Manager and Contractor shall plan and institute such changes jointly within the terms of this Contract. The Contract Manager will provide any proposed modification to the Contractor at least 30 calendar days prior to implementation of any Service revision unless a shorter time period is mutually agreed to by both parties.

CC. Additional Locations

Additional location(s) may be added during the Contract period. Upon request by the Contract Manager, the Contractor shall provide a written quotation for any additional location(s), based on the rates quoted in Form PW-2, Schedule of Prices. The Contractor shall be paid per Service Vehicle Revenue Hours for additional locations according to the rate quoted in form PW-2. Upon Contract Manager's negotiation and acceptance of the Contractor's written quotation, and subject to approval of the Director, the additional location(s) may be added to the Contract by amendment or change order.

DD. Incentives

The following incentive is to be applied to the Contractor when found in compliance:

Ridership Productivity

An incentive payment of \$500 will be paid to the Contractor for each calendar month the average passenger per hour level of Service (total passengers/total Service Vehicle Revenue Hours) exceeds 4 passengers per hour.

EE. Liquidated Damages

1. In any case of the Contractor's failure to meet specified performance requirements, the County may, in lieu of other remedies provided by law or the Contract, assess liquidated damages in specified sums. However, neither the provision of a sum of liquidated damages for nonperformance, untimely, or inadequate performance nor the County's acceptance of liquidated damages shall be construed to waive the County's right to reimbursement for damage to its property or indemnification against third-party claims.
2. The amount of liquidated damages has been set in recognition of the following circumstances existing at the time of the formation of the Contract.
 - a. All the time limits and acts required by both parties are of the essence of the Contract;

- b. The parties are both experienced in the performance of the Contract work;
 - c. The Contract contains a reasonable statement of the work to be performed in order that the expectations of the parties to the Contract are realized. The expectation of the County is that the work will be performed with due care in a workmanlike, competent, timely, and cost-efficient manner while the expectation of the Contractor is a realization of a profit through the ability to perform the Contract work in accordance with the terms and conditions of the Contract at the Proposal price;
 - d. The parties are not under any compulsion to contract;
 - e. The Contractor's acceptance of the assessment of liquidated damages against it for unsatisfactory and/or late performance is by Contract and willingness to be bound as part of the consideration being offered to the County for the award of the Contract;
 - f. It would be difficult for the County to prove the loss resulting from nonperformance or untimely, negligent, or inadequate performance of the work; and
 - g. The liquidated sums specified represent a fair approximation of the damages incurred by the County resulting from the Contractor's failure to meet the performance standard as to each item for which an amount of liquidated damages is specified.
3. The Contractor shall pay Public Works, or Public Works may withhold and deduct from monies due the Contractor, liquidated damages in the following sums if the Contractor fails to complete work within the time specified unless otherwise provided in this Contract.
- a. Ridership Productivity

In the event Contractor fails to meet the average monthly passenger per hour level of Service of 3.5 passengers per hour, Contractor may be assessed liquidated damages in the amount of \$500 per month.
 - b. On-Time Performance

In the event the Contractor fails to meet an on-time performance level of 95 percent in any month, Contractor may be assessed liquidated damages in the amount of \$500 per month. Should on-time performance fall below 90 percent, Contractor may be assessed liquidated damages in the amount of \$1,000 per month.

Should on-time performance fall below 85 percent, Contractor may be assessed liquidated damages in the amount of \$2,000 per month.

The maximum monthly amount assessed for on-time performance will be limited to the amount of the lowest level not achieved for the monthly period.

c. Length of Rides

If the Contractor fails to disembark a rider at the scheduled destination within 59 minutes from the rider embarking, Contractor may be assessed \$200 per occurrence up to a maximum of \$1,000 per month.

d. Valid Complaints

In the event of any valid passenger's complaint, the liquidated damages shall be \$250 per complaint, up to a maximum of \$2,000 per month. The County and the Contractor shall jointly determine which complaints are valid, (i.e., as a result of the Contractor's actions which could have reasonably been prevented). However, the final decision on the validity of any passenger complaints shall rest with the Contract Manager.

e. Repeated Patron Valid Complaints

In the event of repeated (three or more) valid complaints concerning the same passenger over a six-month period (e.g., their reservation was misplaced, their length of ride was greater than 59 minutes, the wait time past their scheduled pickup was greater than our permitted window of 20 minutes) or valid passenger complaints on the same item repeated (item occurred repeatedly to three or more passengers) over a six-month period, liquidated damages shall be \$250 per complaint, up to a maximum of \$2,000 per month. The County and the Contractor shall jointly determine which complaints are valid (i.e., as a result of the Contractor's actions which could have reasonably been prevented). However, the final decision on the validity of any passenger complaints shall rest with Contract Manager.

f. Trips Not Made

In the event that any scheduled trip is not made, Contractor may be assessed liquidated damages in the amount of \$250 per trip, up to a maximum of \$2,000 per month.

g. Non ADA Compliant Vehicle

In the event Contactor replaces a Service Vehicle with a non-ADA compliant Vehicle, the liquidated damages will be \$500 for the first time and \$1,000 for each subsequent time during the life of this Contract.

h. Reporting

Contractor shall submit monthly reports, including boardings, ridership, on-time performance, driver logs, fuel data, maintenance, safety, and marketing activities in the form and number approved by Contract Manager within 15 calendar days after the end of each month unless more time is approved by Contract Manager. The NTD Paratransit Annual Summary Report, as described in this Contract, shall be submitted within the due date described. Liquidated damages of \$100 per calendar day may be assessed for late reports, up to a maximum of \$1,000 per month.

Monthly reports and the NTD Paratransit Annual Summary Report should be mostly free from errors. Liquidated damages of \$200 may be assessed for each report with more than 10 errors, up to a maximum of \$1,000 per month. The County and the Contractor shall jointly determine errors in reports. However, the final decision on the validity of any errors shall rest with Contract Manager.

i. Shutdown of Service Vehicles

If any Service Vehicle has been removed from Service, as a result of an "Unsatisfactory" rating by the CHP, Contractor may be assessed liquidated damages of \$250 per day per Service Vehicle up to a maximum of \$1,000 per Service Vehicle per month.

j. Preventive Maintenance

PMI shall be performed per the OEM and Exhibit M.1, Preventive Maintenance. PMI documents must be submitted monthly with the service invoice. Contractor shall also include copies of the completed oil analysis reports for engine oil and transmission oil in accordance with the service vehicle mileage requirements stated in Exhibit M.1. Inspections shall never exceed the specified intervals by 500 miles or more. Failure to meet any of these maintenance requirements may result in nonpayment of Service miles or hours operated by vehicles exceeding the PMI intervals or liquidated damages of \$500 per vehicle per day, whichever is higher, up to a maximum of \$5,000 per month.

k. Weekly Maintenance Inspections

The weekly maintenance inspections are called an "I" Service.

This "I" Service shall be performed per the OEM and Exhibit M.1, Preventive Maintenance. If the Contractor fails to meet this standard, Contractor may be assessed liquidated damages of \$200 per Service Vehicle per Service day up to a maximum of \$2,000 per month.

I. Daily Vehicle Inspection (DVI) Reports

Failure to perform a satisfactory DVI (pre-trip and post trip) may include, but are not limited to, fluid levels noted low twice within a 10-day period without any visible leaks and/or a Vehicle in revenue Service with a non-operating wheelchair ramp or lift on consecutive dates of Service. If the Contractor fails to meet this standard, Contractor may be assessed liquidated damages of \$100 per Service Vehicle per Service day up to a maximum of \$1,000 per month.

m. Deficient Service Vehicle Condition

In the event any Service Vehicle is rejected by Contract Manager as a result of deficient mechanical condition, unacceptable Service Vehicle operating conditions as specified in this Contract, or unacceptable Service Vehicle appearance, \$250 per day per Service Vehicle in liquidated damages will be assessed until the condition is corrected to the satisfaction of Contract Manager, up to a maximum of \$1,000 per Service Vehicle per month.

If Contractor has documentation indicating that the condition of the Service Vehicle cannot be corrected due to the availability of parts or others reasons beyond the Contractor's control, then Contract Manager may waive the liquidated damages for the period of the excused delay.

n. Permanent Service Vehicle Rejection

In the event Contract Manager rejects any Service Vehicle permanently as a result of Service Vehicle condition, Contractor may be assessed \$250 per day per Service Vehicle, up to a maximum of \$1,000 per Service Vehicle per month, in liquidated damages until the Service Vehicle is replaced with one that is satisfactory to Contract Manager.

o. Vehicle Emissions (Engine Smog)

Each Service Vehicle shall fully comply with any and all applicable Federal, State, and local emissions rules, regulations, and

requirements. If any Service Vehicle fails to pass its smog test, receives a complaint, or is cited for an engine emissions violation by the California Air Resources Board, South Coast Air Quality Management District, the CHP, or other governmental agency authorized to issue such a citation, the Contractor shall be liable for the citation as well as liquidated damages.

Contractor shall notify Contract Manager within one business day and provide Contract Manager with an action plan to verify and/or correct the deficiencies as well as a timeline for completing the action plan. If the Contractor is found to be in violation, the Contractor may be assessed \$500 in liquidated damages for each Service Vehicle that is cited for an engine emissions violation. If such complaint is found to be without merit, or beyond the Contractor's control, Contract Manager may waive the liquidated damages.

If the Contractor does not submit the required smog check certificates to Contract Manager biennial (every two years) within 30 days after State vehicle emissions testing has been performed, the Contractor will be assessed \$200 in liquidated damages per County Service Vehicle that was not or has not passed its smog check. The Contractor shall provide a spare Service Vehicle at no charge to the County if the County has to take a County Service Vehicle to have an emission check performed or make repairs to the vehicle before passing a smog check.

p. Violation of Subcontracting of Maintenance

In the event that the Contractor is either performing maintenance and/or subcontracting maintenance in violation of this Exhibit's Section G, Vehicle Storage, Maintenance, and Fueling Facilities, as determined by Contract Manager, Contractor may be assessed \$1,000 in liquidated damages per Service Vehicle per Service day, up to a maximum of \$4,000 per Service Vehicle per month.

q. Storage of County Service Vehicles

If Contractor fails to store County Service Vehicles in accordance with this Contract, Contractor may be assessed \$200 in liquidated damages per Service Vehicle per Service day, up to a maximum of \$2,000 per Service Vehicle per month.

r. Implementation of Dispatch Software and Advanced Vehicle Electronics

If Contractor fails to implement the required fully operational comprehensive and integrated Advanced Vehicle Information (AVI)

and dispatch system with the required elements of Service Vehicle-installed MDT's, Service Vehicle-installed AVL's or Service Vehicle-assigned mobile AVL units; and/or fails to use the system and train the personnel within the time periods allotted within this Contract, Contractor may be assessed, \$200 in liquidated damages per business day after the deadline, up to a maximum of \$2,000 per month.

s. Implementation of E-mail and Internet Access

If Contractor fails to implement Internet access and e-mail and fails to use/maintain the system and/or train the personnel (e.g., Project Manager, Road Supervisor, and Maintenance Manager) within the time periods allotted in this Exhibit's Section F, Equipment, Contractor may be assessed \$100 in liquidated damages per business day after the deadline, up to a maximum of \$1,000 per month.

t. Service Vehicle Warranty

If due to the Contractor's negligence of Service Vehicle preventive maintenance program, as determined by Contract Manager, any warranty coverage of the County Service Vehicles is lessened or invalidated, and/or warranty items are not covered due to neglect, liquidated damages of at least 50 percent and up to 100 percent, of the cost to repair each item may be assessed.

u. Operating Outside of Service Areas

If a Service Vehicle is operated outside of its assigned Service area as specified in this Contract and without prior approval from the County, Contractor may be assessed, liquidated damages of \$100 per occurrence per Service Vehicle, up to a maximum of \$1,000 per Service Vehicle per month.

v. Controlled Substance and Alcohol Testing

Contractor shall report the results of random testing and other associated tests to the County on a quarterly basis on the form shown in Exhibit O.1, Controlled Substance and Alcohol Testing Program Quarterly Report. All reports shall be submitted to the County within 15 days after the end of each quarter.

Liquidated damages of \$100 per calendar day (including non-business days, weekends, and holidays) up to a maximum of \$1,000 per month may be assessed for late reports.

w. Maintenance Personnel

All maintenance on Service Vehicles shall be performed by ASE and/or Mobile Air Conditioning Society (MACS) certified personnel as specified in this Exhibit. If maintenance personnel are not ASE and/or MACS certified, liquidated damages of \$500 per maintenance employee per month may be assessed, up to a monthly maximum of \$1,000.

x. Unresolved Vehicle Claims

If a settlement is not made within 90 calendar days of the date of loss (DOL) for a vehicle stolen, damaged, or lost by reason of collision, fire, negligence, abuse, vandalism, or other like cause in accordance with this Exhibit's Section F.2, General Terms for Paratransit Vehicles, Contractor may be assessed liquidated damages in the amount of \$1,000 per week, up to a maximum of \$4,000 per month. Liquidated damages shall begin 120 calendar days after the DOL. However, in no event shall the liquidated damages exceed the total number of service hours times the actual cost differential between a Contractor-Provided Replacement Service Vehicle and the County Service Vehicle for a given month.

y. Misuse of County Service Vehicles

County Service Vehicles are to be used to provide Service as specified in this Exhibit. The County will determine if any County Service Vehicle is being misused. If the County is made aware that, a County Service Vehicle is used for purposes other than the specified Service or if the Service Miles for any County Service Vehicle exceeds Revenue Miles by at least 25% in any calendar month, the County may assess liquidated damages of \$1,000 per month per occurrence.

z. Service Vehicle Transfer Audit

At the discretion of the County, the Contractor may be required to transfer County Vehicles to another Service Contractor. The Contract Manager may schedule a pre-transfer inspection and a transfer inspection. The Contractor assuming responsibility for the Service (new contractor) shall conduct both inspections. The Contractor shall have appropriate staff on-site to review work identified. It is the responsibility of the Contractor to ensure that County Vehicles are in good mechanical condition and have good/clean appearances. The Contractor shall ensure all items listed in Exhibit K.1, Driver's Daily Vehicle Report, including each vehicle's brakes and tires, meet specified minimums. Any and all mechanical defects identified during the pre-transfer and the transfer inspections are the responsibility of the Contractor.

Preventive Maintenance Inspections (PMI's) shall be current. PMI records of County Vehicles are County property and shall be turned over to the new contractor by the Contractor. One week after the completion of the transfer of service, liquidated damages in the amount of \$100 per County Vehicle per week may be assessed for PMI records that are not provided by the Contractor for any County Vehicle.

Repairs identified during these inspections not made by the Contractor shall be performed by the new contractor. The Contract Manager will review and validate repair costs (including internal and external body damage, preventive maintenance that was not performed as required and other vehicle repairs). To recover the cost of repairs and/or maintenance of County Vehicles, the Contract Manager may withhold up to two monthly Service invoice payments from the Contractor transferring County Service Vehicles.

Upon satisfactory completion of County Service Vehicle repairs and/or outstanding PMI's, the balance remaining from the monthly service invoices being withheld minus the cost of repairs and/or maintenance will be released to the Contractor. If the repair costs exceed the total balance withheld from the monthly Service invoices, the County will invoice the Contractor for the difference.

aa. Health, Safety, and Comfort

In the event any Service Vehicle has a wheelchair ramp/lift, air conditioning, and/or heating system failure while in service, \$250 per day per vehicle in liquidated damages may be assessed if the vehicle is placed in Service during the next Service day(s) without repairs, up to a maximum of \$1,000 per Service Vehicle per month.

bb. Fines by Regulatory and Governmental Agencies

If the County is fined by a local, regional, State or Federal regulatory or governmental agency as a result of the Contractor's negligence or failure to comply with any Federal, State, or local rules, regulations, or requirements, the Contractor may be assessed liquidated damages in an amount equal to the fine(s) charged to the County by a regulatory or governmental agency.

cc. AVL Devices

The Contractor is not to handle or disconnect any AVL device installed on a County Service Vehicle. If an AVL device is damaged, removed, lost, or stolen, the Contractor may be

assessed \$50 in liquidated damages per AVL device per Service day after the two-week period following date of loss/damage (unless additional time is approved by County for unforeseen circumstances), until the AVL device is replaced, up to a maximum of \$1,000 per month.

dd. Timely Repairs to County-Provided Service Vehicles

If a County-Provided Service Vehicle is removed from revenue service or is not able to operate in revenue service, as a result of needed repairs, for more than 15 continuous service days or more than 20 service days within a two-month period, the Contractor may be assessed liquidated damages in the amount of \$500 per day, per service vehicle, up to a maximum of \$2,500 per service vehicle per month, until the condition of the County-Provided Service Vehicle is corrected to the satisfaction of the County.

If Contractor has documentation indicating that the condition of the County-Provided Service Vehicle cannot be repaired due to the unavailability of parts or other valid reasons beyond the Contractor's control, then the Contract Manager may waive the liquidated damages.

4. In addition to the above, Public Works may use Exhibit F.2, Performance Requirements Summary, to evaluate Contractor's performance.

FF. Contractor's Quality Control Plan

Contractor shall establish and maintain a Quality Control Plan to assure the requirements of this Contract are met. An updated copy shall be provided to the Contract Manager prior to the Contract start date and whenever changes occur. The plan shall include, but not be limited to, the following:

- a. It shall specify the activities to be evaluated on either a scheduled or an unscheduled basis, how often these evaluations shall take place and the title of the individual(s) who will be responsible for evaluating.
- b. The methods for identifying and preventing deficiencies in the quality of service performed before the level of performance becomes unacceptable.
- c. A file of all evaluations conducted by Contractor and, if necessary, the corrective action taken. This documentation shall be made available as requested by the County during the term of this Contract.

- d. The methods for continuing service to the County in the event of a strike involving the Contractor's employees.
- e. Control system in place to prevent vehicle loss.

GG. Gratuities

1. Contractor is advised that it is improper for any County officer, employee, or agent to solicit consideration, in any form, from Contractor with the implication, suggestion, or statement that Contractor's provision of the consideration, or failure to provide consideration, may cause favorable or unfavorable treatment, respectively, for the Contractor relating to the amendment or extension of the Contract or the making of any determinations with respect to Contractor's performance under this Contract. A Contractor shall not offer or give, either directly or through an intermediary, such improper consideration, in any form, to a County officer, employee, or agent for the purpose of securing favorable treatment as described herein.
2. A Contractor shall immediately report any attempt by a County officer, employee, or agent to solicit such improper consideration. The report shall be made either to the County manager charged with the supervision of the employee or to the County Auditor-Controller's Employee Fraud Hotline at (800) 544-6861.
3. Among other items, such improper consideration may take the form of cash; discounts; services; and the provision of travel, entertainment, or tangible gifts.
4. Note that Contractor's failure to adhere to this requirement could subject this Contract to termination for improper consideration under Section 3 Termination/Suspensions of Exhibit B

SERVICE CONTRACT GENERAL REQUIREMENTS

SECTION 1

INTERPRETATION OF CONTRACT

A. Ambiguities or Discrepancies

Both parties have either consulted or had the opportunity to consult with counsel regarding the terms of this Contract and are fully cognizant of all terms and conditions. Should there be any uncertainty, ambiguity, or discrepancy in the terms or provisions hereof, or should any misunderstanding arise as to the interpretation to be placed upon any position hereof or the applicability of the provisions hereunder, neither party shall be deemed as the drafter of this Contract and the uncertainty, ambiguity, or discrepancy shall not be construed against either party.

B. Definitions

Whenever in the Request for Statement of Qualifications, Contract, Scope of Work, Specifications, Terms, Requirements, and/or Conditions the following terms are used, the intent and meaning shall be interpreted as follows:

Agreement. The written, signed accord covering the performance of the requested service.

Bid or Bid Submission. The response to an Invitation for Bids.

Board. The Board of Supervisors of County of Los Angeles and Ex-Officio Board of Supervisors of the Los Angeles County Flood Control District.

Contract. The written agreement covering the performance of the service and the furnishing of labor, materials, supervision, and equipment in the performance of the service. The Contract includes the Agreement, Exhibit A - Scope of Work (Specifications), Exhibit B - Service Contract General Requirements, Exhibit C - Internal Revenue Service Notice 1015, Exhibit D - Safely Surrendered Baby Law Posters, Exhibit E – Defaulted Property Tax Reduction Program; and other appropriate exhibits, amendments, and change orders. Included are all supplemental agreements amending or extending the service to be performed, which may be required to supply acceptable services specified herein.

Contractor. The person or persons, sole proprietor, partnership, joint venture, corporation, or other legal entity who has entered into an agreement with County to perform or execute the work covered by this Contract.

Contract Work or Work. The entire contemplated work of maintenance and repair to be performed, and services rendered as prescribed in this Contract.

County. Includes County of Los Angeles, County of Los Angeles Department of Public Works, Los Angeles County Road Department, and/or Los Angeles County Engineer.

Day. Calendar day(s) unless otherwise specified.

Direct Employee. Worker employed by Contractor under Contractor's State and Federal taxpayer identification.

Director. The Director of Public Works, County of Los Angeles, as used herein, includes the Road Commissioner, County of Los Angeles; County Engineer, County of Los Angeles; Chief Engineer, Los Angeles County Flood Control District; and/or authorized representative(s).

District. Los Angeles County Flood Control District, or Los Angeles County Waterworks Districts, or Los Angeles County Consolidated Sewer Maintenance District.

Employee Leasing. Any agreement to employ any worker, at any tier, that is neither a Subcontract nor a direct employee relationship.

Fiscal Year. The 12-month period beginning July 1 and ending the following June 30.

Maximum Contract Sum. The Maximum Contract Sum is the aggregate total amount of compensation authorized by the Board.

Proposal. The written materials that a Proposer submits in response to this Request for Statement of Qualifications (Request for Statement of Qualifications).

Proposer. Any individual, person or persons, sole proprietor, firm, partnership, joint venture, corporation, or other legal entity submitting a Statement of Qualification for the work, acting directly or through a duly authorized representative.

Public Works. County of Los Angeles Department of Public Works.

Qualified Contractor. The person or persons, sole proprietor, partnership, joint venture, corporation, or other legal entity deemed qualified upon evaluations with a score of at least 75 eligible to submit bids for services contracts solicited by the County.

Solicitation. Request for Proposals, Invitation for Bids, Request for Statement of Qualifications, or Request for Quotation.

Specifications. The directions, provisions, and requirements contained herein, as supplemented by such special provisions as may be necessary pertaining to method, manner, and place of performing the work under this Contract.

Subcontract. An agreement by the Contractor to employ a Subcontractor at any tier; to employ or agree to employ a Subcontractor, at any tier.

Subcontractor. Any individual, person or persons, sole proprietor, firm, partnership, joint venture, corporation, or other legal entity furnishing supplies, services of any nature, equipment, and/or materials to Contractor in furtherance of the Contractor's performance of this Contract, at any tier, under oral or written agreement.

C. Headings

The headings herein contained are for convenience and reference only and are not intended to define or limit the scope of any provision thereof.

SECTION 2

STANDARD TERMS AND CONDITIONS PERTAINING TO CONTRACT ADMINISTRATION

A. Amendments

1. For any change which affects the Scope of Work, Contract sum, payments, or any term or condition included in this Contract, an amendment shall be prepared and executed by Contractor and the Board or if delegated by the Board, the Director, and Contractor.
2. The Board or County's Chief Executive Officer or designee may require the addition and/or change of certain terms and conditions in this Contract during the term of this Contract. County reserves the right to add and/or change such provisions as required by the Board or the Chief Executive Officer. To implement such changes, an amendment or a change order to this Contract shall be prepared by Public Works and signed by the Contractor.
3. County may, at its sole discretion, authorize extensions of time to this Contract's term. Contractor agrees that such extensions of time shall not change any other term or condition of this Contract during the period of such extensions. To implement an extension of time, an amendment to this Contract shall be prepared and executed by Contractor and the Board or if delegated by the Board, the Director, and Contractor. To the extent that extensions of time for Contractor performance do not impact either scope or amount of this Contract, Public Works may, at its sole discretion, grant Contractor extensions of time, provided the aggregate of all such extensions during the life of this Contract shall not exceed 120 days.
4. For any change which does not materially affect the Scope of Work or any other term or condition included under this Contract, a change order shall be prepared by Public Works and signed by the Contractor. If the change order is prepared by the Contractor, it shall be approved by Public Works and signed by the Contractor and the County.

B. Assignment and Delegation

1. Contractor shall not assign its rights or delegate its duties under this Contract, or both, whether in whole or in part, without the prior written consent of County, in its discretion, and any attempted assignment or delegation without such consent shall be null and void. For purposes of this paragraph, County consent shall require a written amendment to this Contract, which is formally approved and executed by Contractor and the Board or if delegated by the Board, the Director, and Contractor. Any payments by County to any approved delegate or assignee on any claim

under this Contract shall be deductible, at County's sole discretion, against the claims which Contractor may have against County.

2. Shareholders, partners, members, or other equity holders of Contractor may transfer, sell, exchange, assign, or divest themselves of any interest they may have therein. However, in the event any such sale, transfer, exchange, assignment, or divestment is effected in such a way as to give majority control of Contractor to any person(s), corporation, partnership, or legal entity other than the majority controlling interest therein at the time of execution of this Contract, such disposition is an assignment requiring the prior written consent of County in accordance with applicable provisions of this Contract.
3. Any assumption, assignment, delegation, or takeover of any of Contractor's duties, responsibilities, obligations, or performance of same by any person or entity other than Contractor, whether through assignment, Subcontract, delegation, merger, buyout, or any other mechanism, with or without consideration for any reason whatsoever without County's express prior written approval, shall be a material breach of this Contract, which may result in the suspension or termination of this Contract. In the event of such a termination, County shall be entitled to pursue the same remedies against Contractor as it could pursue in the event of default of Contractor.

C. Authorization Warranty

Contractor represents and warrants that the person(s) executing this Contract for Contractor is an authorized agent who has actual authority to bind Contractor to each and every term, condition, and obligation of this Contract and that all requirements of Contractor have been fulfilled to provide such actual authority.

D. Budget Reduction

In the event that the County's Board of Supervisors adopts, in any fiscal year, a County Budget which provides for reductions in the salaries and benefits paid to the majority of County employees and imposes similar reductions with respect to County Contracts, the County reserves the right to reduce its payment obligation under this Contract correspondingly for that fiscal year and any subsequent fiscal year during the term of this Contract (including any extensions), and the services to be provided by the Contractor under this Contract shall also be reduced correspondingly. Except as set forth in the preceding sentence, the Contractor shall continue to provide all of the services set forth in this Contract. The County's notice to the Contractor regarding said reduction in payment obligation shall be provided within 30 calendar days of the Board's approval of such actions.

E. Complaints

Contractor shall develop, maintain, and operate procedures for receiving, investigating, and responding to any complaints by any individual.

1. Within 12 business days after this Contract's effective date, Contractor shall provide County with Contractor's policy for receiving, investigating, and responding to any complaints by any individual.
2. County will review Contractor's policy and provide Contractor with approval of said plan or with requested changes.
3. If County requests changes in Contractor's policy, Contractor shall make such changes and resubmit the plan within five business days for County approval.
4. If, at any time, Contractor wishes to change Contractor's policy, Contractor shall submit proposed changes to County for approval before implementation.
5. Contractor shall preliminarily investigate all complaints and notify the Contract Manager of the status of the investigation within five business days of receiving the complaint.
6. When complaints cannot be resolved informally, a system of follow-through shall be instituted which adheres to formal plans for specific actions and strict time deadlines.
7. Copies of all written responses shall be sent to the Contract Manager within three business days of mailing to the complainant.

F. Compliance with Applicable Laws

1. In the performance of this Contract, Contractor shall comply with all applicable Federal, State, and local laws, rules, regulations, ordinances, directives, guidelines, policies and procedures, and all provisions required thereby to be included in this Contract are hereby incorporated herein by reference.
2. Contractor shall indemnify, defend, and hold harmless County, its officers, employees, and agents from and against any and all claims, demands, damages, liabilities, losses, costs, and expenses including, without limitation, defense costs and legal, accounting and other expert, consulting or professional fees, arising from, connected with, or related to any failure by Contractor, its officers, employees, agents, or Subcontractors, to comply with any such laws, rules, regulations, ordinances, directives, guidelines, policies, or procedures as determined

by County in its sole judgment. Any legal defense pursuant to Contractor's indemnification obligations under this paragraph shall be conducted by Contractor and performed by counsel selected by Contractor and approved by County. Notwithstanding the preceding sentence, County shall have the right to participate in any such defense at its sole cost and expense, except that in the event Contractor fails to provide County with a full and adequate defense, as determined by County in its sole judgment, County shall be entitled to retain its own counsel including, without limitation, County Counsel, and to reimbursement from Contractor for all such costs and expenses incurred by County in doing so. Contractor shall not have the right to enter into any settlement, agree to any injunction or other equitable relief, or make any admission, in each case, on behalf of County without County's prior written approval.

G. Compliance with Civil Rights Laws

Contractor hereby assures that it will comply with Subchapter VI of the Civil Rights Act of 1964, 42 USC Sections 2000 (e)(1) through 2000 (e)(17), to the end that no person shall, on the grounds of race, creed, color, sex, religion, ancestry, age, condition of physical disability, marital status, political affiliation, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under this Contract or under any project, program, or activity supported by this Contract. Contractor shall comply with its EEO Certification (Form PW-7).

H. Confidentiality

1. Contractor shall maintain the confidentiality of all records obtained from County under this Contract in accordance with all applicable Federal, State, and local laws, ordinances, regulations, and directives relating to confidentiality.
2. Contractor shall indemnify, defend, and hold harmless County, its officers, employees, and agents from and against any and all claims, demands, damages, liabilities, losses, costs, and expenses including, without limitation, defense costs and legal, accounting and other expert, consulting or professional fees, arising from, connected with, or related to any failure by Contractor, its officers, employees, agents, or Subcontractors, to comply with this paragraph, as determined by County in its sole judgment. Any legal defense pursuant to Contractor's indemnification obligations under this paragraph shall be conducted by Contractor and performed by counsel selected by Contractor and approved by County. Notwithstanding the preceding sentence, County shall have the right to participate in any such defense at its sole cost and expense, except that in the event Contractor fails to provide County with a

full and adequate defense, as determined by County in its sole judgment, County shall be entitled to retain its own counsel including, without limitation, County Counsel, and to reimbursement from Contractor for all such costs and expenses incurred by County in doing so. Contractor shall not have the right to enter into any settlement, agree to any injunction, or make any admission, in each case, on behalf of County without County's prior written approval.

3. Contractor shall inform all of its officers, employees, agents, and Subcontractors providing services hereunder of the confidentiality provisions of this Contract.

I. Conflict of Interest

1. No County employee whose position with County enables such employee to influence the award of this Contract or any competing Contract, and no spouse or economic dependent of such employee shall be employed in any capacity by Contractor or have any other direct or indirect financial interest in this Contract. No officer or employee of Contractor who may financially benefit from the performance of the work hereunder shall in any way participate in County's approval, or ongoing evaluation, of such work, or in any way attempt to unlawfully influence County's approval or ongoing evaluation of such work.
2. Contractor represents and warrants that it is aware of, and its authorized officers have read, the provisions of Los Angeles County Code, Section 2.180.010, "Certain Contracts Prohibited," and that execution of this Agreement will not violate those provisions. Contractor shall comply with all conflict of interest laws, ordinances, and regulations now in effect or hereafter to be enacted during the term of this Contract. Contractor warrants that it is not now aware of any facts that create a conflict of interest. If Contractor hereafter becomes aware of any facts that might reasonably be expected to create a conflict of interest, it shall immediately make full written disclosure of such facts to County. Full written disclosure shall include, but is not limited to, identification of all persons implicated and a complete description of all relevant circumstances. Failure to comply with the provisions of this paragraph shall be a material breach of this Contract subjecting Contractor to either Contract termination for default or debarment proceedings or both. Contractor must sign and adhere to the "Conflict of Interest Certification" (Form PW-5).

J. Consideration of Hiring County Employees Targeted for Layoffs or Former County Employees on Reemployment List

Should Contractor require additional or replacement personnel after the effective date of this Contract to perform the services set forth herein, Contractor shall

give first consideration for such employment openings to qualified permanent County employees who are targeted for layoff or qualified, former County employees who are on a reemployment list during the life of this Contract.

K. Consideration of Hiring GAIN and GROW Participants

1. Should Contractor require additional or replacement personnel after the effective date of this Contract, Contractor shall give consideration for any such employment openings to participants in County's Department of Public Social Services Greater Avenues for Independence (GAIN) Program and General Relief Opportunity for Work (GROW) Program who meet Contractor's minimum qualifications for the open position. For this purpose, consideration shall mean that Contractor will interview qualified candidates. County will refer GAIN and GROW participants by category to Contractor.
2. In the event that both laid-off County employees and GAIN and GROW participants are available for hiring, County employees shall be given first priority.

L. Contractor's Acknowledgment of County's Commitment to Child Support Enforcement

Contractor acknowledges that County places a high priority on the enforcement of child support laws and the apprehension of child support evaders. Contractor understands that it is County's policy to encourage all County Contractors to voluntarily post County's L.A.'s Most Wanted: Delinquent Parents poster in a prominent position at Contractor's place of business. County's Child Support Services Department will supply Contractor with the poster to be used.

M. Contractor's Charitable Activities Compliance

The Supervision of Trustees and Fundraisers for Charitable Purposes Act regulates entities receiving or raising charitable contributions. The "Nonprofit Integrity Act of 2004" (SB 1262, Chapter 919) increased Charitable Purposes Act requirements. By requiring Contractors to complete the Charitable Contributions Certification (Form PW-12), County seeks to ensure that all County Contractors which receive or raise charitable contributions comply with California law in order to protect County and its taxpayers. A Contractor which receives or raises charitable contributions without complying with its obligations under California law commits a material breach subjecting it to either Contract termination for default or debarment proceedings or both. (Los Angeles County Code, Chapter 2.202).

N. Contractor's Warranty of Adherence to County's Child Support Compliance Program

1. Contractor acknowledges that County has established a goal of ensuring that all individuals who benefit financially from County through Contracts are in compliance with their court-ordered child, family, and spousal support obligations in order to mitigate the economic burden otherwise imposed upon County and its taxpayers.
2. As required by County's Child Support Compliance Program (Los Angeles County Code, Chapter 2.200), and without limiting Contractor's duty under this Contract to comply with all applicable provisions of law, Contractor warrants that it is now in compliance and shall during the term of this Contract maintain compliance with the employment and wage reporting requirements as required by the Federal Social Security Act (42 USC Section 653a) and California Unemployment Insurance Code, Section 1088.5, and shall implement all lawfully served Wage and Earnings Withholding Orders or Child Support Services Department Notices of Wage and Earnings Assignment for Child, Family, or Spousal Support, pursuant to Code of Civil Procedure Section 706.031 and Family Code, Section 5246(b).

O. County's Quality Assurance Plan

County or its agent will monitor the Contractor's performance under this Contract on not less than an annual basis. Such monitoring will include assessing Contractor's compliance with all this Contract's terms and conditions and performance standards. Contractor deficiencies which County determines are significant or continuing and that may place performance of this Contract in jeopardy, if not corrected, will be reported to the Board. The report will include improvement/corrective action measures taken by County and Contractor. If improvement does not occur consistent with the corrective action measures, County may suspend or terminate this Contract for default or impose other penalties as specified in this Contract.

P. Damage to County Facilities, Buildings, or Grounds

1. Contractor shall repair, or cause to be repaired, at its own cost, any and all damage to County facilities, buildings, or grounds caused by Contractor, employees, or agents of Contractor.
2. Such repairs shall be made immediately after Contractor has become aware of such damage, but in no event later than 30 days after the occurrence. If Contractor fails to make timely repairs, County may make any necessary repairs. All costs incurred by County, as determined

by County, for such repairs shall be repaid by Contractor by cash payment upon demand. County may deduct from any payment otherwise due Contractor for costs incurred by County to make such repairs.

Q. Employment Eligibility Verification

1. Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all of its employees performing work under this Contract meet the citizenship or alien status requirements set forth in Federal and State statutes and regulations. Contractor shall obtain, from all covered employees performing services hereunder, all verification and other documentation of employment eligibility status required by Federal and State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986 (P.L. 99-603), or as they currently exist and as they may be hereafter amended. Contractor shall retain all such documentation for all covered employees for the period prescribed by law.
2. Contractor shall indemnify, defend, and hold harmless the County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, and Volunteers from employer sanctions and any other liability which may be assessed against Contractor or County or both in connection with any alleged violation of Federal or State statutes or regulations pertaining to the eligibility for employment of persons performing services under this Contract.

R. Facsimile Representations

At the discretion of County, County may agree to regard facsimile representations of original signatures of Contractor's authorized officers, when appearing in appropriate places on the change notices and amendments prepared pursuant to this Exhibit's Amendments, and received via communications facilities, as legally sufficient evidence that such original signatures have been affixed to change notices and amendments to this Contract, such that the Contractor need not follow up facsimile transmissions of such documents with subsequent (nonfacsimile) transmission of "original" versions of such documents.

S. Fair Labor Standards

Contractor shall comply with all applicable provisions of the Federal Fair Labor Standards Act and shall indemnify, defend, and hold harmless the County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, and Volunteers from any and all liability including, but not limited to, wages, overtime pay, liquidated damages, penalties, court costs, and attorneys' fees arising under any wage and hour law including, but not limited to, the Federal

Fair Labor Standards Act, for work performed by Contractor's employees for which County may be found jointly or solely liable.

T. Force Majeure

1. Neither party shall be liable for such party's failure to perform its obligations under and in accordance with this Contract, if such failure arises out of fires, floods, epidemics, quarantine restrictions, other natural occurrences, strikes, lockouts (other than a lockout by such party or any of such party's Subcontractors), freight embargoes, or other similar events to those described above, but in every such case the failure to perform must be totally beyond the control and without any fault or negligence of such party (such events are referred to in this subparagraph as "force majeure events").
2. Notwithstanding the foregoing, a default by a Subcontractor of Contractor shall not constitute a force majeure event, unless such default arises out of causes beyond the control of both Contractor and such Subcontractor, and without any fault or negligence of either of them. In such case, Contractor shall not be liable for failure to perform, unless the goods or services to be furnished by the Subcontractor were obtainable from other sources in sufficient time to permit Contractor to meet the required performance schedule. As used in this subparagraph, the term "Subcontractor" and "Subcontractors" mean Subcontractors at any tier.
3. In the event Contractor's failure to perform arises out of a force majeure event, Contractor agrees to use commercially reasonable best efforts to obtain goods or services from other sources, if applicable, and to otherwise mitigate the damages and reduce the delay caused by such force majeure event.

U. Governing Laws, Jurisdiction, and Venue

This Contract shall be governed by, and construed in accordance with the laws of the State of California. To the maximum extent permitted by applicable law, Contractor and County agree and consent to the exclusive jurisdiction of the courts of the State of California for all purposes concerning this Contract and further agree and consent that venue of any action brought in connection with or arising out of this Contract, shall be exclusively in the County of Los Angeles.

V. Most Favored Public Entity

If the Contractor's prices decline, or should the Contractor at any time during the term of this Contract provide the same goods or services under similar quantity and delivery conditions to the State of California or any county, municipality, or district of the State at prices below those set forth in this Contract, then such lower prices shall be immediately extended to the County.

W. Nondiscrimination and Affirmative Action

1. Contractor certifies and agrees that all persons employed by it, its affiliates, subsidiaries, or holding companies are and shall be treated equally without regard to or because of race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation, in compliance with all applicable Federal and State antidiscrimination laws and regulations.
2. Contractor shall certify to, and comply with, the provisions of Contractor's EEO Certification (Form PW-7).
3. Contractor shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation, in compliance with all applicable Federal and State antidiscrimination laws and regulations. Such action shall include, but not be limited to, employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection of training, including apprenticeship.
4. Contractor certifies and agrees that it will deal with its Subcontractors, bidders, or vendors without regard to or because of race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation.
5. Contractor certifies and agrees that it, its affiliates, subsidiaries, or holding companies shall comply with all applicable Federal and State laws and regulations to the end that no person shall, on the grounds of race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under this Contract or under any project, program, or activity supported by this Contract.
6. Contractor shall allow County representatives access to Contractor's employment records during regular business hours to verify compliance with the provisions of this paragraph when so requested by County.
7. If County finds that any of the above provisions have been violated, such violation shall constitute a material breach of this Contract upon which County may terminate for default or suspend this Contract. While County reserves the right to determine independently that the antidiscrimination provisions of this Contract have been violated, in addition, a determination by the California Fair Employment Practices Commission or the Federal Equal Employment Opportunity Commission that Contractor has

violated Federal or State antidiscrimination laws or regulations shall constitute a finding by County that Contractor has violated the antidiscrimination provisions of this Contract.

8. The parties agree that in the event Contractor violates any of the antidiscrimination provisions of this Contract, County shall, at its sole option, be entitled to a sum of \$500 for each violation pursuant to California Civil Code, Section 1671, as liquidated damages in lieu of terminating or suspending this Contract.

X. Nonexclusivity

Nothing herein is intended nor shall be construed as creating any exclusive arrangement with Contractor. This Contract shall not restrict County from acquiring similar, equal, or like goods and/or services from other entities or sources.

Y. No Payment for Services Provided Following Expiration/Suspension/Termination of Contract

Contractor shall have no claim against County for payment of any money or reimbursement, of any kind whatsoever, for any service provided by Contractor after the expiration, suspension, or other termination of this Contract. Should Contractor receive any such payment, it shall immediately notify County and shall immediately repay all such funds to County. Payment by County for services rendered after expiration/suspension/termination of this Contract shall not constitute a waiver of County's right to recover such payment from Contractor. This provision shall survive the expiration/suspension/termination of this Contract.

Z. Notice of Delays

Except as otherwise provided under this Contract, when either party has knowledge that any actual or potential situation is delaying or threatens to delay the timely performance of this Contract, that party shall, within one business day, give notice thereof, including all relevant information with respect thereto, to the other party.

AA. Notice of Disputes

Contractor shall bring to the attention of the Contract Manager any dispute between County and Contractor regarding the performance of services as stated in this Contract. If the Contract Manager is not able to resolve the dispute, the Director will resolve it.

BB. Notice to Employees Regarding the Federal Earned Income Credit

Contractor shall notify its employees, and shall require each Subcontractor to notify its employees, that they may be eligible for the Federal Earned Income Credit under the Federal income tax laws. Such notice shall be provided in accordance with the requirements set forth in Internal Revenue Service Notice 1015 (Exhibit C).

CC. Notices

Notices desired or required to be given under these Specifications, Conditions, or Terms herein or any law now or hereafter in effect may, at the option of the party giving the same, be given by enclosing the same in a sealed envelope addressed to the party for whom intended and by depositing such envelope with postage prepaid with the United States Post Office and any such notice and the envelope containing the same shall be addressed to Contractor at its place of business, or such other place as may be hereinafter designated in writing by Contractor. The notices and envelopes containing the same to County shall be addressed to:

Contracting Manager, Architectural Engineering Division
County of Los Angeles Department of Public Works
P.O. Box 1460
Alhambra, CA 91802-1460

In the event of suspension or termination of this Contract, notices may also be given upon personal delivery to any person whose actual knowledge of such suspension or termination would be sufficient notice to Contractor. Actual knowledge of such suspension or termination by an individual Contractor or by a copartner, if Contractor is a partnership; or by the president, vice president, secretary, or general manager, if Contractor is a corporation; or by the managing agent regularly in charge of the work on behalf of said Contractor shall in any case be sufficient notice.

DD. Publicity

Contractor shall not disclose any details in connection with this Contract to any person or entity except as may be otherwise provided hereunder or required by law. However, in recognizing Contractor's need to identify its services and related clients to sustain itself, County shall not inhibit Contractor from publicizing its role under this Contract within the following conditions:

1. Contractor shall develop all publicity material in a professional manner.
2. During the term of this Contract, Contractor shall not, and shall not authorize another to, publish or disseminate commercial advertisements, press releases, feature articles, or other materials using the name of

County without the prior written consent of the Contract Manager. County shall not unreasonably withhold such written consent.

3. Contractor may, without prior written consent of County, indicate in its proposals and sales materials that it has been awarded this Contract with County, provided that the requirements of this paragraph shall apply.

EE. Public Records Act

1. Any documents submitted by Contractor; all information obtained in connection with County's right to audit and inspect Contractor's documents, books, and accounting records pursuant to this Exhibit's Record Retention and Inspection/Audit Settlement of this Contract; as well as those documents which were required to be submitted in response to the RFSQ used in the solicitation process for this Contract, become the exclusive property of County. All such documents become a matter of public record and shall be regarded as public records, except those documents that are marked "Trade Secret," "Confidential," or "Proprietary" and are deemed excluded from disclosure under Government Code 6250 et seq. (Public Records Act). County shall not in any way be liable or responsible for the disclosure of any such records including, with limitation, those so marked, if disclosure is required by law, or by an order issued by a court of competent jurisdiction.
2. In the event County is required to defend an action on a Public Records Act request for any of the aforementioned documents, information, books, records, and/or contents of a proposal marked "Trade Secret," "Confidential," or "Proprietary," Contractor agrees to defend and indemnify County from all costs and expenses, including reasonable attorney's fees, in connection with any requested action or liability arising under the Public Records Act.

FF. Record Retention and Inspection/Audit Settlement

Contractor shall maintain accurate and complete financial records of its activities and operations relating to this Contract in accordance with generally accepted accounting principles. Contractor shall also maintain accurate and complete employment and other records relating to its performance of this Contract. Contractor agrees that County, or its authorized representatives, shall have access to and the right to examine, audit, excerpt, copy, or transcribe any pertinent transaction, activity, or record relating to this Contract. All such material including, but not limited to, all financial records, bank statements, cancelled checks, or other proof of payment, timecards, sign-in/sign-out sheets, and other time and employment records, and proprietary data and information shall be kept and maintained by Contractor and shall be made available to County during the term of this Contract and for a period of five years thereafter unless County's written

permission is given to dispose of any such material prior to such time. All such material shall be maintained by Contractor at a location in County, provided that if any such material is located outside County, then, at County's option, Contractor shall pay County for travel, per diem, and other costs incurred by County to examine, audit, excerpt, copy, or transcribe such material at such other location.

1. In the event that an audit of Contractor is conducted specifically regarding this Contract by any Federal or State auditor, or by any auditor or accountant employed by Contractor or otherwise, then Contractor shall file a copy of such audit report with County's Auditor-Controller within 30 days of Contractor's receipt thereof, unless otherwise provided by applicable Federal or State law or under this Contract. Subject to applicable law, County shall make a reasonable effort to maintain the confidentiality of such audit report(s).
2. Failure on the part of Contractor to comply with any of the provisions of this paragraph shall constitute a material breach of this Contract upon which County may suspend or terminate for default or suspend this Contract.
3. If, at any time during the term of this Contract or within five years after the expiration or termination of this Contract, representatives of County conduct an audit of Contractor regarding the work performed under this Contract, and if such audit finds that County's dollar liability for any such work is less than payments made by County to Contractor, then the difference shall be either: a) repaid by Contractor to County by cash payment upon demand or b) at the sole option of County's Auditor-Controller, deducted from any amounts due to Contractor from County, whether under this Contract or otherwise. If such audit finds that County's dollar liability for such work is more than the payments made by County to Contractor, then the difference shall be paid to Contractor by County by cash payment, provided that in no event shall County's maximum obligation for this Contract exceed the funds appropriated by County for the purpose of this Contract.
4. In addition to the above, the Contractor agrees, should the County or its authorized representatives determine, in the County's sole discretion, that it is necessary or appropriate to review a broader scope of the Contractor's records (including, certain records related to non-County Contracts) to enable the County to evaluate the Contractor's compliance with the County's Living Wage Program, that the Contractor shall promptly and without delay provide to the County, upon the written request of the County or its authorized representatives, access to and the right to examine, audit, excerpt, copy, or transcribe any and all transactions, activities, or records relating to any of its employees who have provided services to the County under this Contract, including without limitation, records relating to work performed by said employees on the Contractor's non-County Contracts. The Contractor further acknowledges that the

foregoing requirement in this subparagraph relative to Contractor's employees who have provided services to the County under this Contract is for the purpose of enabling the County in its discretion to verify the Contractor's full compliance with and adherence to California labor laws and the County's Living Wage Program. All such materials and information including, but not limited to, all financial records, bank statements, cancelled checks or other proof of payment, timecards, sign-in/sign-out sheets and other time and employment records, and proprietary data and information, shall be kept and maintained by the Contractor and shall be made available to the County during the term of this Contract and for a period of five years thereafter unless the County's written permission is given to dispose of any such materials and information prior to such time. All such materials and information shall be maintained by the Contractor at a location in Los Angeles County, provided that if any such materials and information is located outside Los Angeles County, then, at the County's option, the Contractor shall pay the County for travel, per diem, and other costs incurred by the County to examine, audit, excerpt, copy, or transcribe such materials and information at such other location.

GG. Recycled-Content Paper Products

Consistent with Board policy to reduce the amount of solid waste deposited at County landfills, Contractor agrees to use recycled-content paper to the maximum extent possible under this Contract.

HH. Contractor's Employee Criminal Background Investigation

Each of Contractor's staff performing services under this Contract, who is in a designated sensitive position, as determined by County in County's sole discretion, shall undergo and pass a background investigation to the satisfaction of County as a condition of beginning and continuing to perform services under this Contract. Such background investigation must be obtained through fingerprints submitted to the California Department of Justice to include State, local, and federal-level review, which may include, but shall not be limited to, criminal conviction information. The fees associated with the background investigation shall be at the expense of the Contractor, regardless of whether the member of Contractor's staff passes or fails the background investigation.

If a member of Contractor's staff does not pass the background investigation, County may request that the member of Contractor's staff be removed immediately from performing services under the Contract. Contractor shall comply with County's request at any time during the term of the Contract. County will not provide to Contractor or to Contractor's staff any information obtained through the County's background investigation

County, in its sole discretion, may immediately deny or terminate facility access to any member of Contractor's staff that does not pass such investigation to the satisfaction of the County or whose background or conduct is incompatible with County facility access.

Disqualification of any member of Contractor's staff pursuant to this section shall not relieve Contractor of its obligation to complete all work in accordance with the terms and conditions of this Contract.

II. Subcontracting

The requirements of this Contract may not be subcontracted by Contractor without the advance written approval of County. Any attempt by Contractor to Subcontract without the prior written consent of County may be deemed a material breach of this Contract and the County may suspend or terminate for this Contract default.

1. If Contractor desires to Subcontract, Contractor shall provide the following information promptly at County's request:
 - a. A description of the work to be performed by the Subcontractor.
 - b. A draft copy of the proposed Subcontract.
 - c. Other pertinent information and/or certifications requested by County.
2. Contractor shall indemnify, defend, and hold County harmless with respect to the activities of each and every Subcontractor in the same manner and to the same degree as if such Subcontractor(s) were Contractor employees.
3. Contractor shall remain fully responsible for all performances required of it under this Contract, including those that the Contractor has determined to Subcontract, notwithstanding County's approval of Contractor's proposed Subcontract.
4. County's consent to Subcontract shall not waive County's right to prior and continuing approval of any and all personnel, including Subcontractor employees, providing services under this Contract. Contractor is responsible to notify its Subcontractors of this County right.
5. County's Contract Manager is authorized to act for and on behalf of County with respect to approval of any Subcontract and Subcontractor employees.
6. Contractor shall be solely liable and responsible for all payments or other compensation to all Subcontractors and their officers, employees, agents,

and successors in interest arising through services performed hereunder, notwithstanding County's consent to Subcontract.

7. Contractor shall obtain certificates of insurance, which establish that the Subcontractor maintains all the programs of insurance required by County from each approved Subcontractor. Contractor shall ensure delivery of all such documents to Architectural Engineering Division, P.O. Box 1460, Alhambra, California 91802-1460, before any Subcontractor employee may perform any work hereunder.
8. Employee Leasing is prohibited.

JJ. Validity

If any provision of this Contract or the application thereof to any person or circumstance is held invalid, the remainder of this Contract and the application of such provision to other persons or circumstances shall not be affected thereby.

KK. Waiver

No waiver by County of any breach of any provision of this Contract shall constitute a waiver of any other breach of said provision or of any other provision of this Contract. Failure of County to enforce at anytime, or from time to time, any provision of this Contract shall not be construed as a waiver thereof.

LL. Warranty Against Contingent Fees

1. Contractor warrants that no person or selling agency has been employed or retained to solicit or secure this Contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by Contractor for the purpose of securing business.
2. For breach of this warranty, County shall have the right, in its sole discretion, to suspend or terminate this Contract for default, deduct from amounts owing to the Contractor, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

MM. Time Off for Voting

The Contractor shall notify its employees, and shall require each Subcontractor to notify and provide to its employees, information regarding the time off for voting law (Elections Code, Section 14000). Not less than ten days before every Statewide election, every Contractor and Subcontractors shall keep posted conspicuously at the place of work, if practicable, or elsewhere where it can be seen as employees come or go to their place of work, a notice setting forth the provisions of Section 14000.

NN. Local Small Business Enterprise Utilization

When requested by the County, the Contractor shall provide to the County via methods specified by the County, such as submission of electronic live (or dynamic) data on invoices for the prime and all subcontractors using County-designated third party software system or to a County approved website, or other means of submitting expenditure information on subcontractors, including but not limited to the following information: the name, business address and telephone number/email address of each subcontractor.

In addition, the Contractor shall be required to provide each of the specified subcontractor Local Small Business Enterprise (SBE), Disabled Veterans Enterprise (DBVE), and Social Enterprise status (i.e., whether any of the listed subcontractors are Local SBE's) and the proposed monetary amount of the work the subcontractor will perform on each Notice to Proceed. At the time of submittal of each invoice, the Contractor shall indicate, via methods specified by the County, the actual dollar amounts paid to each listed subcontractor who performed work on the project. The subcontractor may be requested to confirm receipt of the actual payment to the subcontractor by the prime.

The parties agree that it will be impracticable or extremely difficult to fix the extent of actual damages resulting from the failure to the Contractor to comply with this Section. The parties will agree that under the current circumstances a reasonable estimate of such damages is specified in Exhibit F, Performance Requirements Summary, and that the Contractor shall be liable to the County for said amount.

If in the judgment of the Director, or his/her designee, the Contractor is deemed to be in non-compliance with the terms and obligations, the Director or his/her designee, at his/her option, in addition to, or in lieu of, other remedies provided in Exhibit F, Performance Requirements Summary, may deduct and withhold liquidated damages from County's final payment to the Contractor.

OO. Compliance with County's Zero Tolerance Human Trafficking

Contractor acknowledges that the County has established a Zero Tolerance Human Trafficking Policy prohibiting contractors from engaging in human trafficking.

If a Contractor or member of Contractor's staff is convicted of a human trafficking offense, the County shall require that the Contractor or member of Contractor's staff be removed immediately from performing services under the Contract. County will not be under any obligation to disclose confidential information regarding the offenses other than those required by law.

Disqualification of any member of Contractor's staff pursuant to this paragraph shall not relieve Contractor of its obligation to complete all work in accordance with the terms and conditions of this Contract.

PP. Method of Payment and Required Information

The County may, at its sole discretion, determine the most appropriate, efficient, secure, and timely form of payment for any amounts due for goods and/or services provided under an agreement or contract with the County. Proposers/Contractors further agree that the default form of payment shall be Electronic Funds Transfer (EFT) or direct deposit, unless an alternative method of payment is deemed appropriate by the Auditor-Controller (A-C).

Upon contract award and at the request of the A-C and/or the contracting department, the Contractor shall provide the A-C with electronic banking and related information for the Contractor and/or any other payee that the Contractor designates to receive payment pursuant to this agreement or contract. Such electronic banking and related information includes, but is not limited to: bank account number and routing number, legal business name, valid taxpayer identification number or TIN, a working e-mail address capable of receiving remittance advices and other payment related correspondence, and any other information that the A-C determines is reasonably necessary to process the payment and comply with all accounting, recordkeeping, and tax reporting requirements.

Any provision of law, grant, or funding agreement requiring a specific form or method of payment other than EFT or direct deposit shall supersede this requirement with respect to those payments. Upon contract award or at any time during the duration of the agreement or contract, a contractor may submit a written request for an exemption to this requirement. Such request must be based on specific legal, business or operational needs and explain why the payment method designated by the A-C is not feasible and an alternative is necessary. The A-C, in consultation with the contracting department(s), shall decide whether to approve exemption requests.

QQ. Compliance with Fair Chance Employment Practices

Contractor shall comply with fair chance employment hiring practices set forth in California Government Code Section 12952, Employment Discrimination: Conviction History. Contractor's violation of this paragraph of the Contract may constitute a material breach of the Contract. In the event of such material breach, County may, in its sole discretion, terminate the Contract.

RR. Compliance with the County Policy of Equity

The contractor acknowledges that the County takes its commitment to preserving the dignity and professionalism of the workplace very seriously, as set forth in the County Policy of Equity (CPOE) (<https://ceop.lacounty.gov/>). The contractor further acknowledges that the County strives to provide a workplace free from discrimination, harassment, retaliation and inappropriate conduct based on a protected characteristic, and which may violate the CPOE. The contractor, its employees and subcontractors acknowledge and certify receipt and understanding of the CPOE. Failure of the contractor, its employees or its subcontractors to uphold the County's expectations of a workplace free from harassment and discrimination, including inappropriate conduct based on a protected characteristic, may subject the contractor to termination of contractual agreements as well as civil liability.

SECTION 3

TERMINATIONS/SUSPENSIONS

A. Termination/Suspension for Breach of Warranty to Maintain Compliance with County's Child Support Compliance Program

Failure of Contractor to maintain compliance with the requirements set forth in this Exhibit's Contractor's Warranty of Adherence to County's Child Support Compliance Program shall constitute a default under this Contract. Without limiting the rights and remedies available to County under any other provision of this Contract, failure of Contractor to cure such default within 90 calendar days of written notice shall be grounds upon which the County may suspend or terminate this Contract pursuant to this Exhibit's Termination/Suspension for Default, and pursue debarment of Contractor pursuant to Los Angeles County Code, Chapter 2.202.

B. Termination/Suspension for Convenience

1. This Contract may be suspended or terminated, in whole or in part, from time to time, when such action is deemed by County, in its sole discretion, to be in its best interest. Suspension or termination of work hereunder shall be effected by notice of suspension or termination to Contractor specifying the extent to which performance of work is suspended or terminated and the date upon which such suspension or termination becomes effective. The date upon which such suspension or termination becomes effective shall be no less than ten days after the notice is sent.
2. After receipt of a notice of suspension or termination and except as otherwise directed by County, Contractor shall:
 - a. Stop work under this Contract on the date and to the extent specified in such notice.
 - b. Complete performance of such part of the work as shall not have been suspended or terminated by such notice.
3. All material including books, records, documents, or other evidence bearing on the costs and expenses of Contractor under this Contract shall be maintained by Contractor in accordance with this Exhibit's Record Retention and Inspection/Audit Settlement.
4. If this Contract is suspended or terminated, Contractor shall complete within the Director's suspension or termination date contain within the notice of suspension or termination, those items of work which are in various stages of completion, which the Director has advised the Contractor are necessary to bring the work to a timely, logical, and orderly

end. Reports, samples, and other materials prepared by Contractor under this Contract shall be delivered to County upon request and shall become the property of County.

C. Termination/Suspension for Default

1. County may, by written notice to Contractor, suspend or terminate the whole or any part of this Contract, if, in the judgment of the County:
 - a. Contractor has materially breached this Contract; or
 - b. Contractor fails to timely provide and/or satisfactorily perform any task, deliverable, service, or other work required under this Contract; or
 - c. Contractor fails to demonstrate a high probability of timely fulfillment of performance requirements under this Contract, or of any obligations of this Contract and in either case, fails to demonstrate convincing progress toward a cure within five working days (or such longer period as County may authorize in writing) after receipt of written notice from County specifying such failure.
2. In the event County suspends or terminates this Contract in whole or in part pursuant to this paragraph, County may procure, upon such terms and in such manner, as County may deem appropriate, goods and services similar to those so suspended or terminated. Contractor shall be liable to County for any and all excess costs incurred by County, as determined by County, for such similar goods and services. Contractor shall continue the performance of this Contract to the extent not suspended or terminated under the provisions of this paragraph.
3. Except with respect to defaults of any Subcontractor, Contractor shall not be liable for any excess costs of the type identified in subparagraph "2" above, if its failure to perform this Contract arises out of causes beyond the control and without the fault or negligence of Contractor. Such causes may include, but are not limited to, acts of God or of the public enemy, acts of County in either its sovereign or contractual capacity, acts of the Federal or State government in its sovereign capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; but in every case, the failure to perform must be beyond the control and without the fault or negligence of Contractor. If the failure to perform is caused by the default of a Subcontractor, and if such default arises out of causes beyond the control of both Contractor and Subcontractor, and without the fault or negligence of either of them, Contractor shall not be liable for any such excess costs for failure to perform, unless the goods or services to be furnished by the

Subcontractor were obtainable from other sources in sufficient time to permit Contractor to meet the required delivery schedule.

4. If, after County has given notice of termination or suspension under the provisions of this paragraph, it is determined by County that Contractor was not in default under the provisions of this paragraph or that the default was excusable under the provisions of this paragraph, the rights and obligations of the parties shall be the same as if the notice of termination or suspension had been issued pursuant to this Exhibit's Termination/Suspension for Convenience.
5. The rights and remedies of County provided in this paragraph shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.
6. As used herein, the terms "Subcontractor" and "Subcontractors" mean Subcontractor at any tier.

D. Termination/Suspension for Improper Consideration

1. County may, by written notice to Contractor, immediately suspend or terminate the right of Contractor to proceed under this Contract if it is found that consideration, in any form, was offered or given by Contractor, either directly or through an intermediary, to any County officer, employee, or agent with the intent of securing this Contract or securing favorable treatment with respect to the award, amendment, extension of this Contract, or the making of any determinations with respect to Contractor's performance pursuant to this Contract. In the event of such termination or suspension, County shall be entitled to pursue those same remedies against Contractor as it could pursue in the event of default by Contractor.
2. Contractor shall immediately report any attempt by a County officer or employee to solicit such improper consideration. The report shall be made either to County manager charged with the supervision of the employee or to County Auditor-Controller's Employee Fraud Hotline at (800) 544-6861.
3. Among other items, such improper consideration may take the form of cash; discounts; services; the provision of travel, entertainment, or tangible gifts.

E. Termination/Suspension for Insolvency

1. County may suspend or terminate this Contract forthwith in the event of the occurrence of any of the following:
 - a. Insolvency of Contractor. Contractor shall be deemed to be insolvent if it has ceased to pay its debts for at least 60 days in the ordinary course of business or cannot pay its debts as they become due, whether or not a petition has been filed under the Federal Bankruptcy Code, and whether or not Contractor is insolvent within the meaning of the Federal Bankruptcy Code.
 - b. The filing of a voluntary or involuntary bankruptcy petition relative to Contractor under the Federal Bankruptcy Code.
 - c. The appointment of a bankruptcy Receiver or Trustee for Contractor.
 - d. The execution by Contractor of a general assignment for the benefits of creditors.
2. The rights and remedies of County provided in this paragraph shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

F. Termination/Suspension for Nonadherence to County Lobbyists Ordinance

Contractor, and each County lobbyist or County lobbying firm as defined in Los Angeles County Code, Section 2.160.010, retained by Contractor, shall fully comply with County's Lobbyist Ordinance, Los Angeles County Code, Chapter 2.160. Failure on the part of Contractor or any County Lobbyists or County Lobbying firm retained by Contractor to fully comply with County's Lobbyist Ordinance shall constitute a material breach of this Contract, upon which County may in its sole discretion, immediately suspend or terminate for default of this Contract.

G. Termination/Suspension for Nonappropriation of Funds

Notwithstanding any other provision of this Contract, County shall not be obligated for Contractor's performance hereunder or by any provision of this Contract during any of County's future fiscal years unless and until the Board appropriates funds for this Contract in County's budget for each such future fiscal year. In the event that funds are not appropriated for this Contract, then this Contract may be suspended or terminated as of June 30 of the last fiscal year for which funds were appropriated. County will notify Contractor in writing of any such nonallocation of funds at the earliest possible date.

SECTION 4

GENERAL CONDITIONS OF CONTRACT WORK

A. Authority of Public Works and Inspection

The Director will have the final authority in all matters affecting the work covered by this Contract's Terms, Requirement, Conditions, and Specifications. On all questions relating to work acceptability or interpretations of these Terms, Requirements, Conditions, and Specifications, the decision of the Director will be final.

B. Cooperation

Contractor shall cooperate with Public Works' forces engaged in any other activities at the jobsite. Contractor shall carry out all work in a diligent manner and according to instructions of the Director.

C. Cooperation and Collateral Work

Contractor shall perform work as directed by the Director. The Director will be supported by other Public Works personnel in assuring satisfactory performance of the work under these Specifications and that satisfactory Contract controls and conditions are maintained.

D. Equipment, Labor, Supervision, and Materials

All equipment, labor, supervision, and materials required to accomplish this Contract, except as might be specifically outlined in other sections, shall be provided by Contractor.

E. Gratuitous Work

Contractor agrees that should work be performed outside the Scope of Work indicated and without Public Works' prior written approval in accordance with this Exhibit's Amendments, such work shall be deemed to be a gratuitous effort by Contractor, and Contractor shall have no claim against County.

F. Jobsite Safety

Contractor shall be solely responsible for ensuring that all work performed under this Contract is performed in strict compliance with all applicable Federal, State, and local occupational safety regulations. Contractor shall provide at its expense all safeguards, safety devices, and protective equipment and shall take any and all actions appropriate to providing a safe jobsite.

G. Labor

No person shall be employed on any work under this Contract who is found to be intemperate, troublesome, disorderly, or is otherwise objectionable to Public Works. Any such person shall be reassigned immediately and not again employed on Public Works' projects or providing services.

H. Labor Law Compliance

Contractor, its agents, and employees shall be bound by and shall comply with all applicable provisions of the Labor Code of the State of California as well as all other applicable Federal, State, and local laws related to labor including compliance with prevailing wage laws. The Contractor is responsible for selecting the classification of workers, which will be required to perform this service in accordance with the Contractor's method of performing the work and when applicable, is required to pay current prevailing wage rates adopted by the Director of the Department of Industrial Relations and will indemnify the County for any claims resulting from their failure to so comply. Contractor shall comply with Labor Code, Section 1777.5, with respect to the employment of apprentices.

I. Overtime

Eight hours labor constitutes a legal day's work. Work in excess thereof, or greater than 40 hours during any one week, shall be permitted only as authorized by and in accordance with Labor Code, Section 1815 et seq.

J. Permits/Licenses

Contractor shall be fully responsible for possessing or obtaining all permits/licenses, except as might be specifically outlined in other sections, from the appropriate Federal, State, or local authorities relating to work to be performed under this Contract.

K. Prohibition Against Use of Child Labor

1. Contractor shall:

- a. Not knowingly sell or supply to County any products, goods, supply, or other personal property manufactured in violation of child labor standards set by the International Labor Organization through its 1973 Convention Concerning Minimum Age for Employment.
- b. Upon request by County, identify the country/countries of origin of any products, goods, supplies, or other personal property Contractor sells or supplies to County.

- c. Upon request by County, provide to County the manufacturer's certification of compliance with all international child labor conventions.
 - d. Should County discover that any products, goods, supplies, or other personal property sold or supplied by Contractor to County are produced in violation of any international child labor conventions, Contractor shall immediately provide an alternative, compliant source of supply.
2. Failure by Contractor to comply with provisions of this paragraph will constitute a material breach of this Contract and will be grounds for immediate suspension or termination of this Contract for default.

L. Public Convenience

Contractor shall conduct operations to cause the least possible obstruction and inconvenience to public traffic or disruption to the peace and quiet of the area within which the work is being performed.

M. Public Safety

It shall be Contractor's responsibility to maintain security against public hazards at all times while performing work at Public Works' jobsites.

N. Quality of Work

Contractor shall provide the County high and consistent quality work under this Contract and which is at least equivalent to that which Contractor provides to all other clients it serves. All work shall be executed by experienced and well-trained workers. All work shall be under supervision of a well-qualified supervisor. Contractor also agrees that work shall be furnished in a professional manner and according to these Specifications.

O. Quantities of Work

Contractor shall be allowed no claims for anticipated profits or for any damages of any sort because of any difference between the work estimated by Contractor in responding to County's solicitation and actual quantities of work done under this Contract or for work decreased or eliminated by County.

P. Safety Requirements

Contractor shall be responsible for the safety of equipment, material, and personnel under Contractor's jurisdiction during the work.

Q. Storage of Material and Equipment

Contractor shall not store material or equipment at the jobsite, except as might be specifically authorized by this Contract. County will not be liable or responsible for any damage, by whatever means, or for the theft of Contractor's material or equipment from any jobsite.

R. Transportation

County will not provide transportation to and from the jobsite and will not provide travel around the limits of the jobsite.

S. Work Area Controls

1. Contractor shall comply with all applicable laws and regulations. Contractor shall maintain work area in a neat, orderly, clean, and safe manner. Contractor shall avoid spreading out equipment excessively. Location and layout of all equipment and materials at each jobsite will be subject to the Contract Manager's approval.
2. Contractor shall be responsible for the security of any and all of Public Works/County facilities in its care. Contractor shall provide protection against vandalism and accidental and malicious damage, both during working and nonworking hours.

T. County Contract Database/CARD

The County maintains databases that track/monitor Contractor performance history. Information entered into such databases may be used for a variety of purposes, including determining whether the County will exercise a Contract term extension option.

SECTION 5

INDEMNIFICATION AND INSURANCE REQUIREMENTS

A. Independent Contractor Status

1. This Contract is by and between County and Contractor and is not intended, and shall not be construed to create the relationship of agent, servant, employee, partnership, joint venture, or association as between County and Contractor. The employees and agents of one party shall not be, or be construed to be, the employees or agents of the other party for any purpose whatsoever.
2. Contractor shall be solely liable and responsible for providing to, or on behalf of, all persons performing work pursuant to this Contract all compensation and benefits. County shall have no liability or responsibility for the payment of any salaries, wages, unemployment benefits, disability benefits, Federal, State, or local taxes, or other compensation, benefits, or taxes for any personnel provided by or on behalf of Contractor.
3. Contractor understands and agrees that all persons performing work pursuant to this Contract are, for purposes of Workers' Compensation liability, solely employees of Contractor and not employees of County. Contractor shall be solely liable and responsible for furnishing any and all Workers' Compensation benefits to any person as a result of any injuries arising from or connected with any work performed by or on behalf of Contractor pursuant to this Contract.

B. Indemnification

Contractor shall indemnify, defend, and hold harmless the County of Los Angeles, its Special Districts, Elected Officials, Appointed Officers, Agents, Employees, and Volunteers ("County Indemnities"), from and against any and all liability including, but not limited to, demands, claims, actions, fees, costs, and expenses of any nature whatsoever (including attorney and expert witness fees), arising from or connected with Contractor's acts and/or omissions arising from and/or relating to this Contract except for loss or damage arising from the sole negligence or willful misconduct of the County Indemnities. This indemnification also shall include any and all intellectual property liability, including copyright infringement and similar claims.

C. Workplace Safety Indemnification

In addition to and without limiting the indemnification required by this Exhibit's Section 5.B (above), and to the extent allowed by law, Contractor agrees to defend, indemnify, and hold harmless the County of Los Angeles, its Special Districts, Elected Officials, Appointed Officers, Agents, Employees, and Volunteers

from and against any and all investigations, complaints, citations, liability, expense (including defense costs and legal fees), claims, and/or causes of action for damages of any nature whatsoever including, but not limited to, injury or death to employees of Contractor, its Subcontractors or County, attributable to any alleged act or omission of Contractor and/or its Subcontractors which is in violation of any Cal/OSHA regulation. The obligation to defend, indemnify, and hold harmless County includes all investigations and proceedings associated with purported violations of Section 336.10 of Title 8 of the California Code of Regulations pertaining to multiemployer worksites. Contractor shall not be obligated to indemnify for liability and expenses arising from the active negligence of County. County may deduct from any payment otherwise due Contractor any costs incurred or anticipated to be incurred by County, including legal fees and staff costs, associated with any investigation or enforcement proceeding brought by Cal/OSHA arising out of the work being performed by Contractor under this Contract.

D. General Insurance Requirements

1. Without limiting Contractor's indemnification of County, and in the performance of this Contract and until all of its obligations pursuant to this Contract have been met, Contractor shall provide and maintain at its own expense insurance coverage satisfying the requirements specified in this paragraph and paragraph F of this Section. These minimum insurance coverage terms, types, and limits (the "Required Insurance") also are in addition to and separate from any other contractual obligation imposed upon Contractor pursuant to this Contract. The County in no way warrants that the Required Insurance is sufficient to protect the Contractor for liabilities which may arise from or relate to this Contract.
2. Evidence of Coverage and Notice to County: - A certificate(s) of insurance coverage (Certificate) satisfactory to County, and a copy of an Additional Insured endorsement confirming the County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, and Volunteers has been given Insured status under the Contractor's General Liability policy, shall be delivered to County at the address shown below and provided prior to commencing services under this Contract.
 - a. Renewal Certificates shall be provided to County not less than ten days prior to Contractor's policy expiration dates. The County reserves the right to obtain complete, certified copies of any required Contractor and/or Subcontractor insurance policies at any time.
 - b. Certificates shall identify all Required Insurance coverage types and limits specified herein, reference this Contract by name or number, and be signed by an authorized representative of the insurer(s). The Insured party named on the Certificate shall match the name of the Contractor identified as the contracting party in this

Contract. Certificates shall provide the full name of each insurer providing coverage, its NAIC (National Association of Insurance Commissioners) identification number, its financial rating, the amounts of any policy deductibles or self-insured retentions exceeding \$50,000, and list any County-required endorsement forms.

c. Neither the County's failure to obtain, nor the County's receipt of, or failure to object to a noncomplying insurance certificate or endorsement, or any other insurance documentation or information provided by the Contractor, its insurance broker(s) and/or insurer(s), shall be construed as a waiver of any of the Required Insurance provisions.

d. Certificates and copies of any required endorsements shall be sent to:

County of Los Angeles
Department of Public Works, Business Relations and Contracts
P.O. Box 1460
Alhambra, California 91802-1460
Attention of: Contract Analyst (noted in the RFSQ Notice)

e. Contractor also shall promptly report to County any injury or property damage accident or incident, including any injury to a Contractor employee occurring on County property, and any loss, disappearance, destruction, misuse, or theft of County property, monies or securities entrusted to Contractor. Contractor also shall promptly notify County of any third-party claim or suit filed against Contractor or any of its Subcontractors which arises from or relates to this Contract, and could result in the filing of a claim or lawsuit against Contractor and/or County.

3. Additional Insured Status and Scope of Coverage - The County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, and Volunteers and, when applicable, Los Angeles County Metro Transportation Authority (LACMTA), its Officers, Agents, and Employees shall be provided additional insured status under Contractor's General Liability policy with respect to liability arising out of Contractor's ongoing and completed operations performed on behalf of the County. The County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, and Volunteers, and, when applicable, LACMTA, its Officers, Agents, and Employees additional insured status shall apply with respect to liability and defense of suits arising out of the Contractor's acts or omissions, whether such liability is attributable to the Contractor or to the County. The full policy limits and scope of protection

also shall apply to the County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, and Volunteers and, when applicable, LACMTA, its Officers, Agents, and Employees as an additional insured, even if they exceed the County's minimum Required Insurance specifications herein. Use of an automatic additional insured endorsement form is acceptable providing it satisfies the Required Insurance provisions herein.

4. Cancellation of or Changes in Insurance: Contractor shall provide County with, or Contractor's insurance policies shall contain a provision that County shall receive, written notice of cancellation or any change in Required Insurance, including insurer, limits of coverage, term of coverage or policy period. The written notice shall be provided to County at least ten days in advance of cancellation for nonpayment of premium and 30 days in advance for any other cancellation or policy change. Failure to provide written notice of cancellation or any change in Required Insurance may constitute a material breach of the Contract, in the sole discretion of the County, upon which the County may suspend or terminate this Contract.
5. Failure to Maintain Insurance: Contractor's failure to maintain or to provide acceptable evidence that it maintains the Required Insurance shall constitute a material breach of the Contract, upon which County immediately may withhold payments due to Contractor, and/or suspend or terminate this Contract. County, at its sole discretion, may obtain damages from Contractor resulting from said breach. Alternatively, the County may purchase the Required Insurance, and without further notice to Contractor, deduct the premium cost from sums due to Contractor or pursue Contractor reimbursement.
6. Insurer Financial Ratings: Coverage shall be placed with insurers acceptable to the County with A.M. Best ratings of not less than A:VII unless otherwise approved by County.
7. Contractor's Insurance Shall Be Primary: Contractor's insurance policies, with respect to any claims related to this Contract, shall be primary with respect to all other sources of coverage available to Contractor. Any County-maintained insurance or self-insurance coverage shall be in excess of and not contribute to any Contractor coverage.
8. Waivers of Subrogation: To the fullest extent permitted by law, the Contractor hereby waives its rights and its insurer(s)' rights of recovery against County under all the Required Insurance for any loss arising from or relating to this Contract. The Contractor shall require its insurers to execute any waiver of subrogation endorsements which may be necessary to effect such waiver.

9. Subcontractor Insurance Coverage Requirements: Contractor shall include all Subcontractors as insureds under Contractor's own policies, or shall provide County with each Subcontractor's separate evidence of insurance coverage. Contractor shall be responsible for verifying each Subcontractor complies with the Required Insurance provisions herein, and shall require that each Subcontractor name the County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, Volunteers, and Contractor as additional insureds on the Subcontractor's General Liability policy. Contractor shall obtain County's prior review and approval of any Subcontractor request for modification of the Required Insurance.
10. Deductibles and Self-Insured Retentions (SIRs): Contractor's policies shall not obligate the County to pay any portion of any Contractor deductible or SIR. The County retains the right to require Contractor to reduce or eliminate policy deductibles and SIRs as respects the County, or to provide a bond guaranteeing Contractor's payment of all deductibles and SIRs, including all related claims investigation, administration and defense expenses. Such bond shall be executed by a corporate surety licensed to transact business in the State of California.
11. Claims Made Coverage: If any part of the Required Insurance is written on a claims made basis, any policy retroactive date shall precede the effective date of this Contract. Contractor understands and agrees it shall maintain such coverage for a period of not less than three years following Contract expiration, termination, or cancellation.
12. Application of Excess Liability Coverage: Contractors may use a combination of primary, and excess insurance policies which provide coverage as broad as ("follow form" over) the underlying primary policies, to satisfy the Required Insurance provisions.
13. Separation of Insureds: All liability policies shall provide cross-liability coverage as would be afforded by the standard ISO (Insurance Services Office, Inc.) separation of insureds provision with no insured versus insured exclusions or limitations.
14. Alternative Risk Financing Programs: The County reserves the right to review, and then approve, Contractor use of self-insurance, risk retention groups, risk purchasing groups, pooling arrangements, and captive insurance to satisfy the Required Insurance provisions. The County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, and Volunteers shall be designated as an Additional Covered Party under any approved program.

15. County Review and Approval of Insurance Requirements: The County reserves the right to review and adjust the Required Insurance provisions, conditioned upon County's determination of changes in risk exposures.

E. Compensation for County Costs

In the event that the Contractor fails to comply with any of the indemnification or insurance requirements of this Contract, and such failure to comply results in any costs to the County, the Contractor shall pay full compensation for all costs incurred by the County.

F. Insurance Coverage Requirements

1. Commercial General Liability insurance (providing scope of coverage equivalent to ISO policy form CG 00 01), naming The County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees, and Volunteers as an additional insured, with limits of not less than:

General Aggregate:	\$4 million
Products/Completed Operations Aggregate:	\$4 million
Personal and Advertising Injury:	\$4 million
Each Occurrence:	\$4 million

2. Automobile Liability written on ISO policy form CA 00 01 or its equivalent. Such insurance shall include coverage for all "owned," "nonowned," and "hired" vehicles, or coverage for "any auto," in an amount as recommended by the Public Utilities Commission, but not less than the following (Can be met by a combination of primary and excess insurance coverage):

- a. Seating capacity of 16 passengers or more (including driver), \$10 million.
- b. Seating capacity of 15 passengers or less (including driver), \$5 million.
- c. Taxicabs as defined by Vehicle Code Section 27908, a minimum of \$100,000 per person, \$1 million per occurrence, and \$50,000 property damage or a combined single limit of \$1 million.

A certificate evidencing such insurance coverage and an endorsement naming the County as additional insured thereunder shall be filed with the Director prior to Contractor providing Service hereunder.

3. Workers Compensation and Employers' Liability insurance or qualified self-insurance satisfying statutory requirements, which includes Employers' Liability coverage with limits of not less than \$1 million per accident. If Contractor is a temporary staffing firm or a professional employer organization (PEO), coverage also shall include an Alternate Employer Endorsement (providing scope of coverage equivalent to ISO policy form WC 00 03 01 A) naming the County as the Alternate Employer, and the endorsement form shall be modified to provide that County will receive not less than 30 days advance written notice of cancellation of this coverage provision. If applicable to Contractor's operations, coverage also shall be arranged to satisfy the requirements of any Federal workers or workmen's compensation law or any Federal occupational disease law.

4. Sexual Misconduct Liability: Insurance covering actual or alleged claims for sexual misconduct and/or molestation with limits of not less than \$2 million per claim and \$2 million aggregate, and claims for negligent employment, investigation, supervision, training or retention of, or failure to report to proper authorities, a person(s) who committed any act of abuse, molestation, harassment, mistreatment or maltreatment of a sexual nature.

SECTION 6

CONTRACTOR RESPONSIBILITY AND DEBARMENT

A. Responsible Contractor

A responsible Contractor is a Contractor who has demonstrated the attribute of trustworthiness as well as quality, fitness, capacity, and experience to satisfactorily perform the Contract. It is County's policy to conduct business only with responsible Contractors.

B. Chapter 2.202 of the County Code

Contractor is hereby notified that, in accordance with Chapter 2.202 of County Code, if County acquires information concerning the performance of Contractor on this or other Contracts which indicates that Contractor is not responsible, County may, in addition to other remedies provided in this Contract, debar Contractor from bidding or proposing on, being awarded, and/or performing work on County Contracts for a specified period of time, which generally will not exceed five years but may exceed five years or be permanent if warranted by the circumstances, and suspend or terminate any or all existing contracts Contractor may have with County.

C. Nonresponsible Contractor

County may debar a Contractor if the Board finds, in its discretion, that Contractor has done any of the following: (1) violated any term of a Contract with County or a nonprofit corporation created by County; (2) committed an act or omission which negatively reflects on Contractor's quality, fitness, or capacity to perform a Contract with County, any other public entity, or a nonprofit corporation created by County, or engaged in a pattern or practice which negatively reflects on same; (3) committed an act or offense which indicates a lack of business integrity or business honesty; or (4) made or submitted a false claim against County or any other public entity.

D. Contractor Hearing Board

1. If there is evidence that Contractor may be subject to debarment, Public Works will notify Contractor in writing of the evidence which is the basis for the proposed debarment and will advise Contractor of the scheduled date for a debarment hearing before Contractor Hearing Board.
2. Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. Contractor and/or Contractor's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, Contractor Hearing Board will prepare a tentative proposed decision, which shall contain a recommendation

regarding whether Contractor should be debarred, and, if so, the appropriate length of time of the debarment. Contractor and Public Works shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board.

3. After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision, and any other recommendation of Contractor Hearing Board shall be presented to the Board. The Board shall have the right to modify, deny, or adopt the proposed decision and recommendation of Contractor Hearing Board.
4. If a Contractor has been debarred for a period longer than five years, that Contractor may, after the debarment has been in effect for at least five years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that Contractor has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership or management; (3) material evidence discovered after debarment was imposed; or (4) any other reason that is in the best interests of County.
5. Contractor Hearing Board will consider a request for review of a debarment determination only where (1) Contractor has been debarred for a period longer than five years; (2) the debarment has been in effect for at least five years; and (3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, Contractor Hearing Board will provide notice of the hearing on the request. At the hearing, Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by Contractor Hearing Board pursuant to the same procedure as for a debarment hearing.
6. Contractor Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. Contractor Hearing Board shall present its proposed decision and recommendation to the Board. The Board shall have the right to modify, deny, or adopt the proposed decision and recommendation of Contractor Hearing Board.

E. Subcontractors of Contractor

These terms shall also apply to Subcontractors of County Contractors.

SECTION 7

COMPLIANCE WITH COUNTY'S JURY SERVICE PROGRAM

A. Jury Service Program

This Contract is subject to the provisions of County's ordinance entitled Contractor Employee Jury Service (Jury Service Program) as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code.

B. Written Employee Jury Service Policy

1. Unless Contractor has demonstrated to County's satisfaction either that Contractor is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of County Code) or that Contractor qualifies for an exception to the Jury Service Program (Section 2.203.070 of County Code), Contractor shall have and adhere to a written policy that provides that its Employees shall receive from Contractor, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that Employee deposit any fees received for such jury service with Contractor or that Contractor deduct from the Employee's regular pay the fees received for jury service.
2. For purposes of this Section, "Contractor" means a person, partnership, corporation, or other entity which has a Contract with County or a Subcontract with a County Contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County Contracts or Subcontracts. "Employee" means any California resident who is a full-time employee of Contractor. "Full-time" means 40 hours or more worked per week, or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by County, or 2) Contractor has a long-standing practice that defines the lesser number of hours as full-time. Full-time employees providing short-term, temporary services of 90 days or less within a 12-month period are not considered full-time for purposes of the Jury Service Program. If Contractor uses any Subcontractor to perform services for County under this Contract, the Subcontractor shall also be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such Subcontract agreement and a copy of the Jury Service Program shall be attached to the agreement.
3. If Contractor is not required to comply with the Jury Service Program when this Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and Contractor shall immediately notify County if Contractor at any time either comes within the Jury Service Program's definition of

"Contractor" or if Contractor no longer qualifies for an exception to the Jury Service Program. In either event, Contractor shall immediately implement a written policy consistent with the Jury Service Program. County may also require, at any time during this Contract and at its sole discretion, that Contractor demonstrate to County's satisfaction that Contractor either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that Contractor continues to qualify for an exception to the Jury Service Program.

4. Contractor's violation of this Section of this Contract may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, suspend or terminate this Contract and/or bar Contractor from the award of future County Contracts for a period of time consistent with the seriousness of the breach.

SECTION 8

SAFELY SURRENDERED BABY LAW PROGRAM

A. Contractor's Acknowledgment of County's Commitment to the Safely Surrendered Baby Law

Contractor acknowledges that County places a high priority on the implementation of the Safely Surrendered Baby Law. Contractor understands that it is County's policy to encourage all County Contractors to voluntarily post County's "Safely Surrendered Baby Law" poster in a prominent position at Contractor's place of business. Contractor will also encourage its Subcontractors, if any, to post this poster in a prominent position in the Subcontractor's place of business. County's Department of Children and Family Services will supply Contractor with the poster to be used. Information on how to receive the poster can be found on the Internet at www.babysafela.org.

B. Notice to Employees Regarding the Safely Surrendered Baby Law

Contractor shall notify and provide to its employees, and shall require each Subcontractor to notify and provide to its employees, a fact sheet regarding the Safely Surrendered Baby Law, its implementation in County, and where and how to safely surrender a baby. The fact sheet is set forth in Exhibit D of this Contract and is also available on the Internet at www.babysafela.org for printing purposes.

SECTION 9

COMPLIANCE WITH COUNTY'S LIVING WAGE PROGRAM

A. Living Wage Program

This Contract is subject to the provisions of County's ordinance entitled Living Wage Program as codified in Sections 2.201.010 through 2.201.100 of the Los Angeles County Code, a copy of which is attached hereto as Form LW-1 and incorporated by reference into and made a part of this Contract.

B. Payment of Living Wage Rates

1. Unless Contractor has demonstrated to County's satisfaction either that Contractor is not an "Employer" as defined under the Living Wage Program (Section 2.201.020 of County Code) or that Contractor qualifies for an exception to the Living Wage Program (Section 2.201.090 of County Code), Contractor shall pay its Employees no less than the applicable hourly living wage rate, as set forth in Form LW-3, Living Wage Rate Annual Adjustments, for the Employees' services provided to County, including, without limitation, "Travel Time" as defined below in subsection 5 of this Section 9.B under this Contract.
2. For purposes of this Section, "Contractor" includes any Subcontractor engaged by Contractor to perform services for County under this Contract. If Contractor uses any Subcontractor to perform services for County under this Contract, the Subcontractor shall be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such Subcontract and a copy of the Living Wage Program shall be attached to the Subcontract. "Employee" means any individual who is an employee of Contractor under the laws of California, and who is providing full-time or part-time services to Contractor, which are provided to County under this Contract. "Full-time" means a minimum of 40 hours worked per week, or a lesser number of hours, if the lesser number is a recognized industry standard and is approved as such by County; however, fewer than 35 hours worked per week will not, in any event, be considered full-time.
3. If Contractor is required to pay a living wage when this Contract commences, Contractor shall continue to pay a living wage for the entire term of this Contract, including any option period.
4. If Contractor is not required to pay a living wage when this Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exemption status" from the living wage requirement. Contractor shall immediately notify County if Contractor at any time either comes within the Living Wage Program's definition of "Employer" or if Contractor no longer qualifies for the exception to the Living Wage Program.

In either event, Contractor shall immediately be required to commence paying the living wage and shall be obligated to pay the living wage for the remaining term of this Contract, including any option period. County may also require, at any time during this Contract and at its sole discretion, that Contractor demonstrate to County's satisfaction that Contractor either continues to remain outside of the Living Wage Program's definition of "Employer" and/or that Contractor continues to qualify for the exception to the Living Wage Program. Unless Contractor satisfies this requirement within the time frame permitted by County, Contractor shall immediately be required to pay the living wage for the remaining term of this Contract, including any option period.

5. For purposes of Contractor's obligation to pay its Employees the applicable hourly living wage rate under this Contract, "Travel Time" shall have the following two meanings, as applicable: 1) with respect to travel by an Employee that is undertaken in connection with this Contract, Travel Time shall mean any period during which an Employee physically travels to or from a County facility if Contractor pays the Employee any amount for that time or if California law requires Contractor to pay the Employee any amount for that time; and 2) with respect to travel by an Employee between County facilities that are subject to two different Contracts between Contractor and County (of which both Contracts are subject to the Living Wage Program), Travel Time shall mean any period during which an Employee physically travels to or from, or between such County facilities if Contractor pays the Employee any amount for that time or if California law requires Contractor to pay the Employee any amount for that time.

C. Contractor's Submittal of Certified Monitoring Reports

Contractor shall submit to County certified monitoring reports at a frequency instructed by County. The certified monitoring reports shall list all of Contractor's

Employees during the reporting period. The certified monitoring reports shall also verify the number of hours worked and the hourly wage rate paid for each of its Employees. All certified monitoring reports shall be submitted on forms provided by County, or any other form approved by County which contains the above information. County reserves the right to request any additional information it may deem necessary. If County requests additional information, Contractor shall promptly provide such information. Contractor, through one of its officers, shall certify under penalty of perjury that the information contained in each certified monitoring report is true and accurate.

D. Contractor's Ongoing Obligation to Report Labor Law/Payroll Violations and Claims

During the term of this Contract, if Contractor becomes aware of any labor law/payroll violations or any complaint, investigation, or proceeding ("claim") concerning any alleged labor law/payroll violation (including, but not limited to, any

violation or claim pertaining to wages, hours, and working conditions, such as minimum wage, prevailing wage, living wage, the Fair Labor Standards Act, employment of minors, or unlawful employment discrimination), Contractor shall immediately inform County of any pertinent facts known by Contractor regarding the same. This disclosure obligation is not limited to any labor law/payroll violation or claim arising out of Contractor's Contract with County, but instead applies to any labor law/payroll violation or claim arising out of any of Contractor's operation in California.

E. County Auditing of Contractor Records

Upon a minimum of 24 hours' written notice, County may audit, at Contractor's place of business, any of Contractor's records pertaining to this Contract, including all documents and information relating to the certified monitoring reports. Contractor is required to maintain all such records in California until the expiration of five years from the date of final payment under this Contract. Authorized agents of County shall have access to all such records during normal business hours for the entire period that records are to be maintained.

F. Notifications to Employees

Contractor shall place County-provided living wage posters at each of Contractor's place of business and locations where Contractor's Employees are working. Contractor shall also distribute County-provided notices to each of its Employees at least once per year. Contractor shall translate posters and handouts into Spanish and any other language spoken by a significant number of Employees.

G. Enforcement and Remedies

If Contractor fails to comply with the requirements of this Section, County shall have the rights and remedies described in this Section in addition to any rights and remedies provided by law or equity.

1. Remedies for Submission of Late or Incomplete Certified Monitoring Reports: If Contractor submits a certified monitoring report to County after the date it is due or if the report submitted does not contain all of the required information or is inaccurate or is not properly certified, any such deficiency shall constitute a breach of this Contract. In the event of any such breach, County may, in its sole discretion, exercise any or all of the following rights/remedies:

a. Withholding of Payment: If Contractor fails to submit accurate, complete, timely, and properly certified monitoring reports, County may withhold from payment to Contractor up to the full amount of any invoice that would otherwise be due, until Contractor has satisfied the concerns of County, which may include required submittal of revised certified monitoring reports or additional supporting documentation.

- b. Liquidated Damages: It is mutually understood and agreed that Contractor's failure to submit an accurate, complete, timely, and properly certified monitoring report will result in damages being sustained by County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; that the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time; and that the liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, in the event that a certified monitoring report is deficient including, but not limited to, being late, inaccurate, incomplete, or uncertified, it is agreed that County may, in its sole discretion, assess against Contractor liquidated damages in the amount of \$100 per monitoring report for each day until County has been provided with a properly prepared, complete, and certified monitoring report. County may deduct any assessed liquidated damages from any payments otherwise due to Contractor.
 - c. Termination/Suspension: Contractor's failure to submit an accurate, complete, timely, and properly certified monitoring report may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, suspend or terminate this Contract.
2. Remedies for Payment of Less Than the Required Living Wage: If Contractor fails to pay any Employee at least the applicable hourly living wage rate; such deficiency shall constitute a breach of this Contract. In the event of any such breach, County may, in its sole discretion, exercise any or all of the following rights/remedies:
- a. Withholding Payment: If Contractor fails to pay one or more of its Employees at least the applicable hourly living wage rate, County may withhold from any payment otherwise due to Contractor the aggregate difference between the living wage amounts Contractor was required to pay its Employees for a given pay period and the amount actually paid to the Employees for that pay period. County may withhold said amount until Contractor has satisfied County that any underpayment has been cured, which may include required submittal of revised certified monitoring reports or additional supporting documentation.
 - b. Liquidated Damages: It is mutually understood and agreed that Contractor's failure to pay any of its Employees at least the applicable hourly living wage rate will result in damages being sustained by County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; that the liquidated damages set forth herein are the nearest and most

exact measure of damages for such breach that can be fixed at this time; and that the liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, it is agreed that County may, in its sole discretion, assess against Contractor liquidated damages of \$50 per Employee per day for each and every instance of an underpayment to an Employee. County may deduct any assessed liquidated damages from any payments otherwise due to Contractor.

c. Termination/Suspension: Contractor's failure to pay any of its Employees the applicable hourly living wage rate may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, suspend or terminate this Contract.

3. Debarment: In the event Contractor breaches a requirement of this Section, County may, in its sole discretion, bar Contractor from the award of future County Contracts for a period of time consistent with the seriousness of the breach, in accordance with Los Angeles County Code, Section 2.202, Determinations of Contractor Nonresponsibility and Contractor Debarment.

H. Use of Full-Time Employees

Contractor shall assign and use full-time Employees of Contractor to provide services under this Contract unless Contractor can demonstrate to the satisfaction of County that it is necessary to use non-full-time Employees based on staffing efficiency or County requirements for the work to be performed under this Contract. It is understood and agreed that Contractor shall not, under any circumstance, use non-full-time Employees for services provided under this Contract unless and until County has provided written authorization for the use of same. Contractor submitted with its proposal a full-time-Employee staffing plan. If Contractor changes its full-time-Employee staffing plan, Contractor shall immediately provide a copy of the new staffing plan to County.

I. Contractor Retaliation Prohibited

Contractor and/or its Employees shall not take any adverse action which would result in the loss of any benefit of employment, any Contract benefit, or any statutory benefit for any Employee, person, or entity who has reported a violation of the Living Wage Program to County or to any other public or private agency, entity, or person. A violation of the provisions of this paragraph may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, suspend or terminate this Contract.

J. Contractor Standards

During the term of this Contract, Contractor shall maintain business stability, integrity in employee relations, and the financial ability to pay a living wage to its employees. If requested to do so by County, Contractor shall demonstrate to the satisfaction of County that Contractor is complying with this requirement.

K. Neutrality in Labor Relations

Contractor shall not use any consideration received under this Contract to hinder, or to further, organization of, or collective bargaining activities by or on behalf of Contractor's employees, except that this restriction shall not apply to any expenditure made in the course of good faith collective bargaining, or to any expenditure pursuant to obligations incurred under a bona fide collective bargaining agreement, or which would otherwise be permitted under the provisions of the National Labor Relations Act.

SECTION 10

SOCIAL ENTERPRISE (SE) PREFERENCE PROGRAM

This Contract is subject to the provisions of the County's ordinance entitled SE Preference Program, as codified in Chapter 2.205 of the Los Angeles County Code.

Contractor shall not knowingly and with the intent to defraud, fraudulently obtain, retain, attempt to obtain or retain, or aid another in fraudulently obtaining or retaining or attempting to obtain or retain certification as a SE.

Contractor shall not willfully and knowingly make a false statement with the intent to defraud, whether by affidavit, report, or other representation, to a County official or employee for the purpose of influencing the certification or denial of certification of any entity as a SE.

If Contractor has obtained County certification as a SE by reason of having furnished incorrect supporting information or by reason of having withheld information, and which knew, or should have known, the information furnished was incorrect or the information withheld was relevant to its request for certification, and which by reason of such certification has been awarded this contract to which it would not otherwise have been entitled, Contractor shall:

1. Pay to the County any difference between the Contract amount and what the County's costs would have been if the Contract had been properly awarded.
2. In addition to the amount described in subdivision (1), be assessed a penalty in the amount of not more than 10 percent of the amount of this Contract.
3. Be subject to the provisions of Chapter 2.202 of the Los Angeles County Code (Determinations of Contractor Nonresponsibility and Contractor Debarment).

The above penalties shall also apply to any entity that has previously obtained proper certification, however, as a result of a change in their status would no longer be eligible for certification, and fails to notify the Department of Consumer and Business Affairs of this information prior to responding to a solicitation or accepting a contract award.

SECTION 11

LOCAL SMALL BUSINESS ENTERPRISE (SBE) PREFERENCE PROGRAM

- A. This Contract is subject to the provisions of County's ordinance entitled Local Small Business Enterprise Preference Program, as codified in Chapter 2.204 of the Los Angeles County Code.
- B. Contractor shall not knowingly and with the intent to defraud, fraudulently obtain, retain, attempt to obtain or retain, or aid another in fraudulently obtaining or retaining or attempting to obtain or retain certification as a Local Small Business Enterprise.
- C. Contractor shall not willfully and knowingly make a false statement with the intent to defraud, whether by affidavit, report, or other representation, to a County official or employee for the purpose of influencing the certification or denial of certification of any entity as a Local Small Business Enterprise.
- D. If Contractor has obtained County certification as a Local Small Business Enterprise by reason of having furnished incorrect supporting information or by reason of having withheld information, and which knew, or should have known, the information furnished was incorrect or the information withheld was relevant to its request for certification, and which by reason of such certification has been awarded this Contract to which it would not otherwise have been entitled, shall:
 - 1. Pay to County any difference between this Contract amount and what County's costs would have been if this Contract had been properly awarded.
 - 2. In addition to the amount described in subdivision (1), be assessed a penalty in an amount of not more than 10 percent of the amount of this Contract.
 - 3. Be subject to the provisions of Chapter 2.202 of the Los Angeles County Code (Determinations of Contractor Nonresponsibility and Contractor Debarment).
- E. The above penalties shall also apply to any business that has previously obtained proper certification, however, as a result of a change in their status would no longer be eligible for certification, and fails to notify the State and the Department of Consumer and Business Affairs of this information prior to responding to a solicitation or accepting a contract award.

SECTION 12

COMPLIANCE WITH COUNTY'S DEFAULTED PROPERTY TAX
REDUCTION PROGRAM

A. Defaulted Property Tax Reduction Program

This Contract is subject to the provisions of County's ordinance entitled Defaulted Property Tax Reduction Program ("Defaulted Tax Program") as codified in Sections 2.206 of the Los Angeles County Code (Exhibit E).

B. Contractor's Warranty of Compliance with County's Defaulted Property Tax Reduction Program

Contractor acknowledges that County has established a goal of ensuring that all individuals and businesses that benefit financially from the County through any Contract are current in paying their property tax obligations (secured and unsecured roll) in order to mitigate the economic burden otherwise imposed upon the County and its taxpayers.

Unless Contractor qualifies for an exemption or exclusion, Contractor warrants and certifies that to the best of its knowledge it is now in compliance, and during the term of this Contract will maintain compliance, with Los Angeles County Code, Chapter 2.206.

C. Termination for Breach of Warranty of Compliance with County's Defaulted Property Tax Reduction Program

Failure of Contractor to maintain compliance with the requirements set forth in paragraph B, above, shall constitute default under this Contract. Without limiting the rights and remedies available to County under any other provision of this Contract, failure of Contractor to cure such default within ten days of notice shall be grounds upon which County may terminate this Contract and/or pursue debarment of Contractor, pursuant to County Code, Chapter 2.206.

SECTION 13

DISABLED VETERAN BUSINESS ENTERPRISE (DVBE) PREFERENCE PROGRAM

- A. This Contract is subject to the provisions of the County's ordinance entitled Disabled Veteran Business Enterprise Preference Program (DVBE), as codified in Chapter 2.211 of the Los Angeles County Code.
- B. Contractor shall not knowingly and with the intent to defraud, fraudulently obtain, retain, attempt to obtain or retain, or aid another in fraudulently obtaining or retaining or attempting to obtain or retain certification as a DVBE.
- C. Contractor shall not willfully and knowingly make a false statement with the intent to defraud, whether by affidavit, report, or other representation, to a County official or employee for the purpose of influencing the certification or denial of certification of any entity as a DVBE.
- D. If Contractor has obtained certification as a DVBE by reason of having furnished incorrect supporting information or by reason of having withheld information, and which knew, or should have known, the information furnished was incorrect or the information withheld was relevant to its request for certification, and which by reason of such certification has been awarded this contract to which it would not otherwise have been entitled, shall:
 - 1. Pay to the County any difference between the Contract amount and what the County's costs would have been if the Contract had been properly awarded.
 - 2. In addition to the amount described in subdivision (1), be assessed a penalty in an amount of not more than 10 percent of the amount of the Contract.
 - 3. Be subject to the provisions of Chapter 2.202 of the Los Angeles County Code (Determinations of Contractor Nonresponsibility and Contractor Debarment).
- E. Notwithstanding any other remedies in this contract, the above penalties shall also apply to any business that has previously obtained proper certification, however, as a result of a change in their status would no longer be eligible for certification, and fails to notify the State and the Department of Consumer and Business Affairs of this information prior to responding to a solicitation or accepting a contract award.

SECTION 14

DISPLACED TRANSIT EMPLOYEE PROGRAM

- A. In accordance with Labor Code, Section 1072(c)(1), if the County informs the Contractor that the County intends to issue a new solicitation for these services, Contractor shall, within 14 calendar days thereafter, provide to the County the number of employees who are performing services under this Contract and the wage rates, benefits, and job classifications of those employees. In addition, the Contractor shall make this information available to any entity that the County has identified as a bona fide Proposer for the successor Contract. If the successor service Contract is awarded to a new Contractor, the Contractor shall provide the names, addresses, dates of hire, wages, benefit levels, and job classifications of employees to the successor Contractor.

The following provision applies if the Contractor declared that the Contractor is willing to retain employees of previous Contractor and signed PW-16, Displaced Transit Employee Declaration indicating that they will do so in their proposal.

- B. If the Contractor has declared in Form PW-16, Displaced Transit Employee Declaration that the Contractor will retain employees of the prior Contractor or Subcontractor for a period of not less than 90 days, the Contractor shall retain employees who have been employed by the prior Contractor or Subcontractors, except for reasonable and substantiated cause as specified in California Labor Code, Section 1072(c)(2). That cause is limited to the particular employee's performance or conduct while working under the prior Contract or the employee's failure of any controlled substances and alcohol test, physical examination, criminal background check required by law as a condition of employment, or other standard hiring qualification lawfully required by the Contractor and/or Subcontractor.
- C. In accordance with California Labor Code, Section 1072(c)(3), the Contractor shall make a written offer of employment to each employee to be rehired. That offer shall state the time within which the employee must accept that offer, but in no case less than ten days. California Labor Code 1072(c)(3) does not require the Contractor and/or Subcontractor to pay the same wages or offer the same benefits provided by the prior Contractor or Subcontractor.
- D. If, at any time, the Contractor or Subcontractor determines that fewer employees are required than were required under the prior Contract or Subcontract, the Contractor or Subcontractor shall retain qualified employees by seniority within the job classification. In determining those employees who are qualified, the Contractor or Subcontractor may require an employee to possess any license that is required by law to operate the equipment that the employee will operate as an employee of the Contractor or Subcontractor.

E. Termination for Breach

1. In accordance to California Labor Code, Section 1074(a), upon its motion or upon the request of any member of the public, the County may terminate this Contract if both of the following occur:
 - a. The Contractor or Subcontractor has substantially breached this Contract.
 - b. The County holds a public hearing within 30 days of the receipt of the request or its announcement of its intention to terminate.
2. Contractor or Subcontractor terminated pursuant to this provision shall be ineligible to submit proposal on or be awarded a service Contract or Subcontract with the County for a period of not less than one year and not more than three years, to be determined by the County.
3. Nothing herein is intended nor shall be construed as creating any exclusive provision for termination of this Contract. This provision shall not limit the County's right to terminate or debar Contractors under any other provisions of this Contract or under any other provision of the law.

SECTION 15

COVID-19 VACCINATIONS OF COUNTY CONTRACTOR PERSONNEL

- A. At Contractor's sole cost, Contractor shall comply with Chapter 2.212 (COVID-19 Vaccinations of County Contractor Personnel) of County Code Title 2 - Administration, Division 4. All employees of Contractor and persons working on its behalf, including but not limited to, Subcontractors of any tier (collectively, "Contractor Personnel"), must be fully vaccinated against the novel coronavirus 2019 ("COVID-19") prior to (1) interacting in person with County employees, interns, volunteers, and commissioners ("County workforce members"), (2) working on County owned or controlled property while performing services under this Contract, and/or (3) coming into contact with the public while performing services under this Contract (collectively, "In-Person Services").
- B. Contractor Personnel are considered "fully vaccinated" against COVID-19 two (2) weeks or more after they have received (1) the second dose in a 2-dose COVID-19 vaccine series (e.g. Pfizer-BioNTech or Moderna), (2) a single-dose COVID-19 vaccine (e.g. Johnson and Johnson [J&J]/Janssen), or (3) the final dose of any COVID-19 vaccine authorized by the World Health Organization ("WHO").
- C. Prior to assigning Contractor Personnel to perform In-Person Services, Contractor shall obtain proof that such Contractor Personnel have been fully vaccinated by confirming Contractor Personnel is vaccinated through any of the following documentation: (1) official COVID-19 Vaccination Record Card (issued by the Department of Health and Human Services, CDC or WHO Yellow Card), which includes the name of the person vaccinated, type of vaccine provided, and date of the last dose administered ("Vaccination Record Card"); (2) copy (including a photographic copy) of a Vaccination Record Card; (3) Documentation of vaccination from a licensed medical provider; (4) a digital record that includes a quick response ("QR") code that when scanned by a SMART HealthCard reader displays to the reader client name, date of birth, vaccine dates, and vaccine type, and the QR code confirms the vaccine record as an official record of the State of California; or (5) documentation of vaccination from Contractors who follow the CDPH vaccination records guidelines and standards. Contractor shall also provide written notice to County before the start of work under this Contract that its Contractor Personnel are in compliance with the requirements of this section. Contractor shall retain such proof of vaccination for the document retention period set forth in this Contract, and must provide such records to the County for audit purposes, when required by County.
- D. Contractor shall evaluate any medical or sincerely held religious exemption request of its Contractor Personnel, as required by law. If Contractor has determined that Contractor Personnel is exempt pursuant to a medical or sincerely held religious reason, the Contractor must also maintain records of the Contractor Personnel's testing results. The Contractor must provide such records to the County for audit purposes, when required by County. The unvaccinated exempt Contractor

Personnel must meet the following requirements prior to (1) interacting in person with County workforce members, (2) working on County owned or controlled property while performing services under this Contract, and/or (3) coming into contact with the public while performing services under this Contract:

1. Test for COVID-19 with either a polymerase chain reaction (PCR) or antigen test has an Emergency Use Authorization (EUA) by the FDA or is operating per the Laboratory Developed Test requirements by the U.S. Centers for Medicare and Medicaid Services. Testing must occur at least weekly, or more frequently as required by County or other applicable law, regulation or order.
 2. Wear a mask that is consistent with CDC recommendations at all times while on County controlled or owned property, and while engaging with members of the public and County workforce members.
 3. Engage in proper physical distancing, as determined by the applicable County department that the Contract is with.
- E. In addition to complying with the requirements of this section, Contractor shall also comply with all other applicable local, departmental, State, and federal laws, regulations and requirements for COVID-19.

Department of the Treasury
Internal Revenue Service

Notice 1015

(Rev. December 2021)

Have You Told Your Employees About the Earned Income Credit (EIC)?

What Is the EIC?

The EIC is a refundable tax credit for certain workers.

Which Employees Must I Notify About the EIC?

You must notify each employee who worked for you at any time during the year and from whose wages you did not withhold income tax. However, you do not have to notify any employee who claimed exemption from withholding on Form W-4, Employee's Withholding Certificate.

Note: You are encouraged to notify each employee whose wages for 2021 are less than \$57,414 that he or she may be eligible for the EIC.

How and When Must I Notify My Employees?

You must give the employee one of the following.

- The IRS Form W-2, Wage and Tax Statement, which has the required information about the EIC on the back of Copy B.
- A substitute Form W-2 with the same EIC information on the back of the employee's copy that is on Copy B of the IRS Form W-2.
- Notice 797, Possible Federal Tax Refund Due to the Earned Income Credit (EIC).
- Your written statement with the same wording as Notice 797.

If you give an employee a Form W-2 on time, no further notice is necessary if the Form W-2 has the required information about the EIC on the back of the employee's copy. If you give an employee a substitute Form W-2, but it does not have the required information, you

must notify the employee within 1 week of the date the substitute Form W-2 is given. If Form W-2 is required but is not given on time, you must give the employee Notice 797 or your written statement by the date Form W-2 is required to be given. If Form W-2 is not required, you must notify the employee by February 7, 2022.

You must hand the notice directly to the employee or send it by first-class mail to the employee's last known address. You will not meet the notification requirements by posting Notice 797 on an employee bulletin board or sending it through office mail. However, you may want to post the notice to help inform all employees of the EIC. You can download copies of the notice at www.irs.gov/FormsPubs. Or you can go to www.irs.gov/OrderForms to order it.

How Will My Employees Know if They Can Claim the EIC?

The basic requirements are covered in Notice 797. For more detailed information, the employee needs to see Pub. 596, Earned Income Credit (EIC), or the Instructions for Forms 1040 and 1040-SR.

How Do My Employees Claim the EIC?

An eligible employee claims the EIC on his or her 2021 tax return. Even an employee who has no tax withheld from wages and owes no tax may claim the EIC and ask for a refund, but he or she must file a tax return to do so. For example, if an employee has no tax withheld in 2021 and owes no tax but is eligible for a credit of \$800, he or she must file a 2021 tax return to get the \$800 refund.

Safely Surrendered *Baby Law*

*Babies can be safely surrendered
to staff at any hospital or fire station in Los Angeles County*

Safely Surrendered Baby Law

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents or other persons, with lawful custody, which means anyone to whom the parent has given permission to confidentially surrender a baby. As long as the baby is three days (72 hours) of age or younger and has not been abused or neglected, the baby may be surrendered without fear of arrest or prosecution.

Every baby deserves a chance for a healthy life. If someone you know is considering abandoning a baby, let her know there are other options. For three days (72 hours) after birth, a baby can be surrendered to staff at any hospital or fire station in Los Angeles County.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially, and safely surrender a baby within three days (72 hours) of birth. The baby must be handed to an employee at a hospital or fire station in Los Angeles County. As long as the baby shows no sign of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, staff will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent or other surrendering adult.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

No. While in most cases a parent will bring in the baby, the Law allows other people to bring in the baby if they have lawful custody.

Does the parent or surrendering adult have to call before bringing in the baby?

No. A parent or surrendering adult can bring in a baby anytime, 24 hours a day, 7 days a week, as long as the parent or surrendering adult surrenders the baby to someone who works at the hospital or fire station.

Does the parent or surrendering adult have to tell anything to the people taking the baby?

No. However, hospital or fire station personnel will ask the surrendering party to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the baby. The questionnaire includes a stamped return envelope and can be sent in at a later time.

What happens to the baby?

The baby will be examined and given medical treatment. Upon release from the hospital, social workers immediately place the baby in a safe and loving home and begin the adoption process.

What happens to the parent or surrendering adult?

Once the parent or surrendering adult surrenders the baby to hospital or fire station personnel, they may leave at any time.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned, hurt or killed by their parents. You may have heard tragic stories of babies left in dumpsters or public bathrooms. Their parents may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had no one or nowhere to turn for help, they abandoned their babies. Abandoning a baby is illegal and places the baby in extreme danger. Too often, it results in the baby's death. The Safely Surrendered Baby Law prevents this tragedy from ever happening again in California.

A baby's story

Early in the morning on April 9, 2005, a healthy baby boy was safely surrendered to nurses at Harbor-UCLA Medical Center. The woman who brought the baby to the hospital identified herself as the baby's aunt and stated the baby's mother had asked her to bring the baby to the hospital on her behalf. The aunt was given a bracelet with a number matching the anklet placed on the baby; this would provide some identification in the event the mother changed her mind about surrendering the baby and wished to reclaim the baby in the 14-day period allowed by the Law. The aunt was also provided with a medical questionnaire and said she would have the mother complete and mail back in the stamped return envelope provided. The baby was examined by medical staff and pronounced healthy and full-term. He was placed with a loving family that had been approved to adopt him by the Department of Children and Family Services.

Ley de Entrega de Bebés *Sin Peligro*

Los recién nacidos pueden ser entregados en forma segura al personal de cualquier hospital o cuartel de bomberos del Condado de Los Ángeles

Sin pena. Sin culpa. Sin nombres.

En el Condado de Los Ángeles: 1-877-BABY SAFE • 1-877-222-9723

www.babysafela.org

Ley de Entrega de Bebés Sin Peligro

¿Qué es la Ley de Entrega de Bebés sin Peligro?

La Ley de Entrega de Bebés sin Peligro de California permite la entrega confidencial de un recién nacido por parte de sus padres u otras personas con custodia legal, es decir cualquier persona a quien los padres le hayan dado permiso. Siempre que el bebé tenga tres días (72 horas) de vida o menos, y no haya sufrido abuso ni negligencia, pueden entregar al recién nacido sin temor de ser arrestados o procesados.

Cada recién nacido se merece la oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele que tiene otras opciones. Hasta tres días (72 horas) después del nacimiento, se puede entregar un recién nacido al personal de cualquier hospital o cuartel de bomberos del condado de Los Angeles.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura dentro de los tres días (72 horas) del nacimiento. El bebé debe ser entregado a un empleado de cualquier hospital o cuartel de bomberos del Condado de Los Ángeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazalete y el padre/madre o el adulto que lo entregue recibirá un brazalete igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden comenzar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Ángeles al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

No. Si bien en la mayoría de los casos son los padres los que llevan al bebé, la ley permite que otras personas lo hagan si tienen custodia legal.

¿Los padres o el adulto que entrega al bebé deben llamar antes de llevar al bebé?

No. El padre/madre o adulto puede llevar al bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, siempre y cuando entreguen a su bebé a un empleado del hospital o cuartel de bomberos.

¿Es necesario que el padre/madre o adulto diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital o cuartel de bomberos le pedirá a la persona que entregue al bebé que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para cuidar bien del bebé. El cuestionario incluye un sobre con el sello postal pagado para enviarlo en otro momento.

¿Qué pasará con el bebé?

El bebé será examinado y le brindarán atención médica. Cuando le den el alta del hospital, los trabajadores sociales inmediatamente ubicarán al bebé en un hogar seguro donde estará bien atendido, y se comenzará el proceso de adopción.

¿Qué pasará con el padre/madre o adulto que entregue al bebé?

Una vez que los padres o adulto hayan entregado al bebé al personal del hospital o cuartel de bomberos, pueden irse en cualquier momento.

¿Por qué se está haciendo esto en California? ?

La finalidad de la Ley de Entrega de Bebés sin Peligro es proteger a los bebés para que no sean abandonados, lastimados o muertos por sus padres. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Los padres de esos bebés probablemente hayan estado pasando por dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus bebés porque tenían miedo y no tenían nadie a quien pedir ayuda. El abandono de un recién nacido es ilegal y pone al bebé en una situación de peligro extremo. Muy a menudo el abandono provoca la muerte del bebé. La Ley de Entrega de Bebés sin Peligro impide que vuelva a suceder esta tragedia en California.

Historia de un bebé

A la mañana temprano del día 9 de abril de 2005, se entregó un recién nacido saludable a las enfermeras del Harbor-UCLA Medical Center. La mujer que llevó el recién nacido al hospital se dio a conocer como la tía del bebé, y dijo que la madre le había pedido que llevara al bebé al hospital en su nombre. Le entregaron a la tía un brazalete con un número que coincidía con la pulsera del bebé; esto serviría como identificación en caso de que la madre cambiara de opinión con respecto a la entrega del bebé y decidiera recuperarlo dentro del período de 14 días que permite esta ley. También le dieron a la tía un cuestionario médico, y ella dijo que la madre lo llenaría y lo enviaría de vuelta dentro del sobre con franqueo pagado que le habían dado. El personal médico examinó al bebé y se determinó que estaba saludable y a término. El bebé fue ubicado con una buena familia que ya había sido aprobada para adoptarlo por el Departamento de Servicios para Niños y Familias.

Chapter 2.206 DEFAULTED PROPERTY TAX REDUCTION PROGRAM

- 2.206.080 Severability.

2.206.010 Findings and declarations.

The Board of Supervisors finds that significant revenues are lost each year as a result of taxpayers who fail to pay their tax obligations on time. The delinquencies impose an economic burden upon the County and its taxpayers. Therefore, the Board of Supervisors establishes the goal of ensuring that individuals and businesses that benefit financially from Contracts with the County fulfill their property tax obligation. (Ord. No. 2009-0026 § 1 (part), 2009.)

2.206.020 Definitions.

The following definitions shall be applicable to this chapter:

- A. "Contractor" shall mean any person, firm, corporation, partnership, or combination thereof, which submits a bid or proposal or enters into a Contract or agreement with the County.
- B. "County" shall mean the County of Los Angeles or any public entities for which the Board of Supervisors is the governing body.
- C. "County Property Taxes" shall mean any property tax obligation on the County's secured or unsecured roll; except for tax obligations on the secured roll with respect to property held by a Contractor in a trust or fiduciary capacity or otherwise not beneficially owned by the Contractor.
- D. "Department" shall mean the County department, entity, or organization responsible for the solicitation and/or administration of the Contract.
- E. "Default" shall mean any property tax obligation on the secured roll that has been deemed defaulted by operation of law pursuant to California Revenue and Taxation Code section 3436; or any property tax obligation on the unsecured roll that remains unpaid on the applicable delinquency date pursuant to California Revenue and Taxation Code section 2922; except for any property tax obligation dispute pending before the Assessment Appeals Board.

- F. "Solicitation" shall mean the County's process to obtain bids or proposals for goods and services.
- G. "Treasurer-Tax Collector" shall mean the Treasurer and Tax Collector of the County of Los Angeles. (Ord. No. 2009-0026 § 1 (part), 2009.)

2.206.030 Applicability.

This chapter shall apply to all solicitations issued 60 days after the effective date of the ordinance codified in this chapter. This chapter shall also apply to all new, renewed, extended, and/or amended Contracts entered into 60 days after the effective date of the ordinance codified in this chapter. (Ord. No. 2009-0026 § 1 (part), 2009.)

2.206.040 Required solicitation and Contract language.

All solicitations and all new, renewed, extended, and/or amended Contracts shall contain language, which:

- A. Requires any Contractor to keep County Property Taxes out of Default status at all times during the term of an awarded Contract;
- B. Provides that the failure of the Contractor to comply with the provisions in this chapter may prevent the Contractor from being awarded a new Contract; and
- C. Provides that the failure of the Contractor to comply with the provisions in this chapter may constitute a material breach of an existing Contract, and failure to cure the breach within ten days of notice by the County by paying the outstanding County Property Tax or making payments in a manner agreed to and approved by the Treasurer-Tax Collector, may subject the Contract to suspension and/or termination. (Ord. No. 2009-0026 § 1 (part), 2009.)

2.206.050 Administration and compliance certification.

- A. The Treasurer-Tax Collector shall be responsible for the administration of this chapter. The Treasurer-Tax Collector shall, with the assistance of the Chief Executive Officer, Director of Internal Services, and County Counsel issue written instructions on the implementation and ongoing administration of this chapter. Such instructions may provide for the delegation of functions to other departments.
- B. Contractor shall be required to certify, at the time of submitting any bid or proposal to the County, or entering into any new Contract, or renewal, extension or amendment of an existing Contract with the County, that it is in compliance with this chapter is not in Default on any County Property Taxes or is current in

payments due under any approved payment arrangement (Ord. No. 2009-0026 § 1 (part), 2009.)

2.206.060 Exclusions/Exemptions.

A. This chapter shall not apply to the following Contracts:

1. Chief Executive Office delegated authority agreements under \$50,000;
2. A Contract where Federal or State law or a condition of a Federal or State program mandates the use of a particular Contractor;
3. A purchase made through a State or Federal Contract;
4. A Contract where State or Federal monies are used to fund service-related programs including, but not limited to, voucher programs, foster care, or other social programs that provide immediate direct assistance;
5. Purchase orders under a master agreement, where the Contractor was certified at the time the master agreement was entered into and at any subsequent renewal, extension and/or amendment to the master agreement;
6. Purchase orders issued by Internal Services Department under \$100,000 that is not the result of a competitive bidding process;
7. Program agreements that utilize Board of Supervisors' discretionary funds;
8. National Contracts established for the purchase of equipment and supplies for and by the National Association of Counties, U.S. Communities Government Purchasing Alliance, or any similar related group purchasing organization;
9. A monopoly purchase that is exclusive and proprietary to a specific manufacturer, distributor, reseller, and must match and intermember with existing supplies, equipment, or systems maintained by the County pursuant to the Los Angeles Purchasing Policy and Procedures Manual, Section P-3700 or a successor provision;
10. A revolving fund (petty cash) purchase pursuant to the Los Angeles County Fiscal Manual, Section 4.6.0 or a successor provision;
11. A purchase card purchase pursuant to the Los Angeles County Purchasing Policy and Procedures Manual, Section P-2810 or a successor provision;

12. A nonagreement purchase worth a value of less than \$5,000 pursuant to the Los Angeles County Purchasing Policy and Procedures Manual, Section A-0300 or a successor provision; or
 13. A bona fide emergency purchase pursuant to the Los Angeles County Purchasing Policy and Procedures Manual Section P-0900 or a successor provision;
 14. Other Contracts for mission critical goods and/or services where the Board of Supervisors determines that an exemption is justified.
- B. Other laws. This chapter shall not be interpreted or applied to any Contractor in a manner inconsistent with the laws of the United States or California. (Ord. No. 2009-0026 § 1 (part), 2009.)

2.206.070 Enforcement and remedies.

- A. The information furnished by each Contractor certifying that it is in compliance with this chapter shall be under penalty of perjury.
- B. No Contractor shall willfully and knowingly make a false statement certifying compliance with this chapter for the purpose of obtaining or retaining a County Contract.
- C. For Contractor's violation of any provision of this chapter, the County department head responsible for administering the Contract may do one or more of the following:
 1. Recommend to the Board of Supervisors the termination of the Contract; and/or,
 2. Pursuant to Chapter 2.202, seek the debarment of the Contractor; and/or,
 3. Recommend to the Board of Supervisors that an exemption is justified pursuant to Section 2.206.060.A.14 of this chapter or payment deferral as provided pursuant to the California Revenue and Taxation Code. (Ord. No. 2009-0026 § 1 (part), 2009.)

2.206.080 Severability.

If any provision of this chapter is found invalid by a court of competent jurisdiction, the remaining provisions shall remain in full force and effect. (Ord. No. 2009-0026 § 1 (part), 2009.)

SERVICE REQUIREMENTS AND AREA MAPS

Passenger operating hours of Service shall be from 7 a.m. to 5 p.m., Monday through Friday, 8 a.m. to 4 p.m. on Saturday, and 9 a.m. to 3 p.m. on Sundays (to support the stated Service hours vehicles may be dispatched up to one hour before the daily start times and return up to one hour after the end of daily Service). Operating hours of Service may be revised to meet the changing needs of the communities. This will be done through a 30-calendar day written notice from Contract Manager to Contractor.

Service will not operate on the following major holidays: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day.

A minimum of 24 hours advance reservation shall normally be required to schedule rides and permit staff to ask patrons to specify whether a wheelchair accessible vehicle is required; however, same day Service will be provided subject to availability and vehicle capacity.

Every effort will be made to pick up patrons no later than 20 minutes after the scheduled pickup time. Contractor shall provide backup Service to patrons in emergency situations when deemed necessary by Contractor to satisfy needs and avoid disruption of normal Service, at no additional cost to County. Group rides shall be emphasized and encouraged.

Service shall be restricted to eligible elderly persons (60 years and older) and persons with disabilities and their escorts. Persons with disabilities are persons who by reason of physical or mental disabilities cannot reasonably use conventional transportation. The County and the Contractor shall determine eligibility of patrons and the Contractor shall maintain appropriate records (including Applications for Eligibility, Roster of Eligible Riders, etc.) and shall screen incoming calls for Service against such roster to ensure that only eligible patrons use this Service. Director will review and, if appropriate, approve the Contractor's methodology for determining eligibility.

Service Areas

The Service area is divided into the following five (5) unincorporated County areas:

- Avocado Heights, Bassett, and Hacienda Heights
- Surrounding the City of Whittier
- South San Gabriel
- Surrounding the Cities of Covina, West Covina, and La Puente
- Rowland Heights

EXHIBIT G.1

The service areas are identified on the maps listed in this Exhibits G.1. Service shall be provided for the residents in those unincorporated County areas. Initial residential pickups shall occur in County unincorporated areas only, identified on the maps in this Exhibit.

Eligible destinations for each of the five Service areas are those within each unincorporated County area and up to three miles outside the area as identified on the maps in this Exhibit. Trips beyond this three-mile limit, except for reasonable limited local community medical appointments and for the destinations indicated below require pre-approval of the Contract Manager. This pre-approval will be provided by e-mail from the Contract Manager to the Contractor.

Service may be provided to facilities beyond the defined Service area as follows:

Unincorporated Whittier Area

- Kaiser Downey, 9333 Imperial Highway, Downey, CA.

Rowland Heights

- Queen of the Valley Hospital, 1115 Sunset Avenue, West Covina, CA.

PREVENTIVE MAINTENANCE

On County-Owned Vehicles and Contractor-Provided and operated Service Vehicles the Contractor shall follow the Original Equipment Manufactures (OEM) required Preventive Maintenance Inspection (PMI) program, or the following, whichever is more stringent.

SECTION 1. EQUIPMENT

The preventive maintenance inspection services hereinafter referred to as PMI services, as described herein, shall be performed on the following County-Owned vehicles. These vehicles are gasoline-powered.

Fleet No.	Make and Year	Model	VIN
L101	Mobility Ventures 2016	MV-1	57WMD2C61GM100513
L102	Mobility Ventures 2016	MV-1	57WMD2C61GM100592
L103	Mobility Ventures 2016	MV-1	57WMD2C65GM100272
L104	Mobility Ventures 2016	MV-1	57WMD2C66GM100216
L105	Mobility Ventures 2016	MV-1	57WMD2C66GM100300
L23	Dodge 2018	Grand Caravan	2C7WDGDBGXJR362980
L124	Dodge 2018	Grand Caravan	2C7WDGDBGXJR363739

SECTION 2. SERVICE PROVISIONS

PMI Services to be provided by Contractor shall consist of levels hereinafter referred to as "A," "B," "C," "J," and "I" PMI Services and shall be conducted at vehicle mileage or time intervals as described herein. All inspections and/or services shall be documented. Items identified as in need of correction or repair must be listed on each inspection or service.

Minivans:

A. PMI Service Sequencing

1. "A" Service occurs every 3,000 vehicle miles or 45 days, whichever occurs first. An "A" Service occurs as part of every "B" and "C" Service.
2. "B" Service occurs every 24,000 vehicle miles or 12 months, whichever occurs first. The "B" Service occurs as part of every "C" Service.
3. "C" Service occurs every 48,000 vehicle miles or bi-annually (every other year), whichever occurs first.
4. "J" inspection occurs every 45 days regardless of mileage.
5. "I" inspections occurs a minimum of once per week. More frequent "I" Service may be required by the County depending upon demonstrated vehicle reliability.
6. "DVI" Daily Vehicle Inspection Report. This is a legally required document prepared each day by the vehicle operator (driver) regarding the vehicle to be operated. A copy is to be retained by the Contractor maintenance shop and any repair work documented. This report requirement is explained in more detail in the "Operator Requirements" section of this document.

	<u>Service Miles</u>	<u>PMI Service</u>	<u>Service Includes</u>
45 Days maximum	3,000	A	J & I
12 Months maximum	24,000	B	A, J & I
2 Years maximum	48,000	C	A, B, J & I
45 Days maximum	45 Days Inspection	J	
Weekly maximum	Weekly Inspection	I	

Pre-trip and Post-trip inspection by the operator (driver) – Daily DVI

Note: PMI Service sequencing every 2 years or 48,000 vehicle service miles, whichever occurs first.

B. Scope of Service

Contractor shall perform (or cause to have performed) the following PMI Services on the County-owned Vehicles at or prior to the Service mileage/time sequencing identified in Section 'A', above.

- Brake Fluid: Delco Supreme 11 (GM Part No. 12377967) or equivalent DOT-3 Heavy Duty
- Chassis Lube: per manufacturer's specification
- Steering: per manufacturer's specification
- Engine Air Filter: per manufacturer's specification

EXHIBIT N

INTENTIONALLY OMITTED

CONTROLLED SUBSTANCE AND ALCOHOL TESTING PROGRAM

1. Substance Abuse Testing

It shall be the duty of Contractor to take all steps feasible to ensure that those employed personnel, independent contractors' or subcontractors' employees servicing or operating Service vehicles pursuant to this Scope of Work do not perform those functions under the influence of alcohol, controlled substances, or medication which impairs their judgment or physical ability.

In meeting this duty, Contractor shall, at a minimum, do the following:

A. Promulgate and Distribute to All Personnel a Written Policy Statement Prohibiting Servicing and/or Operating Service Vehicles While Under the Influence of Alcohol, Controlled Substances, or Any Medication Which Impairs Judgment or Physical Ability

The written policy statement shall indicate Contractor's intention to: (1) initiate substance abuse testing as described herein below; (2) immediately suspend any personnel testing "positive" for substance abuse from servicing or operating Service vehicles pending review pursuant to the procedure described herein below; and (3) absent overruling on review to permanently prohibit such person from servicing or operating Service vehicles.

B. Institute a Comprehensive Program for Substance Abuse Testing for All Personnel Entailing Urinalysis and/or Blood Tests

1) Pre-employment testing of job applicants, independent contractors' and subcontractors' employees all as part of the pre-employment physical examination

Urine and/or blood samples will be taken as part of the pre-employment physical examination process and will be subjected to recognized testing procedures employed by duly licensed clinical laboratory technicians to determine the presence of alcohol and/or any controlled substance as that term is used in the Health and Safety Code, Section 11054, including, but not limited to, marijuana and its derivatives, opium and its derivatives, methaqualone, methamphetamine, lysergic acid diethylamide, psilocybin, or mescaline. Evidence of controlled substance presence in urine or blood of any job applicant shall require denial of the job application. Evidence of a blood alcohol level at the time of testing of greater than **0.04** percent shall likewise require denial of the job application.

If Contractor at any time during the period of this Contract uses or contemplates usage of independent contractors' or subcontractors' employees to service or operate the Service vehicles, the individuals who would perform such functions under such contractual arrangement shall be tested in the fashion described hereinabove and shall be prohibited from performing said functions upon testing "positive" for controlled substance use or blood alcohol concentration in excess of **0.04** percent.

2) Mandatory drug and alcohol testing within two (2) hours of a traffic accident or incident giving rise to a suspicion of substance abuse

Contractor shall make the necessary arrangements for and require substance abuse testing of all personnel, independent contractors' or subcontractors' employees involved in a traffic accident while

operating a Service vehicle within as short a time as possible following the accident and in no event to exceed three (3) hours thereafter.

Contractor shall make the necessary arrangements for and require substance abuse testing of all personnel, independent contractors' or subcontractors' employees servicing or operating a Service vehicle as to whom a report has been received from the public or from coworkers or supervisors as to involvement in a physical altercation, being verbally abusive or otherwise acting in a bizarre manner. Contractor shall make arrangements to provide for continued public transportation service prior to ordering the subject individual to report for drug testing, but shall make every effort to have the testing occur within three (3) hours of the reported incident.

In addition to the testing required under Subsection 1.B.1 hereinabove, the testing required pursuant to this subsection shall include testing for the presence of prescription drugs and other over-the-counter medications which are known, on occasion, to cause drowsiness, impairment of judgment, and/or impairment of physical coordination and activity. This classification of substance is intended to include among other things: antihistamines, tranquilizers, pain killers, mood elevators, and psychotropics.

All persons testing "positive" for controlled substance abuse or showing blood-alcohol concentration in excess of **0.04** percent shall be immediately suspended from servicing or operating Service vehicles pending review pursuant to the review procedure set forth herein below. In the absence of an overruling of the suspension pursuant to the review procedure, Contractor shall permanently prohibit these individuals from servicing or operating Service vehicles pursuant to this Contract.

All persons whose tests indicate a blood-alcohol concentration greater than 0.00 percent but less than **0.04** percent or show the presence of a medication known on occasion to cause drowsiness, impairment of judgment, and/or impairment of coordination, and other physical abilities shall be immediately suspended from servicing or operating a Service vehicle for a period of twenty-four (24) hours. These individuals shall be given oral explanation and warning confirmed in writing and noted in the personnel file with respect to the potential safety hazard posed by the involved substance.

3) Non-discretionary, Random Substance Abuse Testing

Contractor shall identify all personnel, independent contractors', or subcontractors' employees scheduled to service or operate Service vehicles pursuant to this Scope of Work and place their names in a data pool susceptible to truly random accessibility either physically as by placement of cards in a tumbler or by programming of an information retrieval system.

Names of individuals shall be chosen for random testing on a schedule designed to test twenty-five percent (25%) of the relevant personnel and affected other personnel quarterly which schedule shall be set forth in a public statement distributed quarterly to all personnel and affected other persons. In no event shall the employee have more than six (6) hours notice prior to his or her appointment for the test.

The testing shall take place on company time at a location that does not require the person tested to expend more personal time in traveling to or from the testing site than would otherwise be expended in traveling to or from a work location.

The testing shall be as to controlled substance abuse and/or blood-alcohol concentration as set forth in Subsection B.1. Upon evidence of a blood-alcohol level in excess of **0.04** percent or of the presence of any controlled substance in any tested individual, Contractor shall immediately suspend that individual from servicing or operating a Service vehicle pursuant to this Scope of Work.

If the finding of substance abuse is not overruled upon review, Contractor shall permanently prohibit any such individual from servicing or operating Service vehicles pursuant to this Scope of Work.

4) Double Testing

All urine and/or blood samples taken for the testing described hereinabove which test positive shall be processed twice for each subject substance. In those cases where it is necessary to perform a second test on a urine sample, the second test shall use a different methodology to assure the validity of the results.

No disciplinary action set forth herein shall be taken unless the urine or blood tests "positive" for the subject substance in each test.

5) Notification of Suspension and Intent to Prohibit Servicing or Operating Vehicles or Performance of Function with Potential Impact upon Public Safety

Contractor shall, upon receipt of substance abuse test results warranting action herein under, notify the subject individual of his immediate suspension and of Contractor's intention to prohibit performance of specified duties. Contractor is not required hereby to terminate employment of the individual altogether.

C. Institute A Review Procedure

The Contractor shall provide use of a meeting room and, as to the employee Board member, paid time for the convening of a drug-testing Review Board on an as-needed basis.

An individual must request a review in writing and must deliver that request to any superior within two (2) business days of receipt of the notice of suspension or forfeit his right of review. The superior shall deliver the request to any Board member.

The Board shall consist of a member appointed by Contractor, an employee representative (who shall be an employee of Contractor), and a third party chosen by the other two (2).

The Board shall decide upon the consequences of the substance testing set forth in Subsection B above within one (1) week of receipt of the request for review.

EXHIBIT O.1

The Board shall hold short hearings at which the individual tested shall have the opportunity to dispute the fact of substance abuse and present evidence of extenuating circumstances.

The rules of evidence need not be applied. The fact of substance abuse will be presumed from the results of the substance test. Anticipated as the factual basis for rebutting that presumption would be a contrary test result obtained by the individual voluntarily in a relevant time frame from a competent disinterested laboratory.

The Board may make ex parte inquiries to County Health officials with respect to any review proceeding.

The Board has absolute discretion to question of extenuating circumstances.

The Board shall vote on whether to sustain or overrule the prohibition intended to be imposed within one (1) week of the hearing. A two-thirds vote is required to overrule Contractor's intended work prohibition.

The decision shall be written but need not be a formal document.

2. Confidentiality

The substance test results and any material presented to the Review Board shall be maintained in a confidential file by Contractor. The confidentiality shall be of a limited nature. The files will not be available for public inspection and the information therein shall not be otherwise published. The County shall have access thereto however. Statistics generated there from without specific reference to individuals may be published or made available for public inspection; and Contractor will not refuse to honor a criminal or civil subpoena relative thereto.

3. Liability

The County shall indemnify, defend, and hold harmless Contractor, its officers, agents, and employees, from and against any and all liability, expense, including defense costs and legal fees, and claims for damages arising from the institution of legal proceedings challenging the right of Contractor to subject its employees to mandatory random drug and alcohol abuse testing, or to require its subcontractors to do the same.

*Re: Request for Statement of Qualifications for Fixed Route and DAR Transit Services
(2016-SQPA001)*

Dear Mr. Fong:

Thank you for the opportunity to participate in the pre-qualification process for Fixed Route and DAR Transit Services. We are always proud to say that Empire is Southern California's most experienced minority and locally owned transportation company. We have successfully provided shuttle services for over forty-eight years in Southern California, including services for the Los Angeles County Department of Public Works. During the past five years, we have established a rewarding professional relationship with the Los Angeles County Department of Public Works by providing the best service with emphasis in customer service, high maintenance standards, and safety.

In addition to meeting all the minimum requirements as set forth in the RFSQ, we strongly believe that we have proven to be the partner that we promised in our proposals.

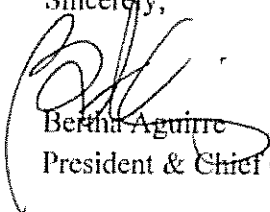

Another factor that makes Empire different is our management structure. Both owners, Miguel Oliver and I, are very involved in day-to-day operations, allowing for swift decision making without waiting for the ownership being brought up to speed. We feel that we are the best operator to continue to be a qualified vendor for DPW based on our proven experience, currently established operational infrastructure, facility, and management structure.

As Co-owner, President, and Chief Operating Officer, I am authorized to submit this proposal and to represent the Company throughout the process. We have made a thorough analysis of Addendum #1,

as well as the included specifications, and have taken no exception to those requirements in our proposal. We look forward to working with DPW staff as the selection process continues.

Sincerely,

Bethna Aguirre

II. Experience

A. Firm Background

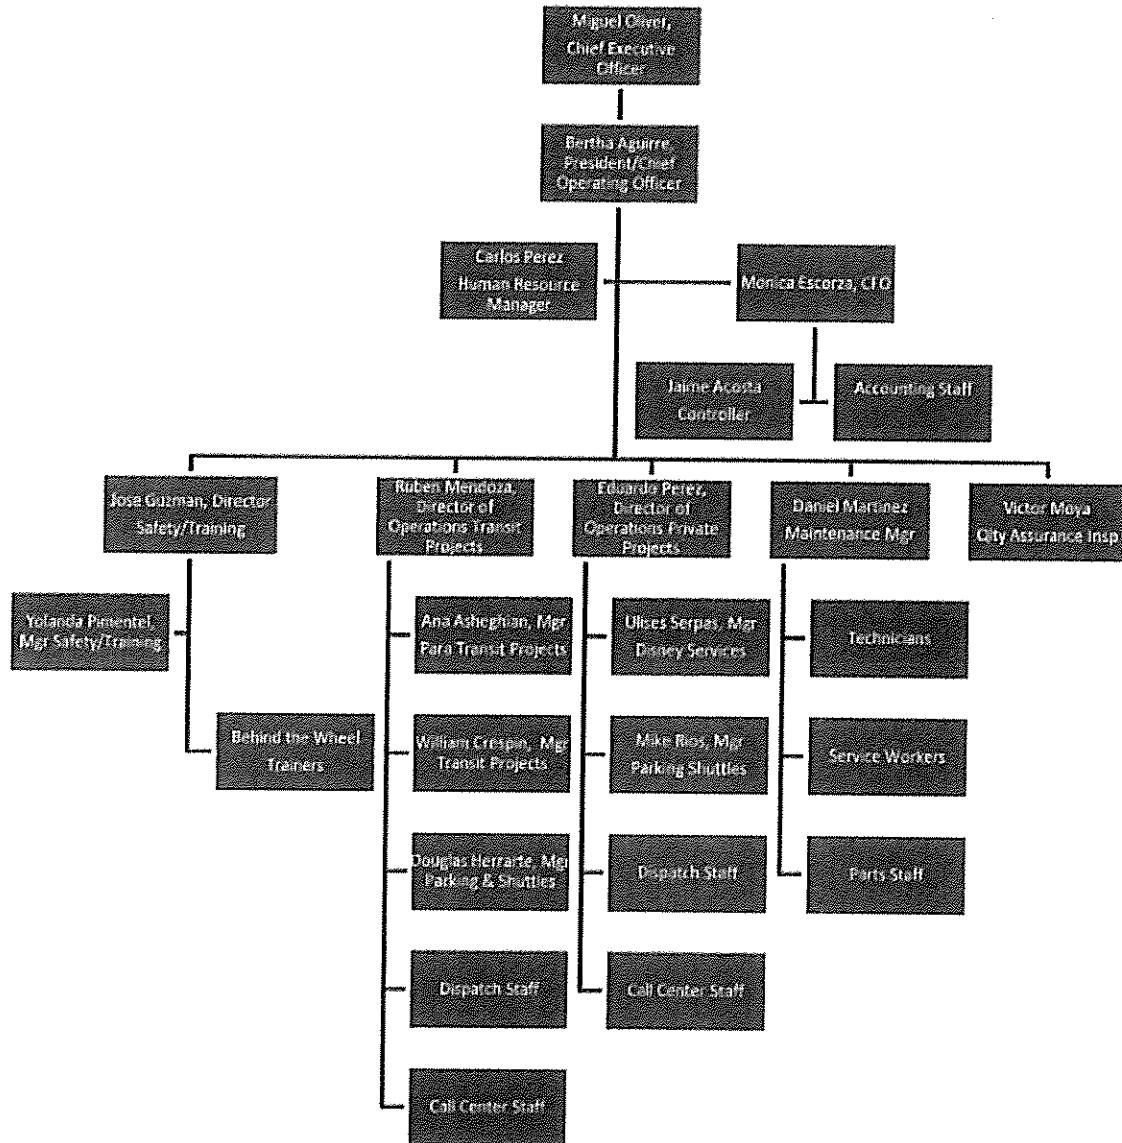

Established in 1968, Empire Transportation is Southern California's premier locally and minority owned passenger transportation company. Empire is a California S Corporation and all of its outstanding shares are owned by Miguel A. Oliver and Bertha Aguirre who serve as Chief Executive Officer and President/Chief Operating Officer respectively. This owner/operator situation brings major benefits to our clients, including:

- Empire can move rapidly to make any decision or commitment necessary to meet the needs of our clients.
- Our staff wastes no time with the endless corporate meetings that are endemic to most national companies.
- Ownership is contagious: the proximity of our shareholders to the management team allows our managers to function as extensions of the company ownership because they know the owners and their values intimately.

Empire is a local company, headquartered in Bellflower, California therefore there are no separate divisions. Rather project staff has and will continue to have direct access to the company principals. And since the company principals are locally based, the principals know the details of this operation in real time. As part of this ownership atmosphere and the pride of ownership, no portion of this or other services are done by subcontractors.

B. Organizational Structure

1. Firm Organization Chart

2. Project Organization Chart

We at Empire are very proud to have highly experienced and energetic managers that excel in both service types, transit and paratransit. These managers are Ana Asheghian and Ruben Mendoza. Mr. Mendoza worked directly on the Los Angeles County Department of Public Works Sunshine project. Mrs. Asheghian is the current project manager assigned to the Los Angeles County Department of Public Works Whittier and East Los Angeles Dial-a-Ride program. Both of them have a proven record of providing efficient and honest service to the Department of Public works. Resumes of key corporate officers and key project managers can be found beginning at page 5 of this section.

- **Ana Arredondo** currently works as the assigned Project Manager for the Whittier and East Los Angeles Dial-A-Ride programs. She successfully supervises the customer service call center, the dispatching department as well as the operators. She developed established a rewarding professional relationship with the DPW's assigned manager to these contract. Adding to her vast transit experience, she also has worked for Empire as the Assistant General Manager for the Riverside Transit operations where she showed her ability to multi-task and maintain a solid operation. Ms. Arredondo is very experienced with the reporting requirements for this project as well as all the operating procedures since she worked on this project for a period of three years. She has attended the MTA NTD reporting seminar. In addition holds the Transit Paratransit Management Certificate from University of the Pacific.
- **Ruben Mendoza** is very familiar with fixed route systems. He managed the Sunshine Shuttle Service for DPW. He is also responsible for the successful service implementations for the City of Lawndale fixed-route service and the City of Bellflower fixed-route and dial-a-ride service. He is also responsible for all of the NTD reporting requirements for these two projects and has attended the MTA NTD reporting seminar. In addition he is a Certified Community Transit Manager. During his employment with Southland Transit, Ruben was the dedicated Project Manager to the Burbank Local Transit.

Working with Ana and Ruben on the implementation of projects are several other Empire managers.

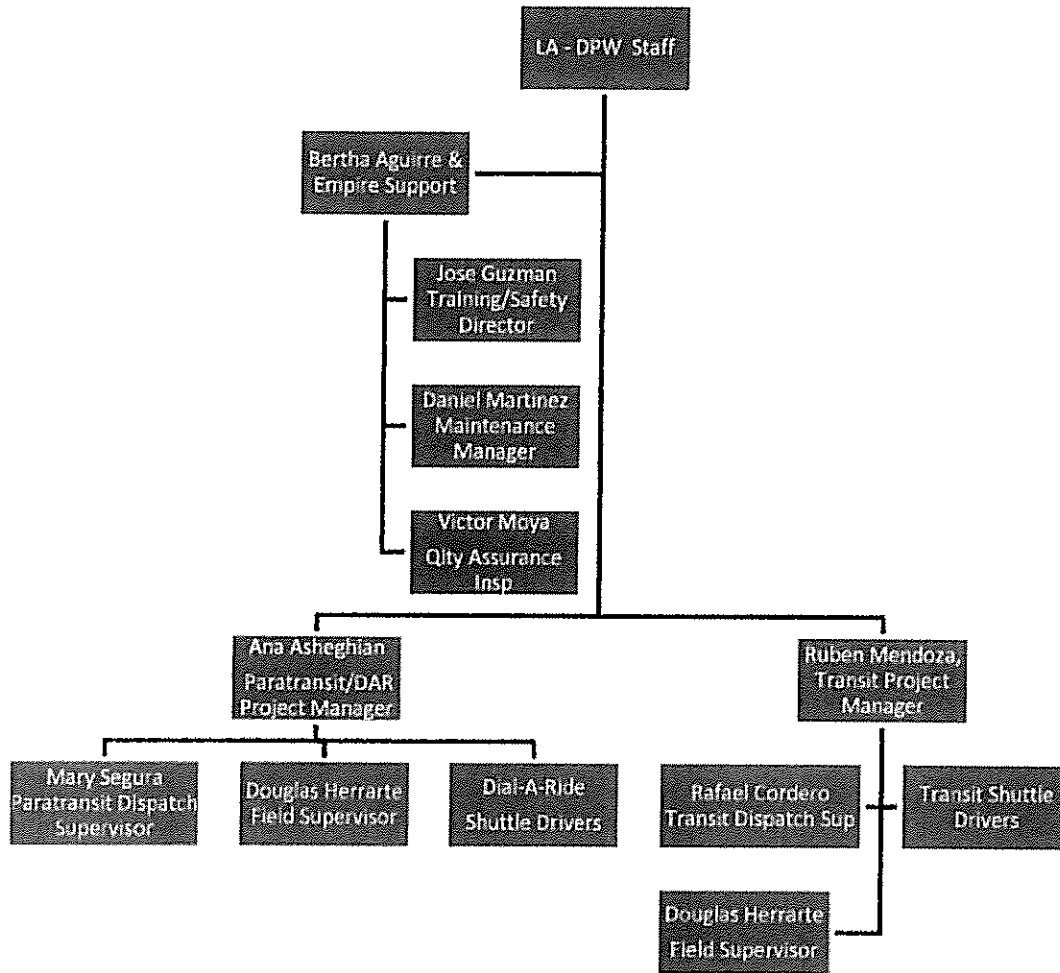

- Support for our paratransit dispatchers will be coordinated by **Mary Segura**, Empire's Paratransit Dispatch Supervisor. Mary is an experienced transit/paratransit professional who learned her trade as a dispatcher and dispatch supervisor for Dial-a-Ride Services in the Los Angeles County area. She currently provides dispatch support for our DPW's Dial-a-Ride programs.
- **Rafael Cordero** will function as the Dispatch Supervisor for Transit Projects. He is an experienced supervisor and has been with Empire for the past 4 years. He

currently provides support to our City of Bellflower fixed-route service as well as other private fixed-route contracts.

- **Douglas Herrarte** will function as field supervisor and primary behind the wheel trainer. Douglas has been with Empire for the past 15 years. He is an experienced Manager who will be responsible for our on-road driver evaluations, on time performance evaluations and for behind the wheel training.
- **Jose Guzman** is Empire's long time Director of Safety and Training. He is a Transportation Safety Institute certified instructor and is also certified to teach all elements of the National Safety Council defensive driving course.
- **Daniel Martinez** is Empire's vehicle maintenance manager and is responsible for our 228 vehicle fleet. The fleet includes 74 vehicles fueled by either compressed natural gas or propane and he is highly adept at the practices and procedures required for successful maintenance of vehicles operating on alternate fuels.

Rafael Cordero, Transit Dispatch

Professional Profile

- Behind the Wheel Training
- Driver Counseling/Coaching
- Customer Reporting
- Mobile data devices
- Accident/Incident Investigation
- Service Monitoring

Professional Accomplishments

Service Implementation

- Developed and implemented protocols for staff in handling dispatch issues.
- Developed new training procedures to incorporate changes in securing wheelchairs
- Conducted all new driver interviews for the 108 driver North Los Angeles Regional Center Service.

Control of Service Operations

- Provided oversight for all transit/paratransit operations in unincorporated North Los Angeles
- Provided all project reporting for multiple Contracts including NTD reporting
- Handled daily roll out supervision for the several contracts operated in the San Fernando Valley

Safety/Training

- Assisted in behind the wheel training for Empire's new contracts
- Conducted accident/incident investigations and resulting re-training
- Trained driver on use of mobile data tools to enhance reporting
- Trained drivers on best practices to keep accurate and timely reporting

C. Service Experience

Empire Transportation, Inc. provides high quality fixed route and demand responsive services to some of Southern California's most prestigious, quality centered organizations such as Los Angeles County Department of Public Works. These clients have chosen Empire to meet their transportation needs because of our reputation for providing transportation services that are consistent with the client's own high standards. Our success has come from working with each client to clearly understand their specific needs and then design a specific transportation program to satisfy those needs. Every client, large or small receives the same commitment to an individual customized level of excellent service from Empire.

We strongly believe that our references demonstrate that we not only "get it" as far as skills, practices and procedures necessary to operate diverse services but also that we honor our commitment to all of our customers.

- ✓ At RTA, Empire is the first company to have completed the initial term of two years and the three-one year options for the Fixed Route services in good standing. We operate and maintain a mixed fleet of 79 vehicles that service a high volume of passengers in harsh weather conditions. Empire has been awarded this contract for an additional 5 year term.
- ✓ At Disney we operate Type VII and Type VIII CNG powered vehicles on a highly intense 24/ 7 schedule where maintaining vehicle spacing is critical to customer satisfaction of the Disney cast members. We have been providing this service for nine years. After a lengthy procurement process, our contract was renewed in 2014. The new contract calls for an initial term of seven years with two-one year options. It is very unusual for The Walt Disney Company to issue such contract terms. Empire has earned their valued trust by meeting the commitment of improving service in every measurable category.
- ✓ AltaMed Health Services has been our customer since 1996. Empire provides service to eight different centers covering a large part of Los Angeles and Orange Counties. The success of this program is based in instant communication between drivers, dispatchers, program managers and end-users. Any concerns or issues are addressed promptly.
- ✓ Whittier and East Los Angeles Dial-a-Ride Programs. Empire has been successfully running both programs since 2013. We service the Los Angeles County unincorporated areas in Whittier and East Los Angeles. As with other customers, efficiency, transparency and communication between Empire and DPW are key to a well running operation.
- ✓ In 2009, Empire began expanding into municipal fixed routes and dial-a-ride services. With our RTA contracts, City of Bellflower and unincorporated areas of Los Angeles County we have instituted reporting standards to meet those of NTD's.

D. Minimum Mandatory Requirements Met

Empire meets each and every one of the minimum mandatory requirements as set forth in the Request for Qualifications Part 1.1 and Form PW-19. This is shown fully throughout our proposal.

The three years of experience providing Fixed-Route and Dial-A-Ride services are explained fully in this section, and we invite County staff to contact our clients to confirm our ability to perform and meet and exceed client expectations.

Empire's CHP inspections for the prior thirteen (13) months have been attached at Tab III, Work Plan. Our commitment to maintaining our client's vehicles as well as our own is an essential part of our service.

III. Work Plan

Successful and efficient Fixed Route and Dial-A-Ride programs are based in the ability of the operator to recognize the most important areas of the service that need to be carefully organized and addressed. For example, for a fixed-route program it is critical to have systems in place to check and manage on-time performance as well as to have an efficient maintenance team that keeps reliable and safe vehicles on the road. For a Dial-a-Ride program it is extremely important to minimize the scheduling peaks and valleys. This is achieved by establishing a well trained and technologically equipped Dispatching department that works very closely with the Call Center. By these statements, we are not forgetting about forming a strong team of drivers and supervisors in addition to a well maintained fleet. The following are the different components of our work plan:

A. Staffing Plan

1. Organization

The following table is a **sample** of the detailed disclosure of the labor resources allocation previously provided for a project. Often times, we assign additional resources such as dispatch and road supervision support for any operation during all hours that vehicles are in revenue service but on the required form LW-8 only the dedicated positions are noted because those positions are already in place at Empire and need not be charged to a project. Note that Empire is at all time cognizant of the LA County requirement for all staff to be full time. Any position shown as less than full time on the LW-8 reflects cost sharing of positions between this project and other Empire projects. In following pages you will find a detailed Staffing Plan.

Position	# of Positions	Duties	Annual Hours	Hours Charged to Project
Driver	10	Operate transit vehicles on route	22,005	22,005
Project Mgr	1	Overall project direction	2,080	1,560
Field Supvr	1	On road supervision & training	2,080	2,080
Maintenance Manager	1	Overall vehicle maintenance direction	2,080	0
Mechanics	11	Repair & Preventive Maintenance	22,880	2,080
Service Worker	4	Bus Cleaning	8,736	2,340
Safety/Training Manager	1	Classroom training, supervise behind the wheel trainers	2,080	0
Qlty Assurance Inspector	1	Monitors adherence to Quality Assurance Program	2,080	0
Dedicated Dispatchers	2	Monitor service performance, coordinate emergency response	4,160	4,160
Reservationists	2	Call takers, input data in Routematch, Customer Service	4,160	4,160
President & COO	1	Coordinate implementation, handle service escalation issues	2,080	0

2. Staff Position & Tasks

a. Project Manager

In any transportation service, an experienced hands-on manager with the ability to motivate her/his staff is extremely important. In Ana Arredondo and Ruben Mendoza the Department will have Managers that can hit the ground running since they have already worked on this service and in this capacity. The Project Managers have a multitude of duties but we believe that the key elements of the job are:

- Selecting drivers that are committed to passenger satisfaction and safety.
- Providing orientation and training to our staff so that they know how to provide service effectively.
- Insuring that we give our drivers a clean, fully functional vehicle for daily service.
- Intervening rapidly when there are any signs that an employee is not able to provide quality service.
- Providing rapid and comprehensive investigation of any accidents, incidents or complaints.
- Providing operational reports to insure that our client has all of the information required to effectively monitor our service.
- Insuring that our reporting meets the audit standards for the MTA voluntary NTD reporting system or any report as required by the Department.
- Insuring the all the requirements as set forth in the RFP for the call center, productivity levels, customer service and complaints resolution are met and when possible exceeded.

b. Drivers

Driver Trainee Selection

Our goal is to retain existing employees that are familiar with the system and customers. If the active drivers meet the criteria described below and they are in good standing with the Department, they will be given priority in the hiring process.

Every applicant seeking to become an Empire driver must submit an original H-6 Department of Motor Vehicles printout (dated within 7 working days of the application date) along with his/her application. The printout provides invaluable information regarding an applicant's driving experience and infractions.

The Empire Safety & Training Manager is responsible for the final selection of applicants seeking to be driver trainees, based upon consideration of the individual's application, interview and motor vehicle record. However, at a minimum Empire will not employ those whose record displays any of the following:

1. 2 or more points for moving violations within the previous 3 years.
2. DUI, or Reckless Driving within the previous 10 years.
3. Suspended or revoked drivers license due to moving violations, unless overturned and such information is identified on the record.
4. Other criminal activity as described below:
 - a. Conviction of a crime pursuant to which the applicant is required to register as a sex offender under Section 290 of the Penal Code or conviction of a felony involving violence against persons.
 - b. Conviction during the preceding 7 years of any one of the following:
 - ✓ an offense relating to the use, sale, possession or transportation of narcotics or addictive or dangerous drugs;
 - ✓ an act involving force, violence, threat or intimidation against persons;
 - ✓ an sexual offense;
 - ✓ an act involving moral turpitude, including fraud or intentional dishonesty for personal gain;
 - ✓ an offense involving the solicitation or agreement to engage in or engagement in any act of prostitution.
 - c. A record of habitual or excessive use or addiction to intoxicating beverages, narcotics or dangerous drugs.
 - d. Conviction at any time of the following Vehicle Code sections:
 - ✓ 20001 - Hit and Run resulting in injury or death
 - ✓ 20003 - Hit and Run - failure to identify yourself to police or victim – injury or death involved
 - ✓ 20004 - Hit and Run death – failure to report to police or CHP
 - ✓ 23104 - Reckless driving- causing injury
 - ✓ 23153 - Driving while under the influence of alcohol or drugs – causing injury to others.

Driver Training Requirements

Once chosen for training, trainees undergo training based on the following curriculum. A full copy of the Empire Safety Training Program can be found in the Appendix. Only upon satisfactory completion of the curriculum will a driver be released for service as an Empire driver. At a minimum, the following subjects are taught as part of the required driver training.

Subject Area	Trainee has no CDL or Passenger Endorsement	Trainee has CDL and Passenger Endorsement
Classroom Instruction		
Empire Orientation and Policies	2 Hours	2 Hours
National Safety Council Defensive Driving Course	8 Hours	6 Hours
Transportations Safety Institute Bus Operator Training	8.5 Hours	
Emergency Management/ Accident/Incident Procedures	4.5 Hours	2 Hours
Mobile Communications	3 Hour	3 Hour
Substance abuse/Alcohol Abuse Awareness	2 Hours	1 Hour
Customer Service/Passenger Relations/Confidentiality	3 Hours	1 Hour
Illness and Injury Prevention – Includes Bio-Hazard	2 Hours	1 Hour
Sexual Harassment Prevention	2 Hours	2 Hours
Pre and Post Trip Inspection	4 Hours	
Behind the Wheel Instruction		
Paratransit, ADA & Sensitivity, Wheelchair Securement	4 Hours	4 Hours
Behind the Wheel Training & Testing Note: will depend on the progress of the trainee and type of vehicle.	20 - 40 Hours	4 - 8 Hours
Route/Service Familiarization Note: Will depend on complexity of the service and navigation requirements.	8 - 32 Hours	8 - 32 Hours
Total Training Hours	70 - 115 Hours	34 - 62 Hours

Note – Many contracts require CPR/First Aid Certification. This course will be provided after completion of the above curriculum to drivers on services requiring it.

Refresher Training

Empire conducts an ongoing schedule of refresher training courses. Normally, these are held once a month, for a minimum period of one hour. To maintain a position at Empire all employees, such as drivers assigned to a Department of Works project are required to attend at least eight refresher classes a year. Every staff member is required to participate in the location safety program meetings.

Background Checks

All Empire drivers will undergo a criminal background check before being assigned to revenue service.

Tasks

After a driver has completed all the training and the background checks, and has been put on service, their duties are to drive the routes in a safe manner, in compliance with the schedule, and providing courteous service to the riders. Additionally each driver is expected to communicate with the project manager, supervisor and dispatch if any issues or questions arise. Each driver is expected to manage fares and maintain the required reporting so that our project reporting complies with NTD and contract standards.

c. Maintenance Personnel

Our Safety and Training Policy includes standards for the initial training of maintenance personnel. We require that maintenance personnel who operate a vehicle on a public roadway must have a license applicable to the vehicles operated. Additionally all maintenance personnel undergo a minimum of 20 hours of original driver training including company orientation and policy, defensive driving, hazardous material handling, dealing with blood borne pathogens, sexual harassment, body mechanics, emergency procedures and drug and alcohol policy requirements.

We also recognize that the growing complexities of servicing transit fleets require on-going training. Today's vehicles include complex computer systems and advanced cutting-edge engine technologies. In such an environment it is a challenge to keep the maintenance staff current with industry changes. As quality maintenance is an essential element of service quality we are committed to the continual training and upgrading of our maintenance employees' skills. We use multiple sources for mechanic training including the courses and resources offered by the manufacturers, vendors, as well as the National Institute for Automotive Service Excellence (ASE), the Service Technicians Society, and the Transportation Safety Institute. The company has established financial incentives for technicians who attain ASE certifications. We also identify training sources and work with the maintenance staff to arrange their schedule to attend training or study for certifications they need to further enhance their maintenance skills. After a member of staff develops a new expertise through training, she or he is asked to share that information and expertise with the other employees.

Tasks

The job tasks for maintenance staff fall in the following areas:

- Performing preventive maintenance inspections.
- Diagnosing observed or reported problems with vehicles.
- Repair or replacement of parts or subsystems to return vehicle performance to OEM standards.
- Performing their duties with their safety and the safety of co-workers always uppermost in their minds.
- Insuring that hazardous and/or polluting substances are handled in accordance with professional practice and legal requirements.

d. Supervisors

Supervision of drivers in service comes from three primary sources:

- Our project managers spend time in the field, not only at the office, and are an integral element of our operations monitoring. The Project Manager is also directly responsible for the accuracy and integrity of project reporting as well as maintaining and improving the services productivity level with the highest level of customer service possible.
- The Field Supervisor provides direct, on site supervision of our service operations on a daily basis. They also ensure that drivers are relieved on schedule for legally required breaks and further, that these reliefs are accomplished without causing service delays.
- The Dispatch Center maintains positive control of service operations throughout the service day, as drives are required to report any service delays throughout the day.
- The Call Center is the first point of contact for the stakeholders that is why it is key to maintain a high level of customer service. It is also important for the reservationists to have the knowledge and ability to provide accurate information as well as traveling time options which will allow us to maximize the resources at hand.

Tasks

Effective dispatchers, reservationists and field supervisors are critical to the success of a Fixed-Route and Dial-A-Ride projects. Their principal role is in supporting drivers in order to provide a team atmosphere and shared commitment to service quality. The most important tasks are:

- Communicating with drivers to insure they understand that the best way to protect all the parties involved in any situation is to make quick and accurate reports about any problem they encounter.
- Monitoring driver performance to provide a reminder that late service or poor service will be noticed and dealt with.

- Insuring that drivers take the breaks that are legally required. This is not only a state law mandate but it is proven to improve driver's productivity.
- Providing rapid support when drivers need emergency resources.
- Provide and record accurate information to and from the requesting party in order to insure a smooth scheduling and service.

e. Office Staff

Existing staff in our office in Bellflower handles the counting of fares and recording of fares, as well as the deposit of funds in the bank. Staff there also processes payroll, handles human resources, pays vendors and renders accurate billings to our clients. Note that Empire adheres to best practices in the area of fare handling and billings in that the staff who count fare receipts are not in any way involved with either the billing of service or the reconciliation of expected fares to actual fares.

B. Communication Plan

Mobile Communications

Empire provides two forms of mobile communication between drivers, dispatch and supervisors. The most basic will be through the use of a Sprint push to talk device. The device provides better coverage than any radio system, and is allowed by State law as long as it is not used as a cell phone or for texting. We will also provide an MDT that will be installed in the vehicle. The MDT will have GPS capabilities as well as the ability to communicate in real time with our scheduling program, RouteMatch. This device will also have cell phone capabilities as a backup plan in case of failure of the two-way radio network. The use of the cell phone capability will be in case of emergencies only. We have a zero tolerance policy for cellular phone use and texting while driving and we enforce it aggressively, including through the use of our video surveillance system that can be installed on the vehicles with the Department's approval.

Scheduling Software

Our company decided to find a software, outside the widely known provider, that had all the same tools available as well as reporting capabilities at a lesser cost. RoutMatch met this criteria. We have been running RoutMatch since 2009 for our customers and the satisfaction level from both sides is very high. In the Appendix you will find detailed information for RoutMatch as well as sample of some of the reports produced.

Internet Connections

Our company has provided internet connections and individual e-mail addresses to our principals, and project managers for a long time. Each manager and supervisor has an individual e-mail address, which allows direct communication between the manager and the client. The e-mails can be seen either on the managers computer in the office, or through the smart phone phone each carries with them.

Communication via Dispatch Office

Calls regarding a Fixed-Route or Dial-a-Ride Service will proceed through the dedicated call center office at our Bellflower facility. We maintain and support the toll-free numbers required by the Department. In handling such calls the reservationists as well as dispatch employees will have access to general information regarding the service and the capability of taking calls regarding complaints, or to connect the caller with the appropriate manager or supervisor to handle incident or accident calls. The call center and dispatch office have full ability to connect callers to the appropriate supervisor or manager as required.

County staff will also have available, in addition to the dispatch and office line, the cell phone numbers of the Project Manager, and the Company's President.

C. Storage & Maintenance Facility

One of our main goals is to provide a proposal that is not only operationally compliant but also cost effective. Once a contract has been awarded, we identify locations that meet all the requirements as set forth in an RFP and that are close to the service area. This allows us to minimize the accumulation of miles for deadheading and in turn reduces the cost of vehicle maintenance and fuel. The Department's approval must be given to the proposed location. Having said that, we have two facilities available for storage. One is our corporate office located at 8800 Park Street in Bellflower (shown in the picture below). The second facility is located at 8701 Park Street in Bellflower (shown in the following pages). There is sufficient space at either facility to accommodate the County vehicles. Both lots have a security fence and are lighted. The distance from the initially proposed facilities to any given point within the County's different service areas is approximately 15 miles.

The corporate site provides over 10,000 square feet of enclosed maintenance space (large building at bottom left) and almost 12,000 feet of office, training and multi-purpose space in the buildings just above the shop building in the site plan.

The second facility has capacity to store approximately 40 additional vehicles. It is located within a 3 minute walk from our corporate office. Below is the aerial picture before improvements.

The following are pictures after the improvements to the property.

Equipment

Our corporate facility is fully equipped to provide maintenance for any the Department service vehicles. The following major maintenance equipment is already in place.

- Full shop compressed air system and all associated hoses and plumbing
- All required air tools, ¾ drive and above
- Lighted high pressure vehicle wash rack with fully permitted wash water recovery/recycling
- Hoists for all sizes of equipment serviced
- 10 ton Vehicle support stands
- 5 ton Vehicle support stands
- 10 ton air/hydraulic rolling floor jack
- 20 ton air service jack
- ½ ton air/hydraulic Transmission jack
- 2000# Engine hoist
- 20 ton hydraulic press
- 7249 suspension ball joint service kit
- Heavy duty tire machine
- Computerized tire balancer
- Professional brake service station, including full refinishing capability
- Refrigerant recovery/service machine
- A/C refrigerant analyzer
- Nitrogen A/C system leak test system
- Ultra violet A/C leak detection kit
- Hydra krimp – A/C hose repair kit
- Engine diagnostic scan tool systems for all engines serviced
- Combustible gas detector
- Battery/Charging system analyzer
- Cooling system pressure test kit
- 400 amp battery charger
- Wire/aluminum mig welder
- Gas welding torch set
- Aqueous parts washing tank
- Self contained emergency response service trucks

Administrative/Training/Dispatch Space

Our facility is already providing space for each of these key functions and has more than adequate space to add the personnel required to support this service. We relocated our dispatch center into newly constructed space. This change provided significantly more space for both dispatch and the administrative/clerical offices. We have plenty of space to accommodate this proposed operation.

Fueling

Our facility does have on-site fueling capability for propane that will accommodate some of the vehicles owned by the Department. We also have a corporate account with Arco for the gasoline powered vehicles. Drivers have a fuel card with pin that allows them to fuel vehicles at any Arco facility throughout Southern California.

D. Maintenance Plan

Mission Statement

The Maintenance Department's primary mission is to effectively and efficiently provide safe, clean, reliable, and comfortable vehicles for use by its drivers and the passengers they serve and to do so in accordance with California Highway Patrol Motor Carrier requirements as well as the requirements levied by the Federal Government upon DOT motor carriers. This principles apply to all vehicles operated by Empire regardless CHP regulations.

Graduated Preventive Maintenance Program

The emphasis of Empire's maintenance program is preventive rather than reactive maintenance. A strong preventive maintenance program effectively reduces overall maintenance costs by decreasing the number of road calls and the high cost of unpredictable repairs caused by reactive maintenance. Empire uses a graduated preventive maintenance program (PM) that is based on the manufacturer's recommendations and modified based on our experience and the local conditions we deal with in our individual services. Solid PM practices maximize useful life, are cost efficient over the life of the vehicle, and ensures that our vehicles remain in safe operating condition.

Empire has an aggressive preventive maintenance program that schedules bus inspections based on a variety of categories. A PM schedule is developed for each type or group of vehicles we operate. The PM schedule established is based upon usage and vehicle type. The schedule is progressive. Each successive PM includes a higher level of maintenance inspection activity. Vehicles are inspected based on mileage and time. In addition, each vehicle receives an annual comprehensive inspection.

Our maintenance staff continually reviews our practices to identify potential improvements to the program. This assures optimum benefits from the scheduled inspections. This is especially necessary in the area of understanding brake wear. There can be significant differences between similar vehicles in different model years and it is critical that technicians understand the expected wear cycle so that brakes are serviced based on inspections rather than degraded performance noticed by drivers.

On-time Inspection Variance

The allowable variance with all preventive maintenance inspections is a minus 500 miles to a plus 300 miles. Any inspection completed within this parameter is considered on time. Each sub-fleet has its own specific PM schedule. In the case of the Department's vehicles the schedule is built around the requirements set out in the County Maintenance Program.

Preventive Maintenance Inspections

Driver Daily Vehicle Inspection

Prior to putting a vehicle into service the driver is required to perform a detailed pre-trip inspection of their assigned vehicle. Any defects or concerns are noted on the Daily Vehicle Inspection Report (DVIR), a copy of which is attached in the Appendix. In order to better comply with Federal DOT requirements, we have organized these forms into a booklet of three part forms which contains the approximately a month of driver inspections. The booklet is attached securely to the vehicle so that it cannot be misplaced.

The driver reviews the prior form, signs at the bottom and then completes the current day's form before placing the vehicle into service. If the driver checks the unsatisfactory box, the vehicle must be examined by the maintenance department before it can be placed into service. At the end of the day the driver is required to initial the post trip inspection box to insure that the federally required post trip inspection is accomplished. The top two copies of the DVIR form for the day are torn out of the book and turned in to dispatch with the driver's daily paperwork.

If there are defects the top copy of the DVIR are forwarded to the maintenance department, the second copy is retained in the office to evidence compliance with inspection requirements. The DVIR is reviewed by the Lead Mechanic on the shift. Repairs are prioritized to ensure that all safety related defects are completed before the vehicle goes into service again. In no case will any service defect, with the exception of only non-safety or cosmetic, be allowed to persist past the date of the next regularly scheduled preventive maintenance inspection. The DVIR booklets are changed at the time of the PMI-A inspection. Booklets are retained on file in the maintenance department to evidence compliance with CHP and Federal DOT requirements for pre-trip inspections.

Drivers are thoroughly trained in pre-trip inspection requirements and are not allowed in revenue service until they can demonstrate full proficiency in conducting the appropriate inspection for the type or types of vehicles they will be called upon to operate. The effective performance of these inspections is a major item of emphasis for our service monitors. Drivers are also expected to leave their vehicle broom clean at the end of the day with all refuse removed.

I Inspection

The I inspection that is required in the DPW maintenance program encompasses the same points that are covered by our pre-trip inspection form with the exception of the inspection of the engine accessory drive and the measurement of drive belts. The principal difference is that the I inspection is to be conducted by a qualified and ASE certified technician. To document the I inspection we will have the technician conduct the inspection right on one of the DVIR forms in the DVIR log and adding a notation on the condition of the accessory drive and the drive belts. This methodology will insure that the record of the I inspection will be retained as a permanent part of the record.

J/A Inspection

The J/A Preventive Maintenance Inspection (PMI-J/A) is performed at intervals of 30 calendar days or 3,000 miles, whichever come first, thus meeting or exceeding both the manufacturer's recommendations and the DPW specifications. The inspection is conducted using a form, which is designed specifically for the type of equipment being maintained, in this case a propane powered integrated transit coach. Note that this form includes inspection of all key subsystems, including brake wear, climate control performance, charging system condition and wheelchair lifts as well as all other services required by the manufacturer.

"B" Inspection Service

This a DPW required inspection, conducted at 8 months or 24,000 miles, whichever comes first, that includes a J/A Inspection plus all of the additional items specified in the DPW maintenance program contained in Exhibit J.

"C" Inspection Service

This a DPW required inspection, conducted at 16 months or 48,000 miles, whichever comes first, that includes a J/A Inspection and a C Inspection plus all of the additional items specified in the DPW maintenance program contained in Exhibit J.

Additional Service

At every third "C" service, conducted at 48 months or 144,000 miles, whichever comes first, the services specified in the DPW program will be added.

Oil Samples

Oil samples for engines and transmissions are to be taken at 500 miles in advance of the J/A and B services. County staff will be notified seven days in advance of the sampling so that staff can be present if desired.

Brake Inspection

At each inspection the technician provides an estimate of the percentage of depth remaining on the brake shoes. This allows the Maintenance Manager at the facility to schedule the brake service in a way that directly addresses the wear rate on each axle.

Normally the Manager is able to schedule the brake inspection at the same time the vehicle will be down for a PMI-J/A or higher inspection thereby reducing vehicle down time.

In every case the brake drums will be resurfaced after which a measurement will be taken, and recorded on the repair order, using a brake micrometer to insure that the drum will continue to meet minimum wear requirements throughout the wear cycle of the new shoes. Drums and shoes will be replaced with approved OEM quality components. Wheel bearings will be cleaned and inspected before re-assembly. Oil and grease seals will not be reused on re-assembly.

Since wear rates can vary significantly between front and rear axles it is not necessary that brakes on both axles be disassembled at the same time. No single wheel brake repairs will be undertaken. If for some reason one brake on an axle requires repair (due to a leaking seal for example) the other brake on that axle will be renewed as well.

Engine Service

Empire no longer uses a "tune up" service. There is a regular change of spark plugs and wires as required by the DPW program but the rest of the engine maintenance is accomplished using computer diagnostics whenever a "check engine" light is encountered. We ensure that each maintenance facility has updated computer diagnostic software for each type and series of engine that is maintained.

Air Conditioning

Empire does not do seasonal air conditioning "campaigns" as we believe the climate controls need to work year around. AC output is monitored on every J/A inspection and through the DVIR process with a diagnostic process indicated if optimal performance is not evidenced on these inspections. We insure that condenser coils are free of airflow impediments on each and every inspection.

Wheelchair Lifts and Securements

Evidence of inspection and maintenance programs for wheelchair lift equipment, wheelchair ramps and securement devices is a major item of emphasis for modern transit service. We have incorporated all of the manufacturer's recommended steps into the DVIR and the PMI-A so that checks required by the manufacturer at 10 and 150 cycles are performed as required. Four point tie down and lap/shoulder belt equipment is also inspected at each PMI-A.

Authorize, Direct, and Control Maintenance Activities and Costs

The Maintenance Manager is responsible for developing the PM schedule for the vehicle fleet and ensuring that all PM activities are completed in a timely manner and consistent with the manufacturer's recommendations.

Each day the Maintenance Manager prints and reviews the PM Tracking report to identify which vehicles are due or coming due for Preventive Maintenance. Most regular PM inspections will be accomplished on the second maintenance shift where removal of the vehicle from service will not detract from operational capability. The Maintenance Manager will also review the vehicle history to determine whether there are any low priority DVIR reports that should be resolved during the inspection.

The work is then assigned to a Preventive Maintenance Technician who performs the PM and completes the appropriate PM inspection form. The technician is provided with complete instructions on how to perform the PM and is required to follow those instructions to completion. In addition to open DVIR Reports the technician will accomplish minor repairs such as light bulbs and the securing of fasteners etc. during the PM process.

Other needed repairs may be identified during the PM inspection. Any out of service items or repairs that could affect the reliability of the vehicle are accomplished before the vehicle is returned to service. Other repairs will also be accomplished before the vehicle is returned to service if parts and maintenance time are available and the vehicle is not required immediately for service. The overall objective is to put the vehicle back in service with no deferred maintenance.

Identify, Track, and Record Maintenance Activities and Costs

Empire uses a system of manual and computerized forms and reports to schedule and perform preventive/preservation maintenance (PM) and repairs to its fleet of vehicles.

These documents include:

- Work orders
- Service orders
- Purchase orders
- Parts requests
- PM Tracking report
- PM Inspection forms (these vary based on type of vehicle and level of PM to be performed)

After the Maintenance Manager identifies which vehicles are due for PM, a work order is prepared that describes the work to be done, the account codes to be charged, and instructions as to which level of PM is to be performed. All the PM labor and costs are captured under the PM code on the work order. When there is a PM write-up, a new work order or multiple work orders are then generated listing those repairs. All repair labor and parts are charged to the work orders under the specific coding applicable to the individual repairs. The required parts and supplies are assembled by the Manager or Shift and charged to the work order.

Road Failures

The performance standard for road failures is to have a shop response vehicle en route to the location within five minutes of the report. During this time we will also get the Maintenance Manager or Lead Mechanic on the radio with the driver to insure that any minor problem can be immediately resolved (lift door not closed all the way, tire wedged against the curb so the key won't turn etc.)

If no vehicle is available in the field a supervisor or extra driver will be dispatched with a replacement vehicle while a technician goes to the scene with a fully equipped shop truck. Moving the replacement vehicle to the field with a technician is avoided except when there is absolutely no other choice (late evening shift, etc.)

The Maintenance Manager will prepare a report identifying the cause of the road failure and make an initial judgment as to causation and/or preventability. These reports will be provided to both the training department and general management to assist in developing an appropriate response, whether that be in improved driver training or maintenance procedures.

Warranty Recovery System

Empire operates a warranty recovery program to ensure that cost of parts and repairs on warranty-covered items are recovered.

Failed Components

Parts and components that may have failed prematurely are returned to the Maintenance Manager who researches the original installation date, miles of usage on the failed component, and the vendor it was originally purchased from. If the part or component is covered by a warranty, it is returned to the vendor.

Return to Manufacturer/Vendor

Authorization for warranty return and labor claims, if applicable, are obtained from the manufacturer or vendor. Information is supplied to the vendor on the circumstances of the failure, if known. The item is then returned to the vendor warranty department for repair or replacement. Often vendors will simply allow the parts to be stored at our location until the claim is resolved, at which time they can be discarded. Empire retains copy of the warranty claim form for tracking purposes.

Vehicle Cleaning

DPW has a high standard for vehicle cleaning that requires washing every other day and daily whenever the vehicle is operating in rainy conditions. We have full crew of service workers that will enable us to comply with this requirement in either circumstance.

E. ADA Compliance

A vehicle with an inoperative lift and air conditioning problems needs to be removed from service immediately. We will in all cases be able to replace a vehicle with these problems within 30 minutes. We have conducted deadheading studies from our

Bellflower facility to different points within the service and we were able to confirm that the time requirement can be met. If any lift passengers are stranded by an inoperative lift we will commit to serving those passengers within 30 minutes of the service failure. In addition, the Road Supervisor will be assigned a 8 passenger plus 2 wheelchair van which will allow us to immediately dispatch him should the drive from base be longer than the stated time limits due to heavy traffic conditions.

F. CHP Inspections

On the Appendix you will find Empire's last three CHP inspections, which were all marked "Satisfactory". The most recent was done in May 2016.

G. Transit Security Plan

A full copy of Empire's Transit Security Plan can be found in the Appendix. The plan was developed based on the information provided by the FTA. If the department feels that some parts do not meet the requirements, the required modifications will be immediately incorporated.

IV. Quality Assurance

Empire's philosophy is to view our company as an extension of our client's standards in quality of service. When we are awarded a contract we approach it as if we had become another of their departments. We place a big emphasis in learning and understanding the core of our customer base in order to deliver the best service possible. We have internal and external procedures in place that provide a check and balance system throughout the organization. The areas that we concentrate on are as follows:

1) Driver Selection, Training and Monitoring:

A detailed description of the hiring criteria and training program is described in the attached work plan. Monitoring of drivers is done in several tiers:

- a) On the road supervision carried out by the dedicated Road Supervisor.
- b) Use of technological means such as MDT equipped with GPS capabilities. This allows us to evaluate, in real time, the drivers' adherence to the schedule as well as data input.
- c) Passenger feedback, with the Department's authorization, can be done over the phone when requesting service or via written surveys.
- d) Mystery shoppers. We schedule random pickups in which our Quality Assurance Inspector himself is transported. We get a written report from him identifying areas for improvement as well as areas of excellence. We provide the driver with this feedback without identifying its actual source.

2) Call Center and Dispatching Department:

These two departments are the heart of the operation. The main areas where we evaluate, for quality control purposes, are:

- a) Their ability to use the technological resources at hand.
- b) Their ability to maintain and improve on the required parameters as set forth in the RFP.
- c) Their ability to assist and support drivers in emergency or break-down situations.
- d) Their ability to defuse and control a potentially negative encounter with passengers.
- e) Their ability to resolve complaints in a professional, efficient and courteous manner.

These departments are continuously evaluated by the Project Manager. We also conduct individual employee evaluations on a semi-annual basis or more frequently, if needed.

With the Department's authorization, we can also mail surveys to randomly selected passengers to get feedback on these departments performance.

3) Vehicle Maintenance and Cleanliness:

Vehicle maintenance and safety are of the utmost importance. We have provided a detailed description of our maintenance program in the work plan. Even though the vast majority of the vehicles assigned to this contract do not fall under CHP regulations, we do follow and meet their requirements. We keep vehicle maintenance files and conduct preventive maintenance inspections as required by federal and state regulations. Our Safety and Training Manager conducts random file reviews periodically comparing the physical file and the reports as produced by our vehicle maintenance software. Any deficiencies noted are brought up to the Maintenance Manger and the President of the company for immediate resolution.

Empire has its own car wash department at the proposed facility in Bellflower as well as a mobile unit that can be activated in case of an emergency situation. The vehicles will be washed, interior and exterior, every other day or as needed. The drivers are responsible for picking up any trash left behind between pick up. The drivers are also responsible for checking the vehicle cleanliness as part of their pre-trip inspection. They are required to report any irregularities to the Project Manager. The reported concerns will be addressed on the spot. The Project Manager will conduct daily inspections of vehicles to insure that the established cleanliness standards are being met. The Road Supervisor will also include checks for cleanliness as part of their review process.

4) Safety and Training:

Empire has developed a very comprehensive training program. The training program in place was one of the most important factors to be accepted as part of a captive insurance program. We are proud to say that our training program is not only well written but also strictly adhered to. As a company, we place a lot of effort on accident prevention. We have an in-house claims adjustor that works very closely with our Safety and Training Department as well as our insurance carrier in order to get an objective assessment of the incidents/accidents at hand. This approach has allowed us to implement preventive steps throughout the company. While accidents can and will happen, our continual goal is to be completely accident free and our primary emphasis is always on accident avoidance. As a condition of remaining members of the captive program, we go through an extensive annual audit performed by a third party that is selected and hired by our insurance carrier. The audit covers all areas of the operation. They inspect the maintenance shop looking for potential OSHA violations. They inspect numerous records including, but not limited to, mechanics' files, vehicle files, driver files, incident/accident reports, and training records. We have never failed one of these inspections.

We also have access to resources from the insurance carrier to have a third party conduct evaluations on contracts individually. We have taken advantage of this option on numerous occasions and requested evaluation of several contracts. We

would certainly avail ourselves of this option for this service, if awarded the contract.

This is a summary of the steps taken by Empire regarding Quality Assurance. The resume of the Quality Assurance Inspector can be found in the experience section of the proposal. If awarded the contract, a Quality Assurance Program tailored specifically to these services will be submitted for the Department's review and approval.

V. Financial Resources & Insurance

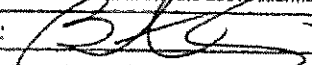

Financial Statements

Our 2014 and 2015 financial statements can be found in a sealed envelope contained in the proposal notebook marked "original". We ask that our financial statements be afforded the maximum confidentiality possible and that they only be circulated to those individuals who will be involved with assessing our ability to meet the financial requirements for delivering on this project. Our 2015 financial statements are in the process of being reviewed by an outside CPA firm. They are not ready to be submitted along the RFQ but will be ready when an IFB is issued.

There are no existing liens or encumbrances against the company that would endanger our ability to perform on this contract. Additionally Empire and its principals are not involved in any pending litigation that might change that status. Nor is the company facing or considering bankruptcy, pending site closures, merger or labor disputes.

We would be delighted to make available to staff both our outside CPA and the Bank Officer responsible for our account should there be any questions at all about our ability to provide the necessary financial support for the shuttle operation.

**COUNTY OF LOS ANGELES CONTRACTOR EMPLOYEE JURY SERVICE PROGRAM
APPLICATION FOR EXCEPTION AND CERTIFICATION FORM**

This contract is subject to the County of Los Angeles Contractor Employee Jury Service Program (Program) (Los Angeles County Code, Chapter 2.203). All contractors and subcontractors must complete this form to either (1) request an exception from the Program requirements or (2) certify compliance. Upon review of the submitted form, the County department will determine, in its sole discretion, whether the bidder or proposer is excepted from the Program.

Company Name: Empire Transportation, Inc.		
Company Address: 8800 Park Street		
City: Bellflower	State: CA	Zip Code: 90706
Telephone Number: 562.529.2676		
(Type of Goods or Services): Fixed- Route and Dial-a-Ride Services Provider		

If you believe the Jury Service Program does not apply to your business, check the appropriate box in Part I (you must attach documentation to support your claim). If the Jury Service Program applies to your business, complete Part II to certify compliance with the Program. Whether you complete Part I or Part II, sign and date this form.

Part I: Jury Service Program Is Not Applicable to My Business

- My business does not meet the definition of "contractor," as defined in the Program as it has not received an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts (this exception is not available if the contract/purchase order itself will exceed \$50,000). I understand that the exception will be lost, and I must comply with the Program if my revenues from the County exceed an aggregate sum of \$50,000 in any 12-month period.
- My business is a small business as defined in the Program. It 1) has ten or fewer employees; and, 2) has annual gross revenues in the preceding twelve months which, if added to the annual amount of this contract, are \$500,000 or less; and, 3) is not an affiliate or subsidiary of a business dominant in its field of operation, as defined below. I understand that the exemption will be lost, and I must comply with the Program if the number of employees in my business and my gross annual revenues exceed the above limits.

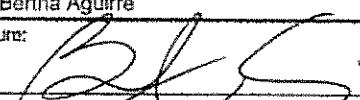

"Dominant in its field of operation" means having more than ten employees, including full-time and part-time employees, and annual gross revenues in the preceding twelve months, which, if added to the annual amount of the contract awarded, exceed \$500,000.

"Affiliate or subsidiary of a business dominant in its field of operation" means a business which is at least 20 percent owned by a business dominant in its field of operation, or by partners, officers, directors, majority stockholders, or their equivalent, of a business dominant in that field of operation.
- My business is subject to a Collective Bargaining Agreement that expressly provides that it supersedes all provisions of the Program. **ATTACH THE AGREEMENT.**

Part II: Certification of Compliance

- My business has and adheres to a written policy that provides, on an annual basis, no less than five days of regular pay for actual jury service for full-time employees of the business who are also California residents, or my company will have and adhere to such a policy prior to award of the contract.

I declare under penalty of perjury under the laws of the State of California that the information stated above is true and correct.

of Empire Transportation, Inc.
Name of proposer

make this certification in support of a proposal for a contract with the County of Los Angeles for services within the scope of Los Angeles County Code, Section 2.180.010, which provides as follows:

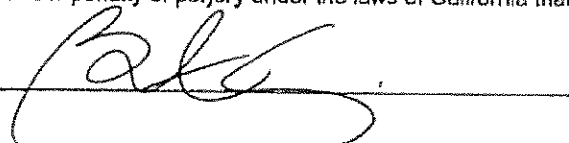

Contracts Prohibited. A. Notwithstanding any other section of this code, the county shall not contract with, and shall reject any bid or proposal submitted by, the persons or entities specified below, unless the board of supervisors finds that special circumstances exist which justify the approval of such contract.

1. Employees of the County or of public agencies for which the board of supervisors is the governing body;
2. Profit-making firms or businesses in which employees described in subdivision 1 of subsection A serve as officers, principals, partners, or major shareholders;
3. Persons who, within the immediately preceding 12 months, came within the provisions of subdivision 1 of subsection A, and who:
 - (a) Were employed in positions of substantial responsibility in the area of service to be performed by the contract; or
 - (b) Participated in any way in developing the contract or its service specifications; and
4. Profit-making firms or businesses in which the former employees described in subdivision 3 of subsection A, serve as officers, principals, partners, or major shareholders.

I hereby certify I am informed and believe that personnel who developed and/or participated in the preparation of this contract do not fall within scope of the Los Angeles County Code, Section 2.180.010, as cited above. Furthermore, that no County employee whose position in the County enables him/her to influence the award of this contract, or any competing contract, and no spouse or economic dependent of such employee is or shall be employed in any capacity by the Contractor herein, or has or shall have any direct or indirect financial interest in this contract. I understand and agree that any falsification in this Certificate will be grounds for rejection of this Proposal and cancellation of any contract awarded pursuant to this Proposal.

I certify under penalty of perjury under the laws of California that the foregoing is true and correct.

NONE	County determination, based on the Evaluation Criteria, that proposer does not have a record of violations.*	0	N/A

Assessment Criteria

* A 'Labor Law/Payroll Violation' includes violations of any Federal, State or local statute, regulation or ordinance pertaining to wages, hours, working conditions such as minimum wage, prevailing wage, living wage, the Fair Labor Standards Act, employment of minors, or unlawful employment discrimination. The County may deduct points from a proposer's final evaluation score only for Labor Law/Payroll Violations with disposition by a public entity within the past three years of the date of the proposal.

The assessment and determination of whether a violation is major, significant, minor, or insignificant and the assignment of a percentage deduction shall include, but not be limited to, consideration of the following criteria and variables:

- Accuracy in self-reporting by proposer
- Health and/or safety impact
- Number of occurrences
- Identified patterns in occurrences
- Dollar amount of lost/delayed wages
- Assessment of any fines and/or penalties by public entities
- Proportion to the volume and extent of services provided, e.g., number of contracts, number of employees, number of locations, etc.

** County Code Title 2, Chapter 2.202.030 sets forth criteria for making a finding of contractor non-responsibility which are not limited to the above situations.

**FORM LW-9
WAGE AND HOUR RECORD KEEPING FOR LIVING WAGE CONTRACTS**

INSTRUCTIONS

The contractor selected through this RFSQ process will be required to comply with the State and Fair labor regulations and record keeping requirements. The objective of this questionnaire is to determine the appropriateness, scope, and suitability of the procedures the Proposer uses and the internal controls in place to ensure compliance with State and Federal labor regulations and record keeping requirements. In order to appropriately evaluate this area (Part 1, Section 4.D, Evaluation Criteria), it is critical that the Proposer submit a detailed description of the processes and the steps associated with those processes.

Answer all questions thoroughly and in the same sequence as provided below. If a question is not applicable, indicate with "N/A" and explain why such question is not applicable. Provide additional details to ensure a clear picture of the Proposer's processes and controls. As used in this questionnaire, the term Proposer includes the business entity that will provide the proposed services. Attach a sample copy of timesheet, pay check, and pay stub that show deduction categories as requested in this form.

**ADDITIONAL PAGES MAY BE ATTACHED OR RESPONSES CAN BE PROVIDED IN A SEPARATE DOCUMENT.
IDENTIFY EACH RESPONSE BY THE CORRESPONDING QUESTION NUMBER.**

QUESTION	RESPOND HERE OR ATTACH NUMBERED RESPONSES IF MORE SPACE NEEDED.
<p>1. TRACKING HOURS WORKED</p> <p>1.1 How does the Proposer track employee hours actually worked?</p> <p>1.2 Where do the Proposer's employees report to work at the beginning of their shift? At the work location or at a central site with travel to the worksite?</p> <p>1.3 If the employees report to a central site with travel to the worksite, when does the Proposer consider the employee's shift to have started? At a central site or upon arrival at the work location?</p>	<p>Hours worked are tracked using a database program called TimeForce. Each employee clocks in and out electronically either using a web-enabled mobile phone or a computer with internet access. The schedule for each employee is also built into the database so that managers can easily note potential errors in punches. These time punches are reviewed daily by the manager for each employee to ensure the accuracy of the hours worked as well as to ensure that employees have clocked in and out correctly and that missed punches are corrected in a timely manner.</p>

<p>2. REPORTING TIME</p> <p>How does the Proposer know employees actually reported to work and at what time? For example, sign-in sheets, computerized check in, call-in system, or some other method?</p>	<p>We have no employees who report to work and then travel to their worksite. All employees begin their shift on-site where the revenue vehicle is parked for their work location.</p>
<p>3. RECORDS OF ACTUAL TIME WORKED</p> <p>3.1 What records are created to document the beginning and ending times of employee's actual work shifts?</p> <p>3.2 What records are maintained by the Proposer of actual time worked?</p> <p>3.3 Are the records maintained daily or at another interval (indicate the interval)?</p> <p>3.4 Who creates these records (e.g. employee, supervisor, or office staff)?</p> <p>3.5 Who checks the records, and what are they checking for?</p> <p>3.6 What happens to those records?</p> <p>3.7 Are they used as a source document to create Proposer's payroll?</p> <p>3.8 <u>ATTACH COPIES OF THESE RECORDS.</u></p>	<p>3.1 All records created and documenting hours worked by an employee are produced electronically according to the times the employee clocks in and out. When an employee enters a time-punch, they will enter their employee ID and the number of the contract they are working for and submit the punch to the server for processing. The server will time-stamp the punch and process the numbers to determine the identity of the employee and of the contract. Once processing is complete, the server sends the information back to the device from which the employee entered the information and shows them the time for their information.</p> <p>3.2 All records related to hours worked are stored electronically on the server hosting TimeForce and backed up as with all other server data. In addition a hard copy is given to the employee at the end of a pay cycle by the employee's manager. The employee signs the time sheet or identifies errors, which are then investigated by the manager.</p> <p>3.3 The electronic records are maintained automatically in real-time by the server. The hard copies are printed at the end of each semi-monthly pay period and filed at our main office.</p> <p>3.4 The initial creation of the electronic records is, as previously mentioned, performed by the server based on information submitted by the employee.</p> <p>3.5 The records produced by the server are checked for accuracy daily by the manager responsible for the employee. At the conclusion of the pay period, a timecard is printed from TimeForce for each employee and given to them for</p>

<p>review. If the employee has any issues with missed time, forgotten punches, etc. or sees another problem he or she is able to raise the issue with their manager prior to their check being generated. Once the employee has reviewed the timecard, and signed it, the time card is returned to their manager.</p> <p>3.6 At the conclusion of every pay period, each manager checks the final day for each employee during that pay period and verifies the accuracy of the semi-monthly period per employee. This is accomplished by marking the verification checkbox in the web browser-based interface. TimeForce then indicates that the record was reviewed and verified and provides the name of the manager who performed the verification. Verifications occur after the printed timecard has been returned with the employee's signature.</p> <p>3.7 Once verified the records are imported into QuickBooks and used as the basis for every employee's paycheck.</p>	<p>review. <p>As described previously, all records pertaining to hours are based solely on hours worked and are created primarily on information submitted to TimeForce by the employee themselves. <p>Meal periods are built into each employee's schedule. The employees clock out and in directly on their Sprint phone and the information is retained in our records and available for audit. <p>occurred?</p> <p>5.3 If so, who prepares, reviews, and approves such documentation?</p>	<p>has the ability to attend to personal needs during these periods.</p> <p>Payroll entries are made directly by the worker and audited by the supervisor and payroll coordinator. Worker then approves the final time sheet in writing.</p>
<p>6. HOW PAYROLL IS PREPARED</p> <p>6.1 Discuss how the Proposer's payroll is prepared and how the Proposer ensures that employee wages are appropriately paid.</p> <p>6.2 How are the employee paid (e.g. manually issued check, automated check, or combination of methods)?</p> <p>6.3 If by check, do they receive a single check for straight time and overtime or are separate payments made?</p> <p>6.4 What information is provided on the check (e.g., deductions for taxes, etc.)?</p> <p><u>6.5 ATTACH A COPY OF A PAY CHECK AND PAY CHECK STUB THAT SHOWS SHOWS DEDUCTION CATEGORIES (COVER UP OR BLOCK OUT BANK ACCOUNT INFORMATION AND ANY ANY EMPLOYEE INFORMATION).</u></p>	<p>The hours maintained and entered into TimeForce for every employee can be accessed by the payroll department at all times. After verification by the managers, the payroll department imports the hours worked into QuickBooks from TimeForce. The payroll department makes any necessary entries into employee records with regard to required deductions (such as wage garnishments, changed tax status, etc.) applicable to the period and verifies the data prior to check issuance. The payroll department then processes the information and creates checks. For those employees who use direct deposit, the information is submitted to the employee's bank and a check stub is printed and delivered to the employee. Checks for employees who are not enrolled in direct deposit have their check delivered to them by their manager. Every employee will receive a single check reflecting hours worked at straight wages and overtime wages. All deductions and wages are itemized on the check stub</p> <p>A copy of two pay checks with the applicable "Time Card" which explains the basis for the pay are attached to this form.</p>
<p>7. MANUAL PAYROLL SYSTEM</p> <p>7.1 If the Proposer uses a manual payroll system, describe the steps the person preparing the payroll takes to create a check, starting from the source document through the issuance of a check.</p> <p>7.2 If the employee has multiple wage rates (i.e., County's Living Wage rate for County work and the Proposer's standard rate for other non-County work) how does the person preparing the payroll calculate total wages paid?</p>	<p>We do not use a manual payroll system.</p>

<p>8. AUTOMATED PAYROLL SYSTEM</p> <p>8.1 If the Proposer uses an automated payroll system or contracts for such automated payroll services to an outside firm, describe the steps taken to prepare the payroll.</p> <p>8.2 If the employee has multiple wage rates (i.e. County's Living Wage rate for County work and the Proposer's standard rate for other non-County work), How does the automated payroll system calculate total wages paid?</p> <p>8.3 Is the calculation embedded in the software program or does someone have to override the system to perform the calculation?</p>	<p>As described previously we use the automated system TimeForce for recording an employee's hours. Checks are issued in-house using the import of TimeForce information into Quick Books.</p> <p>At this time, should any employee work at multiple rates during a work week, over time is paid based on the higher of the rates.</p>
<p>9. TRAVEL TIME</p> <p>9.1 How is travel time during an employee's shift paid?</p> <p>9.2 At what rate is such travel time paid if the employee has multiple wage rates?</p> <p>9.3 Discuss how the Proposer calculates the day's wages for each situation described in the following two examples:</p> <p>a. During a single shift, an employee works three hours at a work location under a County Living Wage contract, then travels an hour to another work location to work four hours, where they are paid at a different rate than the County's Living Wage rate.</p> <p>b. During a single shift, an employee works three hours at a work location under a County Living Wage contract, then travels an hour to another work location to work four hours, where they are also paid the County's Living Wage rate.</p>	<p>9.1 Travel time is rarely an issue, as drivers report to a regular work place and begin the driving assignment from that location.</p> <p>9.2 Due to the rare occurrence of travel time, should it occur the travel time is paid at regular rate.</p> <p>9.3 County staff employees are not assigned to work for other services on a regular basis. Should there be a shortage of drivers and a County worker is assigned to temporarily cover on another service, the employee would be paid at their regular County Living Wage rate. Only in the case of an employee who is permanently transferred to another service either by request of the employee or County staff, would the employee's wage rate be changed.</p> <p>We do not have the situations described in 9.3.a or 9.3.b.</p>

10. OVERTIME

10.1 How does the Proposer calculate overtime wages?

10.2 What if the employee has multiple wage rates?

There are two earnings statements with time sheets attached. The first reflects a driver who has a C license and non-exempt employees. C drivers, like almost all employees in California, are subject to daily overtime, ie. overtime after eight hours worked in a day. The Total Hours, broken down by day show the daily allowed and then the overtime hours per day. The earnings statement again shows the hours paid at regular rate, and then separately the hours paid at 1.5x rate.

The second earnings statement is for a driver with a B license. These drivers are an exception to daily overtime as set forth in the Transportation Wage Order. The exception is necessary due to the fact that the B license and the hours worked by B license drivers are subject to federal law and the regulation of the USDOT. As such A and B license drivers are paid overtime AFTER 40 hours worked in a week. Therefore on the attached time sheet, the employee's 8.5 hours on a Monday are all shown as regular hours, but on Friday when the employee 8 hours, 7.5 show as regular and .5 show as over time. This is because on that Friday the employee went over the allowed 40 hours in the week.

1. The following information is provided as information to tour bus operators engaged in, or considering transportation of school pupils.
 Title 13 of the California Code of Regulation (CCR) Section 1201(t) defines pupil transportation:
 The transportation of any pupil enrolled in a public or private school at or below the twelfth-grade level to or from school in a school bus, to or from a school activity in a school bus or School Pupil Activity Bus (SPAB), from a school to a non-school related activity within 25 miles of the school in a youth bus, or the transportation of any student enrolled in a community college to or from the community college or a college activity, in a vehicle designated as a school bus by resolution of the governing board pursuant to 545(g) California Vehicle Code (VC), and certified by the department.
 School related activities are any events conducted for the educational, social, or recreational development of the pupils, sanctioned, authorized, or arranged by a public or private school, or any officer, employee, or agent of the school. This type of transportation requires the use of a school bus, or SPAB (under contractual agreement with a school).

The only vehicles other than a school bus authorized by law to transport school pupils to/from school or school related activities are identified in subsections (a) – (k) of Section 545 VC. Drivers of these authorized vehicles are required to have additional training, special licensing and criminal background checks. In addition to carrier and equipment requirements, driver qualifications are discussed in a CHP manual (HPH 82.7) which is available for purchase at any CHP Division headquarters or Area office, for \$5 plus applicable sales tax. Carriers who intend to use vehicles to transport school pupils to and from school related activities under the Pupil Activity Bus (PAB) exception in 545(k) VC must submit a completed CHP 294D, Youth Bus, Pupil Activity Bus, or General Public Paratransit Vehicle (GPPV) Inspection Application (Revised 1-10), along with the appropriate fee of \$75 for each PAB, prior to inspection by the Department. Motor carriers may obtain the CHP 294D from the Department's internet Web site (www.chp.ca.gov), local Area offices, or field Division Motor Carrier Safety Units (MCSU).

Unlawful transportation of school pupils to/from schools or school activities may result in a citation being issued and/or findings being forwarded to the California Public Utilities Commission. With the passage of Assembly Bill 636 in 2010 affecting California Public Utilities Commission Code 5387, the Public Utilities Commission is required to permanently suspend, revoke, or refuse to issue a Transportation Charter Party (TCP) Permit for any carrier when the carrier has violated the statute (also refer to CVC Sections 12517, 2807, and 2807.1, and 13 CCR Section 1230). Should you have any questions contact the Border Division Motor Carrier Safety Unit at (858) 650-3655.

The carrier has been provided a copy of the following documents:

- CHP Information Bulletin dated 9-19-2006, Transportation of School Pupils to School Related Activities
- CHP Information Bulletin dated 12-3-2008, Assembly Bill 830 – School Pupil Transportation

REMARKS

MAINTENANCE PROGRAM VIOLATIONS:

13 CCR 1215(f) Carrier does not repair defect(s) reported on the driver's daily vehicle condition reports, and attest to the repair by signing or having an authorized agent sign the reports. Defects or deficiencies reported on drivers' daily vehicle condition reports that are likely to affect the safe operation of the motor vehicle or combination are required to be repaired prior to returning to operation. The motor carrier or an authorized agent shall certify on the report that necessary repairs have been completed prior to the vehicle returning to operation.

Unit # 251 drivers DVIR indicated defective door: 05-06-15, 05-07-15, 05-08-15
Unit # L-205 drivers DVIR indicated vehicle alignment issues: 06-23-15, 06-24-15, 06-25-15, 06-26-15

DRIVER RECORDS VIOLATIONS:

Due to carrier having two types of operations (Tour Bus / Basic Bus) driver records were inspected in conjunction with the annual tour bus terminal inspection. Driver records meet all the requirements for basic bus operation.

RATING:

13CCR 1233 Terminal is rated SATISFACTORY at this time.

CHANGE OF ADDRESS:

13CCR 1233.5 Carrier is required to notify the department of any change of address or cessation of regulated activity at any of the carrier's terminals. Carrier shall notify the department in writing within 15 days of the change and shall be forwarded to:

SAFETY AND TRAINING PROGRAM POLICY AND PROCEDURE

1.0 POLICY OBJECTIVE

Empire Transportation, Inc. (Empire) is committed to delivering safe passenger transportation services to our clients. In meeting this goal it is our policy to:

- 1) Employ qualified and actively involved Safety, Training and Personnel Department (STP) staff who are capable of delivering on our program objectives.
- 2) Provide training that insures every employee enters our active workforce with the skills to be safe and successful in providing outstanding service to our clients.
- 3) Promote an attitude toward safety, which insures that our employees are safety aware while doing their jobs.
- 4) Prohibit employee actions that do not meet the safety standards outlined in this policy.

2.0 PURPOSE

The purpose of this policy is to provide STP staff with guidelines and standards for training new and existing employees to meet Empire safety standards, as well as ensure compliance with regulatory and contractual guidelines. This program is not all-inclusive of Empire's STP efforts, but instead defines minimum requirements. Each project is unique and additional areas of training should be included in accordance with local and contractual standards.

3.0 APPLICABILITY & ADMINISTRATION

These policies apply to employees responsible for the administration of the program, as well as to employees who undergo Empire training. Every member of management is required to read and become familiar with the requirements of this policy. This policy is not intended to supersede other company policies but to augment them. Thus, Empire employees are governed also by those policies and remain subject to their content.

The STP Manager shall designate at least one Behind-the-Wheel Trainer for the Company. Empire will provide the majority of driver trainee instruction at its Central Training Facility, however, refresher training may be provided at program locations. Individuals appointed to the following positions must become familiar with this program and proficient in the area(s) of training for which they are responsible, as well as the policy's general application.

- STP Manager
- Program Managers
- Classroom Instructors
- Behind-the-Wheel (BTW) Trainers
- Field Supervisors
- Lead Drivers
- Maintenance Managers

The STP Manager shall be responsible for delivering the program to these individuals and ensuring that they understand their duties and obligations under this program.

4.0 INSTRUCTOR QUALIFICATIONS

4.1 CLASSROOM INSTRUCTOR

A Classroom Instructor must have the following qualifications:

- A) License and Certification(s), as applicable to the type of vehicles and/or service being taught.
- B) Certification by the Department of Transportation, Transportation Safety Institute, to deliver the curriculum being taught.
- C) Certification by the National Safety Council to teach the defensive driving course.

4.2 BTW INSTRUCTOR

Driver trainees shall be instructed and supervised by either a Classroom Instructor, or an Empire certified BTW Trainer. Prior to the driver being released for service, an Empire certified BTW trainer must have delivered the appropriate BTW training and evaluation as specified in this policy. BTW Trainers are those who are trained and certified by the Empire STP Manager to deliver behind-the-wheel training in accordance with the Safety and Training Program.

5.0 DRIVER TRAINEE SELECTION

Every EMPIRE driver applicant shall be informed that an original H-6 Department of Motor Vehicles printout (dated within 7 working days of the application date) must be turned in along with his/her application. In addition to being a requirement for Empire employees who are enrolled in the DMV Employer Pull-Notice program, the printout provides invaluable information regarding an applicant's driving experience and infractions. The final decision to hire a Driver Trainee, based upon considerations identified by a motor vehicle record, will be made by a member of the senior Management team, however, at a minimum EMPIRE will not employ those whose record displays the following:

1. 2 or more points for moving violations within the previous 3 years.
2. DUI, or Reckless Driving within the previous 10 years.
3. Suspended or revoked Drivers License due to moving violations, unless overturned and such information is identified on the record.
4. Other criminal activity as described below:
 - a. Conviction of a crime pursuant to which the applicant is required to register as a sex offender under Section 290 of the Penal Code or conviction of a felony involving violence against persons.
 - b. Conviction during the preceding seven years of any one of the following:
 - ✓ an offense relating to the use, sale, possession or transportation of narcotics or addictive or dangerous drugs;
 - ✓ an act involving force, violence, threat or intimidation against persons;
 - ✓ an sexual offense;
 - ✓ an act involving moral turpitude, including fraud or intentional dishonesty for personal gain;
 - ✓ an offense involving the solicitation or agreement to engage in or engagement in any act of prostitution.
 - c. A record of habitual or excessive use or addiction to intoxicating beverages, narcotics or dangerous drugs.
 - d. Conviction at any time of the following Vehicle Code sections:
 - ✓ 20001 - Hit and Run resulting in injury or death
 - ✓ 20003 - Hit and Run - failure to identify yourself to police or victim – injury or death involved
 - ✓ 20004 - Hit and Run death – failure to report to police or CHP
 - ✓ 23104 - Reckless driving- causing injury
 - ✓ 23153 - Driving while under the influence of alcohol or drugs – causing injury to others.

6.0 TRAINING AREAS AND TIME REQUIREMENTS

This section is intended to define the curriculum that will be delivered to drivers before they are released for service at Empire. At a minimum, the following subjects will be taught as part of the required driver training.

Subject Area	No CDL and Passenger Endorsement	With CDL and Passenger Endorsement
Classroom Instruction		
Empire Orientation and Policies	2 Hours	2 Hours
National Safety Council Defensive Driving Course	8 Hours	6 Hours
Transportations Safety Institute Bus Operator Training	8.5 Hours	
Emergency Management/ Accident/Incident Procedures	4.5 Hours	2 Hours
Mobile Communications	1 Hour	1 Hour
Substance abuse/Alcohol Abuse Awareness	2 Hours	1 Hour
Customer Service/Passenger Relations/Confidentiality	3 Hours	1 Hour
Illness and Injury Prevention – Includes Bio-Hazard	2 Hours	1 Hour
Sexual Harassment Prevention	2 Hours	2 Hours
Pre and Post Trip Inspection	4 Hours	
Behind the Wheel Instruction		
Paratransit, ADA & Sensitivity, Wheelchair Securement	4 Hours	4 Hours
Behind the Wheel Training & Testing Note: will depend on the progress of the trainee and type of vehicle.	20 – 40 Hours	4 – 8 Hours
Route/Service Familiarization Note: Will depend on complexity of the service and navigation requirements.	8 - 32 Hours	8 – 32 Hours
Total Training Hours	69 – 113 Hours	32 – 60 Hours

Note – Many contracts require CPR/First Aid Certification. This course will be provided after completion of the above curriculum to drivers on services requiring it.

6.1 CLASSROOM EVALUATION

At a minimum, driver trainees shall be quizzed on each subject taught, and undergo a written examination upon completion of the course. Such testing shall cover critical areas of the subject and course content and reasonably assure that the driver trainee has received adequate instruction to be proficient in these areas. A driver trainee must receive a score of no less than 75 percent on his/her final examination and no less than 75 percent average for all quizzes administered to continue to BTW training. However, any driver trainee receiving a quiz score of less than 75 percent may at the option of the company be allowed to take additional instruction and continue training, rather than be removed. A driver trainee who performs poorly during this process may be removed from training at the discretion of the Classroom Instructor.

6.2 BEHIND-THE-WHEEL (BTW) INSTRUCTION

Driver Trainees who successfully complete classroom instruction may continue to BTW training. A driver trainee who does not yet hold a CDL must have in his/her possession a valid and current Interim Commercial License, applicable to the vehicle he/she is being trained in, as well as medical clearance (DL-51a – Medical Card) during all BTW training times. In addition, evidence of a negative pre-employment drug test result must be obtained prior to undertaking BTW Instruction.

BTW instruction shall be organized around the performance requirements of the DMV for certification of commercial drivers. For drivers with existing CDL licensing this will involve:

- ✓ evaluation of performance on each applicable maneuver from Empire's Driver Trainee Performance Appraisal Form with re-training for unsatisfactory or marginal performance on specific maneuvers; and,
- ✓ practical application of the principles taught in the National Safety Council defensive drivers course and the Empire Safety Awareness/Accident prevention program.

For new drivers who are being trained to attain CDL requirements the training will involve:

- ✓ specific training on each applicable maneuver from the Empire Trainee Performance Evaluation Form, followed by a performance test on that maneuver and a final exam which tests all maneuvers in one overall examination of the driver's performance level; and,
- ✓ continual reinforcement, throughout the training, of the practical application of the principles taught in the National Safety Council defensive drivers course and the Empire Safety Awareness/Accident prevention program.

ROUTE/SERVICE FAMILIARIZATION training is a critical step in the overall process. Conduct of this training will vary depending on the service to which the potential driver

will be assigned but will in no instance be less than the eight hour minimum reflected in the table above, or any higher requirements specified in the client contract to which the driver will be assigned.

7.0 ONGOING TRAINING

Empire considers continued training to be crucial in maintaining safe operations. Accordingly, ongoing training is provided to ensure drivers and other staff members are continually aware of fundamental safety practices, as well as operational changes.

7.1 REFRESHER TRAINING

Empire will conduct an ongoing schedule of refresher training courses. Normally, these are held once a month, schedules permitting, for a minimum period of one (1) hour. To maintain their position at Empire all employees holding a commercial driver's license or driving a non-CDL vehicle on a client contract will be required to attend four annual refresher training sessions. Drivers operating services requiring VTT (Verification of Transit Training) certification will be required to attend eight annual refresher classes. Every staff member is required to participate in the location safety program meetings.

7.2 RETRAINING

An employee who is involved in a Preventable Accident, as defined herein, if allowed to continue employment with Empire shall undergo retraining prior to operating any service vehicle. The subject(s) being re-taught shall be applicable to the nature of the accident, including related subjects. The STP Manager will determine the subject(s) to be taught and the timeframe required in order to ensure the driver is proficient in the area(s) where the failure occurred. Form G shall be used to document driver retraining.

A Preventable Accident is defined as follows: "Any accident that resulted when a driver failed to do everything reasonably possible to avoid it." In any accident, the STP Manager will investigate the circumstances and recommend a preventability determination for approval by a member of the Senior Management Team which is comprised of the President, Chief Operating Officer and Executive Vice President.

8.0 MAINTENANCE PERSONNEL

Maintenance personnel who will be required to operate vehicles on public roads shall be provided with driver training to include; Company Orientation and Policy; Defensive Driving; Hazardous Materials; Bloodborne Pathogens; Sexual Harassment; Body Mechanics; Emergency Procedures and; Drug and Alcohol. In addition these employees are required to have licensing as defined below.

8.1 MECHANICS

Any maintenance person who operates a vehicle, for parking or other purposes, on or off a public roadway, must have a license applicable to the vehicle he/she operates.

Said License shall include endorsement and respect all license restrictions, as prescribed by the Department of Motor Vehicles.

8.2 SERVICE WORKERS

Any service worker who operates a vehicle on a public roadway must have a license applicable to the vehicle he/she operates. A service worker who operates vehicles exclusively for the purpose of washing or parking, within a private facility only, must hold, at minimum, a valid and current Drivers License. Service workers shall be trained to safely operate any vehicle he/she may be required to move.

9.0 CUSTOMER SERVICE AND COMMUNICATIONS PERSONNEL

Empire Customer Service and Communications employees fall into two classifications; those whose responsibilities are safety-sensitive and those whose are not. Training for these employees is determined by classification.

9.1 SAFETY-SENSITIVE

Safety-sensitive employees include Dispatchers and Program Managers who are in a position to control or direct the movement of passenger transport vehicles. These employees are subject to DOT regulated Drug and Alcohol testing and, their positions require them to have a better understanding of operational safety requirements. In addition to standard customer service and phone etiquette training, safety-sensitive personnel shall be provided with driver training to include; Company Orientation and Policy; Hazardous Materials; Blood borne Pathogens; Empathy and People with Special Needs; Sexual Harassment; Body Mechanics; Emergency Procedures; Drug and Alcohol and; Radio Communications.

9.2 Non-Safety-Sensitive

Customer service representatives are not safety-sensitive, as they do not direct the movement of passenger transport vehicles. These employees shall be provided with customer service and phone etiquette training, in addition to policy orientation training, as applicable to the position.

10.0 SAFETY AND TRAINING RECORDS

Several forms will be used to document new and ongoing training of Empire employees. Training records required to meet CHP inspection requirements will be maintained at the project location. All other training records will be maintained in the employee personnel file. The STP Manager is responsible for the administration of the Safety and Training Program and holds ultimate responsibility for training record organization and accuracy. Therefore, the following original forms used in the process of training employees will be maintained by or forwarded to the STP Manager for review and distribution.

10.1 DRIVER TRAINEE PERFORMANCE EVALUATION (BTW Form)

This form is used to evaluate organize behind-the-wheel training instructions and provide a final evaluation of skills. This form is used for Drivers, as well as maintenance personnel whose positions include operating revenue service vehicles.

10.2 INDIVIDUAL TRAINING LOG

All Empire personnel shall have training applicable to their position documented on the Individual Training Log. The Log serves as the primary document to evidence any training received. The STP Manager will maintain this document.

11.0 SAFETY MANAGEMENT

11.1 RENEWAL DATABASE

The STP Manager will maintain a computer database that clearly identifies renewal dates, and other dates of significance (i.e., Driver Evaluations, etc.), for each Empire employee governed by this program. The database will be updated as required, and will be reviewed at least once per month for the purpose of planning for renewals. The STP Manager will communicate necessary renewals and other significant employee information with project managers each month.

11.2 SUPERVISION

Each Program Manager shall designate the employees responsible (which may include themselves) for ensuring safe vehicle operations, according to the program. Additional supervision may also be required as part of the local contract. The designated individuals will be responsible for completing ride checks in addition to handling project safety standards discussed in section 12 of this program.

11.3 RIDE CHECKS

Using Driver Evaluation form, each program shall perform an observed evaluation for each driver at least once a year. This evaluation allows for an objective critique of the drivers ability, as it relates to vehicle operations (i.e., the specifics of his/her job). The Driver Evaluation also may be used for unobserved ride checks, which should be carried out on a random basis to ensure safe vehicle operations in general.

12.0 SAFETY STANDARDS

The following standards have been established by Empire to ensure a common understanding of safe vehicle operation, and minimum criteria with regard to unsafe vehicle operations.

12.1 UNSAFE ACTS

Unsafe acts will be determined by the observing supervisor or lead driver and will be documented. The employee shall be issued a citation, advising them of the observed unsafe act. An employee who receives a citation may be subject to disciplinary action, up to and including termination.

DRIVER TRAINEE PERFORMANCE EVALUATION

Driver Trainee Name: _____ Project: _____

Date BTW Started: _____ Service Type: _____

EVALUATION PROCEDURE

This segment consists of a behind-the-wheel evaluation of driving ability and defensive driving skills. The Driver Trainee starts each day with a maximum score available. Points are deducted each time the student obtains a score of less than 4. The maximum score available may fluctuate, as certain areas may not apply to the training session. For that reason the score is formulated on a percentage basis. Scoring instructions are located on page 4 of this booklet.

MAXIMUM SCORE AVAILABLE

The MSA is based on an allotted total of 4 points for each item scored. Count the amount of items scored and multiply by 4. This number represents your MSA.

RATINGS

1 = Violation 2 = Below Standard 3 = Satisfactory 4 = Good
 Note: Violations ratings are only given in the event of a hazardous, unsafe or illegal maneuver. All violation ratings require explanation.

**System Security and Emergency
Preparedness Plan
(SSEPP)**

Glossary of Terms

- Emergency:** A situation which is life threatening to passengers, employees, or other interested citizens or which causes damage to any transit vehicle or facility or results in the significant theft of services and reduces the ability of the system to fulfill its mission.
- Fatality:** A transit-caused death that occurs within 30 days of the transit incident.
- Injury:** Any physical damage or harm to a person that requires immediate medical attention and hospitalization.
- Safety:** Freedom from danger.
- Security:** Freedom from intentional danger
- Security breach:** An unforeseen event or occurrence that endangers life or property and may result in the loss of services or system equipment.
- Security incident:** An unforeseen event or occurrence that does not necessarily result in death, injury, or significant property damage but may result in minor loss of revenue.
- Security threat:** Any source that may result in a security breach, such as vandal or disgruntled employee; or an activity, such as an assault, intrusion, fire, etc.
- System:** A composite of people (employees, passengers, others), property (facilities and equipment), environment (physical, social, institutional), and procedures (standard operating, emergency operating, and training) which are integrated to perform a specific operational function in a specific environment.
- System security:** The application of operating, technical, and management techniques and principles to the security aspects of a system throughout its life to reduce threats and vulnerabilities to the most practical level through the most effective use of available resources.
- System security management:** An element of management that defines the system security requirements and ensures the planning, implementation, and accomplishments of system security tasks and activities.

System security program:

The combined tasks and activities of system security management and system security analysis that enhance operational effectiveness by satisfying the security requirements in a timely and cost-effective manner through all phases of a system life cycle.

Threat:

Any real or potential condition that can cause injury or death to passengers or employees or damage to or loss of transit equipment, property, and/or facilities.

Threat analysis:

A systematic analysis of a system operation performed to identify threats and make recommendations for their elimination or mitigation during all revenue and non-revenue operation.

Threat probability:

The probability a threat will occur during the plan's life. Threat probability may be expressed in quantitative or qualitative terms. An example of a threat-probability ranking system is as follows: (a) frequent, (b) probable, (c) occasional, (d) remote, (e) improbable, and (f) impossible.

Threat resolution:

The analysis and subsequent action taken to reduce the risks associated with an identified threat to the lowest practical level.

Threat severity:

A qualitative measure of the worst possible consequences of a specific threat:

- ☛ **Category 1 - Catastrophic.** May cause death or loss of a significant component of the transit system, or significant financial loss.
- ☛ **Category 2 - Critical.** May cause severe injury, severe illness, major transit system damage, or major financial loss.
- ☛ **Category 3 - Marginal.** May cause minor injury or transit system damage, or financial loss.
- ☛ **Category 4 - Negligible.** Will not result in injury, system damage, or financial loss.

Unsafe condition or act:

Any condition or act that endangers life or property.

Vulnerability:

Characteristics of passengers, employees, vehicles, and/or facilities that increase the probability of a security breach.

Background

The terrible tragedy of September 11, combined with nation's continuing war on terrorism, has created a heightened threat environment for public transportation. In this new environment, the vulnerabilities of public agencies and the communities they serve to acts of terrorism and extreme violence have greatly increased. Threat assessments issued by the Federal Bureau of Investigation (FBI) have consistently placed public transportation at the top of the *critical infrastructure protection agenda*, along with airports, nuclear power plants, and major utility exchanges on the national power grid.

To establish the importance of security and emergency preparedness in all aspects of our organization, Empire Transportation, Inc. has developed this System Security and Emergency Preparedness (SSEP) Program Plan. This SSEP Program Plan outlines the process to be used by our company to assist our transit clients in making informed decisions that are appropriate for our operations, passengers, employees and communities regarding the development and implementation of a comprehensive security and emergency preparedness program.

As a result of this program, we hope to achieve not only an effective physical security program, but also to enhance our coordination with our transit agency clients and local and regional law enforcement agencies. Improved communication will increase their awareness of our resources and capabilities, and improve our readiness to support their efforts to manage community-wide emergencies.

In order to be effective, the activities documented in this SSEP Program Plan focus on establishing responsibilities for security and emergency preparedness, identifying our methodology for documenting and analyzing potential security and emergency preparedness issues, and developing the management system through which we can track monitor our progress in resolving these issues.

→ Goals

The SSEP Program provides our company with a security and emergency preparedness capability that will:

- ⇒ Ensure that security and emergency preparedness are addressed during all phases of system operation, including the hiring and training of personnel; the procurement and maintenance of equipment; the development policies, rules, and procedures; and coordination with local public safety and community emergency planning agencies
- ⇒ Promote analysis tools and methodologies to encourage safe system operation through the identification, evaluation and resolution of threats and vulnerabilities, and the on-going assessment of our capabilities and readiness

- ⇒ Create a culture that supports employee safety and security and safe system operation (during normal and emergency conditions) through motivated compliance with rules and procedures and the appropriate use and operation of equipment

→ Objectives

In this new environment, every threat cannot be identified and resolved, but we can take steps to be more aware, to better protect passengers, employees, facilities and equipment, and to stand ready to support community needs in response to a major event. To this end, our SSEP Program has five objectives:

- ⇒ Achieve a level of security performance and emergency readiness that meets or exceeds the operating experience of similarly sized companies around the nation.
- ⇒ Increase and strengthen community involvement and participation in the safety and security of our system.
- ⇒ Develop and implement a vulnerability assessment program, and based on the results of this program, establish a course of action for improving physical security measures and emergency response capabilities.
- ⇒ Expand our training program for employees, volunteers and contractors to address security awareness and emergency management issues.

Philosophy

Empire Transportation, Inc. hopes to ensure that, if confronted with a security event or major emergency, our personnel will respond effectively, using good judgment, ensuring due diligence, and building on best practices, identified in drills, training, rules and procedures.

This level of proficiency requires the establishment of formal mechanisms to be used by all personnel to identify security threats and vulnerabilities associated with our operations, and to develop controls to eliminate or minimize them. The SSEP Program also requires process for:

- ⇒ Coordinating with local law enforcement and other public safety agencies to manage response to an incident that occurs on a transit vehicle or affects transit operations, and
- ⇒ Identifying a process for integrating our resources and capabilities into the community response effort to support management of a major event affecting the community.

Empire management expects all employees, especially those working directly with passengers, to support the SSEP Program.

Division of Responsibilities

All Personnel

All Empire employees must understand and adopt their specific roles and responsibilities, as identified in the SSEP Program, thereby increasing their own personal safety and the safety of their passengers, during normal operations and in emergency conditions.

To ensure the success of the SSEP Program, all personnel must participate by:

- ⇒ Immediately reporting all suspicious activity, no matter how insignificant it may seem, to their immediate manager or dispatcher;
- ⇒ Immediately reporting all security incidents
- ⇒ Using proper judgment when managing disruptive passengers and potentially volatile situations
- ⇒ Participation in all security and emergency preparedness training, including drills and exercises
- ⇒ Becoming familiar with, and operating within, all security and emergency preparedness procedures for the assigned work activity
- ⇒ Accurately completing all appropriate reports.

Chief Operating Officer

After insuring coordination with our clients, the Chief Operating Officer (COO) has the overall authority to develop and execute the company's SSEP Program. Ultimate accountability for implementation of the SSEP Program rests with the COO. In addition, the COO is responsible for the following specific activities:

- ⇒ Ensuring that sufficient resources and attention are devoted to the SSEP Program, including:
 - Development of standard operating procedures related to employee security duties;
 - Development and enforcement of safety and security regulations;
 - Development emergency operating procedures to maximize transit system response effectiveness and minimizing system interruptions during emergencies and security incidents;
 - Provision of proper training and equipment to employees to allow an effective response to security incidents and emergencies.
- ⇒ Development of an effective notification and reporting system for security incidents and emergencies.
- ⇒ Designating a Point of Contact (POC) to manage the SSEP Program for each client agency.
- ⇒ Communicating security and emergency preparedness as top priorities to all employees.

- ⇒ Developing relations with outside organizations that contribute to the SEPP Program, including local public safety and emergency planning agencies.

SSEP Program Points of Contact (POC)

To ensure coordinated development and implementation of the SSEP Program, the COO has designated each Program Manager as the Security and Emergency Preparedness Point of Contact (POC) for development and implementation of the SSEP Program. Each POC, who reports directly to the COO for SSEP purposes, has been granted the authority to utilize resources to develop the SSEP Program and Plan, to monitor its implementation, and to ensure attainment of security and emergency preparedness goals and objectives.

The POC has the responsibility for overseeing the SEPP Program on a daily basis. The POC will be the direct liaison with their operators and dispatchers, regarding the Program. The POC will also serve as the Empire's primary contact with their client agencies and associated public safety authorities. To the extent that liaison is necessary with state and federal agencies, the COO will serve as the lead liaison for the company.

In managing this Program, the POC will:

- ⇒ Be responsible for successfully administering the SSEP Program and establishing, monitoring, and reporting on the system's security and emergency preparedness objectives.
- ⇒ Review current project safety, security and emergency policies, procedures, and plans, and identifying needed improvements.
- ⇒ Develop and implement plans for addressing identified improvements.
- ⇒ Coordinate with local public safety agencies, local community emergency planning agencies, and local human services agencies to address security and emergency preparedness; including participation in formal meetings and committees.
- ⇒ Develop, publish, and enforce reasonable procedures pertinent to agency activities for security and emergency preparedness.
- ⇒ Provide adequate driver training and continuing instruction for all employees (and volunteers and contractors) regarding security and emergency preparedness.
- ⇒ Ensure performance of at least one emergency exercise annually.

Supervisors

Supervisors are responsible for communicating the company's security policies to all employees. For this reason, supervisors must have full knowledge of all security rules and policies. Supervisors must communicate those policies to operations personnel in a manner that encourages them to incorporate SSEP practices into their everyday work. The specific responsibilities of supervisors include the following.

- ⇒ Having full knowledge of all standard and emergency operating procedures.
- ⇒ Ensuring that drivers make security and emergency preparedness a primary concern when on the job.
- ⇒ Cooperating fully with the SSEP Program regarding any accident investigations as well as listening and acting upon any security concerns raised by the drivers.
- ⇒ Immediately reporting security concerns to the POC.

In addition, when supporting response to an incident, supervisors are expected to:

- ⇒ Provide leadership and direction to employees during security incidents;
- ⇒ Handle minor non-threatening rule violations;
- ⇒ Defuse minor arguments;
- ⇒ Determine when to call for assistance;
- ⇒ Make decisions regarding the continuance of operations;
- ⇒ Respond to fare disputes and service complaints;
- ⇒ Respond to security related calls with police officers when required, rendering assistance with crowd control, victim/witness information gathering, and general on-scene assistance;
- ⇒ Complete necessary security related reports;
- ⇒ Take photographs of damage and injuries; and
- ⇒ Coordinate with all outside agencies at incident scenes.

Drivers

In addition to the general responsibilities identified for ALL PERSONNEL, drivers are responsible for exercising maximum care and good judgment in identifying and reporting suspicious activities, in managing security incidents, and in responding to emergencies. Each driver will:

- ⇒ Take charge of a security incident scene until the arrival of supervisory or emergency personnel;
- ⇒ Collect fares in accordance with company policy (if applicable);
- ⇒ Attempt to handle minor non-threatening rule violations;
- ⇒ Respond verbally to complaints;
- ⇒ Attempt to defuse minor arguments;
- ⇒ Determine when to call for assistance;
- ⇒ Maintain control of the vehicle;
- ⇒ Report all security incidents to company dispatch;
- ⇒ Complete all necessary security related reports; and

- ⇒ Support community emergency response activities as directed by company policies and procedures.

Other Personnel

Other personnel supporting our operations also have responsibilities for the SSEPP Program.

Dispatchers are expected to:

- ⇒ Receive calls for assistance
- ⇒ Dispatch supervisors and emergency response personnel
- ⇒ Coordinate with law enforcement and emergency medical service communications centers
- ⇒ Notify supervisory and management staff of serious incidents
- ⇒ Establish on-scene communication
- ⇒ Complete any required security related reports
- ⇒ Provide direction to on-scene personnel

Mechanics are expected to:

- ⇒ Report vandalism
- ⇒ Report threats and vulnerabilities of vehicle storage facilities
- ⇒ Provide priority response to safety and security critical items such as lighting
- ⇒ Maintain facility alarm systems

Threat and Vulnerability Identification

The primary method used by our operations to identify the threats to our transit systems and the vulnerabilities of the system is the collection of incident reports submitted by drivers and supervisors and information provided by local law enforcement and contractors.

Information resources include the following:

- Operator incident reports
- Risk management reports
- Bus maintenance reports
- Marketing surveys
- Passengers' letters and telephone calls
- Management's written concerns
- Staff meeting notes
- Statistical reports
- Special requests
- Type of incidents
 - Crimes against persons
 - Crimes against property
 - General incidents
- Disposition of incidents (same as disposition of call for service)

Security testing and inspections may be conducted to assess the vulnerability of the transit system. Testing and inspection includes the following three-phase approach:

- Equipment preparedness - to ensure that security equipment is operable and in the location where it belongs
- Employee proficiency - To ensure that employees know how and when to use security equipment
- System effectiveness - To evaluate security by employing security system exercises.

Evaluation

The SSEPP is a “living document” and needs to address issues associated with system security and emergency preparedness on a timely and proactive basis. It is incumbent upon all appropriate Empire personnel to constantly evaluate the effectiveness of the SSEPP as well as implementation. The SSEPP POC’s will work with their respective clients to ensure that the SSEPP is evaluated for effectiveness on at least an annual basis. The tools and checklists that follow will provide the basis for conduct of these regular evaluations.

Points of Emphasis

1. *Awareness* - Train all security and maintenance personnel to spot suspicious-looking or unfamiliar people or objects.
2. *Communication* - Teach employees and/or tenants the importance of awareness; encourage them to identify and report anything that appears out-of-the-ordinary.
3. *Screening* - Develop and implement systems for identifying and controlling visitor access to the building.
4. *Inspection* - Establish strict procedures for the control and inspection of packages and materials delivered to the building, particularly those intended for critical areas.
5. *Procedures* - Instruct all personnel, particularly telephone switchboard or reception personnel or Call Center personnel, on what to do if a bomb threat is received.
6. *Surveillance* - Instruct security and maintenance personnel to routinely check unattended public or open areas, such as rest rooms, stairways, parking garages and elevators.
7. *Lighting* - Make sure that all of the facility's access points are well-lit.
8. *Systems Awareness* - Unexpected interruptions in the building's fire or security systems may not be coincidental; train personnel to identify and address them immediately.
9. *Local Authorities* - Contact local government agencies to determine their procedures for dealing with bomb threats, search, removal and disposal.
10. *Contingency* - Assure adequate protection and off-site backup for classified documents, proprietary information, critical records and activities essential to the operation of your business.

System Security Considerations

- ☑ Security Plan established, which addresses all operations modes and contracted services
- ☑ System security responsibilities and duties established
- ☑ Personal safety awareness/education programs for passengers and employees and community outreach
- ☑ Security equipment regularly inspected, maintained and functionally tested; including personal equipment issued to security personnel
- ☑ Contingency SOPs developed; drills and table-top exercises conducted for extraordinary circumstances, including – terrorism (including chemical/ biological agents/ weapons of mass destruction); Riot / Domestic unrest; Catastrophic natural events; and System-wide communications failure
- ☑ Planning, coordination, training and mutual aid agreements with external agencies (state, local police, MTA, etc.)
- ☑ Security SOPs reviewed on a regular basis and updates made as needed to Security Plan
- ☑ Security equipment installed, inspected, and maintained to monitor trespass activities
- ☑ Data collection established for all security issues / incidents; analysis performed and recommendations made; document control established, including follow-up
- ☑ Security risk/vulnerability assessments conducted, documented and reviewed
- ☑ Contingency plans for loss of electrical power and radio or phone communications
- ☑ Standard Operating Procedures for critical incident command, control, and service continuation/ restoration
- ☑ Security training provided to all staff levels (from front-line "eyes and ears" concept to professional level security training)
- ☑ Background checks on employees and contractors (where applicable)
- ☑ Regular assessments of employee security proficiencies conducted
- ☑ Employees issued quick reference guidelines for security situations
- ☑ Emergency contacts list developed / current / and responsibilities for call-outs identified
- ☑ Visitor, deliveries and contractor facility access procedures developed / visible identification required
- ☑ Security checklists developed and regularly used for verifying status of physical infrastructure and security procedures
- ☑ Agency employees identifiable by visible identification and/or uniform
- ☑ Policy and procedures in place for facilities key control.

SUMMARY

As a transit service contractor, we have a supporting role in the development of an effective SSEPP. The primary responsibility is with our government agency clients. As a result our success will be mixed; some of our clients will ignore the threats which will make our efforts more difficult and less successful. Some of our clients will try to develop plans without our involvement which will make their success less likely. Some of our clients will embrace this effort and welcome your participation which will make the effort the most effective. Our job is to make the effort in every case.

Appendix B Bomb Threat Procedures

Bomb Threat Procedures

In recent years the use and threatened use of explosives in our society has increased at an alarming rate. Organizations must prepare a plan of action to respond effectively. This brief provides guidelines that will assist transit agencies in developing a procedure specific to their particular environment.

Steps to Be Considered

When faced with a bomb threat, the primary concern must always be the safety of passengers, employees, and emergency responders. Use of other disaster or emergency procedures do not address all the issues raised by a bomb threat.

For example, in the instance of a fire, effort is directed at evacuating the occupants in a quick and orderly manner. In the case of a bomb threat, if evacuation is initiated, the exit routes and assembly areas should be searched prior to vacating the premises. The potential hazard remains when a building is evacuated before a search has been made. Personnel cannot safely reoccupy the building and resume normal activities until a search has been conducted. Such problems require a procedure with the following steps:

- Step 1: Threat Reception
- Step 2: Threat Evaluation
- Step 3: Search Procedure
- Step 4: Locating Unidentified Suspicious Objects
- Step 5: Evacuation Procedure
- Step 6: Re-occupation of Building
- Step 7: Training of Essential Personnel

Step 1: Threat Reception

Telephone Threats (threat to detonate explosive is phoned into system)

- Caller is the person who placed the device
- Caller has knowledge of who placed the device
- Caller wants to disrupt system operation

Written Threats (threat to detonate explosive is written into system)

- May be more serious than phoned-in threats
- Written threats are generally more difficult to trace than phoned-in threats

Letter and Package Threats (suspicious package or letter is delivered to agency)

- These threats serve a variety of purposes, but, generally, they are directed at specific system personnel rather than at the system as a whole.

The personal motivations of the criminal may be more important in these types of threats

Bomb threats are normally transmitted by phone. The person receiving the call should be prepared to obtain precise information, which is included on the Bomb Threat Checklist which should be available to all personnel whose regular job is phone intake.

The caller may provide specific information by answering these questions. Often the type of person making a threat of this nature becomes so involved that they will answer questions impulsively. Any additional information obtained will be helpful to police and explosive technicians.

Step 2: Threat Evaluation

Two basic descriptions of threats can be identified:

Non-specific threat: This is the most common type of threat, usually with little information given other than, "There is a bomb in your building."

Specific threat: This threat is given in more detail. Reference is often made to the exact location of the device, or the time it will detonate.

Specific threats should be considered more serious in nature, requiring a more concerted effort in the response. The non-specific threat, however, cannot be ignored. A policy must be developed to respond effectively to both threat levels.

Certain actions should be taken regardless of the threat category:

Notify law enforcement (whether internal transit police and/or security or local law enforcement)

Notify management personnel

Initiate the search procedure

Search before evacuation of personnel (employee search)

Search after evacuation of personnel (volunteer search)

Notification to internal and/or external law enforcement, security and management personnel should be prompt, and include as much detail as possible. The person who received the threatening call should be available immediately for interviewing. Copies of the completed threat checklist should be readily available to all who may need it.

The appropriate search procedure should be initiated. Searches in the transit environment – as in many other environments – have two major constraints:

Radio communication cannot be used (it may detonate the device)

The environment is specialized, therefore, it cannot be searched effectively by outsiders

To address these concerns, personnel who work in a particular area, or who are responsible for an area, should be used. Not only will these personnel provide a much more thorough search than outside responders, but they are knowledgeable concerning station or facility emergency communication systems, and can access "land line" telephones to manage communications more

effectively during the search. A system that utilizes the employees – after evacuations have been ordered – should always and only use volunteers.

The following criteria help determine what immediate action to take:

Factors favoring a search before the movement of personnel (occupant search):

- There is a high incidence of hoax telephone threats
- Effective security arrangements have been established
- Information in the warning is imprecise or incorrect
- The caller sounded intoxicated, amused, or very young
- The prevailing threat of terrorist activity is low

Factors favoring movement of personnel before searching (volunteer search):

- The area is comparatively open
- Information in the warning is precise as to the matters of location, a description of the device, the timing, and the motive for the attack
- A prevailing threat of terrorist activity is high

Step 3: Search Procedure

Pre-planning and coordination of employees are essential in implementing an effective search of transit premises, particularly for large stations and facilities. A printed facility schematic should be identified for each major transit facility. Wherever possible, the facility should be divided into zones or sections (prior to the actual conduct of the search), and volunteer personnel – familiar with the zone or section – identified to support the search, by shift or position. Back-ups and supporting volunteers should also be identified for each zone or segment. The facility schematics should be available to those responsible for managing bomb threats and searches. Not only will these schematics support identification and assembly of the volunteer search team, but also, as the search is conducted, each area can be “crossed off” the plan as it is searched.

Areas that are accessible to the public require special attention during a search, and may be vitally important if an evacuation is to be conducted. The level of the search should be in a level that relates to the perceived threat level:

An occupant search is used when the threat's credibility is low. Occupants search their own areas. The search is completed quickly because occupants know their area and are most likely to notice anything unusual.

The volunteer team search is used when the threat's credibility is high. The search is very thorough and places the minimum number of personnel at risk. Evacuate the area completely, and ensure that it remains evacuated until the search is complete. Search teams will make a slow, thorough, systematic search of the area.

During the search procedure the question often arises, "What am I looking for?" The basic rule is: Look for something that does not belong, or is out of the ordinary, or out of place. Conduct the search quickly, yet thoroughly, keeping the search time to a maximum of 15 to 20 minutes. Both the interior and exterior of the facility should be searched.

Historically, the following areas have been used to conceal explosive or hoax devices in the transit environment:

Outside Facility Areas	Inside Facility
Trash cans Dumpsters Mailboxes Bushes Street drainage systems Storage areas Parked cars Shrubbery Newspaper Stands	Ceilings with removable panels Overhead nooks Areas behind artwork, sculptures and benches Recently repaired/patched segments of walls, floors, or ceilings Elevator shafts Restrooms Behind access doors In crawl spaces Behind electrical fixtures In storage areas and utility rooms Trash receptacles Mail rooms Fire hose racks

Depending on the nature of the threat, searches may expand to include transit vehicles. In extremely rare instances, dispatchers have instructed operators on certain bus routes to immediately bring their vehicles to a safe location, unload passengers, and walk-through the vehicle – looking for unidentified packages. In other instances, evacuated vehicles have been met by law enforcement officers, who actually conduct the search, including the vehicle undercarriage and rooftop areas.

Step 4: Locating an Unidentified Suspicious Package

If an unidentified or suspicious object is found, all personnel should be instructed (1) to leave the object in place DO NOT MOVE IT and (2) to report it to central dispatch or the search team leader immediately. The following information is essential:

- Location of the object
- Reason(s) suspected
- Description of the object
- Any other useful information – how difficult to secure area, evacuate, nearest emergency exits, etc.

Based on this information, decisions will be made regarding the following:

- Removal of persons at risk
- Establishment of perimeter control of the area to ensure that no one approaches or attempts to move the object
- Activities to establish ownership of the object. (In the event that legitimate property has been left behind in error prior to the bomb threat being received.)

Assignment of someone familiar with the building and the area where the object is located to meet the police/bomb team/fire fighter personnel on their arrival (in the event that they have been called)

Continue implementation of search procedure until all areas have reported to the central control, as there may be more than one unidentified object

While volunteers and public safety personnel are conducting the search, and particularly while they are managing response to a suspicious package, they should keep in mind the following information:

Improvised Explosive Devices (IEDs) and other types of bombs inflict casualties in a variety of ways, including the following:

Blast over pressure (a crushing action on vital components of the body; eardrums are the most vulnerable).

Falling structural material.

Flying debris (especially glass).

Asphyxiation (lack of oxygen).

Sudden body translation against rigid barriers or objects (being picked up and thrown by a pressure wave).

Bomb fragments.

Burns from incendiary devices or fires resulting from blast damage.

Inhalation of toxic fumes resulting from fires.

The following are four general rules to follow to avoid injury from an IED:

Move as far from a suspicious object as possible without being in further danger from other hazards such as traffic or secondary sources of explosion

Stay out of the object's line-of-sight, thereby reducing the hazard of injury because of direct fragmentation

Keep away from glass windows and materials that could become flying debris

Remain alert for additional or secondary explosive devices in the immediate area, especially if the existence of a bomb-threat evacuation assembly area has been highly publicized

Step 5: Evacuation Procedure

If an unidentified object is found, a quiet and systematic evacuation from the area should be conducted. Prior to evacuation, all areas used in the evacuation route must be searched: stairwells, corridors, elevators, and doorways. When these areas have been checked, volunteer personnel should be assigned to direct other personnel along the searched exit routes.

As a general guideline, evacuation should be to a minimum distance of 300 feet in all directions from the suspicious package, including the area above and below the site, giving regard to the type of building construction (thin walls, glass) and the size of the suspicious package. Elevators should not be used to evacuate people under normal circumstances. A power failure could leave them trapped in a hazardous area. Attention should be paid to the need for special transportation requirements of persons with disabilities.

The essential task in evacuation procedures is to direct people to quietly leave the premises, using tact and power of suggestion, in an effort to maintain control and avoid panic. Once a complete or partial evacuation has taken place, there must be some form of accounting for all personnel. This may be a difficult task, but a necessary one to ensure the safety of all personnel.

Assembly areas should be pre-selected and well known to personnel. Establish a clearly defined procedure for controlling, marshalling, and checking personnel within the assembly area. If possible, for major transit stations, assembly areas should be coordinated with local police in advance. Assembly areas are selected using the following criteria:

- Locate assembly areas at least 300 feet from the likely target or building (if possible).
- Locate assembly areas in areas where there is little chance of an IED being hidden. Open spaces are best. Avoid parking areas because IEDs can be easily hidden in vehicles.
- Select alternate assembly areas to reduce the likelihood of ambush with a second device or small-arms fire. If possible, search the assembly area before personnel occupy the space.
- Avoid locating assembly areas near expanses of plate glass or windows. Blast effects can cause windows to be sucked outward rather than blown inward.
- Select multiple assembly areas (if possible) to reduce the concentration of key personnel. Drill and exercise personnel to go to different assembly areas to avoid developing an evacuation and emergency pattern that can be used by perpetrators to attack identifiable key personnel.

Step 6: Re-Occupation of Station/Facility

Re-occupation of the building is a decision that must be made by an appropriate management or law enforcement official. If the evacuation was made without a search, the premises should be searched before re-occupation.

Step 7: Training

Any effective threat procedure must be accompanied with an adequate training program. Training the essential personnel should encompass both the preventative and operational aspects of the procedure. Prevention can be accomplished through employee awareness, developing good housekeeping habits, and being on the alert for suspicious items and persons.

Operational training may include lectures by transit police and security instructional staff or guest speakers, in-service training classes, and practical training exercises. Evacuation and search drills should be performed periodically under the supervision of transit police or local law enforcement. Coordination with local law enforcement is particularly important for those small agencies with no internal security.

Conclusion

Considering recent events, it is advisable to consider all threats serious. A well-prepared and rehearsed plan will ensure an effective, quick search with minimal disruption of normal operation. Panic and possible tragedy can be avoided. Appropriate security, heightened employee and passenger awareness, and good housekeeping controls will identify many potential problems.

Bomb Threats

By Phone – If you receive a bomb threat by phone you should

- Stay Calm
- Activate phone recording if available
- Listen carefully, take notes of exact words
- Keep the caller talking

Get as much of the following information as possible. It is likely the caller will not give the specifics, but engaging in conversation with the person may cause the caller to reveal things. If possible signal a supervisor, write a note or have a hand signal that will be recognized, in the office to call the police while you're on the line and notify them of what is occurring.

Also listen carefully and take note of any of the following: You are looking for hints about who the person is, where they were when they made the call. If you see caller id write that down immediately.

By Mail –

- Place all papers and envelopes with the threat in a bag or large envelope (clear plastic preferable). Pick it up at the edge.
- Do not handle the letter or envelope unnecessarily. It may contain fingerprints that can be used for evidence. And do not allow anyone else to touch unless senior management authorizes it.
- Preserve the document for the police and fire departments.

After the threat has been received. (By phone or mail)

- Contact the emergency response units. (911)
- Notify the senior manager on site.

The senior manager will determine if the building should be evacuated, and take control of management of the situation.

Do not share everything with everyone. Go immediately to the supervisor or project manager to give them the information. Do not share it with the coworkers around you as you may cause unnecessary panic.

Appendix C Reporting Criminal Activity

If you observe a crime in progress or behavior that you suspect is criminal, immediately notify dispatch, if you are driving a vehicle, or your supervisor, if you are at a facility. If directed by dispatch or the supervisor, contact local police. Report as much information as possible including:

Activity: What is happening? (Use plain language. Avoid assumptions. Stay with facts.)

Description of Involved People: For each involved person, provide:

- Height
- Weight
- Gender
- Clothing
- Weapons
- Distinguishing characteristics

Location: Describe exactly where the criminal activity is occurring. If the activity is "moving," describe the direction of travel.

Vehicle: If a vehicle is involved, please provide the following:

- Color
- Year
- Make
- Model
- License

DO NOT APPROACH OR ATTEMPT TO APPREHEND THE PERSON(S) INVOLVED.

Stay on the telephone with the police dispatcher and provide additional information as changes in the situation occur, until the first police officer arrives at your location.

Document to be used in training of drivers, dispatch personnel.

Re: Proposal – Whittier Dial-A-Ride - (BRC0000274)

Dear Mr. Fong:

Thank you for the opportunity to present a proposal for the Whittier Dial-A-Ride Service. We have successfully provided shuttle services the Department of Public Works for the unincorporated area in Whittier since 2014. We have established rewarding professional relationships with the Department of Public Works, County of Los Angeles, AltaMed and the City of Bellflower, among other customers, by providing the best service with emphasis in quality of care and efficiency.

We understand this procurement process is price driven. As you will see, we are providing a competitive price that will allow us to continue to provide safe, customer service oriented, ADA compliant and transparent services to DPW, County of Los Angeles. The required Living Wage Ordinance (LWO) rates were calculated by using historical CPI data. The current LWO rate of \$17.14 was used as the base, and CPI was applied to each year of the term of the contract. We acknowledge the importance of compliance with the LWO.

We feel that we are the best company to continue to provide this service based on our proven experience, currently established operational infrastructure, facility, and management structure. It has been an honor providing these services to the LA DPW since 2014, and we hope to continue our working relationship for many years to come.

As Co-owner, President, and Chief Operating Officer, I am authorized to submit this proposal and to represent the Company throughout the process. We have made a thorough analysis of Addendum #1, as well as the included specifications, and have taken no exception to those requirements in our proposal. We look forward to working with DPW staff as the selection process continues.

Sincerely,

Bertha Aguirre
President & Chief Operating Officer

PROPOSER/CONTRACTOR CERTIFICATION

The Los Angeles County Board of Supervisors approved a Fair Chance Employment Policy in an effort to remove job barriers for individuals with criminal records. The policy requires businesses that contract with the County to comply with fair chance employment hiring practices set forth in California Government Code Section 12952, Employment Discrimination: Conviction History (California Government Code Section 12952), effective January 1, 2018.

Proposer/Contractor acknowledges and certifies compliance with fair chance employment hiring practices set forth in California Government Code Section 12952, as indicated in Section 8.56 (Compliance with Fair Chance Employment Practices) of the Contract, and agrees that proposer/contractor and staff performing work under the Contract will be in compliance. Proposer/Contractor further acknowledges that noncompliance with fair chance employment practices set forth in California Government Code Section 12952 may result in rejection of any proposal, or termination of any resultant Contract, at the sole judgment of the County.

I declare under penalty of perjury under the laws of the State of California that the information herein is true and correct and that I am authorized to represent this company.

 ** Living wage rate shall be at the wage rate as set forth in Form LW-1, Los Angeles County Code Chapter 2.201 - Living Wage Program. Hourly rates that are not in compliance may subject your proposal to rejection.
 Note: This cost methodology is to show, in detail, how the Bidder arrived at the proposed contract price. This methodology is to reflect employee classifications to be used (e.g., landscape maintenance laborer, working supervisor, etc.); hours to be worked daily, weekly, and annually by each classification; hourly and annual wages to be paid to each classification; estimated annual payroll taxes; estimated annual allowances for vacation, sick, holiday, health and welfare, and pension. Bidder's costs for insurance, supplies, equipment, overhead, and any other miscellaneous costs are to be shown as requested. These costs, plus the gross labor costs and projected profit, must match the total to the Bidder's annual price as quoted in Form PW-2, Schedule of Prices. When there is a discrepancy between the price quoted in Form PW-2, Schedule of Prices, and this cost methodology, Form LW-8, the correctly calculated price indicated in Form PW-2, Schedule of Prices, shall prevail.

The above information was compiled from records that are available to me at this time and I declare under penalty of perjury that the information is true and accurate within the requirements of the Bid.

Bid Detail Information

Bid Number : PW-AED965

Bid Title : RFSQ for Fixed Route and Dial-A-Ride Transit Services (2016-SQPA001)

Bid Type : Service

Department : Public Works

Commodity : BUS - TRANSIT (COACH-MINI) CONVENTIONAL

Open Date : 5/2/2016

Closing Date : Continuous

Bid Amount : \$ 0

Bid Download : Not Available

Bid Description : PLEASE TAKE NOTICE that Public Works requests Statement of Qualifications (SOQ) for Fixed Route and Dial-A-Ride Transit Services (2016-SQPA001). The purpose of this solicitation is to establish a qualified list of contractors that can perform work when Public Works anticipates the need for fixed route and Dial-A-Ride transit services. The Request for Statement of Qualifications (RFSQ) with contract specifications, forms, and instructions for preparing and submitting proposals may be accessed at <http://dpw.lacounty.gov/aed/contracts> or may be requested from Mr. Eric Fong at (626) 458 4077 or erfong@dpw.lacounty.gov, Monday through Thursday, 7 a.m. to 5 p.m.

PLEASE CHECK THE WEBSITE FREQUENTLY FOR ANY CHANGES TO THIS SOLICITATION. ALL ADDENDA AND INFORMATIONAL UPDATES WILL BE POSTED AT <http://dpw.lacounty.gov/cbad/servicecontracts>.

Minimum Requirements: Proposers must meet all minimum requirements set forth in the RFSQ document including, but not limited to:

No Subcontractors will be allowed to fulfill any of the following Minimum Requirements.

1. Proposer must have a minimum of three years of experience providing the same or similar fixed route or paratransit services for governmental or social service agency(ies). Please use Form PW-19, Proposer's Compliance with the Minimum Requirements of the RFSQ.
2. Proposer must provide copies of all "Satisfactory" California Highway Patrol Safety Compliance Inspections or passed all reinspections of the Proposer's maintenance facilities or terminals to be used for the proposed contract for the prior three 13-month inspections (California Vehicle Code 34501[c]). If the proposer has not performed services in California, the proposer must provide copies of a similar vehicle, maintenance facilities or terminals inspection for the prior three years by a governmental agency. Please use Form PW-19, Proposer's Compliance with the Minimum Requirements of the RFSQ.

Once the need to utilize the contractors' services is identified, Public Works will send out an Invitation for Bids to all contractors in the qualified list with a specific work description, price sheets, and additional requirements for the bids to be considered responsive and responsible. Some of the requirements may include, but are not limited to, additional licenses/certificates, and/or additional experience and equipment requirements.

A Proposers' Conference will be held on Tuesday, May 17, 2016, at 9 a.m. at Public Works Headquarters, 900 South Fremont Avenue, Alhambra, California 91803, in Conference Room A. ATTENDANCE BY THE PROPOSER OR AN AUTHORIZED REPRESENTATIVE AT THE CONFERENCE IS MANDATORY. Public Works will reject proposals from those whose attendance at the conference cannot be verified. Attendees should be prepared to ask questions at that time about the specifications, proposal requirements, and contract terms. After the conference, Proposers must submit questions in writing and request information for this solicitation within three business days from the date of the conference.

This solicitation will remain open continuously at the discretion of the County. The RFSQ Proposers' Mandatory Conference may be offered annually or as needed depending on the needs of the County.

This RFSQ process may take several weeks to process before a Qualified Contractors list is generated. Therefore, it is imperative that Proposers return all SOQ material no later than Tuesday May 31, 2016, at 5:30 p.m.

Proposers who attended the Proposers' Mandatory Conference but miss the above deadline may not submit Statement of Qualifications until January 2, 2017. No SOQ will be accepted without verification of the proposer attending the Mandatory Conference as stated above. SOQ's received after this date will be reviewed in the order they are submitted to Public Works based on the time indicated by the Public Works cashier's office time stamp.
