9. Instruct the Acting Director of Public Works to post adequate signs along the affected streets to reasonably apprise the public as to the nature and extent of the prohibitions.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Public Works proposes to schedule street sweeping to occur within the 2 days following trash collection in the following unincorporated County areas:

- The Florence-Firestone areas are generally bounded to the north by Slauson Avenue, to the east by Wilmington Avenue and Alameda Street, to the south by 103rd Street and 92nd Street, and to the west by Central Avenue.

- The Rancho Dominguez area is generally bounded to the north by Victoria Street, Apra Street and the Gardena (91) Freeway, to the east by Susana Road and the Long Beach (710) Freeway, to the south by Del Amo Boulevard, and to the west by Wilmington Avenue.

- The East Rancho Dominguez area is generally bounded to the north by McMillan Street, to the east by the Long Beach (710) Freeway, to the south by Alondra Boulevard and Greenleaf Boulevard, and to the west by Long Beach Boulevard, Butler Avenue, Harris Avenue, and Thorson Avenue.

- The Willowbrook area is generally bounded to the north by Imperial Highway and 108th Street, to the east by Alameda Street and Mona Boulevard, to the south by Oris Avenue and El Segundo Boulevard, and to the west by Central Avenue.

The rescission of existing street sweeping regulations is necessary in order to implement the revised street sweeping schedule.

Implementation of Strategic Plan Goals

These recommendations are consistent with the County Strategic Plan Goals of Service Excellence and Organizational Effectiveness as implementation will accommodate the residents' requests and optimize the effectiveness of our street sweeping operations in conjunction with trash collection.

FISCAL IMPACT/FINANCING

Sufficient funds are included in the Road Fund Budget to cover the minor costs of removing and installing the necessary signs. Financing is not required.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The California Vehicle Code authorizes your Board to implement these traffic regulations which are required prior to enforcement by the Sheriff's Department.

ENVIRONMENTAL DOCUMENTATION

The establishment of these regulations, including the installation of related traffic control devices required to notify the motoring public, is categorically exempt under Class I-(x)7 of the Environmental Guidelines approved by your Board.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Not applicable.

CONCLUSION

At such time as these recommendations may be approved, please return one copy of this letter to Public Works.

Respectfully submitted,

DONALD L. WOLFE
Acting Director of Public Works
