The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

APPLICATION FOR CALIFORNIA HEALTHCARE FOR INDIGENTS PROGRAM (CHIP) FUNDING FOR FISCAL YEAR 2005-06 (All Districts) (3 Votes)

IT IS RECOMMENDED THAT YOUR BOARD:

1. Approve and direct the Chair of the Board to sign the attached Application for CHIP Funding for Fiscal Year 2005-06 for the County of Los Angeles.

2. Delegate authority to the Director and Chief Medical Officer of Health Services to approve and sign the following CHIP reports and documents for FY 2005-06:

   - Description of Proposed Expenditure Report
   - CHIP Standard Agreement
   - Amendments to the above CHIP reports or documents, and all other necessary documentation to finalize the application and agreement

PURPOSE OF RECOMMENDED ACTION:

In approving these actions, the Board is 1) approving the County of Los Angeles' Application for CHIP Funding for Fiscal Year 2005-06, and 2) delegating authority to the Director and Chief Medical Officer of Health Services to approve and sign all remaining CHIP reports and documents for the Fiscal Year 2005-06 program. The

delegated authority includes approval of all necessary documentation to process and finalize the application, agreement and amendments to the CHIP reports or documents, provided the amendments do not cause any significant fiscal impact to the County, and will not significantly impact the County's compliance with the CHIP financial Maintenance of Effort requirements.

JUSTIFICATION:

Execution of the CHIP Application is required by Welfare and Institutions Code, Section 16940 et seq., under which each county must apply for CHIP funds and ensure compliance with the provisions of the CHIP program. Monthly payments of the County's CHIP allocation will begin once the State receives and approves the CHIP Application. Execution of the CHIP Application and timely submission and approval of State required reports authorize the State to begin disbursing Fiscal Year 2005-06 CHIP payments to the County of Los Angeles.

FISCAL IMPACT:

Although the Fiscal Year 2005-06 official CHIP Distribution schedule has not yet been issued by the State, Los Angeles County anticipates receiving a total of approximately $21.5 million including $16.3 million for the Department of Health Services and $5.2 million in private hospitals and physicians. Adjustments to these amounts may occur once the State finalizes the CHIP allocation in accordance with the final State budget.

FINANCING:

The anticipated CHIP revenue has been included in the Fiscal Year 2005-06 Board Adopted Budget for DHS.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS:

On October 2, 1989, AB 75 was enacted to implement the distribution of Proposition 99 Tobacco Tax revenues from the collection of increased taxes on tobacco products. AB 75 established CHIP, a program which appropriates and allocates Tobacco Tax funds to counties based primarily on each county's share of the financial burden of providing health services to those unable to pay.

Counties participating in CHIP are required to follow the CHIP Application procedures, funding conditions, reporting requirements, and time frames established by the California Department of Health Services as a condition of receiving CHIP funds.

County Counsel and the Chief Administrative Office have reviewed and approved the attached Application for CHIP Funding for Fiscal Year 2005-06 and will be requested to review and approve all subsequent CHIP documents.

This Department requires original signatures of the Board Chair on each of the two attached CHIP Applications, and a Board Adopted copy of this Board letter delegating authority to the Director and Chief Medical Officer of Health Services to approve and sign all remaining CHIP reports and documents for Fiscal Year 2005-06.

CONTRACTING PROCESS:

Not applicable.

IMPACT ON CURRENT SERVICES:

The County Hospital Services Funds will be used to provide comprehensive acute care to indigent patients such health care services as emergency services, obstetrics/gynecology, pediatrics, surgery, internal medicine, intensive care, and a complete range of diagnostic services. In addition, CHIP funds allocated to private hospitals and physicians will ensure continued access for indigent patients in the private sector.

Respectfully submitted,

Thomas L. Garthwaite, M.D.
Director and Chief Medical Officer

(b) The County will require physicians who receive funds specified in subparagraph (a) to stop any current, and waive any future, collection efforts to obtain reimbursement from the patient, upon receipt of funds from the County. The contracts may provide for partial or full reimbursement for physician services provided to patients who cannot afford to pay for those services, and for whom payment will not be made through any private coverage or by any program funded in whole or in part by the federal government.
