Dear Supervisors:

MAINTENANCE AND REPAIR SERVICES AGREEMENT WITH PHILIPS MEDICAL SYSTEMS, INC.
(All Districts) (3 Votes)

IT IS RECOMMENDED THAT YOUR BOARD:

Execute a replacement Agreement with Philips Medical Systems, Inc., Exhibit I, for the continued provision of maintenance and repair services of medical equipment located at various Department of Health Services' facilities identified on Attachment A, effective retroactive to July 1, 2005 through June 30, 2010, with a Fiscal Year (FY) 2005-06 maximum obligation of $4,018,451 and total five-year maximum obligation of $20,092,255, net County cost, and to increase the total maximum obligation, by no more than 10% above the Fiscal Year 2005-06 maximum obligation for unanticipated maintenance and repair services, and to increase the total maximum obligation, by no more than 10% above the Fiscal Year 2005-06 maximum obligation for additional equipment coming off warranty, for a potential annual increase of $803,690, and total five-year potential increase of $4,018,450.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION:

On June 21, 2005, the Board approved an Agreement with Philips Medical Systems, Inc. (Philips) and other Original Equipment Manufacturers (OEMs) effective July 1, 2005 through June 30, 2010. The Department of Health Services (DHS or Department) did not anticipate that Philips would not sign the replacement Agreement since it was substantially similar to the language included in their

three previously separate Agreements. Following Board approval, the Department was informed that new legal counsel for Philips identified major concerns with the Agreement and advised Philips not to execute the previously Board-approved Agreement.

Implementation of Strategic Plan Goals

The action meets the County's Strategic Plan Goals of Service Excellence and Organizational Effectiveness by promoting best practices in maintaining patient care equipment and providing flexibility to ensure that all the equipment is maintained to industry, licensing, and certification standards.

FISCAL IMPACT/FINANCING:

The annual maximum obligation for the Agreement with Philips for the period July 1, 2005 through June 30, 2010 is $4,018,451, with a five year total of $20,092,255, net County cost. Under the Director's delegated authority, the maximum obligation of this Agreement may be increased by a total of $803,690 per fiscal year, or 20% of the total maximum obligation for Fiscal Year (FY) 2005-06.

Funding has been included in the FY 2005-06 Final Budget and will be requested in future fiscal years.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS:

The medical equipment covered under the Agreement with Philips was originally acquired through purchase orders issued by the Internal Services Department or by lease/purchase agreements administered by the Los Angeles County Capital Asset Leasing Corporation (LAC-CAL). When the warranty or purchase order agreement expires, the continued provision of maintenance and repair services is required to be covered under a Board-approved Agreement.

The Department procures the continued maintenance and repair services from the OEMs, whenever possible, to ensure that covered equipment performs in accordance with the manufacturer's specifications and complies with all accrediting and licensing agencies' requirements, including the Joint Commission on the Accreditation of Healthcare Organizations (JCAHO). Other advantages include guaranteed response times, sufficient number of trained contractor staff to serve all DHS facilities, and availability of replacement parts and components.

On June 30, 1998, the Board approved Agreement No. H-209795 with Picker International, Inc. (later assigned and delegated to Philips) and Agreement No. H-209796 with Philips. On June 29, 1999, the Board approved Agreement No. H-210679 with Advanced Technologies Lab, Inc. (also later assigned and delegated to Philips). On subsequent occasions, these Agreements were extended through June 30, 2005.

On June 21, 2005, the Board approved an Agreement with Philips and other OEMs effective July 1, 2005 through June 30, 2010, with an annual maximum obligation of $3,564,647. Philips had agreed to the Department's proposal to combine and replace their three expiring agreements with one Agreement to provide administrative, programmatic, and cost efficiencies for both parties. Following Board approval of County's standard equipment maintenance contract, Philips' legal department required several changes, including significant changes to the liability provisions.

The most significant change in the newly negotiated Agreement is that Philips' indemnification of County for breach of contract provisions, such as HIPAA, is limited to the annual maximum obligation of the Agreement. (In the standard County contract there is no limit for breach of contract provisions.) However, Philips' indemnification of County is not limited with respect to third-party claims for bodily injury or property damage.

During the renegotiation process, the Department required critical maintenance services on various Philips' medical equipment at the facilities including equipment that had come off warranty or lease. In anticipation that an agreement with Philips would be reached, JCAHO-required preventive maintenance and repair services were provided.

The Agreement includes the latest Board-mandated language, and may be terminated for convenience by County upon 30 days advance written notice to Contractor. Additionally, County must provide Philips with a 30 day notice of its intent to terminate Agreement for default and must provide a 15 day notice of its intent to terminate for improper consideration.

The Department has determined that this is not a Proposition A Agreement because the services are provided on a part-time or intermittent basis, and therefore, provisions of the County's Living Wage Program do not apply.

County Counsel and Chief Administrative Office Risk Management has approved Exhibit I as to form.

Attachments A and B provide additional information.

CONTRACTING PROCESS:

This equipment was purchased from Philips and warranties were obtained. When the warranty expires, the Department must obtain maintenance services from the manufacturer's authorized service representative. OEMs ensure that the equipment, which often uses proprietary technology, performs in accordance with the specification and complies with all accrediting and licensing agencies' requirements, including JCAHO.

IMPACT ON CURRENT SERVICES (OR PROJECTS):

Approval of this action will allow DHS to ensure necessary equipment repair and maintenance services are provided without interruption at County health facilities.

When approved, this Department requires three signed copies of the Board's action.

Respectfully submitted,

Thomas L. Garthwaite, M.D.
Director and Chief Medical Officer

Notwithstanding the foregoing, the parties acknowledge that in the course of the provision of services hereunder, Contractor or its officers, employees, and agents, may have inadvertent access to patient medical records. Contractor understands and agrees that neither it nor its officers, employees, or agents, are to take advantage of such access for any purpose whatsoever. Additionally, in the event of such inadvertent access, Contractor and its officers, employees, and agents, shall maintain the confidentiality of any information obtained and shall notify Director that such access has been gained immediately, or upon the first reasonable opportunity to do so.

In the event of any access, whether inadvertent or intentional, Contractor shall indemnify, defend, and hold harmless County, its officers, employees, and agents, from and

against any and all liability, including but not limited to, actions, claims, costs, demands, expenses, and fees (including attorney and expert witness fees) arising from or connected with Contractor's or its officers', employees', or agents', access to patient medical records. Contractor agrees to provide appropriate training to its employees regarding their obligations as described hereinabove.

13. STANDARD PROVISIONS: Attached hereto and incorporated herein by reference, is a document labeled Standard Provisions, of which the terms and conditions therein contained are part of this Agreement.

14. CONSTRUCTION: To the extent there are any rights, duties, obligations, or responsibilities enumerated in the recitals or otherwise in this Agreement, they shall be deemed a part of the operative provisions of this Agreement and are fully binding upon the parties.

15. CONFLICT OF TERMS: To the extent that there exists any conflict or inconsistency between the language of this Agreement, including its Standard Provisions, and that of any Exhibit(s), Attachment(s), and any other documents incorporated herein by reference, the language found within this Agreement shall govern and prevail.

16. ALTERATION OF TERMS: The body of this Agreement, including its Standard Provisions, Exhibit(s), Schedule (s)and any Attachment(s) attached hereto, fully expresses all

2. FORM OF BUSINESS ORGANIZATION AND FISCAL DISCLOSURE:

A. Form of Business Organization: Contractor shall prepare and submit to Director upon request, an affidavit, sworn to and executed by Contractor's duly constituted officers, or Board of Directors, containing the following information with supportive documentation:

(1) The form of Contractor's business organization, e.g., sole proprietorship, partnership, limited liability company ("LLC"), or corporation.

For the purpose of this Paragraph, discrimination in the

provision of services may include, but is not limited to, the following: denying any person any service or benefit or the availability of a facility; providing any service or benefit to any person which is not equivalent, or is provided in a non-equivalent manner or at a non-equivalent time, from that provided to others; subjecting any person to segregation or separate treatment in any manner related to the receipt of any service; restricting any person in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any service or benefit; and treating any person differently from others in determining admission, enrollment quota, eligibility, membership, or any other requirements or conditions which persons must meet in order to be provided any service or benefit. Contractor shall indemnify and hold County harmless against any and all loss or damage County may suffer arising from any federal exclusion of Contractor or its staff members from such participation in a federally funded health care program.

Failure on the part of any County lobbyist retained by Contractor to fully comply with the County Lobbyist Ordinance shall constitute a

material breach of this Agreement upon which County may immediately terminate or suspend this Agreement.

13. RESTRICTIONS ON LOBBYING: If any federal monies are to be used to pay for Contractor's services under this Agreement, Contractor shall comply with all such certification and disclosure requirements prescribed by Section 319, Public Law 101-121 (31 United States Code Section 1352) and any implementing regulations, and shall ensure that each of its subcontractors receiving funds provided under this Agreement also fully comply all such certification and disclosure requirements.

Director's request shall include appropriate County facsimile/FAX number(s) and/or e-mail address(es) for Contractor to provide such records to County. In any event, Contractor shall agree to make available the original documents of such FAX and e-mail records when requested by Director for review as described hereinabove.

C. Federal Access to Records: If, and to the extent that, section 1861 (v)(1)(I) of the Social Security Act [42 United States Code ("U.S.C.") section 1395x (v)(1)(I)] is applicable, Contractor agrees that for a period of five (5)

Furthermore, if Contractor carries out any of the services provided hereunder through any subcontract with a value or cost of Ten Thousand Dollars ($10,000) or more over a twelve (12) month period with a related organization (as that term is defined under federal law), Contractor agrees that each such subcontract shall provide for such access to the sub-contract, books, documents and records of the subcontractor.

D. To the extent

permitted by law, County shall maintain the confidentiality of such audit report(s). Failure of Contractor to comply with these terms shall constitute a material breach of this Agreement upon which County may cancel, terminate, or suspend this Agreement.

E. Audit/Compliance Review: In the event County representatives conduct an audit/compliance review of Contractor, Contractor shall fully cooperate with County's representatives. Contractor shall allow County representatives access to all records of services rendered and all financial records and reports pertaining to this Agreement and shall allow photocopies to be made of these documents utilizing Contractor's photocopier, for which County shall reimburse Contractor its customary charge for record copying services, if requested. F. County Audit Settlements: If, at any time during the term of this Agreement or at any time within five (5) years after the expiration or earlier termination of this Agreement, authorized representatives of County conduct an audit of Contractor regarding the services provided to County hereunder and if such audit finds that County's dollar liability for such services is less than payments made by County to Contractor, then Contractor agrees that the difference shall be either: (1) repaid forthwith by Contractor to County by cash payment, or (2) at Director's option, deducted from any further amount due Contractor from County. If such audit finds that County's dollar liability

Notwithstanding any other provision of this contract, full performance by Contractor during any riot, insurrection, civil unrest, natural disaster or similar event is not excused if such performance remains physically possible. However, performance shall not be required if Contractor would have to take unreasonable risks to provide such services.

Failure to comply with this requirement shall be considered a material breach by Contractor for which County may immediately terminate this Agreement.

19. PROHIBITION AGAINST ASSIGNMENT AND DELEGATION:

A. Contractor shall not assign its rights or delegate its duties under this Agreement, or both, whether in whole or in part, without the prior written consent of County. Any assignment or delegation which does not have such prior County consent shall be null and void. For purposes of this Paragraph, such County consent shall require a written

16. REPORTS: Contractor shall make reports as required by County, or DHS, concerning Contractor's activities and operations as they relate to this Agreement and the provision of services hereunder. In no event, however may County, or DHS, require such reports unless Director has provided Contractor with at least thirty (30) calendar days' prior written notification thereof. Director's notification shall provide Contractor with a written explanation of the procedures for reporting the information required.

17. CONFIDENTIALITY: To the extent that Contractor may gain access hereunder to County patient records and information, Contractor shall maintain the confidentiality of such records and information from third parties, including but not limited to, billings and County records, in accordance with all applicable federal, State, and local laws, ordinances, rules, regulations, and directives relating to confidentiality. Any billings to County by any delegatee or assignee on any claim under this Agreement, absent such County's consent, shall not be paid by County. Any payments by County to any delegatee or assignee on any claim under this Agreement, in consequence of any such County consent, shall reduce dollar for dollar any claims which Contractor may have against County and shall be subject to setoff, recoupment or other reduction of claims which County may have against Contractor, whether under this Agreement or otherwise.

B. Shareholders or partners, or both, of Contractor may sell, exchange, assign, divest, or otherwise transfer any interest they may have therein. However, in the event any such sale, exchange, assignment, divestment or other transfer is effected in such a way as to give majority control of Contractor to any person(s), corporation, partnership or legal entity other than the majority controlling interest therein at the time of execution of this Agreement, then prior written consent thereof by County's Board of Supervisors shall be required. Any payments by County to Contractor on any claim under this Agreement shall not waive or constitute such County consent. Consent to any such sale, exchange, assignment, divestment,

or other transfer shall be refused only if County, in its sole judgement, determines that the transferee(s) is (are) lacking in experience, capability and financial ability to perform all Agreement services and other work. This in no way limits any County right found elsewhere in this Agreement, including, but not limited to, any right to terminate this Agreement.

A. Jury Service Program: This Agreement is subject to the service provisions of the County's ordinance entitled Contractor Employee Jury Service ("Jury Service Program") as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code.

B. Written Employee Jury Service Policy:

(1) Unless Contractor has demonstrated to County's satisfaction either that Contractor is not a "contractor" as defined under the Jury Service Program (Section 2.203.020 of the County Code) or that Contractor qualifies for an exception to the Jury Service Program (Section 2.203.070 of the County Code), Contractor shall have and adhere to a written policy that provides that its employees shall receive from Contractor, on an annual basis, no less than five (5) days of regular pay for actual jury service served.

Contractor's policy may further provide that employees deposit any fees received for such jury service with Contractor or that Contractor deduct from the employee's regular pay the fees received for jury service.

(2) For purpose of this Paragraph, and as set forth in the Jury Service Program provision of the County Code as described hereinabove: "Contractor" shall mean a person, partnership, corporation, or other entity, that has a contract with County, or a subcontract with a County contractor, and has received, or will receive, an aggregate sum of Fifty Thousand Dollars ($50,000) or more in any twelve (12) month period under one (1) or more County contracts or subcontracts; "employee" shall mean any California resident who is a full-time employee of Contractor; and "full-time" shall mean forty (40) hours or more worked per week, or a lesser number of hours, if: 1) the lesser number is a recognized industry standard as determined by County, or 2) Contractor has a long-standing practice that defines the lesser number of hours as full-time.

Full-time employees providing short-term temporary services of ninety (90) days or less within a twelve

(12) month period are not considered full-time for purposes of the Jury Service Program. If Contractor uses any subcontractor to perform services for County under this Agreement, the subcontractor shall also be subject to the provisions of this Paragraph. The provisions of this Paragraph shall be inserted into any such subcontract agreement and a copy of the Jury Service Program shall be attached to the agreement.

(3) If Contractor is not required to comply with the Jury Service Program on the effective date of this Agreement, Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Services Program, and Contractor shall immediately notify County if Contractor at any time either comes within the Jury Service Program's definition of "Contractor", or if Contractor no longer qualifies for an exception to the Jury Service Program. In either event, Contractor shall immediately implement a written policy consistent with the Jury Service Program. County may also require, at any time during the Agreement term, and at its sole discretion, that Contractor demonstrate to County's satisfaction that Contractor either continues to remain outside of the Jury Service Program's

definition of "Contractor" and/or that Contractor continues to qualify for an exception to the Jury Service Program.

(4) Contractor's violation of this Paragraph of the Agreement may constitute a material breach of this Agreement. Copies of such licenses, permits, registrations and certificates shall be made available to County upon request for purposes of inspection and audit.

D. Risk Management Program: Contractor shall, in association with Facility staff, develop and maintain an equipment risk management program. Such program shall require written documentation of all medical incidents that involve equipment covered under this Agreement, whereby such equipment has or may have caused or contributed to a patient's injury, serious illness, or death. Such documentation shall describe the incident, the equipment involved in the medical incident, and any subsequent examination of such equipment. The Facility administrator, or his designee, in consultation with Contractor and Facility's Risk Manager, shall provide direct oversight of all activities to decommission, sequester, and examine any

equipment which has been involved in a medical incident. Neither party shall use, clean, discard, alter, or repair any equipment involved in such incident prior to said equipment's examination.

E. Infection Control: If any of Contractor's personnel are diagnosed with having an infectious disease, and Contractor is made aware of such a diagnosis and such person has had contact with a County employee or patient during the usual incubation period for such infectious disease, then Contractor shall report such occurrences to Facility's Infection Control Department within twenty-four (24) hours of becoming aware of the diagnosis.

If a County employee or patient is diagnosed with having an infectious disease, and such County employee or patient has had contact with Contractor's personnel during the usual incubation period for such infectious disease, Facility shall report such occurrences to Contractor.

For purposes of this Agreement, the infectious diseases reportable hereunder are those listed in the Public Health List of Reportable Diseases.

F. Physical Examination: Contractor shall ensure that each person who performs on-site services under this Agreement is examined by a licensed physician, or other licensed medical practitioner authorized to perform such physical examinations, on an annual or biannual basis, as required by the JCAHO and Section 70723, Title 22, California Code of Regulations and shall provide County,

upon request, with evidence that each such person is free of infectious/contagious disease(s) which would interfere with the person's ability to perform the services hereunder or which could be transmitted in the work place, is immunized against common communicable diseases, has received an initial chest X-ray, an annual TB skin test or TB symptoms evaluation or periodic chest X-ray, a measles (Rubeola) and Rubella anti-body titer demonstrating immunity and/or vaccination, and been offered a Hepatitis B antibody titer demonstrating immunity and/or vaccination. In those instances where persons have no demonstrated immunity, and have refused vaccination, a waiver to that effect must be on file and provided upon request.

Written certification that such person is free of infectious disease(s), has been tested and/or vaccinated as required above, and physically able to perform the duties described herein shall be retained by Contractor for purposes of inspection and audit and made available to County upon request.

G. Reports: Contractor shall prepare and maintain a written record of all services (hereafter "service report") provided on Medical Equipment at the Facility. Such service report(s) shall: (a) meet all licensing, accrediting and regulatory agency requirements, (b) clearly identify the Equipment serviced by model number, site or serial number, Los Angeles County Capital Asset Leasing or Los Angeles County number (if available), (c) include an itemization and

description of services performed, including electrical checks and calibration reading, (d) list any parts installed, (e) include the service date(s), and (f) give the name of the service technician who performed the service. A copy of such service report shall be given to the Facility at the time the service is performed. Such service reports are the property of County and shall remain on-site at each Facility.

10. BILLING AND PAYMENT:

A. Billing:

(1) Billings to County shall be submitted quarterly in arrears in accordance with the rate schedule set forth in Schedule A.

(2) All billings hereunder shall be by Facility, shall be in duplicate, and shall be forwarded to the appropriate Facility and address as specified in the BILLING AND PAYMENT Paragraph of the Agreement.

(3) All billings hereunder shall clearly reflect and provide reasonable details of the services for which claim is made, a description of services performed, the date(s) of such services, and shall include a copy of the service report(s).

(4) All billings rendered by Contractor shall be in the name of Contractor as said name appears on the first page of this Agreement and shall include the County contract number.

B. Payment:

(1) Subject to the terms and conditions of this Agreement and upon receipt of a complete and correct billing statement, and upon approval by Director of same, County shall reimburse Contractor within thirty (30) calendar days in arrears upon receipt of Contractor's billing(s). County shall pay for all services which County considers complete and correct. Payment for incorrect billings shall be included when resolved in the next payment cycle.

(2) County shall compensate Contractor in arrears in accordance with the rate schedule described in Schedule A.

(3) Director shall evaluate all services and tasks performed by Contractor. If, in the Director's sole discretion, a service or task is not satisfactorily performed, Director shall provide Contractor with a written assessment of the deficiencies. Contractor shall, within ten (10) working days of receipt of Director's deficiency notification, remedy the identified deficiencies, at no additional cost to County. This approval process shall be repeated until Director deems all deficiencies have been remedied. Unless and until Contractor remedies all identified deficiencies, County shall not have any obligation to pay Contractor for deficient work performed under this Agreement.

Attachment B
Uptime Guarantee

1. GENERAL

Contractor will provide to County the Uptime Guarantee specified below for the Medical Equipment, listed in Schedule A, at the uptime percentage indicated on Schedule A for each particular piece of Uptime Equipment. Uptime Equipment does not include peripheral equipment such as external printers, archiving devices, external display monitors, or attached cameras. This Uptime Guarantee will remain in effect for the term of the Agreement. Capitalized terms not otherwise defined in this attachment have the meaning set forth elsewhere in this Agreement.

If an item of Uptime Equipment fails to achieve the Uptime Percentage (as defined below) set forth on the applicable adjustment schedule below, then County, as its sole and exclusive remedy, will receive a discount of future Agreement payment(s), as more fully described in Section 3 below.

2. DEFINITIONS

a. Uptime Equipment has the meaning set forth in Section 1 above.

b. Measurement Period: The measurement period for determining Uptime Percentage is 12 months beginning on the Start Date and thereafter on the annual anniversary date of the Start Date.

c. Base Hours means the hours/day and days/week over which Uptime Hours and Downtime will be calculated during the Measurement Period. The Base Hours will be the contracted hours of coverage provided for under this Agreement for each particular piece of Uptime Equipment.

d. Downtime means the time that the Uptime Equipment is unable to produce diagnostic images during the Base Hours of any given Measurement Period solely due to Contractor' design, manufacturing, materials, or Service performance failure. Measurement of Downtime will commence when the County notifies the Contractor County service center that the Uptime Equipment is unable to produce diagnostic images. Downtime does not include time due to planned maintenance service, cryogen replenishment, installation of upgrades and updates, x-ray tube replacement, or an occurrence or condition excluded under this Agreement. The determination of the cause of Downtime is subject to verification by a Contractor regional service manager.

e. Uptime Hours is determined by subtracting the total Downtime from the Base Hours for a particular piece of Uptime Equipment. [Uptime Hours = Base Hours – Downtime]

f. Uptime Percentage is determined by dividing the Uptime Hours by the Base Hours, and multiplying the result by 100. [Uptime Percentage = (Uptime Hours/Base Hours) x 100]

3. ADJUSTMENT

Contractor and non Contractor Manufactured Uptime Equipment. If the Uptime Percentage specified below is not achieved for Uptime Equipment, the applicable discount specified under the Uptime Guarantee for such equipment will be made to the portion of County's payment(s) due under this Agreement for the piece(s) of equipment that failed to meet the applicable Uptime Percentage. The discount will be applied to all such payments due during the next Uptime Measurement Period.

Uptime Percentage	Discount
98% - 100%	None
95% - 97.9%	5%
92% - 94.9%	10%
<91.9%	15%*

* Maximum adjustment available

4. **UPTIME PERCENTAGE DETERMINATION:** The Uptime Percentage is determined according to the following formula: Uptime Percentage = (Uptime Hours/Base Hours) x 100. The Uptime Percentage is then used in the applicable schedule above to determine the applicable discount, if any. Below are examples of how Uptime Percentage is determined:

   a. MEASUREMENT EXAMPLE # 1:
   Base Hours = 8 AM to 5 PM Monday through Friday over the 12 month Measurement Period.
   [(9 hours x 5 days) x 52 weeks = 2,340 Base Hours]
   2,340 Base Hours – 60 Downtime hours = 2,280 Uptime Hours
   (2280 / 2340) * 100 = 97.4% Uptime Percentage

   b. MEASUREMENT EXAMPLE # 2:
   Base Hours = 8 AM to 9 PM Monday through Friday over the 12 month Measurement Period.
   [(13 hours x 5 days) x 52 weeks = 3,380 Base Hours]
   3,380 Base Hours – 60 Downtime hours = 3,320 Uptime Hours
   (3320 / 3380) * 100 = 98.2% Uptime Percentage

5. **REPORTS**

   Uptime Percentage performance reports will be provided at the County's request for any Measurement Period while this Uptime Guarantee remains in effect. One report per Measurement Period will be provided if the County requests a report within 60 days following the completion of the Measurement Period. County must notify Contractor in writing if the Uptime Percentage was not achieved for a particular piece of equipment within 60 days after the end of a Measurement Period to receive any applicable discount.

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents to give up their baby confidentially. As long as the baby has not been abused or neglected, parents may give up their newborn without fear of arrest or prosecution.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially and safely give up a baby within three days of birth. The baby must be handed to an employee at a Los Angeles County emergency room or fire station. As long as the child shows no signs of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, workers will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their newborns within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

In most cases, a parent will bring in the baby. The law allows other people to bring in the baby if they have legal custody.

Does the parent have to call before bringing in the baby?

No. A parent can bring in a baby anytime, 24 hours a day, 7 days a week so long as the parent gives the baby to someone who works at the hospital or fire station.

Does a parent have to tell anything to the people taking the baby?

No. However, hospital personnel will ask the parent to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the child. Although encouraged, filling out the questionnaire is not required.

What happens to the baby?

The baby will be examined and given medical treatment, if needed. Then the baby will be placed in a pre-adoptive home.

What happens to the parent?

Once the parent(s) has safely turned over the baby, they are free to go.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned by their parents and potentially being hurt or killed. You may have heard tragic stories of babies left in dumpsters or public bathrooms. The parents who committed these acts may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had nowhere to turn for help, they abandoned their infants. Abandoning a baby puts the child in extreme danger. It is also illegal. Too often, it results in the baby's death. Because of the Safely Surrendered Baby Law, this tragedy doesn't ever have to happen in California again.

A baby's story

At 8:30 a.m. on Thursday, July 25, 2002, a healthy newborn baby was brought to St. Bernardine Medical Center in San Bernardino under the provisions of the California Safely Surrendered Baby Law. As the law states, the baby's mother did not have to identify herself. When the baby was brought to the emergency room, he was examined by a pediatrician, who determined that the baby was healthy and doing fine. He was placed with a loving family while the adoption process was started.

Every baby deserves a chance for a healthy life. If someone you know is considering abandoning a newborn, let her know there are other options.

It is best that women seek help to receive proper medical care and counseling while they are pregnant. But at the same time, we want to assure parents who choose not to keep their baby that they will not go to jail if they deliver their babies to safe hands in any Los Angeles County hospital ER or fire station.
