3 VOTES**

**IT IS RECOMMENDED THAT YOUR BOARD ACTING AS THE GOVERNING BODY
OF THE LOS ANGELES COUNTY FLOOD CONTROL DISTRICT:**

1. Find that this transfer is categorically exempt from the provisions of the California Environmental Quality Act.
2. Find that the County of Los Angeles by and through its Board of Supervisors does hereby transfer and convey to the Los Angeles County Flood Control District (LACFCD) Private Drain (PD) 2500 as depicted on District Drawing Nos. 388-F11.1-9, on file with Public Works, and the LACFCD does hereby accept the transfer and conveyance of said drainage facilities.
3. Accept the completed construction work on PD 2500.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

These actions provide for the transfer and acceptance of drainage facilities known as PD 2500, constructed as part of Tract 52302, into the County flood control system for operation and maintenance. The transfer and continued maintenance of PD 2500 by the LACFCD provides for public health and safety to residents within Tract 52302 and visitors to the area.

Implementation of Strategic Plan Goals

The transfer of PD 2500 is consistent with the County Strategic Plan Goal of Service Excellence since the regularly scheduled maintenance of our flood control facilities is needed to provide flood protection that improves the quality of life to residents in the area.

FISCAL IMPACT/FINANCING

No negative fiscal impact. Maintenance for PD 2500 will be funded with LACFCD funds. There will be no increase in net County cost.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The developer has constructed PD 2500 to the satisfaction of the Director of Public Works. The Director, as Chief Engineer of the LACFCD, reviewed and approved the facilities for transfer. Under the provisions of Section 13-3/4 of the Los Angeles County Flood Control Act, these facilities may be transferred to the LACFCD.

ENVIRONMENTAL DOCUMENTATION

This transfer is categorically exempt from the provisions of the California Environmental Quality Act, as specified in Class 1(u) of the revised Environmental Document Reporting Procedures and Guidelines adopted by your Board on November 17, 1987, Synopsis 57, and Section 15301 of the California Environmental Quality Act guidelines.

IMPACT ON CURRENT SERVICES (OR PROJECTS)
